

Clinical Research Fellowship Exchange

Build a collaborative research and training
program between India and the USA!

For three months you will:

- Enhance your education and training in infectious diseases and immunology research.
- Gain access to cutting-edge research.

Qualifications:

- Be a Lawful Permanent Resident (LPR) or an U.S. Citizen.
- Have completed an M.D., with or without a Ph.D., within the last 15 years.
- Be available to relocate to India for up to three months
