

**CHUKA UNIVERSITY**  
**DEPARTMENT OF COMPUTER SCIENCE & ICT**  
**COMP 419: SOFTWARE PROJECT MANAGEMENT**

**GROUP TASK 1**

Form groups of at least 5 people and at most 6 people. In your group, prepare a presentation on the topic:

*Human factors in software management*

- What are human factors?
- What is software management?
- Overview of human factors in agile development.
- Thorough discussion on human factors in software management.

NB: Each group will present their work on Friday, 7<sup>th</sup> February, 2014 from 9:00 AM – 11.00 AM

This task will be assessed as your first assignment. Therefore invest at least 4 hours in this task. After presentation, each group will submit a softcopy of the MS PowerPoint slides to [fmmuthengi@chuka.ac.ke](mailto:fmmuthengi@chuka.ac.ke)
