

## Unique Online Learning Experience

Further your career prospects with FOSS knowledge

**M.Sc (CS-FOSS) Online Program (<http://cde.annauniv.edu/Default9.aspx>)**

**Post-Graduate Degree offered by Anna University**  
under the aegis of the **Centre for Distance Education, Anna University, Chennai.**  
coordinated by **AU-KBC Research Centre (<http://www.au-kbc.org>)**

**Open to Undergraduates from Arts & Science, and Engineering Streams**

**7th Batch is on**

- Subjects in tune with regular M.Sc. (CS/IT) Programs: includes cutting-edge topics like PHP, Python, Cloud Computing, etc.
- “Industry-equivalent” learning environment with Faculty and Mentors – all FOSS experts/practitioners from FOSS community, Academia and Industry
- Live online classes during weekends using slides, shared desktop and synchronized audio, with audio and chat screen interactions
- Join the virtual class room from your home / office, or wherever you are (even while traveling)
- Networking with Industry and FOSS Community experts
- Course duration : minimum four semesters (two years), with flexi-extension options

**Free/Open Source Software** : A key driver to ensure that the software and the allied services are available in an unfettered manner. FOSS endeavors to provide alternative products and technologies to counter the proprietary regime which tends to control the availability, manner of usage and further development.
