[Two is Lonely, Lynne Reid Banks](#) , 1974, 0140041095, 9780140041095. Now living with her son in the country, Jane is a long way from the l-shaped room. The last novel in a trilogy which began when Jane, pregnant and unmarried, fled from her fathers house, this text is a poignant story of new beginnings and for Jane new love.

[Beginning Algebra, Elayn Martin-Gay](#) , 2012, 0321831438, 9780321831439. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Elayn Martin-Gay's developmental math textbooks and video resources are motivated by her firm belief that every student can succeed. Martin-Gay's focus on the student shapes her clear, accessible writing, inspires her constant pedagogical innovations, and contributes to the popularity and effectiveness of her video resources (available separately). This revision of Martin-Gay's algebra series continues her focus on students and what they need to be successful.

[Cytokines, Anthony R. Mire-Sluis, Robin Thorpe](#) , 1998, 0124983405, 9780124983403. This book provides comprehensive coverage of the cytokines from a pharmacological approach. The chapters are presented in a consistent format allowing easy cross-reference, with sample diagrams and a summary table of essential facts for each chapter at the end of the book. Cytokines is unique in stressing cytokine biology and the application of research data to provide disease therapy. With 33 detailed and up-to-date chapters about individual cytokines, this comprehensive reference will provide both clinicians and researchers in immunology and pharmacology with invaluable information. Key Features* Genetic information and sequences* Protein structure* Cell sources and production* Biological activity* Cytokine receptor structure and signal transduction* Discussion of the role of cytokines in disease and the potential for therapy* Summary table of essential facts* Comprehensive bibliography

A collection of quick and easy quilting projects including designs by authors such as Lin Clemens (The Quilter's Bible), Marion Elliot and Tacha Bruecher from Fat Quarterly. The projects include home decoration notions such as hanging hearts, quilted oven gloves, table mats and cushions. Every project is quick and easy to do even if you've never quilted before. Choose from hand or machine quilted projects and make fabulous gifts for friends and family.

[Cornbread Runs for Class President, Vincent Taylor](#) , 2004, 0970451245, 9780970451248. Cornbread, supported by his best friend Roscoe, is running for class president. But the ever so smart Symone has plans of her own. She's running too.

[The Unfortunate Dr. Webster, Glen H. Carlson](#) , 2007, 0979662834, 9780979662836. New evidence in this true crime novel of the murder of Dr. George Parkman in 1849. John White Webster didn't do it! But money talks, and the family of the murdered man put their money to work populating the Court, the jury, and the witness box with family members.

The prosecuting attorney was a relative. Even the clergyman who became, at his own insistence, spiritual adviser to Dr. Webster, was related to the Parkman family. And in the end, the Parkman money spoke. The Unfortunate Dr. Webster is a fictional account of how the murder may have been committed and how it came to pass that Webster was accused, tried, convicted, and executed for a crime that he did not commit. Parkman's family used their considerable influence to ensure Dr. Webster's conviction in spite of monumental evidence to the contrary. Dr. Webster maintained his innocence throughout his ordeal, but his attorneys did little to defend him. They did not challenge outright lies and contradictions made by witnesses for the prosecution and called virtually no witnesses for the defense. They compounded their inadequacy by presenting a rambling and often incoherent closing argument. The jury found him guilty, and Dr. Webster was hanged on August 30, 1850. Calling upon trial transcripts and copies of original correspondence among the principals, Carlson melds fact with fiction, showing how wealth and power were applied to please the family of the murdered man. The case of Professor John White Webster is remembered as one of the most blatant miscarriages of justice in the history of Boston.

[Rapt in the Name: The Ramnamis, Ramnam, and Untouchable Religion in Central India, Ramdas Lamb](#) , 2002, 0791453863, 9780791453865. In Rapt in the Name, Ramdas Lamb provides an intriguing account of the Ram bhakti tradition in India. Less well-known in the West than the tradition of devotion to Krishna, the Ram tradition is an important component of Hinduism. Ram is the most-worshipped form of the divine in North India today and has long been particularly important to those of the lower castes throughout India. Lamb explores both the evolution of the tradition and the rise of lower caste religious movements devoted to Ram, specifically the Ramnami Samaj, an Untouchable religious movement in Central India. Lamb's study of the Ramnamis has spanned nearly three decades, first on a personal level as a Hindu monk and later as both a friend and a researcher. He discusses the historical origins, as well as present-day forms and structure of the Samaj, including a description of its distinctive ritual dress and practices. Among the more innovative aspects of the sect is its adaptation of the story of Lord Ram that is uniquely woven into its devotional repetition of his name (Ramnam). In addition, Lamb shares biographical sketches of six Ramnamis, each of which reveals the freedom of individual exploration and expression that is integral to the sect. This is a fascinating account of religious life and adaptation on the periphery of society.

[The Brave Wild Coast: A Year with Henry Miller, Judson Crews](#) , 1997, 0962443190, 9780962443190. [This book] is the first eye-witness account of Henry Miller's sojourn on the California coast - the years of The Rosy Crucifixion - and of his marriage with his third wife, Marta Lepska. In episodes sometimes poignant, sometimes hilarious, [the book] also shows a post-bohemian, pre-hippie community practicing an ethic of freedom - much of it centered around Murphy's Hot Springs, now the heart of Esalen Institute, of which [the author] was briefly the caretaker.... [The book contains] a previously unpublished ten-page letter from Henry, advising the [author] in his first attempt at a novel.

[World Regions in Global Context: Peoples, Places, and Environments Plus MasteringGeography with EText -- Access Card Package](#), Sallie A. Marston, Paul L. Knox, Diana M. Liverman, Vincent Del Casino, Jr., Paul Robbins , 2013, 0321824628, 9780321824622. ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. -- World Regions in Global Context presents a strong global sensibility and an emphasis on current concerns, with models of interdependent development, spatial and social inequality, and questions of spatial justice. The authors maintain that regions are the outcomes of a set of twin forces of globalization and regionalization. Therefore, each regional chapter stresses the global systems of connection that drive unique regional processes, making regions different. By studying regions, students not only learn the critical elements of different places, but also come to understand the fundamental processes that drive change. The Fifth Edition discusses geographies of emerging regions, incorporates cutting-edge data visualizations and infographics, including Quick Response codes linking to online media, features a completely modernized cartography program, and much more.

[Yugoslavia in Crisis, Harold Lydall](#) , 1989, 0198286953, 9780198286950. Yugoslavia's system of "socialist self-management," once touted by many as the most efficient of east European systems, has since 1979 been plagued by inflation, falling wages, and economic decline. Here, Lydall presents an original study of the operation of the Yugoslav system. He surveys the social and political tensions resulting from this decline and the possible future of the ruling party as it attempts to improve the economy and maintain power. This book holds important implications for the future of socialism in both East and West.

[My Milk Toof: The Adventures of Ickle and Lardee, Inhae Lee](#) , 2011, 0811878139, 9780811878135. When two baby teeth came knocking at her door, artist Inhae Lee did what anyone would do: she invited them to live with her and started photographing their hilarious, miniature antics. The resulting blog phenomenon has captivated legions of devoted fans with its refreshingly sweet sentiment and hip appeal. Featuring brand-new stories alongside classic adventures, My

Milk Toof follows two baby teeth named ickle and Lardee as they navigate the pleasures and perils of being very small in a very big world. With perfect comedic timing, the photographic tales in this book explore the world from the tiny perspective of a baby tooth (or milk toof), from taking a bath to exploring the outside world. Showcasing the intricate handcrafted universe that Lee has created, My Milk Toof has a quirky appeal that speaks to all ages. Whether they're baking a cake or spending a day at the pool, these two little guys are achingly sweet but without the cavities.

[Einstein Lived Here, Abraham Pais](#) , 1994, 019851770X, 9780198517702. Few people have understood what Einstein has said, thought, and done, but many are hungry to know more about him. This companion volume to Abraham Pais's Subtle is the Lord... enlarges on the way Einstein was perceived by the world at large. His becoming the scientist of greatest renown ever is largely the result of attention by the media, as the author has documented by delving in newspaper and magazine archives, from 1902 to the present. We also learn of his views on religion and on philosophy, his marital problems, and his contacts with personalities ranging from John D. Rockefeller to Charlie Chaplin to Freud to Ghandi. Interviews with Einstein, as well as reports on brief comments and longer addresses by him, help to convey his vivid style of expression as well as his great talent at formulation. He wrote and spoke about pacifism, supranationalism, civil liberties, and the rights and obligation of Jews and Arabs to live together harmoniously in the Middle East. Subjects he was interested in ranged from capital punishment to vegetarianism. These essays were written from the author's special perspective: he is a physicist and he knew Einstein personally for several years. His style is accessible and nonmathematical. This book provides essential information about Einstein the human being which will fascinate and inform both the specialist and the layman.

[Jack and the Beanstalk.](#) , 2005, 0976725800, 9780976725800. Jack and the Beanstalk is the first book of the Fairy Tales of Special Children series, reinterpretations of classic stories using characters with disabilities. Jack, a wheelchair user, travels via a magical beanstalk to a land in the sky where he reclaims treasures stolen from his family by an evil giant. Charming and delightful, the story addresses needs of wheelchair users while teaching readers that success is not hindered by physical limitations but fostered by a belief in the self.

