Stock markets have extended their last five days' losing streak in the opening session as they played a catch-up with rest of its Asian peers which had witnessed a sell-off last day as the Indian stock markets were closed on account of Republic Day. The weakness also showed in small and mid-cap shares. Shares from interest rate sensitive sectors like Banking, Realty and Auto pack dominated the market fall. However select FMCG shares gained on defensive buying. The weakness continued in early afternoon session also where heavy selling pressure propelled the Nifty to cross below 4900 level. The makets withnessed an intensed selling pressure in afternoon also as sentiment remained edgy with latest quarterly earnings from select pivotals falling short of street estimates and following the recent selling drive by the foreign institutional investors but in late afternoon markets were slightly up from day's low and Nifty was trading near 4900 level but the momentum was not there to overcome the weakness and closed in red terrain. Stocks like M&M, TATAMOTORS, TATASTEEL, HINDALCO were the majorlosers amongst the Nifty stocks without the presence of any single gainer.
