[Bulletproof Ajax, Jeremy Keith](#) , 2003, 0132704765, 9780132704762. Step-by-step guide reveals best practices for enhancing Web sites with Ajax A step-by-step guide to enhancing Web sites with Ajax. Uses progressive enhancement techniques to ensure graceful degradation (which makes sites usable in all browsers). Shows readers how to write their own Ajax scripts instead of relying on third-party libraries. Web site designers love the idea of Ajax--of creating Web pages in which information can be updated without refreshing the entire page. But for those who aren't hard-core programmers, enhancing pages using Ajax can be a challenge. Even more of a challenge is making sure those pages work for all users. In Bulletproof Ajax, author Jeremy Keith demonstrates how developers comfortable with CSS and (X)HTML can build Ajax functionality without frameworks, using the ideas of graceful degradation and progressive enhancement to ensure that the pages work for all users. Throughout this step-by-step guide, his emphasis is on best practices with an approach to building Ajax pages called Hijax, which improves flexibility and avoids worst-case scenarios.

[The quest for Arthur's Britain, Geoffrey Ashe](#) , 2005, 0897332873, 9780897332873. The story of Arthur and the Knights of the Round Table is the chief myth of Britain. But is it something more than myth? Solid facts have emerged through the recent work of archaeologists. This book examines the historical foundations of the Arthurian tradition, and then presents the results of excavations to date at Cadbury (reputed site of Camelot), Tintagel, Glastonbury and less-known places.

[Fuzzy Logic in Management, Christer Carlsson, Mario Fedrizzi, Robert Fuller](#) , 2012, 1461347440, 9781461347446. Fuzzy Logic in Management demonstrates that difficult problems and changes in the management environment can be more easily handled by bringing fuzzy logic into the practice of management. This explicit theme is developed through the book as follows: Chapter 1, "Management and Intelligent Support Technologies", is a short survey of management leadership and what can be gained from support technologies. Chapter 2, "Fuzzy Sets and Fuzzy Logic", provides a short introduction to fuzzy sets, fuzzy relations, the extension principle, fuzzy implications and linguistic variables. Chapter 3, "Group Decision Support Systems", deals with group decision making, and discusses methods for supporting the consensus reaching processes. Chapter 4, "Fuzzy Real Options for Strategic Planning", summarizes research where the fuzzy real options theory was implemented as a series of models. These models were thoroughly tested on a number of real life investments, and validated in 2001. Chapter 5, "Soft Computing Methods for Reducing the Bullwhip Effect", summarizes research work focused on the demand fluctuations in supply chains. The program enhanced existing theoretical frameworks with fuzzy logic modeling. Chapter 6, "Knowledge Management", outlines the collection, storing, transfer and management of knowledge using fuzzy logic. The principles are worked out in detail with software agents. Chapter 7, "Mobile Technology Application", introduces various applications including empirical facts and how mobile technology can be supported with software agents. Implicitly the book develops themes that successful companies should use to (1) master effectiveness and quality in both the details and the whole, (2) build on and work with flexibility, and (3) support continuous learning in both the organizational and the individual level.

[The Mindful Manifesto: How Doing Less and Noticing More Can Help Us Thrive in a Stressed-Out World, Jonty](#)

[Heaversedge, Ed Halliwell , 2012, 1401935362, 9781401935368.](#) Stress is endemic in our culture. We live in a speedy, pressurized world, and there's often little time to really experience and enjoy our lives. Rather than constantly trying to keep up, perhaps it's time for us to stop and pay attention, to our bodies, minds, and the world. For thousands of years Eastern traditions have taught meditation to help people lead healthier, happier lives. Now, scientific research is confirming that mindfulness can help us all improve our mental and physical well-being. Written by Dr. Jonty Heaversedge and Ed Halliwell, The Mindful Manifesto integrates the latest scientific and medical research on mindfulness with meditation's historical context. We will see how mindfulness can: treat mental health problems such as depression and anxiety help us cope with the busyness of everyday life improve our physical health and manage chronic illness help us let go of unwanted behaviors and improve how we function in our relationships and jobs. And why stop there? With examples of how the mindfulness movement is already well underway, we see that encouraging governments and other powerful institutions to take a mindful approach could make a massive difference to the health and happiness of the whole world.

[The Girl Among Thorns: Why Did She Stay So Long, Linda Settles , 2010, 0979023866, 9780979023866.](#) How can we understand the debilitating effects of incest, abandonment, and neglect? Many people ask Why did she stay so long? when they learn about yet another woman who has disclosed the tragic details of bondage, sex slavery, or long-term incest. In this true story, faith, love, and loyalty are put to the test as Chelsey struggles to survive. This honest and direct accounting of her life will help other survivors, loved ones, counselors, and church and community leaders understand the dynamics that breakdown a child's defenses and render them emotionally frozen and unable to flee or fight.

