[Haunted Key West / Strange Key West, David L. Sloan, Matthew Sean Casey](#) , 2003, 0967449839, 9780967449838. Two incredible books in one. Haunted Key West tells tales from ten of Key West's favorite hauntings including the ghost of Ernest Hemingway, the lady in blue and the ghost of US. Strange Key West takes you beyond the supernatural with amazing stories about voodoo curses, bizarre cemeteries and a grotto that protects the island from hurricanes.

come to understand the important principles and concepts of the program, Alcoholics Anonymous, as well as a comprehensive understanding of Alcoholics Anonymous' 12 Steps of Recovery.

[A Huron-English/English-Huron Dictionary \(listing Both Words and Noun and Verb Roots\), John Steckley](#) , 2007, 0773452583, 9780773452589. This work is the first comprehensive dictionary of the Huron or Wendat language written in over 250 years. It is fundamentally derived from the lexicographic work of French Jesuits during the seventeenth and eighteenth centuries. It follows these dictionaries in having the verb and noun roots of the Huron-English section ordered through the five conjugations of pronominal prefixes characteristic of Northern Iroquoian languages.

[That Eye, the Sky, Tim Winton](#) , 1987, 0140088482, 9780140088489.

[The Trespass: A Novel, Barbara Ewing](#) , 2003, 0312314205, 9780312314200. London 1849. The capital city is living in fear. Cholera is everywhere. Eminent MP Sir Charles Cooper decides it is too risky for his younger daughter, the strangely beautiful and troubled Harriet, and sends her-but not her beloved sister Mary-to the countryside. Rusholme is a world away from London, full of extraordinary relations: Harriet's cousin Edward and his plans for a new life in New Zealand; Aunt Lucretia, reliant on afternoon wine and laudanum; the formidable Lady Kingdom and her two eligible, unobtainable sons. However, life in the country can offer only temporary respite to Harriet, who longs to return to her sister. But when Harriet does come home, London has become more dangerous than ever. Her health, her freedom-even her sanity-are under threat. Escape is essential. Can a young, powerless girl change her life? Can she board the Amaryllis without being discovered? Does she realize that if she flees, more than one person will pursue her, literally to the end of the world? The Trespass is historical fiction at its most gripping, stretching from the dark side of Victorian London to the optimism and energy of the early New Zealand settlements.

[Retire in Style: 50 Affordable Places Across America, Warren R. Bland](#) , 2001, 0970090803, 9780970090805. Providing information on 50 of the most outstanding communities across the United States, this handy sourcebook guides retirees toward safe, friendly communities that are rich in amenities. Rather than relying heavily on anecdotal advice and information, this handbook rates communities on such components as the quality of available health care, public transportation, and cost of living. Cities are grouped by region to make it easier to compare those in similar areas with information on local flavor, such as cultural attractions, surrounding countryside, and shopping areas. Also included are helpful maps and climatic tables for each listing, making this a valuable tool for retirees planning a move.

[Body Contouring Surgery After Weight Loss, Joseph F. Capella, J. Peter Rubin](#) , 2006, 1886039186, 9781886039186. Are you among the tens of thousands of people who have lost a dramatic amount of weight? If so, congratulations! You did it! Those years of struggling and failed diets are behind you. Perhaps you did it through weight loss surgery. Or, perhaps it was through diet and exercise. Either way, you have created a new body and a new life for yourself. But, now that the

weight is gone, are you left with extra skin? If so, it likely causes you embarrassment and perhaps hygiene problems as well. Fortunately, body contouring surgery can help restore a more natural look to your body. The authors of this book, respected plastic surgeons, have performed hundreds of body contouring procedures on weight loss patients, and they understand your concerns as you explore having reconstructive surgery. Among the questions they answer are: How soon after surgery can I have excess skin be removed? Which surgery should I have first? How many surgeries can I have at one time? Should I have a tummy tuck or a body lift? Will I have much pain after contouring surgery? Can my breasts be restored to normal? Where will scars from the surgery be visible? When can I return to work and resume physical activity? What about fees? Will insurance pay? The book contains 136 color illustrations and photos, including dozens of "before & after" photos of surgery patients, as well as an appendix, resource section, glossary, and index.

[Soup, Coralie Castle](#) , 1992, 1564265528, 9781564265524. Coralie Castle's SOUP is a completely revised and updated guide to one of the singular pleasures of the table--a soul-warming bowl of soup. Considered the most ancient of foods, soup today has risen to new heights. This book covers stocks, vegetable and grain soups, ethnic soups, meal in a bowl, cold soups, fruit soups, and accouterments such as dumplings and garnishments, and more.

[Mr Toppit, Charles Elton](#) , 2009, 0141910526, 9780141910529. And out of the Darkwood Mr Toppit comes, and he comes not for you, or for me, but for all of us. When The Hayseed Chronicles, an obscure series of children's books, become world-famous millions of readers debate the significance of that enigmatic last line and the shadowy figure of Mr Toppit who dominates the books. The author, Arthur Hayman, an unsuccessful screenwriter mown down by a concrete truck in Soho, never reaps the benefits of the books' success. The legacy passes to his widow, Martha, and her children - the fragile Rachel, and Luke, reluctantly immortalised as Luke Hayseed, the central character of his father's books. But others want their share, particularly Laurie, the overweight stranger from California, who comforts Arthur as he lies dying, and has a mysterious agenda of her own that changes all their lives. For buried deep in the books lie secrets which threaten to be revealed as the family begins to crumble under the heavy burden of their inheritance. Spanning several decades, from the heyday of the British film industry after the war to the cut-throat world of show business in Los Angeles, Mr Toppit is a riveting tale of the unexpected effects of sudden fame and fortune. Not since Jonathan Coe's What a Carve Up! has a novel managed to capture a family and a society to such wonderfully funny and painful effect.

[Paths of Accommodation: Muslim Societies and French Colonial Authorities in Senegal and Mauritania, 1880-1920, David](#)

[Robinson](#) , 2000, 0821413538, 9780821413531. Between 1880 and 1920, Muslim Sufi orders became pillars of the colonial regimes and economies of Senegal and Mauritania. In *Paths of Accommodation*, David Robinson examines the ways in which the leaders of the orders negotiated relations with the Federation of French West Africa in order to preserve autonomy within the religious, social, and economic realms while abandoning the political sphere to their non-Muslim rulers. This was a striking development because the local inhabitants had a strong sense of belonging to the Dar al-Islam, the world of Islam in which Muslims ruled themselves. Drawing from a wide variety of archival, oral, and Arabic sources, Robinson describes the important roles played by Muslim merchants and the mulatto community of St. Louis, Senegal. He also examines the impact of the electoral institutions established by the Third Republic, and the French effort to develop a reputation as a Muslim power a European imperial nation with a capacity for ruling over Islamic subjects. By charting the similarities and differences of the trajectories followed by leading groups within the region as they responded to the colonial regimes, Robinson provides an understanding of the relationship between knowledge and power, the concepts of civil society and hegemony, and the transferability of symbolic, economic, and social capital.

[The Billion Dollar Question, Vincent W. Idisi](#) , 2000, 0953913309, 9780953913305.

[The Sorcerer: Legends of Camelot 3, Jack Whyte](#) , 2013, 1405521309, 9781405521307. A throne will be claimed Heroes will fall A destiny will be fulfilled Merlyn Britannicus returns to his home of Camelot to keep a sacred promise: to lead Arthur Pendragon to the throne. But between Merlyn and victory lie opponents who would destroy those that he loves the most. As friends and family face violent judgement, Merlyn transforms himself into the feared sorcerer of legend. Time is running out for Merlyn to unite a Britain divided by war and lust for power, and for him to turn Arthur from young hero into the High King of Britain. Discover the most authentic telling of the Arthurian legend ever written

[Amateurs, Ralph Rugoff](#) , 2008, 0980205514, 9780980205510. Curated by Ralph Rugoff--former Director of the Wattis Institute and current Director of the Hayward Gallery in London--and featuring work by Johanna Billing, Jennifer Bornstein, Andrea Bowers, Phil Collins, Jeremy Deller, Harrell Fletcher, Josh Greene, Cameron Jamie, Alan Kane, Long March Project, Yoshua Okon, Michele O'Marah, Hirsch Perlman, Jim Shaw, Simon Starling, Javier Tellez, Jeffrey Vallance and Eric Wesley, "Amateurs" surveys recent artworks in which amateurism is embraced as a critical aesthetic strategy and mode of production. Favored by conceptual artists and early Modernist vanguards, an aesthetic of amateurism has long served as a means for deflating models of academic and market-driven art. This volume challenges the mainstream of contemporary art by bringing together artists who elaborate on this tradition.

[High Performance Rowing, John McArthur](#) , 1997, 1861260393, 9781861260390. Written for coaches and crews that are past beginner level but new to competitive rowing, High Performance Rowing doesn't aim to cover every aspect of rowing, but just concentrates on how to make your boat go faster. It is a detailed guide to fitness and strength training, and covers equipment and techniques needed for improving performance at different levels of competition. Topics include tips on improving technique, how to write a training program, and selection of crews.

[The Intimate Touch: A Guide to Being a Better Lover, Glenn Wilson](#) , 1994, 0786701536, 9780786701537. This beautifully produced guide in three profusely illustrated sections will inspire readers to better, more sensual and satisfying lovemaking. It explains all the physical and emotional aspects of sexuality and offers solid advice and helpful instruction.

