## Godawari Power \& Ispat

## Performance Highlights

| Particulars (₹ cr) | 3QFY2011 | 3QFY2010 | \% chg (yoy) | 2QFY2011 | \% chg (q०q) |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Net sales | 229 | 202 | 13.2 | 148 | 54.6 |
| EBITDA | 52 | 32 | 65.8 | 30 | 72.7 |
| \% margin | 23.0 | 15.7 | 728 bp | 20.6 | 240 bp |
| Net profit | 21 | 14 | 55.6 | 7 | 192.1 |

Source: Company, Angel Research
GPIL's net sales increased by $13.2 \%$ yoy and $54.6 \%$ qoq to ₹ 229 cr in 3QFY201 1, while net profit grew by $55.6 \%$ yoy and $192.1 \%$ qoq to $₹ 21 \mathrm{cr}$.

Strong growth in profitability: For 3QFY2011, GPIL's net sales increased by $13.2 \%$ yoy and $54.6 \%$ qoq to $₹ 229$ cr on account of a) increased pellet sales volumes (18,265 tonnes v/s nil in 3QFY2010 and 3,313 tonnes in 2QFY2011) and b) higher realisations yoy and qoq across product categories. During the quarter, sponge iron realisation increased by $38.0 \%$ yoy (up $17.7 \%$ qoq) to $₹ 16,988$ /tonne and billet realisation increased by $19.1 \%$ yoy (up $2.7 \%$ qoq) to ₹ 25,331 /tonne. Average pellet realisation stood at ₹ $7,292 /$ tonne, up $35.8 \%$ qoq. Despite other expenses as a percentage of net revenue increasing to $16.7 \%$ from $9.7 \%$ in 3QFY2010 on account of higher fuel consumption, lower raw-material cost (which as a percentage of net revenue declined to $57.1 \%$ from $71.1 \%$ in 3QFY2010) resulted in a 728bp yoy EBITDA margin expansion to $23.0 \%$. Consequently, EBITDA grew by $65.8 \%$ yoy to $₹ 52 \mathrm{cr}$ and net income grew by $55.6 \%$ yoy to ₹ 21 cr .

Outlook and valuation: GPIL posted strong profitability growth in 3QFY2011. Despite higher prices of key inputs, GPIL remains well poised to sustain strong profitability on account of pellet sales going forward. At the CMP, the stock is trading at 5.1x FY2011E and 2.7x FY2012E EV/EBITDA. On a P/BV basis, it is trading at $0.8 x$ FY2011E and $0.7 x$ FY2012E estimates. We maintain Buy on GPIL with a revised Target Price of ₹247 (₹302), valuing it at 4x FY2012E EV/EBITDA.

## Revenue growth driven by increased pellet sales

GPIL's 3QFY2011 net sales increased by $13.2 \%$ yoy and $54.6 \%$ qoq to $₹ 229 \mathrm{cr}$ on account of a) increased pellet sales volumes ( 18,265 tonnes $\mathrm{v} / \mathrm{s}$ nil in 3QFY2010 and 3,313 tonnes in 2QFY2011) and b) higher realisations yoy and qoq across product categories. During the quarter, sponge iron realisation increased by $38.0 \%$ yoy (up $17.7 \%$ qoq) to ₹ $16,988 /$ tonne, while billet realisation increased by $19.1 \%$ yoy (up $2.7 \%$ qoq) to ₹25,331/tonne. Average pellet realisation stood at ₹7,292/tonne, up $35.8 \%$ qoq.

## Margins improve on account of higher realisations

Other expenses as a percentage of net revenue increased to $16.7 \%$ in 3QFY2011 from $9.7 \%$ in 3QFY2010 on account of higher fuel consumption. Nevertheless, EBITDA margin expanded by 728bp yoy to $23.0 \%$ due to higher realisations across product categories (mainly pellets) and lower raw-material cost (which as a percentage of net sales declined to $57.1 \%$ in 3QFY2011 from $71.1 \%$ in 3QFY2010). As a result, EBITDA grew by $65.8 \%$ yoy to ₹52cr and net income grew by $55.6 \%$ yoy to ₹ 21 cr .

