[The Lady Elizabeth, Alison Weir](#) , 2009, 0099493829, 9780099493822. Following the tremendous success of her first novel, Innocent Traitor, which recounted the riveting tale of the doomed Lady Jane Grey, acclaimed historian and New York Times bestselling author Alison Weir turns her masterly storytelling skills to the early life of young Elizabeth Tudor, who would grow up to become England's most intriguing and powerful queen. Even at age two, Elizabeth is keenly aware that people in the court of her father, King Henry VIII, have stopped referring to her as "Lady Princess" and now call her "the Lady Elizabeth." Before she is three, she learns of the tragic fate that has befallen her mother, the enigmatic and seductive Anne Boleyn, and that she herself has been declared illegitimate, an injustice that will haunt her. What comes next is a succession of stepmothers, bringing with them glimpses of love, fleeting security, tempestuous conflict, and tragedy. The death of her father puts the teenage Elizabeth in greater peril, leaving her at the mercy of ambitious and unscrupulous men. Like her mother two decades earlier she is imprisoned in the Tower of London-and fears she will also meet her mother's grisly end. Power-driven politics, private scandal and public gossip, a disputed succession, and the grievous example of her sister, "Bloody" Queen Mary, all cement Elizabeth's resolve in matters of statecraft and love, and set the stage for her transformation into the iconic Virgin Queen. Alison Weir uses her deft talents as historian and

novelist to exquisitely and suspensefully play out the conflicts between family, politics, religion, and conscience that came to define an age. Sweeping in scope, *The Lady Elizabeth* is a fascinating portrayal of a woman far ahead of her time—an orphaned girl haunted by the shadow of the axe, an independent spirit who must use her cunning and wits for her very survival, and a future queen whose dangerous and dramatic path to the throne shapes her future greatness. "From the Hardcover edition."

[Studying Lives Through Time: Personality and Development, David C. Funder, Carol Tomlinson-Keasey, Ross D. Parke, Keith Widaman](#) , 1996, 155798400X, 9781557984005. *Studying Lives Through Time* presents a state-of-the-art survey of the methodology and substance of longitudinal research in personality development. Chapters focused on the methodology of longitudinal study examine the use of longitudinal data archives, the comparison of longitudinal studies with one another, the use of observer judgements in personality research, the use of Q-sorts, the structure of the personality trait domain, the analysis of overlapping yet distinctive constructs (such as conformity and consciousness), and the necessity of considering the interaction of many factors in understanding developmental processes. Chapters focused on substantive findings examine the use of interpersonal memories to assess the important themes of an individual's life, the basis of depression, the consequences of poor child-rearing practices, the long-term processes of secure and insecure attachment in early childhood, the basis of vulnerability and resilience in relation to risky environments, and cognitive-experiential self-theory.

[The Thin Commandments: The Ten No-Fail Strategies for Permanent Weight Loss, Stephen Gullo](#) , 2005, 1579548989, 9781579548988. Bestselling author of *Thin Tastes Better*, Dr. Stephen Gullo lets you in on his unique program that has a success rate almost 15 times higher than the national average and has helped patients lose more than 100 pounds and maintain the weight loss for more than 5 years. At Dr. Gullo's Institute for Health and Weight Sciences in New York City, patients wait up to 6 months for an appointment and pay over \$1,000 an hour for the secrets he imparts in this book. Dr. Gullo's program, incorporating his more than 25 years of clinical experience, features The Ten Thin Commandments that govern all eating habits and his easy-to-follow "ABC Diet" plan. In Part One, Dr. Gullo shares his Thin Commandments, including: o Think historically, not just calorically—identify trigger foods that can undermine weight loss o Slips should teach you, not defeat you—uncover the "24-hour secret" and never gain weight from bingeing again o Success is about substitution, not denial—discover the 10 most common diet-busting foods and their satisfying substitutes In Part Two, Dr. Gullo outlines his simple ABC Diet plan. He takes the guesswork out of dieting and offers a three-step program, which begins with a 10-day turbocharge plan that helps melt away pounds quickly and easily. The ABC Diet is complete with menu plans and shopping lists.

[Freedom is Your Nature: A Practical Guide to Inner Transformation, Christine Wushke](#) , 2013, 098896421X,

9780988964211. This is an extraordinary new and important work on the inner journey written by Christine Wushke, a woman whose life has seen a series of classical spiritual encounters and experiences. In these pages, she shares with us her amazing revelations, their intoxicating sweetness, and their life-giving fruit. But the book is more than just the fascinating story of Christine's own spiritual growth, for it unfolds for the reader a renewed understanding of life in general, accompanied by practical exercises that anyone can use to begin to change their own inner landscape - and with it - their outer world. Using parables, stories, experiences, and insights from her meditations, she takes the reader on a double-decker journey: both hers and their own.

[Fun with Oldies, Scott Alan Murphy](#) , 2007, 0615153747, 9780615153742. A Must Have for DJs & Oldies Music Lovers Everywhere! "FUN with Oldies" is a Book of Lists of 50's, 60's, 70's Plus Oldies & Classic Rock & Roll Songs categorized by idea, genre or theme. It started as a feature on My Radio Show when "Gearhead Ed" asked for some CARtoons for "Classic Car Week" like Little Deuce Coupe-Beach Boys, GTO-Ronnie & The Daytonas, or Mustang Sally-Wilson Pickett. You get the idea. Then I started doing three song sets on a variety of different themes calling it "Fun with Oldies". The popularity grew until my loyal listeners requested my music sets! COOL! "Fun with Oldies" The Book was born. Over 180 categories including CARtoons, Susie Songs, Slow Jams, Candy Songs, One Hit Wonders, Girl Groups, Teen Idols, Angels & Devils, Happy Songs, Crying Tunes, Jungle Fever, Jailbird, Wild Wild West, & A Day The Music Died Feature. A Special Addition to Any Oldies Library!!! Buy it, & you'll soon be having your own "FUN with Oldies"! Share the Lunacy! You'll Love it!

[Turn Your Face: How to Be Heard and Get What You Want Most of the Time, Barbara J. Linney](#) , 2009, 0982548206, 9780982548202. Turn Your Face is about reflecting on your life and finding meaning, renewing your energy, discovering why you listen (or why you don't), talking well with others, creatively solving problems, planning what you want and striving to get it, giving an honest day's work and yet not letting work totally consume your life, being cheerful, and giving to others. Many books tell you what to do but not how to do it. I'll show how I -- and my clients -- have used what I am recommending. If you buy this book in an airport newsstand, it will either give you courage for the work you are about to do or permission to turn off your cell phone and enjoy your vacation. If you buy this book in your neighborhood bookstore or from your favorite online retailer, it will help you consider the next step on your journey towards what you want.

[Finiteness: Theoretical and Empirical Foundations, Irina Nikolaeva](#) , 2007, 0199213739, 9780199213733. This book explores the nature of finiteness, one of most commonly used notions in descriptive and theoretical linguistics but possibly one of the least understood. Scholars representing a variety of theoretical positions seek to clarify what it is and to establish its usefulness and limitations. In doing so they reveal cross-linguistically valid correlations between subject licensing, subject agreement, tense, syntactic opacity, and independent clausehood; show how these properties are associated with finiteness; and discuss what this means for the content of the category. The issues explored include how different grammatical theories represent finiteness; whether the finite/nonfinite distinction is universal; whether there are degrees of finiteness; whether the syntactic notion of finiteness has a semantic corollary; whether and how finiteness is subject to change; and how finiteness features in language acquisition. Irina Nikolaeva opens the book by describing the history of finiteness and its place in current thinking and research. She then introduces the chapters of the book, comparing the authors' perspectives and showing what they have in common. The book is then divided into four parts.

Part I considers the role finiteness plays in formal syntactic theories and Part II its deployment in functional theories and as the subject of research in typology. Parts III and IV look respectively at the finite/nonfinite opposition in individual languages and at the role finiteness plays in linguistic change and linguistic development. The book is written and structured to appeal to scholars and students of syntax and general linguistics at graduate level and above.

[Consumer Behaviour: Perspectives, Findings and Explanations, John O'Shaughnessy](#) , 2013, 1137003766, 9781137003768. A high level textbook discussing different perspectives in consumer behavior. Drawing on real life case studies, this book enables students to critically approach and evaluate behavioral concepts.

[Knowledge Management: Organizing Knowledge Based Enterprises, Igor Hawryszkiewicz](#) , 2009, 023023027X, 9780230230279. Demonstrates how knowledge management can be used to enhance business processes. It focuses on the need to develop collaborative knowledge networks, which are increasingly global in nature and which support people with the technology needed to work across distance to foster the innovation needed to remain competitive in global environments.

[Pray the Scriptures: A 40-Day Prayer Experience, Kevin Johnson](#) , 2013, 1441261575, 9781441261571. Bestselling Author and Pastor Shows Christians How to Pray the Scriptures Pray the Scriptures is a 40-day prayer experience for readers hoping to energize their prayer life and draw closer to God through his very word. Using familiar passages of Scripture, the author guides the reader in the process of selecting and praying back to God the words of the text as they apply to the reader's life and circumstances. "Prayer starter" phrases jump-start the participant's practice of writing and speaking Scripture prayers. Each day's entry includes an introductory devotional, a Scripture text, and concluding thoughts and questions for reflection, discussion, and further prayer.

[Adventures of King Rollo, David McKee](#) , 1996, .

[The Greek Body, Ian Dennis Jenkins, Victoria Turner](#) , 2009, 1606060023, 9781606060025. More than any other ancient civilization, the Greeks placed the human body at the center of their culture. To them, the sculpted human figure was both an object of sensory delight and an expression of an intelligent mind. In the modern popular imagination, mention of the ancient Greeks is likely to conjure up an image of idealized and naked youth, and it is true that the ideal nude, both male and female, is a striking feature of Greek sculpture. However, in later Greek art, sculptors and their patrons became increasingly interested in human diversity, experimenting with the representation of ethnicity, age, social standing, and character. The marble, bronze, and terra-cotta sculptures presented in this volume--outstanding highlights drawn from over six centuries of artistic production--demonstrate the diversity of Greek figural forms, from the idealized

beauty of the Classical era to the individualized portraits of the Hellenistic period. Large, stunning details testify to the artists' skills in portraying cold, hard materials as warm, human flesh.