[Mind in Life: Biology, Phenomenology, and the Sciences of Mind, Evan Thompson](#) , 2007, 0674025113, 9780674025110. How is life related to the mind? The question has long confounded philosophers and scientists, and it is this so-called explanatory gap between biological life and consciousness that Evan Thompson explores in Mind in Life. Thompson draws upon sources as diverse as molecular biology, evolutionary theory, artificial life, complex systems theory, neuroscience, psychology, Continental Phenomenology, and analytic philosophy to argue that mind and life are more continuous than has previously been accepted, and that current explanations do not adequately address the myriad facets of the biology and phenomenology of mind. Where there is life, Thompson argues, there is mind: life and mind share common principles of self-organization, and the self-organizing features of mind are an enriched version of the self-organizing features of life. Rather than trying to close the explanatory gap, Thompson marshals philosophical and scientific analyses to bring unprecedented insight to the nature of life and consciousness. This synthesis of phenomenology and biology helps make Mind in Life a vital and long-awaited addition to his landmark volume The Embodied Mind: Cognitive Science and Human Experience (coauthored with Eleanor Rosch and Francisco Varela). Endlessly interesting and accessible, Mind in Life is a groundbreaking addition to the fields of the theory of the mind, life science, and phenomenology.

[The Nag Hammadi Scriptures, Marvin W. Meyer, James M. Robinson](#) , 2010, 0062046365, 9780062046369. The Definitive Collection of Gnostic WritingsThe year is 1945. At the foot of a cliff along the Nile River, near the city of Nag Hammadi, an Egyptian peasant unearths a large storage jar containing ancient manuscripts. The discovery turns out to be one of the greatest archaeological discoveries of the past century. A treasure of fourth-century texts, the manuscripts are the scriptures of the ancient mystical tradition commonly called Gnosticism, from the Greek gnosis, that is, secret knowledge. It is a discovery that challenges everything we thought we knew about the early Christian church, ancient Judaism, and Greco-Roman religions.The Nag Hammadi Scriptures is the most complete and up-to-date English-language edition of these sacred texts from Egypt. It is full of treatises, testimonies, and secret books that had been lost for centuries. In addition to gospels purportedly by the apostles Thomas and Philip, and the revelations of James, Peter, and Paul, this collection also includes the Gospel of Mary and the controversial Gospel of Judas. The documents have been newly translated by a team of prominent international scholars. This volume also features introductory essays and extensive notes to help readers understand the context and significance of these texts that have revolutionized the study of early Christianity and ancient religious thought.

[Mathematical Olympiad Treasures, Titu Andreescu, Bogdan Enescu](#) , 2011, 0817682538, 9780817682538. This second edition of Mathematical Olympiad Treasures contains a stimulating collection of problems in geometry and trigonometry, algebra, number theory, and combinatorics. It encourages readers to think creatively about techniques and strategies for

solving real-world problems, with new sections, revisions, and many more Olympiad-like problems at various levels of difficulty. The problems are clustered by topic into three self-contained chapters. The book begins with elementary facts, followed by carefully selected problems and detailed, step-by-step solutions, which then lead to more complicated, challenging problems and their solutions. Reflecting the vast experience of two professors and Mathematical Olympiad coaches, the text will be invaluable to teachers, students, and puzzle enthusiasts. The advanced reader is challenged to find alternative solutions and extensions of the proposed problems.

[Super Brain: Unleashing the Explosive Power of Your Mind to Maximize Health, Happiness, and Spiritual Well-Being, Deepak Chopra, Rudolph E. Tanzi](#) , 2012, 0307956822, 9780307956828. A manual for relating to the brain in a revolutionary new way, Super Brain shows you how to use your brain as a gateway for achieving health, happiness, and spiritual growth. The authors are two pioneers: bestselling author and physician Deepak Chopra and Harvard Medical School professor Rudolph E. Tanzi, one of the world's foremost experts on the causes of Alzheimers. They have merged their wisdom and expertise for a bold new understanding of the three-pound universe and its untapped potential. In contrast to the baseline brain that fulfills the tasks of everyday life, Chopra and Tanzi propose that, through a person's increased self-awareness and conscious intention, the brain can be taught to reach far beyond its present limitations. We are living in a golden age for brain research, but is this a golden age for your brain? they ask. Super Brain explains how it can be, by combining cutting-edge research and spiritual insights, demolishing the five most widespread myths about the brain that limit your potential, and then showing you methods to: -Use your brain instead of letting it use you -Create the ideal lifestyle for a healthy brain -Reduce the risks of aging -Promote happiness and well-being through the mind-body connection -Access the enlightened brain, the gateway to freedom and bliss -Overcome the most common challenges, such as memory loss, depression, anxiety, and obesity Your brain is capable of incredible healing and constant reshaping. Through a new relationship with your brain you can transform your life. In Super Brain, Chopra and Tanzi guide you on a fascinating journey that envisions a leap in human evolution. The brain is not just the greatest gift that Nature has given us. It's the gateway to an unlimited future that you can begin to live today.

[Fighting for Honor: Japanese Americans and World War II, Michael L. Cooper](#) , 2000, 0395913756, 9780395913758. A stirring account of Japanese Americans in World War II, based mainly on diaries, autobiographies, and the military records of the 442nd Regimental Combat Team, which was known as the Purple Heart Battalion because of its bravery. After the attack on Pearl Harbor in 1941, all people on the West Coast of Japanese heritage, whether resident aliens or citizens, were forced to move into internment camps. But 1,200 young men from the camps, along with 10,000 other GIs of Japanese heritage, became some of the most decorated soldiers in the war as part of the 442nd. Author Michel L. Cooper tells of the remarkable bravery of these Nisei soldiers, whose heroism in battles in Europe contrasted with the prejudice that Japanese Americans faced at home. Chronology, end notes, suggestions for further research, index.

[Honor Yourself: The Inner Art of Giving and Receiving, Patricia Spadaro](#) , 2009, 0981603300, 9780981603308. Honor Yourself skillfully guides us through one of the key paradoxes and stressors of our time: how to balance what others need with what we need, how to give and to receive. Should we sacrifice for others or give to ourselves? Be generous or draw boundaries? Stay in a relationship or say goodbye? In order to give to others, do we really need to give up ourselves? While modern society is ill-equipped to bring us back into balance, the sages of East and West are experts, and Honor Yourself shares their practical, and surprising, advice. Each chapter exposes the most potent myths about giving half-truths that prevent us from living a life filled with possibility and passion and shows us how to turn every myth into magic in our lives. With candor and compassion, Honor Yourself frees us to celebrate our own gifts and greatness as we explore the dynamics behind setting boundaries, being honest about unhealthy people in our lives, giving with the heart rather than the head, using our feelings to stay true to ourselves, finding our own voice, and honoring endings. This empowering and heartfelt book deftly combines wisdom from the world's great traditions with real-life stories and a treasury of tools to create an inspiring guide to honoring ourselves so we can give our greatest gifts to our loved ones, our communities, and the world.

[The Personal Health Diary, , Teri Olsen-Spina](#) , 2001, 076683073X, 9780766830738. Are you a health care provider who finds your patients' lack of specific knowledge regarding their medical histories an impediment to delivering quality and effective health care? If so, it may be time to write your patients a prescription for The Personal Health Diary. The PHD is not a replacement for the official medical records kept by you and your staff, but a supplement to those records that can give you and your patients extra piece of mind. It provides patients with a place to record family medical histories, medical tests and results, drug allergies, emergency and insurance information, as well as questions, concerns and symptoms they wish to discuss. The PHD is also an ideal place for patients to jot down any instructions or guidelines you may give along with details of each consultation. The Personal Health Diary can facilitate better communication in the doctor/patient relationship by empowering patients with knowledge and information regarding their individual care. A simple and effective way for Medicare and Medicaid recipients who visit several different health care facilities to consolidate their medical records Can "speak" for patients in emergency situations where they may be unable to speak for themselves A great reference for college students living away from home or traveling abroad Eliminates redundant

medical tests and immunizations

[Improvising empire: Portuguese trade and settlement in the Bay of Bengal, 1500-1700, Sanjay Subrahmanyam](#) , 1990, 0195625706, 9780195625707. While the general outline of the history of Portuguese expansion in Asia is rather well-known, many areas that were hubs of trade and settlement have been only briefly studied. One of the most conspicuous of those is the Bay of Bengal, where the Portuguese had an important official and unofficial presence in the sixteenth and seventeenth centuries. The product of extensive research in Indian, Portuguese, and Netherland archives, this collection of essays is the first substantial treatment of the Portuguese presence in the Bay of Bengal. The work of an economic historian, the volume offers important insight into the nature of early modern European expansion and imperialism, urban history, and colonial social history.

[Mandarin Squares: Mandarins and Their Insignia, Valery M. Garrett](#) , 1990, 0195852397, 9780195852394. Mandarin squares, the embroidered insignia sewn on to the robes of the ruling mandarin classes in China's Qing dynasty (1644-1911) are prized collectors' pieces. This fully illustrated introduction begins with an account of the Chinese system of government and the selection of mandarins. The second half traces the origin and development of mandarin squares and describes the symbolism and embroidery techniques of the insignia.

Comprehensive teaching notes are included on the inside front cover of each book.

