[The Law of Vibration: The revelation of William D. Gann, William D. Gann](#) , 2013, 0857193236, 9780857193230. In 'The Law of Vibration' Tony Plummer presents a new theory which he argues is revealing of a fundamental truth about the deep-structure of the universe. The Law is embodied in a very specific pattern of oscillation that accompanies change and evolution. It can be found in fluctuations in stock markets and in economic activity. The research here suggests that the pattern was known about in antiquity because it was buried in a short passage in St Matthew's Gospel in the Bible. It also suggests that it was known about in the early part of the 20th century because it was concealed in the structure of books written by the renowned stock market trader, William D. Gann, and by the mindfulness exponent, George Gurdjieff. Both men chose to preserve their knowledge of the pattern in a hidden form for some unknown future purpose. Now, after 20 years of investigation, Tony Plummer tells the story of how the pattern was originally hidden. Drawing on painstaking research on gematria, the enneagram and financial market analysis, Plummer reveals the existence of a behavioural pattern that may have profound implications for the way that we view the world. Plummer's work is elegantly structured and illustrated throughout. It is an exciting and thought-provoking study for Gann enthusiasts, and also for investors, economists and scientists who have an interest in the laws that underpin systemic coherence and produce collective order.

[Read it Aloud!: Using Literature in the Secondary Content Classroom, Judy S. Richardson](#) , 2000, 0872072568, 9780872072565. This book shows middle school and high school classroom teachers how read-aloud excerpts from a variety of genres can be used in the content areas. The book aims to promote students' motivation to read and further study. It offers teaching ideas for special populations such as adult beginning readers and readers with disabilities. The book includes principles for selecting, locating, and using read-alouds. Each chapter begins with a brief introduction of the content area and its focus, after which three or four read-aloud and read-along selections are presented in detail, followed by some abbreviated selections. The eight chapters in the book are: (1) "Why Read Aloud?" (2) "Read-Alouds for Science"; (3) "Read-Alouds for Mathematics and Geography"; (4) "Read-Alouds for Social Studies"; (5) "Read-Alouds for English and Language Arts"; (6) "Read-Alouds for Music, Art, and Health/Physical Education"; (7) "Read-Alouds for Second Language Learners"; and (8) "Read-Alouds for Special Populations." Appendixes contain content area book lists, a

list of journal columns on read-alouds, and a 31-item reference list. (NKA)

[The Art of Grief: The Use of Expressive Arts in a Grief Support Group, J. Earl Rogers](#) , 2007, 0203941268, 9780203941263. Art and other expressive therapies are increasingly used in grief counseling, not only among children and adolescents, but throughout the developmental spectrum. Creative activities are commonly used in group and individual psychotherapy programs, but it is only relatively recently that these expressive modalities have been employed within the context of clinical grief work in structured settings. These forms of nonverbal communication are often more natural ways to express thoughts and feelings that are difficult to discuss, particularly when it comes to issues surrounding grief and loss. Packed with pictures and instructional detail, this book includes an eight-session curriculum for use with grief support groups as well as alternative modalities of grief art therapy.

[The Internet Book: Everything You Need to Know about Computer Networking and how the Internet Works, Douglas](#)

[Comer](#) , 2007, 0132335530, 9780132335539. Internet Book, The: Everything You Need to Know About Computer Networking and How the Internet Works, 4/e utilizes a non-technical perspective to explain the technology of how computers communicate, what the Internet is, how the Internet works, and what the Internet can do for people. This book works to fully connect readers to the big picture by presenting a solid overview of networking and the Internet, rather than burying them with details. Comer assumes no prior background in computer networking or the Internet. Introduces computer communication system concepts and technology, reviews the history of the Internet and its growth, describes basic Internet technology and capabilities, and describes services currently available on the Internet and how to use them. For anyone interested in learning how to navigate the Internet to its full potential.

[Break, Myella Jayne McCarthy](#) , 2012, 0957447000, 9780957447004. The Manager Dawn is plunged into a world of rivalry, envy and instability as she tries in vain to curb the out of control ego's of the already damaged members of her team. The Players Mary, bitter at Dawn's arrival, is consumed by hate and jealousy, and plans to eject her. Sara is trusting and confident, but makes the fatal mistake of being drawn into the savage world of the brutal and unhinged Toddrick. Jo has come into the ladies squad from the County Youth Team. Just eighteen, she is ruthless, toxic and deeply disturbed. She develops an addiction for Sara's man. Thrown together in an intensely competitive environment, their splintered lives lurch from one crisis to another, the tension building as they are unable to escape their self-made hell hole of destruction and drug crazed evil.

[Impossible Theology: The Christian Evolutionist Dilemma, Mike Gascoigne](#) , 2004, 0954392213, 9780954392215. If there were millions of years of evolution, before the creation of Adam and Eve, what does the Bible mean when it says they would die as a consequence of eating the forbidden fruit? If they were already mortal, they would die anyway. How can we say that Christ gives us eternal life, and we will rise to immortality, if we were never immortal in the first place? This book attempts to restore the true Gospel, which teaches that Adam and Eve were created immortal, and the complete work of Christ is that we should live with him forever in a world where the pre-fall conditions have been fully restored. The theological arguments are supplemented with scientific appendices, giving compelling evidence that the world in which we live has been created. The Chapters are: Preface Chapter 1 - The Real Gospel Chapter 2 - The Pseudo-Gospel Chapter 3 - Keeping the Faith Appendix 1 - The Philosophy of Evolution Appendix 2 - The Impossibility of Chemical Evolution Appendix 3 - The Laws of Thermodynamics Appendix 4 - Cosmology Appendix 5 - Creation Science Resources Appendix 6 - Creation History Bibliography Index Mike Gascoigne is a freelance technical author with a background in chemical engineering. He has taken an interest in Biblical topics for about 40 years and is able to bring together a unique blend of science and theology. He also has an interest in ancient history and is the author of "Forgotten History of the Western People". His qualifications are: BSc, MS, CEng, MChemE, MISTC.

[Custer's Brother's Horse, Edwin Shrake](#) , 2007, 0971766789, 9780971766785. A young Confederate captain with a grisly past as a cavalry raider in Tennessee is on his way home to his family plantation north of Houston in the last days of the Civil War. In Austin, Capt. Jerod Robin is accused of murder and is thrown into the stockade by U.S. Army Capt. Santana Leatherwood, a Texan whose family has feuded bitterly for decades with the Robin family. In the stockade Robin meets British novelist and adventurer Edmund Varney, in Austin to write the life story of Lt. Tom Custer, heroic younger brother of famous General George Armstrong Custer. Varney is charged with attempting to steal Tom Custer's legendary warhorse, Athena, upon whose back Custer recently won two Congressional Medals of Honor. The two prisoners stand trial beside a 16-year-old mulatto girl, Flora Bowprie, who has come from New Orleans searching for her father but has been arrested as a runaway slave. Homicidal events cause the rebel captain, the British author and the young fortuneteller to flee from a Cavalry squad led by Santana Leatherwood and Tom Custer, mounted on his great Arabian horse. The story races to the inevitable showdown between the Robins and Leatherwoods, two families on opposite sides in the Civil War. But, before the final confrontation Jerod Robin hears a dark accusation about his birth and his mother that lends a special ferocity to the showdown. Then the story of "Custer's Brother's Horse" takes a surprising twist. This truly is a horse for the ages.

[Souls: Afterlife Possibilities Explored, Shelton Ranasinghe](#) , 2013, 0989276309, 9780989276306. What could be better than to enter the realm of souls and explore the reality of our ideas and religious beliefs on afterlife? Even better if slicing and dicing of possibilities can be done in the afterlife itself amongst a close circle of friends, interested in researching. Yes, this novel stems around such a unique situation. Observe the group of friends going deep into their religious beliefs and ideas and discussing the validity of the religious rituals that their loved ones perform at their funerals. A story on death might seem morbid and gloomy. Not this one! The friends are on a marvelous journey full of surprises. Their discussions are filled with hilarious exchanges. The dialogs are compelling and of intellectual quality with facts providing a fresh insight on various longstanding views. The afterlife journey is marked by anxiety, suspense and wonder. You are assured of enjoyment with each and every bit of the novel and will experience a sharing of the feelings of the characters,

throughout the journey to their unknown destiny.

[For Those Who Are Alone: 52 Meditations on Being Alone and Finding Help Through Biblical Figures, Kamila Blessing](#) , 2012, 0983061572, 9780983061571. For Those Who Are Alone, by Kamila Blessing, is a collection of 52 Bible based meditations addressing many forms of emotional and physical aloneness. For each meditation, Blessing reflects on Old or New Testament biblical figures who are alone, the unique type of aloneness they experience, the fear and pain their aloneness causes, and how their experience ultimately brings them closer to God and their fellow human beings. Each meditation includes a prayer starter that serves as a launching point in helping us to overcome our aloneness through the examples from the Bible. All of this is written with the sincere compassion, directness, and understanding of an inspirational author who knows what it is like to be one of those who are alone.

[Nihongo: Beginning Japanese, Akiko Kakutani](#) , 1989, 0961997729, 9780961997724.

[Mount Zion: The Mystery of God, Joseph Obiaya](#) , 2011, 0963885030, 9780963885036. While scientific knowledge is based on tested truths, religion is founded on blind assent to divinely revealed truths. Such is the gap between religion and science. It appears unbridgeable. Or is it? Upon close examination of the Scriptures, from "Genesis" to "Revelation", a mystical object (depicting the Nature and Kingdom of God) emerges as the central theme of Divine Revelation. Its structural features and attributes were described in different epochs, by different biblical personages. This Hidden Structure--Mount Zion (a Cryptogram)--is variously portrayed in the Scriptures as a rock or a mountain, and frequently associated with fire (combustion). Through a combustion experiment, the three dimensional picture of this Divine Emblem--a Pictogram--was made manifest, in the first edition, replete with a pair of mathematical functions. Thus, the authentication of the Scriptures no longer depends on blind faith, but on the systematic verification of this Structure with the testimonies of biblical personages who espied and described its features long before the dawn of science. The

