[Courage: Orrin Hatch, Leading the Fight for Constitutional Rights, , Lee Roderick](#) , 2011, 0967343240, 9780967343242.

Issue-oriented and revealing, this biography of the senior U. S. senator from Utah, Orrin Hatch, shines a light on the recent years of the Senates leading consensus builder for conservative ways to solve national problems. From his opposition to President Obama's health care bill to his repeated sponsorship of constitutional amendments to balance the federal budget, Hatch seldom leaves questions on where he stands. The political life of one of the nations most visible and influential senators is explored, from his toe-to-toe confrontations with both Democrats and his own Republican colleagues on issues from tax cuts and labor-law reform to terrorism and the war in Afghanistan. Engrossing and informative, with more than 100 pages of photos, this is a detailed, honest look at one of the leading conservative voices in America today attempting to renew the country for tomorrow.

[Super Surprise!, Volume 6, , Vanessa Reilly, Sue Mohamed](#) , 2010, 0194456560, 9780194456562. With its imaginative 'Surprise' concept, exciting stories and interesting topics, Super Surprise will captivate your class. New language and activities are introduced through an exciting 'surprise'. In levels 1 and 2 the 'surprise' is a package from Uncle Henry containing an interesting object and a story. In levels 3 and 4 the object and story are discovered in a mysterious chest in the attic, and in levels 5 and 6 they are delivered through emails from all around the world. As your students mature, so does the surprise, which guarantees that they will be engaged and motivated in every lesson. There are six beautifully illustrated stories in each level, from a wide range of genres, and every story has been carefully selected to appeal to the imagination and interests of your students. Super Surprise makes it easy for you to bring the exciting stories to life. It offers you a rich variety of resources for story telling including stunning story posters and a fully dramatised audio CD, interactive story books on the iTools and MultiROM, and helpful suggestions for mimes and gestures in the Teacher's

Book. The cross-curricular lessons and factual texts introduce students to interesting real-world information which gets them thinking about new topics in English, while the fun dialogues encourage communication in the classroom.

[Communitarianism and Individualism, Selomo Avner, Avner De Shalit](#) , 1992, 0198780281, 9780198780281. This volume is the most up-to-date collection of essays on the nature of the individual self and its relationship to society. It raises such questions such as: can we understand human behavior without considering social and cultural attachments held by individuals? Can or should the State promote an idea of the good? Contributors include Ronald Dworkin, David Gauthier, Amy Gutmann, Will Kymlicka, John Rawls, Robert Nozick, and Michael Sandel.

[Alfred Visits Rhode Island, Elizabeth O'Neill](#) , 2007, 0979024064, 9780979024061. Funny Bone Books are meant to entertain and educate children from ages three to eight years old. The authors highlight each state through the travels of Alfred, an elephant, and Mr. Monocle. They experience different geographical phenomena, historical landmarks, and witness different cultures. The goal is to show the greatness of this nation through words and illustrations.

[Rome in Crisis, Plutarch](#) , 2010, 0140449167, 9780140449167. Tiberius Gracchus / Gaius Gracchus / Sertorius / Lucullus / Younger Cato / Brutus / Antony / Galba / Otho 'Now it was no dishonour to die a Roman, conquered only by a Roman' A philosopher and moral essayist, Plutarch (c. 46-120 AD) was also an acclaimed biographer. Bringing together nine biographies from his Parallel Lives series and the Lives of the Roman Emperors, this edition examines the lives of major figures in Roman history, from Lucullus (118-57 BC), an aristocratic politician, bon-viveur and conqueror of Eastern kingdoms, to Otho (32-69 AD), a reckless young noble who consorted with the tyrannical, debauched emperor Nero before briefly becoming a dignified and gracious emperor himself. These biographies provide a wonderfully compelling picture of the Ancient world. Ian Scott-Kilvert's and Christopher Pelling's translations are accompanied by a new introduction considering Plutarch's position as a Greek intellectual under the Roman Empire and the sources he would have had access to. This edition includes, for the first time, Plutarch's epilogues comparing Romans with figures from the Greek world, and also contains a separate introduction for each biography, suggested further reading, notes and maps. Translated by IAN SCOTT-KILVERT and CHRISTOPHER PELLING With notes and introductions by CHRISTOPHER PELLING

[Brain Repair, Donald G. Stein, Simn Brailowsky, Bruno Will](#) , 1997, 0195119185, 9780195119183. Sixty years ago, the Nobel laureate Santiago Ramon y Cajal stated that "in the adult brain, nervous pathways are fixed and immutable; everything may die, nothing may be regenerated." Cajal's influence has been legendary--and conventional wisdom still holds that the human brain cannot repair itself. Today, however, remarkable discoveries from laboratories around the

world offer a much more optimistic prognosis. In *Brain Repair*, three internationally renowned neuroscientists team up to offer an intriguing and up-to-the-minute introduction to the explosive advances being made in the research, technology, and treatment of brain damage. The key to neuroscience's most exciting discoveries to date is a theory that is rapidly gaining adherents in the scientific community--the theory of neuroplasticity. Unlike the prevalent notion that mental processes--like seeing, remembering, and speaking--take place only within highly specialized brain regions made up of irreplaceable and non-regenerating cells, neuroplasticity stresses that cells throughout the brain can not only regenerate, but can adapt their function to assume critical roles once performed by damaged tissue. In clear, accessible language, the authors show us that the brain manufactures a host of complex chemicals that actually foster growth in damaged brain cells. We visit the laboratories where researchers are untangling the mystery of Parkinson's disease and trying to understand what goes wrong in stroke victims, and why some, thought permanently impaired, show remarkable improvements. In addition, they discuss how even today misguided ideas can adversely affect how physicians treat patients--for example, they describe common drug treatments given to stroke and head trauma patients that can actually worsen the effects of brain damage. And, along the way, they detail the fascinating history of how brain structure and functioning has been understood and studied, from prehistoric times to the present. Over a half million people each year suffer brain-damaging injuries and diseases--but the outlook for their eventual recovery is far more hopeful than it was just a short while ago. A best-selling volume in France and Mexico, *Brain Repair* provides a vividly written, wide-ranging look at the leading edge of one of science's most exciting frontiers.

[Kingdom of Ants: Jos Celestino Mutis and the Dawn of Natural History in the New World, Edward O. Wilson, Jos M. Gmez Durn](#) , 2010, 0801899737, 9780801899737. One of the earliest New World naturalists, Jos Celestino Mutis began his professional life as a physician in Spain and ended it as a scientist and natural philosopher in modern-day Colombia.

Drawing on new translations of Mutis's nearly forgotten writings, this fascinating story of scientific adventure in eighteenth-century South America retrieves Mutis's contributions from obscurity. In 1760, the 28-year-old Mutis newly appointed as the personal physician of the Viceroy of the New Kingdom of Granada embarked on a 48-year exploration of the natural world of northern South America. His thirst for knowledge led Mutis to study the region's flora, become a professor of mathematics, construct the first astronomical observatory in the Western Hemisphere, and amass one of the largest scientific libraries in the world. He translated Newton's writings and penned essays about Copernicus; lectured extensively on astronomy, geography, and meteorology; and eventually became a priest. But, as two-time Pulitzer Prizewinner Edward O. Wilson and Spanish natural history scholar Jos M. Gmez Durn reveal in this enjoyable and illustrative account, one of Mutis's most magnificent accomplishments involved ants. Acting at the urging of Carl Linnaeus the father of taxonomy shortly after he arrived in the New Kingdom of Granada, Mutis began studying the ants that swarmed everywhere. Though he lacked any entomological training, Mutis built his own classification for the species he found and named at a time when New World entomology was largely nonexistent. His unorthodox catalog of army ants, leafcutters, and other six-legged creatures found along the banks of the Magdalena provided a starting point for future study. Wilson and Durn weave a compelling, fast-paced story of ants on the march and the eighteenth-century scientist who followed them. A unique glance into the early world of science exploration, Kingdom of Ants is a delight to read and filled with intriguing information.

