Cloud Development Made Easy
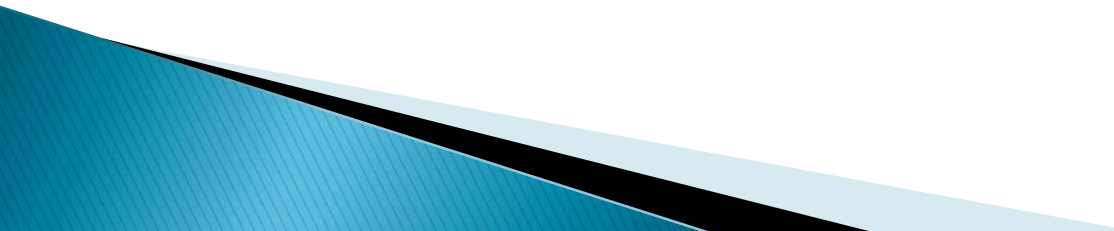

By Yuan Ji

What is Cloud Computing?

- SaaS – Software as a Service

- IaaS – Infrastructure as a Service

- PaaS – Platform as a Service

# Software as a Service

# Infrastructure as a Service

Platform as a Service

Why Cloud Computing?
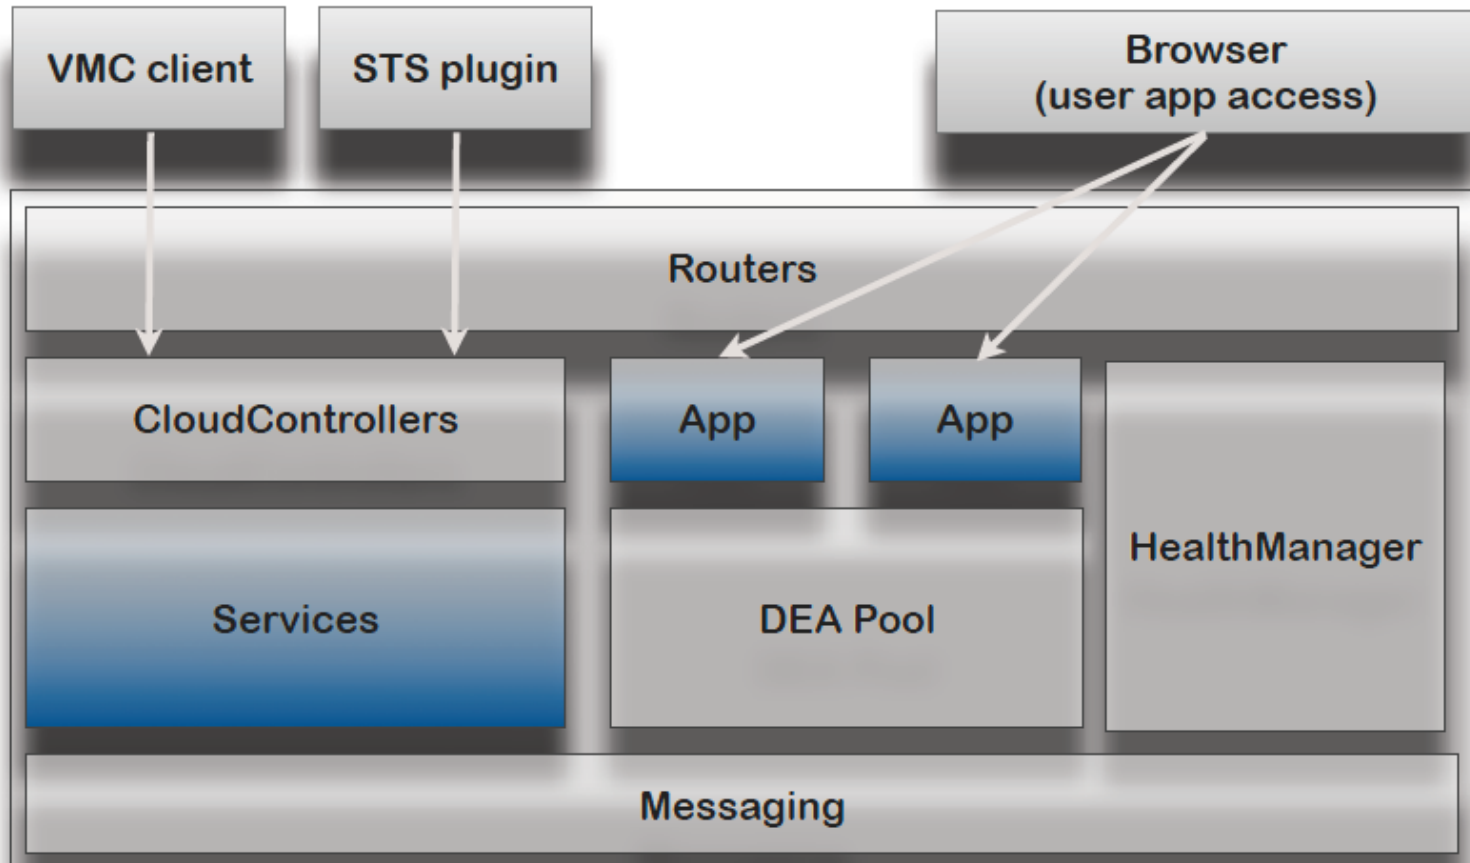

- Cost
- Flexibility
- Efficiency
- Mobile

Cloud Foundry

- Launched by VMWare in April, 2011
- Open Platform as a Service
  - Open Source
  - Multi-Language
 - Multi-Framework
  - Multi-Services
  - Multi-Cloud

Open PaaS

Logical View

Service Provisioning

Access Service (Direct)

Demo

Thank you!