[Psychology for Living: Adjustment, Growth, and Behavior Today, Eastwood Atwater, Karen Grover Duffy](#) , 1998, 0139587780, 9780139587788. A pedagogically rich introduction to the psychology of personal adjustment. This title exposes students to various major perspectives on psychology and provides opportunities for applying concepts to their lives. It balances the scientific literature with a wealth of applications and the popular aspects of psychology.

[Ventilation Requirements, _](#) , 1977, 0117241180, 9780117241183. The air in an enclosed space is likely to contain contaminants which may be unpleasant or even harmful to the occupants or which may cause deterioration of the fabric. This digest discusses fresh air requirements and tolerable levels of contamination from various sources and explains the calculation of dilution rates. It is concerned mainly with ventilation during the heating season. In summer, the rates required will generally be higher than those derived from the information given here because of the need to reduce temperatures in non-air-conditioned buildings.

This volume is, first and foremost, a story of the relations between space, time and navigation, from the rise of the chronometer in the U.S. to the Global Positioning System of satellites, for which the Naval Observatory provides the time to a billionth of a second per day. It is a story of the history of technology, in the form of telescopes, lenses, detectors, calculators, clocks and computers over 170 years. It describes how one scientific institution under government and military patronage has contributed, through all the vagaries of history, to almost two centuries of unparalleled progress in astronomy.

[The Price of Indifference: Refugees and Humanitarian Action in the New Century, Arthur C. Helton](#) , 2002, 0199250316, 9780199250318. Refugee policy has not kept pace with new realities in international and humanitarian affairs. Recent policy failures have resulted in instability, terrible hardships, and massive loss of life. This book systematically analyzes refugee policy responses over the past decade and calls for specific reforms to make policy more proactive and comprehensive. Refugee policy must be more than the administration of misery. Responses should be calculated to help prevent or mitigate future humanitarian catastrophes. More international cooperation is needed in advance of crises. Humanitarian structures within governments, notably the United States, as well as the wide variety of international institutions involved in humanitarian action must be re-oriented to cope with new challenges.

[Best of the Best from Bell's Best Cookbook: The Most Popular Recipes from the Four Classic Bell's Best Cookbooks, TelecomPioneers of Mississippi](#) , 2006, 1893062937, 9781893062931. All the Best'rolled into one.Bell's Best cookbooks with over 6,000 outstanding recipes have been condensed into one cookbook with 429 of the most exceptional recipes to be found anywhere!THE BELL'S BEST COOKBOOK SERIES is a treasured recipe resource compiled by TelecomPioneers of Mississippi. The most popular recipes from the four classic Bell's Best cookbooks have been selected, tested, edited for clarity and collected into one book. Within these pages you'll discover such favorites as: Friendship Tea, Marinated Greek Salad, Popeye's Biscuits, Buttermilk Fried Chicken, Chocolate Chip Cheesecake, and Party Cookies, all shown on the front cover.This cookbook also? Features fascinating historical facts and illustrations that show the development of the telephone over the years. What was the first sentence transmitted across the telephone lines from Alexander Graham Bell to his assistant Thomas Watson? Find out on page 60.? Provides revenue for Pioneer projects that enrich our communities in building Habitat homes, providing playground maps to schools and parks, enhancing educational opportunities, and supporting health-related issues.? Makes a memorable gift for any occasion!

[The Life of William Carey, George Smith](#) , 2007, 1408633507, 9781408633502. PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not

pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

[Take a Chance on Me: A Christiansen Family Novel, Susan May Warren](#) , 2013, 1414378416, 9781414378411. 2014 Christy Award winner!Darek Christiansen is almost a dream bacheloroldest son in the large Christiansen clan, heir to their historic Evergreen Lake Resort, and doting father. But hes also wounded and angry since the tragic death of his wife, Felicity. No woman in Deep Haven dares come near. New assistant county attorney Ivy Madison simply doesnt know any better when she bids on Darek at the charity auction. Nor does she know that when she crafted a plea bargain three years ago to keep Jensen Atwood out of jail and in Deep Haven fulfilling community service, she was releasing the man

responsible for Felicity's death. All Ivy knows is that the Christiansens feel like the family she's always longed for. And once she gets past Darek's tough exterior, she finds a man she could spend the rest of her life with. Which scares her almost as much as Darek learning of her involvement in his wife's case. Caught between new love and old grudges, Darek must decide if he can set aside the past for a future with Ivya, future more and more at risk as an approaching wildfire threatens to wipe out the Christiansen resort and Deep Haven itself.

[Success with People: A Complete System for Effectively Managing People in Any Organization, David Russell](#) , 2005, 0977165922, 9780977165926. Recently the Conference Board reported U.S. productivity lags Europe for the first time in over a decade. According to CEO and author David Russell, the best way to increase productivity is to improve the leadership skills of America's entrepreneurs, managers and executives. Russell's book, Success With People - A Complete System For Effectively Managing People in Any Organization, provides a strategic proven system that is easy to understand and quick to apply. Russell, the CEO of Success With People, Inc., knows first-hand the importance of managing a company's greatest asset: its people. Russell teaches leaders how to double employee engagement, motivate better performance, increase retention, and more-all factors that contribute to business productivity. In the book, Russell outlines twelve steps for an effective leadership system, which fall into three broader categories: Establish Your Foundation, Balance Your Workload, and Manage Your Team's Performance. "Productivity doesn't happen by accident," says Russell. "America's business leaders need a clear yet comprehensive, proven system for hiring, managing, developing and retaining people if they hope to compete in the global economy."

[The Credible Company: Communicating with a Skeptical Workforce, Roger D'Aprix](#) , 2008, 0470391472, 9780470391471.

In The Credible Company, communication expert Roger D'Aprix provides a logical and tested strategy to inform skeptical

employees in a time of turbulent change. With information being the lifeblood of today's intellectual-capital assembly line, D'Aprix explains, the internal communication task has taken on an unprecedented importance. Drawing on his experience as a corporate communication executive and consultant, the author offers a practical prescription for effective communication: INFORMS (as in a communication strategy that informs). Based on the principles of Information, Needs on the Job, Face-to-Face Communication, Openness, Research, Marketplace, and Strategy, INFORMS provides a winning formula for those with the insight and motivation to work for greater credibility within companies and other institutional organizations. Throughout the book, D'Aprix provides numerous illustrative examples from his rich consulting experience as lessons in what to do and what not to do in communicating with the workforce.

[Mathematical Methods for Physical and Analytical Chemistry, David Z. Goodson](#) , 2011, 1118135172, 9781118135174.

Mathematical Methods for Physical and Analytical Chemistry presents mathematical and statistical methods to students of chemistry at the intermediate, post-calculus level. The content includes a review of general calculus; a review of numerical techniques often omitted from calculus courses, such as cubic splines and Newton's method; a detailed treatment of statistical methods for experimental data analysis; complex numbers; extrapolation; linear algebra; and differential equations. With numerous example problems and helpful anecdotes, this text gives chemistry students the mathematical knowledge they need to understand the analytical and physical chemistry professional literature.

[Unholy War: Terror in the Name of Islam, John L. Esposito](#) , 2002, 0195154355, 9780195154351. The devastating September 11 attacks on the World Trade Center and the Pentagon left us stunned, angry, and uncomprehending. As it became clear that these horrifying acts had been committed in the name of Islam, we struggled to understand how religion could be used to justify the slaughter of innocents. The media, the government, and ordinary citizens alike sought answers to questions about Islam and its adherents. Who are the Muslim extremists who perpetrate such deeds? Why do they hate us? What do they hope to achieve? Does Islam really teach that such terrorists are holy warriors who will be rewarded with everlasting bliss? In this level-headed and authoritative book, John L. Esposito, one of the world's most respected scholars of political Islam, provides answers to these and many other questions that have arisen in the wake of the attacks. He clearly and carefully explains the teachings of Islam--the Quran, the example of the Prophet, Islamic law--about jihad or holy war, the use of violence, and terrorism. He chronicles the rise of extremist groups and examines their frightening worldview and tactics. Anti-Americanism (and anti-Europeanism), he shows, is a broad-based phenomenon that cuts across Arab and Muslim societies. It is not just driven by religious zealotry, but by frustration and anger at U.S. policy. Moreover, many Muslims are repelled by aspects of Western culture, and alarmed at its impact around the world. It is vital to understand, however, that the vast majority of Muslims are appalled by the acts of

violence committed in the name of their faith. It is essential that we distinguish between the religion of Islam and the actions of extremists like Osama bin Laden who hijack Islamic discourse and belief to justify their acts of terrorism. How can we continue the fight against terrorism without precipitating a global clash of cultures? This is perhaps the most important question we face in this time of crisis. The terrorists behind the September 11 attacks must be brought to justice, their cells eradicated, and their bases destroyed. But this war against terror must not be used to justify erosion of important values at home, or become a green light to authoritarian regimes in the Muslim world to repress non-violent opposition. Only by understanding and addressing the issues that breed hatred and radicalism, argues Esposito, can we defuse the conflicts that will otherwise continue to confront future generations. This brief, clear-sighted and accessibly written book reflects twenty years of study, reflection, and experience on the part of a scholar who is equally respected in the West and in the Muslim world. It will prove to be the best single guide to these urgent questions that have suddenly forced themselves on the attention of the entire world.

