Call for papers

Papers can be submitted in three categories "Regular paper", "Technical Forum" and "Abstract". Works will be received at the site CASE2018 easychair, according to the conditions and format described at works format.

Participation in CASE2018 is free and includes the publication of the work in the Proceedings of the Conference, with registered ISBN and on the website of the event, as in previous editions. The version submitted to the first review should not include the names of the authors or the acknowledgments.

Regular Papers would be submitted for inclusion into IEEE Xplore (see CASE2017 at IEEE Xplore) as well as other Abstracting and Indexing (A&I) databases; thus, they must be written in English. Contributions in "Technical Forum" and "Abstract" categories can be written in English or Spanish.

All accepted papers will be presented during the poster session at CASE2018, and also, distinguished contributions will be invited to make an oral presentation as part of SASE2018 Tutorials. Papers that have not been presented at the poster session of the event will not be published.

This conference is subject to IEEE plagiarism standards; please read here. Authors cannot submit to CASE works published or presented for publication in other places.

Important due dates

Deadline for paper submissions: **May 7th, 2018**

CASE2018:   **August 15th to 17th, 2018**