[The Sleep-over Artist, Thomas Beller](#) , 2000, 0393049256, 9780393049251. Writing with the sparkling wit and insight of his highly praised debut, Seduction Theory ("Brilliantly captures the great expectations and recurring ambivalence of youth". -- New York Times), Thomas Beller continues to plumb the adventures of his hero, Alex Fader, a youthful existentialist and sensualist with an insatiable appetite for trouble. The Sleep-Over Artist is an account of critical stages in Alex's life, mapping his progress from youthful delinquent to filmmaker whose career begins when he makes a

documentary film exposing the prep school from which he has been expelled. Alex longs for the taste of family life that the early death of his father has denied him. As a young boy he sleeps over at his friends' houses and ingratiates himself with their families; as a young man he extends his sleep-overs to the lives of women, culminating in the ultimate sleep-over -- an affair in England with a glamorous, slightly older woman, the mother of a young boy. Beller has a pitch-perfect ear for emotional nuance and a microscopic eye for rendering the wordless moments when a relationship catches fire and all too often begins to falter. The high-wire tension that electrifies *The Sleep-Over Artist* is Beller's ingenious portrait of a young man who longs to disappear and belong all at the same time.

[Execute, Josh Long](#) , 2012, 0988578603, 9780988578609. Execute is about acting on inspiration immediately rather than following the normal rules. The book steps you through the 5-day build of the Space Box app and shows you in real-time how to act on inspiration.

[Out of Many: A History of the American People, Volume 2, , John Mack Faragher, Mari Jo Buhle, Daniel Czitrom](#) , 2002, 0130977993, 9780130977991. This major revision of a pathbreaking book weaves together the complex interaction of social, political, and historical forces that have shaped the United States and from which "the American people" have evolved by telling stories of people and of the nation and emphasizing that American history has never been the preserve of any particular region. Traditional turning points and watershed events are integrated with the stories of the nation's many diverse communities. The book's trademark "continental" approach has been expanded to incorporate a greater hemispheric perspective, while a new community and memory feature analyzes the role--and the conflicts--of historical memory in shaping communities' understanding of the past. Community and memory essays examine such topics as conflicts over Indian burial grounds, controversies surrounding the Alamo, and the way in which the American media is putting the World Trade Center bombing into historical perspective. Incorporates the latest research on the South, popular culture, science and technology, and the Cold War. Features full coverage of the African American

experience--with full chapters on slavery and empire in the colonial period and the civil rights movement from the 1940's to the 1960's. Discussion of the role of minorities includes African Americans, Mexican Americans, Asians, and Pacific Islanders. Historians and anyone interested in American history from a narrative approach.

[Oil Empire: Visions of Prosperity in Austrian Galicia, Alison Fleig Frank](#) , 2009, 0674037189, 9780674037182. At the beginning of the twentieth century, the Austrian Empire ranked third among the world's oil-producing states (surpassed only by the United States and Russia), and accounted for five percent of global oil production. By 1918, the Central Powers did not have enough oil to maintain a modern military. How and why did the promise of oil fail Galicia (the province producing the oil) and the Empire? In a brilliantly conceived work, Alison Frank traces the interaction of technology, nationalist rhetoric, social tensions, provincial politics, and entrepreneurial vision in shaping the Galician oil industry. She portrays this often overlooked oil boom's transformation of the environment, and its reorientation of religious and social divisions that had defined a previously agrarian population, as surprising alliances among traditional foes sprang up among workers and entrepreneurs, at the workplace, and in the pubs and brothels of new oiltowns. Frank sets this complex story in a context of international finance, technological exchange, and Habsburg history as a sobering counterpoint to traditional modernization narratives. As the oil ran out, the economy, the population, and the environment returned largely to their former state, reminding us that there is nothing ineluctable about the consequences

of industrial development.

[Inferno, , Sherrilyn Kenyon](#) , 2013, 0749957735, 9780749957735. The world has fallen in love with Nick Gautier and the Dark-Hunters. Now Nick's saga continues in the next eagerly anticipated volume . . . Turning sixteen isn't what Nick Gautier thought it would be. While other boys his age are worried about prom dates and applying for college, Nick is neck deep in enemies out to stop him from living another day. No longer sure if he can trust anyone, his only ally seems to be the one person he's been told will ultimately kill him. Those out to get him have summoned an ancient force so powerful even the gods fear it. As Nick learns to command and control the elements, the one he must master in order to combat his latest foe is the one most likely to destroy him. If he is to survive this latest round, he will ultimately have to sacrifice a part of himself.

[Inside the Statehouse: Lessons From the Speaker, Ralph G Wright](#) , 2005, 1568029497, 9781568029498.
&BAD:quot;Don't believe any of these guys that try to tell you that they ran for office because a lot of folks begged them. I ran nine times, and though I was aware of lots of people who wished I hadn't, I never recall being begged . . .
. &BAD:quot;And so begins Inside the Statehouse, Ralph G. Wright's first-hand account of what life in state legislatures is really like. Wright takes us behind the scenes through the processes and after-hours exploits of the Vermont State House. Serving as Speaker for a decade, Wright chronicles the ups and downs of his career with insight, humor, and a bluntness that will leave students both enlightened and entertained. He offers a range of provocative lessons from sixteen years in the legislature&BAD:mdash;from how to lead your party to victory to why your best friend might vote against you. An introduction by Alan Rosenthal sets the stage, giving students important context for how to place and process

Wright's experiences within the larger study of state politics. From there on out, Inside the Statehouse illuminates the edicts and anomalies of representation, lawmaking, and balancing the executive branch in a personal and humanizing way. Wright details his experiences working with three governors: Madeleine Kunin (Dem.), the first woman governor in Vermont; Richard Snelling (Rep.), who became Wright's close friend and ally; and Howard Dean (Dem.), the prominent 2004 presidential candidate. Through the successes, pratfalls, and pathos of a remarkable legislative career, students discover what it means and what it takes to succeed in the statehouse.

[Wheels Up!: How Travel Ignites Your Spirit and Transforms Your Life, Lisa Jimenez M.Ed., 1st](#), 2011, 0970580789, 9780970580788. Science has proven that the most effective way to educate is with a total immersion model. I can't think of a better example of total immersion than travel. Twice a year I host Mastermind Retreats in Exotic Cities around the world and have seen the Power of Travel open the mind and expand a heart. Just imagine... Seeing the lights of the Eiffel Tower sparkle for the first time... Climbing the 673 steps to admire Michelangelo's Tower in Rome... Watching the monkeys swing from tree to tree in Costa Rica... Sharing a smile with an Indonesian Girl at the local fish market... Meditating with a Monk at a Temple in Bangkok... Taking a Yoga class while the sun sets over the Indian Ocean... Riding an Elephant through the jungles of Thailand... Being kissed by a Dolphin in South America... Simply put: Travel Changes You. "Wheels Up!" is a collection of stories of Transformation that will inspire you to live large, love big and enjoy the trip. www.Rx-Success.com

[The Bible in History: How the Texts Have Shaped the Times, David W. Kling](#), 2004, 0199880964, 9780199880966. No one can doubt that the Bible has exerted a tremendous influence on Western civilization since the dawn of Christianity. But few of us have considered the precise nature of that influence in particular historical contexts. In this book, David Kling traces the fascinating story of how specific biblical texts have at different times emerged to be the inspiration of movements that have changed the course of history. By examining eight such pivotal texts, Kling elucidates the ways in which sacred texts continue to shape our lives as well as our history. Among the passages he discusses are: * "Upon this rock I will build my church" (Matthew 16:18), which inspired the formation of the papacy and has served as its foundation for centuries * "The righteous will live by faith" (Romans 1:17), which caught the imagination of Martin Luther and sparked the Protestant Reformation * "Go to Pharaoh and say to him, 'Thus says the Lord: Let my people go, so that they may worship me'" (Exodus 8:1), which has played an important and diverse role in African American history from early slave spirituals through the modern civil rights movement and beyond * "There is no longer Jew or Greek, there is no longer slave or free, there is no longer male and female; for all of you are one in Christ Jesus" (Galatians 3:28), which has been adopted by feminists as a rallying cry in the battle for women's ordination Each of the historical episodes he explores--from the beginning of Christian monasticism to the emergence of Pentecostalism--is evidence of the dynamic interplay between Scripture and the social and cultural context in which it is interpreted. Kling's innovative study of this

process shows how sacred texts can give life to social movements, and how powerful social forces can give new meaning to Scripture.

[Writing Effective Business Rules, Graham Witt](#) , 2012, 0123850525, 9780123850522. Writing Effective Business Rules moves beyond the fundamental dilemma of system design: defining business rules either in natural language, intelligible but often ambiguous, or program code (or rule engine instructions), unambiguous but unintelligible to stakeholders. Designed to meet the needs of business analysts, this book provides an exhaustive analysis of rule types and a set of syntactic templates from which unambiguous natural language rule statements of each type can be generated. A user guide to the SBVR specification, it explains how to develop an appropriate business vocabulary and generate quality rule statements using the appropriate templates and terms from the vocabulary. The resulting rule statements can be reviewed by business stakeholders for relevance and correctness, providing for a high level of confidence in their successful implementation.A complete set of standard templates for rule statements and their component syntactic elementsA rigorous approach to rule statement construction to avoid ambiguity and ensure consistencyA clear explanation of the way in which a fact model provides and constrains the rule statement vocabularyA practical reader-friendly user guide to the those parts of the SBVR specification that are relevant to rule authoring

[Surface to Air, Residuals of Basquiat, Keith Jones](#) , 2012, 0975323792, 9780975323793. Poetry. African American Studies. "In SURFACE TO AIR, RESIDUALS OF BASQUIAT, Keith Jones approaches the unaccountable in small measures that draw us down to a whole other kind of immensity. There's lots of room and lots of company in these spacious concentrations; we can read and write in the midst and all over the edge of their dense, open tuning. Sonorous numbers, free market numerators, undercommon denominators, a ruptural totality of images recomposed as geography, another map of the world 'Segued into / Broken sorts.' Jones keeps making sure we know that in the relay between surface and air, ground and song, artists make radical and precise mathematics, deep and unruly history. Like Basquiat, Jones is right there with the ones who do more than we can ask."Fred Moten

[Take a Girl Like You, Kingsley Amis](#) , 2013, 0141194278, 9780141194271. In Kingsley Amis's Take A Girl Like You, twenty year old Jenny Bunn is supernally beautiful and stubbornly chaste, which is why Patrick Standish, an arrogant schoolmaster, wants her so much. This perceptive coming of age novel about a northern girl who moves south, wants to fit in and yet wants to preserve her principles, challenges our assumptions about the battle of the sexes and classes in Britain. It is a story about 'the squalid business of the man and the woman' and 'the most wonderful thing that had ever happened' to Jenny Bunn. Few twentieth century novelists have explored our preoccupation with sex like Kingsley Amis. The results are surprising and often hilarious. Kingsley Amis's (1922-95) works take a humorous yet highly critical look at British society, especially in the period following the end of World War II. Born in London, Amis explored his disillusionment in novels such as That Uncertain Feeling (1955). His other works include The Green Man (1970), Stanley

and the Women (1984), and The Old Devils (1986), which won the Booker Prize. Amis also wrote poetry, criticism, and short stories.

