[What Makes Us Southern, Elizabeth Hudson](#) , 2013, 0985429615, 9780985429614. Sweet tea, tomato sandwiches, red clay, and longleaf pines. They're simple symbols long associated with the South, but a closer look reveals much about our character and the place we call home.

[Enthusiasm Re-visited, Calvin Wight Cook](#) , 1971, .

[Sybil: or The Two Nations, Benjamin Disraeli](#) , 2008, 0199539057, 9780199539055. Sybil, or The Two Nations is one of the finest novels to depict the social problems of class-ridden Victorian England. The book's publication in 1845 created a sensation, for its immediacy and readability brought the plight of the working classes sharply to the attention of the reading public. The 'two nations' of the alternative title are the rich and poor, so disparate in their opportunities and living conditions, and so hostile to each other. that they seem almost to belong to different contries. The gulf between them is given a poignant focus by the central romantic plot concerning the love of Charles Egremont, a member of the landlord class, for Sybil, the poor daughter of a militant Chartist leader. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Connected Mathematics: Getting to Know Connected Mathematics: an Implementation Guide, , Glenda Lappan, Michigan State University, Prentice-Hall, inc, Pearson/Prentice Hall](#) , 2004, 0131808435, 9780131808430. Contains a complete middle school mathematics curriculum with connections to other subject areas.

[Perilous Fight: America's Intrepid War with Britain on the High Seas, 1812-1815, Stephen Budiansky](#) , 2012, 0307454959, 9780307454959. In Perilous Fight, Stephen Budiansky tells the rousing story of the U.S. Navy during the War of 1812, when an upstart American fleet fought off the legendary Royal Navy and established America as a world power for the first time. Through vivid re-creations of riveting and dramatic encounters at sea, Budiansky shows how this underdog coterie of seamen and their visionary secretary of the navy combined bravery and strategic brilliance to defeat the British, who had dominated the seas for more than two centuries. A gripping and essential history, this is the military and political story of how the U.S. Navy became a permanent and essential part of the nation's defense.

[Student Data Disk, Mendenhall](#) , 2003, .

[Behind the Plough: Agrarian Society in Nineteenth-century Hertfordshire, Nigel E. Agar](#) , 2005, 0954218957, 9780954218959. Agricultural developments in 19th-century Hertfordshire and their rippling effects are researched, documented, and discussed in this compelling regional history. Radical changes in the agricultural economy led to rapid social reorganization; mechanization switched the labor of farming from groups of toiling male, female, and child workers

to threshing machines and reaper-binders. Changes in land enclosure, the prevailing social hierarchy, village life, and the lack of trade unions amongst farm laborers that were necessitated by such dramatic changes in agriculture are thoroughly explored.

[Sophie #1: Sophie the Awesome, Lara Bergen](#) , 2011, 0545361087, 9780545361088. Meet Sophie, a little girl with a big goal: to find the perfect title for herself. Look out --- here's Sophie the Awesome! Sophie Miller's life is boring. Average. Blah. She's not the oldest or the youngest, the tallest or the shortest. She's not even the only Sophie in her third-grade class! Sophie knows she's special. And she's come up with the perfect name to show it: Sophie the Awesome! But living up to her new name won't be easy --- especially if super-annoying Toby Myers has anything to say about it. Can Sophie prove her awesomeness . . . and prove everyone wrong?

[Sex Discrimination \(Election Candidates\) Act 2002, Great Britain, Stationery Office, The](#) , 2002, 0105402028, 9780105402022. This Act amends the 1975 Sex Discrimination Act to enable political parties to use positive discrimination measures in the selection of election candidates, should they wish to do so. The purpose of this legislation is to remove existing legal barriers to positive selection procedures, in order to reduce inequality in the numbers of men and women elected as candidates, and so help increase the representation of women in Parliament and other elected bodies. This Act applies to Great Britain; equivalent amendments are made to the Sex Discrimination (Northern Ireland) Order 1976 to cover Northern Ireland.

accordance with DIR 70/524/EEC. They also provide for the enforcement of the following Regulations: REG (EC) no. 871/2003 permanently authorising a new additive manganomanganic oxide in feedingstuffs; and REG (EC) no. 877/2003 provisionally authorising the use of the acidity regulator "Benzoic acid" in feedingstuffs

[A New Kind of Monster: The Secret Life and Chilling Crimes of Colonel Russell Williams, Timothy Appleby](#) , 2011, 0307359514, 9780307359513. Ripped from the headlines, the horrific and astonishing true story of the double life of Russell Williams, who was at once a respected figure in the Canadian military and a ruthless sado-sexual serial criminal and murderer. In the annals of psycho-killers, Colonel Russell Williams may well be unique. A decorated air force colonel, Williams was, for years, living a double life as a sado-sexual home invader, burglar, pedophile and, ultimately, murderer. A model officer and elite pilot, he was trusted with flying international dignitaries including Queen Elizabeth, as well as commanding Canada's most important military airbase. Yet his dark and violent secret life included breaking into 82 homes of girls and women; thefts of vast amounts of lingerie (which he dressed in); two bizarre sexual assaults that left an uncomprehending Ontario village on a knife's-edge; and eventually, two rape-murders. When police raided Williams's home - a home he shared with his wife, a respected professional in her own right who was apparently completely unaware of her husband's unconscionable double life - they found hundreds of pairs of women's underwear, meticulously organized and catalogued. In this book, veteran Globe and Mail crime reporter Tim Appleby chronicles a true story that could have been lifted from the darkest pages of pulp fiction, one that offers fascinating - and troubling - insights on human psychopathology. From the Hardcover edition.

[US: Transforming Ourselves and the Relationships that, Lisa Oz](#) , 2010, 1439199728, 9781439199725. "The key to real and lasting change lies somewhere between what you know and what you do. It's what you think." Lisa Oz Being social creatures, we yearn for connection but often fall into bad habits that interfere with our ability to have rewarding relationships. We begin to see ourselves as alone, isolated, or at odds with the rest of the universe. How can we learn to live in relationship in a more enlightened way? In *US: Transforming Ourselves and the Relationships That Matter Most*, Lisa Oz, the bestselling coauthor of the *YOU: The Owners Manual* series, takes readers on a transformational journey as she explores the three relationships that matter most: with the self, with others, and with the Divine. Interrelated and inseparable, these fundamental relationships determine the quality and the measure of our emotional and spiritual lives. Drawing from ancient traditions, spiritual and holistic thinkers, and personal insights, Lisa Oz guides you on an engaging, thought-provoking, and ultimately inspirational path toward changing your self, your relationships, and your life. With remarkable candor and humor, Lisa offers personal anecdotes that highlight the truth and consequences of familiar interactions. She also includes imaginative exercises meant to help you gain new insight into old behavior patterns and to encourage you to be an active, empowered agent for positive change in your relationships. Lisa's writing on topics such as personal well-being, identifying your authentic self, conscious parenting, marital bonding, and truly compassionate

living are persuasive because they are suggestive rather than prescriptive. By holding a mirror to her relationships, Lisa hopes to inspire you to reflect on your own, observing that we are all works in progress, living in relationship together. Informative and transformative, US offers an enriched and fulfilling vision of friendship, marriage, family, and spiritual progress. In these pages, the evolution of YOU blossoms into the community of US.

[Triumph Over the Enemy: Understanding Paul's "Thorn in the Flesh" and How You Can Overcome the Messenger of Satan Assigned to You, Charles Capps](#) , 2010, 0981957420, 9780981957425. In Second Corinthians 12:7, Paul writes about "a thorn in the flesh, the messenger of Satan" who had been sent to harass him. This "messenger" was sent to create problems and stir up the people against Paul everywhere he preached. But Paul knew the key to overcoming this obstacle- he learned to exercise his God-given authority here on the earth! In this powerful and eye-opening book, Charles Capps writes about the true nature of Paul's "thorn in the flesh, the messenger of Satan". He shows you how to walk in God's grace and triumph over this enemy sent to harass and keep you from God's greater blessings in you life. You can be delivered from the messenger of Satan assigned to you! You will learn: ** The reason Paul was sent a messenger of Satan. **The key to walking with the believer's full authority in your life. **The actions you must take to defeat Satan's messenger. **God's plan for delivering His people in all things. ** The true depth and sufficiency of God's grace.

[Ben Jonson: A Life, Ian Donaldson](#) , 2013, 0199697477, 9780199697472. Ben Jonson was the greatest of Shakespeare's contemporaries. In the century following his death he was seen by many as the finest of all English writers, living or dead. His fame rested not only on the numerous plays he had written for the theatre, but on his achievements over three decades as principal masque-writer to the early Stuart court, where he had worked in creative, and often stormy, collaboration with Inigo Jones. One of the most accomplished poets of the age, he had

[The Unforeseen: A Novel, Christian Oster](#) , 2006, 1590512650, 9781590512654. Written with his typical witty and delicate touch, Christian Oster's new novel pokes fun at the postmodern male's overrated sensitivity. Osters stories are simple at least if we mean stories that can be summarized in a few words. In the case of The Unforeseen, such a summary would begin like this: the narrator, who has a perpetual cold, lives with a woman who never catches a cold and so has the immediate intuition that the cold she has now, as the two of them drive together toward the sea at the opening of the novel, is a very bad omen indeed. From the author of A Cleaning Woman, made into a film by Claude Berri, comes Osters new novel of perfect, erudite, and sometimes laughable sadness. Osters perceptive gaze, and the changing rhythm of his sentences, guide his reader through the psychological realism of obsession and desire. The honesty of emotion in The Unforeseen is matched only by its subversive intent.

[Warrior Princess, Frewin Jones](#) , 2009, 006198566X, 9780061985669. You can be a warrior, if you choose to be. Fifteen-year-old Branwen's life is changed forever when enemy Saxon troops attack her homeland and her brother is killed. Branwen wants to jump into action and avenge her brother's death, but instead she is sent to a neighboring stronghold where she'll be safe from harm. Yet while she is surrounded by exquisite beauty and luxury in her new home as a princess should, she feels different from the other girls. Deep down, Branwen has the soul of a warrior. Then a mystical woman in white foretells a daunting prophecy: Branwen will be the one to save her homeland. Suddenly forced to question everything and everyone around her, she realizes that the most difficult part of her journey is still to come. With no time to lose, Branwen must make a choice: continue on the path her parents intended for her . . . or step into the role of a true Warrior Princess.

