SENSEX DLY CHART

After a vertical rise, we are witnessing consolidation / correction of the previous rise. On the downside, indices have immediate support at 20180 -19770 / 6063 – 5932 levels. However, a breach below 19730 / 5920 level on a closing basis would mean loss of momentum on the upside and the indices may test 19050 - 18900 / 5750 – 5700 levels where buying is likely to emerge as the trend remains up on the higher degree charts.

At present, we are of the opinion that if the indices manage to hold 19730 / 5920 levels and cross the high of the Shooting Star - 20707 / 6222 - then there is a strong possibility of the indices testing all-time highs in the coming weeks.

**Stocks +ve Bias**

**KARNATAKA BANK**

**Stocks -ve Bias**

The stocks mentioned above are given considering the general direction of the trend expected over a period of 2 or 3 days. Investors / Traders are expected to use their own discretion while taking any action related to the stock.