[Living Devotions: Reflections on Immigration, Identity, and Religious Imagination, Mary Clark Moschella](#) , 2008, 1556352883, 9781556352881. Description: Living Devotions explores how a particular community has creatively negotiated its religious bonds of connection in the context of immigration. These matters cannot be studied in the abstract. Religious practice is not something separate from the economic, cultural, and psychological dimensions of life, but rather something integral, which shapes and is being shaped by all of these other realities. The author examines these dynamics through an ethnographic case study of the living devotions of a group of Italian Catholic immigrants to San Pedro, California. The narrative describes how the group's historical experiences of immigration and fishing find expression in their particular forms of prayer, art, artifacts, and food. The healing and transformative power of these shared religious practices is explored. As contemporary theologians, pastors, and congregations seek to welcome and care for immigrants and other strangers in a shifting social landscape, we need ways to engage in care-full and attentive relationships. The ethnographic method employed here suggests a way to lift up the voices of ordinary people, allowing them to tell their own stories, while piecing together emerging bits of theological wisdom and compelling care practices. While the particular insights of any community are situated and specific, theological reflection in one context can animate a broader discussion of transformative pastoral theology and practice. Endorsements: ""Living Devotions describes a Catholic community in San Pedro, California, in which a visual and material piety infuses the activities of daily life. In this community, the sacred and the mundane--praying and partying, catching fish and feeding others--are easily integrated. In this engaging book, Moschella considers critical questions and explores theological and psychological conceptual frameworks that assist understanding without allowing theory to overpower the voices of the people who told her about their 'sacramental way of life.' Living Devotions is a moving account of the beliefs, values, and practices that inform and support their vibrant faith."" --Margaret R. Miles, Professor of Historical Theology, Emerita, Graduate Theological Union

""This is simply a wonderful book. Beautifully written, captivating in its detail, wise in its analysis, pastoral in its sensitivity, Living Devotions offers an illuminating 'ethnographic narrative' of an Italian Catholic immigrant community 'told in a pastoral theological voice.' For all those who hope to understand religion as it is woven richly into life--religion scholars and practitioners alike--this book is a must-read. It will equip scholars to enter the world of lived beliefs while enhancing the imagination of those in ministry."" --Bonnie Miller-McLemore, Vanderbilt University Divinity School ""Living Devotions is one of those rare books that will enliven the imaginations of students even as it deepens the insights of scholars and practitioners.Used as a textbook, this captivating portrayal of an Italian and Sicilian Catholic immigrant community will engagingly illustrate skilled ethnographic research and analysis for students and teachers in many parts of the academy--especially history, religious and theological studies, and psychology.At the same time, in Living Devotions, Mary Moschella provides for scholars and practitioners in many fields a stunning example of a truly interdisciplinary work that illuminates the wonderfully complex relatedness between history, religious practices, ethnic diversity and particularity, immigration, and care for the human soul."" --Kathleen J. Greider, Claremont Graduate University ""If you like minestrone soup, you will enjoy this book. It is a rich mixture of social history, a study of the practices of devotional piety, storytelling, and theological reflection--all done with respect and a spirit of appreciative inquiry toward the good people of Mary Star of the Sea Church a

[Acts the Next Generation, Stephen Lewis](#) , 2010, 0982577532, 9780982577530. Jesus told the disciples to wait for a gift. After that amazing day when 120 people in the upper room were baptized by the Holy Spirit, the greatest movement of all time occurred, which was the movement of the Church Age. Now, the challenge to us remains: to step out in faith under the guidance of the Holy Spirit and allow God to use us to write new pages in the book of Acts. Are you ready to be a part of the "Next Generation" of Acts? Learn what it means to be the "Next Generation." Learn to access the same power as the disciples. Learn some simple keys to ministry. Be confident in your walk with Christ. Get equipped and get going today! "This book empowers you to take hold of the same miracle-working power that was available to the disciples in the book of Acts. The same power that raised Christ from the dead resides in us. It is time to be the real church- the church of Acts." Andy Sanders, 5 Fold Media Publishing "If you have a desire to walk in the power of the Holy Spirit then consider "Acts: The Next Generation" an excellent source of inspiration, and study guide. This book is not a "how to" book, but a source whereby the reader may gain insight on the truth that we are part of the book of Acts." Pastor Mark Babin, Celebration Center, Fort fairfield, ME

[Grandmother's Old Stories, Everette Lee Allen Luvert](#) , 2009, 0981994806, 9780981994802. Saturday morning until sundown we were getting our hair shampooed, dried, and pressed. Mama finished our hairstyles by braiding two back

plaits, rolling our bangs, wrapping and tying a silk scarf on our heads Aunt-Jemima style, starts one of the many fascinating stories compiled in this book. Raised in Tunica, Mississippi, Everette Lee Allen-LuVert recalls her life and upbringing on a plantation and in the Colored Subdivisions of Tunica, Mississippi. These short stories are her reflection of years long ago and her attempt to pass them to the next generation. The stories within these pages will grant you, the Reader, joy just as they have her own grandchildren. Whats more, they are refreshing and inspiring to all who read them. Enjoy each story and anticipate more to come in Volume Two.

[Traits of a Jackass Manager: A How-Not-To Guide for Managers Old and New, Charles A. Sennewald](#) , 2011, 0123971977, 9780123971975. Do you take credit for your employees' ideas? Hire your own relatives? Withhold crucial information from your staff? If so, you may be a jackass manager. Now help is at hand--read this short how-not-to guide, have a good laugh, and learn how to manage employees more productively. Whether you're just beginning your career as a supervisor or already have years of management experience, you'll appreciate the useful pointers and cartoons in Traits of a Jackass Manager. Of course you may also recognize some bosses you've encountered yourself over the years. Either way, this quick primer will get you thinking, and talking, about how you can make your organization happier and more efficient. You may get more game-changing advice from the jackass than from all those thick books on management theory!

[Fast Innovation: Achieving Superior Differentiation, Speed to Market, and Increased Profitability: Achieving Superior](#)

[Differentiation, Speed to Market, and Increased Profitability, Michael George, James Works, Kimberly Watson-Hemphill, Clayton Christensen](#) , 2005, 0071762671, 9780071762670. How can I create an innovation engine that will consistently deliver substantial organic growth? This question is the number-one issue for most CEOs and senior executives today. Innovation is a critical driver of organic growth, yet based on the authors' research, only a small percent of companies effectively use innovation to sustain long-term, profitable growth. And the stakes couldn't be higher-failure to create successful new products, services, and business models causes stagnating or declining profits. Now, for the first time, experts Michael George, James Works and Kimberly Watson-Hemphill explain the surprising and significant gap between the CEO's growth goals and actual performance. The authors, who are experts at connecting strategy to execution, give you a complete blueprint for exploiting the strategic and operational dimensions of innovation. Using fresh insights about the true drivers of fast time-to-market and the inadequate success rate of innovation, Fast Innovation reveals: Why current approaches to innovation fail A new strategic and tactical plan that will help your company dramatically reduce time-to-market by 50 to 80 percent The secret for finding out what your customers really want (not just what they say they want) Tools and methods for turning customer insights into ideas that will generate significant ROI The key levers that senior leadership must engage to create innovation capability across the business You'll receive specific actionable solutions for driving disruptive and sustaining innovation at the strategic, portfolio and project level. You'll also learn how to improve how much time your innovation teams actually spend innovating, and discover the changes that must be launched at the corporate level in order to enable the whole business to embrace and get results from this approach.

[As a Peace-Loving Global Citizen, Sun Myung Moon](#) , 2012, 098848790X, 9780988487901. [Under the Sea Storytime Kit,](#) , 2006, .

[The Grass Was Greener: A Young Man's Fight to Survive in South Georgia, Paul L. Willis](#) , 2012, 0982190093, 9780982190098. This book is based on a true story about a man that also happens to be my ancestor. It was a time of Civil War and much of the country was in strife. As the War raged in many parts of the country, there were small and obscured communities that were not affected in many ways and as a result, carried on as they had for a half century. I have always had an interest in telling stories; particularly this one. We hear about slave stories all the time; but with all due respect, I believe this story is not a slave story but a story about the challenges, courage, and the decisions you make when you are faced with accepting who you are. I encourage you to read this book because it is an eye opener and I hope you will enjoy what you read.

[Before All Else Fails, Read the Instructions: Manual for Cross Cultural Christians, Kevin G. Hovey](#) , 1995, 0958831416, 9780958831413. A manual for missionaries in service as well as for people preparing themselves for cross cultural

ministry. Outlines the skills and sensitivities needed to communicate the Gospel to peoples of a totally different world view to your own. Includes case studies from Papua New Guinea applying the principles required for cross cultural communication. Includes a bibliography and indexes. The author is currently director of training and field consultant for AOG World Missions, Australia. He has more than 25 years experience in Papua New Guinea as a missionary.

[Grinling Gibbons and the English Woodcarving Tradition, Frederick Oughton](#) , 1999, 094193652X, 9780941936521. Here is a remarkable study of English woodcarvers and woodcarving from the earliest times to furniture craftsmen of the Georgian era. The book pays special attention to the role of the carver in work designed for the Crown over several hundred years. The center of Oughton's study revolves around Grinling Gibbons, one of the great stylists -- as exemplified by his work at St. Paul's Cathedral, Windsor Castle, and other historic buildings. Also included are illustrated notes on the various carving styles, reproductions of contemporary documents, and an extract from the author's major research study, Inventory of Woodcarving in the British Isles.

[Home Staging in Tough Times, Barbara Jennings](#) , 2009, 098413560X, 9780984135608. Whenever home staging consultants face challenging times, either economically or personally, the need for deeper, fresh, compelling business tactics and strategies becomes more necessary, even vital for survival for some. Home Staging in Tough Times brings together some of the most cutting edge marketing strategies in the home staging industry ever put in print, teaching readers how to think and operate "outside the box" and meet the challenges of the times with a deep passion, a high ethical standard and well-deserved hope. Readers will be introduced to a host of practical tips, ideas and concepts never before published by Barbara Jennings, national best selling author in the industry and Director of the Academy of Staging and Redesign. Jennings doesn't just give theory, but she makes the more difficult applications for readers, filling her pages with a multitude of examples, forms, sample letters, sample promotional articles, encouragement, creativity and so much more. Her easy going conversational style is personable and makes for a pleasant read. Learn how you can ratchet up your profits from your home staging business, generate more clients in new and unusual ways that work especially well in down markets and keep your business prospering no matter what circumstances currently surround you. Jennings has written 13 books for the home staging and interior redesign industry and has trained thousands globally through her certification courses.