[Bracing for Armageddon? : The Science and Politics of Bioterrorism in America: The Science and Politics of Bioterrorism in America, Immunology William R. Clark Professor and chair emeritus, UCLA](#) , 2008, 0199714495, 9780199714490. Since September 11th, the threat of a bioterrorist attack--massive, lethal, and unpreventable--has hung in the air over America. *Bracing for Armageddon?* offers a vividly written primer for the general reader, shedding light on the science behind potential bioterrorist attacks and revealing what could happen, what is likely to happen, and what almost certainly will not happen. The story opens with a riveting account of a bioterrorism scenario commissioned by the U.S. government. Using this doomsday tableau as a springboard, Clark reviews a host of bioterrorist threats (from agroterrorism to a poisoning of the water supply) and examines not only the worst-case menace of genetically engineered pathogens, but also the lethal agents on the CDC's official bioterrorism list, including Smallpox, Anthrax, Plague, Botulism, and Ebola. His overview of attempted bioterrorist attacks to date--such as the failed Aum Shinrikyo attempts in 1995 in Japan and the Anthrax attack in the US following 9/11--bolstered by interviews with a range of experts--shows why virtually all of these attempts have failed. Indeed, he demonstrates that a successful bioterrorism attack is exceedingly unlikely, while a major flu epidemic (such as the deadly epidemic of 1918 that killed millions worldwide) is a virtual certainty. Given the long odds of a bioterrorist attack, Clark asks, has the more than \$40 billion the United States has dedicated to the defense against bioterrorism really been well spent? Is it time to move on to other priorities? In contrast to the alarmist fears stoked by the popular media, William Clark here provides a reassuring overview of what we really need to worry about--and what we don't.

[REINVENTING RUSSIA, , Yitzhak M. BRUDNY](#) , 2000, 0674004388, 9780674004382. What caused the emergence of nationalist movements in many post-communist states? What role did communist regimes play in fostering these movements? Why have some been more successful than others? To address these questions, Yitzhak Brudny traces the Russian nationalist movement from its origins within the Russian intellectual elite of the 1950s to its institutionalization in electoral alliances, parliamentary factions, and political movements of the early 1990s. Brudny argues that the rise of the

Russian nationalist movement was a combined result of the reinvention of Russian national identity by a group of intellectuals, and the Communist Party's active support of this reinvention in order to gain greater political legitimacy. The author meticulously reconstructs the development of the Russian nationalist thought from Khrushchev to Yeltsin, as well as the nature of the Communist Party response to Russian nationalist ideas. Through analysis of major Russian literary, political, and historical writings, the recently-published memoirs of the Russian nationalist intellectuals and Communist Party officials, and documents discovered in the Communist Party archives, Brudny sheds new light on social, intellectual, and political origins of Russian nationalism, and emphasizes the importance of ideas in explaining the fate of the Russian nationalist movement during late communist and early post-communist periods.

Table of Contents: Acknowledgments 1. Russian Nationalists in Soviet Politics 2. The Emergence of Politics by Culture, 1953-1964 3. The First Phase of Inclusionary Politics, 1965-1970 4. The Zenith of Politics by Culture, 1985-1989 8. The Demise of Politics by Culture, 1989-1991 Epilogue: Russian Nationalism in Postcommunist Russia Notes Index

Reviews of this book: Mr. Brudny provides a salient background to understanding one of the great phenomena of post-1945 history: how Russians arrive at their view of the West.--Ron Lorenzo, Washington Times

Reviews of this book: Brudny is a good guide to the origins of what probably lies ahead.--Geoffrey A. Hosking, Times Literary Supplement

Reviews of this book: If readers think that today's anti-Western, antimarket, antisemitic variety of Russian nationalism is simply the fallout from the country's current misery, they should think again. With care and intelligence, Brudny traces its lineage back to the Khrushchev years. What began among the so-called village prose writers as a lament for a rural past ravaged by Stalin's experimentation gradually accumulated further grievances: the devastation of Russian culture and monuments, the infiltration of 'corrupting' Western values, and ultimately under Gorbachev the 'criminal' destruction of Russian power. Much of the book concentrates on how Khrushchev and Brezhnev tried--but ultimately failed--to harness this discontent for their own purposes.--Robert Legvold, Foreign Affairs

Reviews of this book: Brudny's survey of relations between Russian nationalism and the Soviet state provides an in-depth insight into one of the most complicated aspects of the Soviet multi-national state.--Taras Kuzio, International Affairs

Reviews of this book: A thought-provoking book.--Virginia Quarterly

Reviews of this book: Brudny shows that Russian cultural nationalism was a powerful force in the post-Stalin years, with ultimate political consequences. In meticulous detail Brudny sets out the various strains of Russian nationalism and points to the regime's encouragement of a certain kind of nationalism as a means of bolstering legitimacy through the 'politics of inclusion'...This volume is a significant contribution to the literature.--R. J. Mitchell, Choice

Reviews of this book: In *Reinventing Russia*, situated at the intersection of culture (specifically the literature of the village prose movement) and politics, Brudny has managed admirably to draw out the wider implications of his inquiry and provided an extremely useful set of orientation points in the current, seemingly so

chaotic, political debate in Russia.--Hans J. Rindisbacher, *European Legacy* Reviews of this book: Brudny's book paints a fascinating picture. It delineates a rich Soviet culture and society, one that is much more varied than has been previously depicted by most Western researchers. The overriding importance of the book derives from its argument that the post-Stalinist cultural debate in the Soviet Union is what created the infrastructure for the seemingly odd alliance between communist ideology and the nationalist intelligentsia--today's 'red-brown' alliance. It's a significant contribution to our understanding of the history of the nationalist idea...[Reinventing Russia provides] an enthralling overview of a historic development that has been neglected by most Western researchers...His book proves once more that anyone who seeks to understand developments in Eastern Europe cannot do so by merely analyzing the economic policy of the political maneuvers of the governing elite.--Shlomo Avineri, *Ha'aretz Book Review* Yitzhak Brudny offers us a most persuasive attempt to explain the intricate, often puzzling relation between Soviet political and cultural bureaucracy and the rise of Russian nationalism in the post-Stalin era. His analysis of Russian nationalist ideology and its role in the corrosion of the official Soviet dogmas is uniquely insightful and provocative. Students of Soviet and post-Soviet affairs will find in Brudny's splendidly researched book an indispensable instrument to grasp the meaning of the still perplexing developments that led to the breakdown of the Leninist state. In the growing body of literature dealing with nationalism and national identity, this one stands out as boldly innovative, theoretically challenging, and culturally sophisticated.--Vladimir Tismaneanu, University of Maryland, College Park, author of *Fantasies of Salvation* Yitzhak Brudny has produced an impressive and scholarly account of the divisions within the Russian political and cultural elite during the last four decades of the Soviet Union's existence. His book is important both for the fresh light it throws on that period and as essential context for interpreting the debates on nationhood and statehood which rage in Russia today.--Archie Brown, University of Oxford Reinventing Russia provides us with a vivid portrayal of the politics behind the rise of Russian nationalism in post-Stalinist Russia. It is a finely detailed study of not only the relationship of political authority to the spread of nationalist ideas, but also reciprocally of the role played by these ideas in shaping the political.--Mark Beissinger, University of Wisconsin-Madison Rival nationalists literally shook the Soviet Union apart. The very structure of the Soviet state encouraged all major ethnic groups--including the Russians--to view battles over resources in terms of ethnic and national conflict. Brudny, in this important study, explores precisely how rival nationalist claims emerged during the years following Stalin's death, and why they proved to be simultaneously so robust and pernicious.--Blair Ruble, Director, Kennan Institute, Woodrow Wilson Center

[The Unsuspecting Hero: Discover the Super-Hero Inside You.](#) , 2007, 0977987396, 9780977987399. The authors have concisely organized men into five personality types. Each with it's own unique style, career choice, and thought process. You will learn how to identify and understand each type. Once a personality type is identified, you will understand the needs of that personality and how they can be met. Knowing and operating in your natural personality is essential to

fulfilling your potential as a man. Numerous examples (from their case files) of men experiencing life are present; their struggles, accomplishments, shortcomings, and strengths. This book gives you the tools to see inside yourself, or any other man. Ultimately, you will learn how to be a winner in the game of life.

Full of essential information for quick accurate identification of seashells and packed with colour photography, this new mini guide is your perfect summer beach companion!

[Toastar!: Further Adventures in Chaos Magick, Francis Breakspear](#) , 2009, 0955523745, 9780955523748. The author has been working as a magician in Britain for over 25 years, and this book is a continuation of the distillation of huge practical experience and teaching, which was started in his previous book Kaostar and which continues apace here This is a dizzying tour of some of the lunatic outer fringes of chaos magickal technique and what chaos is actually about, including tales of sigils fired off during a vasectomy operation, why we should perform healing spells to keep former British Prime Minister Margaret Thatcher alive, ways of riding the magic-meme-stream using the Charlie's Angels Banishing Ritual of the Pentagram.

