Dr. Wayne Blanton, Executive Director  
Florida School Boards Association

Dear Dr. Blanton,

Please accept this letter as an indication of my interest in the position of Osceola School District Superintendent of Schools. Attached is the required documentation.

In order to prepare our students for life in this new millennium, schools must focus on the human and financial resources currently available and redirect them to create a positive future for children. I believe that education is more than the transmission of the past. It is the unfolding of the promise of the future for our children. This will demand a superintendent who has strong human relations skills and the expertise to form a cohesive team of parents, students, teachers, members of the community and administrators to create the future rather than simply reacting to the present.

As the current East Hampton Superintendent of Schools, I possess twenty-six years of administrative experience spanning elementary, secondary and central office assignments (curriculum director, staff development, technology, and human resources). In addition, I believe that I possess the necessary personal qualities and attributes that you seek in an educational leader.

I firmly believe that my experiences, training and interpersonal skills will enable me to lead the lead the Osceola School District to higher levels of academic excellence.

I look forward to the opportunity to meet with you personally to discuss my unique qualifications for this position.

Yours truly,

Raymond D. Gualtieri, Ed.D.