[Secret Language: Codes, Tricks, Spies, Thieves, and Symbols, Barry J. Blake](#) , 2011, 0199691622, 9780199691623. This book is about language that is designed to mean what it does not seem to mean. Ciphers and codes conceal messages and protect secrets. Symbol and magic hide meanings to delight or imperil. Languages made to baffle and confuse let insiders talk openly without being understood by those beyond the circle. Barry Blake looks at these and many more. He explores the history and uses of the slangs and argots of schools and trades. He traces the centuries-old cants used by sailors and criminals in Britain, among them Polari, the mix of Italian, Yiddish, and slang once spoken among strolling players and circus folk and taken up by gays in the twentieth century. He examines the sacred languages of ancient cults and religions, uncovers the workings of onomancy, spells, and gematria, looks into the obliqueness of allusion and parody, and celebrates the absurdities of euphemism and jargon. Secret Language takes the reader on fascinating excursions down obscure byways of language, ranging across time and culture. With revelations on every page it will

entertain anyone with an urge to know more about the most arcane and curious uses of language.

[Best of Bassenian/Lagoni Architects: Two Outstanding Design Books in One Volume, Laura Hurst Brown](#) , 2010, 0972153969, 9780972153966. This colorful compendium takes readers on a rewarding photographic and narrative tour through two of Bassenian/Lagoni's most-popular books; Tuscan & Andalusian Reflections provides an intimate view of 20 of the most significant Tuscan- and Andalusian-style homes created over the past decade by Bassenian/Lagoni Architects. Included are homes found along the coast of California, as well as in the Nevada desert, that echo the forms, textures and motifs of structures built in the hilltowns of Tuscany and on the plains of Andalusia. Homes & Courtyards features 23 new Bassenian/Lagoni homes and communities that exhibit superb indoor/outdoor relationships, as well as a glimpse at five worldwide communities designed around these same principles. Close-up examples are given of eye-appealing patios, porches, decks and loggias, along with the well-designed interior rooms that flow to meet them.

[Sheehys Manual of Emergency Care, ENA](#) , 2012, 0323171109, 9780323171106. Thoroughly revised and featuring a more efficient and streamlined design, the new 7th edition of Sheehy's trusted emergency care resource offers complete, up-to-date coverage of the essentials emergency nurses need to know. Each condition commonly seen in the emergency setting is thoroughly addressed, from signs and symptoms, to diagnosis, treatment, developmental considerations, patient education, and more. Updated material and easy-to-reference contents make this resource a must-have for current practice. Comprehensive content presents thorough discussion of signs and symptoms, diagnosis, treatment, age/developmental considerations, and patient/family education for each condition. Authorship from the Emergency Nurses Association ensures this book contains the best practices in emergency nursing. Quick-reference format uses a consistent layout to help you find information quickly and easily. NEW! 2-column format features new Tricks of the Trade boxes to give you a professional's perspective on common issues in emergency nursing. NEW! Fully revised content from the ENA and a broad panel of expert contributors includes up-to-date, practical information on topics such as critical care in the ED, time management, the morbidly obese patient, electronic medical records, disaster nursing, forensic nursing, and workplace violence.

[The Gospel of Unemployment: Job Seeker's Devotional,](#) , 2009, 0984273808, 9780984273805. A daily devotional for job seekers, linking job search activities and challenges with related scriptural references and spiritual support. Designed to provide encouragement and practical guidance for those experiencing a season of unemployment.

[Obsessive Compulsive Disorder: A Cognitive Neuropsychological Perspective, Frank Tallis](#) , 1995, 0471957720, 9780471957720. A comprehensive and up-to-date review of obsessionality which integrates a full range of research findings. The main aim of the book is to consider cognition, in the broadest sense, within the context of OCD. Chapters cover the historical development of OCD and its biological data; assessment; phenomenology - including emphasis on

cognitive writings which link the observations of Freud with contemporary theories; neuropsychology; cognitive behavioral treatment; and cognition and brain state.

Winner-2008 AESA Critics' Choice Book AwardMany educational practices are based upon ideas about what it means to be human. Thus education is conceived as the production of particular subjectivities and identities such as the rational person, the autonomous individual, or the democratic citizen. Beyond Learning asks what might happen to the ways in which we educate if we treat the question as to what it means to be human as a radically open question; a question that can only be answered by engaging in education rather than as a question that needs to be answered before we can educate. The book provides a different way to understand and approach education, one that focuses on the ways in which human beings come into the world as unique individuals through responsible responses to what and who is other and different. Beyond Learning raises important questions about pedagogy, community and educational responsibility, and helps educators of children and adults alike to understand what a commitment to a truly democratic education entails.

Sams Teach Yourself iTunes Match in 10 Minutes is a quick reference guide to using Apple's iTunes Match service. This book explains all the varied features of the service, including essential details such as signing up, upgrading your entire library, understanding various iTunes Match settings, getting around the 25,000 song limit, using the service with Apple TV, troubleshooting problems, using it with iOS devices, and plenty more. Each topic is covered in short, easy to understand chapters that help you quickly and easily use the service to its full potential, resulting in higher-quality music, endless hours of streaming, and more.

[The Boys from White Hart Lane: White Hart Lane in the 80s, Martin Cloake, Adam Powley](#) , 2011, 1907637087, 9781907637087. They were the last great Spurs team. A tight-knit group of London lads laced with Latin creativity, Yorkshire grit and Scottish genius, playing for a few hundred quid a week and the glory of putting on the Tottenham shirt. They won two FA Cups and a UEFA Cup together, they went drinking together and they appeared on Top of the Pops together. They were The Boys From White Hart Lane. Renowned Tottenham authors Martin Cloake and Adam Powley have tracked down their childhood heroes to produce a book of wonderfully vivid and candid interviews with ten members of the team including Steve Perryman, Ossie Ardiles and Ricky Villa. It is a book that not only opens the doors of the White Hart Lane dressing room during this iconic period for the club, but takes the reader back in time to a football world before Premier League, multi-billionaire foreign owners and millionaire reserve players sitting on the bench in yellow boots and headbands. Packed with insight, revelations and wonderful stories - including the training ground prank which saw a player break his toe on a breeze block, the all-night drinking session in Swaziland and the story of how Ossie dented the FA Cup - The Boys From White Hart Lane is an intimate and eye-opening portrait of the men who put the glory back into Spurs.

Using a strong pathophysiology prototype approach to place drugs in context with how they are used therapeutically, this book gives readers a clearer picture of the importance of pharmacology to disease and ultimately to patient care. This holistic perspective to patient care is organized according to the body systems and diseases with complete information on the drug classifications used to treat the diseases. Easy to follow presentation, extensive pedagogical aids enable students to identify key ideas, understand concepts and apply essential components of anatomy, physiology and pathology relevant to drug therapy. The volume comprehensively

covers core concepts in pharmacology, pharmacology and the nurse-patient relationship, the nervous system, the cardiovascular and respiratory systems, the immune system, the gastrointestinal system, endocrine and genitourinary systems, the integumentary system, musculoskeletal system, and eyes/ears. For nurses and other health care professionals.

[In Harm's Way, Doug Stanton](#) , 2012, 1448110262, 9781448110261. The USS Indianapolis was the last ship sunk during the Second World War. Savaged by a salvo of torpedoes from a Japanese submarine, the warship, one of the fastest in the US Navy, sank in a matter of minutes. One thousand two hundred men went into the water, and only 321 were to survive. This is their story. On 30 July 1945 the Indianapolis was returning from the small island of Tinian, having delivered the components of the atom bomb 'baby boy', which was to decimate Hiroshima and bring on the end of the war. As the torpedoes ripped into the side of the ship hundreds of men were killed. Those lucky enough to survive in the water were to face extremes of physical and mental hardship. Many were left to float in the ocean with little or no food or drinking water in deteriorating life jackets and, most chillingly of all, open to attacks by sharks. The testimonies of those who lived speak of the extremes of human emotion, incredible courage and unforgettable despair. The visceral experiences of those five days were to haunt them for the rest of their lives. The Indianapolis was captained by the dashing and charismatic Captain Butler McVay, and his story is a tragic one. For a captain to lose his ship in combat is perhaps the hardest blow, but McVay was doubly marked, as he was held responsible for the loss and court-martialled - the only naval captain ever to be court-martialled for the sinking of his ship. Twenty years after the Indianapolis went to the bottom, tormented by the experience and the resentment of many of the families of those who lost their lives in the disaster, he took his own life. Those who also survived maintain that there was nothing he could have done to prevent the disaster, and continue to campaign to clear the captain's name. This book is also his story.

[Welfare Reform and Pensions Bill, Great Britain. Parliament. House of Commons. Standing Committee D., Humfrey Malins](#) , 1999, .

[The Christian and the State, Allan Turner](#) , 2009, 0977735044, 9780977735044. Although this is a book about the

Christian's obligation to the State, it will seem to some to be a book more about marriage, divorce, and remarriage. This is because the issues surrounding marriage, divorce, and remarriage can be viewed as a tool (in this case, a prism) which the author employs to explore and critically examine the subject discussed in this book, which is, when all is said and done, the Christian's obligation to the State as viewed through the lordship of Jesus Christ.