According to the National Adoption Clearinghouse, more than 120,000 children are adopted in the United States each year. This almanac sets forth the various types and circumstances of adoption, the adoption process, and the state and federal laws governing adoption. Consent requirements and the rights of putative fathers are also examined, and the pros and cons of open adoptions-i.e., where contact with the birth family is maintained-are explored. This almanac also discusses the costs and tax benefits of adoption, and the availability of adoption assistance for special needs children. Post-adoption considerations, such as access to birth records and inheritance issues are also set forth in this almanac. This almanac also presents an overview of international adoption. The Appendices provide applicable statutes, forms, resource directories, and state summaries for comparison, as well as other pertinent information and data. The Glossary contains definitions of many of the terms used throughout the almanac.

[Fenway 1912: The Birth of a Ballpark, a Championship Season, and Fenway's Remarkable First Year, Glenn Stout](#) , 2011, 0547195621, 9780547195629. After one hundred years, each time you walk up the ramp from beneath the stands and out toward that sea of sunlit grass, Fenway Park remains the most special kind of place there is, a place that can still change your life. In anticipation of the one hundredth anniversary of Americas most beloved ballpark, the untold story of how Fenway Park came to be and its remarkable first season. 1912 was a leap year, the year the Titanic sank, and it was also the year baseballs original shrine, the one and only Fenway Park, was born. While the paint was still drying, the infield grass still coming in, the Red Sox embarked on an unlikely season that culminated in a World Series battle against the Giants that stands as one of the greatest ever played. Fenway 1912 tells the incredible story of Fenway, from the unorthodox blueprint that underlies the parks notorious quirks, to the long winter when locals poured concrete and erected history, to the notorious fixers who then ruled the game, to the ragtag team who delivered a world championship, Fenways first. For all that has been written in tribute to the great Fenway Park, no one has ever really told the behind-the-scenes true story of its tumultuous yet glorious first year. Drawing on extensive new research, the esteemed baseball historian Glenn Stout delivers an extraordinary tale of innovation, desperation, and perspiration capturing Fenway as never before.

[Twofold, Sexy, Deborah Cardona](#) , 2007, 0981729606, 9780981729602. They are back and they are meaner than ever. Twenty years ago Jaz, Trouble and their crew, the Geechies, turned the drug game upside down. They took over

the very popular block 110th street and Lexington Avenue, and Spanish Harlem has never been the same. Through trial and error they learned that the streets would give them more than they had bargained for. They gave up a life of crime when Jaz's twin boys, Devon and Damion, were born. They bailed out only to pass the desire to live the life style through the bloodline. All was good until the evening of Trouble's wedding. When Devon and Damion found that their resemblance to one another would cause their lives to suddenly come to a complete halt. How can two brothers be so different, yet look so much alike that was the question Supreme asked himself when he placed a \$20,000 hit on Devon, which failed. The world of Devon and Damion unravels in "Twofold," as they venture out on their own. Will they make the transition without the help of their mother, Jaz? Or will Jaz and crew come back from the past?\*\*\*\*\*

As the executive culinary assistant to celebrity Chicago chef Patrick Conlon, Alana Ostermann works behind the scenes and that's just the way she likes it. But with developing recipes for Patrick's cookbooks, training his sous chefs, picking out the perfect birthday gifts for his ex-mother-in-law, and dealing with the fallout from his romantic escapades, she barely has a personal life, much less time to spend with her combo platter of a mutt, Dumpling. Then a fluke online connection brings her RJ, a transplant from Tennessee, who adds some Southern spice to her life. Suddenly Alana's priorities shift, and Patrick and Dumpling find themselves facing a rival

for her time and affection. With RJ in the mix, and some serious decisions to make about her personal and professional future, Alana must discover the perfect balance of work and play, money and meaning, to bring it all to the table one delicious dish at a time

[Biosensors, Jonathan Cooper, Anthony Cass](#) , 2004, 0199638454, 9780199638451. Over the past 20 years, biosensors have revolutionised the care and management of diabetes and have had important impacts in several other areas of clinical diagnostics. This new book is a completely revised edition of *Biosensors - A Practical Approach* published in 1990. Edited by two internationally renowned experts in this field, it draws together contributions from active researchers in Europe, North America and Asia. Chapters explain how to implement diverse techniques, such as protein engineering, optical and electrochemical instrumentation and numerical modelling in the context of producing biosensors for both laboratory and commercial applications. The book offers an overview of current research in this area as well as pointers to its further directions. It will be suitable both for those already active in the area who wish to expand their repertoire of experimental tools and for those who are just starting out in biosensor research.

[White Lies: A Tale of Babies, Vaccines, and Deception, Sarah Collins Honenberger](#) , 2006, 0979020514, 9780979020513.

Based on a true story. A mother's worst nightmare, Lacy Kellam's three month-old son Danny stops breathing one June morning in 1969. The doctors never tell her what caused his seizures or the permanent brain damage that follows. For three and a half decades government-mandated vaccinations have sent thousands of infants into seizures and encephalitic shock, leaving many brain damaged and handicapped for life. Danny Kellam is one of those babies. Lacy, though, takes her grandmother's mountain wisdom to heart and never gives up seeking an answer. Engaging and upbeat despite childhood poverty and abuse, Lacy manages with feisty determination and quick humor, to hold her own against the seasoned Justice Department lawyer. A tale of courage and perseverance, *White Lies* offers understanding and hope to the myriad families who live with vaccine-injured children.

[The Merry Wives of Windsor, , William Shakespeare](#) , 1973, 0140707263, 9780140707267. Written around 1597, critics believe that 'The Merry Wives of Windsor' was written to capitalise on the popular success of the corpulent, knavish Sir John Falstaff in the two parts of *Henry IV*. Falstaff takes centre stage again in this play, hard up for money and planning to pay off his debts by seducing the wives of two rich citizens, Ford and Page. As in the earlier *Henry IV* plays, Falstaff's elaborate plans go awry, with disastrous and humiliating consequences. Ford is furious with Falstaff's attempt to woo his wife, whilst both Mistress Ford and Mistress Page have the measure of Falstaff, and repeatedly dupe him, first hiding him in a laundry basket and dumping him in the river, then tormenting him in the forest of Windsor with children disguised as fairies. The New Penguin Shakespeare offers a complete edition of the plays and poems. Each volume has been newly

prepared from the original texts and includes an introduction, a list of further reading, a full and helpful commentary, and a short account of the textual problems of the play.

[The Proper Role of Graphics in a Presentation, Jerry Weissman](#) , 2010, 0137083874, 9780137083879. This is the eBook version of the printed book. This Element is an excerpt from Presenting to Win: The Art of Telling Your Story, Updated and Expanded Edition (ISBN: 9780137144174) by Jerry Weissman. Available in print and digital formats. The #1 killer mistake presenters make with graphics and what you need to do instead! The true problem with presentation graphics is that, all too often, presenters take a flood of data, those dense text and highly detailed tables, charts, and graphs, and simply reproduce them, with little or no modification, as presentation graphics. Its the Presentation-as-Documnt Syndrome. But a presentation is a presentation and only a presentation never a document.

