[Retirement Without Borders: How to Retire Abroad--in Mexico, France, Italy, Spain, Costa Rica, Panama, and Other Sunny, Foreign Places \(And the Secret to Making It Happen Without Stress\), Barry Golson](#) , 2008, 1416594647, 9781416594642. Barry Golson knows all about retiring abroad -- he and his wife, Thia, have lived in six different countries. Now they choose expatriate-friendly locales around the world for their low cost and their high quality of living and explain how to investigate and settle in each country with minimum hassle and maximum pleasure. Taking you step-by-step through the process of researching, testing, and finally living abroad, the Golsons' practical how-to guide covers all the major issues, including health care, finances, real estate, taxes, and immigration. Each location is profiled by an expatriate writer who has made that country his or her home and who knows how to answer all the questions about living richly and economically in some of the world's most beautiful places.

[Selected Poetry of Mir Anis, Mir Babbar Ali Anis, Muammad Raz Km](#) , 2010, 0195479130, 9780195479133. This book contains selections from the marasi (singular marsiya) of elegiac epics of Mir Anis hailed as the greatest exponent of this form as well as one of the greatest poets of the Urdu language. The theme is the Tragedy of Karbala, 680 A.D. and Mir Anis has presented his elegies in long narrative poems for recitation in the first instance. It contains descriptions of the battle ground, the heat and thirst, single combats, general engagement followed by the death of the protagonist. By convention, the horse and the steed are depicted in an ornamental manner. The death of the protagonist is followed by lamentation. The poems of Mir Anis are noted for purity of diction and exemplary idiom. T. Grahame Bailey calls the elegiac epic poetry the highest form of Urdu verse and Anis one of the three greatest poets (SOAS, 1932). Ralph Russell: The marsiya moves me too, and will move any person of strong feeling. Look at any of Anis's marsias and you can almost see it being recited (SOAS, 1999). David Matthews: The Marsiya is a very grand composition. Anis is regarded as one of the finest classical Urdu poets

[The Poems of Hafez, fi](#) , 2006, 1588140199, 9781588140197. Shamseddin Hafez, although born some six hundred years ago in southern Iran, is a contemporary and universal poet. Wherever Persian is known, he is easily recited by both King and common man. Even illiterates will recite a memorized verse of Hafez. Those uncertain about love, the future or any other situation, open a page of his collection of Poems at random and in it see their dilemmas untangled. His turn of phrase has enriched the Persian lexicon and, even more than Shakespeare in English, has entered everyday language. This has made him the Persian cultures most read, quoted and revered figure. His verse not only gives a panoramic insight into the culture of Persia but also window into understanding the universal soul. 202 of Hafez's ghazals have been translated in manner where the melody and the sense of the original still remains. The pages of this edition are in the uncut format.

[The Orchard Book of Swords, Sorcerers and Superheroes, Tony Bradman](#) , 2011, 1408309211, 9781408309216. Ali Baba to King Arthur, Hercules to Robin Hood? a perfect humorous introduction to 10 classic myths and tales all children will love Ten classic stories are brought together in this collection, each one as thrilling as the last. From the heroics of Jason and the Argonauts, to the courage of George as he sets out to fight the terrible dragon, to the bravery and kindness of Robin Hood, this is a book full of excitement, surprises, and adventure. Retold in a lively and humorous style and accompanied by Tony Ross's distinctive illustrations, these stories will capture every child's imagination from the very first page. The stories included are "Jason and the Golden Fleece," "King Arthur's Beginnings," "Aladdin and His Magic Lamp," "William Tell," "Hercules and the Monstrous Cacus," "Sinbad the Sailor and the Roc," "George and the Dragon," "Ali Baba and the Forty Thieves," "Theseus and the Minotaur," and "Robin Hood and the Sheriff."

[The Tailor's Girl, Fiona McIntosh](#) , 2013, 1742538045, 9781742538044. A humble soldier, known only as 'Jones', wakes in hospital with no recollection of his past. The few fleeting fragments of memory he glimpses are horrifying moments from the battlefield at Ypres. His very identity becomes a puzzle he must solve. Then Eden Valentine comes gliding into his world, a stunning seamstress who has a dream of her own business in high fashion but duty to her family may never permit her to fulfil it while her fianc resents the intrusion of the disarming Jones in such desperate need of her help to unravel his past. Surrounding the mystery is Alex Wynter, the influential heir to the Wynter industrial empire and country manor Larksfell Hall. With his aristocratic family still reeling from a recent tragedy, he brings news that will further rock the foundations of their privileged lives. When their three very different worlds collide, the pieces of the past finally fall into place and lead them into wildly unexpected futures. What they discover will bring shattering consequences that threaten to tear apart far more than just the heart of the tailor's girl. From the bustling streets of post-Great War London to the idyllic 1920s Sussex countryside, this is a breathtaking story of passion and persistence from a phenomenal Australian storyteller about how true love can overcome incredible odds, even in the most extraordinary circumstances.

'Written with zest and a talent for description that draws you into the world of the novel and its characters... if you enjoy popular romantic fiction, you'd be mad not to try [it].' Sydney Morning Herald 'The Tailor's Girl is a passionate and intriguing story . . . McIntosh has clearly done her research, weaving in the events and turmoil of wartime England. This novel would appeal to anyone who enjoys an escape from their everyday lives and a journey back in time, even if just for a little while. The characters are likeable and The Tailor's Girl is an easy read for people who enjoy a taste of romance in their literature.' SA Life

[Illegal Action: \(Liz Carlyle 3\), Stella Rimington](#) , 2012, 1448150000, 9781448150007. The third thriller from the former head of MI5, featuring MI5 officer Liz Carlyle. When MI5 intelligence officer Liz Carlyle learns of a Russian government plot to kill super-rich Nikita Brunovsky - a man who openly criticises the Putin regime from his London base - it's a race against time to track down the killer. How the Russian is to be silenced is unclear, but the Foreign Office dreads any kind of incident and Liz must work fast to protect him. As she goes undercover, desperately trying to find out who in Brunovsky's retinue might betray him, Liz discovers that an 'illegal' Russian agent has arrived in London. Is this the assassin she is seeking? Under an assumed name, caught up in the high-octane world of the oligarchs, Liz soon finds herself in terrible danger...