[Throne of Glass, Sarah J. Maas](#) , 2012, 1408832348, 9781408832349. Meet Celaena Sardothien. Beautiful. Deadly. Destined for greatness. In the dark, filthy salt mines of Endovier, an eighteen-year-old girl is serving a life sentence. She is a trained assassin, the best of her kind, but she made a fatal mistake. She got caught. Young Captain Westfall offers her a deal: her freedom in return for one huge sacrifice. Celaena must represent the prince in a to-the-death tournament - fighting the most gifted thieves and assassins in the land. Live or die, Celaena will be free. Win or lose, she is about to discover her true destiny. But will her assassin's heart be melted? The most talked about, and unstoppable debut fantasy novel of the year, Throne of Glass is a phenomenon you absolutely can't miss. This eBook edition includes a sneak peek at the thrilling sequel, Crown of Midnight.

[How Children Learn to Write: Supporting and Developing Children's Writing in School, Dorothy Latham](#) , 2002, 141293267X, 9781412932677. 'This book is a useful addition to any staff library. What makes it different to many other similar books is that it shows teachers that speaking, listening and reading create the foundations for writing. Tested in schools, staff said: "It is a very useful framework for action-research based upon secure theory. When deciding classroom strategies, it is easy to find what you are looking for and the chapter summaries are very helpful. Some of the staff development and training suggestions are very practical and we are trying them out. We found the emphasis upon class novels and the class discussion that follows, very important, especially when linked to the excellent examples of children's

writing." This book may appear to some as theoretical and 'academic', but this is why it will be valuable. It does what the title says because it shows how children learn to write. It starts at the beginning and saves diving into the latest trend. Perhaps its best recommendation is that every school that was asked to look at it said, 'It's good and we have ordered a copy' - John Lilly, independent education consultant 'The chapter on the Taxonomy of Writing Purposes will be useful for planning and those on extending and enhancing writing will definitely be helpful in many day-to-day situations' - Nicholas Bielby, Times Educational Supplement This book outlines the processes which are involved when children learn to write. The author shows how certain strategies can improve children's progress in writing. Dealing with the age range three to 13, the book addresses issues to do with: - the gender gap - children with English as an additional language - left-handedness Dorothy Latham includes ideas for sound and easy ongoing assessment of writing. The book is written in line with the requirements of the English National Curriculum and The National Literacy Strategy Framework for England, but is not limited to them. Topics also covered include: - brain development and structures - the acquisition of speech - language and thinking - working memory - secretarial skills - stages in compositional development - writing purposes and cross-curricular applications - strategies for improving self-generated writing - using reading to improve writing - using speech and drama to improve writing and - ten ways to improve children's writing. This book is for serving teachers in schools wishing to study the subject in further depth, and as a source book for students. Useful for school-based staff INSET, it provides simple activities for teachers to do and discuss.

[Fad Dieting: What You Need to Know,](#) , 2008, 0980513308, 9780980513301. Featuring the International Diet. This Book can give you much needed information on fad diets & healthy ways to lose weight. You'll find what really works & what doesn't, what the dangerous side effects are for specific fad diets. Each fad diet will be explained as well as a look at the pros and cons. Gain insight on some things generally overlooked & save a ton of time and trial and error dieting mistakes. You get: Detailed Explanation of various diets; pros and cons of each diet discussed; the Health risks of each diet; See popular diet comparison; often overlooked diets; fun & healthy recipes; resources to help you; and a lot more! Save yourself lots of time searching for the information on your own. Your questions about losing weight and the dangers of certain diets are answered. This Book could save you from future health problems by showing you what risks each fad diet may or may not pose to you, and gives you the knowledge needed before starting a dieting program.

[Brink of Destruction: A Quotable History of the Civil War, Randall Bedwell](#) , 2002, 0517220474, 9780517220474. Presented in chronological order with black-and-white photographs and illustrations throughout, this is a unique look at the Civil War, through the eyes of the people whose lives it engulfed for over four years. Perfect for Civil War buffs or the casual historian.

[The Holy Grail, Giles Morgan](#) , 2009, 0785821694, 9780785821694. Through its various guises as magic cauldron, cornucopia, and chalice cup, the Holy Grail has remained at the center of popular culture since antiquity. An object of

marvel and mystery, it inhabits a place in mythology that has its roots in historical fact. From Celtic mythology to the flowering of the medieval romances, it has in many ways fulfilled its mythical role as a nurturing and regenerative vessel by providing a rich, seemingly perpetual source of interest to writers and artists. Charting the story of the Grail offers a revealing insight into the cultural shift from Celtic paganism to the emergence and domination of Christianity in Western Europe; the influence of Eastern mysticism emerges in the Grail romances as a result of the medieval crusades, with its clash of cultures and subsequent cross-pollination of ideas. Finally, the Grail has come to symbolize the ultimate achievement in the modern mind, and Carl Jung, T.S. Eliot, Richard Wagner, William Blake, and the Pre-Raphaelites are just some of those who have fallen under its enduring spell.

[Puppet Planet: The Most Amazing Puppet-Making Book in the Universe, John Kennedy](#) , 2006, 1440239282, 9781440239281. There's a whole new world of puppets out there! In Puppet Planet, John Kennedy offers you the insight, tips and trade secrets that only a professional puppeteer can. Learn how to make 12 brand new puppets, then learn how to perform with them! Discover professional staging techniques, as well as ways to make the puppets come alive for your audience. Look inside to: Create the muscle laden, but amazingly soft, Stuffed Strongman Craft the delightfully sweet Pillow Buddy Build Professor Foaman, the smartest puppet on Puppet Planet Make the Shoe Box Monster, a fellow with a surprise hidden inside Plus so much more! With variations for every puppet, tips, new techniques, complete material lists and easy to use patterns, you'll be ready to perform in no time! Peer behind the curtain with Puppet Planet and discover a world waiting to delight, amaze and thrill.

[Transvenous Lead Extraction: From Simple Traction to Internal Transjugular Approach, Maria Grazia Bongiorni](#) , 2011, 8847014662, 9788847014664. In the last years, indications for defibrillators and cardiac resynchronization therapy have expanded enormously; for this reason, and also due to the extension of human life length, the number of patients with implanted cardiac devices have steadily increased. The leads implanted for the functioning of these devices, however, have a limited duration in time and more and more their extraction will be a frequent issue in clinical practice, in order to treat short- and long-term complications, such as infections and failures. Aim of this book is to provide readers with a state-of-the-art on lead extraction techniques. The chapters deal with leads characteristics, indications to lead removal, patient preparation, tools and techniques for extraction, and prevention and management of complications. In addition, a series of tips and tricks on how to treat some particular conditions (tight cost-clavicular space, fractured leads, ICD leads, dangered leadsetc.), are given. A new extracting technique, according to which the extraction is performed through the internal jugular vein is described; several examples are included and many figures provide a thorough depiction of this innovative procedure. The volume will be an excellent resource for all those involved in the management of cardiac patients: cardiologists, arrhythmologists, cardiac surgeons, GPs, pediatricians, and post-graduate students in these disciplines.

[Schizophrenic Sermons: Blasphemy, Heresy, and Deceptions Preached As Scripture by Prominent Independent Fundamental Baptist Preachers, Jeri Massi , 2008, 098147182X, 9780981471822.](#) Relying on research from sociologist James Ault and others, the author sets down a thesis that Christian Fundamentalist culture does not stem from a literal, exhaustive interpretation of the Bible, as it claims to. Her evidence is seven sermons, preached by five prominent Independent Fundamental Baptist preachers, including Lester Roloff and Jack Hyles, in sermons preached at local churches, Pastors School at First Baptist of Hammond, and Bob Jones University. Massi examines each text taken by each preacher and uses conservative, orthodox, Christian lexicons and commentaries to present the context and meaning of each text. She then shows how each of the preachers deviates radically from the text, some even utterly misrepresenting what the Bible is saying, as they preach the values of the Fundamentalist culture instead of the meaning of the text. Once again, as an insider, Jeri Massi demonstrates that Christian Fundamentalism is a version of Christianity gone wrong: a haven for religious hucksters who can easily blend in and change the Christian religion to build their own personal empires.

[Evidence Based Practice in School Mental Health, James C Raines](#) , 2008, 0195366263, 9780195366266. Though recent legislation embedded with the No Child Left Behind Act and the Individuals with Disabilities Improvement Act mandates the use of evidence in school-based practice to demonstrate positive outcomes for all students, school social workers - especially those long out of school - often lack the conceptual tools to locate, evaluate, and apply evidence in order to demonstrate the effectiveness of their work. The first of its kind tailored specifically to this audience, this SSAAA Workshop title guides school professionals in infusing research throughout their daily practice. It shows school service providers a pragmatic approach to informing every major practice decision with the appropriate research so that students receive the best possible services. This includes how to use research to make reliable and valid assessments, how to use research to choose the best intervention, and how to do research to evaluate progress. Raines goes beyond creating a catalog of interventions that will soon be outdated and provides school social workers with a detailed road map of the EBP process. Chapters detail the nuts and bolts of EBP, explaining how to ask a relevant, answerable question; where to search for evidence; how to appraise the literature and avoid the pitfalls of web based information; how to adapt and apply the evidence in a developmentally and culturally sensitive way; and how to evaluate the results. Detailed examples along the way, including sample spreadsheets practitioners can easily adapt to evaluate their students' progress, bring accountability within reach for school professionals who struggle to find the time, resources, and support sufficient to apply the best evidence to their schools.