Structure together with the mathematical functions were later determined to be a particular solution. An in-depth examination of the experimental data resulted in a general solution, giving rise to a dual Complex Structure: a Mountain and a Valley. Thus, the (carbon monoxide) combustion process is, now, expressed as a system of competing matrices of energy hills and valleys. (These results challenge some of the currently held notions in quantum mechanics; notably, the idea that there is a wave function "collapse" or a "reduction" of the wave packet in the process of measurement.) The spiritual meaning of the Hill--Mount Zion was the focus of the first edition. In the second edition, the Valley/Death Valley often identified in the Scriptures as a Pit or the Netherworld, was established as a complementary Spiritual Form (Psalms 23:4 & 28:1). These metaphysical structures represent the Ultimate Reality. While Mount Zion relates to Goodness, Death Valley pertains to Evil; together, they constitute the Complex Whole. Even so, each embodies the attributes of the other a fractal feature. As determined from the combustion experiment, the Mountain is dominant over the Valley. And given the fractal properties of the Complex Whole, Mount Zion is, inherently, the Simple Whole Form: the Emblem of Ultimate Reality, and the exemplar of Occam's razor; as evidenced by the pervasive reference to this Structure in the Scriptures. The Complex Structure, however, enabled a fuller discussion of the relative attributes of the Divine. It is useful for addressing some of the ambiguities in the Scriptures. For instance, the Morning Star is an appellation of the Exalted Christ (Rev. 22:16), yet, it shares meaning with "Lucifer", the Evil One, who is, nevertheless, the Prince of Darkness (Isa. 14:12; Lk. 10:18). By virtue of the Cryptogram, the Model of Mount Zion, the Cosmic Atonement Sacrifice has, now, been shown to be a Tripartite Agency--the Sin-offering Bullock, the Sin-offering Goat, and the Scapegoat--reminiscent of the Judaic Day of atonement (cf., Lev. 16). As Cosmic Sin-offering Goat "for the Lord", Jesus ascended Mount Zion, and then entered into the Holy of Holies, through the loss of His body (that is, with His blood). Whereas, Muhammad, as Cosmic Scapegoat, ascended Mount Zion, alive, and with an escort, then rose to the Gate of the Heavenly Sanctuary, before being banished into the wilderness-valley "for Azazel". Having descended from Abraham, Jesus and Muhammad, each, identified with Abraham's lineage: Jesus through Isaac (the prototypical human sin-offering goat) and Muhammad through Ishmael (the archetypal human scapegoat). As for the Cosmic Sin-offering Bullock for the Royal, Heavenly, High Priest, He remained, like Melchizedek, a mystery until now. The Revelation of the Cryptogram enabled the authentic interpretation of the Third Part of the Secret of Fatima (Third Secret for short). Attention is called to the last section of this Book (13.4.h) which was first published in 1993 (Library of Congress Catalog Card Number: 93-93712) and endorsed with the Divine Seal: the Cryptogram. It, especially, anticipated the Third Secret that was released in 2000; that is, to the extent that the theme and Principal Characters described in the Third Secret were portrayed there (and in other passages), presciently. Indeed, it is no coincidence that the scene of events in the Third Secret was an anonymous Mountain invested with God's Presence: towards whom the pilgrims streamed (as pre-portrayed by the Cryptogram). God's Presence on that Mountain establishes it as Mount Zion, God's Abode (cf., Ps. 74:2;

48:2; Isa. 18:8; Heb. 12:22). The Third Secret encoded a Spiritual War between two anonymous Combatants, with an ominous result: a frequent eschatological theme in the Scriptures. This edition reveals clues in the Third Secret which identify the Antagonists in the "Vision", and correlate them to those named presciently in the first edition; thus, facilitating the authentic interpretation of the Third Secret. So, the Author's foreknowledge of the Third Secret constitutes Divine ratification of the "Vision and Prophet", literally and figuratively, in fulfillment of Daniel's prophecy (Dan. 9:24). Evidence is presented in this Book, also, showing the fulfillment of several prophecies in connection with the transfer of Divine Authority from Judah to a foreigner. Indeed, several prophecies are cited pertaining to the relocation of the Messianic Capital: from the Old Jerusalem to a New City of God. In the Scriptures, Abraham paid tribute to the prototypical priest-king, Melchizedek: a foreigner to Abraham. This Personage is, often, identified in the Scriptures with the Messiah. Jesus's Messianism, however, is Abrahamic, through Judah. How, then, could He be likened to Melchizedek? Also, Jacob prophesied that the Scepter would devolve upon Shiloh (He to whom it belongs) from Judah. By the same token, Jesus cannot be identified with Shiloh, since Jesus is a descendant of Judah, through David (cf., Gen. 49:10). Furthermore, according to a Judaic tradition at Passover (commemorating a saving act): A place is usually set for (the phantom) Elijah on the ceremonial dinner table of a typical Jewish home, with the belief that Elijah would return to the house of Jacob as an unknown guest stranger. Could these Distinguished Ones Melchizedek, Shiloh and Elijah; all of them strangers to Judah refer to the same Personage? The implication of the foregoing discussion is the reality of another Messianic Personage (One distinct from Abraham). This is the idea of two Messiahs raised, independently here, and implied in the Book of Daniel (9:24-27). The Qumran writings also made reference, explicitly, to two Messiahs. Consider the various appellations of these Messianic Personages in the Qumran texts: "Interpreter of the Law", "[Eschatological] Prophet", "Prince of Light", "Prince of the Whole Congregation", "Messiah of Aaron", "Messiah of Israel", "Heavenly Messiah", and "Priestly Messiah". And compare these with the information advanced in this Book. Other metaphysical systems are discussed also in context; and the Cryptogram is inferred to underlie them all: Heraclitus' Logos; Lao Tsu's Yang-and-Yin; and Zoroaster's Good-and-Evil. For more information go to [www.mysteryofmountzion.com](http://www.mysteryofmountzion.com)

[Hinduism: Origins, Beliefs, Practices, Holy Texts, Sacred Places, Vasudha Narayanan](#) , 2004, 0195221443,

9780195221442. Dating back some five thousand years, Hinduism is the dominant faith of India and an increasingly powerful spiritual force in the West. But it is an unusually diverse religion--one divided by caste, community, language, and region--and is thus quite difficult for outsiders to grasp. Now, in Hinduism, Vasudha Narayanan offers an illuminating, compact introduction to this highly complex and ancient religion. Attractively illustrated with many full-color photographs, this informative guide takes readers through the most important aspects of Hinduism--its divinities, sacred places, ethical teachings, and sacred texts, as well as aspects of Hindu culture such as yoga. Readers learn that, though Hindus are monotheistic, there are the many manifestations of divinity, from Vishnu ("All-Pervasive"), Shiva ("Auspicious One"), and Shakti ("Energy"), to Shri-Lakshmi (the goddess of wealth and good fortune, whose picture graces millions of homes, shops, and businesses) and the elephant-headed Ganesha. Narayanan explores the sacred texts, from the earliest writings known collectively as Veda, which emphasized the role of sacrifice, to later works such as the Upanishads, which sought liberation from the cycle of life and death and introduced the notion of immortality. She examines the concept of "dharma" (a word with multiple layers of meaning, including "righteous behavior," "truth," "duty," and "law") and "karma" (the result of good or bad deeds, which can determine the quality of life both now and in later births) and she also includes brief but insightful discussion of Sikhism, Jainism, and Buddhism, all of which have their roots in Hinduism. Engaging, informative, and richly illustrated, this book offers a balanced approach to Hinduism that illuminates one of the great world religions.

[Name That Dog: Dogs of Presidents, Kings, Queens, Governors, and Celebrities, Lynne M. Hamer](#) , 1990, 096279340X, 9780962793400. NAME THAT DOG is a 92-page book, with 42 photographs, consisting of three parts. The first section includes photographs of famous dog owners & their pets, drawn from U.S. presidents & governors, as well as royalty, & from artists & show-business celebrities. Photos date as far back as 1877 & include President Bill Clinton with his beloved spaniel, "Zeke." The second part of this entertaining, useful work is a selection of poems past & present about dogs. The last part consists of more than a thousand original dog names, from Ace to Zomo. The name list is introduced by a delightfully witty section, "Dog Trivia," which touches on the gambit of canine lore from the noble, through the tragic, to the humorous. This attractive "coffee table" book, which features the Kennedys' dog clan on the cover, is priced at \$24.95 per autographed copy & is a popular gift item for dog lovers. NAME THAT DOG contains over a dozen four-color

photographs, in addition to many historical black & white prints. The late illustrator, Rose-Marie Hamer Collins contributed finely wrought pen & ink drawings of several dozen breeds. This was her last work, a true reflection of her immense talent. CONTENTS: I. Comedy Dogs, II. Presidential Pals, III. Distinguished State Dogs, IV. Royal Dogs, V. Celebrity Dogs, VI. Poems, VII. Dog Trivia, VIII. Dogmania. To order copies, write to Animal Press, 700 W. Downingtown Pike, 105-139, West Chester, PA 19380. (610) 692-5905.

[The Dangerous Animals Club, Stephen Tobolowsky](#) , 2012, 1451633157, 9781451633153. From legendary character actor Stephen Tobolowsky, comes a collection of memoiristic pieces about life, love, acting, and adventure, told with a beguiling voice and an uncommon talent for storytelling. The Dangerous Animals Club by Stephen Tobolowsky is a series of stories that form a non-linear autobiography. Each story stands on its own, and yet there are larger interconnecting narratives that weave together from the book's beginning to end. The stories have heroics and embarrassments, riotous humor and pathos, characters that range from Bubbles the Pigmy Hippo to Stephen's unforgettable mother, and scenes that include coke-fueled parties, Hollywood sets, French trains, and hospital rooms. Told in a vivid, honest, and wondrous voice, Tobolowsky manages to render the majestic out of the seemingly mundane, profundity from the patently absurd,

and grace from tragedy. This book marks the debut of a massively talented storyteller.

[Cities of the Classical World: An Atlas and Gazetteer of 120 Centres of Ancient Civilization, Colin McEvedy](#) , 2011, 1846144272, 9781846144271. FROM ALEXANDRIA to YORK, THIS UNIQUE ATLAS ALLOWS US to SEE the GREAT CENTRES of CLASSICAL CIVILIZATION AFRESH. The key feature of Cities of the Classical World is 120 specially drawn

maps tracing each city's thoroughfares and defences, monuments and places of worship. Every map is to the same scale, allowing readers for the first time to appreciate visually the relative sizes of Babylon and Paris, London and Constantinople. There is also a clear, incisive commentary on each city's development, strategic importance, rulers and ordinary inhabitants. This compelling and elegant atlas opens a new window on to the ancient world, and will transform the way we see it. Colin McEvedy (1930-2005) was a psychiatrist, historian and demographer. His many acclaimed books included seven earlier Penguin atlases. *Cities of the Classical World*, the last book he compiled before his death in 2005, is the result of a lifetime's enthusiasm for classical history, and of many years spent travelling to major ancient sites from Babylon to Pompeii. 'Colin McEvedy was a polymath. If you wanted to know something, the obvious move was to ask McEvedy' INDEPENDENT 'What distinguishes his atlas histories is a talent for compressing vast amounts of information. . . the research is meticulous; the style is witty and breezily undeferential' THE TIMES

[Something Dangerous: Emergent and Changing Illicit Drug Use and Community Health, Merrill Singer](#) , 2005, 1478610271, 9781478610274. This research-based, theory-driven ethnographic account of the changing underground world of drug use and associated health effects covers the essential ground in a succinct, authoritative fashion. After a thorough outline of the nature and history of drug use dynamics, the author assesses the role of youth in new drug use practices, the impact of illicit drug distribution and the war on drugs, and the public health risks of trends in drug use behavior. Additionally, it considers mechanisms for effective public health response to emergent health risks associated with changing drug use patterns. Because Singer carefully explains all technical terms, uses clarifying examples, and avoids jargon, readers will walk away from this volume with a deeper grasp of this social problem; with appreciation for how change figures into drug use practices; and with knowledge of key social, cultural, political-economic, criminal justice, and health factors. Ideal as a text in the undergraduate classroom, its targeted focus and careful exploration of new concepts and theories also make it appealing for use at more advanced levels.