[The Tropical World of Samuel Taylor Darling: Parasites, Pathology and Philanthropy, E. Chaves-Carballo , 2007,](#)

[1845191838, 9781845191832.](#) Samuel Taylor Darling (1872-1925), one of the world's leading experts in tropical diseases

in the early twentieth century, investigated malaria, hookworm, amebiasis and other tropical diseases in Panama, the Far East, South Africa, Brazil and the southern United States. As a pathologist, he performed more than four-thousand autopsies among employees of the Panama Canal Company who died between 1905 and 1914. This experience gave him a singular perspective on the anatomical pathology of tropical diseases. The results of his innovative work helped him to develop new concepts about diagnosis and treatment of malaria (spleen index and species-specific mosquito control); amebic dysentery (modified life cycle using rectal inoculation of parasites in kittens); and intestinal parasitosis (improved detection and treatment); tuberculosis (epidemiology among Panama Canal workers); and other diseases common in tropical regions. Darling is also credited with discovering histoplasmosis. For his pioneering work he was named an honorary member of the Royal Society of Tropical Medicine and Hygiene. Andrew Balfour, first Director of the Wellcome Laboratories in Khartoum, considered him "Americas foremost tropical al parasitologist and pathologist." This book is the first full-length biography of this remarkable scientist. Primary research was conducted at the Rockefeller Archives, National Archives, Library of Congress in the United States, and libraries in Panama and the former Canal Zone. This work is essential reading for medical historians, and those interested in the history of sanitation and public health, malaria, and yellow fever; and provides a better understanding of the Panama Canal experience, and Rockefeller philanthropy in tropical medicine and hygiene.

[Werewolf the Apocalypse: Get of Fenris, Moonstone](#) , 2003, 0972166890, 9780972166898. Werewolf: Get of Belial: A group of young tribesmen of The Get of Fenris are sent to test their power and worth. They find little problem dealing with the threat's presented by the many Black Spiral Dancers that stand before them. It's the past, and the awful truth of an elder's betrayal so many years ago that proves to be the greatest foe they will face. Much blood will flow from the veins of these Garou, enough to drown Gaia! But will justice be delivered against those who have betrayed her.

[Wheat Belly... in 30 Minutes: A 30 Minute Health Summary](#) , 2012, 1623150388, 9781623150389. Wheat Belly ...in 30 minutes is the guide to quickly understanding the celebrated weight loss and health improvement method outlined in William Davis M.D.'s bestselling book, Wheat Belly: Lose the Wheat, Lose the Weight, and Find Your Path Back to Health. In Wheat Belly, renowned heart physician William Davis M.D. makes the case that eliminating wheat consumption will lead to weight loss and a healthier life. Through personal experiences, clinical studies, and an exploration of the diseases and medical conditions associated with different diets, Davis details the damaging health effects of modern, genetically manipulated wheat. Davis explores wheat's adverse effects on the entire body, from the blood to the heart to the visceral organs to the skin, presenting a wheat-free diet as the ultimate solution. He promises that once wheat is eliminated, weight loss, better sleep, and overall better health will follow. A 30 Minute Health Summary Designed for those whose desire to understand how to improve their health exceeds the time they have available, 30 Minute Health Summaries enable readers to quickly digest the important ideas behind critically acclaimed health books. With a

condensed format and chapter-by-chapter synopsis that highlights key information, readers can quickly and easily understand how to be healthier ...in 30 minutes.

Their friend and mentor, Grandfather Thunder, is gone, replaced by their merciless aunt Grizzelda. Transplanted to Horwood House, a Victorian mansion that has family history and secrets, their personal abilities begin to reveal themselves. The ghost of Sergeant Peary, killed in the war and tied to the House, becomes Colin's guardian spirit. In a series of misadventures, Colin, Spike and Melissa and their new friend Rhea, uncover a plot by Zuhayer Bombast Horwood, Colin's Great Grandfather to return from the dead. It's a family plot that has a price, Grizzelda's sanity and Colin's life.

[Generation K: The Kvechies: God's Revenge on the '60s Generation, Janet Couch](#) , 1999, 0965708896, 9780965708890.

"Generation K: The Kvechies" is a psychedelic mirror reflecting the hilarious side of Gen X. These are the youthful, unemployed, body-pierced underachievers who have serious complaints about things which impact their existence, including the rising costs of "hanging out". They may transcend their apathy through outrageous, infantile diversions such as frisbee or the ouija board or, perhaps, dropping out of grad school to hike the entire Appalachian Trail. But this is their way of coping -- with the legacy passed down from the generation who begat them in VW vans. "Generation K: The Kvechies" provides the comic relief for survival. It also provides insight for parents and all over-40er into what makes these body-pierced, perpetually in-a-funk Kvechies tick. Through jocular vignettes and narrative, the author points out: "There is a frothy side to the coffee grounds of life", and Myra McGee's robust drawings polish this spoof so it dazzles. "Generation K: The Kvechies" is for Kvechies, baby boomers and all folks who think the 18-20 somethings are laughable but haven't yet discovered what there is to laugh about.