[Contemporary perspectives on rhetoric, Sonja K. Foss, Robert Trapp](#) , 2002, 1577662059, 9781577662051. Thorough in scope and highly accessible, this volume introduces the reader to the thinkers who have exerted a profound influence on contemporary rhetorical theory. The brief biographical sketches locate the theorists in time and place, showing how life experiences influenced perspectives on rhetorical thought. The concise explanations of complex concepts are clear and provide readers with a solid foundation for reading the major works of these scholars. The critical commentary is carefully chosen to place the theories within a broader rhetorical context. Each chapter ends with a complete bibliography of works by the theorists. Previous editions have been praised as indispensable; the Third Edition is equally essential.

[Image Theory: Theoretical and Empirical Foundations, Lee Roy Beach](#) , 1998, 0805826467, 9780805826463. Decision making plays a major role in virtually every theory of organizational behavior. However, decision theory has not provided organizational theorists with useful descriptions of how decisions are made, either by individuals or by individuals in organizations. The earliest offering came from economics in the form of the "normative" rational view of decision making. The underlying presumption was that decision makers are all striving to maximize return or minimize loss, that decisions are based upon unlimited information, and that they have the capacity to use the information efficiently. They know the options open to them and the consequences of pursuing one or another of those options. The optimal course of action is revealed by applying the appropriate analysis and choosing the most profitable option. The key concepts are rationality, analysis, orderliness, and maximization, and even a moment's thought demonstrates the gap between these concepts and real-life experience. From the viewpoint of organizational theory, the primary problem with the normative view of decision making, and by analogy with much behavioral decision research, is its reliance on the "gamble metaphor." That is, decisions are characterized as gambles in an effort to capture the inherent risk. This metaphor has the advantage of

simplicity, but it is a flawed simplicity. This book is about a different kind of behavioral theory -- image theory. It is a psychological theory of decision making that abandons the gamble metaphor and the normative logic that the metaphor supports. Instead it sees decision making as guided by the beliefs and values that the decision maker, or a community of decision makers, holds to be relevant to the decision at hand. These beliefs and values dictate the goals of the decision. The point is to craft a course of action that will achieve these goals without interfering with the pursuit of other goals. The book begins with an overview of image theory that outlines the basic concepts of the theory and a little of its history. The next two parts correspond to the theory's two decision mechanisms, the compatibility test and the profitability test. The final section contains extensions and developments of the theory as well as cognate ideas that have their basis in the theory. This book's purpose is to provide -- in one place -- the theoretical and empirical work that has been done up to now and to suggest directions for future work.

[The Sinews of Power: War, Money, and the English State, 1688-1783, John Brewer](#) , 1990, 0674809300,

9780674809307. This powerful interpretation of English history provides a completely new framework for understanding how Britain emerged in the eighteenth century as a major international power. John Brewer's brilliant analysis makes clear that the drastic increase in Britain's military involvement (and success) in Europe and the expansion of her commercial and imperial interests would not have happened without a concurrent radical increase in taxation, along with a surge in deficit financing and the growth of a substantial public administration. Warfare and taxes reshaped the English economy, and at the heart of these dramatic changes lay an issue that is still very much with us today: the tension between a nation's aspirations to be a major power and fear of the domestic consequences of such an ambition—namely, the loss of liberty.

[A Communion of Subjects: Animals in Religion, Science, and Ethics, Paul Waldau, Kimberley Christine Patton](#) , 2006,

0231136420, 9780231136426. A Communion of Subjects is the first comparative and interdisciplinary study of the conceptualization of animals in world religions. Scholars from a wide range of disciplines, including Thomas Berry (cultural history), Wendy Doniger (study of myth), Elizabeth Lawrence (veterinary medicine, ritual studies), Marc Bekoff (cognitive ethology), Marc Hauser (behavioral science), Steven Wise (animals and law), Peter Singer (animals and ethics), and Jane Goodall (primatology) consider how major religious traditions have incorporated animals into their belief

systems, myths, rituals, and art. Their findings offer profound insights into humans' relationships with animals and a deeper understanding of the social and ecological web in which we all live. Contributors examine Judaism, Christianity, Islam, Hinduism, Buddhism, Jainism, Daoism, Confucianism, African religions, traditions from ancient Egypt and early China, and Native American, indigenous Tibetan, and Australian Aboriginal traditions, among others. They explore issues such as animal consciousness, suffering, sacrifice, and stewardship in innovative methodological ways. They also address contemporary challenges relating to law, biotechnology, social justice, and the environment. By grappling with the nature and ideological features of various religious views, the contributors cast religious teachings and practices in a new light. They reveal how we either intentionally or inadvertently marginalize "others," whether they are human or otherwise, reflecting on the ways in which we assign value to living beings. Though it is an ancient concern, the topic of "Religion and Animals" has yet to be systematically studied by modern scholars. This groundbreaking collection takes the first steps toward a meaningful analysis.

[Elegance in Science: The beauty of simplicity, Ian Glynn](#) , 2010, 0199578621, 9780199578627. The idea of elegance in science is not necessarily a familiar one, but it is an important one. The use of the term is perhaps most clear-cut in mathematics - the elegant proof - and this is where Ian Glynn begins his exploration. Scientists often share a sense of admiration and excitement on hearing of an elegant solution to a problem, an elegant theory, or an elegant experiment. The idea of elegance may seem strange in a field of endeavour that prides itself in its objectivity, but only if science is regarded as a dull, dry activity of counting and measuring. It is, of course, far more than that, and elegance is a fundamental aspect of the beauty and imagination involved in scientific activity. Ian Glynn, a distinguished scientist, selects historical examples from a range of sciences to draw out the principles of science, including Kepler's Laws, the experiments that demonstrated the nature of heat, and the action of nerves, and of course the several extraordinary episodes that led to Watson and Crick's discovery of the structure of DNA. With a highly readable selection of inspiring episodes highlighting the role of beauty and simplicity in the sciences, the book also relates to important philosophical issues of inference, and Glynn ends by warning us not to rely on beauty and simplicity alone - even the most elegant explanation can be wrong.

[The Changing Nature of Warfare: 1792-1945, Peter Browning](#) , 2002, 0521000467, 9780521000468. This book focuses on the changing nature and methods of warfare with particular emphasis on land warfare. Topics include the impact of factors related to the conduct of war, such as generalship, tactics and strategy, quality of soldiers, weaponry; the impact of technological change, from communication to industrialization; and the relationship between state, society and warfare.

[Shadow Tracker, Keith A. Nelson](#) , 2007, 1920143157, 9781920143152. Kurt Christianson is a natural military strategist and survivor. Independent, unorthodox, resilient and resolute, he displays skills which flout established procedures. His

courage and insight whilst in Special Forces in 'Nam' unwittingly unravel a traitorous alliance, making him a threat to his superiors and placing his life in mortal danger. This threat, combined with his inability to adjust to civilian life, spurs him to leave his beloved and beautiful Maine coastline and embark on a path of revelation and serendipity. He crews a boat being delivered to the oil fields in West Africa, where he becomes embroiled in covert action and again demonstrates his innate and inspired tactical abilities. A hunted man, his journey leads him to bitter combat in a brutal landscape, tragic loss and to fulfil a San prophecy whilst wrestling with his alter ego - Mad Medic - and his Viking ancestry. The merciless and barbaric slaughter of a little girl and her family by terrorists move him to astonishing, crucial and shocking acts which change the course of a ravaged and savaged country. Kurt is also driven to revenge, a deed which violates his code of ethics and irreversibly affects his destiny. Ultimately, Kurt faces the inescapable and irrefutable knowledge that heroes are human and therefore fallible and that glory, however hard-won and merited, is illusory and hollow. Shadow Tracker, an adrenaline-charged adventure, engages the reader in events which remain unknown to most of the world and leave one breathless. Keith A. Nelson was born in DeKalb, Illinois in 1951. He served in both the US Army Special Forces (Green Berets) and the Rhodesian Light Infantry. Earning a degree in medicine at the University of Rhodesia (now Zimbabwe) in 1982 he worked in Medical Research and was a Human Health Risk Assessment Manager on nuclear cleanups in the US. Keith lives in southern Ohio with Mary, his Rhodesian born wife of 29 years, and has two grown children, Chris and Laura.

[Romancing Mary Jane: A Year in the Life of a Failed Marijuana Grower, Michael Poole](#) , 2003, 1550547496, 9781550547498. After many years as a successful documentary film producer and director, Michael Poole found himself suffering from serious bumout. Retreating from the demands of the city to a waterfront acreage on British Columbia's idyllic Sunshine Coast, he threw himself into wholesome toil: the cultivation of marijuana. Romancing Mary Jane is an intimate, funny and eye-opening depiction of ten months in the life of a neophyte marijuana grower. It is also an entertaining examination of cannabis culture. As he plants and cultivates his crop in the company of hummingbirds, woodpeckers, eagles, biting flies and a bear who shows signs of reefer madness, Poole ruminates on many things: the age-old use of mind-altering drugs; the wrong-headedness of drug laws; the medical use of pot; the genetic diversity of the lovely marijuana plant. Poole embarked on this life of crime with the idea that he'd make a bundle, live like a lord and loll away the winters on tropical beaches. Things didn't work out quite that way. But what he discovers instead, on a mountaintop overlooking the deep blue water of the Strait of Georgia, is a reconnection to landscape, weather and the turning of the seasons not to mention some of the best pot he has ever smoked.

