STOCK PRICE PERFORMANCE

KEYHIGHபGHIS
Godawari Power and I spat Ltd's (GPI L) Q2FY08 results were in line with expectations as net sales and net profits registered a YoY growth of 78\% and 42\% to Rs1.8bn and Rs214mn respectively.
This was driven by incremental contribution from the phase-II capacity expansion of sponge iron, billets and ferro alloys. Ferro alloys realisations were also higher during the period.

## - Volumes expand with stable realisations

Production and sales volumes across all products rose on a YoY basis as a result of the ramp up of the expanded capacities. Production volumes of sponge iron, billets, ferro alloys and HB wire were higher by 129\%, $65 \%, 75 \%$ and $13 \%$ respectively. Realisations were flat for all products, except for ferro alloys, which increased $43 \%$ on a YoY basis.

## - OPM remains flat at 21\%

Despite higher volumes from the recently commissioned capacities, OPM for the quarter remained flat on account of higher iron ore and coal prices as GPIL does not have captive linkages for the same. Higher captive power production ( $+88 \%$ ) aided in containing the effect of rising raw material prices. This, coupled with higher volumes led to operating profits rising by 79\% YoY to Rs375mn.

## - Capacity expansion

GPIL has envisaged backward integration into iron ore crushing, beneficiation and pelletisation at a capex of Rs2.4bn. This will enable it to capture a higher share of the value chain.

## VALUATIONS ANDRECOMMENDATION

Incremental production from enhanced capacities will propel GPIL's profitability, as realisations are expected to remain buoyant. Moreover, 100\% captive power linkage, possible award of iron ore mines and backward integration will aid it in improving margins.
At CMP of Rs267, it trades at a P/E of $5.4 x \& E V / E B I D T$ of $4.7 x$ discounting its FY09E earnings, a marked discount to its peers. Hence, we maintain our 'BUY' recommendation with a 12-month price target of Rs320.

Volume driven growth with higher ferro realisations...

I ron ore mines awaiting forest clearance, while coal mining will commence in the next 2-3 years...

Backward integration to boost margins...

## PERFORMANCEOVERV EW

GPIL's results were in line with our expectations as net sales grew by 78\% YoY to Rs1.8bn. The same was driven by higher volumes and better realisations for ferro alloys as compared to Q2FY07. Volumes for Q2FY08 is as depicted in the table below.

| Products | GPIL: Production and Sales Volumes ('000 MT) |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | Production |  |  |  | Sales |  |  |  |
|  | Q2FY08 | Q2FY07 | OY(\%) | QoQ(\%) | Q2FY08 | Q2FY07 | YoY(\%) | QoQ(\%) |
| Sponge Iron | 75.3 | 32.8 | 129.3 | 11.2 | 15.7 | 4.3 | 268.3 | (2.2) |
| Billets | 48.5 | 29.5 | 64.5 | (2.0) | 47.4 | 29.9 | 58.8 | (3.2) |
| Ferro Alloys | 2.6 | 1.5 | 74.9 | 41.8 | 2.4 | 1.6 | 49.9 | 32.4 |
| HB Wire | 17.1 | 15.1 | 12.9 | 20.0 | 16.0 | 14.9 | 7.8 | 12.4 |
| Power (mn units) | 70.3 | 37.3 | 88.2 | 16.2 | - | - | - | - |

OPM during Q2FY08 was stagnant as a result of increasing cost of iron ore and coal. The company procures its iron ore requirements equally from NMDC and Barbil mines (Orissa Mining Corp). While contract prices with NMDC are revised annually (April), it procures iron ore from OMC at spot rates, which prevented margin expansion. A lower quality coal also impacted margins resulting in OPM remaining stagnant at $21 \%$ ( +10 bps YoY ).
However, incremental volumes from the recently commissioned capacities helped operating profits rise by 79\% to Rs375mn. Despite higher depreciation (Rs63mn,+138\%) and interest cost (Rs73mn, $+217 \%$ ), net profit stood at Rs214mn, a YoY growth of $42 \%$.