[From Oral Literature to Technauriture: What's in a Name?, Russell Kaschula, Andre Mostert](#) , 2011, 0956605230, 9780956605238. "Oral traditions and oral literature have long contributed to human communication, yet the advent of arguably the most influential technology--the written word--altered the course of creative ability. Despite its potential and scope, the development of the written word resulted in an insidious dichotomy. As the written word evolved, the oral word became devalued and pushed to the fringes of society. One of the unfortunate consequences of this transition to writing has been a focus on the systems and conventions of orality and oral tradition. Although of importance, a more

appropriate focus would be on ways of supporting and maintaining the oral word, and its innate value to human society, in the face of rampant technological development. Yet it is ironic that technology is also helping to create a fecund environment for the rebirth of orality. This paper offers an overview of the debate about the relationship between oral literature, the written word and technology, and suggests that the term technauriture may offer a suitable encompassing paradigm for further engagement with the oral word and its application to modern society. We discuss the late Bongani Sitole, a poet whose oral works were transformed into public and educational resources through the application of technology, and we consider the utility of the term technauriture for describing the relationship between orality, literature and technology"--P. [4] of cover.

[The Sex Book, Suzi Godson, Mel Agace](#) , 2006, 1844035115, 9781844035113. The Sex Book explores the subject of sex, health and sexuality in a straightforward, uninhibited, accessible and adventurous way. Designed as a guide, the book explains everything you want to know about conventional and unconventional sexual behaviour in gender neutral,

straightforward language with bold visuals. A wealth of information is balanced with practical advice and personal experience. The book presumes little and the tone is witty and direct. It avoids the usual stigma attached to sex manuals by having a detached editorial approach that packs gritty sex between beautiful contemporary graphics. Ranging from G-spots to sex diets, *The Sex Book* speaks plainly and openly about a subject at the emotional and spiritual hub of everyone's life. At long last - a contemporary guide to sex; for absolutely everyone, whatever their orientation.

[At War Within: The Double-Edged Sword of Immunity, William R. Clark](#) , 1997, 0195115686, 9780195115680. In the seventeenth century, smallpox reigned as the world's worst killer. Luck, more than anything else, decided who would live and who would die. That is, until Lady Mary Wortley Montagu, an English aristocrat, moved to Constantinople and noticed the Turkish practice of "ingrafting" or inoculation, which, she wrote, made "the small- pox...entirely harmless." Convinced by what she witnessed, she allowed her six-year-old son to be ingrafted, and the treatment was a complete success--the young Montagu enjoyed lifelong immunity from smallpox. Lady Montagu's discovery would, however, remain a quiet one; it would be almost 150 years before inoculation (in the more modern form of vaccination) would become widely accepted while the medical community struggled to understand the way our bodies defend themselves against disease. William Clark's *At War Within* takes us on a fascinating tour through the immune system, examining the history of its discovery, the ways in which it protects us, and how it may bring its full force to bear at the wrong time or in the wrong place. Scientists have only gradually come to realize that this elegant defense system not only has the potential to help, as in the case of smallpox, but also the potential to do profound harm in health problems ranging from allergies to AIDS, and from organ transplants to cancer. Dr. Clark discusses the myriad of medical problems involving the immune system, and he systematically explains each one. For example, in both tuberculosis and AIDS, the underlying pathogens take up residence within the immune system itself, something Clark compares to having a prowler take up residence in your house, crawling around through the walls and ceilings while waiting to do you in. He discusses organ transplants, showing how the immune system can work far too well, and touching on the heated ethical debate over the use of both

primate and human organs. He explores the mind's powerful ability to influence the performance of the immune system; and the speculation that women, because they have developed more powerful immune systems in connection with childbearing, are more prone than men to contract certain diseases such as lupus. In a fascinating chapter on AIDS, arguably the most deadly epidemic seen on Earth since the smallpox, Clark explains how the disease originated and the ways in which it operates. And, in each section, we learn about the most recent medical breakthroughs. At first glance, it may appear that our immune system faces daunting odds; it must learn to successfully fend off, not thousands, but millions of different types of microbes. Fortunately, according to Clark, it would be almost impossible to imagine a more elegant strategy for our protection than the one chosen by our immune system, and his *At War Within* provides a thorough and engaging explanation of this most complex and delicately balanced mechanism.

[Blue Eyed Cop: The Story of Maddog Tidwell, Mo Todd](#) , 2006, 0976894300, 9780976894308. Officer Mike "Maddog" Tidwell thought he had seen it all in his 25 years of police service. Tidwell and his crew of small town police officers stumble across a plot to destroy an entire nation, and it is up to them to stop this demonically influenced evil before it is too late, and millions die. This work takes you into the heart of a policeman's life, and is exciting, violent, and heart wrenching. Extreme violence, and street language.

[Feigenbaum's Echocardiography, William F. Armstrong, Thomas Ryan](#) , 2012, 145114783X, 9781451147834. The thoroughly revised Seventh Edition of Feigenbaum's Echocardiography reflects recent changes in the technology and clinical use of echocardiography. Highlights include over 1,600 illustrations, 600 in full color; detailed discussions on the use of three-dimensional echocardiography and perfusion imaging; and new information on the mechanics and utility of Strain and Strain rate imaging. Many new images complement the state-of-the-art information on technological advances. Current AHA/ACC guidelines are included for each chapter. An accompanying DVD contains tutorials on echo interpretation with voiceover and animations.

[Modelling Longevity Dynamics for Pensions and Annuity Business, Ermanno Pitacco, Michel Denuit, Steven Haberman, Annamaria Olivieri](#) , 2009, 0191563153, 9780191563157. Mortality improvements, uncertainty in future mortality trends and the relevant impact on life annuities and pension plans constitute important topics in the field of actuarial mathematics and life insurance techniques. In particular, actuarial calculations concerning pensions, life annuities and other living benefits (provided, for example, by long-term care insurance products and whole life sickness covers) are based on survival probabilities which necessarily extend over a long time horizon. In order to avoid underestimation of the related liabilities, the insurance company (or the pension plan) must adopt an appropriate forecast of future mortality. Great attention is currently being devoted to the management of life annuity portfolios, both from a theoretical and a practical point of view, because of the growing importance of annuity benefits paid by private pension schemes. In particular, the progressive shift from defined benefit to defined contribution pension schemes has increased the interest in life annuities with a guaranteed annual amount. This book provides a comprehensive and detailed description of methods for projecting mortality, and an extensive introduction to some important issues concerning longevity risk in the area of life annuities and pension benefits. It relies on research work carried out by the authors, as well as on a wide teaching experience and in CPD (Continuing Professional Development) initiatives. The following topics are dealt with: life annuities in the framework of post-retirement income strategies; the basic mortality model; recent mortality trends that have been experienced; general features of projection models; discussion of stochastic projection models, with numerical illustrations; measuring and managing longevity risk.