[Basic Vision: An Introduction to Visual Perception, Robert J. Snowden, Peter Thompson, Tom Troscianko](#) , 2006, 0199286701, 9780199286706. How do we spot a familiar face from across a crowded room, and know that we're not waving to a complete stranger? How can we judge that the oncoming car is approaching too fast for us to cross the road safely, and we're better off waiting at the kerb? Basic Vision: An Introduction to Visual Perception demystifies the processes through which the brain 'sees'. It leads us through the various elements that come together as our perception of the world around us: the perception of size, colour, motion, and three-dimensional space. It illustrates the intricacy of the visual system, discussing its development during infancy, and revealing how the brain can get it wrong, either as a result of brain damage, through which the network of processes become compromised, or through illusion, where the brain compensates for mixed messages by seeing what it thinks should be there, rather than conveying the reality. The book also demonstrates the importance of contemporary techniques and methodology, and neuroscience-based techniques in particular, in driving forward our understanding of the visual system. With a sense of enthusiasm for the subject that pervades the book, Basic Vision will motivate and engage even the most reluctant learner, opening up to an undergraduate audience this stimulating yet challenging subject for the first time. Online Resource Centre: For Lecturers: Figures from the book available to download, to facilitate lecture preparation Customizable course outlines and student handouts, to facilitate lecture delivery Test bank of multiple choice questions - a readily available tool for either formative or summative assessment For the student: Annotated web links, giving students ready access to these additional learning

resources Update section, giving links to web sites and journal articles to illustrate to the student developments in the field since the book published

[Oxford Reading Tree: Stage 2: More Patterned Stories A Teaching Notes, Thelma Page, Gill Howell, Liz Miles, Pam Mayo, Mary Mackill](#) , 2008, 0198464371, 9780198464372. The teaching notes for the Oxford Reading Tree Biff, Chip and Kipper books are full of practical suggestions for using the storybooks, saving you hours of preparation time. They have been updated in line with the simple view of reading and the renewed Primary Framework for Literacy. They now include guidance for group/guided reading, comprehension and word recognition, and assessment. These replace the existing Teaching Notes and Guided Reading Cards. The storybooks are unchanged, but notes for parents/carers and teaching assistants have been added to the inside covers. These notes replace the existing Take-Home Cards.

[The Islamic Year: Surahs, Stories and Celebrations, Noorah Al-Gailani, Chris Smith](#) , 2002, 1903458145, 9781903458143.

Celebrate the Islamic year with your children! This work invites the reader to explore Muslim festivals with an inspiring treasury of stories, suras, songs, games, recipes, crafts and art activities. The major festivals are described vividly, together with attractive projects that engage children creatively. A selection of folk tales illustrate the core values underlying Islamic culture with gentle humour and wisdom. This is a unique resource for educators and parents who want to share the spiritual wealth of Islam with children.

[What is Politics: The Activity and its Study, Adrian Leftwich](#) , 2004, 0745630553, 9780745630557. What is politics? Is it a universal feature of all human societies, past and present? Is it tied to specific institutional arenas? Or is it found in all groups and organizations, large or small, formal or informal? This new textbook seeks to provide answers to these important questions. Starting with what it means to 'think politically', the book goes on to explore a wide range of meanings attributed to the concept of politics from a variety of perspectives and theoretical traditions. It offers succinct and coherent overviews by some of the foremost scholars in the field, and each invites the reader to see the activity of politics in a distinctive way. Topics covered include politics as a form of rule, feminist approaches to politics, Marxism and politics, the politics of human behaviour, environmental politics, politics as collective choice, and Islam and politics. Written with the new student in mind, this concise introduction to the study and activity of politics is essential reading for all those coming to the discipline for the first time.

[Make Work Great: Super Charge Your Team, Reinvent the Culture, and Gain Influence One Person at a Time, Edward G.](#)

[Muzio](#) , 2010, 007162600X, 9780071626002. One person really can make a difference--learn how to be that one WHO WILL make your organization the best it can be. Award-winning author of Four Secrets to Liking Your Work International Society for Performance Improvement 2010 AWARD OF EXCELLENCE WINNER "A quick read with high ROI. This will turn anyone into a culture builder, anywhere in the organization." -- Roy White , Director of Operations, Semiconductor Capital Equipment Company "A must read for anyone contemplating starting up a new business and for CEOs and leaders of established corporations." -- Terry Sullivan, Director of Production, MemPro Ceramics "Combines storytelling with evidence-based content in a solid organizational change approach." -- Darlene Van Tiem , Ph.D., CPT, CPLP , President,

ISPI "Never before has an author so cleverly balanced pragmatism with optimism to describe organizational norms as opportunities for personal empowerment." -- Paul Nieminen, Director of OD , UPS "The convergence of in-depth analytical research and practical everyday application." -- Dr. Donald E. Conklin, Vice President, United Corporate Services, Inc. Got ten minutes a day? -- Then you can create a more successful, more collaborative business culture! As a manager, you've tried to keep things positive, but nothing seems to work. You can't control the economy, what's going on in your employees' lives, or other factors--so what can you do to build and sustain a winning culture in your workplace? Whether you are a mid-level manager or a senior executive, Make Work Great offers the blueprint for building a positive, motivating, and productive workplace in any kind of organization. In this definitive guide for today's multicultural, decentralized business environment, Ed Muzio, award-winning author, internationally recognized workplace improvement expert, and consultant, delivers state-of-the-art analysis, advice and guidance, and scores of team-building and motivation exercises that you and your staff can do in ten minutes a day--without disrupting routines or interrupting important business. You can't force others to change, but you can control what you do and with whom you engage at work to: Build a positive outlook, one-on-one Enlist a network within your organization to improve your business culture Strengthen peer relationships and improve problem-solving capabilities Take back control of workplace morale and efficiency Inspire others to support, encourage, and collaborate with their team members There are lots of excuses given for why businesses fail to make the most of their most valuable resource--the people whose work creates the value that drives the bottom line. With Make Work Great, you hold in your hands the key to unlocking your people's potential to exceed expectations, creating synergies out of the disparate talents and abilities they bring to the table, and making your business better able to anticipate opportunities and respond to challenges.

[To Serve and Collect: Chicago Politics and Police Corruption from the Lager Beer Riot to the Summerdale Scandal, 1855-1960, Richard C Lindberg](#) , 1998, 0809380412, 9780809380411. Crooked politicians, gangsters, madams, and cops on the take: To Serve and Collect tells the story of Chicago during its formative years through the history of its legendary police department.

[I Am a Moose, Let Me Tell You about Myself, Olga Majola](#) , 2001, 0973001208, 9780973001204. This book is a response to young First Nations children who had difficulty reading. They asked Olga Majola to write stories about animals that were important to them.

[Private Berlin, James Patterson](#) , 2013, 0099574128, 9780099574125. A history lesson they'll never forget . and neither will you. Mattie Engel is one of the rising stars at Private Berlin, and believes she's seen the worst of people in her previous life with the Berlin police force. That is until Chris, her colleague - and until recently, her fianc - is found dead, brutally murdered in an old slaughterhouse outside the city. The slaughterhouse is filled with bodies. But just as Private begin their investigations, the building explodes, wiping out all evidence of the crimes, and nearly killing Mattie and her

team. Mattie soon realises that a masked killer is picking off Chris's childhood friends, one by one, and destroying the trail. But who wants the past buried so badly? What is the truth about that slaughterhouse? And will Mattie become the killer's next victim?

[Art and Artifact: The Museum as Medium, James Putnam](#) , 2009, 0500288356, 9780500288351. This book examines one of the most important and intriguing themes in art today: the often obsessive relationship between artist and museum. From Marcel Duchamp's Portable Museum (Bote en valise) of the early 1940s to Damien Hirst's distinctive use of vitrine displays in the 1990s, the artists of the past seventy years have often turned their attention--both creatively and critically--to a reappraisal of the ideas and systems of classification traditionally associated with curatorship and display. The works included here, accompanied by quotations from the writings of individual artists, offer a wide-ranging coverage of projects by established and emerging figures alike, including Christian Boltanski, Sophie Calle, Tracey Emin, Hans Haacke, Donald Judd, Olafur Eliasson, and Takashi Murakami. The book has been updated to include recent projects that make use of grand architectural spaces within the museum, as well as those that explore off-site locations and the internet.

[Corporate Manslaughter and Corporate Homicide Act 2007: chapter 19, explanatory notes, Great Britain, Peter Vergo](#) , 2008, 0105619078, 9780105619079. This Act makes provision for a new offence of corporate manslaughter (or corporate homicide in Scotland). It builds on the key aspects of the common law offence of gross negligence manslaughter but does not require the identification of a 'directing mind'. Section 1 defines the offence and the sort of organisations to which it will apply. Sections 2-7 identify the activities covered by the offence and the public bodies to which the offence will not apply. Section 8 outlines factors for the jury to consider when assessing an organisation's culpability. Sections 9 and 10 make provision for remedial orders and publicity orders. Sections 11 to 13 deal with the application to the Crown and police forces. Section 14 accommodates partnerships. Section 15 makes further provision for the application to Crown bodies and Section 15 sets out liability following changes in the machinery of government.

[Birstall's Heritage, Alan Naylor](#) , 1995, 0952492105, 9780952492108.

[Caesar, , Colleen McCullough](#) , 1998, 0099792702, 9780099792703. In the long, fabled history of Rome, never was there one more adored -- yet more feared -- than Gaius Julius Caesar. Invincible on the field of battle, he commands the love and loyalty of those who fight at his side and would gladly give their lives for his glory. Yet in Rome there are enemies everywhere orchestrating his downfall and disgrace. Fanatical rivals like Cato and Bibulus would tear Rome asunder just

to destroy her greatest champion -- using their wiles, position, and false promises to seduce others into the fold: vacillating Cicero, the spineless Brutus ... even Pompey the Great, Caesar's former ally. But only ill fortune can come to the "Good Men" who underestimate Caesar. For Rome is his glorious destiny -- one that will impel him reluctantly to the banks of the Rubicon ... and beyond, into triumphant legend.

[Nationalism: Oxford Bibliographies Online Research Guide, Oxford University Press](#) , 2010, 0199804087, 9780199804085.

This ebook is a selective guide designed to help scholars and students of Islamic studies find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In Islamic studies, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Islamic Studies, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study of the Islamic religion and Muslim cultures. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

[Technology Activities: Algebra 1, Geometry and Algebra 2,](#) , 2006, 0131657526, 9780131657526. Comprehensive instructional support for proofMultiple formats are supported through mastery including two column, paragraph, flow, and indirect proofs. Students learn to value the need to think logically and present ideas in a logical order.Solid coverage of both structure and applicationsTraditional geometry concepts and logical reasoning are emphasized throughout, while measurement and applications are integrated to motivate students via real-world connections.Algebra reviewed and integrated throughoutAlgebra 1 skills are reviewed at point-of-use, ensuring students maintain these skills. Algebra integration within coordinate geometry topics, plus probability and statistics connections, are found throughout.