## Investment rationale

## Mining capacity at Ari Dongri mine to increase

Currently, GPIL has an approval to mine 0.6 mn tonnes of iron ore from the Ari Dongri mine. Management expects to increase the mining capacity to 0.9 mn tonnes by March 2011. Increased production from captive iron ore mine should lower the costs further, given a steep rise in iron ore prices recently.

## Pellet sales to improve GPIL's profits

GPIL's 0.6 mn tonne pellet plant in its $75 \%$ subsidiary Ardent Steel in Keonjhar, Orissa, started commercial production during August 2010. This coupled with GPIL's 0.6 mn tonne pellet plant should drive strong profitability growth in FY2012, as we expect pellet prices to remain firm during FY2O12.

## Billet production to increase during FY2012

Merchant power rates have recently declined to ₹2.5-3.0 per unit. We expect merchant power rates to remain stable in the medium term. Hence, we expect GPIL to increase billet production as the company operates a flexible business model that allows it to interchange between steel and power, depending on the business economics.

## Outlook and valuation

GPIL reported strong profitability growth in 3QFY2011. Despite higher prices of key inputs, GPIL remains well poised to sustain strong profitability on account of pellet sales going forward. At the CMP, the stock is trading at $5.1 \times \mathrm{FY} 2011 \mathrm{E}$ and 2.7x FY2012E EV/EBITDA. On a P/BV basis, it is trading at $0.8 x$ FY2011E and $0.7 x$ FY2012E estimates. We maintain Buy on GPIL with a revised Target Price of ₹247 (₹302), valuing it at $4 x$ FY2012E EV/EBITDA.

We have increased our net sales estimates for FY2012 as we now expect higher product prices. However, we have slightly lowered our profitability estimates to consider increased coal costs and lower realisations from merchant power sales.

## DISCLAIMER

This document is solely for the personal information of the recipient, and must not be singularly used as the basis of any investment decision. Nothing in this document should be construed as investment or financial advice. Each recipient of this document should make such investigations as they deem necessary to arrive at an independent evaluation of an investment in the securities of the companies referred to in this document (including the merits and risks involved), and should consult their own advisors to determine the merits and risks of such an investment.

Angel Broking Limited, its affiliates, directors, its proprietary trading and investment businesses may, from time to time, make investment decisions that are inconsistent with or contradictory to the recommendations expressed herein. The views contained in this document are those of the analyst, and the company may or may not subscribe to all the views expressed within.

Reports based on technical and derivative analysis center on studying charts of a stock's price movement, outstanding positions and trading volume, as opposed to focusing on a company's fundamentals and, as such, may not match with a report on a company's fundamentals.

The information in this document has been printed on the basis of publicly available information, internal data and other reliable sources believed to be true, but we do not represent that it is accurate or complete and it should not be relied on as such, as this document is for general guidance only. Angel Broking Limited or any of its affiliates/ group companies shall not be in any way responsible for any loss or damage that may arise to any person from any inadvertent error in the information contained in this report. Angel Broking Limited has not independently verified all the information contained within this document. Accordingly, we cannot testify, nor make any representation or warranty, express or implied, to the accuracy, contents or data contained within this document. While Angel Broking Limited endeavours to update on a reasonable basis the information discussed in this material, there may be regulatory, compliance, or other reasons that prevent us from doing so.
This document is being supplied to you solely for your information, and its contents, information or data may not be reproduced, redistributed or passed on, directly or indirectly.

Angel Broking Limited and its affiliates may seek to provide or have engaged in providing corporate finance, investment banking or other advisory services in a merger or specific transaction to the companies referred to in this report, as on the date of this report or in the past.

Neither Angel Broking Limited, nor its directors, employees or affiliates shall be liable for any loss or damage that may arise from or in connection with the use of this information.

Note: Please refer to the important `Stock Holding Disclosure' report on the Angel website (Research Section). Also, please refer to the latest update on respective stocks for the disclosure status in respect of those stocks. Angel Broking Limited and its affiliates may have investment positions in the stocks recommended in this report.