[Peace Is Possible: Conversations With Arab And Israeli Leaders from 1988 to the Present, S. Daniel Abraham](#) , 2006, 1557047022, 9781557047021. For more than fifteen years, entrepreneur Dan Abraham, founder and former chairman of Slim-Fast Foods, chose to utilize his considerable resources to facilitate Mideast peace. Together with Utah Congressman Wayne Owens, Abraham made more than sixty trips to the Middle East between 1988 and 2002, meeting with Arab leaders Hosni Mubarak, Hafez Assad, Crown Prince (now King) Abdullah of Saudi Arabia, King Abdullah of Jordan, Abu Mazen, and Yasser Arafat, and Israeli prime ministers Yitzhak Shamir, Yitzhak Rabin, Shimon Peres, Benjamin Netanyahu, Ehud Barak, and Ariel Sharon. Using his business experience with difficult negotiations, Abraham took an active behind-the-scenes role, setting up critical one-on-one meetings between key figures. He urged these leaders to articulate not

what they wanted, but what they needed, to make peace, fostering significant advances in the peace process. Since Owens untimely death in 2002, Abraham has continued to arrange peacemaking meetings on his own. Drawing from meeting transcripts, diary entries, and extensive handwritten notes, Abraham writes in the first person about these extraordinary, often private meetings, giving us rare you are there insight into historically significant events. In his pragmatic and hopeful book, he writes, I am a great optimist, particularly about a region of the world that usually brings out peoples most pessimistic inclinations Israel and its neighbors.

[The Probability of Miracles, Wendy Wunder](#) , 2012, 0141972955, 9780141972954. A funny, bittersweet and irresistible teenage romance, perfect for fans of Gayle Forman's If I Stay, Jenny Downham's Before I Die or Lauren Oliver's Before I Fall A funny, bittersweet teenage romance for those who loved Thirteen Reasons Why by Jay Asher. Seventeen-year-old Campbell doesn't believe in miracles. She's spent the last five years in and out of hospitals, so she's pretty sceptical. But Campbell's mum and sister won't give up. They've heard rumours of a place in Maine where magical things happen: fish raining from the sky, purple dandelions, everlasting sunsets. A place named Promise. Yes, really. So they head to Promise for a holiday by the sea, where Cam meets mysterious neighbour Asher, a crazy donkey called James and a puppy who's a survivor. In Promise Cam learns to believe in true love, in herself, and maybe even in miracles. This is Wendy Wunder's debut novel - and it lives up to her unusual surname! Wendy lives in Boston with her daughter and family and teaches yoga as well as writing.

[A Companion to Magical Realism, ISSN 0587-9914, Stephen M. Hart, Wen-chin Ouyang](#) , 2005, 1855661209,

9781855661202. The Companion to Magical Realism provides an assessment of the world-wide impact of a movement which was incubated in Germany, flourished in Latin America and then spread to the rest of the world. It provides a set of up-to-date assessments of the work of writers traditionally associated with magical realism such as Gabriel García Márquez (in particular his recently published memoirs), Alejo Carpentier, Miguel Ángel Asturias, Juan Rulfo, Isabel Allende, Laura Esquivel and Salman Rushdie, as well as bringing into the fold new authors such as W.B. Yeats, Seamus Heaney, José Saramago, Dorit Rabinyan, Ovid, Mara Luisa Bombal, Ibrahim al-Kawani, Mayra Montero, Nakagami Kenji, José Eustasio Rivera and Elias Khoury, discussed for the first time in the context of magical realism. Written in a jargon-free style, and with all quotations translated into English, this book offers a refreshing new interdisciplinary slant on magical realism as an international literary phenomenon emerging from the trauma of colonial dispossession. The companion also has a Guide to Further Reading. Stephen Hart is Professor of Hispanic Studies, University College London and Doctor Honoris Causa of the Universidad Nacional Mayor de San Marcos, Lima, Peru. Wen-chin Ouyang lectures in Arabic Literature and Comparative Literature at the School of Oriental and African Studies, London. CONTRIBUTORS: Jonathan Allison, Michael Berkowitz, John D. [The Book of Fours, Nancy Holder](#) , 2002, 0743412419, 9780743412414. From a place of nightmares familiar both to Buffy and to Faith, a terrible evil invades Sunnydale, setting off a quartet of disasters: a forest fire, a tidal wave, a hurricane and an earthquake. Earth, air, fire and water -- mirrored in the Slayers' dreams by four different figures

trudging across a pristine desert, each one carrying a box made of skin and bone. Faith thinks she has seen the box before, and research leads Giles to the Watchers' Diaries, where he learns that the last Slayer to encounter such a box was India Cohen: Buffy's immediate predecessor. Buffy, who strangely has never considered the Slayer whose death activated her own calling, is eager to contact India's Watcher, Kit Bothwell. Kit, in turn, is intrigued by the prospect of working with two living Slayers at the same time. What's more, he has honed his sorcery skills over many years, and believes that he can enable Buffy to communicate with the dead India -- amongst others. Thus begins a journey through history that leads Buffy eventually to confront an evil that predates even humanity itself...

After a few tiring years on the road, nationally-known singer Henna James takes a sabbatical and visits her dear friend, Monica. During her search for rejuvenation and inspiration for her next CD, she meets Craig, Monica's flighty, womanising younger brother. Though at first they refuse to admit it, sparks fly between these two very different people. Henna falls harder than she cares to admit. Craig, too, is having feelings he's never experienced before; but Craig hasn't been completely honest. Now, each of them must make some tough decisions.