[Agile Estimating and Planning, Mike Cohn](#) , 2005, 0132703106, 9780132703109. Agile Estimating and Planning is the definitive, practical guide to estimating and planning agile projects. In this book, Agile Alliance cofounder Mike Cohn discusses the philosophy of agile estimating and planning and shows you exactly how to get the job done, with real-world examples and case studies. Concepts are clearly illustrated and readers are guided, step by step, toward how to answer the following questions: What will we build? How big will it be? When must it be done? How much can I really complete by then? You will first learn what makes a good plan-and then what makes it agile. Using the techniques in Agile Estimating and Planning , you can stay agile from start to finish, saving time, conserving resources, and accomplishing more. Highlights include: Why conventional prescriptive planning fails and why agile planning works How to estimate feature size using story points and ideal days and when to use each How and when to re-estimate How to prioritize features using both financial and nonfinancial approaches How to split large features into smaller, more manageable ones How to plan iterations and predict your team's initial rate of progress How to schedule projects that have unusually high uncertainty or schedule-related risk How to estimate projects that will be worked on by multiple teams Agile Estimating and Planning supports any agile, semiagile, or iterative process, including Scrum, XP, Feature-Driven Development, Crystal, Adaptive Software Development, DSDM, Unified Process, and many more. It will be an indispensable resource for every development manager, team leader, and team member.

[A Time for War: Franklin Delano Roosevelt and the Path to Pearl Harbor, Robert Smith Thompson](#) , 1991, 0136533388, 9780136533382. Thoroughly engrossing and controversial, this important new work challenges the belief that America decalred ware only because of Japan's attack on Pearl Harbor. This swift-moving, painstakingly researched narrative

argues that the Roosevelt administration, neither isolationist nor neutral, actually forced Japan into war.

[Utopianism: A Very Short Introduction, Lyman Tower Sargent](#) , 2010, 0191614424, 9780191614422. There are many debates about utopia - What constitutes a utopia? Are utopias benign or dangerous? Is the idea of utopianism essential to Christianity or heretical? What is the relationship between utopia and ideology? This Very Short Introduction explores these issues and examines utopianism and its history. Lyman Sargent discusses the role of utopianism in literature, and in the development of colonies and in immigration. The idea of utopia has become commonplace in social and political thought, both negatively and positively. Some thinkers see a trajectory from utopia to totalitarianism with violence an inevitable part of the mix. Others see utopia directly connected to freedom and as a necessary element in the fight against totalitarianism. In Christianity utopia is labelled as both heretical and as a fundamental part of Christian belief, and such debates are also central to such fields as architecture, town and city planning, and sociology among many others Sargent introduces and summarizes the debates over the utopia in literature, communal studies, social and political theory, and theology. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

[Alarma! Boyfriends, Bjarne Melgaard](#) , 2012, 0983730741, 9780983730743. Bjarne Melgaard (born 1967) is an Australian born, Norwegian artist based in New York. Melgaard was born in Sydney by Norwegian parents, raised in Oslo, Norway, and works and lives in New York. In this fantasy novella of gore, sex, death and dismemberment, the pages reproduce the artist's handwriting on stationery from the St. Regis Hotel in Punta Mita, Mexico, and tell the tale of a gay couple,

Bjarne and Omar, who stay at a fancy American-style hotel and go into the local town to buy a kilo of cocaine, which they plan to charge on their credit cards. Their shared fantasy is to appear on the cover of *Alarma!*, and so they seek out a Mexican drug dealer who will dismember them, decapitate them, disembowel them, and make sure they are gory enough to warrant inclusion in the death magazine, *ALARMA*.

[High Treason](#), [Mark A. Hornbeck](#) , 2011, 0982183909, 9780982183908. This book is intended for the SDA or anyone who is concerned with the final events of earth's history and their impact on God's final remnant church. It examines the nature of the rebellion against God that began in heaven and then spread to the earth. It reveals how our heavenly Father and His Son dealt with this high treason against their government. It shows how justice and mercy met in love for mankind's redemption. It also delves into the final attack that Lucifer would wage against God's final remnant people just before Christ's second coming. It deals with the three ways that Satan has been repeatedly successful in his attacks on mankind. Finally we will see the final overthrow of the head of the rebellion and his followers and the reestablishment of peace in the universe.

[Japan: The Intellectual Foundations of Modern Japanese Politics, Tetsuo Najita](#) , 1980, 0226568032, 9780226568034.

Historians have long been aware of the richness and complexity of the intellectual history of modern Japanese politics. Najita's study, however, is the first in a Western language to present a consistent and broad synthesis of this subject. Najita elucidates the political dynamics of the past two hundred years of Japanese history by focusing on the interplay of restorationism and bureaucratism within the context of Japan's modern revolution, the Meiji Restoration.

[Penny Dreadful, Will Christopher Baer](#) , 2001, 0140298509, 9780140298505. Paranoia and deception overtake reason in this novel of suspense and dark humor. In this claustrophobic tale of urban despair and existential noir, ex-cop Phineas Poe--protagonist of Will Christopher Baer's first novel, Kiss Me, Judas--returns to Denver to find that reality has been rewritten and the laws of reason redrawn. When Phineas is asked by his old ally, Detective Moon, to find a missing officer named Jimmy Sky, he becomes an unwitting participant in a live role-playing game. Everyone he meets has multiple personalities, and Phineas himself soon loses track of his own various identities. Crossing the lines between traditional noir, fantasy, and edgy realism, Penny Dreadful shares sensibilities with everything from the books of William Gibson and Neal Gaiman to the films *Trainspotting* and *The Matrix* and the webgames *Doom* and *Myst*.

["The Voice of Egypt": Umm Kulthum, Arabic Song, and Egyptian Society in the Twentieth Century, Virginia Danielson](#) , 1997, 0226136124, 9780226136127. Umm Kulthum, the "voice of Egypt," was the most celebrated musical performer of the century in the Arab world. More than twenty years after her death, her devoted audience, drawn from all strata of Arab society, still numbers in the millions. Thanks to her skillful and pioneering use of mass media, her songs still permeate the international airwaves. In the first English-language biography of Umm Kulthum, Virginia Danielson chronicles the life of a major musical figure and the confluence of artistry, society, and creativity that characterized her remarkable career. Danielson examines the careful construction of Umm Kulthum's phenomenal popularity and success in a society that discouraged women from public performance. From childhood, her mentors honed her exceptional abilities to accord with Arab and Muslim practice, and as her stature grew, she remained attentive to her audience and the public reception of her work. Ultimately, she created from local precedents and traditions her own unique idiom and developed original song styles from both populist and neo-classical inspirations. These were enthusiastically received, heralded as crowning examples of a new, yet authentically Arab-Egyptian, culture. Danielson shows how Umm Kulthum's music and

public personality helped form popular culture and contributed to the broader artistic, societal, and political forces that surrounded her. This richly descriptive account joins biography with social theory to explore the impact of the individual virtuoso on both music and society at large while telling the compelling story of one of the most famous musicians of all time. "She is born again every morning in the heart of 120 million beings. In the East a day without Umm Kulthum would have no color."Omar Sharif

[The Best Things in Life: A Contemporary Socrates Looks at Power, Pleasure, Truth & the Good Life, Peter Kreeft](#) , 2009, 0830874526, 9780830874521. What are the best things in life? Questions like that may boggle your mind. But they don't boggle Socrates. The indomitable old Greek brings his unending questions to Desperate State University. With him come the same mind-opening and spirit-stretching challenge that disrupted ancient Athens. What is the purpose of education?

Why do we make love? What good is money? Can computers think like people? Is there a difference between Capitalism and Communism? What is the greatest good? Is belief in God like belief in Santa Claus? In twelve short, Socratic dialogues Peter Kreeft explodes contemporary values like success, power and pleasure. And he bursts the modern bubbles of agnosticism and subjectivism. He leaves you richer, wiser and more able to discern what the best things in life actually are.

