## S&P Nifty (4219.55 points)

The Bulls broke open the final gates to close the Nifty above 4,200 points. The Nifty Futures registered an all time high, while the Nifty spot was 13 points away from its high. Another point worth noting is that the BSE Sensex is around 400 points away from its historic high. The A/D ratio was also flat which indicates that the new entrants in Nifty Index and a few Index Heavy weights are moving the Nifty up in rotation.

After yesterday's breakout above the sideways movement in between 4030-4,135 points range, the Nifty almost completed the 100 points target. As long as 4,101 points is not breached preferably in close, the trend continues to be up. In the Sensex, the resistance of 13,384 points and 14,480 points are the immediate resistance levels.

Though late, the IT stocks joined the Bull's bandwagon. One can track the IT, Auto, and CGS sectors along with Cement and Infra/Realty stocks as their support is required for the Bulls to push the Nifty in a new high trading zone. Intraday resistance in rallies is pegged in the 4256-4,262 points' area, while it has to sustain above 4,137 points for the Bulls to have an upper hand till the day end. A decisive breach of 4181 points can turn the odds in the Bears favour. The bias is up but caution is advocated as markets are expected to remain choppy and volatile in the coming sessions.

**Ultratech CM      Buy in Dips      CMP: 827.95      Tgt: 860.00**

The short term oscillators are pecking the median line. It is moving sideways in the range of Rs.800-835. **One can therefore buy Ultratech CM in declines around Rs.818-820 or on a decisive breakout above Rs.835 with a stop loss below Rs.802 in close for a target of Rs.860 in the next 2-3 weeks.**
