

3rd Meeting  
of the  
RSA Research Network on  
**Sustainability Transitions in the Coastal Zone**

September 13th to 15th, 2018

**Call for Participation**

**Governance and Sustainable Citizenship in the Coastal Zone**

Building on two successful research network meetings in Ísafjörður, Iceland (Spring 2019)—focused on a review of coastal issues and on developing a conceptual framework for analyzing coastal sustainability transitions—and in Liverpool, UK (Fall 2017)—focused on case studies on transitions on coastal food-energy-transportation systems—we are now holding a 3<sup>rd</sup> workshop at Skálanes Field Research Centre in Eastern Iceland focused on **Governance and Sustainable Citizenship in the Coastal Zone**.

We welcome papers from all, academics, researchers and students and those working in policy and practice on topics related to the focus of the workshop. While we will have a few paper presentations, the focus of the workshop/meeting will be on: (1) Networking, (2) Exploring opportunities for research collaborations (3) Identifying funding avenues for further research, and (4) Developing publications strategies. We welcome proposals for special sessions, themed workshops and innovative forms of networking and collaboration. If you would like to present a paper or offer a session at the conference please contact Patrick Heidkamp at [heidkampc1@southernct.edu](mailto:heidkampc1@southernct.edu) with an abstract (100 words) of your idea(s) by **August 15<sup>th</sup>, 2018**. Acceptance to the workshop and additional details will be communicated by August 20<sup>th</sup>.

The workshop will be held at **Skálanes Field Research Center, Seyðisfjörður, Iceland**.