[Armstrong's Handbook of Reward Management Practice: Improving Performance Through Reward, Michael Armstrong](#) , 2012, 0749466480, 9780749466480. Armstrong's Handbook of Reward Management Practice is the definitive guide to understanding, developing and implementing effective reward. It is aimed at HR practitioners involved in employee reward, and at students who need to understand the importance of reward and how it can be successfully applied across organizations. The book is closely aligned to the CIPD's standard in reward management and is supported by online resources for both lecturers and students. Updated to reflect the practical implications of the most recent research and

discussion on reward management, this new fourth edition includes new case studies and chapters on evidence-based reward management, reward risk management and ethical approaches to reward management.

[Overture to Revolution: The 1787 Assembly of Notables and the Crisis of France's Old Regime, John Hardman](#) , 2010, 0199585776, 9780199585779. The Assembly of Notables which met between 22 February and 25 May 1787 was a major turning point in French, even world history: it was the first link in an unbroken chain which led to the French Revolution, which itself formed the template for the modern world. The reform programme which finance minister Calonne, with the full backing of Louis XVI, presented to a hand-picked Assembly of Notables would have transformed France. She would have ended up with a Napoleonic system: equality without liberty. Since that is what she got in the end, after wading through oceans of blood, it might have been better if she had taken the shorter route. Liberty, however, in 1787 was valued more highly than equality and the Notables mercilessly exploited this preference to defeat Calonne and the king. By 1789, equality was back on the agenda and remained there through the vicissitudes of the coming years - but too late for Calonne (who was in exile) or for the king, who never recovered from the blow the Notables had dealt him. In the light of modern scholarship and the latest archival information, John Hardman integrates the various facets of this

seminal assembly, which are often considered in isolation (the king, the royal council, the Notables, the role of Necker, and that of public opinion) into a lucid analytical narrative, interspersed with the Notables' critique of Calonne's measures as they were successively presented to them.

[Republic: A Novel of America's Future, Charles Sheehan-Miles](#) , 2007, 0979411424, 9780979411427. From an author described as "one of America's criminally neglected authors," Republic is a surprise hit described by readers as "breath-taking," "riveting," and "haunting." Ken Murphy is a 45 year-old widower and senior manager at a computer chip manufacturer in quiet Highview, West Virginia. The local economy is thrown into a tailspin when the plant is suddenly shut down. Murphy must fight for healthcare for his terminally ill son. As he tries to save his son's life, he is dragged into a deeper conflict between the forces that are ripping our nation apart. In the midst of massive unemployment, an aggressive tone deaf government, terrorism and war, Ken Murphy will sacrifice everything for his family, but will that be enough?

[A Century of Revolution: Insurgent and Counterinsurgent Violence during Latin Americas Long Cold War, Greg Grandin, Gilbert M. Joseph](#) , 2010, 0822392852, 9780822392859. DIVLatin America experienced an epochal cycle of revolutionary upheavals and insurgencies during the twentieth century, from the Mexican Revolution of 1910 through the mobilizations and terror in Central America, the Southern Cone, and the Andes during the 1970s and 1980s. In his introduction to A Century of Revolution, Greg Grandin argues that the dynamics of political violence and terror in Latin America are so recognizable in their enforcement of domination, their generation and maintenance of social exclusion, and their propulsion of historical change, that historians have tended to take them for granted, leaving unexamined important questions regarding their form and meaning. The essays in this groundbreaking collection take up these questions, providing a sociologically and historically nuanced view of the ideological hardening and accelerated polarization that marked Latin Americas twentieth century. Attentive to the interplay among overlapping local, regional, national, and international fields of power, the contributors focus on the dialectical relations between revolutionary and counterrevolutionary processes and their unfolding in the context of U.S. hemispheric and global hegemony. Through their fine-grained analyses of events in Chile, Colombia, Cuba, El Salvador, Guatemala, Mexico, Nicaragua, and Peru, they suggest a framework for interpreting the experiential nature of political violence while also analyzing its historical causes and consequences. In so doing, they set a new agenda for the study of revolutionary change and political violence in twentieth-century Latin America. Contributors Michelle Chase Jeffrey L. Gould Greg Grandin Lillian Guerra Forrest Hylton Gilbert M. Joseph Friedrich Katz Thomas Miller Klubock Neil Larsen Arno J. Mayer Carlota McAllister Jocelyn Olcott Gerardo Rnique Corey Robin Peter Winn/div

[Love, Life, God: The Journey of Creation, Jarrad Hewett](#) , 2010, 0984602909, 9780984602902. Jarrad Hewett's "Love, Life, God: The Journey of Creation" charts new territory not only with its casual, conversation-style of writing, but also with the profundity and in-depth explanations of how the Law of Attraction actually works, why it sometimes appears not to work, and how every single subject in our lives all relates back to one simple subject: Love. "Love, Life, God," possesses one of the most unique yet candidly understandable voices to ever be captured in written form. Hewett's often-hilarious exchanges and his in-depth probing make "Love, Life, God" the perfect book for seekers of any age. No subject is off limits in this exploration of thoughts, energy, and the science that brings them together. Constant as the ever-present moment of now is our Source Self, and "Love, Life, God" is a tome to that concept. Understanding how to reach and operate from that center are the keys to uniting and healing not just a fractured culture, but a fractured self. By tapping into who we really are, we begin to see in life-altering ways that through our own actions, in-actions, thoughts, beliefs, etc, just how our world (and our perspective of that world) has come into being. Hewett also shows in clear and irrevocable ways how to change that world through changing the Self. Love, Life, God is a powerful journey into the heart of conscious creation and physical manifestation that you won't be able to put down. "A remarkable portrait of life... filled with love and awakening." Dr Joe Vitale, Best Selling author of Zero Limits and featured star of The Secret "Absolutely fabulous! I've known Jarrad for many years, and he's the real deal. This book has the power to transform your life. Be prepared to experience your world in a totally new way as you set out on this joyous journey of love and personal growth." Dee Wallace, actress and author of Conscious Creation "An expansive, freeing journey into the heart of the realization of what it is to be a consciousness creator. Both accessible and playful, this is a beautiful gem of a book." Story Waters, Author of The Messiah Seed and You Are God. Get Over It "This is one of the most important books of the coming decade. Love, Life, God, helps us understand who, what, when, where, and why we are. The incites Jarrad gives are life changing. Jarrad explains not only energy as it pertains to us and our lives, but how to tap into it and become our authentic and glorious selves!" - Ricki Maslar - C.S.A., Producer, Casting Director of Paranormal Activity and La Linea "Love, Life, God, offers profound insights and wisdom into the ever expanding journey of life. It clears away the spiritual clutter and goes straight for the essence. Every page is a gift for the reader!" Geoffrey Hoppe - Author of Masters of The New Energy and founder of The Crimson Circle "A joyful expression of All That Is! Love, Life, God is a must have book for all those who are seeking answers in discovering OUR personal power in creating OUR world. Simple, concise and

humorous... reading this is the perfect way to raise our collective and individual vibration!" - Jewels Johnson, Creator of Law of Attraction Radio Network "Jarrad takes you on a journey to answer the essential why of life and in the process delivers a beautiful portrayal of love and creation. Lovely and heart opening" - Jennifer McLean, author, healer, and host of Healing With The Masters

[Off-Ramps and On-Ramps Revisited, Sylvia Ann Hewlett, Diana Forster, Laura Sherbin, Peggy Shiller, Karen Sumberg](#) , 2014, 0988745658, 9780988745650. The findings were announced at The New York Times auditorium with presentations by Sylvia Ann Hewlett, one of the authors of the study and Founder and President of The Center for Work Life Policy, and Lisa Belkin, the author of the New York Times Magazine cover story The Opt-Out Revolution which caused a media firestorm about time-outs from careers (off-ramping) in 2003 and inspired the Centers first study of the trend in 2005. Since the recession, the study found, timeouts or off-ramping from a career for childcare or other reasons have become increasingly unaffordable to women whose income has become increasingly important to family budgets. Getting back into the workforce after a timeout has become even more difficult. 73% percent of women trying to return to the workforce after a voluntary timeout for childcare or other reasons have trouble finding a job. Those who do return lose 16 percent of their earning power and over a quarter report a decrease in their management responsibilities and 22 percent had to step down to a lower job title. And many women cant sustain the increased hours at most jobs today when saddled with an uneven share of family childcare and household responsibilities. Unless companies facilitate off-ramping and on-ramping more effectively, womens earning power and promotion opportunities will never measure up to the linear, lock-step progression of male careers. And over the long term, companies will lose out on the valuable

wrongful, and in which the chances of getting caught are negligible. Philosophers from Socrates to H.L.A. Hart have struggled to give reasoned support to the idea that we do have a general moral duty to obey the law but, more recently, the greater number of learned voices has expressed doubt that there is any such duty, at least as traditionally conceived. The thought that there is no such duty poses a challenge to our ordinary understanding of political authority and its legitimacy. In what sense can political officials have a right to rule us if there is no duty to obey the laws they lay down? Some thinkers, concluding that a general duty to obey the law cannot be defended, have gone so far as to embrace philosophical anarchism, the view that the state is necessarily illegitimate. Others argue that the duty to obey the law can be grounded on the idea of consent, or on fairness, or on other ideas, such as community.

[A Complete Guide for Single Moms: Everything You Need to Know about Raising Healthy, Happy Children on Your Own,](#)
[Janis Adams](#) , 2011, 1601383975, 9781601383976. Recent statistics from the U.S. Census Bureau show there are over 9 million single mothers in the United States. For every mother recently finding herself single or new moms learning how to raise their first child by themselves, there are countless things any mother will need to know. Single motherhood presents innumerable situations that are much harder to handle without the helping hands of a second parent nearby. This book is for every mother who is learning how to raise children on her own. Regardless of how you came to be a single mom whether it was through divorce, the end of a relationship, surrogacy, adoption, unplanned pregnancy, or the death of a spouse this book will walk you through the information you need to know to help you and your child adjust to a new lifestyle. The book covers what to do when pregnant and single and how to rely on your family and friends for support and help. You will learn the basics of early Child care, including what a child needs in his or her first year, from breastfeeding and diapers, to clothing and travel. You will learn what to expect as your child grows, including the early years of school and the problematic teenage years. This book teaches you how to take care of yourself in addition to your children, which includes getting the rest you need and working your way back into dating. You will learn how to prepare yourself for the sacrifices you will be forced to make and how to handle financial matters while raising a child alone. Even the difficult topics are covered, such as the first times you must discuss with your child why his or her father is not present. You will learn when you can fill in as a father figure, when you cannot, and what you can do to provide the male influence and support children need during those formative years. If your child's father is involved, this book will teach you how to work with him. You will learn how to raise a boy as a single mother and find positive role models for your children. Atlantic Publishing is a small, independent publishing company based in Ocala, Florida. Founded over twenty years ago in the company president's garage, Atlantic Publishing has grown to become a renowned resource for non-fiction books. Today, over 450 titles are in print covering subjects such as small business, healthy living, management, finance, careers, and real estate. Atlantic Publishing prides itself on producing award winning, high-quality manuals that

give readers up-to-date, pertinent information, real-world examples, and case studies with expert advice. Every book has resources, contact information, and web sites of the products or companies discussed. This Atlantic Publishing eBook was professionally written, edited, fact checked, proofed and designed. The print version of this book is 288 pages and you receive exactly the same content. Over the years our books have won dozens of book awards for content, cover design and interior design including the prestigious Benjamin Franklin award for excellence in publishing. We are proud of the high quality of our books and hope you will enjoy this eBook version.