[A History of Modern Tunisia, Kenneth Perkins](#) , 2004, 0521009723, 9780521009720. Kenneth Perkins' book traces the history of Tunisia from the mid-nineteenth century to the present. After initially examining the years of French colonial rule from 1881 to 1956, when the Tunisians achieved independence, he describes the subsequent process of state-building, including the design of political and economic structures and the promotion of a social and cultural agenda. In conclusion, Perkins reviews the years since 1987, when a new regime came to power. Perkins' informed introduction is a necessity for those who study the region, and also for travellers who want more comprehensive information than most

guidebooks offer. Kenneth Perkins is Professor of History at the University of South Carolina. He has worked extensively on North Africa and his research has taken him across the region. His publications include two editions of the Historical Dictionary of Tunisia (Rowman & Littlefield, 1997, 1989), Port Sudan: The Evolution of a Colonial City (Westview Press, 1993), Tunisia: Crossroads of the Islamic and European Worlds (Westview Press, 1986), and Qaids, Captains & Colonists: French Military Administration in the Colonial Maghrib, 1844-1934 (Africana Pub, 1981).

[Air Crashes and Miracle Landings: 60 Narratives \(How, When ... and Most Importantly Why\), Christopher Bartlett](#) , 2010, 0956072321, 9780956072320. A classic combining several types of aviation disaster book in one. Vividly retells incidents that made headlines at the time, while explaining why they happened and the lessons they provided to make air travel so safe today. Individuals covered include Germany's World War I fighter ace, the Red Baron, aviatrix Amelia Earhart, and Captain Piche who ran out of fuel and managed to glide 80 miles to plunge down safely on a mid-Atlantic island. Includes the Comet disasters that revealed the dangers of metal fatigue, the U.K.'s Kegworth air disaster where the pilots shut down the good engine, the worst-ever aircraft disasters (Tenerife and JL123), the mid-air collision between an airliner full of children and a freighter after which one of the fathers killed the air traffic controller he thought responsible, the supersonic Concorde, 9/11, AA587, the Hudson River ditching, and the mysterious loss of Air France AF447... To avoid repetition, explanations of technical terms and procedures were placed in an appendix, now published separately as "THE FLYING DICTIONARY." Makes the narratives even more interesting and a fascinating read in its own right.

[Multimodal Texts from Around the World: Cultural and Linguistic Insights, Wendy L. Bowcher](#) , 2012, 0230357806, 9780230357808. Through an African folktale, Russian in-flight magazines, Croatian neckties, Spanish billboards in California, an ancient Chinese scroll painting, and more, this collection of twelve original articles by scholars from around the world presents absorbing and fascinating insights into a wide variety of ethical, political, economic, historical, and social concerns construed through multimodal texts across different languages and cultures. This volume is a first in

multimodal/multisemiotic discourse studies to focus primarily on texts from non-English speaking contexts. While most of the contributions make use of analytical tools from Systemic Functional Linguistic theory, including intersemiotic complementarity, the GeM model, the system of appraisal, and bonding, some make use of the concepts of intertextuality, schemata and Bakhtin's notion of genre. The analyses and insights contained in Multimodal Texts from around the World: Cultural and Linguistic Insights will be of value to established scholars and to students in the fields of applied linguistics, discourse analysis, semiotics, communication studies, cultural studies, and sociology.

[The Gingrich Senators: The Roots of Partisan Warfare in Congress, Sean M. Theriault](#) , 2013, 0199307458, 9780199307456. The Senate of the mid twentieth century, which was venerated by journalists, historians, and senators alike, is today but a distant memory. Electioneering on the Senate floor, playing games with the legislative process, and questioning your fellow senators' motives have become commonplace. In this book, noted political scientist Sean Theriault documents the Senate's demise over the last 30 years by showing how one group of senators has been at the forefront of this transformation. He calls this group the "Gingrich Senators" and defines them as Republican senators who previously served in the House after 1978, the year of Newt Gingrich's first election to the House. He shows how the Gingrich Senators are more conservative, more likely to engage in tactics that obstruct the legislative process, and more likely to oppose Democratic presidents than even their fellow other Republicans. Phil Gramm, Rick Santorum, Jim DeMint, and Tom Coburn are just four examples of the group that has includes 40 total senators and 22 currently serving senators. Theriault first documents the ideological distinctiveness of the Gingrich Senators and examines possible explanations for it. He then shows how the Gingrich Senators behave as partisan warriors, which has radically transformed the way the Senate operates as an institution, by using cutthroat tactics, obstructionism, and legislative games. He concludes the book by examining the fate of the Gingrich Senators and the future of the U.S. Senate.