[The Mammalian Auditory Pathway: Neurophysiology, Richard R. Fay](#) , 1992, 0387978011, 9780387978017. The Springer Handbook of Auditory Research presents a series of comprehensive and synthetic reviews of the fundamental topics in modern auditory research. It is aimed at all individuals with interests in hearing research including advanced graduate students, postdoctoral researchers, and clinical investigators. The volumes will introduce new investigators to important aspects of hearing science and will help established investigators to better understand the fundamental theories and data in fields of hearing that they may not normally follow closely. Each volume is intended to present a particular topic comprehensively, and each chapter will serve as a synthetic overview and guide to the literature. As such, the chapters present neither exhaustive data reviews nor original research that has not yet appeared in peer-reviewed journals. The

series focusses on topics that have developed a solid data and conceptual foundation rather than on those for which a literature is only beginning to develop. New research areas will be covered on a timely basis in the series as they begin to mature.

[The Comparative Study of Electoral Systems, Hans-Dieter Klingemann](#) , 2012, 0199642397, 9780199642397. Citizens living in presidential or parliamentary systems face different political choices as do voters casting votes in elections governed by rules of proportional representation or plurality. Political commentators seem to know how such rules influence political behaviour. They firmly believe, for example, that candidates running in plurality systems are better known and held more accountable to their constituencies than candidates competing in elections governed by proportional representation. However, such assertions rest on shaky ground simply because solid empirical knowledge to evaluate the impact of political institutions on individual political behaviour is still lacking. The Comparative Study of Electoral Systems has collected data on political institutions and on individual political behaviour and scrutinized it carefully. In line with common wisdom results of most analyses presented in this volume confirm that political institutions matter for individual political behaviour but, contrary to what is widely believed, they do not matter much.

[In the Footsteps of Mr Kurtz: Living on the Brink of Disaster in the Congo \(Text Only\), Michela Wrong](#) , 2012, 000738209X, 9780007382095. A story of grim comedy amid the apocalypse and a celebration of the sheer indestructibility of the human spirit in a nation run riot: Michela Wrong's vision of Congo/Zaire during the Mobutu years is

incisive, ironic and revelatory. Mr Kurtz, the colonial white master, brought evil to the remote upper reaches of the Congo River. A century after Conrads Heart of Darkness was first published, Michela Wrong revisits the Congo during the turbulent era of Mobutu Sese Seko. From the heart of Africa comes grotesque confusion: pink-lipsticked rebel soldiers mingle with track-suited secret policemen in hotels where fin de siecle dinner parties are ploughing through vintage wines rather than leave them to the new regime. Congo, the African country richest in natural resources, has institutionalised kleptomania. Everyone is on the take. Someone has even swiped one of the uranium rods from the countrys only nuclear reactor. Having presided over unprecedented looting of the countrys wealth, Mobutu, like Kurtz, retreated deep within the jungle to his palace of marble floors and gold taps. A hundred years on and nothing has changed.

[An African Odyssey: Capetown to Timbuktu, Abeja Hummel](#) , 2004, 0968864864, 9780968864869. This exciting and educational book -- filled with eye-opening interviews, personal stories, and more than 100 pictures -- breaks down stereotypes and offers a truly firsthand taste of the richness and diversity of African culture, history, environment, and politics. Compiled by a group of young Americans of varied ethnic backgrounds who trekked the continent from Cape Town to Tangier, An African Odyssey puts readers in the center of the action, and teaches them how they can act on what they've learned in "Making a Difference" sidebars.

[The Healer, Mark B. Honeycutt](#) , 2012, 0988229110, 9780988229112. Gornia and Sarcus had been at peace for over a hundred years since the Great War, but peace wouldn't last much longer since the powerful black magician, Druck, took control of Sarcus from his weak father. Black Magic had been outlawed after the war, but Druck studied the dark arts in hiding with the help of an old councilman who wanted revenge against Gornia. Together, they renewed the darkest of magic in order to put the entire world under the dark clouds of tyranny and slavery. Lord Nilet, the most powerful magician in Gornia, sensed the dark arts, and he made a "diplomatic" journey to Druck's castle to find out exactly what Druck was up to. He found the answers, but before he could slip away, Druck struck him with powerful magic, and the elderly magician had to protect himself from forces he had never seen before. Lord Nilet's entourage narrowly escaped Druck, and before the last guard died from an incineration spell, Lord Nilet was put into the hands of the local Healer and his son. How will Gornia survive Druck's wrath? It all begins in the small village of Heshire with a young Magician and an apprentice Healer. They don't know the challenges ahead. Friends will become enemies, spies are all around, and Druck's magic is deceptive and confusing. They have just a few days to take action, or Druck will run a dark spear through the heart of their country.

[Take Two Cookies and Call Me In the Morning: A Story of How to Connect in a Disconnected World, Nancy R. Harrison](#) , 2002, 0972328505, 9780972328500. This shares with you the story of one woman's personal transformation and her unique discovery that love is like chocolate chip cookies. Love has a repeatable recipe. Unfortunately, Liz, like most of us, leaves home without having learned all the ingredients or knowing how to create loving connections. This short yet powerful adult storybook takes you on Liz's journey as she discovers each ingredient and creates a unique recipe for loving. Through Liz's experiences, you will learn the secret to connecting in a disconnected world

[Three Good Deeds, Vivian Vande Velde](#) , 2007, 0547351577, 9780547351575. If Howard had known the old hag was a witch, he never would have taunted her. But he did, and she did what witches do--cursed him--and now he's a goose! Howard is desperate to become a human again. But the only way to break the curse is to do three good deeds. How can you help others when you've got webbed feet, wings for hands, and can't say anything but "Honk"?

[Fearless in Alaska, MS Izzy Ballard](#) , 2011, 0981826717, 9780981826714. Get out the bear spray . . . double up on the vodka . . . hide the Glock, and be prepared for anything. It's Valentine's Day in Alaska! Rule #1: You live in Alaska, you

don't back down when the going gets tough. Enter Abigail Vertuccio: Alaskan, independent, ready to take on anything. An outraged grizzly? No problem. Clinging to the side of a mountain at -40 below. Done. Being reluctantly clairvoyant--not so easy. Still, she's definitely not about to freak out over a vision about getting married on February 14th --at 2:46 to be exact. Her escape? Abbey's old friend, a British MI6 operative, calls in a favor: "Keep my batty brother, Ben, out of trouble on his trip to Alaska." Only who's going to keep Abbey out of trouble? Because when Ben and Abbey get together, it's like Lara Croft meets Batman (or more like Maxwell Smart meets Agent 99). And before you can say "Holy Moose Nuggets, Robin," they have a hit and run driver, burglar and kidnapper to deal with--all while keeping Abbey's on-again, off-again boyfriend, Mac, at arm's length so she can avoid a Valentine's Day nightmare of the wedding variety. Unfortunately, one thing she doesn't have a handle on is love. So when it's starting to look like Ben may be "the one," and Mac isn't about to give up (oh, and the bad guys, too), she's just hoping for the best. Too late. Valentine's Day is fast approaching and one thing is clear, Abbey needs to do whatever it takes to make it to February 15th. No wedding ring. No casket.