[Morning, Noon, and Night, Jean Craighead George](#) , 1999, 0060236280, 9780060236281. Celebrate the cycle of the day, as the earth turns to and then away from the sun, and meet a wide array of animals from America's east coast to the west as they work and rest, eat and play, just as humans do. Jean Craighead George's lyrical greeting to the day becomes a sweeping panorama of the American countryside with Wendell Minor's evocative, dramatic paintings. Good morning, the dawn, when the earth is turning from night to day and waking begins. Newbery Medalist Jean Craighead George's lyric greeting to the day celebrates how the earth turns to and then away from the sun. Starting at dawn on the East Coast, then moving to afternoon in the Midwest, and finally evening in the West, young readers will meet a wide array of animals at work, rest, and play as the day progresses across America. With evocative, dramatic paintings by distinguished artist Wendell Minor, this stunning picture book provides a sweeping panorama of the American countryside as well as a remarkable look at how an animal's day parallels our own. 00 Kansas Bill Martin, Jr. Picture Book Award Masterlist

When he witnesses an execution-style mob hit, and is discovered hiding behind a dumpster, he is shot and left for dead. Not even Marcus' family knows the truth. Miraculously, he survived. Marcus was secretly treated, and put into a federal witness protection program. While the police continue to develop a plan to take down the crime families, Marcus begins a new life in the Canadian Rockies. In Alberta, Marcus ends up finding something totally unexpected - the love of his life, Paige. But at the very moment Marcus comes to terms with his new life, news from back home in New York City sets him on a path to exact revenge.

[Critical Companion to Tennessee Williams, Greta Heintzelman, Alycia Smith Howard](#) , 2009, 1438108567, 9781438108568. One of the greatest American dramatists of the 20th century, Tennessee Williams is known for his sensitive characterizations, poetic yet realistic writing, ironic humor, and depiction, of harsh realities in human relationship. His work is frequently included in high school and college curricula, and his plays are continually produced. Critical Companion to Tennessee Williams includes entries on all of Williams's major and minor works, including A

Streetcar Named Desire, Cat on a Hot Tin Roof, The Glass Menagerie, a novel, a collection of short stories, two poetry collections, and personal essays; places and events related to his works; major figures in his life; his literary influences; and issues in Williams scholarship and criticism. Appendixes include a complete list of Williams's works; a list of research libraries with significant Williams holdings; and a bibliography of primary and secondary sources.

[The Moment: A Novel, Douglas Kennedy](#) , 2011, 1439180806, 9781439180808. From the New York Times bestselling author of Leaving the World comes a tragic love story set in Cold War Berlin. Thomas Nesbitt is a divorced writer in the midst of a rueful middle age. Living a very private life in Maine, in touch only with his daughter and still trying to recover from the end of a long marriage, his solitude is disrupted one wintry morning by the arrival of a box that is postmarked Berlin. The name on the box Dussmann unsettles him completely, for it belongs to the woman with whom he had an intense love affair twenty-six years ago in Berlin at a time when the city was cleaved in two and personal and political allegiances were frequently haunted by the deep shadows of the Cold War. Refusing initially to confront what he might find in that box, Thomas nevertheless is forced to grapple with a past he has never discussed with any living person and in the process relive those months in Berlin when he discovered, for the first and only time in his life, the full, extraordinary force of true love. But Petra Dussmann, the woman to whom he lost his heart, was not just a refugee from a police state, but also someone who lived with an ongoing sorrow that gradually rewrote both their destinies. A love story of great epic sweep and immense emotional power, The Moment explores why and how we fall in love and the way we project on to others that which our hearts so desperately seek.

[Eclipsed, Patricia Burke Brogan](#) , 2008, 0955260442, 9780955260445. Eclipsed tells the poignant and sometimes humorous story of the penitent women consigned to Magdalene laundries in the 1960's and one nun's attempts to ease their plight.

[Medicus and the Disappearing Dancing Girls, , Ruth Downie](#) , 2006, 0718149432, 9780718149437. Emperor Trajan is dead, long live Emperor Hadrian! Gaius Petreius Ruso is a divorced and down-on-his-luck army doctor who has made the rash decision to seek his fortune in the most inclement outpost of the Roman Empire - Britannia. His arrival in Deva

(more commonly known as Chester) does little to improve his mood and, after a straight thirty-six hours on the wards in the Fort, he succumbs to a moment of insanity and rescues injured slave girl, Tilla. Little does he realize how this one act is going to bring nothing but trouble and far too much interaction with the irritating locals, who will insist on killing each other ... With an irresistible sense of humour, *Medicus and the Disappearing Dancing Girls* is a beguiling and unique detective novel and introduces in Ruso a series character to relish.

[Dressing Up for the Carnival, Carol Shields](#) , 2001, 0141001917, 9780141001913. In *Dressing Up for the Carnival*, Carol Shields distills her characteristic wisdom, elegance, and insouciant humor in twenty-two luminous stories. A wealth of surprises and contrasts, this collection ranges from the lyricism of "Weather," in which a couple's life is thrown into chaos when the National Association of Meteorologists goes on strike, to the swampy sexuality of "Eros," in which a room in a Parisian hotel on the verge of ruin is the catalyst for passion, to the brave confidence of "A Scarf"-new for this collection-which chronicles the realities of a fledgling author's book tour. Playful, graceful, acutely observed, and generous of spirit, these stories will delight her devoted fans and win her new converts as well.

[The Psychedelic Experience, Timothy Leary, Ralph Metzner](#) , 2008, 0141189630, 9780141189635. 'He did us all an honour by electing to use, and transform, our language' Anthony Burgess 'Look at the harlequins. . . Play! Invent the world! Invent reality'. This is the childhood advice given by an aunt to Russian born writer Vadim Vadimovich, who emigrates to England, then Paris, then Germany and then the US, and, now dying, reconstructs his past. He remembers Iris his first wife, Annette his long-necked typist and Bel his daughter, as well as his own bizarre 'numerical nimbus syndrome'. The final novel published before Nabokov's death, *Look at the Harlequins!* playfully blends sly self-parody, recollection, riddles and jokes, in an exuberant unravelling of the mysteries of memory and the act of creation.

[A Hundred Words for Hate, , Thomas E. Sniegoski](#) , 2011, 0451463773, 9780451463777. Once, he was known as the angel Remiel, but generations ago Boston PI Remy Chandler chose to renounce heaven and live on Earth, where he found a secure place among us ordinary humans... As an Angel, Remy possesses powers and skills he puts to good use in his chosen profession - but only to be used if the situation calls for it. And the sudden reappearance of the Garden of Eden is just such a situation. He's approached by the seemingly benevolent Sons of Adam to find the Key to the Gates of Eden. But there are those who want the Gates to stay shut. For there is something terrible and dangerous buried in the Garden - and they'll do anything to see that it is not unearthed. Now, caught between warring factions of immortals, Remy must

decide how to proceed: Find the Key, or not? Desperate for help, he turns to a very old acquaintance: a fallen angel who is sometimes a friend, sometimes a foe - and always deadly.

[Mir: A Novel of Virtual Reality, Alexander Beshner](#) , 1998, 0684830876, 9780684830872. "Mir." The Russian word for "peace, " for "one world." Mir 3.0 is the code name for a piece of neural software that can change the world. And it's escaped carrying a virus that is hell-bent on doing just that. The year is 2036 and the world is in the grip of a new cold war. The Berlin Wall is back up and concentration camps have been recreated. It is an eerily familiar conflict with a chilling new twist -- this is a battle for control of cyberspace and the Wall and the camps are both of the virtual variety. It's a time when epidermal programming is the cutting-edge fetish among the fringe dwellers of the hacker underworld. These epidermal programs are sentient tattoos that can travel on-line and perform tasks for their owners on the Net. They can even move from body to body in forbidden techno-pagan rituals. Now the Mir virus is on the loose, traveling as a passenger on the tattoos. Like the tattoos, Mir can migrate from consciousness to consciousness, from body to body, from individuals to entire nations, both off-line and on-line. No one, "nothing, " is safe in its deadly path. Trevor Gobi, son of the legendary virtual reality investigator Frank Gobi, is on the trail of Mir. His girlfriend Nelly has become infected through a tattoo, a tattoo that assumes a phantasmic form of its own as it incubates on her body. as it threatens her very existence -- and the entire World Wide Net. "Mir" is the second novel in the Rim Trilogy. The first, "Rim, " was nominated for the Philip K. Dick Award and described as "a book destined to become a classic" by Paul Saffo, director of the Institute of the Future. National Public Radio's Moira Gunn called it "incredibly compelling with its mix of technology and metaphysics, human consciousness, and virtual reality." In "Mir, " Beshner presents a startlingly complete and daunting vision of a future where the on-line, virtual life has become fully as real and crucial to everyone's survival as mundane reality. It is a wildly imaginative, frighteningly believable thriller that is guaranteed to join "Neuromancer" and "Snow Crash" as defining paradigms of the cyberfuture.

[Be U: Be Honest, Be Beautiful, Be Intentional, Be Strong, Be You!, Mary Mary](#) , 2010, 1439160716, 9781439160718. Be the "U" God intended: Be Honest. Be Beautiful. Be Intentional. Be Strong. Be You! In this inspirational book by popular performers Mary Mary, the heart and faith of this urban gospel duo permeates every page and motivates young women to be the "U" that God created you to be. In it, Mary Mary reminds readers that to "Be U" has more to do with the strength God puts in our hearts than it does with how we look on the outside. Its all about seeing ourselves as God sees us: beautiful, forgiven, cherished, and loved. Inspired by Mary Mary's popular songs, each message is complemented by journaling questions that make the message real, scriptures that inspire readers to grow strong, and a "Be U Affirmation" that helps readers boldly stand on the promises of God. The mission of Mary Mary is to encourage young women to discover the true beauty that lies within, as they inspire an awareness of natural beauty and a celebration of inner uniqueness. Professing their faith in God, they consistently promote a message of strong family values and the joy of

being a woman.

(from H)e)ssay 1: Ready or Not). Ishmael Reed writes of this work: With Sufi Warrior, Diem Jones has successfully transmitted the sounds of Rap to the printed page.