[Cooking for a Crowd: Menus, Recipes and Strategies for Entertaining 10 to 50, Susan Wyler](#) , 2005, 1594860114, 9781594860119. Susan Wyler's indispensable classic is back in print-now better than ever, with more than a dozen new menus, over 70 new recipes, and a wealth of updated strategiesThe original edition of Cooking for a Crowd won great praise all around: Florence Fabricant named it one of the New York Times best books of the season. Perla Meyers, author of How to Peel a Peach, advised, "Keep this book as a reference whenever you are entertaining." And Rose Levy Berenbaum, author of The Cake Bible, declared, "She puts together the components of a dinner with the passion, perfection, and ease of a master painter. The game plans . . . enable any cook to impress without risk."This new edition builds on the premise of the original-that many a home cook can manage the occasional dinner party for 4 to 6, but when it comes to entertaining a crowd of 10 or more, the logistics become exponentially more complicated. Wyler's ingeniously user-friendly combination of creative menus, do-ahead game plans, and crowd-pleasing recipes makes it possible for any home cook to entertain on a large scale.Wyler has expanded the volume to include over 225 recipes and 35 menus for a variety of sizes and occasions-such as Tuscan Lunch for 12 to 16, Black and Orange Halloween Party for 24, even a Wedding Supper for 50.A perfect balance of inspiring and instructive, Cooking for a Crowd is a must-have for all home cooks who want to bring large groups of family and friends together at the table.

[Rumpole at Christmas, John Mortimer](#) , 2009, 0141039779, 9780141039770. Rumpole at Christmas - the hilarious festive stories of John Mortimer's greatest character 'Without Rumpole, the world would be a poorer place' Daily Mail Horace Rumpole is not overfond of the rituals of Christmas: turkey, tinsel and the like. But happily the festive season is not one respected by the criminal fraternity; meaning that celebrations in the Rumpole household are frequently disturbed in most-welcome ways. There's the suspicious Father Christmas at Equity's Court's festive party. The actor who goes missing from the panto on the night of a major crime. As well as the body cluttering up the health farm (where the great barrister is gloomily restricted to a diet of yak's milk and steamed spinach to please She Who Must Be Obeyed). These

seven wonderful Rumpole stories show the great man at his sharpest, wittiest and best. Readers of Sherlock Holmes, P.D. James and P.G. Wodehouse will love this book. 'One of the great comic creations of modern times' Evening Standard 'There is a truth in Rumpole that is told with brilliance and grace' Daily Telegraph 'Rumpole remains an absolute delight' The Times Sir John Mortimer was a barrister, playwright and novelist. His fictional political trilogy of Paradise Postponed, Titmuss Regained and The Sound of Trumpets has recently been republished in Penguin Classics, together with Clinging to the Wreckage and his play A Voyage round My Father. His most famous creation was the barrister Horace Rumpole, who featured in four novels and around eighty short stories. His books in Penguin include: The Anti-social Behaviour of Horace Rumpole; The Collected Stories of Rumpole; The First Rumpole Omnibus; Rumpole and the Angel of Death; Rumpole and the Penge Bungalow Murders; Rumpole and the Primrose Path; Rumpole and the Reign of Terror; Rumpole and the Younger Generation; Rumpole at Christmas; Rumpole Rests His Case; The Second Rumpole Omnibus; Forever Rumpole; In Other Words; Quite Honestly and Summer's Lease.

[The Earth System, Lee R. Kump, James F. Kasting, Robert G. Crane](#) , 1999, 0131773879, 9780131773875. B> The first book that addresses the issues of global change from a true Earth systems perspective, this new book offers a solid emphasis on lessons from Earth history that may guide decision-making in the future. Offers an innovative systems theory approach that allows for a new way of organizing information from a variety of disciplines as well as of predicting responses of systems to disturbance. Utilizes an Earth history perspective that links the Earth sciences closely with modern global change problems. Includes two boxed features throughout the book that address topical issues related to the material in the text, of high appeal and that discuss advanced, especially quantitative, treatments. Features several computer modules available on the World Wide Web and free when packaged with the book. For Earth scientists who would like a formal introduction to Earth Systems Science.

[The Giant's House, Elizabeth McCracken](#) , 1997, 0099739917, 9780099739913. The year is 1950, and in a small town on Cape Cod 28 year-old librarian Peggy Cort feels as if love and life have stood her up. Until the day James Carlson Sweatt - the 'over-tall' 11 year-old boy who's the talk of the town - walks into her library and changes her life forever. Two misfits whose lonely paths cross at the circulation desk, Peggy and James are odd candidates for friendship. In James,

Peggy discovers the one person who's ever really understood her, and as he grows - six foot five at age twelve, then seven foot, then eight - so does her heart and their most singular romance. THE GIANT'S HOUSE is a strange, beautifully written and unforgettably tender novel about learning to welcome the unexpected miracle.

[Transportation, Oxford University Press, Incorporated](#) , 2004, .

[The Quiet Warrior: A Biography of Admiral Raymond A. Spruance, Thomas B. Buell](#) , 2013, 1612512119, 9781612512112. Regarded as the standard biography of World War II naval hero Adm. Raymond A. Spruance, this work is now available in trade paperback for the first time. Spruance, victor of the battles of Midway and the Philippine Sea and commander of the Fifth Fleet in the invasions of the Gilberts, the Marshalls, the Marianas, and Okinawa, is one of the towering figures in American naval history. Yet his reserved, cerebral personality did not make good copy for correspondents, and until the publication of The Quiet Warrior he remained an elusive figure. Thomas Buell has succeeded in evoking the nature of the man as well as recording the achievements of the admiral in this brilliant biography, which won the Alfred Thayer Mahan Award for Literary Achievement the year of its publication.

