On July 16, 2022, Governor Baker signed into law An Act Relative to Extending Certain State of Emergency Accommodations. This Act allows public bodies to continue holding meetings remotely through March 31, 2023 without a quorum of the public body physically present at a meeting location, and to provide "adequate, alternative" access to remote meetings.

In accordance with this Act, this meeting of the City of Medford Energy & Environment Committee is being conducted totally via remote participation using Zoom, including committee members and the public. The use of Zoom complies with the law's requirement to provide live "adequate, alternative means" of public access to the deliberations of the public body, instead of holding meetings in a public place. Persons who would like to listen to or view this meeting while in progress may do so by using the link that was included on the meeting agenda posted on the City of Medford website. We will also post a record of this meeting on the city's website in the near future at the link provided in the meeting agenda.

For **accommodations**, please call in advance: 781-393-2137 or TTY: 781-393-2516

**Medford Energy and Environment Committee Mission:** To promote policies and actions that make Medford more sustainable by encouraging resource conservation, improving climate resiliency, and increasing the use of renewables to meet present and future needs of the Medford community.
