## Performance Highlights

- Top-line declines 14.5\%: Blue Star's (BSL) Top-line declined substantially by $14.5 \%$ yoy to Rs538.5cr (Rs629.8cr) in 1QFY2010, on account of a delay in project execution, due to the economic slowdown. Further, the decline in the Top-line was also on account of a considerable fall in realisations. The sales of the Central Air-conditioning Systems (CAS), which is the largest division of the company, declined by 15\% to Rs323cr (Rs380.1cr). The Turnover of the Cooling Products (CP) division was also down by 11.5\% to Rs190.9cr (Rs215.9cr). The Professional Electronics and Industrial Equipment (PEI) division faced the maximum decline in sales, of 29.4\% to Rs24.7cr (Rs35cr).
- OPM at 11.4\%: Despite a disappointing performance in the Top-line, the company managed to clock a $9.4 \%$ yoy growth in its overall Operating Profit, on account of a substantial reduction in the input costs. The OPM for the quarter expanded by 248bp to $11.4 \%$. The CAS division had an EBIT of Rs34cr (Rs43.1cr), down 21.1\% yoy. The EBIT Margin of this division declined by 80bps to $10.5 \%$, on account of a higher fall in realisations as compared to the fall in the cost of inputs. The EBIT Margin of the CP division stood at 17.3\%, up 450bps yoy.
- Net Profit at Rs41.2cr: BSL's Net Profit grew 13.1\% yoy, during the quarter, to Rs41.2cr (Rs36.4cr). The Interest cost for the quarter declined by $79 \%$ to Rs0.4cr (Rs2cr). The company's Other Income also fell by 38.5\% yoy to Rs1.7cr (Rs2.7cr).
- Order Book at Rs1,717cr: BSL's order book at the end of the quarter stood at Rs1,717cr, up $21 \%$ yoy. The order inflow during the quarter stood at Rs903cr (Rs947cr in 1QFY2009). However, the company's order inflow grew on a sequential basis during the quarter, for the first time in four quarters.

## Operational Highlights

During the quarter, the CAS division's revenue was down by 15\% to Rs323cr (Rs380.1cr), while it clocked an EBIT Margin of $10.5 \%$, down 80 bps yoy. The company added that sales billed during the quarter included some old orders, which were priced at lower levels. The company expects the margins of this segment to improve going ahead.

The CP division's Top-line was down 11.5\% to Rs190.9cr (Rs215.9cr), while it clocked an EBIT Margin of $17.3 \%$, up 450bps yoy. The company indicated that the decline in the turnover of the CP division was on account of a production cut in room air conditioners, to avoid the problem of excess production that it faced in FY2009. Blue Star also added that it would be difficult for it to maintain the high margins recorded in this quarter, going ahead, but expected them to stabilise at healthy levels.

The PEI division's revenue was down $29.4 \%$ to Rs24.7cr (Rs35cr), while its EBIT Margin was up 1,320bps to $28.3 \%$. The company's order book currently stands at Rs1,717cr, up 21\% (Rs1,410cr in 1QFY2009).

## Outlook and Valuation

The economic slowdown has resulted in a considerable decline in the demand for Air Conditioning systems and Cooling Products. Moreover, there has also been a delay in project execution on account of a deferment of the capex plans. While the Retail and IT sectors are the worst affected sectors, the demand from Infrastructure and other sectors like Hospitality, Education and Government continue to be robust. Going ahead, based on the guidance given by the management, we expect the company to clock a moderate growth in its business, on account of the improvement in Order inflows.

We expect the company's Top-line to grow at a CAGR of 22\% over FY2009-11E. At the CMP, the stock is trading at 13.1x FY2011E EPS and 5x FY2011E P/BV. We recommend an Accumulate view on the stock.