In order to be successful in this process, one needs to know and practice the fundamental principles of good speech. To be truly successful, one first needs to understand oneself perfectly

[A Modern History of Japan: From Tokugawa Times to the Present, Andrew Gordon](#) , 2014, 0199930155, 9780199930159. A Modern History of Japan: From Tokugawa Times to the Present, Third Edition, paints a richly nuanced and strikingly original portrait of the last two centuries of Japanese history. It takes students from the days of the shogunate--the feudal overlordship of the Tokugawa family--through the modernizing revolution launched by midlevel samurai in the late nineteenth century; the adoption of Western hairstyles, clothing, and military organization; and the nation's first experiments with mass democracy after World War I. Author Andrew Gordon offers the finest synthesis to date of Japan's passage through militarism, World War II, the American occupation, and the subsequent economic rollercoaster. New to the Third Edition \* The previous edition's final chapter has been extensively revised for the third edition. Retitled "Japan's 'Lost Decades'", it now covers the timespan from 1989 through 2008. \* An entirely new final chapter examines Japan's tumultuous recent history in a global context. Beginning with the financial crisis of 2008, it

takes readers up to the traumatic events of 3/11/11, and through the aftermath of this disaster. The chapter includes a color insert with maps and photographs that document the cataclysm. \* More "voices" of ordinary people integrated into the narrative \* Increased coverage of cultural history topics, such as anime and manga

[Chasing Frank Lloyd Wright: His Life and Mine, Intertwined, Conrad N. Brown Architect, Conrad N Brown](#) , 2013, 0976990377, 9780976990376. Part memoir, part architectural history, Chasing Frank Lloyd Wright will interest architecture buffs, local historians, KU alumni, students and anyone who enjoys a lively coming-of-age tale. Set in the 1950s, Chasing Frank Lloyd Wright follows the author from his days as a hot-rodding teenager in an oil rich Oklahoma town to his transformation into a dedicated student of architecture, following the Organic Architecture trail laid down by Mr. Wright. Like most college students the author struggled to balance his extra-curricular activities with his studies, though his distractions included many chance encounters and friendships with celebrities: jazz singer Nellie Lutcher, Afro-Cuban percussionist Candido, band leader Stan Kenton, Regional painter, Thomas Hart Benton, KU basketball star, Wilt Chamberlain to name a few. The author reflects on the life and philosophy of Frank Lloyd Wright, interweaving Wright's development with his own. Dozens of vintage photographs taken at the time and place by the author document many important works by Wright, Bruce Goff and others as they appeared in the 1950s along with scenes of Lawrence, the KU Campus, Bartlesville and Norman Oklahoma, Taliesin Wisconsin and surrounding areas. This memoir tells the back story of how this young architect, who dreamed of following in the footsteps of his idol came to forge his own identity that while indebted to Wright, was uniquely his own.

[Meditations on First Philosophy: with Selections from the Objections and Replies, Ren Descartes](#) , 2008, 0192806963, 9780192806963. 'It is some years now since I realized how many false opinions I had accepted as true from childhood onwards...I saw that at some stage in my life the whole structure would have to be utterly demolished' In Descartes's Meditations, one of the key texts of Western philosophy, the thinker rejects all his former beliefs in the quest for new certainties. Discovering his own existence as a thinking entity in the very exercise of doubt, he goes on to prove the existence of God, who guarantees his clear and distinct ideas as a means of access to the truth. He develops new conceptions of body and mind, capable of serving as foundations for the new science of nature. Subsequent philosophy has grappled with Descartes's legacy, questioning many of its conclusions and even his basic approach, but his arguments set the agenda for many of the greatest philosophical thinkers, and their fascination endures. This new

translation includes the Third and Fourth Objections and Replies in full, and a selection from the rest of these exchanges with Descartes's contemporaries that helped to expound his philosophy. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Sounds All Around, Wendy Pfeffer](#) , 1998, 0064451771, 9780064451772. Sounds are all around us. Clap your hands, snap your fingers: You're making sounds. Read and find out how people and animals use different kinds of sounds to communicate.

[Blockade Billy, Stephen King](#) , 2010, 0615365981, 9780615365985. "I love old-school baseball, and I also love the way people who've spent a lifetime in the game talk about the game. I tried to combine those things in a story of suspense. People have asked me for years when I was going to write a baseball story. Ask no more; this is it." - Stephen King Even the most diehard baseball fans don't know the true story of William "Blockade Billy" Blakely. He may have been the greatest player the game has ever seen, but today no one remembers his name. He was the first - and only - player to have his existence completely removed from the record books. Even his team is long forgotten, barely a footnote in the game's history. Every effort was made to erase any evidence that William Blakely played professional baseball, and with good reason. Blockade Billy had a secret darker than any pill or injection that might cause a scandal in sports today. His secret was much, much worse...and only Stephen King, the most gifted storyteller of our age, can reveal the truth to the world once and for all. This eBook edition features both the cover illustration by Glen Orbik and the interior artwork of Alex McVey from the limited hardcover edition published by Cemetery Dance Publications. From Publishers Weekly (boxed review): A quirky baseball player with a past shrouded in secrecy is the tragic hero of this macabre tale from the dark side of the all-American sport...a narrative steeped so perfectly in the argot of the game and the behavior of its players and fans that readers will willingly suspend their disbelief. As King's fiction goes...a deftly executed suicide squeeze, with sharp spikes hoisted high and aimed at the jugular on the slide home.

[Sesher Kobita, Rabindranath Tagore](#) , 2006, 8129109379, 9788129109378. In Sesher Kibaita, Rabindranath Tagore knocks away social and familial props just to set a young man and a woman talking to one another. Tagore maps the emotional evolution through a series of scintillating conversations between the two protagonists - Amit Rai and Labanyalata. Sesher Kabita has many layers; it is an unusual love story on the surface, but the deeper one moves into the story, one realizes that Tagore is subtly slipping in other elements as well. Is love important in marriage? Does marriage leave space, physical and mental, for both the partners? And then there is Tagore's awareness of the Bengali language itself, with which he plays elaborate language games. The startlingly contemporaneous engagement with issues of romantic love and the responsibilities and everydayness of marriage is gripping: there may be nods of agreement, or sceptical headshakes, but to avoid reflection on the questions Tagore raises, is impossible.

Written by a tennis mom who did not have any roadmap so she made her own from all her ten years of experience of raising a successful junior player.

[The Great Impersonator! 99 Reasons to Dislike Abraham Lincoln, Lochlainn Seabrook](#) , 2012, 0985863226,

9780985863227. If you think Abraham Lincoln was a likeable person, think again! The truth is that unless you're a dictator, a socialist, a racist, a warmonger, an outlaw, a sexist, or a left-wing progressive, you won't find much about him that's admirable. Our 19th-Century American ancestors would certainly have agreed with this assessment. This is why, after all, they voted him the worst U.S. president up until that time, and it's why even his own party members and military officers called him a "tyrant," "swindler," "monster," "buffoon," "butcher," "fiend," the "original gorilla," "filthy story-teller," "robber," "braggart," "liar," "usurper," "ignoramus," "scoundrel," "well-meaning baboon," and "that damned idiot in the White House!" Naturally the Lincoln-loving, liberal controlled media and educational system would rather you not know any of this. For those who are interested in the truth, award-winning Southern author, historian, and Lincoln scholar Lochlainn Seabrook has written "The Great Impersonator! 99 Reasons to Dislike Abraham Lincoln." Here, among Seabrook's 99 well researched footnoted entries, you will find stunning little known facts about our sixteenth chief executive, facts that have been buried for 150 years beneath a mountain of Northern mythology. Why were they concealed? Because exposing the real man exposes the truth that his liberal devotees are still trying so hard to suppress: President Lincoln waged an illegal war on the Constitution and states' rights; he invaded a legally formed foreign nation (the Confederacy) that only wished to be left alone; he committed countless brutal crimes against both unarmed American citizens and his own soldiers; and he campaigned his entire life to have all American blacks "sent back to Africa, to their own native land," as he so inelegantly put it. Never heard of any of this? Now you know why Mr. Seabrook rightly calls him, not the Great Emancipator, but the Great Impersonator! Get the inside scoop on the authentic Abraham Lincoln in this, the author's fourth work on the big government liberal who intentionally surrounded himself with Marxists, gangsters, anti-abolitionists, and fellow white supremacists and separatists. Discover the real reason he was called "Honest Abe," why he referred to all non-whites as "inferior races," and why when it came to blacks, former Northern slave Frederick Douglass said that Lincoln was missing "the genuine spark of humanity." An attractive, unique, affordable, and tourist-friendly work that will appeal to both Civil War buffs and historical educators alike, "The Great Impersonator! 99 Reasons to Dislike Abraham Lincoln" is the perfect addition to any retail outlet, including not only bookstores, but Civil War sites, historic houses, museum gift stores, antique shops, B&Bs, tack shops, motorcycle shops, and gun stores. Lochlainn Seabrook, winner of the prestigious Jefferson Davis Historical Gold Medal, is the sixth great-grandson of the