[Science: Physical science, , Michael J. Bell, Michael A. DiSpezio, Marjorie Frank, Gerald H. Krockover, Joyce C. McLeod, Barbara ten Brink, Carol J. Valenta, Barry A. Van Deman, Harcourt School Publishers](#) , 2006, .

[The Dinner Diaries, Betsy Block](#) , 2008, 1565126467, 9781565126466. "I'd always thought food was pretty straightforward: you're hungry, you eat; you're not, you don't. Then I became a mother." So begins Betsy Block's humorous, life-changing book on the ultimate of all makeovers: improving the family meal. But how is her plan even possible when eleven-year old Zack's favorite food is Halloween candy; little Maya is so picky that she'll only eat cut

squares of white bread; and her husband's idea of a gift is an electric fryer? Determined not to give up the good-food fight, Betsy comes up with a creative ten-step makeover plan. She consults experts, visits farms, and shows how she and her family manage the pitfalls, struggles, and triumphs of eating well when busy schedules, surreptitious lunch trades, snack machines, permissive grandparents, and willful temptations intervene. With helpful charts, food lists, recipes, tips, and suggested culinary and farm programs for kids, *The Dinner Diaries* chronicles one family's intrepid ten-month challenge to change the way they eat one forkful at a time.

[Rousseau and the Wicked, Bill Griffiths](#) , 1996, 0952125633, 9780952125631.

[Human Sexuality: Diversity in Contemporary America, William Yarber, Barbara Sayad, Bryan Strong](#) , 2009, 0073370886, 9780073370880. *Human Sexuality: Diversity in Contemporary America* presents a forward thinking, open approach to Human Sexuality for today's student. The new lead authors, Bill Yarber and Barbara Sayad, continue to bring their research experience to the book while maintaining the engaging writing style that original author Bryan Strong brought to this best-selling text for years. The first text to achieve a full integration of cutting-edge research with a contemporary "sex-positive" approach, it also strives to represent the modern, diverse world that students encounter outside the classroom. Both within the text itself and throughout the exemplary art and photo program, the focus is on inclusion. *Human Sexuality* has been lauded by students and instructors alike for providing the most integrated and non-judgmental view of sexual orientation available. The seventh edition maintains these themes while adding a new contemporary design, streamlined format and significant content and feature revisions and updates.

[Western Astrolabes, Adler Planetarium & Astronomy Museum, Roderick S. Webster, Marjorie Webster, Sara Schechner](#) , 1998, 1891220012, 9781891220012. The Adler Planetarium & Astronomy Museum in Chicago is home to one of the world's three or four great collections of astrolabes. In this volume Roderick and Marjorie Webster, Adler Curators Emeriti, present the Western astrolabes from the Adler's collection. The earliest of these instruments dates from the thirteenth century; others are from the workshops of the greatest craftsmen of the Renaissance. All are described here and illustrated with photographs showing the front, the back, and additional details such as the maker's signature. Introductory essays by the Websters and Sara Schechner Genuth explain the use of the astrolabe and its role in cultural and social history, while the appendices and bibliography provide information essential to the specialist.

[Lifestream: Journey Into Past & Future Lives, Shelley Kaehr, Shelley Kaehr, Ph.D.](#) , 2003, 0971934037, 9780971934030.

Take a Journey Into Your Past & Future Lives In this groundbreaking work, Shelley Kaehr, Ph.D. takes readers on a path of self discovery and healing. "An important contribution to the field of regression therapy filled with fascinating case histories. I really enjoyed this book!" Brian Weiss, author of *Many Lives, Many Masters* "Dr. Shelley Kaehr has written a sensitive book about her clinical experience with past-life regression and other spiritual modalities. It is recommended reading for all who are devoted to a spiritual path," Raymond Moody, MD, author of *Life After Life*

[Latino High School Graduation: Defying the Odds, Harriett D. Romo](#) , 1996, 0292724950, 9780292724952. While high school drop-out rates have steadily declined among white and African American students over the last twenty years, a constant 35 percent of Latino students continue to quit school before graduation. In this pioneering work, Harriett Romo and Toni Falbo reveal how a group of at-risk Latino students defied the odds and earned a high school diploma. Romo and Falbo tracked the progress of 100 students in Austin, Texas, from 1989 to 1993. Drawing on interviews with the students and their parents, school records, and fieldwork in the schools and communities, the authors identify both the obstacles that caused many students to drop out and the successful strategies that other students and their parents pursued to ensure high school graduation. The authors conclude with seven far-reaching recommendations for changes in the public schools. Sure to provoke debate among all school constituencies, this book will be required reading for school administrators, teachers, parents, legislators, and community leaders.

[Policy Futures for UK Health: 2000 Report, Charlotte Dargie, Pam Garside, Sandra Dawson](#) , 2000, 0117025046, 9780117025042. The 2000 Report is a statement of what the Policy Futures for UK Health Project has identified as being crucial relevance to policy-making with a time horizon of 2015. Six key issues have been selected that need to be reflected in the development of UK health policy. They are: 1. Rising public expectations; 2. The ageing population; 3. Assessing new technologies; 4. Information and communications technology and information management; 5. Workforce education and training; 6. System performance and quality.

[Perspectives in Virology, Volume 9, , Morris Pollard](#) , 1975, 012560565X, 9780125605656. Contains the proceedings of the 2nd- Gustav Stern Symposium.

[A Dictionary of World History.](#) , 2006, 0199202478, 9780199202478. An incredibly useful reference, the second edition of A Dictionary of World History has been fully revised and updated in order to bring it into the 21st century. It contains over 4,000 clear and concise entries on all aspects of history, from prehistory right up to the present day. Biographies of key figures in world history range from Alexander the Great to Bill Clinton, Elizabeth I to Nelson Mandela. There are separate entries for every country in the world summarizing the key historical events and important figures in that nation's history. New to this edition are brand-new entries such as George Bush, Osama bin Laden, 9/11, and the 2004 tsunami, while many other entries have been substantially revised to reflect new developments. Twenty-five maps cover events and topics such as the Black Death and the African slave trade, and detailed subject entries on religious and political movements, international organizations, and key battles and places in world history give this dictionary a truly international scope. Easy to use yet encyclopedic in scope, A Dictionary of World History provides an excellent overview of world history both for students and the general reader.

[Prayer That Relieves Stress and Worry, Eddie Ensley](#) , 2007, 097927754X, 9780979277542. You're invited. To slow down. To rest. To find peace. The only true relief for stress is resting in the consolation of God's love, allowing Him to hold you

gently in the palm of His hand. Let yourself be drawn into the peaceful, refreshing depths of prayer. Discover time-tested ways to pray, based in Scripture and Christian practice throughout the centuries. Calm down. Let your mind stop racing; your head stop spinning. Right now -- through the pages of this heartwarming book -- begin a powerful journey of healing for yourself and those you care about. Helpful hardly describes this book. Life-saving might be Better. Dr. John McClure, Vanderbilt University School of Religion This is one of those rare books that delivers on a promise contained in the title.--Brennan Manning, author of The Ragamuffin Gospel "[Eddie Ensley] is one of those rare persons who have captured the way Jesus taught people.... In his beautiful book he introduces hurting people to intimacy with Jesus as the way to inner healing, and the way of deepening our relationship with the divine."--Joseph F. Girzone, author of the Joshua novels.

[The Rules of Acting, Michael Simkins](#) , 2013, 0091951283, 9780091951283. Luvvies. Tyrannical directors. Useless agents. Less job security than an England football manager. Who'd be an actor? Michael Simkins isn't sure, even though

he's been one himself for over thirty years. Join him backstage as he examines that business called showbusiness, from am dram to Hollywood, and from Shakespeare to ads for flatulence pills. In a career that started as a plump teenager in ballet tights at RADA, Michael has appeared in countless West End plays and musicals, presented safety training workshops for sewage workers, and when resting, worked as a crate smasher at a car factory. He's done movies, soaps, ads, and voice-overs, and worked with everyone from Meryl Streep to Kelly Osbourne. As the ultimate jobbing actor he's flirted with triumph and oblivion without ever quite managing either. In *The Rules of Acting* he shares his hard-won wisdom. Covering everything from learning your lines to tilting for Oscar success in Hollywood, surviving a flop, to why it's advisable to read the whole script if you wish to avoid improper relations with a pig, it's the ultimate survival guide for anyone contemplating a life in showbiz. 'Throw out An Actor Prepares! Michael Simkins' book tells actors all they need to know about the realities of the acting profession; the passion, the struggle, the noble idealism and the heartache. 'HELEN MIRREN' It is thrilling that Michael Simkins is having such success as a writer - anything to keep him off the stage' IAN MCKELLEN

[Human Resource Management in Hospitality, Malay Biswas](#) , 2012, 0198069855, 9780198069850. Human Resource Management in Hospitality is a comprehensive textbook, designed especially for students of hotel management programmes. It explores the core concepts of human resource management (HRM) and uses numerous industry-related examples and case studies to explain them. Beginning with an introduction to HRM, the book goes on to explore relevant theoretical concepts like manpower planning, recruitment, training and development. It then elaborates on employee motivation, performance appraisal, compensation and benefit management, and job satisfaction. It then throws light on organizational culture, conflict management and collective bargaining, Indian labour laws in hospitality, and disciplinary action. The book concludes by looking at contemporary issues such as HR information system (HRIS), and international HRM. With its practice-oriented approach, the book will be equally useful to HR professionals in the hospitality industry.

[Historical Actuality of the Socialist Offensive: Alternative to Parliamentarism, Istvn Mszros](#) , 2010, 1905192614, 9781905192618. The number of people voting in general elections has reached historic lows. This was true even before the revelations of widespread abuse by MPs of their remarkably generous expenses last year. Istvan Meszaros shows that

the problem goes far deeper than duck houses, moat cleaning bills and the corruption of individuals or even of whole parties like New Labour. He launches a sustained philosophical attack on the very notion that parliament could ever provide a means of removing capitalism and creating a more just society.

