One day workshop on Oscad

(http://www.oscad.in/)

FOSSEE project at IIT Bombay invites the academic and industrial communities to a one day instructor-led workshop on **Oscad** in Bangalore. Oscad is an open source Electronic Design Automation (EDA) tool for circuit design, simulation, PCB design and virtual breadboard. This tool has been developed at IIT Bombay. The participants will be provided with the Oscad Software at the venue.

The details of the workshop are as follows

Place: PES Institute of Technology (PESIT), Bangalore
          (Visit www.oscad.in/one-day-workshop for exact location)
Date: 10th May, 2014 (Saturday)
Time: 9:00 AM to 5:00 PM
Last Day for Registration: 7th May 2014.

Limited number of seats are available and thus, first come first will be followed in registration. For further information about the workshop and registration, please visit: www.oscad.in/one-day-workshop/ . Every registered participant will be given registration kit, Oscad Software, Oscad Book. Breakfast, Lunch and Tea will also be provided for all registered members.

Registration fee:

Category	Online Registration	Spot Registration
Academic Members	400 Rs	500 Rs
Corporate Members	2500 Rs	3000 Rs

We look forward to your active participation.