Earl of Oxford and the author of over thirty popular adult and children's books. A seventh-generation Kentuckian of Appalachian heritage-who is known as the "American Robert Graves" after his celebrated English cousin-Seabrook is an unreconstructed Southern historian and poet with a thirty-year background in the War for Southern Independence and Confederate studies and biography. He is a member of the Sons of Confederate Veterans and the National Grange, and lives with his wife and family in historic Middle Tennessee, the heart of the Confederacy. Seabrook's other titles include: "A Rebel Born: A Defense of Nathan Bedford Forrest"; "Everything You Were Taught About the Civil War is Wrong, Ask a Southerner!"; "Honest Jeff and Dishonest Abe: A Southern Children's Guide to the Civil War"; and "Encyclopedia of the Battle of Franklin."

[Whirlpool Joe, Jon Kendall](#) , 2006, . Being a sixteen year old boy is not easy. Being a sixteen year old boy growing up bisexual in a provincial English town in the sixties is definitely not easy. Joe Taylor finds life a struggle, and suffering from an obsessive/compulsive disorder doesn't help. Whirlpool Joe chronicles his efforts to find his way through these mental and sexual issues to an adulthood acceptable to both himself and society. Joe's path takes him through first-love and sexual awakening, blackmail, skeletons in the family closet, and the discovery of a crucial secret from his past which helps him to resolve some key problems in his life. By turns brutal, tender, searing and wry, this engrossing book is a deeply insightful account of how natural justice and the power of self-belief can triumph.

[Theories of Personality: Understanding Persons, Ph.D., Susan C Cloninger, Susan C. Cloninger](#) , 2008, . For undergraduate courses in Personality or Theories of Personality. This engaging text provides an overview of major classic and current theories of personality, brings theories to life through the interpretation of illustrative biographies, and integrates a clear explanation of theory with the latest research. Understanding persons is both Susan Cloninger's academic passion as well as her personal lifestyle. With so many years of research and instruction under her belt, she has come to several important conclusions, many of which have helped guide her text through six editions. For one, while theories of personality can never explain all the particulars of individual lives, the theories explored within this text can help open eyes towards the important nuances and themes that might otherwise go unnoticed. With this in mind, this engaging text provides an overview of major classic and current theories of personality, brings theories to life through the interpretation of illustrative biographies, and integrates a clear explanation of theory with the latest research. As well, it conveys the positive value of various theories in a balanced and respectful way, preparing students to apply theoretical ideas to understanding particular individuals they may encounter in their professional work and personal lives.

[Lying and Deception: Theory and Practice, Thomas L. Carson](#) , 2012, 0199654808, 9780199654802. Thomas Carson offers the most comprehensive and up-to-date investigation of moral and conceptual questions about lying and deception. Part I addresses conceptual questions and offers definitions of lying, deception, and related concepts such as

withholding information, "keeping someone in the dark," and "half truths." Part II deals with questions in ethical theory. Carson argues that standard debates about lying and deception between act-utilitarians and their critics are inconclusive because they rest on appeals to disputed moral intuitions. He defends a version of the golden rule and a theory of moral reasoning. His theory implies that there is a moral presumption against lying and deception that causes harm a presumption at least as strong as that endorsed by act-utilitarianism. He uses this theory to justify his claims about the issues he addresses in Part III: deception and withholding information in sales, deception in advertising, bluffing in negotiations, the duties of professionals to inform clients, lying and deception by leaders as a pretext for fighting wars, and lying and deception about history (with special attention to the Holocaust), and cases of distorting the historical record by telling half-truths. The book concludes with a qualified defence of the view that honesty is a virtue.

DT Oxford Revision Guides are highly effective for both individual revision and classroom summary work. The unique visual format makes the key concepts and processes, and the links between them, easier to memorize. DT Students will save valuable revision time by using these notes instead of condensing their own. DT In fact, many students are choosing to buy their own copies so that they can colour code or highlight them as they might do with their own revision notes.

[Orationes, Marcus Tullius Cicero](#) , 1922, 0198146078, 9780198146070.

[Augustine of Hippo: A Life, Henry Chadwick](#) , 2010, 0199588066, 9780199588060. The life and works of Augustine of Hippo (354-430) have shaped the development of the Christian Church, sparking controversy and influencing the ideas of theologians through subsequent centuries. His words are still frequently quoted in devotions throughout the global Church today. His key themes retain a striking contemporary relevance - what is the place of the Church in the world?

What is the relation between nature and grace? Augustine's intellectual development is recounted with clarity and warmth in this newly rediscovered biography of Augustine, as interpreted by the acclaimed church historian, the late Professor Henry Chadwick. Augustine's intellectual journey from schoolboy and student to Bishop and champion of Western Christendom in a period of intense political upheaval, is narrated in Chadwick's characteristically rigorous yet sympathetic style. With a foreword by Peter Brown reflecting on Chadwick's distinctive approach to Augustine.

[Management of Treatment-Resistant Major Psychiatric Disorders, Charles B. Nemeroff](#) , 2012, 0199739986, 9780199739981. Although there are a variety of textbooks and manuals of psychiatric disorders, few have focused on the management of treatment-resistant patients. Those that exist have largely focused on treatment-resistant depression and even these are now largely outdated. Because psychiatrists and other mental health care professionals increasingly manage patients who fail treatment from family practitioners and other non-psychiatric specialists, a single practical volume summarizing the evidence-based medicine as well as the art of managing treatment-resistant patients is a much needed volume for practitioners, psychiatry residents and other mental health workers. Most importantly, both psychopharmacological and psychotherapeutic interventions will be included, a shortcoming of many previous volumes. "Management of Treatment Resistant Major Psychiatric Disorders" contains chapters authored by leaders in the field on the management of the major treatment resistant psychiatric disorders.

