VIEW POINT: INTERNATIONAL CUES BUOYANT

History was made Monday as the Sensex raced to an all time high Monday morning. Though the Sensex shed most of the morning gains it still managed to close at an all time high mark in closing terms. The Nifty still has some 50 points more to be gained before it makes a new high.

The international cues are buoyant. The US markets did well Monday to begin the quarter with a triple digit gain. M&A activity and plunging bond yields helped the stocks to post early gains. In the domestic F&O segment we saw positions being cut as operators used the opportunity to pare the longs. Expect a higher opening. With the US markets operating for just half a day and a full holiday tomorrow, the domestic investors will drive the markets in the coming two days.

The biggest deal was taking place north of the border, where Canada's **BCE** reached an agreement to go private in a transaction worth more than \$30 billion, excluding debt. The company is being bought by the private investment arm of the Ontario Teachers Pension Plan, Providence Equity Partners and Madison Dearborn.

Several other private-equity deals were announced, including GSO Capital Partners' \$1.1 billion buyout of ice and bottled-water producer **Reddy Ice**. Additionally, Carlyle Group said it will buy **Manor Care** for \$67 a share, making the deal worth \$6.3 billion.

Treasury prices jumped after the release of the **Institute for Supply Management's manufacturing index**. The index rose to a reading of 56.0 last month from 55.0 in May, slightly above expectations. On Thursday, the ISM will post its services index for June.

The 10-year note rose 10/32 in price to yield 4.98%, its lowest level in nearly one month. The 30-year bond added 15/32, yielding 5.09%. The dollar declined against the world's major currencies.