[The Committee Against Evil Book II: Cardinal's Sin, Raymond Buckland](#) , 2011, 0976568780, 9780976568780. Fierce hurricanes, ruinous tornadoes, and flooding rains are sweeping the United States, costing thousands of lives and billions of dollars. As it becomes clear that these eerily violent and frequent storms are unnatural, the Committee (a cover group of psychics formed by the U. S. government to neutralize malignant paranormal forces) joins minds to determine how and why these devastating magical catastrophes are plaguing America -- and who's behind them. Meet Patrizio Ganganelli, a crazed Roman Cardinal obsessed with avenging his mother's rape by American soldiers during World War II. As the Cardinal plunders the Vatican's secret magic library to evoke demonic forces against the United States, the Committee joins forces with a Priestess of Witchcraft to counter the Cardinal's attack. But even the power of the Great Goddess may not be enough to defeat the ancient evil that's been set loose. As the Committee gathers every ounce of their psychic talent and courage, they realize that this is the most important fight of their lives -- and that the outcome will influence the fate of the world itself. "Cardinal's Sin is a real page turner of a read! -- Midwest Book Review"

[There Is a Man Who Walks: A Personal Account of Montagnard Guerrilla Warfare in Vietnam, Dan Conlon](#) , 2013, 0982368755, 9780982368756. Drafted into the service although married and with three children, Dr. Conlon finds himself tasked to work with the Montagnard tribesmen. He is working under what he believes to be an Air Force Major who is in fact a Central Intelligence operative. His 13-month tour ends with his return to civilian life. Over time, he learns more about the true nature of his work in Vietnam and what impact it had on how the end of the war falls into place. His CIA contact has since died and Dr. Conlon is now free of a self-imposed moral obligation to withhold publishing until his death occurred.

In all 32 artworks appear in this volume, including classic paintings in full colour by Cezanne and Monet.

[A Prophet's Heart, Jennifer LeClaire](#) , 2009, 0981979513, 9780981979519. Have you ever wondered how false prophets become false prophets? The enemy seeks to pervert prophetic voices at every turn ? but he can only use what?s in us. Serious character issues left unaddressed can lead the true into the realm of the false. In this companion book to ?The Heart of the Prophetic,? Jennifer exhorts prophetic people to examine themselves for specific character flaws that open the doorway to deception. In this book, Jennifer offers practical guidance on: ? How the Holy Spirit warns us before we stray from the narrow path ? How to steer clear of self-deception that shuts out the truth ? How to withstand the pressure that comes with true prophetic ministry ? How to truly repent and get back on track with God ? And much more!

[That Line of Darkness Vol 1 \(2nd\), , Robert A. Douglas](#) , 2012, 0987725890, 9780987725899. In That Line of Darkness: The Shadow of Dracula and the Great War, Robert A. Douglas explores the tradition of Gothic novels, most notably Bram Stoker's Dracula, Robert Louis Stevenson's The Strange Case of Dr. Jekyll and Mr Hyde, and Oscar Wilde's The Picture of Dorian Gray, peering through the lens of these extraordinary works to see more clearly the class, race and gender tensions in late nineteenth-century Britain. Drawing upon Gothic conventions-the demonization of the other, the use of doubling and the uncanny, psychic vampirism and the compulsion for blood "purity" or national "purification"-Douglas draws connections between Dracula and Jack the Ripper, between Robert Baden-Powell and Oscar Wilde, and between Dracula and an electrifying piece of investigative journalism about underage girls lured into prostitution. That Line of Darkness is divided into four parts. The first three focus on the fin-de-si cle, culminating in Part Four, an illumination of the Great War and its aftermath through the prism of these Gothic conventions. Our understanding of war fantasies, national propaganda, the ghastly conditions in the trenches, the often barbaric treatment of emotionally damaged soldiers and the power of spiritualism is enriched as Douglas examines each through Gothic filters. That Line of Darkness has been praised as making a valuable contribution to historical insight into the furious emotions that were generated by peacetime controversies and the threads that connected them to the Great War.

[Great Lakes Lighthouses Encyclopedia, Larry Wright, Patricia Wright](#) , 2011, 1554078938, 9781554078936. "Very useful for transportation, architecture, local, and comprehensive collections. [Draft Detention of Terrorist Suspects \(Temporary Extension\) Bills: report, Great Britain: Parliament: Joint Committee on the Draft Detention of Terrorist Suspects \(Temporary Extension\) Bills, Stationery Office \(Great Britain\)](#) , 2011, 0108473538, 9780108473531. The Joint Committee scrutinised the Home Office's draft Detention of Terrorist Suspects (Temporary Extension) Bills, which could be enacted urgently if it ever became necessary to extend to 28 days the maximum period for which the police could apply to a High Court judge detain terrorist suspects before charging them. The Committee agrees with the Government's objective, but does not accept the Government's proposals for achieving the objective. When provisions of this kind needed to be introduced after individuals had been arrested; it would be almost impossible to give Parliament the information it would need to scrutinise the legislation adequately without putting at risk a suspect's right to have a fair trial. In addition there is a risk that, if the provision was required in a period of parliamentary recess or dissolution, legislation could not be introduced in time, or at all. The Committee recommends, instead, the introduction of legislation to empower the Secretary of State to make an executive order (with the agreement of the Attorney General and subject to rigorous safeguards), that would temporarily extend the maximum period available for pre-charge detention to 28 days. There would have to be an independent review of the case for making such an order. The Director of Public Prosecutions would continue to be responsible for applications to a High Court judge in individual cases. The Secretary of State would be accountable to Parliament for the decision once there was no longer any risk of prejudicing judicial proceedings.

[Tubes: A Journey to the Center of the Internet, Andrew Blum](#) , 2012, 0062096753, 9780062096753. When your Internet cable leaves your living room, where does it go? Almost everything about our day-to-day lives and the broader scheme of human culture can be found on the Internet. But what is it physically? And where is it really? Our mental map of the network is as blank as the map of the ocean that Columbus carried on his first Atlantic voyage. The Internet, its material nuts and bolts, is an unexplored territory. Until now. In *Tubes*, journalist Andrew Blum goes inside the Internet's physical infrastructure and flips on the lights, revealing an utterly fresh look at the online world we think we know. It is a shockingly tactile realm of unmarked compounds, populated by a special caste of engineer who pieces together our networks by hand; where glass fibers pulse with light and creaky telegraph buildings, tortuously rewired, become

communication hubs once again. From the room in Los Angeles where the Internet first flickered to life to the caverns beneath Manhattan where new fiber-optic cable is buried; from the coast of Portugal, where a ten-thousand-mile undersea cable just two thumbs wide connects Europe and Africa, to the wilds of the Pacific Northwest, where Google, Microsoft, and Facebook have built monumental data centersBlum chronicles the dramatic story of the Internet's development, explains how it all works, and takes the first-ever in-depth look inside its hidden monuments. This is a book about real places on the map: their sounds and smells, their storied pasts, their physical details, and the people who live there. For all the talk of the "placelessness" of our digital age, the Internet is as fixed in real, physical spaces as the railroad or telephone. You can map it and touch it, and you can visit it. Is the Internet in fact "a series of tubes" as Ted Stevens, the late senator from Alaska, once famously described it? How can we know the Internet's possibilities if we don't know its parts? Like Tracy Kidder's classic *The Soul of a New Machine* or Tom Vanderbilt's recent bestseller *Traffic*, *Tubes* combines on-the-ground reporting and lucid explanation into an engaging, mind-bending narrative to help us understand the physical world that underlies our digital lives.

[Rip Crinkle Paste: Create a Coral Reef, Louis Miller](#) , 2006, 0977265404, 9780977265404. Rip Crinkle and Paste are the three steps to creating colorful art with just tissue paper and glue. Rip the tissue paper into pieces, crinkle each piece into shape, and paste onto printed project cards (included) that show the outline of each creature- so there is no drawing required. The book contains 6 coral reef projects explained step-by-step with pictures. Make a clownfish, an octopus, a seahorse, a coral crab, an angelfish, and a sea turtle using 45 sheets of tissue paper in 10 vibrant colors all included.

Updated photos and easy-to-understand text introduce students to a variety of interesting agriscience concepts and skills, including agriscience career clusters and pathways, how science is used in agriculture, real-world applications of agriscience, and what it means to be a professional in the agriscience industry. New chapters on leadership and student organizations such as FFA have been

added with a focus on developing the traits that define a successful member of the agriscience community. Expanded coverage of genetics, biotechnology, food safety, entomology, and agricultural mechanics makes this edition a comprehensive learning tool for students interested in an agriscience career. - Back cover.

[My Dear Wife and Little Boys, Joe L. Brown, Jr.](#) , 2004, 0976459205, 9780976459200. The Civil War sets the scene for a true story written at the battlefields by a young Mississippi farmer turned soldier. Sergeant Joseph Meaders, of the 42nd Mississippi Volunteers Regiment, under the command of General Robert E. Lee, penned 47 heart-wrenching letters to his wife and little boys on a farm just outside of Coffeeville, Mississippi, which gives an insight into the life, the trials and hardships the enlisted soldier endured.