[Little House on the Prairie: Deluxe Edition, Laura Ingalls Wilder](#) , 1997, 0060277238, 9780060277239. Little House on the Prairie, written by beloved author Laura Ingalls Wilder, is one of the most widely celebrated American classics of all times. Now, for the first time ever, this timeless treasure is available in a lavish new deluxe edition that includes an enlarged trim size, a satin ribbon marker, a beautiful cloth binding with an onlay of Garth Williams's breath-taking artwork on its cover, gold printed title type, and a delicate black and white border outlining each and every page of the interior. Here's the perfect way to celebrate Laura Ingalls Wilder's momentous tales of growing up on the American frontier -- a classic to be treasured in all the years to come.

[The International Response to Somali Piracy: Challenges and Opportunities, Bibi van Ginkel, Frans-Paul van der Putten](#) , 2010, 9004183051, 9789004183056. The recent surge in piracy attacks off the coast of Somalia has triggered an international response which is unprecedented in terms of the number of actors involved. The International Response to Somali Piracy presents a comprehensive treatment of the international response to Somali piracy, exploring current initiatives to counter the piracy threat, both operationally and legally. Moreover, the book analyzes the regional and

broader international context within which these initiatives are taken, and identifies the challenges and opportunities for international cooperation on fighting piracy at sea. This volume brings together experts from a great variety of different backgrounds and disciplines. The editors are Senior Research Fellows at the Netherlands Institute of International Relations 'Clingendael', a policy institute for international relations. In a constantly-changing global environment, Clingendael functions both as a think-tank and a diplomatic academy, identifying and analyzing emerging political and social developments for the benefit of government and the general public.

[Liquid Dreams of Vampires, Martin V. Riccardo](#) , 1996, . Why are we so enthralled with the dark passions evoked by the pale skin and penetrating eyes of the vampire? Descend into the murky shadows of the subconscious as vampire researcher Martin V. Riccardo presents dreams, nightmares, and fantasies from the general public that reveal the true power of the vampire's image. Learn how he serves as an archetype of the otherworldly lover ... and why, for some, vampires are an overwhelming obsession.

[Banjo Paterson Complete Poems, Banjo Paterson](#) , 2010, 073044337X, 9780730443377. A beautiful new edition of the complete poems of A. B. 'Banjo' Paterson. When a young man submitted a set of verses to the BULLETIN in 1889 under the pseudonym 'The Banjo', it was the beginning of an enduring tradition. Today Banjo Paterson is still one of Australia's best-loved poets. This complete collection of his verse shows the bush balladeer at his very best with favourites such as 'A Bush Christening', 'The Man from Ironbark', 'Clancy of the Overflow' and the immortal 'The Man from Snowy River'. These well-known verses are joined here by his comic verse, his remarkable war poems, including 'We're All Australians Now', and lesser known works.

[Esther Waters, George Moore](#) , 2008, 0199549834, 9780199549832. Founded in 1906 by J.M. Dent, the Everyman Library has always tried to make the best books ever written available to the greatest number of people at the lowest possible price. Unique editorial features that help Everyman Paperback Classics stand out from the crowd include: a leading scholar or literary critic's introduction to the text, a biography of the author, a chronology of her or his life and times, a historical selection of criticism, and a concise plot summary. All books published since 1993 have also been completely restyled: all type has been reset, to offer a clarity and ease of reading unique among editions of the classics; a vibrant, full-color cover design now complements these great texts with beautiful contemporary works of art. But the best feature must be Everyman's uniquely low price. Each Everyman title offers these extensive materials at a price that competes with the most inexpensive editions on the market-but Everyman Paperbacks have durable binding, quality

paper, and the highest editorial and scholarly standards. --This text refers to an out of print or unavailable edition of this title. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Colorado: The Highest State, Second Edition: The Highest State, Second Edition, Duane A. Smith, Thomas J. Noel](#) , 2011, 1457111659, 9781457111655. Chronicling the people, places, and events of the state's colorful history, Colorado: The Highest State is the story of how Colorado grew up. Through booms and busts in farming and ranching, mining and railroading, and water and oil, Colorado's past is a cycle of ups and downs as high as the state's peaks and as low as its canyons. The second edition is the result of a major revision, with updates on all material, two new chapters, and ninety new photos. Each chapter is followed by questions, suggested activities, recommended reading, a "Did you know?" trivia

section, and recommended websites, movies, and other multimedia that highlight the important concepts covered and lead the reader to more information. Additionally, the book is filled with photographs, making *Colorado: The Highest State* a fantastic text for middle and high school Colorado history courses.

[Live in the Balance: The Ground-Breaking East-West Nutrition Program, Linda Prout](#) , 2000, 1569246157,

9781569246153. For over three thousand years practitioners of Chinese medicine have known that food is health-giving. Now path-breaking nutritionist Linda Prout synthesizes the basic principles of Traditional Chinese Medicine (TCM) with the science of western nutrition. With a clear focus to help readers achieve balance, Prout introduces the concept of balance and describes the signs and symptoms of various patterns of imbalance from a TCM perspective. She provides simple self-assessments readers can use to determine their own tendencies toward imbalance, and recommends foods, cooking methods, and lifestyle changes to balance each pattern. Fats, proteins, carbohydrates and sugars are each discussed from a western nutrition and eastern perspective, with beneficial and potentially unhealthful choices given for each body pattern.

[Little Women, Louisa May Alcott](#) , 2008, 0141917547, 9780141917542. *Little Women* by Louisa May Alcott is a classic novel loved by adults and children alike. Come laugh and cry with the March family. Meg - the sweet-tempered one. Jo - the smart one. Beth - the shy one. Amy - the sassy one. Together they're the March sisters. Their father is away at war and times are difficult, but the bond between the sisters is strong. The family may not have much money, but that doesn't stop them from creating their own fun and forming a secret society. Through sisterly squabbles, happy times and sad, their four lives follow very different paths, and they discover that growing up is sometimes very hard to do...

PLUS a behind-the-scenes journey, including an author profile, a guide to who's who, activities and more... Louisa May Alcott wrote her first novel, *The Inheritance*, at age seventeen, but it went unpublished for nearly 150 years until 1997, after two researchers (Joel Myerson and Daniel Shealy) stumbled across the handwritten manuscript in the Houghton Library at Harvard University. Of course, Ms. Alcott is best known for a different novel, *Little Women*, which she wrote in two parts. The first volume, alternately titled *Meg, Jo, Beth, and Amy*, was published in 1868, and the second volume, *Good Wives*, was published in 1869. Like Jo in *Little Women*, Louisa also wrote many "blood and thunder" tales, which were published in popular periodicals of the day. She did not openly claim authorship for many of these Gothic thriller stories, however: for some, she used the pseudonym, "A. M. Barnard"; for others, she chose to remain completely anonymous.

[The Complete Guide to Closed End Funds: Finding Value in Today's Stock Market, Frank Cappiello](#) , 1993, 0942641523,

9780942641523. Explains the advantages of bond and equity funds, and evaluates more than one hundred funds.

[Three Heralds of the Storm, Storm Constantine](#) , 1997, 0965834514, 9780965834513. "These three pieces give an example of my work in the three genres of fantasy, dark fantasy and sf. 'How Enlightenment Came to the Tower' first

appeared in a small press magazine in the UK called Scheherazade, but the version in 'Three Heralds' is much revised.

'Such a Nice Girl' is previously unpublished, while 'Last Come Assimilation' appeared in a collection called 'Digital Dreams'.

As to what inspired each individual story, it's difficult to say. It might have been a conversation I overheard, a newspaper story, a film, a picture or just a particular feeling"--Storm Constantine, author comments on amazon.com, Aug. 20, 1997.

[Introduction to the Economics of Financial Markets, James Bradfield](#) , 2007, 0195310632, 9780195310634. There are many textbooks for business students that provide a systematic, introductory development of the economics of financial markets. However, there are as yet no introductory textbooks aimed at more easily daunted undergraduate liberal arts students. Introduction to the Economics of Financial Markets fills this gap by providing an extremely accessible introductory exposition of how economists analyze both how, and how well, financial markets organize the intertemporal allocation of scarce resources. The central theme is that the function of a system of financial markets is to enable consumers, investors, and managers of firms to effect mutually beneficial intertemporal exchanges. James Bradfield uses the standard concept of economic efficiency (Pareto Optimality) to assess the efficacy of the financial markets. He presents an intuitive, and introductory, understanding of the primary theoretical and empirical models that economists use to analyze financial markets, and then uses these models to discuss implications for public policy. Students who use this text will acquire an understanding of the economics of financial markets that will enable them to read, with some sophistication, articles in the public press about financial markets and about public policy toward those markets. The book is addressed to undergraduate students in the liberal arts, but will also be useful for undergraduate and beginning graduate students in programs of business administration who want an understanding of how economists assess financial markets against the criteria of allocative and informational efficiency.