[The Fourth Horseman, Kate Thompson](#) , 2007, 0099495031, 9780099495031. The first time Laurie and her dad see the white rider watching them from the deep, cool shadows of the trees, he is alone. Laurie is convinced that his appearance has a meaning, that somehow he is trying to tell them something - something her dad needs to pay attention to. Is the

rider somehow linked to the genetic research into squirrels that Laurie is helping her dad with in the lab? When a second rider with a bloody sword appears alongside the first, and then a third and a fourth, Laurie knows she must try to understand who they are and what they represent. With the help of her brother and his best friend, she discovers what the riders mean but will it be too late to stop the inevitable chain of events that has been set in motion . . .? .?

[The Face of the Waters, Simon Raven](#) , 2001, 1842321838, 9781842321836. This is the second volume of Simon Ravens First Born of Egypt series. Marius Stern, the wayward son of Gregory Stern, has survived earlier escapades and is safely back at prep school assisted by his fathers generous contribution to the schools new shooting range. Fielding Gray and Jeremy Morrison are returning home via Venice, where they encounter the friar, Piero, an ex-male whore and a figure from a shared but distant past. Back in England, at the Wiltshire family home, Lord Canteloupe is restless. He finds his calm disturbed by events: the arrival of Piero; Jeremys fathers threat to saddle his son with the responsibility of the family estate; and the dramatic resistance of Gregory Stern to attempted blackmail.

[Adventures in the French Trade: Fragments Toward a Life, Jeffrey Mehlman](#) , 2010, 0804769621, 9780804769624. This memoir is less a chronicle of the life of a leading scholar and critic of matters French than a series of differently angled fragments, each with its attendant surprise, in what one commentator has called Jeffrey Mehlman's amour vachehis injured and occasionally injurious lovefor France and the French. The reader will encounter masters of the art of reading in these pages, the exhilaration elicited by their achievements, and the unexpected (and occasionally unsettling) resonances those achievements have had in the author's life. With all its idiosyncrasies, Adventures in the French Trade depicts an intellectual generation in ways that will attract not only people who recall the heady days of the rise and reign of French theory but also those who do not. This provocative book should be of interest to students of intellectual history, literary criticism, Jewish studies, the history of American academia, and the genre of the memoir itself.

[Bad Language : Are Some Words Better than Others?: Are Some Words Better than Others?, School of Arts and Letters Edwin L. Battistella Dean, and Professor of English Southern Oregon University](#) , 2005, 0199721416, 9780199721412. Is today's language at an all-time low? Are pronunciations like cawfee and chawklit bad English? Is slang like my bad or hook up improper? Is it incorrect to mix English and Spanish, as in Yo quiero Taco Bell? Can you write Who do you trust? rather than Whom do you trust? Linguist Edwin Battistella takes a hard look at traditional notions of bad language, arguing that they are often based in sterile conventionality. Examining grammar and style, cursing, slang, and political

correctness, regional and ethnic dialects, and foreign accents and language mixing, Battistella discusses the strong feelings evoked by language variation, from objections to the pronunciation NU-cu-lar to complaints about bilingual education. He explains the natural desire for uniformity in writing and speaking and traces the association of mainstream norms to ideas about refinement, intelligence, education, character, national unity and political values. Battistella argues that none of these qualities is inherently connected to language. It is tempting but wrong, Battistella argues, to think of slang, dialects and nonstandard grammar as simply breaking the rules of good English. Instead, we should view language as made up of alternative forms of orderliness adopted by speakers depending on their purpose. Thus we can study the structure and context of nonstandard language in order to illuminate and enrich traditional forms of language, and make policy decisions based on an informed engagement. Re-examining longstanding and heated debates, *Bad Language* will appeal to a wide spectrum of readers engaged and interested in the debate over what constitutes proper language.

[The Oxford book of exploration, Robin Hanbury-Tenison](#) , 1993, 0192142089, 9780192142085. The legendary explorers, heroic figures such as Columbus, Marco Polo, Magellan, and Cook, all were lucky and determined enough to discover something which changed our view of the world, revealing previously unknown continents and cultures. Prepared to go beyond what others saw as reasonable limits, they shared a fortitude which carried them through the severest hardships, whether cold, heat, illness, hunger, or starvation. Their failures are often as illuminating as their successes, revealing what it was that drove them to go beyond the possible in search of the unknown. In *The Oxford Book of Explorers*, Robin Hanbury-Tenison, hailed by the *Sunday Times* of London as "the greatest explorer of the last twenty years," offers the first comprehensive collection of these stalwart adventurers, spanning the ages to capture the emotions and motives of those who took part in the daunting effort to find new worlds. We go to Africa with Doctor Livingston and Mr. Stanley, with Mungo Park and Sir Richard Burton; to Asia with Marco Polo, Vasco da Gama, and Vitus Bering; to the Pacific with Magellan, Cook, and Bougainville; and to North and South America with Columbus, Cortes, Pizarro, Henry Hudson, Sir Francis Drake, Charles Darwin, Theodore Roosevelt, and many others. We read passages from Livington's last journals, where he recounts "the mere animal pleasure of travelling in a wild unexplored country." Prussian explorer Alexander von Humboldt, trekking through South America, describes an attempt to capture electric eels by stampeding wild horses into a pool. We sled with Robert Peary close to the North Pole, through air "as keen and bitter as frozen steel." We join Meriwether Clark as he discovers the Great Falls of the Missouri, comes upon a herd of over a thousand buffalo, and is suddenly in a footrace for his life, chased by a large brown bear. And we climb with Sir Edmund Hillary as he and Sherpa

Norgay Tenzing reach the summit of the highest place on earth. The ultimate travel book, *The Oxford Book of Exploration* captures the words of those who changed the world through their search for new lands, new peoples, and new adventures. Brimming with the drama of world exploration, it is the perfect book for the armchair traveler.

[William Kentridge: Five Themes, Mark Lawrence Rosenthal](#) , 2009, 0300150482, 9780300150483. With a searing body of work ranging from drawings and films to prints, tapestries, and sculptures, William Kentridge (b. 1955) has offered a fresh and distinctive glimpse of the daily lives of South Africans both during the apartheid regime and after its collapse. This extraordinary catalogue, produced in close collaboration with the artist, investigates the five primary themes that have engaged Kentridge over the course of his career: - Soho and Felix: works featuring Kentridges best-known characters, the businessman Soho Eckstein and his alter ego, the anxiety-ridden Felix Teitlebaum. - Ubu and the Procession: inspired by Ubu Roi, these projects reflect the excitement, conflict, and rapid social changes in post-apartheid South Africa. - Artist in the Studio: an examination of Kentridges practice and his emergence as an installation artist. - The Magic Flute: work related to the artists set designs for Mozarts opera. - The Nose: Kentridges most recent

production, including work inspired by his staging of the Shostakovich opera for New Yorks Metropolitan Opera in spring 2010. Kentridge has created a DVD especially for this publication; it includes fragments from significant film projects (both known and newly completed) as well as commentary that sheds further light on the artists work.

[British Politics: Continuities and Change, Dennis Kavanagh](#) , 1985, 0198761619, 9780198761617. This comprehensive and up-to-date volume not only looks at the familiar issues of British politics and government--Cabinet, Parliament, parties local government, and pressure groups--but also at those that are less frequently explored-- political culture, corporatism, the mass media, political recruitment, and the politics of economic decline. The book analyzes both the underlying trends and the political changes of the 1970's and 1980's. For example, Kavanagh considers the changing nature of Britain's party system, the growing tensions between local and central government, the changing power of the trade unions, and Margaret Thatcher's impact on the role of Prime Minister. The book concludes with a stimulating discussion of the distribution of power in Britain.

[Revolutions that Made the Earth, Tim Lenton, Andrew Watson](#) , 2011, 0199587043, 9780199587049. The Earth that sustains us today was born out of a few remarkable, near-catastrophic revolutions, started by biological innovations and marked by global environmental consequences. The revolutions have certain features in common, such as an increase in complexity, energy utilization, and information processing by life. This book describes these revolutions, showing the fundamental interdependence of the evolution of life and its non-living environment. We would not exist unless these upheavals had led eventually to 'successful' outcomes - meaning that after each one, at length, a new stable world emerged. The current planet-reshaping activities of our species may be the start of another great Earth system

revolution, but there is no guarantee that this one will be successful. The book explains what a successful transition through it might look like, if we are wise enough to steer such a course. This book places humanity in context as part of the Earth system, using a new scientific synthesis to illustrate our debt to the deep past and our potential for the future.

[Guidebook to the Cytoskeletal and Motor Proteins, Thomas Kreis, Ronald Vale](#) , 1993, 0198599315, 9780198599319.

These Sambrook and Tooze Guidebooks provide students and research professionals with a unique source of reference to the most up-to-date information available on the proteins involved in cell adhesion, the cytoskeleton, and the extracellular matrix. The first concise compendium of the molecules of the cytoskeleton and those involved in cell movement, this book summarizes the essential features of these proteins, drawing together information from a widely-scattered literature. There has been an explosion of knowledge about the structure, function, and distribution of these proteins, and new ones are being discovered rapidly. The introductory chapters provide excellent overviews and each entry suggests effective methods for learning about the essentials of each protein supported by key references for in-depth reading.