[Geographies of Home: A Novel, Loida Maritza Prez](#) , 1999, 0140253718, 9780140253719. After leaving the college she'd attended to escape her religiously conservative parents, Iliana, a first-generation Dominican-American woman, returns home to Brooklyn to find that her family is falling apart: one sister is careening toward mental collapse, another sister is living in a decrepit building with her abusive husband and three children, and a third sister has simply disappeared. In this dislocating urban environment Iliana reluctantly confronts the anger and desperation that seem to seep through

every crack of her family's small house, and experiences all the contradictions, superstitions, joys, and pains that come from a life caught between two cultures. In this magnificent debut novel, filled with graceful prose and searing detail, Loida Maritza Prez offers a penetrating portrait of the American immigrant experience as she explores the true meanings of identity, family--and home.

[Propensity Score Analysis: Statistical Methods and Applications, Shenyang Guo, Mark W. Fraser](#) , 2009, 1412953561, 9781412953566. Propensity Score Analysis provides readers with a systematic review of the origins, history, and statistical foundations of PSA and illustrates how it can be used for solving evaluation problems. With a strong focus on practical applications, the authors explore various types of data and evaluation problems related to, strategies for employing, and the limitations of PSA. Unlike the existing textbooks on program evaluation, Propensity Score Analysis delves into statistical concepts, formulas, and models underlying the application. Key FeaturesPresents key information on model derivations Summarizes complex statistical arguments but omits their proofsLinks each method found in this book to specific Stata programs and provides empirical examples Guides readers using two conceptual frameworks: the Neyman-Rubin counterfactual framework and the Heckman econometric model of causality Contains examples representing real challenges commonly found in social behavioral research Utilizes data simulation and Monte Carlo studies to illustrate key points Presents descriptions of new statistical approaches necessary for understanding the four evaluation methods incorporated throughout the textIntended Audience This text is appropriate for graduate and doctoral students taking Evaluation, Quantitative Methods, Survey Research, and Research Design courses across business, social work, public policy, psychology, sociology, and health/medicine disciplines.

[Go to the Ant and Other Poems, Richard Candlin](#) , 1993, 0952180901, 9780952180906.

[Kant's Theory of Knowledge: An Analytical Introduction: An Analytical Introduction, , Georges Dicker](#) , 2004, 0195153065, 9780195153064. The Critique of Pure Reason is Kant's acknowledged masterpiece, in which he tackles the question of how we can possibly have knowledge that does not rest on experience (a priori knowledge). The first half of the Critique advances a constructive theory of human cognition and defends the possibility of human knowledge against the skeptical empiricism of Hume. These sections of the Critique are difficult for beginners and for advanced students alike. While there exist many scholarly works discussing the Critique on an advanced level, this book is explicitly designed to be read alongside the text by first-time readers of Kant. Dicker makes Kant's views and arguments as accessible as possible without oversimplifying them, and synthesizes the views of contemporary scholars. Kant's Theory of Knowledge will be useful to both undergraduate and graduate students struggling with this notoriously difficult yet deeply influential thinker.

[Made with Love: How Babies are Made, Kate Petty](#) , 2003, 0333716795, 9780333716793. How are babies made? With love, of course! But if that answer fails to satisfy, this book most certainly will. There are simple answers to all the big questions children ask about how they came to be born. The conversational text and child-friendly artwork make this a

helpful book for all curious children and their parents. This book marries a highly experienced, successful author with a fresh young talent.

[Don't Believe Everything You Think: Living with Wisdom and Compassion, Thubten Chodron](#) , 2013, 1559393963, 9781559393966. It can be hard for those of us living in the twenty-first century to see how fourteenth-century Buddhist teachings still apply. When you're trying to figure out which cell phone plan to buy or brooding about something someone wrote about you on Facebook, lines like While the enemy of your own anger is unsubdued, though you conquer external foes, they will only increase can seem a little obscure. Thubten Chodron's illuminating explication of Togmay Zangpo's revered text, The Thirty-seven Practices of Bodhisattvas, doesn't just explain its profound meaning; in dozens of passages she lets her students and colleagues share first-person stories of the ways that its teachings have changed their lives. Some bear witness to dramatic transformationsmaking friends with an enemy prisoner-of-war, finding peace after the murder of a loved onewhile others tell of smaller lessons, like waiting for something to happen or coping with a minor injury.

[Teddy Bear Patterns, Barbara Barbieri McGrath](#) , 2013, 1580894224, 9781580894227. The teddies are back in this playful introduction to color patterns. Readers sort teddies by color and then arrange them into patterns of two colors, three colors, and so on, until a bear-pattern parade marches across the page. Kids discover that they can use patterns to skip count, add, and even multiply and then try their hand at creating their own teddy patterns.

[Exam 70-432 Microsoft SQL Server 2008 Implementation and Maintenance, , Microsoft Official Academic Course](#) , 2011, 0470183683, 9780470183687. This book is for students preparing to become certified for the 70-444 and 70-432 Microsoft SQL Server 2005/2008 Database Administration exam. The Microsoft Official Academic Course (MOAC) lessons correlate and are mapped to the Microsoft Certified Information Technology Professional, (MCITP) 70-444 and 70-432 certification exam. This text covers installing and configuring Microsoft SQL Server and managing and maintaining databases and multidimensional databases, user accounts, database availability, recovery, and reporting. This text guides students through the design and implementation of security or server automation as well as monitoring and troubleshooting SQL Server activity. The MOAC IT Professional series is the Official from Microsoft, turn-key Workforce training program that leads to professional certification and was authored for college instructors and college students.MOAC gets instructors ready to teach and students ready for work by delivering essential resources in 5 key

areas: Instructor readiness, student software, student assessment, instruction resources, and learning validation. With the Microsoft Official Academic course program, you are getting instructional support from Microsoft; materials that are accurate and make course delivery easy.

[Beyond the Blue Mountains: Wisdom and Compassion on Living and Dying, Elizabeth Bassett](#) , 1999, 0966694139, 9780966694130. Beyond the Blue Mountains talks of death with gentleness and insight through the voices of wise men and women throughout history. Each quotation is a gem - from the whole spectrum of faith - waking the heart to a poignant alertness and deep understanding of the meaning of death. To read this book is to be inspired by the magnitude and nobility of humanity at its most vulnerable. To read and re-read it is to have all our emotions concerning death deepened and enlightened. >

[Revenge of the Microbes: How Bacterial Resistance is Undermining the Antibiotic Miracle, Abigail A. Salyers, Dixie D. Whitt](#) , 2005, 1555812988, 9781555812980. "What is antibiotic resistance, and why should I be concerned with it?" Media coverage and political and scientific discussions about "superbugs" that defy our current treatments, genetically modified foods in our fields and grocery stores, the threat of bioterrorism, and the use of antibiotics in agriculture have increased citizen awareness and fears regarding the issues surrounding antibiotic resistance. *Revenge of the Microbes: How Bacterial Resistance Is Undermining the Antibiotic Miracle* is a single source of answers to this and other questions average people are asking. Written by experts with extensive experience in the field, *Revenge of the Microbes* provides the scientific information readers will need to form opinions and make informed decisions regarding the use of antibiotics. The authors have carefully sifted through a vast amount of information to ensure comprehensive coverage of topics including the larger issues of economics, politics, health, safety, and the environment. Specific antibiotics and controversies are examined in a real-life context; accounts of positions on all sides of the public policy debate are presented; and less common issues such as what happens to antibiotics once they are released into the environment, are addressed. The evolution of antibiotic-resistant bacteria is put into perspective and bacterial mutation and horizontal gene transfer are explained in simple terms. An in-depth documentation of antibiotic structures is provided in the appendix. Reader-friendly and comprehensible, *Revenge of the Microbes* will engage a diverse audience, including biologists, doctors, teachers, students, lawyers, environmentalists, and everyday citizens. This new volume encourages readers to consider the extensive role of antibiotics in modern medicine and the potentially catastrophic impact the loss of effective antibiotics would have today and on future generations.

[The Universe of Things: Short Fiction, Gwyneth A. Jones](#) , 2011, 1933500441, 9781933500447. The stories in The Universe of Things span Jones' career, from The Eastern Succession, first published in 1988, to the just-published Collision. Each opens a window into a richly depicted culture in which intelligent, resourceful characters struggle to make sense of the mysteries of their world. In the introduction by Steven Shaviro, author of Doom Patrols and Connected, or What It Means to Live in the Network Society, Shaviro notes, As a feminist writer, Jones refuses to accept compromises that leave gender inequities in place and recognizes how they may well have staved off something worse. And as a science fiction writer, Jones shows deep awareness of how provisional, and fragile, all our acceptances and reconciliations can be, for there are always new potentials, new cultural or technological disruptions in the offing. Jones

envision a future that is different enough from the present that we are forced to recognize the contingency and changeability of the things we take most for granted.

[Neighbourhood Interaction and Participation Survey, Shire of Sutherland](#) , 2001, 0957872003, 9780957872004. [Chalk Lines: The Politics of Work in the Managed University, Randy Martin](#) , 1998, 0822322498, 9780822322498. The increasing corporatization of education has served to expose the university as a business and one with a highly stratified division of labor. In *Chalk Lines* editor Randy Martin presents twelve essays that confront current challenges facing the academic workforce in U.S. colleges and universities and demonstrate how, like chalk lines, divisions between employees may be creatively redrawn. While tracing the socioeconomic conditions that have led to the present labor situation on campuses, the contributors consider such topics as the political implications of managerialism and the conceptual status of academic labor. They examine the trend toward restructuring and downsizing, the particular plight of the adjunct professor, the growing emphasis on vocational training in the classroom, and union organizing among university faculty, staff, and graduate students. Placing such issues within the context of the history of labor movements as well as governmental initiatives to train a workforce capable of competing in the global economy, *Chalk Lines* explores how universities have attempted to remake themselves in the image of the corporate sector. Originally published as an issue of *Social Text*, this expanded volume, which includes four new essays, offers a broad view of academic labor in the United States. With its important, timely contribution to debates concerning the future of higher education, *Chalk Lines* will interest a wide array of academics, administrators, policymakers, and others invested in the state and fate of academia. Contributors. Stanley Aronowitz, Jan Currie, Zelda F. Gamson, Emily Hacker, Stefano Harney, Randy Martin, Bart Meyers, David Montgomery, Frederick Moten, Christopher Newfield, Gary Rhoades, Sheila Slaughter, Jeremy Smith, Vincent Tirelli, William Vaughn, Lesley Vidovich, Ira Yankwitt

[Menage Amour: Erotic Cowboy Menage a Trois Romance, M/F/M, Interracial, May-December] Like her absentee mother, Tamara Carpenter was never cut out for country life. But when her estranged father suffers a debilitating injury, she rushes back to her childhood home to find other things besides his health changed, namely the twin boys she practically raised. Devastated by Tamara's exit, Jess has strived to make The Double R a success, burying himself working the ranch. Tamara's return upsets the emotional balance he's found in her absence and forces him to face his unresolved feelings for her, and his part in her older lover's firing years ago. Open-minded and fun-loving, Jax prides himself on knowing how to have a good time and trying to get Jess to do the same. Tamara's homecoming is Jax's opportunity to show his brother what he's been missing by holding a grudge all these years, and bring two of the most important people in the world to him together. Note: There is no sexual relationship or touching for titillation between or among siblings.