[The Wavewatcher's Companion, Gavin Pretor-Pinney](#) , 2010, 0747589763, 9780747589761. One bright February afternoon on a beach in Cornwall, Gavin Pretor-Pinney took a break from cloudspotting and started watching the waves rolling into shore. Mesmerised, he wondered where they had come from, and decided to find out. He soon realised that waves don't just appear on the ocean, they are everywhere around us, and our lives depend on them. From the rippling beats of our hearts, to the movement of food through our digestive tracts and of signals across our brains, waves are the transport systems of our bodies. Everything we see and hear reaches us via light and sound waves, and our information age is reliant on the microwaves and infrared waves used by the telephone and internet infrastructure. From shockwaves unleashed by explosions to torsional waves that cause suspension bridges to collapse, from sonar waves that allow submarines to 'see' with sound to Mexican waves that sweep through stadium crowds there were waves, it seemed, wherever Gavin looked. But what, he wondered, could they all have in common with ones we splash around in on holiday? By the time he made the ultimate surfer's pilgrimage to Hawaii, Gavin had become a world-class wavewatcher, although he was still rubbish at surfing. And, while this fascinating, funny book may not teach you how to ride the waves, it will show you how to tune into the shapes, colours and forms of life's many undulations.

[The Name of the Nearest River: Stories, Alex Taylor](#) , 2010, 1932511806, 9781932511802. 2011 Eric Hoffer Award in the

General Fiction 2011 The Thomas & Lillie D. Chaffin Award Alex Taylor is a fresh new voice, not just in Kentucky, but in American literature.' --Chris Offutt Like a room soaked in the scent of whiskey, perfume, and sweat, Alex Taylor's America is at once intoxicating, vulnerable, and full of brawn. These stories reveal the hidden dangers in the coyote-infested fields, rusty riverbeds, and abandoned logging trails of Kentucky. There we find tactile, misbegotten characters, desperate for the solace found in love, revenge, or just enough coal to keep an elderly woman's stove burning a few more nights. Echoing Flannery O'Connor and William Faulkner, Taylor manages fervor as well as humor in these dusky, shotgun plots, where in one story, a man spends seven days in a jon boat with his fiddle and a Polaroid camera, determined to enact vengeance on the water-logged body of a used car salesman; and in another, a demolition derby enthusiast nicknamed "Wife" watches his two wild, burning love interests duke it out, only to determine he would rather be left alone entirely. Together, these stories present a resonant debut collection from an unexpected new voice in Southern fiction. Alex Taylor has worked as a day laborer on tobacco farms, as a car detailer at a used automotive lot, as a sorghum peddler, as a tender of suburban lawns, at various fast food chains, and at a cigarette lighter factory. He holds an MFA from the University of Mississippi and now teaches at Western Kentucky University. He lives in Rosine, Kentucky.

[Writing, Reading, and Research, Richard Veit, Christopher Gould](#) , 2009, 0547191049, 9780547191041. Broadening the traditional notion of undergraduate research, this English composition text thoroughly covers the skills essential for developing a research paper: analytical reading, synthesizing, paraphrasing, and summarizing. Presenting the process of research in a practical sequence, the authors illustrate each stage of the process with examples of student and professional writing. Using a flexible and goal-oriented approach, the authors integrate coverage of writing, reading, and research with topical, interdisciplinary readings and a supportive research handbook. Unlike comparable books, Veit and Gould's WRITING, READING, AND RESEARCH, Eighth Edition leads off with a sample student paper in the first chapter, providing a foundation for students as they progress through each step of the research and writing process. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[Get Out of the Way!, Brad Fregger](#) , 2008, 0979354285, 9780979354281. Brad Fregger, futurist, businessman, author, professor, international speaker, publisher, father, grandfather, and soon to be great grandfather, shares his guiding principles for creating and leading organizational teams. "Find the right people, show them how good they are, and then get out of the way." Fregger believes that very few people, including the top business people and academics understand organizational leadership, the leadership that the middle manager must exhibit if they are going to be able to get done, what needs to get done. Top business people tend to be, because of the process of selection that goes on within every organization, managers, not leaders. Warren Bennis agrees, bemoaning the lack of leadership that exists within America's corporations, while at the same time creating the environment where this was bound to happen. Academics tend to have little understanding of organizational leadership because, again in the main, they have not "walked the walk." The only way to understand true leadership is to have, "learned it on the job." Studying successful leaders, doing research on leadership, doesn't work. There's also the problem that most academics, especially the ones from the top schools, only study successful top executives, individuals who are defined as leaders because of the position they hold. But ... as Bennis recognizes, very few of them are true leaders. Additionally, the very successful organizational leader, the Effective Leader, is relative rare. You can not be an Effective Leader until you have attained Mastery, until you know exactly what you are doing and why it is working. Most successful organizational leaders aren't quite sure why they are able to get things done better and easier than their counterparts. The result, they tend to see themselves as being lucky, often giving full credit to the team. In his foreword to *The Living Company*, Peter Senge touches on the importance of "practical experience," essentially, saying that the best information comes from those who have been there, "It has been my experience that extraordinary practitioners like Arie can make unique contributions to management thinking Unlike academics who write about what they have thought, practitioners think about what they have lived through. Because the source of their thinking is experience rather than concepts, they show how sometimes the most profound ideas are the simplest." And, Brad's response, "This is the truth that I have to bring: Effective Leadership is profoundly

simple at the concept level. There will be nothing in this book that you will not quickly understand; many of these simple concepts, however, are surprisingly difficult to implement." From reading his book, it seems that the basic reason that these ideas can be difficult to implement is because they often conflict with the traditional manager's ideas as to the best way to get things done.

[Berlin Poplars, Anne B. Ragde](#) , 2009, 0099502577, 9780099502579. Just before Christmas on a farm in Northern Norway, eighty-year-old Anna Neshov, matriarch of a troubled family, is taken gravely ill. Her three sons have been quietly immersed in their work: one an undertaker, one a window-dresser and the eldest running the family farm, but now they are forced to reunite for the first time in many years. Their personalities are as disparate as their careers, and tensions mount from the second they meet, climaxing over Christmas dinner when the matter of inheritance prompts the revelation of disturbing family secrets... Anne B Ragde has created an engrossing dark comedy brought vividly to life through extraordinary characters. While perfectly in tune with their professions, the Neshov sons as a family are little short of dysfunctional; nevertheless, the real theme of the novel is a sense of belonging. The farm itself defines this, with its power to draw people back to their roots, whether they like it or not. Published to huge acclaim in Ragde's native Norway, Berlin Poplars was awarded the Riksmal Prize.

[The Helix War, Edward Willett](#) , 2012, 0756407389, 9780756407384. Marseguro, a water world far distant from Earth, is home to a small colony of both unmodified humans and the Selkies, a water-dwelling race created by geneticist Victor Hansen from modified human DNA. For seventy years the Selkies and the unmodified landlings have dwelled together in peace, safe from pursuit by the current fanatical theocratic rulers of Earth. But everything changes when Earth discovers Marseguro, and a strike force - with Victor Hansen's own grandson Richard aboard - is sent to eradicate this abomination. Though the forces of Earth are equipped with weapons far superior to those of this peaceful, backwater planet, the people of Marseguro are not without resources to fight back. Soon it will be hard to determine who has more to fear - those being attacked or the invaders from Earth.... Marseguro won Canada's prestigious Prix Aurora, and Terra Insegura was a finalist for this award.

[Principles of Pulmonary Medicine, Steven E. Weinberger, Barbara A. Cockrill, Jess Mandel](#) , 2008, 1416050345, 9781416050346. Concise and easy to read, this completely updated new edition correlates basic pathophysiologic principles with the radiologic, pathologic, and clinical aspects of disease to provide an integrated, user-friendly approach to the study of pulmonary medicine. In addition to detailed text, case-based questions cover topics including interpretation of pulmonary function tests, physiologic data, and results of arterial blood gas testing. More than 120 high-quality images complement the discussion of specific diseases and provide a clear framework for understanding difficult

pulmonary concepts. The text provides updated coverage of diagnostic modalities in pulmonary disease, as well as management of asthma, lung cancer, respiratory failure, pulmonary hypertension, and other important pulmonary diseases. A new, web-based interactive learning tool box offers additional radiographic images, audio clips of lung sounds, and self-assessment questions modeled after the questions found on the USMLE exams. In print and online, this is an essential resource for mastering the foundations of pulmonary medicine. Guides you through the anatomy, physiology, and pathophysiology relevant to major pulmonary disorders, and then focuses on the clinical aspects and treatment of specific diseases. Presents more than 120 high-quality images which complement the discussion of specific diseases and provide a clear framework for understanding difficult pulmonary concepts. Uses margin notes throughout the text that summarize and highlight critical information for quick review. Features case-based questions covering topics including pulmonary function tests, physiologic data, and results of arterial blood gas testing, that help you apply the material to real-life practice. Includes access to a web-based interactive learning tool box, featuring additional chest radiographs, audio clips of lung sounds, and self-assessment questions that test your ability to apply physiologic principles to quantitative problems, modeled after the questions found on the USMLE. Presents updated coverage of diagnostic modalities used in pulmonary disease, as well as management of asthma, lung cancer, respiratory failure, pulmonary hypertension, and other important pulmonary diseases to help you choose the most effective course of patient treatment. Your purchase entitles you to access the web site until the next edition is published, or until the current edition is no longer offered for sale by Elsevier, whichever occurs first. If the next edition is published less than one year after your purchase, you will be entitled to online access for one year from your date of purchase. Elsevier reserves the right to offer a suitable replacement product (such as a downloadable or CD-ROM-based electronic version) should access to the web site be discontinued.

[Yohji Yamamoto: My Dear Bomb, ,](#) , 2010, 9055449792, 9789055449798. Yohji Yamamoto led the Japanese fashion wave of the 1980s and 1990s into the new millennium. In October 2009, after a series of bad investments, Yamamoto Inc. went bankrupt; by the end of that year the designer had inaugurated a new business and a complete reevaluation of his direction. My Dear Bomb is an outcome of this transition moment. Coauthored with Ai Mitsuda, this carefully and beautifully written autobiography (with biographical interpolations by friends and collaborators) seamlessly combines extended meditations on clothing and life with Yamamoto's memories and anecdotes, in short, concise paragraphs. Throughout its pages, we encounter Yamamoto as a tough realist unburdened by disingenuousness (%%I am, in fact, a man who may turn heartless in an instant; I desire only to settle each and every score immediately%%); and, of course, as a great designer blessed with unerring instinct for his materials (%%how does the cloth want to drape, to sway, to fall? If one keeps these things in mind and looks very carefully, the fabric itself begins to speak%%). Illustrated with drawings by Yamamoto, this open-hearted meditation offers a take on the autobiography form as imaginative as the

designer's fashion wear.

