

# CRISPR. kitchen

## CRISPR.kitchen Berlin first German biohacker and maker gathering

**Location:** [Fab Lab Berlin](#), 7 July 2017

Open Innovation Space, Prenzlauer Allee 242, 10405 Berlin

The crispr.kitchen connects biohackers and makers who develop their own technologies with industry and academics to exchange about the future of citizen made technology in Germany. By discussing latest prototypes and in interactive games, we will explore the potentials of DIYscience in the innovation system and society.

### Program

|             |  |
|-------------|--|
| 14:00-14:30 | Arrival, setup of tables   |
| 14:30-14:40 | Opening by Rüdiger Trojok (KIT-ITAS)<br>and Daniel Heltzel (Fablab Berlin)                             |
| 14:40-15:00 | open Genome hacking and laboratories for everyone<br>by Rüdiger Trojok                                 |
| 15:00-18:00 | Biohacker flea market: show and trade your Biohacks,<br>Organisms, plasmids, prototypes and materials  |
