

Request for Blues Club SGM

Your committee has received a written request from not less than three members for a special general meeting.

The purpose of the request is for a SGM in view of recent events that, in the member's view, adversely affects the good order and reputation of the club.

It is your committee's view that recent events have not affected the good order and reputation of the club and recent resignations from the committee have not effected the committee's performance or day-to-day operation.

The club has a substantial number of events coming up and the committee is heartened by the show of support from members willing to put their hand up to support these events.

In line with the Club's constitution, your committee has considered the request for a SGM and in your committee's view, there is currently no justification for an SGM based on the member's motion.

We do need more support on the committee to help cover the exciting events coming up and ask that if you are willing to assist please contact one of the committee members as soon as possible.