[Spring Wildflowers of the Northeast: A Natural History, Carol Gracie](#) , 2012, 0691144664, 9780691144665. This exquisitely illustrated volume provides an in-depth look at spring-blooming wildflowers of the Northeast, from old favorites to lesser-known species. Featuring more than 500 full-color photos in a stunning large-sized format, the book delves deep into the life histories, lore, and cultural uses of more than 35 plant species. The rich narrative covers topics such as the naming of wildflowers; the reasons for taxonomic changes; pollination of flowers and dispersal of seeds; uses by Native Americans; related species in other parts of the world; herbivores, plant pathogens, and pests; medicinal uses; and wildflower references in history, literature, and art. The photos capture the beauty of these plants and also illustrate the concepts discussed in the text. A book unlike any other, Spring Wildflowers of the Northeast combines the latest scientific research with an accessible, entertaining style, making it the ideal volume for readers of all levels of expertise. Showcases the Northeast's most spectacular spring-blooming wildflowers Features more than 500 full-color photos Covers the life histories, lore, and cultural uses of more than 35 species Combines the latest scientific research with an easy-to-read style Offers something new for seasoned botanists as well as armchair naturalists

[Sport and Gender Identities: Masculinities, Femininities and Sexualities, Cara Aitchison](#) , 2007, 0415259576, 9780415259576. This important new book brings together gender studies and sexuality studies to provide original and critical insights into processes of identity formation in a wide range of sport-related contexts. The authors draw on contemporary debates concerning gender and identity from a range of disciplines including sociology, social and cultural geography, media studies and management studies, to address key issues in masculinity, femininity and sexuality: Part 1: Representing masculinities in sport analyses media representations of men's sports, exploring the variety and complexity of concepts of masculinity. Part 2: Transgressing femininities in sport makes use of case studies to examine the experiences of women in male-dominated sporting arenas. Part 3: Performing sexualities in sport analyses the role of queer theory in sport studies, explores experiences of and responses to homophobia in sport, and examines the significance of the Gay Games. This book will be of particular interest to students and academics working in sport studies, leisure studies, gender studies, queer and sexuality studies, social and cultural geography, and sociology.

[Consumer Credit Law and Practice - A Guide, Dennis Rosenthal](#) , 2013, 1847665020, 9781847665027. Consumer Credit

Law and Practice: A Guide is a useful single volume on the subject of consumer credit. It covers all aspects of consumer credit and consumer hire, contract terms, credit products, security instruments, procedures, practical problems and regulatory controls. Written in a clear and penetrating style, it draws on the Dennis Rosenthal's long experience as a practising solicitor and barrister specialising in this area. The fourth edition of Consumer Credit Law and Practice: A Guide includes coverage of changes to the Consumer Credit Act 1974 and regulations implemented by the EC Consumer Credit Directive ('CCD') (Directive 2008/48/EC) on consumer credit agreements. It also includes references to recent case law and the addition of the following chapters: The General Structure of Consumer Credit Legislation; Discrete Consumer Credit Agreements; Future Prospects. The book also contains useful information on the credit industry, including statistical details on credit and debit cards, licences and fraud.

[Social Selling: How Direct Selling Companies Can Harness the Power of Connectivity....and Change the World, Jonathan Gilliam](#) , 2012, 0985621605, 9780985621605. The time has come for Social Selling. The direct selling industry has undergone substantial changes in the last ten years. Yet it remains a vibrant and essential element of the world economy, continuing to provide millions the opportunity to build their own businesses and command their own destinies. Why? Because, unlike many industries that became victims of social technologies, direct sellers were made for them. Now, these technologies make our "belly-to-belly" business massively scalable, for the first time in history. What's the best path forward for your company in this new world? How do you leverage your direct selling expertise into a social media and mobile powerhouse? What can you do to help this great industry enable an entire world of person-to-person commerce, far beyond the boundaries we perceive today? This groundbreaking book from one of direct selling's leading progressive voices explains how your company can capitalize on these incredible opportunities and help map to a future bigger than our industry ever dreamed. But for that to happen...you must read on.

[Felony Disenfranchisement in America: Historical Origins, Institutional Racism, and Modern Consequences, Katherine Irene Pettus](#) , 2013, 1438447205, 9781438447209. State felony disenfranchisement laws that date back to Reconstruction fracture the American electorate into those who are citizens in the fullest sense of the term, in Aristotle's words, and those who, deprived of political voice, still have the status of slaves. The existence of this "invisible constituency" approximately 5.8 million or 2.5% of the national voting population who live alongside the ruling enfranchised electorate is one of the scandals of our generation. In this second edition of *Felony Disenfranchisement in America*, Katherine Irene Pettus draws on philosophy, history, law, and punishment theory to make the compelling argument that state disenfranchisement policies have collective moral and political significance that transcends the personal tragedy of being legally deprived of full citizenship status. Pettus argues that the war on drugs, mass incarceration, and racially unbalanced disenfranchisement rates distort and disfigure the body politic as a whole, and undermine the legitimacy of the domestic and foreign policies promulgated by our elected representatives.

[The World of What If?: Choices in Literature, Copper, Globe Fearon](#) , 2000, .

[Holding Fast to an Image of the Past: Essays on Marxism and History, Neil Davidson](#) , 2014, 1608463338,

9781608463336. Neil Davidson explores classic themes in historical materialism and Marxism as he explains concepts such as the moments of transition from the dominance of one mode of production to another (industrialisation), the process of social revolution which has always accompanied these transitions (unionisation) and the problem of nationalism, both as a theoretical challenge to Marxism's capacity for historical explanation and as a practical obstacle to socialist consciousness. Holding Fast to an Image of the Past is a fresh take on the history of Marxism.

[\\_](#) , 2002, 094857402X, 9780948574023.

[A Mind for Life: The Awareness Journey](#) , 2011, 0982982100, 9780982982105. The single most impacting factor in our lives is our state of mind and the resulting emotions these states create. Everything we do, the frame of mind we are in, and the subsequent thought processing these states create, govern our overall life experience. Even when we are in the midst of the worst experience of our life, it is our state of mind that dictates whether we respond with courage and with the will to survive or we end up instead feeling terrorized, demoralized and defeated. The same is true for the favorable times in our lives that often pass right by us without recognition. We get so preoccupied with the vision of obtainment and with the fulfillment of all our needs that we seemingly forget all about what we already have acquired and can enjoy. There is a sick, self-defeating logic to this as we keep collecting and collecting and never really enjoy life. Often we fail to realize that life experience is one of the greatest assets we collect as we move through our lives. Awareness and the notion of being more mindfully present in our day-to-day lives is much of what this book is about. How do we frame everyday life, and why do we find ourselves sometimes happy and sometimes sad? Take the journey with me and see how much more aware you can be and what that can mean for your happiness, your life and all those that are a part of your life!

[Choice, Welfare, and Development: A Festschrift in Honour of Amartya K. Sen, Amartya Kumar Sen, Kaushik Basu, Prasanta K. Pattanaik, Ktar Suzumura](#) , 1995, 0198287895, 9780198287896. Professor Sen is one of the few economists whose research straddles the expanse of the subject and he has worked and written in an astonishingly large number of areas. In acknowledgement of the varied interests encompassed by Professor Sen's work which would be impossible to represent in a single volume, the editors have chosen to concentrate on welfare economics to which Sen has made a seminal contribution. Thus two related strands in his work are reflected in this volume. Both are based in welfare economics, but one develops the more theoretical aspects of social choice theory, while the other is more concerned with the application of welfare economics in the context of developing economies. The opening essay formalises the concept of 'capabilities' developed by Sen, and is a particularly apt contribution, since it illustrates the possibility of blending developmental concerns with welfare economics. Other subjects tackled include the analysis of a general equilibrium model which relates to the problems of entitlements discussed by Sen in the context of famines; the rationality of choice behaviour; the problem of redistribution; individual decision-making and the symbolic value of actions; an original theorem on dictatorship; issues relating to local community-level co-operation in water allocation and management; a study of primary education in two villages in India and China; the relation between total household resources and intra-household inequality; the vulnerability of households to aggregate shocks; and the issue of mass unemployment.

[Textbook of Rehabilitation Medicine, Michael Barnes \(MD, FRCP.\), Michael P. Barnes, Anthony B. Ward](#) , 2000, 0192628054, 9780192628053. Knowledge of the techniques of rehabilitation is an increasingly important component of training in a range of medical and surgical specialities. It is now recognized that rehabilitation medicine requires specific training and has evolved as a distinct medical speciality. This trend has been encouraged by the move away from acute hospital care, towards care and services delivered in the community setting. The practice of rehabilitation medicine produces real benefits, which can be measured in terms of improved function, fewer complications, better co-ordination, cost-effectiveness and the general education of health professionals, the disabled person and their family. This text, aimed at all members of medical staff involved in the care of the disabled or handicapped patient serves to outline the

underlying principles of rehabilitation medicine and provide information about the benefits of applying the relevant principles and techniques. There are chapters on the management of general physical and psychological disabilities, as well as consideration of specific disabling conditions, such as multiple sclerosis and stroke. The book also addresses the measurement of disability, its epidemiology, organizational aspects of the delivery of a rehabilitation service and introduces the concepts of the rehabilitation team and the generic rehabilitation specialist.