[Minimal Damage: Stories of Veterans, H. Lee Barnes](#) , 2007, 0874177219, 9780874177213. Lee Barnes' new book, Minimal Damage, contains seven stories and a novella that depict veterans of several wars in search of dignity and purpose in a civilian life that has no need for men who were soldiers. Psychically scarred, in emotional crisis, pushed to the fringes of society, or in relentless battle with their memories, many of these men find themselves living "like warts on

America's ass."The characters range from the enigmatic Mr. K, who runs a brutally violent reality television show and once led an escape from a Korean POW camp, to the doomed Billy Debecki, who regains his dignity in the last minutes of his life by remembering that he once willingly risked his life to save an enemy soldier. In one story, a man who was never a soldier finds a path toward reconciliation with his brother, a former Marine. In another, a man recalls becoming a soldier by watching the humanity of a fellow recruit disintegrate in basic training. In the novella "Snake Boy," a homeless Vietnam vet is kidnapped by a snake-handling evangelist. The depth of damage is never immediately apparent in these men, whether they are living proper, upstanding lives or lost, drifting ones. In war, chance, luck, and arbitrary timing conspire to determine a soldier's fate. In civilian life, the same uncontrollable forces influence who finds a place in society and who is doomed to continue searching.

[The Indian English Novel: Nation, History, and Narration, Priyamvada Gopal](#) , 2009, 0199544387, 9780199544387. The Oxford Studies in Postcolonial Literatures series offers stimulating and accessible introductions to definitive topics and key genres and regions within the rapidly diversifying field of postcolonial literary studies in English. It is often claimed that unlike the British novel or the novel in indigenous Indian languages, Anglophone fiction in India has no genealogy of its own. Interrogating this received idea, Priyamvada Gopal shows how the English-language or Anglophone Indian novel is a heterogeneous body of fiction in which certain dominant trends and recurrent themes are, nevertheless, discernible. It is a genre that has been distinguished from its inception by a preoccupation with both history and nation as these come together to shape what scholars have termed 'the idea of India'. Structured around themes such as 'Gandhi and Fiction', 'The Bombay Novel', and 'The Novel of Partition', this study traces lines of influence across significant literary works and situates individual writers and texts in their historical context. Its emergence out of the colonial encounter and nation-formation has impelled the Anglophone novel to return repeatedly to the question: 'What is India?' In the most significant works of Anglophone fiction, 'India' emerges not just as a theme but as a point of debate, reflection, and contestation. Writers whose works are considered in their context include Rabindranath Tagore, Mulk Raj Anand, RK Narayan, Salman Rushdie, Nayantara Sahgal, Amitav Ghosh, Arundhati Roy, and Vikram Seth.

[Freddy Vs Jason Vs Ash: The Nightmare Warriors, Jeff Katz, James Kuhoric, Jason Craig](#) , 2010, 1848568177, 9781848568174. Beneath the bloody waters of Crystal Lake, an immortal evil wakes and begins a new cycle of violence. Six months after the events of 'Freddy vs Jason vs Ash', a power-hungry government bureaucrat unleashes the denizens of the Necronomicon.

[Visual C++ 2008: How to Program, Paul J. Deitel, Harvey M. Deitel, Dan T. Quirk](#) , 2008, 013208371X, 9780132083713. For courses that offer a Microsoft-specific C++ programming focus using Visual C++ 2008. Based on the authors' highly popular C++-standard-compliant textbook, C++ How to Program, 6/e, Visual C++ How to Program 2/ E builds off this successful approach to offer readers a comprehensive introduction to Visual C++. Through their ongoing consultation

with the Microsoft Visual C++ team, the Deitels have developed an approach that focuses on native C++ and presents examples of .NET managed code programming with C++/CLI, where appropriate. The book takes an easy-to-follow, carefully developed early classes and objects approach. This includes comprehensive coverage of the Visual C++ environment. Like other books in the How to Program series, the new edition retains the Deitels' classic approach to developing good programming skills. These tools have been refined over a combined six decades of academic and industry teaching experience. This approach has been the foundation of several programmers in industry today.

[Gutcheck!: An Anthropologist's Wild Ride Into the Heart of College Football](#), Robert R. Sands , 1999, 0967297303, 9780967297309. College football is many things to our society; an institution riddled with overgrown children allowed to express behavior way outside the law, a Saturday afternoon ritual for many couch potatoes, a symbolic lightning rod for many of all ages to become part of the team experience. College football is also a cultural group of highly trained athletes, of all ethnicities, races and religions, and to these players, college football represents one of the ultimate rite of passages, signifying to each and others, manhood. At the heart of "Gutcheck!" is the story of an anthropology professor, Sands, who at the age of 37, for two seasons, decided to go out for the Santa Barbara City College football team. Robert Sands has thought extensively and deeply about a sport he dearly comes to love. The double identity: athlete and scholar, both in the game and outside of it, gives him a unique double perspective, both passionate and ironic. It is the inside view that is riveting and the inside view of the men/boys behind the masks and helmets which many will cherish. Sands does not care to hit or be hit, although he experiences both, but he is not lacking in respect for men who do, even though it is a distortion of values for him to do that. In the end, Sands captivates the reader with an ongoing inner dialogue between his two sides.

[North American Mushrooms: A Field Guide to Edible and Inedible Fungi](#), Orson K. Miller, Hope Miller , 2006, 0762731095, 9780762731091. North American Mushrooms is a field guide to more than 600 edible and inedible mushrooms that can be found across the United States and Canada. Filled with full color photographs, detailed identification information, and illustrated keys and glossaries to assist with identification, this book also features mushroom lore and helpful information on gathering and using wild mushrooms.

[Cradling Monsoons, Sarah McKinstry-Brown](#) , 2010, 1421891964, 9781421891965. Its terrible, / getting what you want, / because thats when you know youll always want / something different confesses the speaker in Cradling Monsoons with a fabulously poignant bravado that keeps the reader tractor-beamed in thrall and enthralled within the light of these smart, funny, heartbreakingly gorgeous poems. Opening with a poem about a father who cut down his family tree / to build a bridge from Kokomo to San Francisco thats still burning, the speaker in Sarah McKinstry-Browns poems conversely puts down roots and stays for the birth of a first child whose arrival sets the city of everything she knew before on fire. Curbing her own impulses for wanderlust and fire-starting, she instead stands squarely within the blaze that is motherhood and familythat cycle of immolation, flame, ash, and rekindlingin poems that gracefully shape shift between the different, conflicting identities contemporary women embody: daughter, lover, mother, artist. These poems make art from life, and reveal the making and living of life as an art of terrible power and tenderness. These poems are pure muscle, fierce heart.Lee Ann Roripaugh, Author of On the Cusp of a Dangerous YearThe poems in this stunning first

collection are accessible in the best sense of that word, in the sense that Stephen Dunns, Dorianne Lauxs, and Ted Koosers are. The subjects come mostly from everyday lifePicture Day at school, a Folgers commercial, comfort food, December in Omaha, the Tall, Blonde-haired, Blue-eyed, Smart, Talented Woman who Keeps Hitting on my Husband in which the poet discovers the extraordinary. The lines seem like intense conversation, but they are, at the same time, deeply engaging poetry that shows a mastery of sound and rhythm and a gift for creating fresh, radiant metaphors. Im reminded of how great dancers and acrobats must learn to move in a way that looks natural and effortless. Or, as Pope put it, True ease in writing comes from art, not chance,/As those move easiest who have learned to dance. Like our best poets, Sarah McKinstry Brown has learned.William Trowbridge, Author of Ship of FoolHeaven, the black keys on a grand piano! This collection pits tension between reality and desire, cultivating a world rich with lived imagination. In Sarah McKinstry-Browns grasp, language tackles the world of marriage, pregnancies and family with a complex love capable of cradling frustrations and grief with a patience that can ride through any monsoons and still trust there will be air to breathe soon enough.Lisa Gill, Author of Mortar & Pestle and The RelentingBIO:Winner of the Academy of American Poets Prize, Sarah McKinstry-Brown studied poetry at the University of New Mexico, the University of Sheffield, England, and the University of Nebraska. In 2004, she won the Blue Light Poetry Prize for her collection When You Are Born and has since been published everywhere from West Virginias

[The Sacred Wound: Healing from the Death of a Child, Lois Gold](#) , 2000, 193078211X, 9781930782112. This is an account of one of life's most painful experiences--the sudden death of a child. A mother's anguish compels her to examine beliefs about what comes after death and to explore ancient healing methods in Mexico, Brazil, and Bali. At its core a spiritual odyssey, The Sacred Wound is about creating meaning from life-shattering events--events which can utterly destroy us or serve as a call to extraordinary courage and growth. A life-shattering event is a modern day "sacred wound," a wounding so profound that it pierces the soul and penetrates the veils of who we are and what we think life is about. Like a mythological hero, we will emerge from the ordeal another person. As the author says, "For three years grief was my consort, it became my teacher." This inspiring and searingly honest book is about more than survival following the death of a loved one; it is about the gift in tragedy's other hand. It is about discovering the truth that love is the central experience of life and not simply mortality, and that this truth can emerge in ways we can never predict or expect

[Charles Warren Eaton, Charles Warren Eaton, David Adams Cleveland, Groton School](#) , 2004, . This book provides the first complete account of the life and work of Charles Warren Eaton. It also fills an enormous gap in American art history by telling the story of the Tonalist movement.

