Forslag til sak for diskusjon og votering på Statoils generalforsamling 2012

In reference to the Norwegian public limited liability companies act/Lov om allmennsjeselskaper; III. Innkalling til generalforsamling § 5-11. Aksjeeieres rett til å få saker behandlet på generalforsamlingen, we hereby request that the following matter be added to the agenda for discussion and voting at the coming Statoil AGM 19 May, 2012:

Statoil's activities in tar sands

"It is not in the shareholders' long-term interest to continue the extraction of tar sands in Canada.

Very high greenhouse gas emissions from extraction of tar sands are not consistent with the international goal of keeping global temperature rise below two degrees Celsius. This, together with the infringement of local indigenous people's constitutional rights and the environmental impacts, make extraction from tar sands an unacceptable strategy.

Statoil must withdraw from tar sands extraction in Canada."