[Gardening with Peter Dowdall: The Importance of the Natural World, Peter Dowdall](#) , 2010, 1855942151, 9781855942158. This book aims to share with readers the basic tools, techniques, and principles of how to create and maintain a beautiful garden through Winter, Spring, Summer, and Autumn. Straightforward, no-nonsense language and advice, along with simple photography showing the practicalities of gardening, will advise budding gardeners on how to build their garden from a naked skeleton through to a beautifully garbed wonderland. The book gives us a greater understanding of the part that gardening and nature play in our lives, in our health, and in our general well-being.

[A Walk Through Our Church,](#) , 1998, 0809166488, 9780809166480. Using the bold woodcut-like illustrations for which she's internationally known, bestselling author Gertrud Mueller Nelson takes two children on a holy tour of a familiar sacred space, the neighborhood church. Each portion of the text includes a fragment of a psalm so that the "walk" becomes a living prayer. Full color.

Poetry In a torrent of rage, love, and irony, Adrian C. Louis explodes all the myths and hypocrisy of Middle America in the twenty-first century. This is how Walt Whitman or Allen Ginsburg might have written about our post-9/11 world--where the realities of poverty on Indian reservations and the plight of Hurricane Katrina victims come in second place to the vagaries of Homeland Security. For Louis, both he and our nation face an uncertain future. Like many of us he is trapped in a surreal void of the present, where he is faced with middle age and isolation, the death of loved ones, an unsatisfying job, and the battle against loneliness and self-destruction. He writes as if he has nothing left to lose but then fills the page with bittersweet sorrow for everything that has been lost. Armed with unforgettable images, relentless rhythms, and a dark and scathing humor, Louis takes aim at this American life.

[Jude the Obscure, Penny Boumelha](#) , 2000, 0333551354, 9780333551356. [The Plant Finder: The Right Plants for Every Garden, Tony Rodd, Geoff Bryant, Loretta Barnard](#) , 2007, 1554072654, 9781554072651. Doing research and making informed choices save the gardener money, work and time. The best plants for a location and a good plan will provide rewards for many years. At almost 1,000 pages, The Plant Finder is big enough to contain 5,000 carefully researched entries on the best garden plant varieties for every zone. Yet it's compact enough to be portable. Kept on the bookshelf or carried to the garden center, it's every gardener's best reference. Based on the material used in the classic Flora: The Gardener's Bible, The Plant Finder helps every gardener match the latest, hardiest and most favored plants to specific location, soil and climate. The book is organized by major plant groups. Each section opens with a comprehensive plant selection table featuring all the plants in that section and showing, at a glance, all the characteristic growth habits and needs of each plant. Once you identify a suitable plant, you check the extensive entry for a more detailed description. Each description includes notes on origins, cultivation requirements, growth habit, propagation, pests and diseases -- and more. The Plant Finder will be useful to the many thousands of garden and landscape professionals wanting a comprehensive reference. But it will also be a complete resource for the amateur gardener who makes a big investment in new plants every year, constantly changing and improving the garden. This market numbers in the millions, with an annual budget of hundreds of millions of dollars, a passionate interest in gardens, and a strong will to find the best plants and put them in the right place.

[The Lighter Side of Breast Cancer Recovery: Lessons Learned Along the Path to Healing, Tammy Miller](#) , 2012, 0970137990, 9780970137999. The Lighter Side of Breast Cancer Recovery: Lessons Learned Along the Path to Healing, takes you down the path with a woman who has been there, but it may not be the path that most people follow. From

surgeons equipped with clown noses, to going through surgery wearing a feather boa, Tammy looks at this very serious topic with a lighthearted attitude and some words of encouragement for others facing a difficult journey.

How can we strengthen the capacity of governments and parties to manage arrivals and departures at the top? Democracy requires reliable processes for the transfer of power from one generation of leaders to the next. This book introduces new analytical frameworks and presents the latest empirical evidence from comparative political research.

[The First Patient, Michael Palmer](#) , 2008, 1429928336, 9781429928335. From the blockbuster, New York Times bestselling author comes a high-concept, high-octane thriller at the crossroads of presidential politics and cutting-edge medicine. . . .Gabe Singleton and Andrew Stoddard were roommates at the Naval Academy in Annapolis years ago. Today, Gabe is a country doctor and his friend Andrew has gone from war hero to governor to President of the United States. One day, while the United States is embroiled in a bitter presidential election campaign, Marine One lands on Gabes Wyoming ranch, and President Stoddard delivers a disturbing revelation and a startling request. His personal physician has suddenly and mysteriously disappeared, and he desperately needs Gabe to take the mans place. Despite serious misgivings, Gabe agrees to come to Washington. It is not until he is ensconced in the White House medical office that Gabe realizes there is strong evidence that the President is going insane. Facing a crisis of conscienceas President Stoddards physician, he has the power to invoke the Twenty-fifth Amendment to transfer presidential power to the Vice PresidentGabe uncovers increasing evidence that his friends condition may not be due to natural causes. Who? Why? And how? The Presidents life is at stake. A small-town doctor suddenly finds himself in the most powerful position on earth,

and the safety of the world is in jeopardy. Gabe Singleton must find the answers, and the clock is ticking. . . .With Michael Palmers trademark medical details, and steeped in meticulous political insider knowledge, The First Patient is an unforgettable story of suspense.

This cookbook links cruising destinations with interesting recipes that are easy to make with ingredients found at any local grocery and that have the same wonderful presentations as found on board cruise ships. The book is divided into 3 distinct categories, like the cruise industry itself, with descriptive openers: contemporary- easy recipes for a simple family get together; premium- recipes that offer a dramatic presentation and require more preparation; luxury- impressive gourmet recipes that are not too complicated for home preparation. Value-added features include Cruise Discount Coupons that can attract everyone who likes to cruise!

[Irish Takeover Panel Act, 1997: Takeover Rules and Substantial Acquisition Rules, Irish Takeover Panel](#) , 2005, .

[Shakespeare and the Authority of Performance, William B. Worthen](#) , 1997, 0521558999, 9780521558990. How do our ideas about Shakespeare inform our understanding of the limits of performance? This stimulating book asks how both text and performance are construed as vessels of authority. The author finds that our understanding of Shakespearean performance retains a surprising sense of the possibility of being 'faithful' to Shakespearean texts, and so to 'Shakespeare'. After an opening theoretical chapter, Worthen examines the relationship between text and performance in directing, acting, and scholarship. He considers how some prominent theatre directors articulate their role as *regisseur* under the sign of Shakespeare. Next he looks at how actors read Shakespeare's plays, and in the final chapter he inspects performance-oriented criticism of Shakespeare since the 1960s. This undogmatic and exploratory book contributes to the scholarly study of acting and directing, and to the wider discourse of performance studies.

[Butterflies and Birthdays, BFree Publishers](#) , 2009, .

[Masters of Deception: Escher, Dal & the Artists of Optical Illusion, Al Seckel](#) , 2004, 1402705778, 9781402705779.

