

Conservation Connections

Using CSP to enhance conservation on grazing farms in Wisconsin.

Wednesday March 10, 2021

12:30 - 1:30 PM CST

Are you a grazer interested in accessing NRCS resources to enhance conservation activities on your agricultural operation? Join us for an informational webinar on support from the Natural Resources Conservation Service (NRCS), with a particular focus on funding opportunities through the Conservation Stewardship Program (CSP). NRCS Staff will explain CSP & conservation enhancements applicable to grazing farms. Wisconsin farmers will share their NRCS program experience along a team of experts to answer questions and connect you with resources.

Beginning farmers interested in grazing resources are welcome to attend as well as experienced grazers. Webinar will be recorded and link sent to registrants.

Speakers include:

Kirsten Jurcek, Glacierland RC&D, Resource Conservationist and a Conservation Connector with Renewing the Countryside
Meridith Williams, Wisconsin NRCS CSP Coordinator
Adam Abel, Wisconsin NRCS Acting Grazing Specialist
Alfrid Krusenbaum, Grazing Specialist, Dairy Grazing Apprenticeship

Hosted by Renewing the Countryside/Conservation Connectors in partnership with the USDA Natural Resources Conservation Service, Glacierland RC&D and Dairy Grazing Apprenticeship.

USDA is an equal opportunity provider, employer, and lender.

Conservation Connections: Linking New & Underserved Farmers with Conservation Resources uniquely utilizes a "boots in the field" team of Farmer Connectors to assist these farmers to tap into information and opportunities to create a more successful farm business and cultivate soil health. With funding support from the Natural Resources Conservation Services (NRCS), this project provides outreach and support to historically underserved farmer groups including African Americans, Asian, Latino, Indigenous, veterans and beginning farmers.