[A Gift from Tiffany's, Melissa Hill](#), 2012, 1250020220, 9781250020222. In A Gift from Tiffany's by Melissa Hill, New York City at Christmas and a visit to Tiffanys isa recipe to sweep a girl off her feet unless fate has other plans . . . When Ethan Greene lost his wife to cancer, he never thought he would be able to replace her until one woman stepped in and showed him how to be happy again. Now, on a romantic Christmas trip to New York City, he has a plan to show Vanessa just how important she is to him, and maybe even give his daughter, Daisy, a complete family again. Hes going to propose with a perfect ring from Tiffanys. Gary Knowles and his girlfriend Rachel are on the trip-of-a-lifetime in New York, at the most magical time of year. The only thing missing is Gary's gift for Rachel. On a last-minute Christmas Eve visit to Tiffanys, he quickly picks out a charm bracelet for her, and heads back to their hotel. But, in a moment, one small mistake changes everything.

[Portuguese Syntax: New Comparative Studies, Joo Costa](#), 2000, 0195125762, 9780195125764. This volume is a collection of previously unpublished articles focusing on the following aspects of Portuguese syntax: clause structure, clitic placement, word order variation, pronominal system, verb movement, quantification, and distribution of particles. The articles are written within the principles and parameters framework and contrast Portuguese with other Romance languages.

[Androtion and the Atthis: the fragments translated with introduction and commentary, Androtin, Phillip Harding](#), 1994,

019872148X, 9780198721482. BACKGROUND TO THE ATTHIS Atthis was the name given to the local history of Attica. This genre of historiography was invented in the fifth century by Hellanikos of Lesbos. Written in chronicle form, based upon kings and archons, it covered all aspects of Attic affairs from their mythical beginnings to the contemporary history of the individual author. It was a fascinating blend of patriotic fiction and historical fact. FIRST COMPLETE TRANSLATION Though there were at least seven men who wrote Atthides, none of their works has survived intact. This volume presents in translation for the first time all the fragments of the Atthis of the fourth-century Athenian politician and historian, Androtion, and the testimonia for his life and career. Androtion was one of the most respected Atthidographers. EXTENSIVE INTRODUCTION AND COMMENTARY The extensive Introduction deals with the genre and the individual Atthidographers, and Androtion and his career. The individual fragments are analysed in detail in the Commentary. Throughout particular attention is devoted to Jacoby's theory of the political bias of the Atthidographers, which is shown to be unfounded.

[Dragon Moon, , Carole Wilkinson](#) , 2009, 1423111745, 9781423111740. In the time of the Han Dynasty in ancient China, a young orphan prepares for a difficult journey. Ping has grown to become a skilled Dragon Keeper, but her greatest challenge is yet to come. After rescuing the baby dragon, Kai, from the evil Emperor, she brings him to a safe haven near the border of the Empire. Now, as Kai grows into a restless young dragon, Ping faces a tough decision. She must find a way to take Kai to the ancient haven of the dragons. Following cryptic clues left by the wise dragon, Danzi, Ping and Kai set off on a long and dangerous journey filled with old friends and new enemies. But the biggest surprise awaits them at the end of their travels, when Ping quickly learns that the hardest part of being a Dragon Keeper may be realizing when its time to let go. With this story of tender friendships and heroic adventure, Carole Wilkinson brings her epic trilogy about dragons in ancient China to a thrilling and satisfying end.

[How to Make a Baby Boy, Lisette Toth, Les Toth](#) , 2005, 0973264098, 9780973264098. In the past, when our parents wanted to make a baby they got what they settled for despite their preferences. Today, with all of the scientific advances that have taken place, unlike in the past, we are now able to take control of what was once one of the greatest mysteries known to man: How to influence the gender of a child before conception. Today's parents are now able to choose the gender of their child well before it is even born. So if you have always desired a beautiful bouncing baby boy then this is

figure wreathed in sea spray appears below the treacherous Grey Gull rocks. Felicity deftly saves Mr. Ross from drowning, and brings him home to her mother's guest house. But who is he and how does he exert such a subtle influence?

[Losing You, Nicci French](#) , 2008, 0141901675, 9780141901671. Losing You is a nail-biter of a thriller from the bestselling author, Nicci French The clock is ticking - and the search hasn't even begun... Nina Landry has given up city life for the isolated community of Sandling Island, lying off the bleak east coast of England. At night the wind howls. Sometimes they are cut off by the incoming tide. For Nina though it is home. It is safe. But when Nina's teenage daughter Charlie

fails to return from a sleepover on the day they're due to go on holiday, the island becomes a different place altogether. A place of secrets and suspicions. Where no one - friends, neighbours or the police - believes Nina's instinctive fear that her daughter is in terrible danger. Alone, she undergoes a frantic search for Charlie. And as day turns to night, she begins to doubt not just whether they'll leave the island for their holiday - but whether they will ever leave it again. Praise for Nicci French: 'You live through every nail-biting minute' Guardian Nicci French is the pseudonym for Nicci Gerrard and Sean French. The couple live in Suffolk and have written thirteen other bestselling novels, all published by Penguin: *Complicit*, *What to Do When Someone Dies*, *Until It's Over*, *Catch Me When I Fall*, *The Memory Game*, *Beneath the Skin*, *The Safe House*, *The Red Room*, *Land of the Living*, *Killing Me Softly*, *Secret Smile* and, most recently, *Blue Monday* and *Tuesday's Gone* in the brilliant new Frieda Klein series. [Ponygirl Champion- The Maddy Saga- Book Three, Paul Blades](#) , 2009, 0982463537, 9780982463536. Book Three of the Maddy Saga finds Maddy, now known as Lightning, struggling to cope with the harsh life of a ponygirl. It's the Spring Ponygirl Season and she must devote her entire being to victory or face cruel punishments. Jake Barnes, her billionaire uncle's fixer, launches a search for her amidst the Kalikastani hinterland posing as a purchaser of ponygirls. Jake must learn to swim in the ocean of depravity which is Kalikastan to forestall discovery of his mission and the certain death that

would follow. Meanwhile, Uncle Michael is learning all too well how to cope with living with the power of life or death over beautiful, sexually subservient slave girls. Maddy's rescue cannot thwart his plans to live the life of a virtual medieval Emir and Jake must figure out a way to save her while, at the same time, preserving his boss's growing criminal empire.

[The Real James Herriot: The Authorized Biography, Jim Wight](#) , 2000, 0141916532, 9780141916538. After qualifying as a vet in 1939, Alf Wight, aka James Herriot, moved to a veterinary practice in Thirsk. He was over fifty when his first book of stories about life as a Yorkshire vet was published, giving birth to some of Yorkshire's most famous and much-loved literary characters. Although he brought fame and fortune to himself and those around him, Alf Wight remained an intensely private person, respected and trusted by those whose animals he cared for, and adored by millions of fans. This illuminating biography reveals the real man behind the title 'The World's Most Famous Vet'.