[The Eyes of the People: Democracy in an Age of Spectatorship, Jeffrey Edward Green](#) , 2011, 019983847X, 9780199838479. For centuries it has been assumed that democracy must refer to the empowerment of the People's voice. In this pioneering book, Jeffrey Edward Green makes the case for considering the People as an ocular entity rather than a vocal one. Green argues that it is both possible and desirable to understand democracy in terms of what the People gets to see instead of the traditional focus on what it gets to say. The Eyes of the People examines democracy from the perspective of everyday citizens in their everyday lives. While it is customary to understand the citizen as a decision-maker, in fact most citizens rarely engage in decision-making and do not even have clear views on most political issues. The ordinary citizen is not a decision-maker but a spectator who watches and listens to the select few empowered to decide. Grounded on this everyday phenomenon of spectatorship, The Eyes of the People constructs a democratic theory applicable to the way democracy is actually experienced by most people most of the time. In approaching democracy from the perspective of the People's eyes, Green rediscovers and rehabilitates a forgotten "plebiscitarian" alternative within the history of democratic thought. Building off the contributions of a wide range of thinkers-including Aristotle, Shakespeare, Benjamin Constant, Max Weber, Joseph Schumpeter, and many others-Green outlines a novel democratic paradigm centered on empowering the People's gaze through forcing politicians to appear in public under conditions they do not fully control. The Eyes of the People is at once a sweeping overview of the state of democratic

theory and a call to rethink the meaning of democracy within the sociological and technological conditions of the twenty-first century.

[Creatively Ever After: A Path to Innovation, Alicia Arnold](#) , 2011, 0983440514, 9780983440512. In answer to the creativity crisis, Creatively Ever After draws upon a simple fable to teach the critical skill of creative problem solving. While leaders worldwide identify innovation as critical for organizations to prosper, the underlying skill of creativity, vital to innovation, is overlooked. This gap leaves us poorly equipped to contribute to innovation efforts. The good news is creativity can be taught! Creatively Ever After uses a look into the land of Nursery Rhyme and the characters Jack and Jill to teach the scientifically proven Osborn-Parnes Creative Problem Solving Process (CPS). Using CPS, Jack and Jill confront their lifelong challenge of conquering the hill. The "hill," as you might imagine, is a metaphor for your toughest challenge. Whether you are looking to achieve a daunting goal, innovate, or leapfrog the competition, learning the essential skill of applying new thinking to your toughest challenges has never been so easy.

[Anatomy and Physiology for the Acupuncturist, Bradley W. Kuhns, Bradley W. Kuhns, Ph.D., O.M.D.](#) , 2011, 0983238065, 9780983238065. A book for acupuncturists, acupuncture students, chiropractors, physiologists, massage therapists, physical therapists, gym operators and bodybuilders and all of those interested in alternative health. Bradley W. Kuhns, Ph.D., O.M.D. is internationally recognized for his expertise and skills in the practice of acupuncture, oriental medicine and other related alternative medicine areas. He has used and shared his techniques both in private practice and as an adviser and consultant to many professionals, stars, entertainers and well known personalities around the world. Doctor Kuhns describes in easy-to-read and understand terms -(Made Easy), important areas of anatomy, physiology and much, much more. For those of you who choose to use Dr. Kuhns techniques and information, in all likelihood, you will increase your health care skills to a much higher level.

[John Wanamaker: Philadelphia Merchant, Herbert Ershkowitz](#) , 1999, 1580970044, 9781580970044. John Wanamaker played a major role in the development of American retailing and consumerism. Opening a small men's store in Philadelphia in 1861, by the turn of the century he had major department stores in his home town as well as New York, and was one of the country's largest merchants. Wanamaker's world-view had as much of an impact on American culture as his business enterprises. In the early twentieth century the downtown department store was an important attraction for a city, similar in function to a symphony orchestra or major league sports team of today. Wanamaker's department

store in Philadelphia acted as an anchor for the city center. Like a magnet, the store held the urban population together by providing entertainment and a setting for civic ceremonies and pageants. Wanamaker's influence extended beyond the stores themselves. He provided employment for 8,000 people in Philadelphia and 7,000 in New York, offering jobs to blacks and women when they were still excluded from many businesses. He supported a 3,000 member church which ran a school, savings bank, library and employment service. John Wanamaker was a sharp businessman, and some of his methods have been criticized, but the state of America's inner cities of his era compared to today speaks for itself. Professor Herbert Ershkowitz of Temple University has drawn upon local archives to chronicle a unique chapter in the history of American culture.

[Truancy, Isamu Fukui](#) , 2010, 0765322587, 9780765322586. Some kids were rebellious. In an alternate world, in a nameless totalitarian city, the autocratic Mayor rules the school system with an iron fist. Fighting against the Mayor and his repressive Educators is a group of former students called the Truancy, whose goal is to take down the system by any means possible at any cost. Fifteen-year-old Tack is just trying to survive. His days are filled with sadistic teachers, unrelenting schoolwork, and indifferent parents. Things start to look up when he meets Umasi, a mysterious boy who becomes Tack's mentor. Then someone close to Tack gets killed in the crossfire between the Educators and the Truants, and he swears vengeance. To achieve his purpose, he abandons his old life and joins the Truancy, looking for an opportunity to confront Zyid, its enigmatic leader. But Tack soon finds himself torn between his desire for revenge and his growing sympathy for the Truants

[Fern Fever: The Story of Pteridomania, Sarah Whittingham](#) , 2012, 0711230706, 9780711230705. "A fascinating literary foray" - Canadian Gardening "This rarefied botanical pursuit is usually considered a British eccentricity, but Ms. Whittingham has turned up much proof that it reached American shores." - The New York Times "One of those remarkable tales you never knew you needed to read and that, once begun, you never want to put down" - Dallas Morning News Pteridomania or Fern Fever took a frantic hold in Britain from the 1840s. It was a craze fostered by an array of books and magazines and special equipment designed for fern hunting trips and the cultivation of the finds in delicate fern cases. Sarah Whittingham has searched every nook and cranny for her subject, finding ferns in splendid glazed ferneries, Pulhamite grottoes and decoratively across every imaginable surface in the Victorian home. You would sit on your Coalbrookdale 'Fern and blackberry' garden bench and sup from your Ridgway 'Maiden Hair Fern' dinner service. The industrious Victorians lavished much love and care (and knowledge) on their beautiful fern albums. This ravishing book shines a sympathetic light on an enthusiasm that looks as if it might well take hold again.

[The One Year Devotions for Couples, David Ferguson, Teresa Ferguson](#) , 2004, 1414301707, 9781414301709. The 365 meditations in this couples' devotional are arranged around 52 themes one theme for each week of the year such as affection, compassion, forgiveness, honor, leadership, mercy, respect, security, trust, and understanding. Scripture passages, real-life stories, prayers, and daily challenge questions give couples a dose of truth, encouragement, and direction to strengthen their marriages. Husbands and wives will learn to give and receive love in a whole new way.

[Cherry Ames, Island Nurse, Helen Wells](#) , 2011, 1458743969, 9781458743961. Cherry Ames is back, just as you remember her! The books are just as you remember them, retaining the same look, feel, and sense of adventure and patriotism as when they were first published. With fully illustrated color covers and a soft-finished hardcover format just like the originals, these books will transport you back to the days when you were reading about this spunky young nurse. Series editor and registered nurse Harriet Forman was inspired by, and remains a devoted fan of, Cherry Ames: "...I was

going to follow in her footsteps and become a nurse--nothing else would do. "The United States is still fighting World War II. Cherry Ames is still an Army Nurse, this time aloft--as a flight nurse. Cherry is reunited with her corpsman Bunce--the two of them are in sole charge of ferrying severely wounded men out of the battlefield and to the nearest Army hospital. Much to Pilot Wade Cooper's chagrin, he has been taken off bomber duty to fly the wounded to safety--until Cherry makes him see otherwise. Off duty, the nurses "adopt" 6-year-old Muriel Grainger, who has known nothing but war in her short life, and whose mother has been killed by the Germans. Her father is often out on mysterious errands that cause some to label him a "spy." Cherry makes it her risky business to find out if this is truth or rumor.

[The Will: Volume 1, Dual Aspect Theory, Brian O'Shaughnessy](#) , 2008, 1139471821, 9781139471824. The phenomenon of action in which the mind moves the body has puzzled philosophers over the centuries. In this new edition of a classic work of analytical philosophy, Brian O'Shaughnessy investigates bodily action and attempts to resolve some of the main problems. His expanded and updated discussion examines the scope of the will and the conditions in which it makes contact with the body, and investigates the epistemology of the body. He sheds light upon the strangely intimate relation of awareness in which we stand to our own bodies, doing so partly through appeal to the concept of the body-image. The result is a new and strengthened emphasis on the vitally important function of the bodily will as a transparently intelligible bridge between mind and body, and the proposal of a dual aspect theory of the will.

This book tells the story of Stratford and its surrounding areas from the 11th century to the present day.

[Financial Systems and Development: World Development Indicators, International Bank for Reconstruction and Development, World Bank](#) , 1989, 0195207874, 9780195207873. Economic growth rates among the developing countries have varied considerably. The external environment has had an adverse impact on growth, but domestic policies have been more important. Countries striving to adjust their economies have had considerable success reducing external imbalances but less success with internal balance. In the absence of large inflows of foreign capital, countries will need to rely on the mobilization of domestic financial resources. The structure of a country's financial system reflects its economic philosophy; the present financial structure of many developing countries reflects their approach to development in the 1960s and 1970s, an approach that emphasized government intervention in the economy. Today many countries are

revising their approach to rely more heavily on the private sector. For the financial sector, this implies a smaller role for government in the allocation of credit, determination of interest rates, and the daily decisionmaking of financial intermediation. Relaxation of these controls calls for an effective system of prudent regulation and supervision. Hence while the objective is an open market, countries should not remove all capital controls until other economic and financial reforms are in place.