[Training in No Time, Amy Ammen](#) , 1995, 0876057784, 9780876057780. Training in No Time supplies the training regimen today's busy lifestyles demand for both owners and their dogs. It makes good use of how dogs learn and explains how to use that knowledge to establish and maintain the responses every dog owner wants. The Sneakaway is the foundation of this training method. Quite literally, you turn your back and sneak away whenever your dog stops paying attention to you. This method allows for easy teaching and effective problem solving by first focusing your dog's undivided attention on you, even around the strongest distractions. Then using daily, subtle clues you give your dog in everyday interactions, you can instill good habits. The surest way to get permanent, positive results is to recognize and change the few big ambiguities that allowed problems to surface and to use daily, subtle clues to instill, not destroy, good habits. Behavior is being molded 24 hours a day. This results in consistent, socially acceptable behavior under all circumstances and a well-trained companion dog.

The Budget sets out the Government's plans for taxation, public spending and economic growth for the coming year. Details announced include: an annual growth rate of 2.5 per cent for 2006-07 with a forecast of 2.75 to 3.25 per cent for 2007-08; an inflation rate of two per cent this year; and public sector borrowing on course for a 16bn surplus over the

economic cycle ending in 2010-11, with net borrowing set at 37 billion for this year and 36 billion next year, falling to 23 billion in the year to 2010-11. Measures announced in the 2006 Budget include: i) the climate change levy to be indexed in line with inflation from 2007, a new vehicle excise duty rate of 210 for the least fuel efficient cars (4x4 cars or SUVs) and the establishment of a new 1bn energy and environmental research institute funded by government and private industry; ii) measures to help to single parents into work and tackle child poverty including an increase in child benefit, child tax credit and childcare vouchers and a top-up to child trust fund accounts at the age of seven; iii) an increase in duty of nine pence on cigarettes and one pence on beer, with a freeze in duty on whisky and other spirits; iv) the exemption on stamp duty raised to 125,000 and a rise in the level of inheritance tax from 275,000 to 325,000; v) the level of investment in schools to rise from 5.6 billion to 8 billion a year; vi) free off peak national bus travel for pensioners in every part of the country; and vii) funding, in partnership with commercial sponsorship, to support top athletes to prepare for the 2012 Olympics.

[The Principles of Matter: Reworking Quantum Mechanics, John P. Wallace, Michael J. Wallace](#) , 2013, 0984824839, 9780984824830. A quantum particle is defined consistent with relativity by a differential equation that has two solutions in the frame of reference of the particle. The two solutions represent the boson and the fermion. These solutions ensure the quantum view of matter is consistent with relativity.

[Proofiness: How You're Being Fooled by the Numbers, Charles Seife](#) , 2011, 0143120077, 9780143120070. From the author of Zero, comes this "admirable salvo against quantitative bamboozlement by the media and the government" (The Boston Globe) In Zero, Charles Seife presented readers with a thrilling account of the strangest number known to humankind. Now he shows readers how the power of skewed metrics-or "proofiness"- is being used to alter perception in

both amusing and dangerous ways. Proofiness is behind such bizarre stories as a mathematical formula for the perfect butt and sprinters who can run faster than the speed of sound. But proofiness also has a dark side: bogus mathematical formulas used to undermine our democracy-subverting our justice system, fixing elections, and swaying public opinion with lies. By doing the real math, Seife elegantly and good-humoredly scrutinizes our growing obsession with metrics while exposing those who misuse them.

[Cross Roads, Christopher Kavanagh](#) , 2006, 0953644049, 9780953644049. A collection of short stories from Christopher Kavanagh, a master of "The Twist in the Tale." [L.U.C.I. in the Sky, Chris Fox](#) , 2002, 0099415151, 9780099415152. Maria Haymeyer has an I. Q. of 250, once posed for a Playboy 'Girls of Mensa' feature, and has invented a radical new design for a warplane computer game she calls 'L. U. C. I.' -- short for Light Ultra Chip Intelligence. But someone has stolen her idea, and converted it to bid for a multi-million Joint Strike Fighter contract with the Pentagon. An unwilling but crucial ally in Maria's search to recover L. U. C. I. is a man called Terry Weston, who, up until now, has pursued an ultra-secret career as a corporate spy. But he is not aware of a critical fact - that L. U. C. I. is a warplane with a built-in Doomsday mechanism.

[America's communal utopias, Donald E. Pitzer](#) , 1997, 080782299X, 9780807822999. "Brings into sharp focus a hitherto ill-mapped stretch of American social-history terrain. "From The Foreword By Paul BoyerA comprehensive look at the religious and secular movements that produced America's most noted communal utopiasFrom the Shakers to the Branch Davidians, America's communal utopias have captured the popular imagination. Seventeen original essays here demonstrate the relevance of such groups to the mainstream of American social, religious, and economic life. The contributors examine the beliefs and practices of the most prominent utopian communities founded before 1965, including the long-overlooked Catholic monastic communities and Jewish agricultural colonies. Also featured are the

Ephrata Baptists, Moravians, Shakers, Harmonists, Hutterites, Inspirationists of Amana, Mormons, Owenites, Fourierists, Icarians, Janssonists, Theosophists, Cyrus Teed's Koreshans, and Father Divine's Peace Mission. Based on a new conceptual framework known as developmental communalism, the book examines these utopian movements throughout the course of their development -- before, during, and after their communal period. Each chapter includes a brief chronology, giving basic information about the group discussed. An appendix presents the most complete list of American utopian communities ever published.

But Frankie has bigger plans in mind - she and Brett decide to film a documentary to further the RADs cause . . . but Bekka isnt about to let some monster steal her man! Meanwhile, Cleo freaks when her friends bolt on her Teen Vogue photo shoot to be in Frankies documentary, and she starts giving Melody the evil eye - just what is that royal pain up to? Will Cleo stop at nothing to remain queen bee, even if it means teaming up with Bekka - a normie?!

[Hiroshima in History and Memory, Michael J. Hogan](#) , 1996, 0521566827, 9780521566827. In this timely collection of essays, prominent historians survey the Hiroshima story from the American decision to drop the first atomic bomb to the recent controversy over the Enola Gay exhibit in Washington, D.C. The first essay surveys the literature on the atomic bombing of Japan, while the second and third essays evaluate the decisions that led to that event. The remaining essays discuss how the Japanese and American people have remembered Hiroshima in the years since the end of World War II. They emphasize the construction of an official memory of Hiroshima, the challenge posed by alternative or counter-memories, and the tension between history and memory in the Hiroshima story. The collection thus unites up-to-date scholarship by diplomatic historians with the recent interest in memory that has emerged as part of the new cultural history.

[Ecstasy, Irvine Welsh](#) , 2012, 0099572346, 9780099572343. Rebecca Navarro, best-selling authoress of Regency romances, suffers a paralysing stroke. Assisted by her nurse, Rebecca plans her revenge on her unfaithful husband. But will Freddy Royle, hospital trustee, celebrity and necrophiliac, thwart those plans? Dave Thornton, soccer thug, has lost his heart to flawed beauty Samantha Worthington. They go in search of the man who marketed the drug that crippled her - in order to cripple him. Lloyd from Leith has a transfiguring passion for the unhappily married Heather. Together they explore the true nature of house music and chemical romance. Will their ardour fizzle and die in the grim backstreets of Edinburgh, or will it ignite and blaze like a thousand suns?

[Inequalities for Differential and Integral Equations,](#) , 1997, 0080534643, 9780080534640. Inequalities for Differential and Integral Equations has long been needed; it contains material which is hard to find in other books. Written by a major contributor to the field, this comprehensive resource contains many inequalities which have only recently appeared in the literature and which can be used as powerful tools in the development of applications in the theory of new classes of differential and integral equations. For researchers working in this area, it will be a valuable source of reference and inspiration. It could also be used as the text for an advanced graduate course. Key Features\* Covers a variety of linear and nonlinear inequalities which find widespread applications in the theory of various classes of differential and integral equations\* Contains many inequalities which have only recently appeared in literature and cannot yet be found in other books\* Provides a valuable reference to engineers and graduate students

The methods of Dr. Kubler-Ross, the world-renowned psychiatrist and authority on death, are revealed in this exploration of her counseling work with terminal patients to help them come to an acceptance of death

[Principles of Electric Circuits: Electron Flow Version, Thomas L. Floyd](#) , 2007, 0131701789, 9780131701786. This book provides an exceptionally clear introduction to DC/AC circuits supported by superior exercises, examples, and illustrations- and an emphasis on troubleshooting and applications. It features an exciting full color format which uses color to

enhance the instructional value of photographs, illustrations, tables, charts, and graphs. Throughout the book's coverage, the use of mathematics is limited to only those concepts that are needed for understanding. Floyd's acclaimed troubleshooting emphasis, as always, provides learners with the problem solving experience they need for a successful career in electronics. Chapter topics cover components, quantities and units; voltage, current, and resistance; Ohm's Law; energy and power; series circuits; parallel circuits; series-parallel circuits; circuit theorems and conversions; branch, mesh, and node analysis; magnetism and electromagnetism; an introduction to alternating current and voltage; phasors and complex numbers; capacitors; inductors; transformers; RC circuits; RL circuits; RLC circuits and resonance; basic filters; circuit theorems in AC analysis; pulse response of reactive circuits; and polyphase systems in power applications. For electronics technicians, electronics teachers, and electronics hobbyists.

[Artemis Fowl The Eternity Code Graphic Novel, Eoin Colfer, Andrew Donkin](#) , 2013, 1423145275, 9781423145271.

Artemis Fowl is going straight...as soon as he pulls off the most brilliant criminal feat of his career. But his last job plan goes awry, leaving his loyal bodyguard, Butler, mortally injured. Artemis's only hope of saving his friend is to enlist the help of his old rival, Captain Holly Short of the LEPrecon fairy police. It is going to take a miracle to save Butler, and Artemis's luck may have just run out. . .Praise for Artemis Fowl: The Eternity Code\*"Readers will burn the midnight oil to the finish." -Publishers Weekly (starred review)"...the action is fast and furious, the humor is abundant, characterizations are zany, and the boy genius works wonders--all of which add up to another wild ride for Artemis' fans." - Booklist"Colfer's young antihero might be getting more likeable all the time, but that hasn't taken the edge off the Tom-Clancy-meets-Harry-Potter action." - Amazon.com

[God in the Machine: What Robots Teach Us about Humanity and God, Anne Foerst](#) , 2004, 0525947663,

9780525947660. A provocative look at the theological implications of artificial intelligenceand the controversial questions raised by robotics about our very definition of humanityfrom the founder of MIT's God and Computers Project Get ready to meet two remarkable characters, Cog and Kismet. They both enjoy working with others, they're very attentive, have excellent learning skills, and, according to their colleagues, they're very charming. And they're both robots.From Hollywood to the halls of NASA, robots loom large in the popular imagination. But what feelings do these lifelike machines really provoke in us? In God in the Machine, Dr. Anne Foerst draws on her expertise as both a theologian and computer scientist to address the profound questions that robots such as Cog and Kismet raise for us all: What does it mean to be human? What does it mean to have a soul? And what do robots teach us about our relationship with God?God in the Machinechallenges many popular assumptionsabout the Bible, about the meaning of community, and especially about the fundamental distinctions between humanity and the artificial beings we create. Dr. Foerst shares intriguing observations about the ways we define human versus person and asks what we must do in order for all humans to be treated as equal persons.Original, controversial, and deeply insightful, God in the Machineilluminates the

exciting and little-understood new terrain that lies at the intersection of technology and religion, science and faith.