[The New Handbook of Second Language Acquisition, William C Ritchie, Tej K Bhatia](#) , 2009, 1848552416, 9781848552418. Divided into six parts, each of which deals with a different aspect of the study of SLA, this title includes a history of methods used in SLA research and an overview of various methods. It also treats social factors in SLA, including research on acquisition in contact circumstances, and on the final state of SLA, bilingualism.

[Report of a Clinical Governance Review at Weston Area Health NHS Trust, December 2001,](#) , 2001, 0117029076, 9780117029071. The report highlights examples of good practice regarding: the treatment of patients who have had a stroke, particularly the Quantock unit which helps prepare patients for independent living after a stroke or other treatment; the intermediate care unit at a local nursing home, developed together with local social services; and the work of the breast cancer care nurse. Causes for concern relate to: the limited inpatient paediatric services; the trust's lack of a middle management structure, which places increased pressure on senior clinical staff; and the need for improvements to the supervision and support of volunteers.

This book offers library collections a critical mass of research into the advancement, productivity, and performance of the end user computing domain.

[Between the Forest and the Hills, Ann Lawrence](#) , 1999, 1883937396, 9781883937393. A humorous fantasy tale set in ancient Britain. Iscium, an isolated Roman town in the west of Britain, is cut off from the collapsing Empire. Most of the town senators and officials are primarily concerned with keeping a low profile with the neighboring barbarians and renovating the city baths. But when young Falx runs away, and finds a lost barbarian girl, things begin to happen. The children are brought back by a one-eyed merchant who returns them to an Iscium quivering with the possibility of a barbarian invasion. The mysterious merchant has a plan--involving two talking ravens and The Hallelujah Chorus--and life is never quite the same again, for either the Romans or their invaders. A zany mix of history, humor, and the miraculous--in the satisfying tradition of "Don Camilla.

[Hellenistic Royal Portraits, R. R. R. Smith](#) , 1988, 0198132247, 9780198132240. The visual image of the ruler, particularly in sculpture, played an important role in expressing the character of the new, distinctive style of monarchy brought to Greece and the East by Alexander and the Hellenistic kings. Royal portraits survive on coins and in sculpture, and we read about them in inscriptions and literature - evidence that is here combined to give an historical interpretation of the royal image from Alexander to Kleopatra. Part I looks at the historical setting of royal portrait statues, which functioned as an important medium of exchange between the king and the Greek cities. They gave a visual presentation of royal ideology and expressed the basis of the king's power in a personal godlike charisma. Part II collects together and analyses the major surviving portraits, grouped broadly by time and place, and Part III sets them in the wider political context of the period. The dated coin portraits are used to show broad changes in the royal image and how it responded to the major political challenges from Parthia to the East and Rome to the West.

[Stability of Microstructure in Metallic Systems, J. W. Martin, John Wilson Martin, R. D. Doherty, B. Cantor](#) , 1997, 0521423163, 9780521423168. The second edition of this textbook, popular amongst students and faculty alike, investigates the various causes of thermodynamic instability in metallic microstructures. Materials theoretically well designed for a particular application may prove inefficient or even useless unless stable under normal working conditions. The authors examine current experimental and theoretical understanding of the kinetics behind structural change in

metals. The entire text has been updated in this new edition, and a completely new chapter on highly metastable alloys has been added. The degree to which kinetic stability of the material outweighs its thermodynamic instability is very important, and dictates the useful working life of the material. If the structure is initially produced to an optimum, such changes will degrade the properties of the material. This comprehensive and well-illustrated text, accompanied by ample references, will allow final year undergraduates, graduate students and research workers to investigate in detail the stability of microstructure in metallic systems.

[Live & be Well: A Celebration of Yiddish Culture in America from the First Immigrants to the Second World War, Richard F. Shepard](#) , 2000, 0813528127, 9780813528120. Like a warm family album, this lively book heralds and documents the rich and vibrant traditions of Yiddish-speaking immigrants and their children in "the golden land," from the first arrivals to the Second World War. Meet the famous, the infamous, and the unknown--from hotelier Jenny Grossinger to mobster Jake "Greasy Thumb" Guzik to Moses Solomon, the would-be "Jewish Babe Ruth;" from anarchist Emma Goldman to entertainer Eddie Cantor. Share the struggles and the triumphs of the labor unions, of Yiddish playwrights and poets. Enter the sweatshops of New York's Lower East Side and the first Jewish settlements in Los Angeles and Chicago. Taste pastrami from Canter's Deli in Los Angeles, knishes from Yonah Shimmel's in New York City, and the famous "smookmit" of the Montreal ghetto. Lavishly illustrated with photos, cartoons, theater posters, and song sheets, here is a book to delight and inform. It is a joyous celebration of life.

But if that's not hard enough, her long-lost mother has made a surprise return to Cameryn's life. When her mother picks up a mysterious young hitchhiker, Cameryn senses that the girl is running from something. But before she can find out more, the girl is found dead with a gun in her hand. Is it suicide? Or something even more sinister?

[Lookout Cartridge, Joseph McElroy](#) , 2003, 1585673528, 9781585673520. With Lookout Cartridge, Joseph McElroy established a reputation as one of contemporary fiction's foremost innovators and deft observers into the fissures of modern society. It is a novel of dazzling intricacy, absorbing suspense, and the highest ambition: to redeem the great claim of paranoia on the American psyche. In trying to figure out just who is so threatened by an innocent piece of cinema verit filmed in collaboration with a friend, Cartwright finds himself at the heart of a mystery stretching from New York and London to Corsica and Stonehenge. With each new fact he gathers, both the intricacy of the syndicate arrayed against him and what his search will cost him become alarmingly clear.

[The Book for Teens, Tyndale House Publishers](#) , 1999, 0842334912, 9780842334914. "The Book for Teens" is an easy-to-read, contemporary Bible that will make an excellent gift for teens. Using the New Living Translation, this Bible shows teens how biblical truths are relevant to their lives today. Topical verses, teen-friendly book introductions, and a helpful front section will show young people that "The Book for Teens" can help them with life issues, relationships, their future, and their faith.