[Dermatologic Complications with Body Art: Tattoos, Piercings and Permanent Make-Up, Christa de Cuyper, Maria Luisa](#)

[Cotapos](#) , 2009, 3642032923, 9783642032929. Body piercings, tattoos, and permanent make-up have become very popular as a fashion statement in recent decades. This book guides the reader through the world of body art. An overview is first provided of the history and epidemiology of tattoos and piercings. Subsequent chapters go on to examine in detail the materials and devices used in various forms of body art, and the techniques employed. All relevant risks and potential complications are clearly described with the aid of color illustrations. Special attention is paid to allergic reactions and the management of complications. The closing chapter examines the techniques and devices used for tattoo removal, with a particular focus on the use of different lasers.

[Hunwick's Egg, ,](#) 2011, 0143501356, 9780143501350. When a mysterious egg appears outside Hunwick's burrow, no one is quite certain what to think. And when it doesn't hatch right away, everyone is even more bewildered. Everyone except Hunwick, that is. Hunwick understands that the egg is his friend, and he is the only one who knows its secret. This treasure of a book promises the young reader a simple, beautifully illustrated tale of identity and belonging.

[Look!: The Fundamentals of Art History, Anne D'Alleva](#) , 2010, 0205768717, 9780205768714. For one or two semester Introductory Art History Surveycourses. This handbook is designed to accompany the major textbooks used in the art history survey, presenting various methods for analysis of art as well as extensive tips on writing about art. Professor Anne D'Alleva created this handbook to accompany the major textbooks used in art history survey courses. Because the main survey texts focus on the artworks themselves, she saw the need for a complementary handbook that introduces students to the methodologies of art history in an open, accessible way. Look! discusses basic art historical practices, such as visual and contextual analysis, and provides guidelines for writing papers and taking examinations in art history. It provides a short history of the discipline and provides links to related academic disciplines to provide students with a sense of intellectual context for their work.

[Lorna Doone, R. D. Blackmore](#) , 1979, 0194241815, 9780194241816.

[Precision Framing, Mike Guertin, Rick Arnold, Joseph Williamson](#) , 2002, 156158634X, 9781561586349. Developed as a guide for the authors' crews, this book has evolved into a comprehensive framing handbook -- from basics to finishing techniques. It combines common sense, sound engineering, and craftsmanship. Custom framers can use these procedures -- or adapt them to their needs -- to achieve labor efficiency and excellent results every time.

[Your Money and the Casino: What to Know Before You Go - about Blackjack, Craps, Pai Gow, Roulette, Video Poker, Slots, Taxes, Odds and House Advantage, Missouri Rick](#) , 2013, 0988971704, 9780988971707. Missouri Rick says - Don't lose your shirt! Make the casino win your money - don't mindlessly hand it over to them! This book will show you: 1 - How the house advantage eats away at your money, and what you can do about it. 2 - How the odds of winning are sometimes not as good as they appear. 3 - The best and worst games to play in the casino, and why Blackjack and Craps can be both. 4 - Tips on Blackjack, Craps, Baccarat, Pai Gow, Roulette, Video Poker and Slot Machines. 5 - What are the sucker bets to avoid at all costs. 6 - How to give Tips, how to get Comps, and staying safe in the casino. On occasion some people will win at the casinos based on pure luck and chance, which is gambling. Others will win (and win more often) based on playing the best games in the best possible way - dramatically tilting the odds in their favor, which is the beginning of advantage play. This book will better explain that difference to you, and hopefully help you decide to become more of an advantage player and less of a gambler. But knowing how to win doesn't just happen, you have to learn what causes you to lose and how the casino really gets your money using the House Advantage, and how to play against the lowest House Advantage. Understanding how the casinos earn their money (by taking your money) is fundamental to understanding the relationship between your bankroll and the casino's goals. If you can look at your wins and losses in the same way the casino does, then you are on your way to knowing what games to play and how to play them in order to allow your money to last as long as possible. And you'll give yourself a decent chance of leaving the casino as a winner. Included are chapters on the House Advantage, Odds & Probabilities, The Hold, Bankroll Size and Credit Play, Giving Tips, Getting Comps, Safety, Problem Gambling, Game Tips, Taxes, and an extensive glossary of over 550 gaming terms.

[Putting Out the Fire of Fear: Extinguish the Burning Issues in Your Life, Sharon Promislow](#) , 2002, 0968106641,

9780968106648. Worldwide Terror and unrest are causing unwanted stress reactions in all of us. This may manifest as fear & anxiety, sleep disruptions, sudden outbursts of anger, poor concentration memory loss, fatigue, or a general sense of unease. Our body must react for us to survive an immediate crisis, but there is a huge price to pay if the stress is ongoing. What can we do to get ourselves back in control? *Putting Out the Fire of Fear* will guide you through recognizing how stress impacts your body and how to stop the stress cycle before the damage is done. You don't always have time to work out at the gym or meditate on a mountain, so grab this book and get on with your life. The practical techniques and real life examples allow you to apply the principles wherever you are - at the office, at home, on the street or on a plane! You can build up your immunity to the stress epidemic.

[The Initial Psychotherapy Interview: A Gay Man Seeks Treatment, Charles Silverstein](#) , 2011, 0123851475, 9780123851475. This book provides comprehensive coverage of the initial interview with a gay male client. It first provides a transcript of the entire interview. It then covers in-depth a set of universal themes, and finally includes commentary on and analysis of the interview from a range of the most widely used theoretical perspectives. It is designed to teach the foundations of conducting an initial interview and therapists in training, as well as experienced mental health workers will find it invaluable. --Winner of the Distinguished Book Award, APA 2011--Editor is Chairman of the Board of Directors of the Institute for Human Identity Presents a realistic model of interviewing, and cautions the therapist in training not to grasp for the unreachable; perfection Every chapter in the book discusses the insights and mistakes by the psychologist conducting the interview

[Archangel, Robert Harris](#) , 2010, 1409021246, 9781409021247. A number one bestseller from the award-winning master of the literary and historical thriller genre: Robert Harris. A gripping, thrilling explosion into Russia's mysterious history... When historian Fluke Kelso learns of the existence of a secret notebook belonging to Josef Stalin he is determined to track it down, whatever the consequences. From the violent political intrigue and decadence of modern Moscow he heads north - to the vast forests surrounding the White Sea port of Archangel, and a terrifying encounter with Russia's unburied past.

[Tolstoy: A Russian Life, Rosamund Bartlett](#) , 2011, 0547545878, 9780547545875. Magisterial sweep and scale. The Independent (UK) In November 1910, Count Lev Tolstoy died at a remote Russian railway station. At the time of his death, he was the most famous man in Russia, with a growing international following, and more revered than the tsar. Born into an aristocratic family, Tolstoy had spent his life rebelling against not only conventional ideas about literature and art but also traditional education, family life, organized religion, and the state. In this, the first biography of Tolstoy in more than twenty years, Rosamund Bartlett draws extensively on key Russian sources, including much fascinating material made available since the collapse of the Soviet Union. She sheds light on Tolstoy's remarkable journey from callow youth to writer to prophet; discusses his troubled relationship with his wife, Sonya; and vividly evokes the Russian landscapes Tolstoy so loved and the turbulent times in which he lived. Above all, Bartlett gives us an eloquent portrait of the brilliant, maddening, and contrary man who has once again been discovered by a new generation of readers.

[Alternative medicine and American religious life, Robert C. Fuller](#) , 1989, 0195057759, 9780195057751. The late 1980s have seen an explosion of interest in an unconventional, and sometimes bizarre, set of practices and beliefs commonly called the New Age movement. Led by such visible figures as Shirley MacLaine, thousands of Americans have turned to a wide range of self-help methods and philosophies geared toward spiritual fulfillment and, particularly, healing of the body, including acupuncture, channeling, and crystals. What all these methods seem to have in common is an attempt to eschew conventional medical treatments, to move beyond the mysteries of the body to those of the psyche and soul. But as Robert C. Fuller demonstrates in this fascinating and surprising new book, such "alternative" forms of healing are nothing new in American culture. Going back to the early nineteenth century, Fuller asserts, Americans have relied on a bewildering assortment of unorthodox medical systems that represent a characteristically American strain of religious

thought--a belief that spiritual, physical, and even economic well-being flow from an individual's rapport with the cosmos. Drawing on a wealth of historical, psychological, and sociological information, Fuller's story begins with such early health reforms as homeopathy, hydropathy, and Thomsonianism (which held that all disease was caused by cold and could be cured by heat). Though fairly conventional in outlook, they signalled the appearance of metaphysical elements that were destined to erupt in later movements. Fuller then looks at mesmerism and Swedenborgianism, which sprang up in the 1830s and 40s. Both of these movements were extremely popular in America, promising a triumph of piety and spirituality over the weaknesses of the body and mind, and changing the way thousands of Americans looked at modern medicine. Fuller traces this increasing metaphysical dimension, first in the early practices of osteopathic and chiropractic medicine, and then throughout the twentieth century in such varied and colorful systems as crystal healing, rolfing, spirit channeling, holistic health, and even Alcoholics Anonymous. Fuller argues that these healing movements have played an important role in American religious life, offering people a more vivid experience of a "sacred reality" than do most organized religions. His fascinating and sympathetic look at this thriving, and peculiarly American, mode of religion will interest a wide range of readers interested in American religious, cultural, and medical history.

[Haunted Hockey in Lake Placid](#), , 2012, 1595310401, 9781595310408. The game, the goal and the ghost combine to make for an action packed adventure for the puck hog and his teammates in the land where miracles are made. Just when it looks like victory is in reach, it all falls apart for the team right before the big matchup with a mighty Canadian youth hockey team. Now they need a miracle! It's up to Sophia to unlock the mystery and discover the key to victory. Can she discover the secret in time? Can the keeper of dreams keep the legacy alive? Lace up and get ready to hit the ice for chills, spills and experience the thrills of the legendary Lake Placid.