[A Dictionary of Christian Art, Peter Murray, Linda Murray](#) , 2001, 0198604238, 9780198604235. 'It is impossible to over-praise this book. It works on every level: here is scholarship made accessible to the learned and the beginner, to the devout and the profane. It is hard to estimate whether it will be more treasured by those who know little of Christianity or by those who try to live by its teachings.' Sister Wendy Beckett Previously published with illustrations as the Oxford Companion to Christian Art and Architecture and now available for the first time in the Oxford Paperback Reference series, the Dictionary of Christian Art is a unique and fascinating exploration of the art and architecture that has been influenced and inspired by biblical stories and Christian history and beliefs. The Dictionary combines general essays on the periods and styles important in the history of Christian art with lots of shorter entries that describe specific works, artists, themes, and visual images, and which give the reader practical guidance on where in Europe to locate the works described. Included in the Dictionary are: Detailed essays on periods and styles in art and architecture: Early Christian, Byzantine, Carolingian, Ottonian, Romanesque, Anglo-Saxon, Irish, Gothic, Renaissance, Baroque General background to the Old and New Testaments, and to Christian tradition and beliefs: Adam and Eve, Abraham, Moses, the Exodus, the major Old Testament prophets; the Annunciation; Life of Christ, the Passion; the Assumption; the mission of the Apostles; major martyrs and saints; religious Orders and their founders; parables Forms of art influenced by Christianity: church plans, illuminated manuscripts, mosaics, frescoes, tombs, stained glass, sculpture Artists and architects and their works: Duccio, Fra Angelico, Brunelleschi; Masaccio, Donatello, Botticelli, Leonardo da Vinci, Michelangelo, Raphael, Bernini, Wren, Gibbs, Poussin, El Greco, Chagall, Spencer, Pugin, and many others Places and buildings: Ravenna, Assisi, Rome, Venice, and Sicily; St Peter's, St Paul's, the Sistine Chapel; baptistery, chapter house, centrally planned churches, monastery planning Descriptions and explanations of features of Christian churches, sculpture, and painting: icons, symbols, attributes, the Signs of the Zodiac, labyrinth, bestiaries; liturgical books, vestments, and colours; rose windows, frontals, and altarpieces Significant saints, popes, rulers, and preachers: saints Agnes, Agatha, and Catherine of Siena, Peter, Paul, Jerome, Francis, and Ignatius; Charlemagne and Emperor Constantine the Great; popes Julius II, Leo X, Clement VII; Savonarola, Luther, and Erasmus Glossary of Architectural Terms and detailed Bibliography

[Walks & Rambles on the Delmarva Peninsula: A Guide for Hikers and Naturalists, Jay Abercrombie](#) , 1985, 0942440277, 9780942440270. Despite its proximity to the East Coast megopolis, the Delmarva Peninsula has always remained apart from the fast-paced, urban world on its northern fringes. This mostly agrarian area has maintained a distinct local flavor, making it one of the last truly idiosyncratic places in the United States. The hikes described in this book enter almost every habitat to be found on the peninsula: upland forests, bottomland swamps, salt marshes, islands, beaches, and even man-made environments such as old millpond, a canal and a historic town. There is something here for everyone, from short jaunts for families with children, visits to wildlife refuges for the bird watcher, and even a four-day backpacking trip on Assateague for the beach walker. For each walk, the author has researched the human history as well as the natural history to be found on the trail and presents his findings in an informative, yet captivating, manner.

[Ricky Climbs Pikes Peak, Jeffrey Keller, Jr.](#) , 2006, 0977399095, 9780977399093. Ricky Rock Climbs in Garden of the Gods is a fun and easy read, accompanied by delightful full color illustrations. It is Ricky's first rock climb in Garden of the Gods, Colorado, where it will take courage and patience to scale the big red rock walls. With Dad's help, Ricky feels the thrill of victory! You will learn much about the park and beginning rock climbing through this adventure! Jeffrey Keller, Jr. writes the Ricky Adventure Series books to share his joy in the wonderful Colorado outdoors and to encourage children to explore and enjoy outdoor activities of all kinds.

[The Darwin Awards II: Unnatural Selection, Wendy Northcutt](#) , 2001, 0140124640, 9780140124644. The Darwin Awards 2 follows on from the hugely successful Darwin Awards: Evolution in Action which reached #1 on Amazon and #3 on The New York Times bestseller list. The Darwin Awards 2 contains disturbingly addictive and funny new stories which appeal to an international audience of fans of smart, knowing humour. You won't believe the absurd ways in which people have managed to maim or kill themselves thereby removing the particularly idiotic genes from the human gene pool and enhancing our chances of survival for the rest of the human race!

This is the first report of the newly-constituted independent Pay Review Body for the Prison Service in England and Wales. It contains recommendations for the pay levels for governors, other operational managers, prison officers and support grades. It recommends that, with effect from 1 January 2002, there is a general increase in basic pay which represents an annual increase of 4.8 per cent, by raising existing rates by 6 per cent for a 15 month period. This will bring the annual award date into line with other pay review bodies. Other recommendations include the continuation of performance-related equity share arrangements for governors and other operational managers.

[David Golder, Irne Nmirovsky](#) , 2007, 0099493969, 9780099493969. Translated by Sandra Smith, with an introduction by Patrick Marnham. In 1929, 26-year-old Irne Nmirovsky shot to fame in France with the publication of her second novel David Golder. At the time, only the most prescient would have predicted the events that led to her extraordinary final novel Suite Française and her death at Auschwitz. Yet the clues are there in this astonishingly mature story of an elderly Jewish businessman who has sold his soul. Golder is a superb creation. Born into poverty on the Black Sea, he has clawed his way to fabulous wealth by speculating on gold and oil. When the novel opens, he is at work in his magnificent Parisian apartment while his wife and beloved daughter, Joy, spend his money at their villa in Biarritz. But Golder's security is fragile. For years he has defended his business interests from cut-throat competitors. Now his health is beginning to show the strain. As his body betrays him, so too do his wife and child, leaving him to decide which to pursue: revenge or altruism? Available for the first time since 1930, David Golder is a page-turningly chilling and brilliant portrait of the frenzied capitalism of the 1920s and a universal parable about the mirage of wealth.

[Pop!: Why Bubbles Are Great For The Economy, Daniel Gross](#) , 2009, 0061850101, 9780061850103. Bubbles from hot stocks in the 1920s to hot stocks in the 1990s are much-lamented features of contemporary economic life. Time and again, American investors, seduced by the lures of quick money, new technologies, and excessive optimism, have shown a tendency to get carried away. Time and again, they have appeared foolish when the bubble burst. The history of finance is filled with tragic tales of shattered dreams, bankruptcies, and bitter recriminations. But what if the I-told-you-so lectures about bubbles tell only half the story? What if bubbles accomplish something that can only be seen in retrospect? What if the frenzy of irrational economic enthusiasm lays the groundwork for sober-minded opportunities, growth, and innovation? Could it be that bubbles wind up being a competitive advantage for the bubble-prone U.S. economy? In this entertaining and fast-paced book you'll laugh as much as you cry. Daniel Gross convincingly argues that every bubble has a golden lining. From the 19th-century mania for the telegraph to the current craze in alternative energy, from railroads to real estate, Gross takes us on a whirlwind tour of reckless investors and pie-in-the-sky promoters, detailing the mania they created but also the lasting good they left behind. In one of the great ironies of history, Gross shows how the bubbles once generally seen as disastrous have actually helped build the commercial infrastructures that have jump-started American growth. If there is a secret to the perennial resilience and exuberance of the American economy, Gross may just have found it in our peculiar capacity to blow financial bubbles and successfully clean up the mess.

[Defining Creole, John H. McWhorter](#) , 2005, 0195347234, 9780195347234. This volume gathers the last ten years worth

of published articles on creole languages and their origins by John H. McWhorter, a unique and often controversial scholar in the field. The articles fall into roughly three categories: defending his hypothesis that creole languages are synchronically distinguishable from older grammars, addressing the intersection between creole genesis and language change, and lastly countering the accepted argument that creoles' differences from their source languages (called lexifiers) are simply a matter of inflection. This book will be of interest to scholars and students of creole and pidgin studies, and linguistics more broadly.

[Seeking Robinson Crusoe, Tim Severin](#) , 2011, 1447207181, 9781447207184. Who was the real Robinson Crusoe? In search of the world's most famous castaway Tim Severin travels where men were shipwrecked or abandoned in the days of the pirates and buccaneers... and lived to tell their tales of survival. A Scottish sailor, Alexander Selkirk, has long been considered as the real life inspiration for Crusoe. So Severin begins his quest on the islands of Juan Fernandez 400 miles off the coast of Chile where Selkirk was marooned for four years. Daniel Defoe, author of Robinson Crusoe, also knew the extraordinary survival tale of an English buccaneer surgeon, Lionel Wafer, wounded in a pirate raid and abandoned in the jungle of Panama. So Severin goes to meet the Indian tribe, the Kuna, who rescued him. Carrying on his journey he finally takes a 100 year old sailing boat to Salt Tortuga, a small uninhabited island off the coast of Venezuela. There he

establishes the truth about a runaway 'white slave', Henry Pitman, marooned by pirates thirty years before Defoe created Crusoe...

[Spelling, Grade 3, Spectrum](#) , 2002, 0769652638, 9780769652634. Spectrum Spelling brings curriculum content reading passages to life! The lessons, perfect for students in grade 3, strengthen spelling skills by focusing on short and long vowels, homophones, high-frequency words, contractions, and more! Each book features full-color artwork, easy-to-understand directions, and a dictionary of spelling words. They are also aligned to national and state standards and include a complete answer key. --Today, more than ever, students need to be equipped with the essential skills they need for school achievement and for success on proficiency tests. The Spectrum series has been designed to prepare students with these skills and to enhance student achievement. Developed by experts in the field of education, each title in the Spectrum workbook series offers grade-appropriate instruction and reinforcement in an effective sequence for learning success. Perfect for use at home or in school, and a favorite of parents, homeschoolers, and teachers worldwide, Spectrum is the learning partner students need for complete achievement.