[Holocene Extinctions, Samuel T. Turvey](#) , 2009, 019157998X, 9780191579981. The extent to which human activity has influenced species extinctions during the recent prehistoric past remains controversial due to other factors such as climatic fluctuations and a general lack of data. However, the Holocene (the geological interval spanning the last 11,500 years from the end of the last glaciation) has witnessed massive levels of extinctions that have continued into the modern historical era, but in a context of only relatively minor climatic fluctuations. This makes a detailed consideration of these extinctions a useful system for investigating the impacts of human activity over time. *Holocene Extinctions* describes and analyses the range of global extinction events which have occurred during this key time period, as well as their relationship to both earlier and ongoing species losses. By integrating information from fields as diverse as zoology, ecology, palaeontology, archaeology and geography, and by incorporating data from a broad range of taxonomic groups and ecosystems, this novel text provides a fascinating insight into human impacts on global extinction rates, both past and present. This truly interdisciplinary book is suitable for both graduate students and researchers in these varied fields. It will also be of value and use to policy-makers and conservation professionals since it provides valuable guidance on how to apply lessons from the past to prevent future biodiversity loss and inform modern conservation planning.

[Journey Without Goal: The Tantric Wisdom of the Buddha, , Chgyam Trungpa](#) , 1981, 087773755X, 9780877737551.

Based on the author's talks at Naropa University, this volume introduces the reader to the principles of tantra, based on the practice of meditation, which leads to the discovery of egolessness. Trungpa Rinpoche provides a direct and experiential picture of the tantric world, explaining the importance of self-existing energy, the mandala principle, the difference between Buddhist and Hindu tantra-- stressing the nontheistic foundation of Buddhism. The role of the teacher and the meaning of tantric transmission are also presented. Written for the student of Buddhism rather than the scholar, "Journey without Goal" demystifies the vajrayana and at the same time affirms the power and sacredness of its ancient teaching.

[The Law of Tax-Exempt Organizations, Bruce R. Hopkins](#) , 2012, 1118037480, 9781118037485. Nonprofit organizations are subject to a complex set of regulations and laws. Written in plain English, this book keeps tax-exempt organizations up-to-date on all current regulations pertaining to tax-exempt organizations. It ensures professionals are well-prepared to make decisions about their organizations' actions and future and is a definitive one-volume source of information on federal laws by the leading legal authority in the nonprofit sector. This guide is supplemented annually to keep the lawyers and managers of nonprofit organizations on top of the latest nonprofit legal and tax developments.

[Me, We, and Glee: How to Have a Great Attitude, Work As a Team and Keep Your Sense of Humor, Nick Arnette](#) , 2011, 0983759715, 9780983759713. Me, We, and Glee: How to have a great attitude, work as a team, and keep your sense of humor. Stay focused on the right things; never let anyone ruin your day again. Learn what teamwork really is, and how to be really good at it, both at work and at home. Find out that humor is not only good for you; it makes you better at what you do. You'll find a wealth of ideas on where to find humor and how to use it in various settings. Me, We, and Glee is divided into three sections: Me-how your attitude impacts everything you do. We-teamwork: how to work well with others in a variety of situations. Glee-the importance of humor in our lives, where to find it and how to use it. . There are lots of bullet pointed lists that you can quickly refer back to as needed. There's even some extra space so you can jot down a few ideas of your own. By the time you've finished the book, you'll find that Me, We, and Glee are interrelated and vital components of daily life. If you have good Me, you'll have good We. And good Glee makes Me and We so much easier to maintain. This book is good for anyone who is around difficult people, wants improve their attitude, be better and teamwork and who wants to improve their sense of humor. That's pretty much everyone. Here's what the experts are saying about Me, We and Glee: "This entertaining book shows you how to be more positive, persuasive and cheerful-no matter what happens!" Brian Tracy, Author/Speaker, The Power of Charm. Me, We and Glee is a timely book with lots of practical advice." Michael Levine, media expert and best selling author. Me, We and Glee starts with Y-O-U!

[Memos from Purgatory, Harlan Ellison](#) , 2012, 0575123699, 9780575123694. Hemingway said, "A man should never write what he doesn't know." In the mid-fifties, Harlan Ellison--kicked out of college and hungry to write--went to New York to start his writing career. It was a time of street gangs, rumbles, kids with switchblades and zip guns made from car radio antennas. Ellison was barely out of his teens himself, but he took a phony name, moved into Brooklyn's dangerous Red Hook section and managed to con his way into a "bopping club." What he experienced (and the time he spent in jail as a result) was the basis for the violent story that Alfred Hitchcock filmed as the first of his hour-long TV dramas...This autobiography is a book whose message you won't be able to ignore or forget.

[Split down the sides: on the subject of laughter, Rupert D. V. Glasgow](#) , 1997, 0761805508, 9780761805502. This book is a study of the interrelationship between comedy and selfhood. While most people have a clear idea of what is meant

by comedy, the notion of a self is much more enigmatic and therefore requires illumination.

[High-Arctic Ecosystem Dynamics in a Changing Climate: Ten Years of Monitoring and Research at Zackenberg Research Station, Northeast Greenland, Hans Meltofte, Torben R. Christensen, Bo Elberling](#) , 2008, 012373665X, 9780123736659.

The book is based on data collected during the past 10 years by Zackenberg Ecological Research Operations (ZERO) at Zackenberg Research Station in Northeast Greenland. This volume covers the function of Arctic ecosystems based on the most comprehensive long-term data set in the world from a well-defined Arctic ecosystem. Editors offer a comprehensive and authoritative analysis of how climate variability is influencing an Arctic ecosystem and how the Arctic ecosystems have inherent feedback mechanisms interacting with climate variability or change. * The latest research on the functioning of Arctic ecosystems* Supplements current books on arctic climate impact assessment as a case study for ecological specialists * Discusses the complex perpetuating effects on Earth* Vital information on modeling ecosystem responses to understand future climates

[Eating the Landscape: American Indian Stories of Food, Identity, and Resilience, Enrique Salmn](#) , 2012, 0816599564, 9780816599561. "Eating is not only a political act, it is also a cultural act that reaffirms ones identity and worldview," Enrique Salmn writes in *Eating the Landscape*. Traversing a range of cultures, including the Tohono Oodham of the Sonoran Desert and the Rarmuri of the Sierra Tarahumara, the book is an illuminating journey through the southwest United States and northern Mexico. Salmn weaves his historical and cultural knowledge as a renowned indigenous ethnobotanist with stories American Indian farmers have shared with him to illustrate how traditional indigenous foodways from the cultivation of crops to the preparation of meals are rooted in a time-honored understanding of environmental stewardship. In this fascinating personal narrative, Salmn focuses on an array of indigenous farmers who uphold traditional agricultural practices in the face of modern changes to food systems such as extensive industrialization and the genetic modification of food crops. Despite the vast cultural and geographic diversity of the region he explores, Salmn reveals common themes: the importance of participation in a reciprocal relationship with the land, the connection between each groups cultural identity and their ecosystems, and the indispensable correlation of land consciousness and food consciousness. Salmn shows that these collective philosophies provide the foundation for indigenous resilience as the farmers contend with global climate change and other disruptions to long-established foodways. This resilience, along with the rich stores of traditional ecological knowledge maintained by indigenous agriculturalists, Salmn explains, may be the key to sustaining food sources for humans in years to come. As many of us begin to question the origins and collateral costs of the food we consume, Salmns call for a return to more traditional food practices in this wide-ranging and insightful book is especially timely. *Eating the Landscape* is an essential resource for ethnobotanists, food sovereignty proponents, and advocates of the local food and slow food movements.

[Water, Bernard Steeds](#) , 2002, 0143018353, 9780143018353. First published collection of stories from journalist, Bernard

[Lion of the Valley: St. Louis, Missouri, 1764-1980, James Neal Primm](#) , 1998, 1883982243, 9781883982249. To begin the preface to the second edition of Lion of the Valley, James Neal Primm quotes the Reverend W. C. Bitting: "A city is more than an assemblage of buildings with streets between them. It has a soul, and an atmosphere, and a social significance to which all material things should be made to minister." If a history book can help define that atmosphere and significance, Lion of the Valley has done so for St. Louis, telling the story of a vibrant and unusual American city in an engaging yet scholarly manner. Primm establishes a general historical narrative of St. Louis from Pierre Laclede's first step from the bow of a bateau to the prototypes of MetroLink. As in most comprehensive accounts, Lion of the Valley focuses on the central institutions and personalities that have shaped the city, as well as the events and circumstances that brought fame, or fear, to the citizens of St. Louis. The Great Fire of 1849; the 1904 World's Fair; the machinations of the "Big Cinch"; the construction of the Gateway Arch; these and many other episodes from the city's colorful past come to life in the pages of Primm's book. This newly designed fourth edition offers a new preface from the author and a revised and expanded index in order to make the book more reader friendly, while maintaining the integrity of the

original text. It will be indispensable to students of St. Louis history as well as amateurs interested in the development of this great city.

