Cairn India

Technical the stock is a break-out and Rs.340 on closing basis acts as strong support and technical target for the stock Rs.388 & 410 looks possible.

Stock has formed a major Inverse Head & Shoulder formation ranging from August/2010 to March2011 which gives a target which is higher than Rs.420.

Stock trades near all time high of Rs.368 made in August/2010 and this is the only Nifty stock outperforming market

Stock on daily charts has closed @ all time highest level since listing which normally is very positive and on a day when market Gap-down due to political turmoil and geo-political tension which acts as a very strong reason to believe this stock can outperform the market in near term.