[Betrayal, Giorgio Scerbanenco](#) , 2013, 0957480601, 9780957480605. A lawyer who has spent time in prison with Duca is found drowned in one of the Milanese canals. Duca is contacted by a friend of the dead lawyer to perform surgery on a woman who after the operation confesses that although she is due to marry a wealthy butcher, is really in love with another man, the friend of the lawyer. Shortly afterwards, she is killed together with her lover. Duca discovers that the two events are linked and starts to unravel an arms and drugs trafficking business, centered in an understated trattoria, of which the two were part. "Excellent crime novel. . . Scerbanenco smartly and logically weaves all the various plot threads together."--Publishers Weekly*, Oct. 14, 2013 "Scerbanenco's dark, moody novels have much in common with the darkest of Scandinavian crime fiction. . . This forgotten noir classic from 1966 is finally available in translation. That's good news!"--Library Journal, Oct. 15, 2013

[Small Antenna Design, Douglas B. Miron](#) , 2014, 0124077188, 9780124077188. As wireless devices and systems get both smaller and more ubiquitous, the demand for effective but small antennas is rapidly increasing. This book will describe the theory behind effective small antenna design and give design techniques and examples for small antennas for different operating frequencies. Design techniques are given for the entire radio spectrum, from a very hundred kilohertz to the gigahertz range. Unlike other antenna books which are heavily mathematical and theoretical, Douglas Miron keeps mathematics to the absolute minimum required to explain design techniques. Ground planes, essential for operation of many antenna designs, are extensively discussed. The book will also include a CD-ROM with design software that will greatly simplify readers' daily design tasks.*Author's extensive experience as a practicing antenna design engineer gives book a strong "hands-on" emphasis*Covers antenna design techniques from very low frequency (below 300 kHz) to microwave (above 1 GHz) ranges*Special attention is given to antenna design for mobile/portable applications such as cell phones, WiFi, etc

[The Case of Charles Dexter Ward, H. P. Lovecraft](#) , 2008, 1902197259, 9781902197258. #A nameless terror surges through centuries to engulf the soul of Charles Dexter Ward, a brilliant New England antiquarian. Evil spirits, malefic gods whose memory lives on in whispered legends and fear-stricken superstitions, still lurk in vile catacombs beneath the surface of a blighted land. Ward is driven to unleash these loathsome horrors upon a defenceless world, possessed by the demonic shade of his ancestor Joseph Curwen, a warlock steeped in the blackest arts of magic. Now Ward too must master these obscene rituals, and pay the price in blood. Human blood. The Case Of Charles Dexter Ward remains the

only full-length work of fiction by HP Lovecraft, the master of 20th century horror. It has inspired such classic horror films as Roger Corman's The Haunted Palace and Lucio Fulci's The Beyond. This new edition also includes Lovecraft's rare History of the Necronomicon, plus a challenging new introduction by DM Mitchell (editor, The Starry Wisdom).#DM Mitchell is the editor of the acclaimed Lovecraftian anthology The Starry Wisdom (Creation Books, 1995), and now Associate Editor of Creation Oneiros. He lives in Wales, UK. #H. P. Lovecraft (1890-1937) is the most important and influential horror writer of the twentieth century. His stories of occult nightmare and cosmic terror have drawn praise from William S. Burroughs, Angela Carter and Jorge Luis Borges and continue to inspire new generations of writers, film-makers

[Moonsteed, Manda Benson](#) , 2011, 095660806X, 9780956608062. She killed a man deserving life, and let live a man who deserved to die. Now Sergeant Zeta Verity has until next morning, or 16.7 Earth days, to stop him and bring justice to Callisto. Born to be the best but living in the shadow of her auspicious ancestors, Verity has been posted to the newly terraformed Callisto by the Meritocracy's pseudomilitary research arm to work with specially bred horses. Killing a spy in possession of stolen data is just another day's work. She's not impressed by timid and scholarly Vladimir Bolokhovski, who arrives at the research base with a beautiful stallion he has genetically engineered. But when her superiors start disappearing and an arrest warrant is issued on Verity herself for spying, she discovers the spy was not what he appeared, and that someone is playing games with all of them. She's going to need the help of both Vladimir and the dead spy to find and stop the mastermind behind it all.

[Your Pregnancy Devotional: 280 Days of Prayer And Inspiration, Pamela Fierro, Suzie Chafin](#) , 2006, 1440517274, 9781440517273. There are many books that show you how to nurture your body and the precious life growing inside of you, but Your Pregnancy Devotional shows you how to nurture your spirit, as well as the spirit of your unborn child. In this stunning devotional, you not only have a roadmap for your passage to motherhood, but also for your journey into your relationship with Jesus. Filled with biblical passages and inspirational stories, your soul will flourish with the love of Christ. Beautifully written by two Christian mothers, Your Pregnancy Devotional is essential for your spiritual fulfillment during this emotional time of life.

[To Begin the World Over Again: Lawrence of Arabia from Damascus to Baghdad, John C. Hulsman](#) , 2009, 0230617425, 9780230617421. Through his swashbuckling adventures during the improbable Arab Revolt of World War I, T.E. Lawrence developed a unique philosophy for working with developing peoples. He then embarked on a heroic effort, harnessing his celebrity to force the British to keep the promises they made to their Arab allies. Lawrence famously said of

British efforts to further Arab self-rule: Better to let them do it imperfectly than do it perfectly yourself, for it is their country, their war, and your time is short. He applied his extensive knowledge of the Arab world to a political vision for nation building in the Middle East whose insights continue to resonate today. In the end, however, Lawrences efforts to stop Western powers from carving up the Middle East at Versailles fell tragically short, laying the foundations for the ongoing instability in that region. Weaving together a gripping historical narrative of Lawrences dramatic Middle East adventures and his surprisingly astute political thinking, foreign policy expert John Hulsman reveals a different Lawrence and gives a bold new voice to this tragic hero.

[Storm Country: The Anthology, Missouri Writers Guild](#) , 2011, 0984438548, 9780984438549. When an E-5 tornado struck Joplin, Missouri, on May 22, 2011, part of the major devastation to the community was to school buildings in the Joplin R-VIII School District. Among these were libraries of four schools, along with the district's Teacher Resource Center. In a collaborative effort, the Missouri Writers' Guild and its Joplin Writers' Guild chapter, the Missouri Humanities Council, and Mozark Press present a collection of the region's writers and poets who contributed their work as a fundraising effort to restore library resources for the Joplin School District. Inside are contributions ranging from Missouri and Kansas poets laureate, to a Joplin High School sophomore, to a 2011 Pushcart nominee, to sixth-grade students from Fair Grove Middle School. Most importantly, inside you'll find the creative voices of the caring community existing within the region we call "Storm Country." All proceeds from the sale of Storm Country: The Anthology will go toward books and learning materials for the Joplin school libraries and Teacher Resource Center.

[The Listmaker, Robin Klein](#) , 1997, 1742284620, 9781742284620. Twelve-year-old Sarah makes lists. It helps her remain in control when her life is on hold. But what sort of life does she want when the choice is between eccentric elderly aunts and her sophisticated glamorous stepmother? A wonderful portrayal of families with all their idiosyncrasies.

[Susan Meiselas: In History, Kristen Lubben](#) , 2008, 3865216854, 9783865216854. Since the 1970s, questions of ethics raised by documentary practice have been central to debates in photography. Perhaps no other photographer has so closely and consistently represented and participated in these debates than Susan Meiselas. An American photographer best known for her work covering the political upheavals in Central America in the 1970s and 80s--including the El Mozote massacre in El Salvador--Meiselas' process has evolved in radical and challenging ways as she has grappled with essential questions about her relationship to her subjects, the use and circulation of her images in the media and the relationship of images to history and memory. Meiselas is under no illusions about the dual nature of the photographer's role as witness: "The camera is an excuse to be someplace you otherwise don't belong. It gives me both a point of connection and a point of separation." Her tenacious engagement with these matters has made her a leading commentator in the debate on contemporary photojournalism. With 200 plates and contributions from some of

photography's finest theorists--among them David Levi Strauss, Lucy Lippard, Kristen Lubben, Jan-Erik Lundstrom and Allan Sekula--this volume gives an overview of Meiselas' enormously varied and courageous work to date.

[White Christmas, Bloody Christmas: Finally, the True Story of the Lawson Family Murders of Christmas Day, M. Bruce Jones, Trudy Smith](#) , 1990, 0962810819, 9780962810817. On Christmas Day, 1929, a mysterious mass murder was carried out in the snowy foothills of N.C. by a church-going tobacco farmer. Charlie Lawson brutally gunned down his wife & 6 children age 4 mo. to 17 years, bludgeoned them, then placed their heads on pillows before taking his own life. There seemed no motive, only two unfinished notes & many unanswered questions. Why was one son spared? Why did the clock stop, precisely recording the time? Why no Christmas gifts in the home? Did Lawson simply go insane? The bloody crime scene became one of the most popular attractions of the Depression era southeast, attracting thousands--the story became legend. After 60 years, the mystery had survived all attempts to explain it. Now, an elderly niece of the murderer has revealed the well-kept secret. More than just a true crime, this is a historic, once-in-a-lifetime story of murder, premonitions, & scandal. A rare opportunity to see a famous mysterious murder explained. Finally, the tombstone's prophecy has been fulfilled..."We have read the meaning of our tears, & now we understand." 10,000 copies already sold.

[Insolvency: A Second Chance, Great Britain. Insolvency Service](#) , 2001, 0101523424, 9780101523424. The report sets out proposals for the reform on insolvency law, to create an administration procedure to give all interest groups a fair say and the opportunity to influence the outcome. The report proposes to remove the Crown's preferential rights in all insolvency's and the 'fresh start' proposals for personal bankruptcy are based on the recognition that honest failure is inevitable part of a dynamic market economy with a tough regime on those who conduct their financial affairs irresponsibly or recklessly. The report sets out proposals for both Personal and Corporate Insolvency Reforms including reducing the restrictions imposed by the bankruptcy order to a maximum of 12 months from the current 3 years to aid rehabilitation and re-starts

[Geophysical Field Theory and Method, Part C: Electromagnetic Fields II, Alex A. Kaufman](#) , 1994, 0080959946, 9780080959948. This book contains information about the theory of electromagnetic fields in conducting media. It describes the theoretical foundation of electromagnetic methods used in all areas of exploration geophysics, including a study of deep layers of Earth. This book will be useful for research and exploration geophysicists, electronic engineers, and graduate and university geophysics departments.Key Topics Covered Include:. Electromagnetic fields in conducting media. Physical principles of electromagnetic methods applied in geophysics. Relationship between electromagnetic fields

and parameters of a medium

[The Future of Financial Regulation, Iain MacNeil, Justin O'Brien](#) , 2010, 1841139106, 9781841139104. The Future of Financial Regulation is an edited collection of papers presented at a major conference at the University of Glasgow in Spring 2009. It draws together a variety of different perspectives on the international financial crisis which began in August 2007 and later turned into a more widespread economic crisis following the collapse of Lehman Brothers in the Autumn of 2008. Spring 2009 was in many respects the nadir since valuations in financial markets had reached their low point and crisis management rather than regulatory reform was the main focus of attention. The conference and book were deliberately framed as an attempt to re-focus attention from the former to the latter. The first part of the book focuses on the context of the crisis, discussing the general characteristics of financial crises and the specific influences that were at work during this time. The second part focuses more specifically on regulatory techniques and practices implicated in the crisis, noting in particular an over-reliance on the capacity of regulators and financial institutions to manage risk and on the capacity of markets to self-correct. The third part focuses on the role of governance and ethics in the crisis and in particular the need for a common ethical framework to underpin governance practices and to provide greater clarity in the design of accountability mechanisms. The final part focuses on the trajectory of regulatory reform, noting the considerable potential for change as a result of the role of the state in the rescue and recuperation of the financial system and stressing the need for fundamental re-appraisal of business and regulatory models. This informative book will be of interest to financial regulators and theorists, commercial and financial law practitioners, and academics involved in the law and economics of regulation.