[Customer Delight: Strategic Insights for Market Leaders, Alain Guillemain](#) , 2012, 0985585900, 9780985585907. People have commented that Customer Delight sounds like a tasty treat, and indeed this book hits a sweet spot when it comes to business literature. Great care has been taken to ensure this book is engaging, informative and useful to those who run companies. Customer Delight yields gems of insight into the psychology of business success as well as practical advice on business strategy. It is a must-have for every market leader in an age of increasing competition and elevated customer expectations. The author, Alain Guillemain, is Principal Strategist at inexture, a strategy advisory firm catering to market leaders. He works closely with executives and company directors to set strategic goals and deliver outcomes. Alain's expertise spans financial services, mining services, real estate, recruitment, education, information technology, web and multimedia. Alain holds an MBA from the University of Newcastle and a Master of Commerce from Deakin University.

[A Treasury of Poetry for Young People, Frances S. Bolin, Frances Schoonmaker](#) , 2008, 0806919566, 9780806919560.

This volume combines the poetry of Emily Dickinson, Longfellow, Poe, Carl Sandberg and Walt Whitman with specially

commissioned illustrations, a biography of each poet, definitions of the harder vocabulary and a literary commentary.

Classic poems to introduce young readers to poetry.

[Computers Brief, Larry Long, Nancy Long](#) , 2003, 0131405810, 9780131405813. Providing an overview coverage of computing/IT concepts and applications for beginners, this 11th edition has been updated to keep readers abreast of the thousands of changes in this rampaging technology; currency is the top priority. Over 150 new or updated images reflect the latest releases and innovations in software. Everything has been adjusted to reflect the state of the art. Beginning with a comprehensive section called Getting Started, this book covers such topics as the technology revolution, software, inside the computer, storing and retrieving information, networks and networking, going online, and information technology ethics. This book provides useful and relevant information for anyone who uses a personal computer whether at home or in the office.

[Running the Show: The Extraordinary Stories of the Men who Governed the British Empire, Stephanie Williams](#) , 2011, 0670918083, 9780670918089. From Sierra Leone to Fiji, Australia to Sri Lanka, Running the Show is a vivid portrait of empire and of men from another age, who formed so much of the world we live in today. Running the Show is the story of ordinary men, who in their way, were heroes. Made up of episodes from the lives of governors serving around the British Empire, it presents a kaleidoscope of people, places and events - and stories of how, for better or worse, attempts were made to bring order to often chaotic situations. Drawing on an astonishing cache of Colonial Office dispatches, private letters, diaries and memoirs, governors recall their strange experiences, parade their eccentricities and complain about dysentery as they plan new towns, build railways, create assemblies, draft laws, negotiate with tribesmen, set up schools and hospitals, and introduce sanitation systems in the farthest reaching corners of the world.

[Beyond Divorce Casualties: Reunifying the Alienated Family, Douglas Darnall](#) , 2010, 158979415X, 9781589794153. The companion to Douglas Darnall's best-selling Divorce Casualties, Beyond Divorce Casualties is a workbook for severely alienated children and their parents. The book describes the how and why of unification therapy, how to prepare for reunification, how to effectively work with attorneys, mediators, parent coordinators and counselors, and even how to say "goodbye" if reunification is not possible. This book also provides many real-life examples of alienating behavior, exercises, and specific instructions for how to change your feelings and behavior. Most important, the book's underlying assumption is that you have the power to change even if you have no power to change the other parent. Book jacket.

[Day One, Matthew Dunn](#) , 2007, 0979490804, 9780979490804. DISCOVER THE ANSWER TO THE RIDDLE OF LIFE ON EARTH. Zeu, a young boy on the verge of manhood, has a great thirst for adventure. Each day he spends aboard his Wing, the large, graceful bird he has raised from birth, exploring the far reaches of his home where he lives with his father and older brother. During one such explore he discovers Etys, a beautiful and headstrong girl who quickly captures his attention, as well as his heart. Together, they discover the hidden truths of their ancestors and of the never-ending human migration across the galaxy. They learn of life and love and begin to understand the meaning of their own existence in the universe. Blue, a planet never before touched by human hands, tugs at their curious nature from its perch high in the sky, and as they secretly plan a journey to its crystal blue waters, a cataclysmic event alters their lives forever.

[Procurement of Hospitality Resources, Jack D. Ninemeier, David K. Hayes](#) , 2009, 0135148413, 9780135148419. Taking a value-oriented approach, Procurement of Hospitality Resources emphasizes how buyers must maintain a mutually beneficial relationship with their suppliers--rather than taking a strict win/lose pricing strategy. Offering a global vision, it includes specialty foods, such as organic, Kosher and Halal foods, and devotes entire chapters to evaluation, international

purchasing, and procurement for hotels. Students are directed to additional on-line resources through in-text features and mini case projects provide ample opportunity to apply concepts in individual and group settings.

