Uganda road.eld, ELDORET, Uasin Gishu, Kenya. - Postal Code: 3 0100, Kenya

#### CAREER SAMMURY

---

Results-driven, dedicated self-taught software engineer with a Bachelor's degree in Accounting and Information Technology (IT), boasting four years of experience of hands-on experience in developing robust solutions with Python-Django and React JS. Adept at combining technical expertise with a solid foundation in programming world to deliver high-quality, scalable solutions. Proven truck of record of success in dynamic software development environments, contributing innovative solutions that exceed expectations. Eager to leverage a diverse skill set to drive continued success and contribute valuable insights to your team.

#### WORK EXPERIENCE

---

Eager to contribute to a dynamic IT environment, I bring a fresh perspective and enthusiasm for learning. While I haven't worked in a well-known IT company, my passion for collaboration and commitment to acquiring new skills make me a dedicated candidate ready to embrace and thrive in such a setting.

#### EDUCATION

---

2021 – 2025: Bachelors of Commerce in Accounting with IT  
University of Eldoret.  
Eldoret, Kenya.

#### TECHNICAL SKILLS

---

Python	React JS
Django	HTML, CSS, JavaScript
API Integration	Bootstrap
Testing	Version Control (GIT & GitHub)
Debugging	RDBMS
Problem Solving	Performance Optimization