[So What, Now What?: Don't Make Excuses...Make It Happen!, MS Daryl Lee Wood](#) , 2011, 0968885055, 9780968885055.

Daryl Wood faces the excruciating reality that her life is quickly dissolving into one painful drama after another. Seized by shame and depression she reaches a critical interval, and 'wakes up' to a new way of seeing herself and the past experiences that have shaped her life. She finds herself confronting her beliefs and exploring the roots of her self-destructive thoughts and behaviours. With raw honesty, Daryl shows that for all of us, shifting our perspective on any agonizing childhood memories, frustrating relationships and self-abusive feelings can lead to a life of extraordinary joy and meaning.

[Financial Analysis and Forecasting: A Software System, Terry S. Maness, James W. Henderson](#) , 1991, 0133188825, 9780133188820. [Alluvial archaeology in Britain: proceeding of a conference sponsored by the RMC Group plc, 3-5 January 1991, British Museum, Stuart Needham, Mark G. Macklin](#) , 1992, 0946897522, 9780946897520. Twenty four papers from a conference on 'archaeology and the river environment' held at the British Museum in 1991. Contributors include: I K Bailiff (luminescence dating of alluvial deposits); A J Clark (magnetic dating of alluvial deposits; archaeological prospecting on alluvium); J G Evans/P Davies/R Mount/D Williams (molluscan taxocenes from Holocene overbank alluvium in southern England); B Coles (impact of beaver on temperate landscapes); J Lewin (alluvial sedimentation style in the Lower Vyrnwy, Wales); R Tipping (generation of major prehistoric valley fills in the Cheviot Hills); J Dinn/R Roseff (alluvium and archaeology in the Herefordshire valleys); C R Salisbury (evidence for palaeochannels in the Trent valley); P Clay (a Norman mill dam at Hemmington fields, Leicestershire); A G Brown/M K Keough (the geoarchaeological potential of some Midland floodplains); J J Wymer (Palaeoliths in alluvium); S needham (Holocene alluviation and interstratified settlement in the Thames valley); M Bell (archaeology under alluvium).

[Free Fall, William Golding](#) , 2013, 0571298516, 9780571298518. "I was standing up, pressed back against the wall, trying not to breathe. I got there in the one movement my body made. My body had many hairs on legs and belly and chest and head, and each had its own life; each inherited a hundred thousand years of loathing and fear for things that scuttle or slide or crawl." from Free Fall Sammy Mountjoy, artist, rises from poverty and an obscure birth to see his pictures hung in the Tate Gallery. Swept into World War II, he is taken as a prisoner-of-war, threatened with torture, then locked in a cell of total darkness to wait. He emerges from his cell like Lazarus from the tomb, seeing infinity in a grain of sand and eternity in an hour. Transfigured by his ordeal, he begins to realize what man can be and what he has gradually made of himself through his own choices. He determines to find the exact point at which the accumulated weight of those choices has deprived him of free will. Born in Cornwall, England, William Golding started writing at the age of seven. Though he studied natural sciences at Oxford to please his parents, he also studied English and published his first book, a collection of poems, before finishing college. He served in the Royal Navy during World War II, participating in the Normandy invasion. Golding's other novels include Lord of the Flies, The Inheritors, The Spire, Rites of Passage (Booker Prize), and The Double Tongue.

[Adobe Photoshop CS4 Studio Techniques, Ben Willmore, Dan Ablan](#) , 2009, 0132316439, 9780132316439. Adobe Photoshop CS4 Studio Techniques has been completely updated to cover the new features in CS4. In a friendly, easy-going style that's long on information and short on techno-babble, Photoshop Hall-of-Famer Ben Willmore and photographer Dan Ablan guide you through the concepts and features that will truly make a difference in how you use Photoshop every day. They'll take you from blindly following step-by-step instructions to an in-depth understanding of how Photoshop works, cutting through the fat to focus on what they consider to be Photoshop's essential features. This full-color book delivers the content in three easily digestible sections: Working Foundations, Production Essentials, and Creative Explorations. Streamlined for this new edition, the book will distill Photoshop's vast capabilities down to what you need to know for a full understanding of the program, while simultaneously focusing more directly on best practices for the photographer. Beginning with a quick "refresher course" on the working foundations of Photoshop, you'll move on to real-world production techniques. Finally, you'll get to fully explore Photoshop's creative potential by blending and enhancing images, creating collages, retouching photographs, colorizing, and working with filters and layer masks. By the time you finish this book, your creativity and efficiency levels will soar and you'll feel like you finally "get" Photoshop.

[How the Special Needs Brain Learns, David A. Sousa](#) , 2006, 1483304213, 9781483304212. Leverage brain research to develop successful strategies for students with special needs! This second edition of the bestseller helps you turn the latest developments in neuroscience into practical classroom activities. Emphasizing lifelong independent learning, increased retention, and cognitive flexibility, this revision offers a practical framework for identifying, accommodating, and motivating students with special needs. The author offers references to more than 230 new scientific studies, targeted information on Responsiveness to Intervention (RTI), and assistance for working with common learning challenges such as: ADHD and ADD Speech, reading, writing, and math disabilities Emotional and behavioral disorders Autism spectrum disorders

[A Concise History of Poland, Jerzy Lukowski, Hubert Zawadzki](#) , 2006, 052185332X, 9780521853323. The second edition of this guide to Poland has been updated to take account of the years from 1989-2005. This period marked its liberation from the Soviet Union, the birth of Poland's 'Third Republic' and, recently, its accession to the European Union in 2004. Poland's history has been marked by its resilience. Once a dominant force in central and eastern Europe and home to a remarkable experiment in consensual politics, it was excised from the map by its neighbours in 1795. Resurrected in 1918, partitioned afresh during the Second World War, it survived to become a satellite of the Soviet Union. Yet in the 1980s, it was Poland which blazed the trail in casting off communism, and was finally able to reassert its Christian heritage. With its updated bibliography and new chronology, the book is the ideal companion for all looking for a comprehensive survey of this fascinating country.

[A Dead Man in Deptford, Anthony Burgess, Peter Watson](#) , 1994, 009930225X, 9780099302254. Med det 16. rhundredes

engelske London og dets teatermiljø som bagtpe berettes om skomagersnen Christopher Marlowe (1564-1593), skuespiller, dramatiker, spion for Elisabeth I, der efter at være anklaget for religiøs afvigelse og blasfemi myrdedes i Deptford efter et sknderi om en regning.

[The Twilight Ghost, Colin Thiele](#) , 2004, 0143301616, 9780143301615. Robby Green thinks the country town of twilight is a disaster area, with nothing but a ruined old Children's Home full of ghosts at one end and a heap of concrete silos at the other. The locals tell Robby about a string of terrible accidents, where the ghost of a girl in a white dress is always seen the night before. Recommended Australian author. 9 yrs+

[Paranoid Parenting: Why Ignoring the Experts May Be Best for Your Child, Frank Furedi](#) , 2008, 184706521X, 9781847065216. Paranoid Parenting is an important book that shows how parental fears have been stoked and families harmed as a consequence. It ought to be read by every sensible individual interested in regaining a sane viewpoint that advances children's well-being. It seems that every day there is a warning about your children: everything from cots, babysitters, schools, supermarkets and public parks pose a danger. We are told that children's health, safety and welfare and constantly at risk. Based on sociological research as well as dozens of interviews, this book will bolster your confidence in your own judgements and enable you to bring up self-assured, imaginative, capable children. If you want to understand why adults act like children and children act like adults -- in short, if you want to understand why raising children today is harder than ever before -- read this book.

[Rabbit, Run, John Updike](#) , 2010, 0307744078, 9780307744074. Rabbit, Run is the book that established John Updike as one of the major American novelists of his or any other generation. Its hero is Harry Rabbit Angstrom, a onetime high-school basketball star who on an impulse deserts his wife and son. He is twenty-six years old, a man-child caught in a struggle between instinct and thought, self and society, sexual gratification and family duty even, in a sense, human hard-heartedness and divine Grace. Though his flight from home traces a zigzag of evasion, he holds to the faith that he is on the right path, an invisible line toward his own salvation as straight as a ruler's edge.

[Red Flags: How to Know When You're Dating a Loser, Gary S. Aumiller, Daniel Goldfarb](#) , 1999, 110111908X, 9781101119082. Sure he's gorgeous, funny, and charming--but early in any doomed relationship there are warning signals foretelling the bad news to come. Studies show that most women will try to justify these signs, excusing them so they don't interfere with their fantasy of having met the perfect man. Unfortunately, such signs are usually all too prophetic--they are the essence of what Drs. Gary Aumiller and Daniel Goldfarb call "Red Flags." The question then becomes how to detect and respond to a Red Flag before it's too late. This first-of-its-kind book will help readers determine a man's all-important "loser potential" within the first three dates. Each chapter includes a profile of a different loser, a post-date quiz to help you determine if Mr. Right is Mr. Wrong, and important information about the best way to break up with him. Red Flags has all the fun of a magazine quiz combined with the expertise of psychologists who

specialize in the techniques used by the police to profile criminals. They know how to spot the rejects--and now you will, too!

The project becomes more interesting when she meets the devastatingly attractive contractor, Wil Johnson. But Wil wants nothing to do with her. She's been underestimated for most of her life and is not about to get involved with a big-city snob.

[Evidence-Based Practices, Bryan G. Cook, Melody Tankersley, Timothy J. Landrum , 2013, 1781904294, 9781781904299.](#)

This volume focuses on evidence-based practices (EBPs), supported, sound research studies documenting their effectiveness with a target population. As such, EBPs have significant potential to improve the outcomes of learners with learning and behavioral disorders. However, a number of obstacles exist in identifying, conceptualizing, adopting, and maintaining EBPs that have prevented educators from realizing their potential benefits. The chapters in this volume address many of these issues, with the goal of improving stakeholders' ability to identify and implement EBPs. Chapters discuss the following topics: appraising systematic evidence-based reviews, using single-subject research to identify EBPs, legal issues, implementation fidelity and EBPs, guidelines for implementing EBPs, obstacles to implementing EBPs, teacher preparation and EBPs, EBPs for learners with learning disabilities, EBPs for learners with behavioral disabilities, EBPs for learners with autism spectrum disorders, EBPs in early childhood special education, EBPs in special education in Australia.