[Portrait of the Psychiatrist as a Young Man: The Early Writing and Work of R.D. Laing, 1927-1960.](#), ISSN 1759-4332, [Allan Beveridge](#) , 2011, 0199583579, 9780199583577. RD Laing remains one of the most famous psychiatrists of the last 50 years. In the 1960s he enjoyed enormous popularity and received much publicity for his controversial views challenging the psychiatric orthodoxy. He championed the rights of the patient, and challenged the often inhumane methods of treating the mentally ill. Based on a wealth of previously unexamined archives relating to his private papers and clinical notes, *Portrait of the Psychiatrist as a Young Man* sheds new light on RD Laing, and in particular his early formative years - a crucial but largely overlooked period in his life. The first half of the book considers Laing's intellectual journey through the world of ideas and his development as a psychiatric theorist. An analysis of his notebooks and personal library reveals Laing's engagement not only with psychiatric theory, but also with a wide range of other disciplines, such as philosophy, literature, and religion. This part of the book considers how this shaped Laing's writing about madness and his evolution as a clinician. The second half draws on a rich and completely unexplored collection of Laing's clinical notes, which detail his encounters with patients in his early years as a psychiatrist, firstly in the British Army, subsequently in the psychiatric hospitals of Glasgow, and finally in the Tavistock Clinic in London. These notes reveal what Laing was actually doing in clinical practice, and how theory interacted with therapy. The majority of patients who were to appear in Laing's first two books, *The Divided Self* and *The Self and Others* have been identified from these records, and this volume provides a fascinating account of how the published case histories compare to the original notes. There is a considerable mythology surrounding Laing, partly created by himself and partly by subsequent commentators. By a careful examination of primary sources, Allan Beveridge, both a psychiatrist and an historian, examines the many mythological narratives about Laing and provide a critical but not unsympathetic account of this colourful and contradictory thinker, who addressed questions about the nature of madness which are still being asked today. This book will be of interest to mental health workers and social historians alike as well as anybody interested in the philosophy of psychiatry.

[Workplace Communication & Mytechcommlab Pkg.](#) , 2009, .

[Judicial Review: Principles and Procedure, Jonathan Auburn, Jonathan Moffett, Andrew Sharland](#) , 2013, 019954509X, 9780199545094. Covering all of the substantive grounds on which a claim may be brought, this definitive new work provides unrivalled analysis and guidance on the law of judicial review. Written by three experienced practitioners, *Judicial Review: Principles and Procedure* includes chapters on the most common grounds for bringing a claim, such as procedural fairness and irrationality, but also covers emerging grounds such as delay on the part of public bodies and error of fact. In addition, the authors provide a separate, detailed treatment of areas such as administrative policies and the public sector equality duty. Each element of this complex area of law is carefully broken down to ensure that answers are always easy to find and, where the law is in doubt, the dispute is concisely stated and the view most likely to be preferred by the courts is expressed. The book analyses in detail the issues that are likely to arise in practice, with thorough and up-to-date reference to case law throughout. It incorporates the jurisprudence arising out of the Human Rights Act 1998, providing practitioners with a complete yet practical treatment of each relevant topic. The book contains comprehensive coverage of procedural matters in each stage of a claim, from pre-action to costs, and includes a chapter on European Union law from Marie Demetriou QC of Brick Court Chambers, providing a uniquely full treatment of all the issues which might be encountered in practice.

[Rethinking the Constitution: Perspectives on Canadian Constitutional Reform, Interpretation, and Theory, Anthony Arthur Peacock](#) , 1996, 0195411781, 9780195411782. The Charter of Rights and Freedoms has had far-reaching consequences for Canadian law, politics, and society. In fact, the problems that plagued constitutional reform in the late 1980s and early 1990s and that resulted in the demise of the Charlottetown Accord as well as of the federal Progressive Conservative Party seem to have been closely related to the politics of judicial review under the Charter. Was there a common thread linking the problems of Canadian constitutional reform, interpretation and theory? The contributors to this book believe that there was, and the thirteen essays contained in this book attempt to rethink these themes from the point of view of Canadian liberal constitutionalism. These rigorously argued essays combine legal, political, historical, and philosophical analysis with critiques of the Supreme Court's Charter decisions, the preoccupation with 'rights talk' in Canadian politics and society at large, and other recent developments in constitutional law and politics.

[Eeek!, Karen Inglis](#) , 2012, 0956932339, 9780956932334. Eleven-year-old Charlie Spruit can't believe his luck when he opens his door to an alien one morning. Who is he? Why has he come? Charlie soon discovers that this alien has run away from space to Earth to be with him because he's soccer mad and the World Cup is on...! 'Eeek, ' as Charlie decides to call him, takes up secret residence in Charlie's bedroom where he sleeps on the ceiling by night and pores over Charlie's football magazines and stickers by day. All is going surprisingly well until slimy sci-fi mad Sid Spiker, who lives out the back, spots Eeek through his telescope. Sid has his own plans for this alien, which bring surprises that no-one

could have imagined...

A blend of rational, emotional and intuitive perspectives are used to answer the tough life question: "What should I do with my life?" The book shows how to: -- believe in your potential and reduce negative thinking-- discover yourself, through eight self-assessment exercises-- find over 600 careers that match your personality-- research careers of interest using dozens of internet sites-- make decisions and create a plan-- prepare a resume cover letter and handle an interview Whether launching a 'first career' or making a change, using these encouraging suggestions you will uncover your dreams!

[Neurobiology of Mental Illness, Dennis S. Charney, Eric Jonathan Nestler, Benjamin S. Bunney](#) , 1999, 0195112652, 9780195112658. Advances in molecular and cellular biology and in the basic neurosciences are now bringing the revolution in molecular medicine to the field of psychiatry. This is the first comprehensive text to chart that progress. In 70 clear and concise chapters it describes the current state of knowledge about the neurobiological mechanisms underlying psychiatric disorders and shows how this information has the potential to dramatically improve treatment and ultimately lead to prevention. The text has been written by world-renowned experts in basic neuroscience and the pathophysiology and treatment of psychiatric disorders. It begins with a succinct overview of the basic neurosciences followed by an evaluation of the tools that are available for the study of mental disorders in humans. The core of the book is a series of consistently organized sections on the major psychiatric disorders that cover their diagnostic classification, molecular genetics, functional neuroanatomy, neurochemistry and pharmacology, neuroimaging, and principles of pharmacotherapy. Chapters are written in a clear style that is easily accessible to practicing psychiatrists, and yet they are detailed enough to interest researchers and academics. Both as a textbook and a reference work, Neurobiology of Mental Illness represents a uniquely valuable resource for psychiatrists, neuroscientists, and their students or trainees, and those studying psychotic disorders, substance abuse disorders, psychiatric disorders in children, and miscellaneous diagnostic entities.

[Southern to the Core: An Evins Family Cookbook, Karlen Evins](#) , 2009, 0963547453, 9780963547453. [Multinational Business Finance, David K. Eiteman, Arthur I. Stonehill, Michael H. Moffett](#) , 2012, 0132743469, 9780132743464. Renowned for its authoritative, comprehensive coverage of contemporary international finance, this market-leading text trains the leaders of tomorrow's multinational enterprises to recognize and capitalize on the unique

characteristics of global markets. Because the job of a manager is to make financial decisions that increase firm value, the authors have embedded real-world mini-cases throughout to apply chapter concepts to the types of situations managers of multinational firms face. The thirteenth edition attempts to capture the rapid evolution of our global marketplace through a number of principles, practices, and features.

Includes a dialogue with Alyson Shotz conducted by Ian Berry.

[Blood Matters: A Journey Along the Genetic Frontier, Masha Gessen](#) , 2008, 1862079943, 9781862079946. In 2004 genetic testing revealed that Masha Gessen had a mutation that predisposed her to ovarian and breast cancer. The discovery initiated Gessen into a club of sorts: the small (but exponentially expanding) group of people in possession of a new and different way of knowing themselves through what is inscribed in the strands of their DNA. As she wrestled with a wrenching personal decision--what to do with such knowledge--Gessen explored the landscape of this brave new world, speaking with medical experts, religious thinkers, historians, and others facing genetic disorders. "Blood Matters" is a much needed field guide to this unfamiliar and unsettling territory. It explores the way genetic information is shaping the decisions we make, not only about our physical and emotional health but about whom we marry, the children we bear, even the personality traits we long to have. And it helps us come to terms with the radical transformation that genetic information is engineering in our most basic sense of who we are and what we might become.

[Fifty Weeks of Green: Romance and Recipes,](#) , 2013, 0989072002, 9780989072007. Laugh, love, and cook along with Sophia Verde in this parody of Fifty Shades of Grey. Still stinging from being laid off, Sophia stumbles into the Bee's Knees Farm booth on her way to pick up her friend's produce box. She is deeply attracted to farmer Roger Branch, who is earthy, elegant, and curiously private. City-savvy Sophia becomes captivated by the farmer's slow, sensual ways. Although, or perhaps because, he's not a power broker like she's used to, she finds herself longing to become part of his dance with nature and the seasons. It's a romance for the 99%. Sophia barter her skills for a produce subscription of her own, discovering the pleasures of organic farming, seasonal cooking, and generous lovemaking. Along the way, she learns cooking tips and shares over sixty seasonal vegan recipes. Let her help you cut the cholesterol and the cost of your own favorites with core recipes such as Cashew Cream, Flaxseed "Eggs," and Good Baking Mix. Discover new favorites too, perhaps Chocolate Sweet-Potato Breakfast Cake, Lentilicious Sunshine Spread, Sweet-and-Tart Collard Tangle, and Potluck-Pride Peach Cobbler. The index makes finding them easy. Sexy without being explicit and deeply amusing, Fifty Weeks of Green may inspire you to save money, eat scrumptious food, and ignite your inner frisky while making a difference. Readers agree Fifty Weeks is a page turner: From farmer Haruka Oatis: OMG! Steamy!! You're putting sexy into farming! It's a real page turner and it makes me hungry at the same time with yummy recipes! Bravo! From sustainable-agriculture advocate Alice Alexander: WOW. I had to read the whole thing, couldn't stop late last night This is light entertaining read, a hoot! but with so much good info woven in, from the benefits of sustainable ag, to using measuring cups from dry to wet - you've got it all in there! And it's real, while obviously a spoof. How you managed to weave in so many important aspects in an entertaining way - well, you are one fabulous educator, and a romance novelist to boot! From blogger Wendy E. N. Thomas on Live to Write -- Write to Live: There are books that are read for sheer pleasure and there are books that are read for information. How delightful it is when you find a book that skillfully combines the two. In short, I absolutely ate this book up. Fifty Weeks of Green is by Cook for Good's chief cook and researcher, Linda Watson, author of Wildly Affordable Organic: Eat Fabulous Food, Get Healthy, and Save the Planet--All on \$5 a Day or Less. She's a food evangelist who focuses on seasonal, thrifty vegan food made with real, whole-food ingredients.

