носзсз

I understand where you are coming from with
this widening, but a tapering as in Д would feel more native

f t г д

with this kind of /л I would expect a
heavily slanted first stem in /м

л м

лмоло

The bowl in /я should be similar in size to /ь

ь я

б я б

абвгд

I would prefer this design of /ж in this context

I would chose these proportions

ж к
