**VIEW POINT: 17000: FASTEST 1500 TILL DATE**

Indian as well as American markets recovered from its lows in style. It has paved way for an opening dash at 17000 in Sensex. From a low of 15468 to 17000 in 7 sessions, this is the fastest 1500-point rise in Sensex we have seen in this bull run.

Once 17k wall is scaled attention will shift towards ensuing derivative expiry. With 1 lakh crore open interest and half of it rolled over to next series, expiry will bring in its own gyrations. Easing capital outflow is aimed at stalling surging value of rupee; which will depreciate today, giving a much-needed relief to export oriented stocks especially IT.

Declining issues outnumbered advancers by about 3 to 2 on the New York Stock Exchange, where consolidated volume came to 3.14 billion shares compared with 3.12 billion shares traded Monday