[Memories of Philippine Kitchens, Amy Besa, Romy Dorotan](#) , 2012, 1584799811, 9781584799818. The essence of Filipino food has always remained somewhat secluded in the family kitchens of Filipino homes, passed down through the generations, melding native traditions with those of Chinese, Spanish, and American cuisines. Here, the owners and chef at Soho's popular Cendrillon restaurant, present a look at Filipino cuisine and culture. They have spent years tracing the traditions of the food of the Philippines, and here they share the results of that research. From lumpia, pancit, and kinilaw to adobo and lehon (the art of the well-roasted pig), the authors document dishes and culinary techniques that are rapidly disappearing and in some cases unknown to Filipinos whether in the Philippines or abroad. In addition to more than 100 unique recipes culled from private Filipino kitchens and their own menu, Besa and Dorotan document the role of food in Filipino society, both old and new.

[Rebuilding Heaven: A Collection, Bernie Ross](#) , 2005, 0954446585, 9780954446581. Rebuilding Heaven is the title story in a fine bound collection by Bernie Ross, an established British writer whose life is thoroughly embroiled in writing and art. In this eclectic mix of truthful and moving inventions, there is something for everyone. The stories are simple yet beautiful and sometimes experimental, revealing dark corners and pockets of smouldering fury that flare up in gloriously controlled yet energizing ignition. From cute to crushing: this is a riotous variety that's both uplifting and thought provoking. Everyone will find something here that hits the nail on the head for them, as the book is packed with stories short and long, vignettes, a couple of poems and even a song. "In a world heavy on sensation and dramatic denouements, Bernie Ross's writing insists on detailing the unsensational and the subtle. With an observant eye and the dexterous touch of someone who lives and breathes a writing life, she telescopes in on the pregnant pauses, unresolved notes and gently pivotal moments which actually form the basis of everyday lives to memorable effect." - Sean Egan, author and journalist "Parrot Fashion - Great story. Well observed. Rhianna's Green Ball - Great quirky story. You kept me in suspense till the end. Thief - 'poignant' The Nowness of Love - Oh how true! Scarlet Dreamland - Brilliant, very powerful story, made me grimace and wince in places. You did a great job of showing her torment and despair. Tea Time - Spot on! Nemesis of the Night - Very powerful clever story: loved all the parallels. Ten Ways to Destroy your Lover - Chilling stuff. So well observed with some great description. Beached - Very unusual story." ~ Ellie Tansley, founder of The Muse ezine
This book will appeal to: General, discerning and mature readers Magazine readers who want something deeper Readers with an interest in writing themselves People who like poetry and poetic prose Those who like a short but deeply moving or thought-provoking read People who like to simply 'dip in'

[Unconditional Love Is... Appreciating Aspects of Life, Harold W. Becker](#) , 2010, 0979046025, 9780979046025. This beautiful and remarkable book is a collection of 63 universal qualities of unconditional love. With each turn of the page, these simple and inspirational expressions reveal how these potent aspects weave through every part of your life. Author Harold W. Becker eloquently shares how Peace, Harmony, Compassion, Creativity, and Abundance for example, are all qualities that come from your core essence and how each embodies the heart of unconditional love. When you are conscious of these powerful characteristics like Courage, Choice, Gratitude and Potential, you transform your personal understanding and experience of love into greater awareness. Created as a companion to his highly successful and groundbreaking book, *Unconditional Love - An Unlimited Way of Being*, this innovative, empowering and introspective book brings the many facets of your life into focus. Used as a daily reminder or a meditative contemplation, *Unconditional Love Is... Appreciating Aspects of Life* can help you develop a greater understanding of how to expand and experience the fullness of each quality of love in your everyday life.

[A Laboratory Manual of Entomology, Anthony Youdeowei](#) , 1977, 0195753127, 9780195753127. The study of insects, the discipline which is called entomology, has become increasingly important in the tropics as the study of agriculture has developed. Entomology is, therefore, a vital part of the curriculum in biological and agricultural degree in universities. Several works exist deal with the theoretical aspects of the subject. Entomology is a very involved subject embracing morphology, Physiology, Systematics, Genetics, behaviour, etc., but such theoretical considerations are beyond the scope of this book. Few practical books exist for a basic study of insects in the tropics, and there is need for a kind of 'laboratory work book' or laboratory manual which students can study insect structure, classification and behaviour in the tropics.

[Information and Organizations, Arthur L. Stinchcombe](#) , 1990, 0520909623, 9780520909625. An ambitious new work by a well-respected sociologist, "Information and Organizations" provides a bold perspective of the dynamics of organizations. Stinchcombe contends that the "information problem" and the concept of "uncertainty" provide the key to understanding how organizations function. In a delightful mix of large theoretical insights and vivid anecdotal material,

Stinchcombe explores the ins and outs of organizations from both a macro and micro perspective. He reinterprets the work of the renowned scholars of business, Alfred Chandler, James March and Oliver Williamson, and looks in depth at corporations like DuPont and General Motors. Along the way, Stinchcombe explores subjects as varied as class consciousness, innovation, contracts and university administration. All of these analyses are distinguished by incisive thinking and creative new approaches to issues that have long confronted business people and those interested in organizational theory. A tour de force, "Information and Organizations" is a must-read for business people and scholars of many stripes. It promises to be a widely discussed and debated work.

[Running Wild.](#) , 2010, 0099544261, 9780099544265. Join the Ripley's Bureau of Investigation - a group of teen agents with special gifts - as they embark on a series of action-packed adventures, travelling the world in pursuit of extraordinary events and tales. These wonderful new stories are perfect for adventurously minded children between the ages of 7 and 11. In Running Wild, a plane crash ten years ago and reports of a strange wolf boy lead the RBI to the wilds of western China and to a girl who thinks that the creature might be her long-lost brother. But the mountains and surrounding jungle are full of dangers. Can the team brave hungry tigers, snarling wolves and treacherous ravines to uncover the truth? A dangerous mission for the RBI!

[The Summer Surf., Penelope Dyan](#) , 2005, 0977191648, 9780977191642. The story of our surfer girl, Summer, continues with a new plan and a brand new adventure. Summer's ordinary life continues to be quite extraordinary as she travels and swims in so many places. Her boyfriend Phillip is still with her and her ex-boyfriend is beginning to realize what he has lost, but it is just too late for him. Summer has moved on, and she is loving it. She meets up with some old friends and does something they all know will make a real difference! Find out how Summer continues to fulfill her legacy, and meet some old friends who help her do it. Go with Summer on her mission impossible and experience the meaning of the word 'incredible' as Summer moves on with her not so ordinary life

[Chance of a Ghost, E.J. Copperman](#) , 2013, 1101619163, 9781101619162. Alison Kerby's guesthouse is haunted all year

round. Surviving the dead of winter, though? That's a spooky proposition. Even with a blizzard bearing down on New Jersey, Alison can count on at least two guests Paul and Maxie, the stubborn ghosts who share her shore town inn. Then there's her widowed mother, who hasn't just been seeing ghosts, she's been secretly dating one: Alison's father. But when he stands her up three times in a row, something's wrong. Is he a lost soul or a missing apparition? Their only lead is an overdramatic spiritstage name Lawrence Laurentz who doesn't take direction well and won't talk until they find his killer. Alison will reluctantly play the part of PI, but when the clues take a sinister turn, the writing is on the wall: If Alison can't keep a level head, this will be her father's final act and maybe her own.

[Halflife, Anthony Alofsin](#) , 2009, 0982063008, 9780982063002. Halflife is a fictive memoir, hovering between fiction and biography. Deciding that half his life is over, a young man recalls stories of people, animals, plants, and places that he has known. Just as matter decays according to its own physical half life, these accounts are bound together by themes of loss, but they also reverberate with creation and delight. The metaphor of halflife, the measure of physical decay, weaves in and out of the stories. The soothing of loss is found in the observation of life around us. The journey unwinds in five chapters that describe mountains, desert, Villa Trice (a mysterious estate in Texas), Aquidneck Island, and Memphis, Tennessee. The writing is crisp and elegant. The author is an artist, architect, and historian. Halflife is his first work of fiction and memoir.

[Recharting the Black Atlantic: Modern Cultures, Local Communities, Global Connections, Annalisa Oboe, Anna Scacchi](#) , 2008, 0203929586, 9780203929582. This book focuses on the migrations and metamorphoses of black bodies, practices, and discourses around the Atlantic, particularly with regard to current issues such as questions of identity, political and human rights, cosmopolitics, and mnemo-history.

[Inheritance: Poems, Margaret Kaufman](#) , 2010, 0981981607, 9780981981604. "The arts of remembering in Margaret Kaufman's Inheritance are as various as the tones of voice available to her as a poet. Her voice can be political, and it can be sensual portraiture. But always, she will show us that a 'memory of that joyous dancing burns.' There is a heartbreak in this book, and there is high drama. I love such moments in Kaufman's work, when memory is at its most cinematic. But there is more than just cinematic in this book, for 'memory smolders too,' she tells us. That moment when a poet stops, in the middle of images, looking for a word, is wisdom: 'Somewhere my father is dying, / but I am in a room with lemon light.' I love it, too, when Kaufman notes our strangeness of being, when 'denial and delight' come together on the page, and 'all her words are aviary.'" Ilya Kaminsky, author of *Dancing in Odessa* "In these illuminating poems, Margaret Kaufman, a gifted, lyrical story-teller, examines the complex emotional fabric of a family, moving effortlessly between decades to weave together the grief and joy, loss and abundance, promise and peril that comprise a life. As the 'years conflate, collapse,' she defines what it means not only to reflect on the breadth of one's experience

with truth and grace but also to embrace the small, pivotal moments that, if attended to, have the power to transform us." Francine Sterle, author of *Nude in Winter*

[How a Nation Grieves: Press Accounts of the Death of Lincoln, the Hunt for John Wilkes Booth, and America in Mourning.](#)

[Glenn Alan Cheney](#) , 2012, 0985628421, 9780985628420. *How a Nation Grieves* is unique among the 16,000 books about Abraham Lincoln. It does not offer historical interpretation or the perspective of hindsight. It simply presents the country as it was and as it saw itself at the time. It isn't the diagnosis of shock. It's the shock itself. It also presents a different kind of journalism. Words had to convey images that were still unavailable to photography and television. Newspapers were the only source of public information. Those newspapers -- the ones that survived the next 150 years -- are still the way we can witness what happened to Abraham Lincoln and the nation he saved -- publisher's website.

