VIEW POINT: Largest Premium on Expiry

December month nifty futures were quoted at an enormous 48 points premium at the close of trade of the November series. Although larger portion of this premium should vanish in opening trade, its presence suggests hectic selling in cash markets and buying in December series yesterday and its possible reversal today.

Fed Chairman Ben Bernanke has indicated that economic data to be released over the next eight days may resolve the key question: Whether to hold interest rates steady or lower them for the third straight meeting? Multitude of problems faced by the US financial system suggests there is no other choice but to cut rates. The biggest dilemma facing policy makers in USA is to find resolution to the problems created by the solution itself !

THE INDICATOR**At The Street****SEBI sets market cap level for fast-track issues**

A company eligible for a fast-track issue of shares must have an average market capitalization of Rs 10,000 crore of public shareholding for a period of one year. Companies making public issues can offer a discounted price to retail individual investors if the discount is not more than 10 per cent.

The Fast Track Issue (FTI) provision is on the lines of the Well Known Seasoned Issuers model of the US, where established and compliant listed companies need make only rationalized disclosures, rather than comprehensive ones, for follow-on public offers and rights issues

Customs duty cut on select manmade fibres, intermediates

Government announced another relief package for exporters of textiles, leather and leather manufactures, and marine products by addressing their concerns on additional subvention on trade credit, service tax exemption to three additional services and cutting down customs duty on select manmade fibres and intermediates. This is over and above the two packages announced in July and October on similar lines.

THE INDICATOR**During Market Hour News**

Videocon Appliances Ltd announced that the Equity Shareholders, Preference Shareholders, Secured Creditors and Unsecured Creditors at their respective meetings held on July 27, 2007, have unanimously approved the scheme of amalgamation of M/s. Ranjangaon Industries Pvt Ltd (the Transferor Company) with the Company (Transferee Company).

ASM Technologies has signed a definitive agreement to acquire 100% of Enterprise Software Resources a US based firm in an all cash deal through its wholly owned subsidiary in Singapore.

Sharon Bio-Medicine announced that the company has raised zero percent FCCB of US \$ 16.5 million on 27 November 2007. The FCCB shall be convertible at the option of the holders at a Rs 315 per share which is 38% premium over floor price of Rs 228.04 within 5 years and 7 days from the date of allotment of the bonds.

THE INDICATOR**ACROSS THE ATLANTIC**

U.S. stocks rose for a third day on Thursday, ending mildly higher after the stock market's biggest two-day jump up in five years, as mostly bearish economic news competed with thoughts of another interest-rate cut ahead.

The Dow Jones industrial average rose 22.28, or 0.17 percent, to 13,311.73. In the three sessions since a pullback Monday, the Dow has jumped 568.29, or 4.5 percent.

Broader stock indicators also rose. The Standard & Poor's 500 index edged up 0.70, or 0.05 percent, to 1,469.72, and the Nasdaq composite index rose 5.22, or 0.20 percent, to 2,668.13.

On the New York Stock Exchange, more than 1.3 billion shares traded hands, and declining stocks slightly outpaced those advancing about 9 to 7. On the Nasdaq, more than 2.1 billion shares were exchanged, and decliners topped advancers about 8 to 7.

Dell Inc. on Thursday reported a 27% rise in third-quarter earnings despite a decline in sales of desktop PCs as the company continues to lose market share to rivals such as Hewlett-Packard.

Its shares of Sears were off 11% after dropping to a low of \$98.25 earlier on, their lowest level since it dipped to \$97.35 in March 2005. The retailer offered disappointing results and said that it doesn't anticipate any near-term improvement.

Bond prices rose, with the yield on the benchmark 10-year Treasury note falling to 3.94 percent from 4.05 percent late Wednesday. Bond prices and yields move in opposite directions. The dollar rose against other major currencies.

Crude futures rallied as much as \$4 a barrel after a fire crippled a key pipeline bringing Canadian oil into the United States. On the New York Mercantile Exchange, crude futures ended up 39 cents at \$91.04 a barrel, after rising \$4.55 to an intraday high of \$95.17 a barrel in electronic trade earlier.

Gold for December delivery fell \$5 to finish at \$795.3 an ounce.