[Retribution, Kelsey Miller](#) , 2011, 0983960801, 9780983960805. Not all Vampires drink blood... More cunning and intuitive than the other wolves in his Family, Faolan has never had a problem killing their Vampire enemies. Yet even he is unprepared for the two Changelings-newly turned Vampires-who attack him one day during his patrol. The Changelings make no move to kill Faolan, and puzzled by their strange behavior, he flees. Before the wolves can determine the cause, Faolan is attacked again. Faolan barely has time to parry the Vampire's blows before he is ripped from his wolf form. Cowing as a human, Faolan waits for death, yet the Vampire inexplicably spares his life-but her action comes with a

price. The Vampire claims she does not drink blood. Instead, she has vowed to kill her nemesis, Hunter, an elusive vampyre with special abilities responsible for a tragedy the Vampire refuses to disclose. She compels Faolan into joining her on a week-long journey to acquire information from Hunter's retired executioner. Faolan's father forces him into going, and after the Vampire saves his life, Faolan realizes that the two of them will be partners for much longer than seven days. Faolan and the Vampire are bound together by a force older than any of them can imagine, and only they can hope to defeat Hunter. However, the Vampire has not been entirely truthful. What is she keeping from Faolan? And will he be able to learn her secret before both of them are killed?

[Representing Agrippina : Constructions of Female Power in the Early Roman Empire: Constructions of Female Power in the Early Roman Empire, Judith Ginsburg](#) , 2005, 0195346157, 9780195346152. Agrippina the Younger, wife of the emperor Claudius and mother of his successor Nero, wielded power and authority at the center of the Roman empire in ways unmatched by almost any other woman in Roman history. Such, at least, is the portrait of Agrippina delivered by our sources and perpetuated in modern scholarship. In this posthumous work, Judith Ginsburg provides a fresh look at both the literary and material representations of Agrippina. Unlike previous treatments, she seeks neither to condemn nor to rehabilitate Agrippina. Nor does she endeavor to exhume the "real Agrippina" from the embellished or fabricated portraits found among the ancients. Ginsburg trains her focus on the representations themselves. Her painstaking dissection of the portrayals by historians exposes the rhetorical tropes, the recurrent motifs, and the craft that shaped the literary image of Agrippina. The designs, as Ginsburg shows, were more than literary flourishes. They aimed to blur the boundaries between the domestic and the imperial realms, deploying the image of Agrippina as domineering wife and mother to suggest the flaws and instability of the regime, a dysfunctional family entailing a dysfunctional system of governance. Gender inversions at home played themselves out on the public scene as imperial rule compromised by female ascendancy. Distorted stereotypes of the "wicked stepmother," the domineering woman, and the sexual transgressor were applied to underscore the violations of status and disruption of gender relations that characterized the imperial administration. Ginsburg has as keen an eye for visual (mis)representations as for literary ones. The depictions of Agrippina on coinage and statuary provide a stark contrast with the written evidence. She appears as matron and priestess, emblematic of domestic rectitude and public piety, and a central figure in the continuity of the dynasty. Ginsburg incisively demonstrates the means whereby Agrippina's imagery was molded both to serve the interests of the Julio-Claudian regime and to advance the ends of its critics.

[Illumine, Alivia Anders](#) , 2012, 1469920670, 9781469920672. For the past five months Essallie Hanley has been trying to forget about the frightening murder of her boyfriend. Haunted by vivid nightmares and hallucinations of the event she does anything she can to pretend she's like every other normal girl in High School. Only Essallie is far from normal. Able to conjure blue fire and a shimmering silhouette of wings from her body, she seeks the only known solace left to her name; her first home in Belfast, Maine. But she soon realizes that her return home is only the beginning of a long and twisted road taking her as far from her humanity as possible, with Kayden, the demon originally summoned to slaughter her, leading the way. Unable to touch her but oddly curious, he joins Essallie in her search to find out just what she is. But neither of them were prepared for the secrets they've begun to unravel, secrets that will change Essallie and everyone around her forever.

[The Pure in Heart: A Simon Serrailler Mystery, Susan Hill](#) , 2007, 1585679283, 9781585679287. Simon Serrailler - the Detective Chief Inspector to whom readers were introduced in The Various Haunts of Men - is on vacation in Venice, trying to come to terms with the brutal murder of a young woman who had been in love with him, when a telephone call summons him home. A little boy has been snatched from the front gate of his home, where he was waiting for his lift to school. At the same time, a severely handicapped young woman is hovering between life and death. And an ex-con is trying to go straight, but he's finding it impossible. The Pure in Heart is a crime novel arising out of character and circumstances, about the psychology of crime, something more enthralling than plain thrillers or whodunits. In Lafferton, Serrailler's town, Susan Hill has brilliantly created a community with detail so sharp and true to life readers feel that these people are their own neighbors and friends. But there is terror and evil in their very midst.

[Oh No, Jo, No!](#), [Michaela Morgan](#) , 1999, 0199155135, 9780199155132. The Oxford Literacy Web is an exciting new literacy programme designed to guide schools successfully through the primary years. Fitting the requirements of the National Literacy Strategy, National Curriculum in England and Wales, English Language 5-14 in Scotland, and Common Curriculum in Northern Ireland, the Oxford Literacy Web guides pupils through the core skills associated with learning to read and write with a diverse range of literary styles within the genres of fiction, non-fiction, rhymes, language, and poetry. The "Fiction" strand: there can be no better way to learn to read than through the Duck Green School and Variety story strands. Exciting stories, hilarious events, and dynamic illustrations combine to ensure diversity and enjoyment. In the Duck Green School stories, early school experiences are brought to life through a cast of lovable characters. Children can enjoy their own 'soap opera' while learning specific vocabulary in context. In the Stage 1Duck Green Stories, the reception class children find out more about life at Duck Green School, rescue an injured baby bird, and attend a Bonfire Night fireworks party. The books are available in both standard and 'big book' format.

This book provides a gentle introduction explaining terms and providing basic principles.

[Devotions for the Beach: And Days You Wish You Were There](#), [Miriam Drennan](#) , 2012, 1400320305, 9781400320301.

Dig your feet in the sand and let the water cool your toes as you escape into the beauty of Gods seaside creations, and hear His voice more clearly than perhaps anywhere else. Theres nothing quite like the warmth and relaxation of the beachaway from the stresses of the world and into a place of peace and refreshment. Devotions for the Beach is the gentle breeze that takes you there, to see the majesty of God and to open your heart and soul to the One who created it all. These ninety devotions explore the parallels of life with the elements of the shore to help you see God, to find hope, to draw strength, and to rest in the comfort of His arms throughout your day. Included are striking photographs with a fresh, contemporary design for timeless appeal. Every woman will want a copy of this book as a gentle reminder of days at the beach and the call of Gods love.

[War Torn, Andy McNab](#) , 2010, 1409095177, 9781409095170. With two tours of Iraq under his belt, Sergeant Dave Henley knows what modern war looks like. But nothing can prepare him for the posting to Forward Operating Base Senzhiri, Helmand Province, Afghanistan. This is a battlezone like he's never seen before. He's in charge of 1 Platoon, a ragbag collection of rookies who he must make into a fighting force - and fast. But this is a brutal, unforgiving conflict which takes no prisoners. Their convoy is ambushed on the way to the FOB, leaving two men grievously wounded - before they've fired a shot. Back at home, Dave's wife, Jenny, seven months pregnant, must try to hold together the fragile lives of the families left behind, who all wait for the knock on the door and the arrival of bad news...

[Return of a King: The Battle for Afghanistan, William Dalrymple](#) , 2013, 140882843X, 9781408828434. In the spring of

1839, the British invaded Afghanistan for the first time. Led by lancers in scarlet cloaks and plumed shakos, nearly 20,000 British and East India Company troops poured through the high mountain passes and re-established on the throne Shah Shuja ul-Mulk. On the way in, the British faced little resistance. But after two years of occupation, the Afghan people rose in answer to the call for jihad and the country exploded into violent rebellion. The First Anglo-Afghan War ended in Britain's greatest military humiliation of the nineteenth century: an entire army of the then most powerful nation in the world ambushed in retreat and utterly routed by poorly equipped tribesmen. Shortlisted for the Samuel Johnson Prize 2013, *Return of a King* is the definitive analysis of the First Afghan War, told through the lives of unforgettable characters on all sides and using for the first time contemporary Afghan accounts of the conflict. Prize-winning and bestselling historian William Dalrymple's masterful retelling of Britain's greatest imperial disaster is a powerful and important parable of colonial ambition and cultural collision, folly and hubris, for our times.