[The Miracle of Biblical Inspiration, M. D. Ph. D. H. D. Williams](#) , 2009, 0982060866, 9780982060865. There are numerous opinions in the literature concerning the meaning of "inspiration" of the Bible such as "the partial view," "the natural view," "the neoorthodox view," "the pagan view," and many others. The explanation of most of the various views is very troubling. Very few positions exalt the true origin of the original Words of the Bible in Hebrew, Aramaic, and Greek. The positions fail to correctly recognize that the process and the product of "inspiration" is a miracle "once delivered." Dr. Williams' work will help others to understand the meaning of the words associated with "inspiration" in their Biblical context.

[Happiness, Like Water: and Other Stories, Chinelo Okparanta](#) , 2013, 1847088325, 9781847088321. In this debut collection, Chinelo Okparanta introduces us to families burdened equally by the past and the future. Here, we meet a childless couple with very different desires; a college professor comforting a troubled student; a mother seeking refuge from an abusive husband; an embittered spinster recalling the loss of a dear childhood friend; and a young woman waiting to join her lover abroad. High expectations - whether of success in Nigeria, or the dream of opportunity and accomplishment in America - consume them. In language that is both raw and elegant, Okparanta's stories are often told from the point of a view of a child - a little girl, an adult daughter. Her closely observed characters populate stories that offer a clear-eyed view of an often traumatic family life, questioning the purpose of their time on earth, and whether there is a hereafter, or a different kind of afterlife altogether, outside of Port Harcourt. *Happiness, Like Water* heralds the arrival of a fearless and sensitive literary voice.

[Road casualties Great Britain 2006, Great Britain: Department for Transport](#) , 2007, 0115529055, 9780115529054. This annual report 2006 provides detailed analyses of road casualties and reports on trends in relation to casualty reduction targets. It presents statistics collected to an agreed national standard about personal injury road accidents and their consequent casualties. These statistics are used to inform public debate on matters of road safety and to provide both a local and national perspective for road safety problems and their remedies. In addition to the detailed statistical tables,

the publication also includes six articles: review of progress towards the 2010 casualty reduction targets; a valuation of accident, casualty costs and insurance claims data; drinking and driving; contributory factors to road accidents; hit and run accidents; the use of hospital data on road accidents.

[Wearable Sensors: Fundamentals, Implementation and Applications, Edward Sazonov, Michael R. Neuman](#) , 2014, 0124186629, 9780124186620. Written by industry experts, this book aims to provide you with an understanding of how to design and work with wearable sensors. Together these insights provide the first single source of information on wearable sensors that would be a valuable addition to the library of any engineer interested in this field. Wearable Sensors covers a wide variety of topics associated with the development and application of various wearable sensors. It also provides an overview and coherent summary of many aspects of current wearable sensor technology. Both industry professionals and academic researchers will benefit from this comprehensive reference which contains the most up-to-date information on the advancement of lightweight hardware, energy harvesting, signal processing, and wireless communications and networks. Practical problems with smart fabrics, biomonitoring and health informatics are all addressed, plus end user centric design, ethical and safety issues. Provides the first comprehensive resource of all currently used wearable devices in an accessible and structured manner. Helps engineers manufacture wearable devices with information on current technologies, with a focus on end user needs and recycling requirements. Combines the expertise of professionals and academics in one practical and applied source.

[Organic Synthesis: State of the Art 2009 - 2011, Douglass F. Taber](#) , 2013, 0199965722, 9780199965724. Organic synthesis is a vibrant and rapidly evolving field; we can now cyclize amines directly onto alkenes. Like its predecessors, this reference leads readers quickly to the field's more important recent developments. Two years of Douglass F. Taber's popular weekly online column, "Organic Chemistry Highlights", as featured on the organic-chemistry.org website, are consolidated here, with cumulative indices of all three volumes in this series. Important topics that are covered range from powerful new methods for C-C bond construction to asymmetric organocatalysis and direct C-H functionalization. This go-to reference focuses on the most important recent developments in organic synthesis, and includes a succinct analysis of the significance and applicability of each new synthetic method.

[Musical Creativities in Practice, , Pamela Burnard](#) , 2012, 0199583943, 9780199583942. Musical Creativity in Practice explores the social and the cultural contexts in which creativity in music occurs. It begins by considering what constitutes creativity - taking a cross cultural view of music, while investigating creative processes far beyond just the classical music genre - including electronic media, popular music, and improvised music. In addition it looks at creativity in both writing and performing. The field of musical education is a key focus - examining why creativity is important within the educational environment, and looking at how schools might sometimes stifle creativity in their music teaching, rather than encourage it. The book is packed with case studies and real-life examples taken from studies across the world, providing a powerful corrective to myths and outmoded conceptions which privilege the creative practice of individual artists. Musical Creativity in Practice argues the need for conceptual expansion of musical creativities in line with vital contemporary real world practices. It explores how different types of musical creativities are recognised and communicated in the real world practices of a diversity of professional musicians. The book covers creative practice issues underlying composing, improvising, singer songwriting, originals bands, DJ cultures, live coding and interactive sound designing and the implications of creativity research for music education and for the assessment of creativities in industry and education. Musical Creativities in Practice will be valuable for those in fields of music psychology and music education, from advanced undergraduate level upwards.

[Okei: A Girl from the Provinces, Mitsugu Saotome](#) , 2008, 184688070X, 9781846880704. Set in the midst of samurai warfare in the mountainous region of Aizu in the late 19th century, Okei recounts the coming of age of a young peasant girl Okei, who falls desperately in love with the fierce warrior Sanasuma Kingo, only to learn that the world she inhabits has no place for love. The two live in entirely different worlds, and Okei must learn to understand both the nature of her

hidden feelings rising within her and the arcane codes and honor system of the samurai. As the forces of the old Tugokawa order struggle to contain the imperialist army, Okei and her rural community find that exile to the New World may be their only remaining chance of survival. Epically capturing the character of a country in the midst of revolution and faced with the onset of modernity, Mitsugu Saotomes masterful novel manages to blend vivid historical detail with a timeless tale of romance, self-discovery, and growing up.

[Caring for Creation: An Ecumenical Approach to the Environmental Crisis, Max Oelschlaeger](#) , 1996, 0300066457, 9780300066456. Many environmentalists believe that religion has been a major contributor to our ecological crisis, for Judeo-Christians have been taught that they have dominion over the earth and so do not consider themselves part of a biotic community. In this book a philosopher of environmental ethics acknowledges that religion may contribute to environmental problems but argues that religion can also play an important role in solving these problems - that religion can provide an ethical context that will help people to become sensitive to the environment and to elect leaders who are genuinely responsive to the ecological crisis. Examining a broad range of Western religious traditions - from conservative Christianity and orthodox Judaism to Goddess feminism and nature religion - Max Oelschlager provides a sociolinguistic analysis of their creation stories and finds environmentally positive aspects in each of them. He asserts that religious discourse in the public arena can offer a way for such environmental issues as biodiversity, pollution, and population to be addressed outside the realm of special-interest politics. And he urges local churches to make "caring for creation" a theme for worship in their services; the majority of Americans, says Oelschlager, will discover an environmental ethic only through their religious faith.

[Qualitative Comparative Analysis with R: A Users Guide, Alrik Thiem, Adrian Dusa](#) , 2012, 1461445841, 9781461445845.

Social science theory often builds on sets and their relations. Correlation-based methods of scientific enquiry, however, use linear algebra and are unsuited to analyzing set relations. The development of Qualitative Comparative Analysis (QCA) by Charles Ragin has given social scientists a formal tool for identifying set-theoretic connections based on Boolean algebra. As a result, interest in this method has markedly risen among social scientists in recent years. This book offers the first complete introduction on how to perform QCA in the R software environment for statistical computing and graphics with the QCA package. Developed as a comprehensive solution, QCA provides an unprecedented scope of

functionality for analyzing crisp, multi-value and fuzzy sets. The reader is not required to have knowledge of R, but the book assumes an understanding of the fundamentals of QCA. Using examples from published work, the authors demonstrate how to make the most of QCAs wide-ranging capabilities for the readers own purposes. Although mainly written for political scientists, this book is also of interest to scholars from other disciplines in the social sciences such as sociology, business, management, organization, anthropology, education and health.

2003, 0192632191, 9780192632197. The Oxford Textbook of Primary Medical Care is the first comprehensive, international textbook covering all aspects of the most common form of medical care: primary care. Arranged in two sections, it covers the entire range of organizational, academic, and clinical activities associated with general practice, family medicine and primary care. The first section deals with the principles of primary care. There are descriptions of health care systems throughout the world, extensive discussion of the doctor-patient interaction, the public health role of the primary care team, guidance on practice management, and broad coverage of research and education in primary care. This section is unique in its depth of coverage, international authorship, and quality of writing: there is nothing else like it available. The second, clinical section covers all the medical problems commonly seen in general practice worldwide, and is written by practising GPs with specialists. More than 200 chapters in this section provide a comprehensive overview of the clinical content of general practice with authoritative, detailed guidance on diagnosis, investigation, and management. The editors represent a breadth of clinical and senior academic experience from Europe and North America and have selected a wide geographical spectrum of expert contributors.