[A Guide to the Elements, Albert Stwertka](#) , 1999, 0195127080, 9780195127089. The chemical elements and the basic principles of chemistry are the foundations of all scientific study, but this is the first book devoted to making information about the elements easily available and understandable. A Guide to the Elements begins with an introductory section that explains some of the basic concepts of chemistry and traces the history and development of the periodic table of the elements. In clear, nontechnical language, using historical anecdotes and everyday examples, noted science writer Albert Stwertka makes complex ideas and terms easily understandable. Each of the 112 elements is discussed in a separate

article accompanied by photographs--many in full color--of practical applications of the elements. Middle school and high school students will find this a welcome reference, as will adults with no background in chemistry. An excellent "look-it-up" resource as well as a superb introduction to chemistry, *A Guide to the Elements* is a good beginning step on the road to chemical literacy.

[The Psychology of Sexual Victimization: A Handbook, Michele Antoinette Paludi](#) , 1999, 0313302480, 9780313302480. A scholarly handbook focusing on variables that assist in confronting and preventing the forms of sexual victimization, which include rape, child abductions, battering, sexual harassment, and incest. Resources include parent and teacher training, public education and awareness, and psychotherapeutic techniques for families and friends of victims as well as the victims themselves. All contributors to this handbook have been active in research, advocacy, and legislation in sexual victimization of children, adolescents, and adults. It will be of special interest to individuals who work in the area of sexual victimization: psychologists and psychiatrists, social workers, attorneys, policymakers, agency and shelter volunteers and professionals, clergy, and faculty and students in psychology, women's studies, law, medicine.

[Blood That Cries Out From the Earth: The Psychology of Religious Terrorism, James Jones](#) , 2012, 0199887403, 9780199887408. Religious terrorism has become the scourge of the modern world. What causes a person to kill innocent strangers in the name of religion? As both a clinical psychologist and an authority on comparative religion, James W. Jones is uniquely qualified to address this increasingly urgent question. Research on the psychology of violence shows that several factors work to make ordinary people turn "evil." These include feelings of humiliation or shame, a tendency to see the world in black and white, and demonization or dehumanization of other people. Authoritarian religion or "fundamentalism," Jones shows, is a particularly rich source of such ideas and feelings, which he finds throughout the writings of Islamic jihadists, such as the 9/11 conspirators. Jones goes on to apply this model to two very different religious groups that have engaged in violence: Aum Shinrikyo, the Buddhist splinter group behind the sarin gas attacks in the Tokyo subway system, and members of the extreme religious right in the U.S. who have advocated and committed violence against abortion providers. Jones notes that not every adherent of an authoritarian group will turn to violence, and he shows how theories of personality development can explain why certain individuals are easily recruited to perform terrorist acts.

The most recent developments in diagnostic and therapeutic aspects of Gliomas (Glioblastoma) in the brain are presented. The importance of personalized medicine and clinical validation for targeted therapy are discussed. The identification of various types of biomarkers is included. The identification and validation of brain cancer (glioblastoma) genes are discussed. Role of cancer stem cells in the initiation, progression, and persistence of malignant

gliomas is explained. The use of surgical resection, chemotherapy (e.g., temozolomide), immunotherapy, and radiotherapy for malignant glioblastoma are pointed out. Standard (established) as well as newer imaging modalities (proton magnetic resonance spectroscopy) are discussed.

[The Revolutionary Ideas of Karl Marx, Alex Callinicos](#) , 2012, 1608461386, 9781608461387. Few thinkers have been declared irrelevant and out of date with such frequency as Karl Marx. Hardly a decade since his death has gone by in which establishment critics have not announced the death of his theory. Whole forests have been felled to produce the paper necessary to fuel this effort to marginalize the coauthor of The Communist Manifesto. And yet, despite their best efforts to bury him again and again, Marx's specter continues to haunt his detractors more than a century after his passing. As another international economic collapse pushes ever growing numbers out of work, and a renewed wave of popular revolt sweeps across the globe, a new generation is learning to ignore all the taboos and scorn piled upon Marx's ideas and rediscovering that the problems he addressed in his time are remarkably similar to those of our own. In this engaging and accessible introduction, Alex Callinicos demonstrates that Marx's ideas hold an enduring relevance for today's activists fighting against poverty, inequality, oppression, environmental destruction, and the numerous other injustices of the capitalist system.

[Communicating in Organizations: A Casebook, Gary L. Peterson](#) , 2000, 0205295894, 9780205295890. This book is a collection of 23 case studies that provide students with realistic situations for analysis and discussion of organizational communication principles. It contains classroom-tested cases from a variety of contributors who provide slices of organizational life in narrative form. This casebook is useful for teaching conceptual material in the first part of the semester while emphasizing the application of principles in the latter half, or for teaching using application exercises throughout the duration of the course. For readers interested in organizational communication principles.

[Optimal Control and the Calculus of Variations, Enid R. Pinch](#) , 1995, 0198514891, 9780198514893. Optimal control is a modern development of the calculus of variations and classical optimization theory. For that reason, this introduction to the theory of optimal control starts by considering the problem of minimizing a function of many variables. It moves through an exposition of the calculus of variations, to the optimal control of systems governed by ordinary differential equations. This approach should enable students to see the essential unity of important areas of mathematics, and also allow optimal control and the Pontryagin maximum principle to be placed in a proper context. A good knowledge of analysis, algebra, and methods is assumed. All the theorems are carefully proved, and there are many worked examples and exercises. Although this book is written for the advanced undergraduate mathematician, engineers and scientists who regularly rely on mathematics will also find it a useful text.

[Voices of Resurgent Islam, John L. Esposito](#) , 1983, 019503340X, 9780195033403. The Muslim world extends from North Africa to Southeast Asia. In addition to some forty-three Muslim (majority) countries, Muslims constitute a significant minority in another twenty countries. The more than 800 million Muslims comprise almost a fifth of the world's population. The size and geographic expanse of the Muslim world and its emergence as a world economic power whose political stability is of increasing importance to the Western world have made an understanding of events in the Muslim world a critical concern. The purpose of this volume is to provide some insight into a phenomenon that has swept the Muslim world. It has been described by various titles: Islamic Resurgence, Islamic Revival, Militant Islam, Rise of Islamic Fundamentalism. This volume will explore the origins, development, prospects, and implications of the Islamic resurgence through both analytical studies (on the history and major influences of the resurgence) as well as the statements of Muslim scholar/ activists engaged in the political, social, and economic aspects of the Islamic resurgence today. -- from Introduction (p. 3).

[The Reconnection, Eric Pearl](#) , 2011, 1459618955, 9781459618954. Why are prominent doctors and medical researchers all over the world interested in the extraordinary healings reported by the patients of Dr. Eric Pearl? What does it mean when these patients report the sudden disappearance of afflictions such as cancers, AIDS-related diseases, and cerebral palsy? And what does it mean when people who interact with Dr. Pearl report a sudden ability to access this healing energy not just for themselves, but for others, too? What is this phenomenon? Well, you might have to reconsider everything you've read up until now about conventional healing. The "new" frequencies of healing described by Dr. Pearl transcend "technique" entirely and bring you to levels beyond those previously accessible to anyone, anywhere. This book takes you on Dr. Pearl's journey from the discovery of his ability to facilitate healings, to his well-deserved reputation as the instrument through which this process is being introduced to the world. But most important, The Reconnection reveals methods you can use to personally master these new healing energies.