[More Brilliant Answers, Aqa 63336](#) , 2010, 1847652719, 9781847652713. Five years, two million customers, twenty million questions, and now this, the fourth book of texts from AQA 63336, the UK's most accurate text question and answer service. More Brilliant Answers highlights the weirdest, most difficult, strangest and funniest as well as revealing the most popular questions texted by the British public to 63336 over the last year. It includes prime Q and As including: Q. What was Noah's wife called? A. Noah's wife is not named in the Bible, but according to Jewish tradition her name was Naamah. 10% of Americans think Joan of Arc was Noah's wife; Q. What's smellier than an anchovy? A: Far smellier than an anchovy is titan arum, the world's smelliest plant, stinking of rotting flesh. Don't use in a bouquet, unless you want to break up; Q. How much does a ghost weigh? A. The average ghost weighs just 544g (1.2lb). Coincidentally, this

is the exact same weight as the average white cotton bedsheet, minus 2 eye holes. AQA is enduringly popular, as customers' and readers' comments show: 'You should be congratulated on hiring such humorous people'; 'AQA's word is now gospel in our lives'; 'Do you have any remedies for being addicted to AQA?'; 'I love AQA. You are like a big fat person who is all jolly and soft and I just want to hug you.'

[Risorgimento in Exile: Italian migrants and the Liberal International in the Post-Napoleonic Era, Maurizio Isabella](#) , 2009, 0199570671, 9780199570676. The experience of exiles was fundamental for shaping Italian national identity. Risorgimento in Exile investigates the contribution to Italian nationalism made by the numerous patriots who were forced to live in exile following failed revolutions in the Italian states. Examining the writings of such exiles, Maurizio Isabella challenges existing historiography regarding the lack of genuine liberal culture in the Risorgimento. He argues that these migrants' involvement in debates with British, continental, and American intellectuals points to the emergence of Liberalism and Romanticism as international ideologies shared by a community of patriots that stretched from Europe to Latin America. Risorgimento in Exile represents the first effort to place Italian patriotism in a broad international framework, revealing the importance and originality of the Italian contribution to European Anglophilia and Philhellenism, and to transatlantic debates on federalism. In doing so, it demonstrates that the Risorgimento first developed as a variation upon such global trends.

[The Pacific and Other Stories, Mark Helprin](#) , 2005, 0143035762, 9780143035763. A dazzling collection of short stories by Mark Helprin, bestselling author of *Winter's Tale*, which is now a major motion picture starring Colin Farrell, Jessica Brown Findlay, Russell Crowe, William Hurt, and Jennifer Connelly. *The Pacific and Other Stories* is a collection of sixteen stories that display the remarkable scope, incomparable wit, and deft prose that have come to be Mark Helprin's signature. A British paratrooper jumps into occupied territory; the 1958 New York Yankees gain an unexpected teammate in a puny, teenaged Hasidic Jew; a September 11th widow receives an astonishing gift from the contractor working on her new apartment. These and other stories exhibit the constantly changing variety of the ocean itself, the peaks and troughs of life. Lighthearted, glittering fables are met with starker tales that sound the depths of sacrifice and duty. *The Pacific and Other Stories* is a resplendent, powerful collection of lasting substance and emotional import.

[Camp Kids and Serpy's Wild Adventure,](#) , 2011, 0982784716, 9780982784716. [Lion Man: The Autobiography, Ian McGeechan](#) , 2010, 1847378455, 9781847378453. In an era when even the finest rugby coaches have a drastically short shelf-life, Ian McGeechan's longevity and adaptability is staggering. In his 20 years at the highest level of the game he has been at the centre of almost every major story in UK rugby and has worked

alongside some of the greatest rugby figures of the era. McGeechan began his career as a player -- winning more than thirty caps for Scotland and twice touring with the Lions. As coach to the Scottish national team, he led his country to a famous Grand Slam victory in the 1990 Five Nations tournament. Continued success in management earned him an appointment as head coach to the Lions on four separate occasions, more than any other, and he will again take charge on their 2009 tour to South Africa. Most recently, as coach of Wasps, McGeechan has guided the team to complete dominance in the club game. Now, in this frank and engaging memoir, Ian McGeechan shares his unrivalled insight into the triumphs and tribulations of British rugby and of the progress of the sport over the past two decades. *Lion Man* offers a unique glimpse into the past, present and future of British rugby from one of the most influential figures in the history of the sport.

[This Room is a Mess, Amanda Graham](#) , 2008, 1741203856, 9781741203851. Mum says the room is a mess. Jess says it is not a mess. Who is right?

For both beginner and veteran runners, this insider's guide includes information on training, power drills, form, weight training, stretching, injury prevention and more.

[Warrior of Rome: the Wolves of the North, , Harry Sidebottom](#) , 2013, 0141046171, 9780141046174. AD263 - the Empire is threatened . . . In the north, the savage barbarian tribes of the steppe grow bold. Ballista, warrior of Rome, is sent on an impossible mission - to turn the barbarians against each other. He will face the Heruli - the Eaters of Flesh, the Wolves of the North - most terrifying of all the nomad tribes. But as Ballista and his retinue set out, someone hunts them, picking his people off one by one, and leaving a trail of terror and mutilated corpses. Ballista, in a strange land, among strange people, is about to discover that the greatest threat sometimes lies among one's own . . . Praise for the bestselling *Warrior of Rome* series: 'Sidebottom's books have an authenticity that few rivals can match . . . far more convincing than the ancient world conjured up in many other novels.' *Sunday Times* 'A storming Roman epic with explosive action and knuckle-whitening drama.' *Guardian* 'Amazing, spectacular. Wonderful fight scenes, deft literary touches and salty dialogue.' *Daily Telegraph*

[Perfect Victim, Megan Norris, Elizabeth Southall](#) , 2003, 1742286933, 9781742286938. One night in March 1999, fifteen-year-old dance student Rachel Elizabeth Barber vanished. No one could have guessed that she had become another girl's 'perfect' victim. Happy. Beautiful. Talented. She had everything her killer could want. Perceived by crime experts everywhere as one of the most bizarre homicides they had encountered, *Perfect Victim* recounts two stories: Rachel's mother Elizabeth Southall tells of her family's heart-rendering experience how they lived through unimaginable tragedy, going to extraordinary lengths to prove their daughter wasn't a runaway. Criminal court reporter Megan Norris provides

another side of the picture; the analysis, the astonishment of professionals when faced with the killer's weird and unsettling letters, and the police proceedings that led, eventually, to the Rachel Barber case being solved. Confronting and compelling, this is an incredible story about a callous and calculated crime. Coming soon to Foxtel Movies as 'I am You' starring Guy Pearce, Miranda Otto and Sam Neill.

[Little Nemo in Slumberland, Volume 2, Winsor McCay](#) , 2008, 0976888556, 9780976888550. Here are more of Little Nemo's dreams of Slumberland - Winsor McCay's world of fantasy, terror, humor, and grand adventure. This is the second volume in the centennial celebration of the most spectacular comic strip of all time: a strip acclaimed for its artistic majesty, unbounded imagination, and the ground-breaking techniques that helped define a new art form. In 2005, the publication of Little Nemo in Slumberland - So Many Splendid Sundays marked the centennial of Winsor McCay's supreme graphic achievement. That book astounded the world of comics and art, becoming the most highly praised book of its kind, ever! This new collection presents more of those famed Sunday newspaper pages - a "best of" collection from 1906 to 1924, with examples from all three incarnations of Little Nemo. Here are 110 more digitally-restored pages, presented in their original size and colors, including many pages that have never been reprinted before in any format. 16 X 21 inches

[Be Heard Now!, Lee Glickstein](#) , 2000, 0767999002, 9780767999007. As followers of Lee Glickstein's popular seminars attest, effective public speaking isn't the result of being over-prepared or having a slick delivery. It's actually a creative, interactive process relying on the speaker's natural presence and willingness to be "in the moment." Now Glickstein shares his dramatically successful "transformational speaking" approach, showing that the key to successful public speaking lies in spiritual principles that emphasize self-realization and authenticity. Be Heard Now! teaches you how to: Heal your "inner speaker" and overcome your fear of exposureProject a genuine, personal presence to enhance your overall performanceDevelop a keen awareness of the audience and benefit from their responseUse humor and vulnerability to captivate your listenersApply four essential components to write a successful speechWith Glickstein's compassionate, realistic approach, Be Heard Now! can help anyone become a confident, jitter-free public speaker whose ideas flow freely and persuasively.From the Hardcover edition.

Recent scientific research has confirmed that ancient contemplative principles are capable of changing the physical structure and function of the brain, which reflects the reduced levels of stress, increased productivity and improved health and well-being in those who practice them. The Six-Minute Solution: A Mindfulness Primer for Lawyers is based on the Jurisight program, which attorneys have used to incorporate mindfulness techniques seamlessly into their busy lives. The time-tested lessons contained in this easy-to-read book are specifically designed so that they can be integrated into the most hectic schedule and help any lawyer achieve greater balance, clarity of mind and effectiveness both personally and professionally.

[Massachusetts; a Guide to Its Places and People,, Best Books on, Federal Writers' Project](#) , 1941, 1623760208, 9781623760205. written and compiled by the Federal writers' project of the Works progress administration for the state of Massachusetts.

[GC/Works/1 Single Stage Design & Build \(1998\): General Conditions,](#) , 1998, 0117021865, 9780117021860. GC Works 1 is designed for use on high-value building and civil engineering contracts. Part 3 concerns areas of design and build.

[Everything Hurts: A Novel, Bill Scheft](#) , 2009, 1439110166, 9781439110164. Phil Camp has a problem. Not the fact that he wrote a parody of a self-help book (Where Can I Stow My Baggage?) that the world took seriously and that became an international bestseller, or that he wrote the book under a phony name, Marty Fleck, and the phony name became a self-help guru overnight. Phil cannot be Marty Fleck. He can barely be himself. No, Phil's problem is that he has been walking with a limp for nine months. Phil is in constant pain, yet there is nothing physically wrong with his body that would cause such agony. This problem leads him to the controversial Dr. Samuel Abrun, a real doctor who wrote a real self-help book (The Power of "Ow!") that made thousands of people pain-free. So what happens when the self-help fraud meets the genuine item? Does he get better? Can he hobble out of his own way to help himself? Most important, can the reader make it through fifty pages without thinking, Wait a minute. Is that a twinge I feel in my lower back or just gas? Phil embraces Abrun's unorthodox psychogenic theories passionately but manages to save some passion for Abrun's daughter, Janet, herself a doctor who has her own theories about, and remedies for, chronic pain. If all this weren't enough, Phil tries to delve further into his past with his unconventional psychotherapist, the Irish Shrink, even if it means revealing dark secrets he never remembered telling him the first two or three times. To top it all off, Phil confronts his alter ego's nemesis, right-wing radio blowhard Jim McManus, only to find out they share a common enemy -- the same family. Like Carl Hiasen and Larry David, author Bill Scheft understands that the best humor is always excruciating. That

fits the story of *Everything Hurts* and its lesson: Pain is the ultimate teacher. By the end, Phil Camp, the self-proclaimed "self-help fraud," turns out to be the real thing. And the real thing turns out to be flawed and confused, but hopeful. In other words, human.
