

IACS Health and Wellness Advisory Council Invites You to a
Parent Forum:

Teen Substance Abuse and Related Parenting Challenges

An opportunity to learn the facts, share ideas and ask
questions.

Wednesday May 8th from 6:30 to 8:30pm at IACS

- *What are the trends in drug and alcohol abuse among teens?*
- *How do I talk to my teen?*
- *How do I balance my teen's need for independence and my concerns about his or her safety?*

We hope you will join us. The speakers for the evening are Gayle Nutile-Pimm, Health and Wellness Coordinator, and Bill Loehfelm, an IACS parent with over 20 years of experience in substance abuse education and counseling.

Together we can send a strong positive message to IACS students!