Address the question of 'too close for comfort' and what action is required to prevent loss of wildlife, and to avoid human or animal suffering. How have zoologists handled this matter? This forum asks these questions, and throws a spotlight on issues of: roadkill, wild-life tourism, zoos, urban wildlife and difficult to manage species.

[Mountain Echoes, , C.E. Murphy](#) , 2013, 0373803516, 9780373803514. You can never go home again Joanne Walker has survived an encounter with the Master at great personal cost, but now her father is missing/stolen from the timeline. She must finally return to North Carolina to find him and to meet Aidan, the son she left behind long ago. That would be enough for any shaman to face, but Joanne's beloved Appalachians are being torn apart by an evil reaching forward from the distant past. Anything that gets in its way becomes tainted or worse. And Aidan has gotten in the way. Only by calling on every aspect of her shamanic powers can Joanne pull the past apart and weave a better future. It will take everything she has and more. Unless she can turn back time

[Communicating: A Pastor's Job, Robert D. Kendall](#) , 1997, 0964750414, 9780964750418. *Communicating: A Pastor's Job* is a practical look at the communication problems facing pastors everyday...written for pastors by a retired pastor & communication professor. The fifteen chapters of this two-part book address such subjects as listening, defensiveness, non-verbal behavior, public-speaking, interpersonal-communication, conflict-management, perception, self-disclosure & leadership. The author applies these concepts to common pastoral situations, including preaching, committee-meetings & counseling, as well as a pastor's informal conversations. He guides the reader to a clearer understanding of the

communicating process & jettisons many of the myths that have surrounded communication over the years. The reader will also find in this work an uncommon twist to the subject of communication ethics. The fifteen chapters are divided into two parts (or volumes): Basics & Situations. Each subject in the book is introduced by quoted experiences & events from the Bible. This is an excellent source for sermon illustrations, especially on relationships. Also worthwhile reading for anyone interested in the subjects of religion, church, lay-ministry, clergy-training, communication-theory, language-usage, homiletics, decision-making, chairing a meeting, power & control, gender communication & family relationships.

Included: a helpful bibliography for further exploration into specific areas of communication.

[The Matter of Europe, Sebastian Barker](#) , 2005, 1874320535, 9781874320531. Poetry. Reference. History. Memoir. THE MATTER OF EUROPE is a highly unusual reference book. Formally, it is broken down into "sketches" and includes long and fascinating lists as well as Sebastian's impressions of various writers and thinkers. According to the introduction, the book "may be extended in any number of directions. The extent and number of these directions depend on the vantage point of the person making a reference." "My experience in reading it was akin to that of sitting in an oculist's studio while lens after lens was placed before my eyes, each offering an ever-closer perspective on those spectacles of wonder, from the time before time to yesterday's turn of a millennium. What an encyclopedic imagination!"-Lindsay Clarke. Barker is the editor of The London Magazine, a Fellow of the Royal Society of Literature, and was chairman of the Poetry Society from 1988 to 1992.

[The hornbills: Bucerotiformes, , Alan C. Kemp, Martin Woodcock](#) , 1995, 019857729X, 9780198577294. Beautifully

illustrated and magnificently comprehensive, The Hornbills is the most authoritative treatment of all 54 species of these fascinating birds available. Found throughout the Old World--from sub-Saharan Africa and the Indian Subcontinent to southeast Asia and Indonesia (to Papua New Guinea)--they are birds of the forest who survive largely on fruits and insects. Named after their large, distinctively shaped bills, they have long fascinated ornithologists with their fascinating social behavior and nesting habits. The first part of the book offers an overview of the family as a whole, describing all facets of hornbill life--including taxonomy, distribution, biology, and behavior--with a summary of the literature, a wealth of examples, and numerous illustrations. The second part features the species accounts, each of which contains a complete description of the bird in its natural state. Each account is culled from the best available sources, including the author's own research. This volume--as with others in the Bird Families of the World series--will be indispensable to professional and amateur ornithologists alike. Bird Families of the World is a new multivolume series of handbooks that will prove indispensable to both the professional scientist and the ever-growing body of amateur ornithologists. Each volume will provide a comprehensive synthesis of current knowledge on one bird family or several related families. In each book the reader will find: six to nine general chapters on the biology, feeding ecology, breeding behavior, evolutionary relationships, and conservation of birds in the family; specially commissioned color plates by a leading artist; black-and-white illustrations of anatomy and behavior; descriptions of each species that cover appearance, weight, measurements, field characters, voice, habitat, food, breeding behavior, life cycle, range, and status (with distribution map). They will provide the most comprehensive and up-to-date species-level information available.

[Mining Machinery, Stationery Office, The](#) , 1983, 0115291520, 9780115291524.

[Brothers, Boyfriends & Other Criminal Minds, April Lurie](#) , 2009, 0375891730, 9780375891731. Brooklyn 1977. April Lundquist lives in Dyker Heights, a neighborhood populated by the Mafia. Three hit men live on her block:Francesco "Frankie the Crunch' Consiglione, Vincent "Gorgeous Vinny" Persico, and Salvatore "Soft Sal" Luciano. When Soft Sal approaches April and her best friend, Brandi Rinaldi, for a favor, well . . . the girls can't refuse.But does the favor, along with the crisp hundred-dollar bills that turn up in their schoolbooks, mean that April and Brandi are now in with the Mob? Will April be able to get "protection" for her older brother, Matt, when he makes the big mistake of falling for the daughter of a big crime boss? And will April's connection to Soft Sal bring her closer to Dominick DeMao, bad-boy rocker and heartbreaker?Soft Sal, Matt, Dom . . . in April's neighborhood the guys stir up all the trouble, but April wouldn't have it any other way.From the Hardcover edition.

[Inside the Square: Our Secrets to Success, Our Square Members](#) , 1999, 0967083508, 9780967083506.

[Jason's Disneyland Almanac, Jason Schultz](#) , 2011, 0972839844, 9780972839846. Have you ever wanted to travel back in time? We have, too. You're on your own for acquiring the time travel device, but this book will help you choose the best days to visit Disneyland. With Park hours for 19,484 of the 20,257 days covered here, plus weather for each day,

Disneyland attendance from July 17, 1955 through December 31, 1966, openings, closings, debuts, endings, events, and famous visitors, Jason's Disneyland Almanac provides detail on every day in Disneyland's history through the end of 2010. From the low attendance during Walt Disney's life of 389 visitors on the rainy January 20, 1962 to the Walt-era high of 60,917 on July 4, 1964, the Almanac is the first compilation to begin to reveal the daily history of Disneyland's 55 years (and counting). More than the sum of its parts, the Almanac puts the important events in Disneyland's history in context-whether that circumstance is a lonely, rainy February day or an event in the crowded heat of a peak-season summer day. Disneyland's history is punctuated by high points like the June 14, 1959 opening of the Matterhorn Bobsleds, Submarine Voyage, and Disneyland-Alweg Monorail System, but more Guests are familiar with the Monday (and later Tuesday) off-season closures that continued from fall 1955 through February 6, 1985. Although it began as a thought exercise in whether it would be possible to know Disneyland in its daily complexity, the present Almanac shows the rich possibilities such an opportunity presents. For most visitors, this compilation will capture the basics of Disneyland on their first visit: the Park hours and the weather. But we hope that it will also show that one day at Disneyland is not interchangeable with any other; each day is in some way unique and different from every other.

[The Unusually Useful Web Book, June Cohen](#) , 2003, 0735712069, 9780735712065. The Unusually Useful Web Book is the only book you need to find out everything you need to know about web sites. In fact, it's 2 books in 1. You can skim the sidebars and checklists for tips and techniques you can use right away. Or you can follow along with the main text for a detailed discussion of planning, designing, building, and maintaining your web site. The Unusually Useful Web Book is jam-packed with: Do-it-yourself worksheets. 20 worksheets walk you through essential tasks such as increasing traffic, improving site speed, writing a product plan, and making your site cross-compatible. Behind-the-scenes info. 25 special Lessons from the Trenches show you how sites such as MSN.com and BabyCenter.com deal with day-to-day challenges such as naming site sections or sending effective emails. Advice from leading experts. More than 50 experts - from the father of the ad banner to the founder of BlackPlanet.com - openly share the lessons they've learned on everything from making money to working with engineers. Includes expert interviews with Adam Berlant (Group Manager at Microsoft), Greg Dotson (Chief Information Office for www.guru.com), Randi Shade (founder of www.CharityGift.com), Emily Simas (former product manager for www.BabyCenter.com), Srinija Srinivasan (VP and Editor in Chief of Yahoo!), and Evany Thomas (managing editor for Webmonkey). Jargon-free explanations. Step-by-step instructions-covering everything from acquiring a domain name to preparing images for the web-are written in language you can understand. But don't just take our word for it. Read what others are saying about The Unusually Useful Web Book: "This book definitely stands out. Most books of this nature are stuffed with irrelevant and non-substantive information that only add confusion to an already complex process. This book delivers an overwhelming amount of information but presents it in a way that is both

approachable and useful. There was a lot of information that I could immediately apply to current projects." Garo Green, Director of Publications, lynda.com "The coverage is practical and comprehensive. I'm not aware of other titles that take this comprehensive approach to web building, addressing the entire life cycle of web design and development as well as the roles required in each phase." Laura McCabe, co-author of Special Edition Using Flash MX "Anyone that has a passion for web design, both novices and professionals, will enjoy this book. For the novice, it's an eye opener and the reader will probably be compelled to soak in all the material, cover to cover. For the professional, it's a strong reinforcement of things we often overlook and a great reference tool. I'm a professional and found it to be an up-to-date and refreshing read, and I plan on using it as a required textbook in the classroom for my students! They will truly benefit from this book and refer to it over and over again!" Rosanna Yeung, Multimedia & Web Design Instructor, The Art Institute of California