[Horse as Teacher: The Path to Authenticity, Kathy Pike, Mary Beth Meyers, Melisa Pearce](#) , 2009, 0982449402, 9780982449400. The stories in this collection will move you to tears, make you laugh, remind you of your first brush with love (in the form of a horse), and most important, connect you with your soul; because that's what horses can do when you are willing to embrace what they so naturally and beautifully reveal to you. The authors come from a variety of horse backgrounds, but there is a common thread --- they all see the simple truth that these magnificent animals, through their presence and grace, can raise our consciousness, peel back the layers to uncover our true selves, and show us how to shine with brilliance.

[Mary Musgrove, Frances Patton Statham](#) , 2011, 0967523338, 9780967523330. She would spend a lifetime fighting for her Indian heritage in a white man's world....Daughter of an English fur trader and his wilderness wife, young Coosaponakeesa, princess of the Upper and Lower Creeks, left her Indian village for Charlestown to be reared in the ways of the English. Baptized Mary, the deerskin-clad girl blossomed into a regal beauty, possessing the proud, courageous spirit of her Indian heritage. As wife, mother, and queen, her influence helped forge the greatest trading empire in the Charlestown and Savannah colonies. But times were treacherous, and as the English colonies expanded into the New World, so did the tensions and hostilities between Anglo and Indian. From the stark Indian village on the Chattahoochee River to the bustling streets of Charlestown and Savannah, through sixty years and three husbands, Mary follows her destiny as an indomitable force of peace between two peoples. And as a new nation struggles, Mary proves herself a woman of her land and her heritage...the true queen of her people.

[Leaping Over the Hurdles of Life: A Tiger's Journey, Darlene Nazaire](#) , 2011, 0984833528, 9780984833528. This fascinating book on the trials and tribulations of the life of Khaliyq (Ka-leek) Nazaire will take you along for a journey of compassion. Khaliyq is not your average young adult. His mix of genius and struggle with mental dis-ease leads him on an intriguing journey of self-discovery and self-destruction. No hurdle is too high to contemplate jumping, no

accomplishment thought out of reach. Yet on the streets, everyone's a potential enemy in Khaliyq's mind. What he still can't get used to is a world where integrity is an option, one where people trying to take from you is the norm. Khaliyq plunges deeply into creating the life of his desire. He has a promising career with a path toward entrepreneurship, degrees from a prominent college and university, women who love him, worldwide vacation destinies, techy toys, and a house in the suburbs. Khaliyq's life is a mirror in extremes, exemplified by his unique childhood in an Islamic commune in Brooklyn, NY, to the prestigious Morehouse College and then St. John's University, to one of the big four accounting firms on Wall Street. A leader by nature and example, helper and inspiration to many, made sure that giving back was an inherent part of his lifestyle. But all of that is not enough, and he sets his hurdles precipitously higher and higher. This book will show you that everyone struggles with something, and being our brother's keeper is the best thing we can do to help each other hold fast on our way. *Leaping the Hurdles of Life, A Tiger's Story* is for everyone who struggles on the path of life, desires to live a life of joy, and is a reminder that no one can do it alone.

[In My Father's House: Africa in the Philosophy of Culture, Kwame Anthony Appiah](#) , 1992, 0199879257, 9780199879250.

The beating of Rodney King and the resulting riots in South Central Los Angeles. The violent clash between Hasidim and African-Americans in Crown Heights. The boats of Haitian refugees being turned away from the Land of Opportunity. These are among the many racially-charged images that have burst across our television screens in the last year alone, images that show that for all our complacent beliefs in a melting-pot society, race is as much of a problem as ever in America. In this vastly important, widely-acclaimed volume, Kwame Anthony Appiah, a Ghanaian philosopher who now teaches at Harvard, explores, in his words, "the possibilities and pitfalls of an African identity in the late twentieth

century." In the process he sheds new light on what it means to be an African-American, on the many preconceptions that have muddled discussions of race, Africa, and Afrocentrism since the end of the nineteenth century, and, in the end, to move beyond the idea of race. In *My Father's House* is especially wide-ranging, covering everything from Pan Africanism, to the works of early African-American intellectuals such as Alexander Crummell and W.E.B. Du Bois, to the ways in which African identity influences African literature. In his discussion of the latter subject, Appiah demonstrates how attempts to construct a uniquely African literature have ignored not only the inescapable influences that centuries of contact with the West have imposed, but also the multicultural nature of Africa itself. Emphasizing this last point is Appiah's eloquent title essay which offers a fitting finale to the volume. In a moving first-person account of his father's death and funeral in Ghana, Appiah offers a brilliant metaphor for the tension between Africa's aspirations to modernity and its desire to draw on its ancient cultural roots. During the Los Angeles riots, Rodney King appeared on television to make his now famous plea: "People, can we all get along?" In this beautiful, elegantly written volume, Appiah steers us along a path toward answering a question of the utmost importance to us all.

[Empirical Methods in Law, Robert M. Lawless, Jennifer K. Robbennolt, Thomas Ulen](#) , 2010, 0735577250, 9780735577251. Today's legal profession demands that lawyers understand and engage in dialogue about basic empirical research techniques. *Empirical Methods in Law* teaches law students to recognize when empirical research needs to be applied in legal practice. It provides the vocabulary with which to communicate with scientific experts, and an awareness of the type of questions to ask about empirical findings. Hailing from diverse backgrounds, authors Lawless, Robbennolt, and Ulen bring practical experience and insight to this accessible research methods text that features: a consistent focus on basic principles and concepts, explained in an intuitive style requiring no prerequisite knowledge of math or statistics clear explanations geared to students new to empirical techniques optional problem sets and footnotes that will challenge more experienced students who are eager to explore specific topics in depth generous use of examples that show how

empirical techniques are applied in a range of substantive areas coverage of different stages of empirical research--from formulating research questions and testable hypotheses, to data collection, sampling, coding, statistical analysis, and presenting data discussion of the connections among the different stages of empirical research sidebars with in-depth views of particular topics that provide flexible options for teaching learning-by-doing exercises at the end of each chapter Combining expertise and an exceptionally student-friendly approach, Empirical Methods in Law is suited for a stand-alone course on empirical methods in law or as a supplement for a course or seminar that includes an empirical component.

[Networks for Computer Scientists and Engineers, Youlu Zheng, Shakil Akhtar](#) , 2002, 0195113985, 9780195113983.

Designed for undergraduate computer science and engineering students, Networks for Computer Scientists and Engineers by Youlu Zheng and Shakil Akhtar includes both fundamental theory and modern technologies. It covers LAN, WAN, and high-speed networking technologies; OSI seven layers; data communications; network performance and programming; and management and security. Each chapter contains problem sets and up-to-date references to current World Wide Web sites. This data communications and networks textbook includes numerous figures, examples, summaries, review questions, a glossary, and references. Answers to the review questions are provided in the accompanying instructor's manual. A progressive and cumulative approach to presenting material provides students with a better understanding of complex concepts as each chapter effectively builds on previous information. One of the unique and innovative features of Networks for Computer Scientists and Engineers is its instructor's manual and CD, which provide software development projects and step-by-step instructions for constructing a cost-effective prototype network lab, using resources available to most four-year colleges. The projects are not merely samples but complete software packages with real applications that have been thoroughly tested by professors and students at several universities. The CD-ROM contains lab materials, the LINUX operating system, and program source codes for the software projects. Since today's service-oriented network environment requires supervisor privilege for all management and security functions, this cost-effective prototype not only demonstrates how different protocols and components are integrated into a heterogeneous network, but also provides an ideal environment for trouble-shooting and experimental network management. Networks for Computer Scientists and Engineers, the accompanying software projects, and the prototype lab actively engage students in the learning process and provide opportunities for critical thinking, problem solving, and creativity in a controlled real-world setting.

[The African-American Odyssey, Volume 2, , Darlene Clark Hine, William C. Hine, Stanley Harrold](#) , 2011, 0205735932, 9780205735938. More than any other text, The African-American Odyssey illuminates the central place of African Americans in U.S. history not only telling the story of what it has meant to be black in America, but also how African-American history is inseparably weaved into the greater context of American history and vice versa. Told through a clear, direct, and flowing narrative by leading scholars in the field, The African-American Odyssey draws on recent research to present black history within broad social, cultural, and political frameworks. From Africa to the Twenty-First Century, this book follows their long, turbulent journey, including the rich culture that African Americans have nurtured throughout their history and the many-faceted quest for freedom in which African Americans have sought to counter oppression and racism. This text also recognizes the diversity within the African-American sphere providing coverage of all class and of women and balancing the lives of ordinary men and women with the accounts and actions of black leaders and individuals.

[Goodnight Keith Moon: A Parody!, Clare Cross](#) , 2011, 0956011926, 9780956011923. What if Goodnight Moon was about saying goodbye to another Moon? Say goodnight to Keith, his drumsticks, his pile of sick, and more A hilarious parody of the Margaret Wise Brown and Clement Hurd children's classic Goodnight Moon, this book will appeal to fans of rock music

and every parent who has read it to their children. Classic rock aficionados won't get fooled, they'll spot a busload of Who references, from the pinball game in the corner to the ghost of Cass Elliott.

