

Hello CPC Member!

Whether you are a new or renewing member - thank you for your support. Regardless of your familiarity with the club we hope this email can provide you with some helpful information.

Please be sure to review the list of resources below and we encourage you to join the Google Group and Telegram communication channels right away to be connected with the club.

Although you may be familiar with the website we have listed below several valuable resources containing: site info, weather, contacts for club members, club officers, mentors, local instructors and more. Be sure to explore the following links for reference and to stay connected with the club.

CPC Resources:

- **Website - www.cascadeparaglidingclub.org**
 - [Site Guides](#) - The club does a lot of work to keep these site guides as tight as possible. Be sure to look here first. It can likely answer some basic questions for any pilot.
 - [Club Contacts/Officers](#) - The CPC is full of supportive folks who are excited to answer questions, give site intros, or simply welcome you to the club. Reach out and share your thoughts with any of us, especially the current club leadership.
 - [Schools](#) - We are fortunate to have several great instructors in the area.
 - [Meeting info and other updates](#) - The Club meets every month on the first Tuesday. These meetings are currently being held both in person and remotely - the location and login information is usually shared a couple days before on Telegram and the Google Group. All are welcome. Member or not, come join us!

- **Communication**
 - [CPC Google Group](#) - This is our preferred avenue for long form club communications. You can find everything from monthly club meeting notes, to an open forum with a search function - making it a great space for communicating.
 - [Hang Gliding Google Group](#) - This forum is for anyone with an interest in hang gliding in NW Oregon.
 - [Telegram](#) - Telegram is the club's texting forum. This provides us with instant club-wide communication for on site reports, carpool plans, or thoughts about the weather prior to heading out.
 - [Monthly Emails](#) - CPC sends out monthly emails to update you on any club business. Other communications may also be sent out which would include special announcements, member voting items, events, instructor promotion, etc.
 - [Facebook](#) - Our CPC page on Facebook is primarily intended for sharing images, videos, or stories. Many members are not on the platform so we avoid posting official club business here.

Hopefully that covers some basics regarding the CPC. Please be sure to contact us if you have any questions, want to introduce yourself, need a site briefing, or want to get involved with the club!

Thanks again for supporting the CPC. We hope to see you at launch soon - Welcome to The Club!