[The Leap Year Boy, Marc Simon](#) , 2012, 1611874963, 9781611874969. Set in Pittsburgh in the early 1900s, The Leap Year Boy is the story of a working class family and an extraordinary boy named Alex Miller, born in the family's home on February 29, 1908. What makes Alex so remarkable is that even though he's full-term at birth, he weighs just two pounds one ounce, and is nine inches long. Despite his size, Alex is perfectly healthy. However, his body grows at one-fourth the rate of a normal child-so that after one year, he's the size of a three-month-old-but his mind grows much quicker. Eventually, so do certain parts of his body and his ability to do various and unusual things with them. As Alex's special abilities become apparent, those around him see him as both a miracle child and a freak of nature-a freak to exploit. How Alex saves himself from the designs of others-his religious fanatic grandmother, who sees him as the new Messiah; his money-grubbing immigrant doctor, who wants to put him on display; his unstable nanny, who believes Alex is her lost child; and his father and father's mistress, who are eager to tap Alex's commercial potential-is at the heart of the novel. Ultimately, a family that has been fractured by ambition and circumstance rediscovers loyalty and love, thanks to Alex's courage.

[Hemoparasites of the Reptilia: Color Atlas and Text, Sam R. Telford, Jr.](#) , 2008, 1420080415, 9781420080414. Every researcher or diagnostician working with reptiles has faced the challenge of identifying reptile hemoparasites and then determining whether they are of importance or merely incidental. Another challenge is how to easily find the information required to make the proper identification. A distillation of knowledge from world-renowned expert Sam R. Telford, Jr., Hemoparasites of the Reptilia: Color Atlas and Text provides a comprehensive compilation of information on how to differentiate between the myriad species of reptile hemoparasites. The atlas provides diagnoses for 262 species of plasmodiids, hemogregarines, hemococcidians, trypanosomes, and leishmanias, including descriptions of eight new species or new taxonomic designations. It also discusses lesser known groups, such as piroplasms, rickettsiae, chlamydia, and erythrocytic viruses. Each genus and many species are represented among the 166 taxa illustrated in color. The species accounts contain host and geographic distribution, with precise localities when possible, prevalence, life cycles and vectors when known, effects upon the host, and ecology of the host-parasite relationship, morphological variation, and an exhaustive bibliography. The book also includes an illustrated key showing diagnostic characters. Telford draws on his 45 years of experience and his personal collection, considered the worlds most complete, to provide information on the morphology of the unicellular parasites of reptilian blood. He includes information from hard-to-find original papers and articles from sources throughout the world. The illustrated key and photomicrographs from Telfords collection make identifying species quicker and easier.

[Notes of a Hanging Judge: Essays and Reviews, 1979-1989, Stanley Crouch](#) , 1990, 0195055918, 9780195055917.

Stanley Crouch, the rarely acknowledged but epic nature of the Afro-American experience offers one of the most revealing paths through the spiritual and intellectual thickets of our time, exposing us to ourselves as often through art as through politics. In Notes of a Hanging Judge, Crouch portrays this century as an "Age of Redefinition" for the United States and identifies the Civil Rights Movement as one of its richest metaphors. Crouch explores the movement from all sides--its epochal triumphs and the forces that have nearly destroyed it, its great political and artistic success stories and the crime culture it has been powerless to prevent or to control--and traces its complex and ambivalent interactions with the feminist and gay dissent that followed its example. Balancing the passionate involvement of an insider with a reporter's open-minded rigor, and using a virtuosic prose style, Crouch offers uniquely insightful accounts of familiar public issues--black middle-class life, the Bernhard Goetz case, black homosexuals, the career of Louis Farrakhan--that throw fresh light on the position of Afro-Americans in the contemporary world. Even more revealing are Crouch's accounts of his travels, focusing on his perceptions as a black man, that put places as diverse as Atlanta and Africa, or Mississippi and Italy, in unique new perspectives. Perhaps most powerful of all are Crouch's profiles of black leaders ranging from Maynard, to Michael, to Jesse Jackson. Crouch's stern evaluations are sure to be controversial, especially his vision of the Civil Rights Movement as a noble cause "gone loco," mired in self-defeating ethnic nationalism and condescending self-regard, and conspicuously lacking in the spiritual majesty that ensured its great political victories. His discussions of artistic figures, including extended critiques of Toni Morrison and Spike Lee, will also incite much debate. Taken together, these essays represent a major reinterpretation of black, and therefore American, culture in our time, and should be read by anyone who is serious about either.

[Savage cinema: Sam Peckinpah and the rise of ultraviolent movies, Stephen Prince](#) , 1998, 0292765819, 9780292765818. More than any other filmmaker, Sam Peckinpah opened the door for graphic violence in movies. In this book, Stephen Prince explains the rise of explicit violence in the American cinema, its social effects, and the relation of contemporary ultraviolence to the radical, humanistic filmmaking that Peckinpah practiced. Prince demonstrates Peckinpah's complex approach to screen violence and shows him as a serious artist whose work was tied to the social and political upheavals of the 1960s. He explains how the director's commitment to showing the horror and pain of violence compelled him to use a complex style that aimed to control the viewer's response. Prince offers an

unprecedented portrait of Peckinpah the filmmaker. Drawing on primary research materials--Peckinpah's unpublished correspondence, scripts, production memos, and editing notes--he provides a wealth of new information about the making of the films and Peckinpah's critical shaping of their content and violent imagery. This material shows Peckinpah as a filmmaker of intelligence, a keen observer of American society, and a tragic artist disturbed by the images he created. Prince's account establishes, for the first time, Peckinpah's place as a major filmmaker. This book is essential reading for those interested in Peckinpah, the problem of movie violence, and contemporary American cinema.