[Dahl's History of the Book, William A. Katz](#) , 1995, 0810828529, 9780810828520. From cave paintings to computers, this overview of the history of books and communication is written for the layperson and student. It provides clear information on how books shaped and reflected major social, political, and literary developments. As a general guide, it moves from the earliest writing in the Middle East and Egypt to Greece, Rome, and early Christian contributions to book production and literacy. Major sections discuss publishing during the Middle Ages and how the invention of printing drastically changed and improved the distribution of knowledge. Later chapters take the reader from the age of encyclopedias in the seventeenth century to the great technological advances of the nineteenth and twentieth centuries. For those who wish to pursue specific areas in the history of the book in greater detail, there are three parts devoted to additional reading with descriptive, critical annotations: general histories and bibliographies, scribes and printers, and printing to the modern period. Extensive notes and documentation will lead to additional sources.

[Russia: Experiment with a People, Robert Service](#) , 2006, 0674021088, 9780674021082. Since the fall of communism, Russia has witnessed a dramatic struggle between old and new, continuity and change. Corruption and violence have plagued society. Most people have benefited little from the new capitalist order. But positive changes are evident. Russians can speak and act more freely in a state that no longer intrudes on their privacy. They are able to travel abroad, enjoy unprecedented access to information from around the world, and organize and campaign for improvement in their living conditions. In this engrossing account Robert Service traces the formation of the new Russia from the end of the Soviet Union in 1991 to the present. He paints a fascinating picture of a people in metamorphosis. In wide-ranging discussions on topics from Kremlin politics to rock music and macroeconomics to contemporary poetry, Service takes us inside to witness the changes from both the top down and the bottom up. He examines the reforms of the Yeltsin and Putin administrations in the context of the complex communist legacy, deftly interweaving political history, intellectual thought, and popular consciousness to illuminate the real difficulties Russia has faced on its rocky path to reform. For the second time in less than a century, the Russians have been engaged in a fundamental reshaping of their society, and the results will prove of vital importance to the global community. Robert Service has provided a valuable and engaging guide to their recent remarkable journey.

Interviews with Sam Lipsyte, Todd Barry, Souled American, Peter Lamborn Wilson, and the Blow. Fiction by Stacey Levine, Vanessa Vasselka, and Jana Martin.

[Addicted to Love, Cj West](#) , 2011, 0976778858, 9780976778851. Wes Holiday sells his landscaping business and retreats to a quaint mountain town to heal after ending a ten year relationship with a woman he couldn't bring himself to marry. In three weeks he is so captivated by a hair stylist that he deprives himself of food and sleep to be near her. When the local sheriff is murdered, Wes is recruited to keep the peace in the town his parents built, but he knows nothing about law enforcement and he's struggling to understand how a woman he just met can dominate his every waking thought. Soon the idyllic town with a penchant for romance is rocked by a bizarre series of murders that defy explanation and it is up to Wes to stop a raging epidemic of violence.

[The Mindful Money Mentality: How to Find Balance in Your Financial Future,](#) , 2013, 0988804905, 9780988804906. Even those who are "good with money" can have trouble making money decisions. With The Mindful Money Mentality, you will: Learn how to understand when you have "enough" to be happy; Integrate your resources with your values in spending, sharing, and investing choices; Share money in a beneficial way to both you and the recipient; Discover whether you have what it takes to make investing decisions on your own; Know how to hire professionals who have your best interests in mind and are the best fit for you; You will come away with: A deeper understanding of your relationship with money; A lifestyle spending plan based on what's most important to you; A comprehensive guide to hire and oversee professionals; and an overview of common errors in judgment ("behavioral biases") made by professionals and non-professionals alike, and what to do about them.

[Twist!.: 2, , , Rob Nolasco](#) , 2000, 0194377563, 9780194377560. Eight main teaching units Each unit in the form of a 10-page language-learning magazine, Twist! Four 'Revision and extension' sections A Grammar Bank A high priority is given in each unit to skills work. There are specific sections devoted to listening, reading, speaking and writing. Vocabulary is consistently developed, and there is regular practice in the use of everyday English. The material caters for a wide range of ability. This includes optional 'Extra!' activities for students who finish early; a choice of 'revision' or 'extension' exercises at the end of every two units; and two levels of exercise in the Workbook. The 'Explorations' section at the end of each issue offers students a choice of project work, enabling them to consolidate language and topic work in a way which best suits their interests. A 'Culture zone' section in each issue of the Student's Book provides information about life in Britain and America, and encourages students to make comparisons with their own culture. 'Learning to learn' sections in the Student's Book and the 'Learning Diary' in the Workbook encourage students to identify how well they are doing, and which areas need more practice. All learners are encouraged to feel they can make a worthwhile contribution, regardless of their level of English.

[OPEN BLIND EYES and SET the CAPTIVES FREE: SPIRITUAL WAREFARE, HEALING, and DELIVERANCE BOOK, Nicholas Emelumba](#) , 2012, . You may be experiencing the worst moments in your life. However, it does not matter how deep the enemy has eaten into your life or how long you have dined with the powers of darkness. Be encouraged and know it is not too late. God is the answer to every trial or tribulation you're facing. Nicholas Emelumba steps out and exposes the depths of curses, sin, spirit husbands and spirits wives, marine spirits and how to ultimately obtain and maintain your deliverance. After reading Open Blinded Eyes & Set The Captives Free, you will walk in another level of freedom in Christ. The tools are there, now it's time to use them.

Five young women sent to the woods to learn about Icelandic horses; beautiful, fluffy, stocky horses with an uncanny ability to survive harsh climates and dangerous terrain, discover their true power - the horses and their young riders travel centuries into the past to save the village of their ancestors.

[Shared Territory : Understanding Children's Writing as Works: Understanding Children's Writing as Works, The Writing](#)

[Program Syracuse University Margaret Himley Associate Professor](#) , 1991, 0195362853, 9780195362855. This book brings together Patricia F. Carini's concept of the developing child as a "maker of works" and M.M. Bakhtin's theory of language as "hero" to re-examine how we have defined and researched early written language development. Through a collection of five essays and a documentary account of one young writer, Himley explores fundamental questions about development, language use and learning, and phenomenological reading or description as a possible interpretive methodology in education and research. She demonstrates how to understand writing as the complex semiotic authoring of self and culture enacted through actual moments of concrete language use.

[An Introduction to Network Programming with Java](#), Jan Graba , 2006, 1846286301, 9781846286308. The ability to construct reliable network software is a vital skill for many of today's programmers and at the same time, Java's comprehensive libraries of readily-accessible network programming features ensure that Java remains at the forefront of network software development. The 1st edition of this book provided a streamlined work that could serve as the core text on an undergraduate module and as the quick, clear, no-nonsense guide required by a IT professional. Notable amongst its features were its many code examples, screenshots and exercises. This 2nd edition retains these features and in addition includes:- Language changes throughout the examples, largely reflecting the significant changes introduced by J2SE 5.0- Comprehensive update of support software, particularly that used for Web applications- New material, such as non-blocking servers and the use of the DataSource interface and Data Access Objects (DAOs) for connecting to remote databases

[Judicial Creativity at the International Criminal Tribunals](#), Shane Darcy, Joseph Powderly , 2010, 0199591466, 9780199591466. As the International Criminal Tribunals for the Former Yugoslavia and Rwanda enter the final phase of their work, it is an appropriate time to reflect on the significant contribution that these unique institutions have made to the development of international criminal law. Judgments issued by the ad hoc Tribunals have served to clarify and elucidate key concepts and principles of international criminal law. On several occasions, this practice and jurisprudence has pushed the progressive development of this dynamic and growing branch of international law. This edited collection examines the specific contribution made by the judges of the Yugoslavia and Rwanda Tribunals to the development of international criminal law in the areas of substantive crimes, criminal liability, defences, general principles, fair trial rights, and procedure. The essays illuminate the law on these topics while pointing to key areas where the Tribunals have advanced the understanding of particular concepts and principles. Several contributions address the theories of interpretation employed by the Tribunals' judges and the challenges presented by judicial creativity in international

criminal trials. As the caseload grows for the International Criminal Court and the international criminal justice project continues to flourish, it is important to take stock of the achievements to date of international criminal bodies. This collection of essays provides a thoughtful analysis by judges, practitioners, and scholars of international criminal law of the profound changes in the field enacted by the judges of the International Criminal Tribunals for Rwanda and the Former Yugoslavia.

[Elizabethan Sonnet Cycles: Five Major Elizabethan Poetic Sequences, Sir Philip Sidney, Edmund Spenser, William Shakespeare](#) , 2010, 186171274X, 9781861712745. [Cashelmara, Susan Howatch](#) , 2013, 075155314X, 9780751553147. There were two subjects which lonely widower Edward de Salis never discussed: his dead wife and his family home in Ireland, 'matchless Cashelmara'. So when he meets Marguerite, a bright young American with whom he can talk freely about both, he is able to love again and takes her back to Ireland as his wife. But Marguerite soon discovers that married life is not what she expected, and that she has married into a troubled family bitterly divided by love and hatred. Cashelmara becomes the curse of three generations as they play out their fates in a spellbinding drama, which moves inexorably towards murder and retribution.