[The Qua Nie Saga: Books Two to Five Print Edition, Dewey W. Dempsey](#) , 2011, 0984905111, 9780984905119. The Qua Nie Saga: Tracking Jedediah Smith Qua Nie became a teenager shortly after the Trail of Tears. He learned to be a warrior in the skirmishes among the warring Cherokee factions. He learned to be a trader at his grandfather's three trading posts in Tahlequah, Fort Smith and Fort Gibson. In his late teens he traveled to Georgia where he was trained as a medicine man by one of the secret medicine man clans that had evaded the Removal by hiding in the wilderness near the Tennessee and North Carolina borders. Qua Nie is a mixture of Cherokee, Scots and English and is almost six feet tall and muscular. He is skilled in shooting rifles, pistols and the bow and arrow. As a warrior he had become adept at spotting ambushes and designing counter-attacks. He learns languages easily. Qua Nie: From Talking Rock to Tucson The time is the last months of the Mexican-American War and the resulting change from the Mexican state of Californio to the American state of California. It is a bloody time full of greedy men even before gold was discovered. He knows Jedediah Smith's travel legends and the Fremont and Benson attempts to create a state in Californio. He determines to spend a couple of years exploring the West, his own spiritual beliefs and his mixed heritage. He is joined by cousins, a Cherokee medicine man and a former mountain man. In spite of attempts to move unobtrusively they find themselves having to kill men who are attacking them. Kit Carson gives him sound advise and support while they are in Taos. This book ends just before they get to Californio. Qua Nie: The Gold Fields The time is the first months of the California Gold Rush. Qua Nie and his cousins arrive in San Diego four days after the Sutter's Mill discovery was announced. He decides to use the skills he learned running trading posts to create a business empire and then go to Oregon before the hordes arrive. There are greedy men who attack them and two beautiful women to spice up the adventure. He continues to pass for White at times and to claim his Cherokee heritage at others. He creates an enclave of his family and friends near Calistoga before setting off for Oregon. He also meets a huge Samoan who joins him on his spiritual questing and becomes a life-long friend. Qua Nie: Oregon and the Snake River The time is the summer of 1849 just as the California Gold Rush is

beginning. Qua Nie and his Samoan friend Uriah are traveling the Jedediah Smith trail from Fort Umpqua on the Oregon coast to meet with his cousin Albert and the Cherokee medicine man Adoni at the Willamette River. They travel with men from the Maidu and Nez Perce trip to the confluence of the Snake and Columbia Rivers for a week of rituals and dances. Members of the Cree, Wampanum and several other tribes believe that the mystic Kuk-Kia can drive the white man from their lands. Ghost Shirt dances is what this kind of ceremony was called in later years. The dances conclude with an erotic, fertility dance related to the Cherokee Green Corn dance. Along the way there are ambushes and gun fights with greedy men, both European and Indian. Qua Nie: Mount Shasta to Calistoga Qua Nie, Uriah, Adoni and Albert participate in the Maidu ceremonies at Mount Shasta as part of their spiritual search. One Maidu clan leads them to a secret gold vein that becomes Cherokee, California. Qua Nie returns to Calistoga to find many changes have happened. He has a son by Jedediah Smith's daughter. In building both his businesses and the new town of Cherokee, he continues to shift from his Scots trader role to his Cherokee warrior and mystic role. This novel ends with Qua Nie and Uriah resuming the re-tracing of the Jedediah Smith Trail and they leave for Coulter's Hell, now known as Yellowstone Park.

[Smart Sanctions: Targeting Economic Statecraft, David Cortright, George A. Lopez](#) , 2002, 0742501434, 9780742501430.

In recent years, international attention has turned toward the use of targeted, 'smart' sanctions that minimize unintended

humanitarian consequences and focus coercive pressure on responsible decision makers. Some of the world's leading sanctions experts and practitioners join together in this book to provide the first published account of the emerging theory and practice of smart sanctions. The essays examine recent uses of targeted financial sanctions, travel sanctions, and arms embargoes and offer recommendations for improving their design and implementation. Also included is an account of the targeted European Union sanctions that helped bring down the Milosevic regime in Yugoslavia, and a proposal for restructuring UN sanctions in Iraq. The result is a groundbreaking panorama of the latest developments in international sanctions policy, and a range of practical strategies for making sanctions a more humane and effective instrument of international policy.

[The Things You Find on the Appalachian Trail: A Memoir of Discovery, Endurance and a Lazy Dog, Kevin Runolfson](#) , 2010, 0786456817, 9780786456819. This upbeat nitty-gritty memoir, based on the author's 2001 trail journal, chronicles one man's hike the whole length of the Appalachian Trail, beginning just north of Atlanta and finishing six months later in Maine. The journey included adventures with a faithful and eccentric dog, a new romance, and the challenges and triumphs of walking 2167 miles in all kinds of weather.

[Melody West and the Great Bear: The Adventurous Melody West Series Book Two, Francesca Rappa](#) , 2008, 0981871739, 9780981871738. It is summertime and Melody West leaves her hometown and goes on an adventurous vacation to the wilderness region of Lake Temagami in northern Ontario with her aunt and uncle and cousins. During her vacation Melody is determined to experience as many hidden treasures of the wilderness as she can. What she wants most of all is to be able to look directly into the face of the mysterious Great Bear--the seven-foot black bear that was sighted earlier by Melody's new friend, the Ojibwa native Charlie Paul. Melody is also determined to help her cousin Jack, a budding artist, convince his father once and for all that art is what he wants to do with his life. Central to the novel is Inuit art and culture and the discovery by Melody that people everywhere use their imaginations to make art and tell stories that explain the beautiful world around them.--publisher.

[Toolkit for Working with People Who Hoard: Guidelines for Practice, Jennifer Lehmann, Janelle Nancarrow, Kelli Molloy](#) , 2012, 098750990X, 9780987509901. Human service professionals are seeing an increasing number of people with hoarding behaviours. Hoarding encompasses a complex set of behaviours that involve aspects of mental and physical wellbeing. This Toolkit provides sound guidance for professional staff in housing, aged care, mental health, advocacy and rights, and family services, who may come into contact with clients who hoard. Drawing on established studies and the latest research, it outlines the essential principles that should guide intervention. This concise publication also explores risk factors and ethical issues, and provides practical strategies, information about assessment tools and a guide to additional resources.

The Powerpoint slides in the SocNotes print supplement match the SocNotes Powerpoints presentation slides for the instructor. SocNotes can be packaged at no additional cost with all new copies of Sociology, Eleventh Edition.

[Democracy in Capitalist Times: Ideals, Limits, and Struggles, , John S. Dryzek](#) , 1996, 0195105990, 9780195105995.

"Democracy is under threat from a variety of forces originating in the transnational capitalist economy. Structural economic pressures force states to act in certain ways, regardless of what their populations want or think. In Democracy in Capitalist Times, John S. Dryzek discusses the challenges transnational capitalism presents for democracy and the most promising places where democracy can find new and growing support. Dryzek links contemporary political theory and comparative politics to explore the contradictions between capitalism and democracy. While ideological forces limit the range of political debate, government and market together promote aggressive individualism, under which people compete as consumers and profit maximizers rather than associate as citizens. Dryzek outlines these forces, considers how democracy might be defended against them, and explores the prospects for deepening democracy in the face of these threats. He argues that while state democracy has significantly diminished, democracy in different places, notably civil society, social movements, workplaces, and transnational politics, is on the rise, and it is in these places that democrats should concentrate their efforts. Dryzek further explains that the health of democratic politics in these alternative locations crucially depends on how states organize patterns of interest representation, among which social democratic corporatism proves to be most conducive to democracy."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. [Spartacus and the Slave Wars, Brent D. Shaw](#) , 2001, 0312237030, 9780312237035. In 72 B.C., in the heart of Rome's Mediterranean empire, a slave named Spartacus ignited one of the most violent episodes of slave resistance in the history of the Roman Empire--indeed in the world annals of slavery. This volume organizes original translations of 80 Greek and Latin sources into topical chapters that look at the daily lives of slaves trained as gladiators and those who labored on farms in Italy and Sicily, including accounts of revolts that preceded and anticipated that of Spartacus. In a carefully crafted introductory essay, Shaw places Spartacus in the broader context of first and second century B.C. Rome, Italy

and Sicily and explains why his story continues to be a popular symbol of rebellion today. The volume also includes a glossary, chronology, selected bibliography, three maps, an annotated list of ancient writers, and questions for consideration.

[Field Manual of Techniques in Invertebrate Pathology: Application and Evaluation of Pathogens for Control of Insects and](#)

[Other Invertebrate Pests, Lawrence A. Lacey, Harry K. Kaya](#) , 2007, 1402059310, 9781402059315. The Field Manual of Techniques in Invertebrate Pathology is designed to provide background and instruction on a broad spectrum of techniques and their use in the evaluation of entomopathogens in the field. The second edition of the Field Manual provides updated information and includes two additional chapters and 12 new contributors. The intended audience includes researchers, graduate students, practitioners of integrated pest management (IPM), regulators and those conducting environmental impact studies of entomopathogens. Although it can function as a stand alone reference, the Field Manual is complementary to the laboratory oriented Manual of Techniques in Insect Pathology and to comprehensive texts in insect pathology. The Editors have structured the 40 chapters of the Field Manual into 10 sections to provide the tools required for planning experiments with entomopathogens and their implementation in the field. The basic tools include chapters on the theory and practice of application of microbial control agents (MCAs) (Section I), statistical considerations in the design of experiments (Section II), and three chapters on application equipment and strategies (Section III). Section IV includes individual chapters on the major pathogen groups (virus, bacteria, microsporidia, fungi, and nematodes) and special considerations for their evaluation under field conditions. This section sets the stage for subsequent chapters on the impact of naturally occurring and introduced exotic pathogens and inundative application of MCAs. Twenty-three chapters on the application and evaluation of MCAs in a wide variety of agricultural, forest, domestic and aquatic habitats comprise Section VII of the Field Manual. In addition to insect pests, the inclusion of mites and slugs broadens the scope of the book. Most of the chapters in this section include step by step instructions on handling of inoculum, design of field experiments and experimental plots and application and assessment of efficacy of dozens of MCAs. Several of these chapters include supplementary techniques and media for conducting follow up laboratory studies for confirmation of infection, determination of persistence, etc. The three final chapters include: special consideration for evaluation of Bt transgenic plants (Section VIII); resistance to insect pathogens and strategies to manage resistance (Section IX); and guidelines for evaluating effects of MCAs on nontarget organisms (Section X). Due to uncertainty regarding the future availability of organophosphate and other conventional chemical insecticides, MCAs will play increasingly important roles in IPM. The Field Manual will provide researchers and IPM practitioners with techniques and practical guidance for the study and optimal use of MCAs in a variety of settings.
