## Index view

**The markets on 14 June:** Support at the sentimental level of 8800.

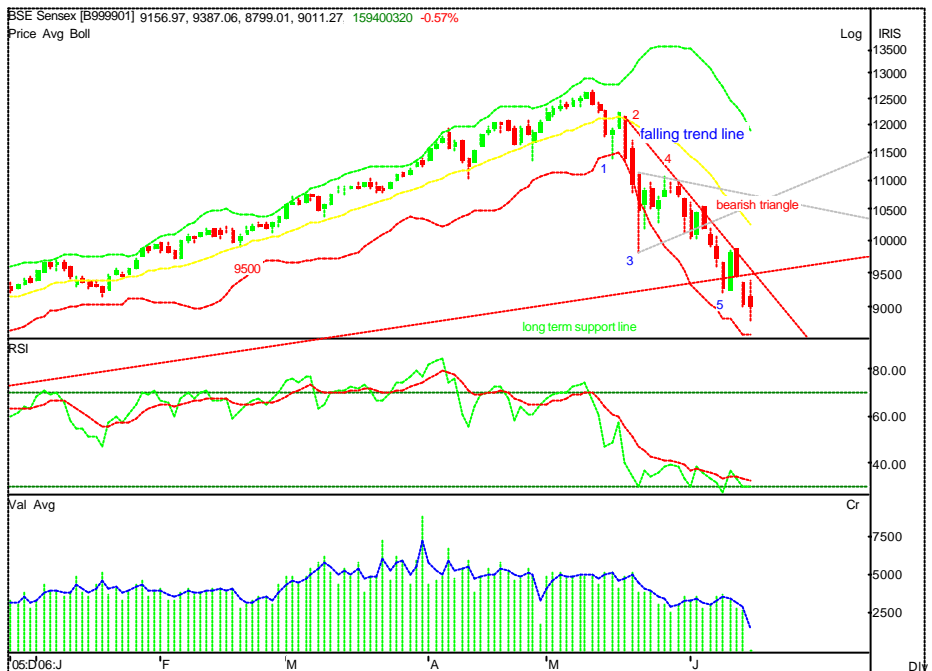

**LOOKING AHEAD:** The market failed to fill the 'continuation gap' between 9428 and 9360, which has triggered a technical negative sentiment and broken the previous low of 8985/2638. According to the daily chart, it seems the market has taken the support of the sentimental level of 8800/2600. If the market is able to hold these levels in the first half of trading then we might see a relief rally in the coming days. Continuation of further fall/weakness depends on the trading of indices below the level of 8800/2600.