## Captive Linkages

GPIL still awaits forest clearance for its Borio Tibbu (Chattisgarh) and Ari Dongri (Chattisgarh) iron ore mines, which have Fe content of more than $62 \%$. The mine has reserves of $\sim 30-35 \mathrm{mn} \mathrm{mt}$ and once operational, will significantly boost GPI L's margins and profitability.

Coal linkages through captive mines (Nakia- I \& II, Madanpur-North \& South) will commence production in the next 2-3 years. The mine has reserves of $\sim 80-90 \mathrm{mn}$ mt and has been awarded in consortium to 5 companies with GPI L's share of $\sim 35 \%$.

## Expansion plans

The company has envisaged a Rs2.4bn capex plan for setting up an iron ore crushing unit, a beneficiation plant and a pelletisation plant. This will aid in extracting benefits of captive iron ore and also in utilising iron ore fines, thereby providing significant savings.

## OUTLOOK

Considering the enhanced capacities across all products, we expect GPIL to report net sales of Rs7.7bn and Rs8.6bn for FY08 and FY09 respectively. The same should translate into net profit of Rs1.1bn and Rs1.2bn for the respective years. Moreover, captive iron ore mines, once operational, will only aid in driving the profitability of the company.

## VALUATIONS

At the CMP of Rs267, the stock trades at a P/E of 5.4x its FY09E EPS of Rs49.1 and an EV/ EBIDT of 4.7x. Ramp up of its capacities will translate into earnings growth for GPIL and also help narrow the valuation gap with peers like Monnet Ispat and Adhunik Metaliks. Thus, we maintain our 'BUY' recommendation on the stock with a revised 12-month price target of Rs320.

## Company description

Godawari Power \& Ispat Ltd. is promoted by the Hira Group and is engaged in the business of manufacturing crude steel through the sponge iron route. It also has a wire drawing unit and a ferro alloy capacity. It has recently commissioned its phase-II expansion across all product segment, which shall benefit the company going forward.

Disclaimer: This document has been prepared by the Research Desk of M/s Infinity.com Financial Securities Ltd. (PINC) and is meant for use of the recipient only and is not for public circulation. Each recipient of this document should make such investigations as it deems necessary to arrive at an independent evaluation of an investment in the securities of companies referred to in this document (including the merits and risks involved), and should consult its own advisors to determine the merits and risks of such an investment. The investment discussed or views expressed may not be suitable for all investors
The information contained herein is obtained and collated from sources believed reliable and PINC has not independently verified all the information given in this document. Accordingly, no representation or warranty, express or implied, is made as to the accuracy, completeness or fairness of the information and opinions contained in this document.
The Disclosures of Interest Statement incorporated in this document is provided solely to enhance the transparency and should not be treated as endorsement of the views expressed in the report. The opinion expressed or estimates made are as per the best judgement as applicable at that point of time and PINC reserves the right to make modifications and alternations to this statement as may be required from time to time without any prior approval
PINC, its affiliates, their directors, employees and their dependant family members may from time to time, effect or have effected an own account transaction in, or deal as principal or agent in or for the securities mentioned in this document. They may perform or seek to perform investment banking or other services for, or solicit investment banking or other business from, any company referred to in this report. Each of these entities functions as a separate, distinct and independent of each other. The recipient should take this into account before interpreting the document
This report has been prepared on the basis of information, which is already available in publicly accessible media or developed through analysis of PINC. The views expressed are those of analyst and the PINC may or may not subscribe to all the views expressed therein
This document is being supplied to you solely for your information and may not be reproduced, redistributed or passed on, directly or indirectly, to any other person or published, copied, in whole or in part, for any purpose. Neither this document nor any copy of it may be taken or transmitted into the United State (to U.S.Persons), Canada, or Japan or distributed, directly or indirectly, in the United States or Canada or distributed or redistributed in Japan or to any resident thereof. The distribution of this document in other jurisdictions may be restricted by law, and persons into whose possession this document comes should inform themselves about, and observe, any such restrictions
Neither PINC, not its directors, employees, agents or representatives shall be liable for any damages whether direct or indirect, incidental, special or consequential including lost revenue or lost profits that may arise from or in connection with the use of the information.