[Adobe Photoshop CS Down & Dirty Tricks, Scott Kelby](#) , 2003, 0132932563, 9780132932561. Bestselling author Scott Kelby (Editor of Photoshop User magazine) is back with an amazing new collection of Photoshop Down and Dirty Tricks, including how to create the same exact effects you see every day in magazines, on TV, at the movies, and on the Web. It's more of those eye-popping, jaw-dropping special effects that made Scott's previous version an award-winning worldwide smash hit! But this isn't just an update to his previous book--these are 100% ALL NEW EFFECTS from cover-to-cover to reflect the latest trends in Photoshop special effects and design. These are nothing but today's real world techniques--the same ones you see used by leading Photoshop photographers, designers, and special effect masters, and its all here in the only book of its kind. You'll learn the most closely guarded inside secrets for creating the latest cutting-edge effects, including techniques that have never been revealed before anywhere! And the book is written so clearly,

and is so easy to follow, that you'll be able to create every one of these amazing effects yourself. You'll learn: Tricks professional photographers use to show off their work The most popular effects used by the big Hollywood studios The latest cutting-edge photographic special effects How to fake all kinds of studio shots (you'll be amazed how its done!) The type effects that are most in demand by clients How to get stunning 3D effects without using a 3D program How to turn simple snapshots into museum quality gallery prints The most asked for new Web effects Plus loads of advanced effects that look hard, but are easy, once you know the secrets But Down and Dirty tricks is more than just a just an effects book--it's a tips book too, because on every page Scott includes a cool tip, a quick trick, or a timesaving shortcut, making this an invaluable productivity tool too! Plus the whole book is packed with design techniques, creative ideas and stunning layouts that will help you unleash your own creativity. It's all here-- "Just the funk and not the junk" and if you're into Photoshop, you're absolutely gonna love it!

[Performing Arts Management: A Handbook of Professional Practices, Tobie S. Stein, Jessica Bathurst](#) , 2010, 1581157533, 9781581157536. Performing Arts Management is a must-read for every student and manager of performing arts, from theater to classical music, opera to dance. This comprehensive volume is packed with the wisdom and expertise of more than 150 nonprofit and commercial performing arts professionals who share their winning strategies for the workplace. Uncover the realities of running a performing arts organization today, as the authors offer extensive, in-depth information on: Organizational Structures and Managerial Positions Establishing a Mission Statement and Executing a Vision Nonprofit Formation and Legal Considerations Producing a Commercial Production Managing Finances Developing a Funding Base Ticket Selling Strategies Performing Arts Education Labor Relations Touring Productions Facility Management Career Development Strategies InternshipsEvery type of performing arts organization is included, with commentary from managers at the Kennedy Center, the Brooklyn Academy of Music, Lincoln Center Festival, the Mark Morris Dance Group, the Minnesota Opera, and many more renowned industry leaders. Their practical tips and insider hints are illustrated by more than one hundred figures and appendices of sample organizational structures, job descriptions, business models, letters, income statements, operating budgets, and much more. Each chapter also highlights classroom discussion questions and contains a detailed resource list, including Web sites. Performing Arts Management is the most authoritative and up-to-date source for anyone in the field seeking successful business and communications practices.

[Opera and the Culture of Fascism, Jeremy Tambling](#) , 1996, 0198165668, 9780198165668. This study looks at

nineteenth - and early twentieth-century opera as part of a culture which produced fascism as a crisis-state, and threatened to extinguish the genre as an influential and contemporary high form of art altogether. Jeremy Tambling highlights the themes of the cultural crisis through a detailed discussion of some dozen operas and a general overview of the works of Wagner, Verdi, Puccini, Strauss, and others, drawing on the writings of Nietzsche, Adorno, Benjamin, and Heidegger, for an understanding of the ideological background. Reading fascism as a political, intellectual, and psychological phenomenon, the author draws on the works of Bataille, Theweleit, and Kristeva, for discussion of proto-fascist and fascist thought, and for its relation to gender-politics. Resisting the clichés about Wagner or Strauss's relationship to the Third Reich, Tambling takes the opera out the hermetically sealed-off state in which it is normally discussed, and presents it as both complicit in, and in opposition to, the reactionary and regressive pressures that made up the 'culture of fascism', and those that tried to make opera part of the 'fascism of culture'.

[600 Essential Words for the ToEIC Test: Test of English for International Communication, Lin Lougheed](#) , 2003, 0764175386, 9780764175381. This valuable book, designed to help students preparing for the Test of English for International Communications, is available in a new, updated edition that now includes a compact disc to provide vital help in pronunciation and listening comprehension. Students are presented with American-style English vocabulary as it is used in the context of business, industry, and technology. Short follow-up quizzes at the end of each section test students learning progress.

[The Beginnings of Writing,](#) , 1993, 0205145183, 9780205145188. The Beginnings of Writing, Third Edition is the best illustrated single source on young children's writing development--from scribbles and invented spelling to composition. This new edition provides the most careful attention to children's development--to what the children are trying to do as they write. It improves on the earlier editions with more teaching suggestions for emergent literacy and detailed guidelines for making reading-writing connections in a productive learning environment.

[North Korean Foreign Relations in the Post-Cold War Era, Samuel S. Kim, Charles K. Armstrong](#) , 1998, 0195906047, 9780195906042. This book examines the changing face of North Korea's foreign policy and how its leaders deal with the rest of the world, in the light of its altering political and economic conditions.

[Glorious Technicolor: The Movies' Magic Rainbow, Fred E. Basten](#) , 2005, 0964706504, 9780964706507. This is a full account of the dazzling Technicolor years that turned the screen from silver to every color of the rainbow. Here in one volume are the films, the stars, the showmen and all the elements behind the phenomenon that changed movies forever. Beautiful film stills and rare behind-the-scenes photos taken on the sets of memorable Technicolor movies highlight the

personalities and stories behind the making of the movies. From the long struggle to bring perfect color to motion pictures, to the restoration of classic features and the evolution of digital technologies, Technicolor has redefined the movie-going experience.--From publisher description.

[Maths Investigator: MI3 Getting Started Guide, , Caroline Clissold, Kate Pink](#) , 2007, 0198350988, 9780198350989.