Astonishing creations by masters of the art, such as Escher, Dali, and Archimboldo; amazing visual trickery; and an illuminating foreword by the Pulitzer Prize--winning author Douglas R. Hofstadter make this 320-page, breathtaking collection the definitive book of optical illusions. Rings of seahorses that seem to rotate on the page. Butterflies that transform right before your eyes into two warriors with their horses. A mosaic portrait of oceanographer Jacques Cousteau made from seashells. These dazzling and often playful artistic creations manipulate perspective so cleverly that they simply outwit our brains: we can't just take a quick glance and turn away. They compel us to look once, twice, and over and over again, as we try to figure out exactly how the delightful trickery manages to fool our perceptions so completely. Of course, first and foremost, every piece is beautiful on the surface, but each one offers us so much more. Some, including Sandro del Pretes charming Window Gazing, construct illusionary worlds where normal conceptions of up, down, forward, and back simply have no meaning anymore. Others, such as Jos De Meys sly Ceci nest pas un Magritte, create visual puns on earlier work. From Escher's famous and elaborate Waterfall to Shigeo Fukuda's Mary Poppins, where a heap of bottles, glasses, shakers, and openers somehow turn into the image of a Belle Epoque woman

when the spotlight hits them, these works of genius will provide endless enjoyment and food for thought.

[Polecat Epoch, Julie Jeffries](#) , 1912, 0985602007, 9780985602000. Christie Martin's hope for a decent existence is as frozen as the ground that keeps her from enjoying the luxury of running water. Life begins to heat up when a surprise visit by two old friends from California ignites a series of events that put Christie, and her guests, in mortal danger and drastically alters her life.& ;A pleasure horseback ride leads to a grizzly discovery that results in a series of disturbing and life threatening situations enabling Christie to face her greatest enemy.& ;Polecat Epoch captures the feel of a small Wyoming city, as well as the hearts and minds of the people who make their homes there. Outsiders have to embrace its code of living and nature's harsh demands to turn survival into a full and rewarding existence. In a few short weeks, the decision is made for both of them.

[Contract Administration Guide: IFC 84 : JCT Intermediate Form of Building Contract, 1984 Edition, Incorporating Up to Amendment 6: 1991, Stanley Cox](#) , 1991, 0947877681, 9780947877682.

[Qualitative Research Design: An Interactive Approach: An Interactive Approach, Joseph A. Maxwell](#) , 2012, 1412981190, 9781412981194. Qualitative Research Design: An Interactive Approach, Third Edition provides researchers and students with a user-friendly, step-by-step guide to planning qualitative research. Joseph A. Maxwell shows how the components of design interact with each other, and provides a strategy for creating coherent and workable relationships among these design components, highlighting key design issues. Written in an informal, jargon-free style, the book incorporates examples and hands-on exercises. This book uses everyday language that will captivate students attention and embed

practical knowledge to supplement the technical. Gaetane Jean-Marie, University of Oklahoma  
The key strengths of the text are the passion and the enthusiasm that Dr. Maxwell has for qualitative research after all these years. I feel I can also utilize these concepts on my own research team and take them out of the classroom and into research team meetings with colleagues. Deborah Gioia, University of Maryland, Baltimore  
I really liked this book. I found myself taking notes and saying yes so many times because Maxwell captures the research process so well and provides many points worth quoting. As a faculty mentor, I particularly see the value of this book for my students who are conducting qualitative dissertations. Mary S. Enright, Capella University  
"The text is incredibly engaging and practical...So many of the issues raised in the book are central to qualitative research, yet often not explicitly discussed in 'public' venues." - David Carlone, The University of North Carolina at Greensboro  
"I particularly like the interactive focus and believe that helps students to more realistically engage qualitative research design. It certainly lives up to its billing as a good guidebook, and I appreciate the fact that the author really concentrates on useful content, exercises, insights, and examples, and leaves extensive theory discussions to others." - Sharon L. Caudle, Texas A & M University

[A Visit from the Leopard: Memories of a Ugandan Childhood, Catherine Mudibo Piwang, Edward Frascino](#) , 2000, 0945912277, 9780945912279. Tells the story of Mbiro, who was named for the swiftly racing leopard, and her childhood experiences in the Ugandan village of Butangasi.

[Autism Through the Lifespan: The Eden Model, David L. Holmes \(Ed.D.\)](#) , 1997, 093314928X, 9780933149281. For more than twenty years, The Eden Family of Services in Princeton, New Jersey, has provided comprehensive behaviourally based services for children with autism. Now Eden's founding director, David L. Holmes writes about autism and the specialised programmes offered at Eden in *Autism Through the Lifespan*, explaining how Eden's theories and practices can be replicated in other communities. One of the most distinct philosophies of the Eden Model and the book's focus is the concept of 'lifespan services', meaning people in the programme will receive continuous services as needed, over their lifetime. Maintaining a continuum of educational, residential, and employment programmes can create great challenges for Eden's staff who provide the seamless, permanent support network that people with autism and their families often require. With numerous examples and case histories, *Autism Through the Lifespan* presents an in-depth model for helping children and adults with autism that will be of interest to professionals and parents alike. It begins with an overview of what's known about autism today, then continues with discussions about Eden's approach to modifying behaviour, placement and treatment, their 'zero reject' policy, curriculum from early childhood to adulthood, staffing issues, integration, decision-making and parental roles.

[Our Voices: Psychology of Women, Elizabeth A. Rider](#) , 2005, 0471658480, 9780471658481. Presents issues, theory, and research in the psychology of women. This book explores multiple perspectives on issues, to enables readers to draw

their own conclusions.

[Digging for gold in your own back yard: the complete homeowners guide to lowering your real estate taxes, Gary Whalen](#) , 1990, 096268290X, 9780962682902. DIGGING FOR GOLD IN YOUR OWN BACK YARD is a book that will help answer the questions . . . "Am I paying more than my fair share of property taxes & what can I do about it?" The author writes for the ordinary homeowner, citing real-life examples to illustrate his points & eschewing the kind of jargon usually used by tax & legal professionals. He explains how property taxes are determined, pointing out where the homeowner is likely to spot errors in his favor as well as likely areas of appeal. Step by step, Whalen takes the reader through the appeals process, describing the tax-reducing techniques available to the homeowner & areas of secondary appeal. Topics include: How property is assessed. What constitutes an entitled exemption. Common assessment errors & how to detect them. How to work with the assessor's office. How to persist until your appeal succeeds. Every homeowner in the country can benefit from the research provided on the property tax laws & the procedures of each individual state. Each state system has been summarized in a handy, easy-to-read reference section.

[The Girl with the Golden Eyes and Other Stories, Honor de Balzac](#) , 2012, 0199571287, 9780199571284. 'What holds sway over this country without morals, beliefs, or feelings? Gold and pleasure.' Sexual attraction, artistic insight, and the often ironic relationship between them is the dominant theme in the three short works collected in this volume. In Sarrasine an impetuous young sculptor falls in love with a diva of the Roman stage, but rapture turns to rage when he discovers the reality behind the seductiveness of the singer's voice. The ageing artist in The Unknown Masterpiece, obsessed with his creation of the perfect image of an ideal woman, tries to hide it from the jealous young student who is desperate for a glimpse of it. And in The Girl with the Golden Eyes, the hero is a dandy whose attractiveness for the mysterious Paquita has an unexpected origin. These enigmatic and disturbing forays into the margins of madness, sexuality, and creativity show Balzac spinning fantastic tales as profound as any of his longer fictions. His mastery of the seductions of storytelling places these novellas among the nineteenth-century's richest explorations of art and desire. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Tanamera, Noel Barber](#) , 2012, 1444718916, 9781444718911. Opulence. Invasion. Terror. And forbidden passion in

1930s Singapore. 'They were the golden days, when Singapore was as rich as its climate was steamy, its future as assured as it was busy. And those days were made even better when, as was inevitable, I fell in love with the Chinese beauty of Julie Soong and, against all unwritten canons of Singapore life, we became lovers.'