Maths Investigator is a secret spy agency whose mission is to make maths fun and exciting. The series has been extensively trialled and developed to offer schools a fresh and exciting way to combine the content and structure of the 2006 Mathematics Framework with the principles of the Primary Strategy 'Excellence and Enjoyment' guidance - to raise standards whilst making learning fun. The Maths Investigator approach focuses on developing the key skills of problem solving, speaking and listening, and using and applying maths. It uses the engaging spy context and fully integrated software components to embed maths into problem solving and give pupils a clear purpose for learning. For flexibility, Teacher's Guide units are packaged in topic packs. Each pack contains three two-week units of work, including access to the associated Interactive CD unit. Alongside these, the Getting Started Guide provides background information about the rationale and philosophy behind the Maths Investigator series, in addition to quick and simple explanations of how to start using Maths Investigator components in the classroom, a bank of oral and mental starter activities, and curriculum matching charts. It also includes guidance on differentiation and assessment for learning, as well as how to develop problem solving, speaking and listening, and thinking skills effectively.

[A Nose for Adventure, Richard Scrimger](#) , 2010, 1770490434, 9781770490437. In this hilarious sequel to The Nose from Jupiter, Alan is to take his first airplane ride. He is off to New York, where his father will meet him for some quality time together. There are one or two snags, though. First, his father isnt at the airport. Then theres his cranky seatmate, Frieda, who is almost kidnapped while shes waiting for her wheelchair at the baggage claim. Sally, an abandoned mutt, joins the scene. And finally, Norbert is back. He is an alien from Jupiter who had previously taken up residence in Alans nose when he was on a fact-finding mission to Earth. Alan had been, to say the least, an unwilling host to Norbert, but when youre lost in New York City being chased by bad guys, you need all the help you can get!From the Trade Paperback edition.

Dabscheck here provides a critical view of the major events and developments in Australia's industrial relations during the 1980s. Topics covered include wages policy, the Accord, the Hancock Report, the 1985 taxation summit, the emergence of the New Right, the proposed Industrial Relations Bill of 1987, and the TDC/ACTU Document Australia Reconstructed.

[The Road to Wigan Pier, George Orwell](#) , 2001, 0141185295, 9780141185293. In 1936 George Orwell was commissioned to visit areas of mass unemployment in the North of England, and *The Road to Wigan Pier* is a powerful description of the poverty he witnessed there, published with an introduction by Richard Hoggart in Penguin Modern Classics. A searing account of George Orwell's observations of working-class life in the bleak industrial heartlands of Yorkshire and Lancashire in the 1930s, *The Road to Wigan Pier* is a brilliant and bitter polemic that has lost none of its political impact over time. His graphically unforgettable descriptions of social injustice, cramped slum housing, dangerous mining conditions, squalor, hunger and growing unemployment are written with unblinking honesty, fury and great humanity. It crystallized the ideas that would be found in Orwell's later works and novels, and remains a powerful portrait of poverty, injustice and class divisions in Britain. Eric Arthur Blair (1903-1950), better known by his pen-name, George Orwell, was born in India, where his father worked for the Civil Service. An author and journalist, Orwell was one of the most prominent and influential figures in twentieth-century literature. His unique political allegory *Animal Farm* was published in 1945, and it was this novel, together with the dystopia of *Nineteen Eighty-Four* (1949), which brought him world-wide fame. All his novels and non-fiction, including *Burmese Days* (1934), *Down and Out in Paris and London* (1933), *The Road to Wigan Pier* (1937) and *Homage to Catalonia* (1938) are published in Penguin Modern Classics. If you enjoyed *The Road to Wigan Pier* you might like Orwell's *Down and Out in Paris and London*, also available in Penguin Modern Classics. 'True genius ... all his anger and frustration found their first proper means of expression in *Wigan Pier*' Peter Ackroyd, *The Times* 'It is easy to see why the book created and still creates so sharp an impact ... exceptional immediacy, freshness and vigour, opinionated and bold ... Above all, it is a study of poverty and, behind that, of the strength of class-divisions' Richard Hoggart

Comprehensive and incremental, this book focuses on rapid Java application development. Teaches Rapid Java Application Development by hands-on examples that cover JBuilder features such as UI Designer, BeansExpress, and a variety of wizards. The new edition has been updated to be cover versions 4 and 5 of JBuilder. The early chapters introduce JavaBeans-the basis of rapid Java application development; while subsequent chapters apply-step-by-step-rapid application development techniques to build comprehensive, robust and useful graphics applications, RMI, and Java servlets. Covers advanced Java programming on JavaBeans, Bean event model, model-view architecture, developing customized components, Swing components, creating custom layout managers, Bean persistence, bound properties and constraint properties, Bean introspection and customization, Java database programming, and distributed programming using remote method invocation and Java Servlets.

[It is Culture, Stupid, ISSN 1449-583X, Leigh Tabrett](#) , 2013, 0987211439, 9780987211439. In 2005, with a lifelong interest in the arts, a career background in higher education and no professional experience of arts administration, Leigh Tabrett was appointed to lead the Queensland Government's arts agency. She was also chair of the Cultural Ministers' Council Statistics Working Group and has contributed to many public policy processes including the new National Cultural Policy. In a trenchant reassessment of these years she explores how the lack of clarity about the core purposes of government funding has reached deep into how these systems operate both at state and federal level. Can we have a national system of public support for the arts, she asks, in the absence of any clear sense of purpose for such a system? Is there a better way?

[Asit Dan, Winfried Lamersdorf](#) , 2006, 3540681477, 9783540681472. This volume contains the proceedings of the 4th International Conference on Service- Oriented Computing (ICSOC 2006), which took place in Chicago, USA, December 4-7, 2006. ICSOC 2006 followed on the success of three previous editions of the International Conference on Service-Oriented Computing in Amsterdam, Netherlands (2005), New York City, USA (2004) and Trento, Italy (2003). ICSOC is recognized as the main conference for service-oriented computing research that covers the entire spectrum from theoretical and foundational results to empirical evaluations as well as practical and industrial experiences. ICSOC 2006 built on that foundation while introducing several innovations in furthering this goal. Service-oriented computing brings together ideas and technologies from many different fields in an evolutionary manner to address research challenges such as service composition, discovery, integration, monitoring and management of services, service quality and security, methodologies for supporting service development, governances in their evolution, as well as their overall life-cycle management. ICSOC 2006 strengthened the link to two important communities, Software Engineering and Grid Computing, with well-known leaders from these communities serving in important organizing roles such as general chairs in shaping the conference.

[Perfect Crooked Thing, Adam Chesin](#) , 2003, 0971898944, 9780971898943. A marvelous eclectic collection of poems that speaks for a new generation, articulating both hopes and angst, yet reflecting the common threads that bind us all, regardless of age. Adam's poems truly reach to stars, in spirit as well as content, offering a cosmic view of the generation. His poetry is fresh, thought-provoking, and diverting, and we look forward to following his rising star.