[Cook-Off America,](#) , 2001, 0965109585, 9780965109581. This book continues the series from cook-offs and food festivals across the U.S.A. with recipes and photographs ranging from the Terlingua, Texas Chili Championship to the Riverside Orange Blossom Festival.

[Spreadsheet Tools for Engineers using Excel, Byron Gottfried](#) , 2005, 0072971843, 9780072971842. Through previous editions, this practical text has found a permanent spot in many introductory engineering courses by successfully combining an introduction to Excel fundamentals with a clear presentation on how Excel can be used to solve common engineering problems. Updated to ensure compatibility with all recent versions of Excel, this third edition of Spreadsheet Tools for Engineers provides beginning engineering students with a strong foundation in problem solving using Excel as the modern day equivalent of the slide rule. As part of McGraw-Hill's BEST series for freshman engineering curricula, this text is particularly geared toward introductory students. The author provides plenty of background information on technical terms, and numerous examples illustrating both traditional and spreadsheet solutions for a variety of engineering problems. The first three chapters introduce the basics of problem solving and Excel fundamentals. Beyond that, the chapters are largely independent of one another. Topics covered include graphing data, converting units, analyzing data, interpolation and curve fitting, solving equations, evaluating integrals, writing macros, and comparing economic alternatives.

[Crime 2010, Volume 1, Paul Connor, Fraser Sampson](#) , 2009, 0199576017, 9780199576012. Blackstone's Police Manuals are the leading police reference texts in the UK. In addition to being the only official study guides for the police promotion examinations in England and Wales, and a recognized text for student police officers, the Manuals have

quickly established themselves as the definitive reference sources for all who have involvement with police law and procedure. The Manuals have been written in consultation with police forces across England and Wales, and are endorsed by the National Policing Improvement Agency, for OSPRE Part 1 Promotion Examinations. Blackstone's Police Manual Volume 1 Crime: 2010 covers all aspects of criminal law and procedure from a police officer's perspective. The 2010 edition has been fully revised and updated to incorporate all recent legislative developments and case law, including coverage of the Criminal Justice and Immigration Act 2008, the Serious Crime Act 2007, the Proceeds of Crime Act 2002, the Corporate Manslaughter and Corporate Homicide Act 2007, and updates on Cannabis reclassification. The 2010 edition also includes a new section on Proceeds of Crime. Relevant subjects covered include Homicide, Sexual Offences, Fraud, State of Mind and Offences against the Person. The Manuals continue to be the most accessible, relevant, and focused revision materials for Promotion Examinations. They are widely used in the professional development of police officers in a variety of roles making them essential reading for anyone with an interest in police and criminal law. Whether you are a serving police officer or police trainer, a practitioner, advisor, or researcher, Blackstone's Police Manuals 2010 are an essential purchase. The other three titles in the series are: Volume 2: Evidence and Procedure 2010, Volume 3: Road Policing 2010, Volume 4: General Police Duties 2010.

[Total Surrender, C. McCray](#) , 2009, 0312537549, 9780312537548. Forbidden fantasies are about to come to life in this sexy collection of erotica from New York Times bestselling author Cheyenne McCray. In Forbidden Surrender, Teri Carter is a corporate lawyer who travels constantly, and her social life especially her sex life is nonexistent. But Teri has a deep, dark fantasy and when she meets Josh Williams, a Master who knows a born submissive when he sees one, he teaches her all about pleasure and complete surrender. In Wicked Surrender, Andi Kelly is looking forward to a weekend of turning over control to a dominant man. She's headed to what patrons refer to as "The Bondage Club," an exclusive resort. What she never expects is to meet the man of her dreams in the form of the devastatingly hot Derrick MacIntyre a fantasy turned reality. In Sweet Surrender, Sheila Lane burns for Adamo Tassoni, but circumstances have forced her to keep the flames locked deep in her heart. Drop-dead gorgeous bosses only fall in love with their administrative assistants in the movies, right? Besides, she's full-figured and plain, nothing like the flawless, cultured females in his world. Then when Adam sells Tassoni Investments, Sheila is heartbroken and sure her fantasies will never come true. But when she receives a mysterious invitation, her life changes forever.

[In the Kitchen with Carl and Betty Stone, Betty Stone, Carl Stone](#) , 2002, 0972083308, 9780972083300. I am reminded of all the best of home cooking for all occasions when I read "In the Kitchen with Carl and Betty Stone", I am a staunch believer that a great amount of love and concern in the recipe and its assembly is what makes a GREAT meal. Their glossy, paperback cookbook features a blend of recipes from their heritage, friends, cooking classes, and their own creative palates. "In the Kitchen..." is cover to cover, a series of variations on family recipes and generations of

immigrants... Enjoyable, too, are the relevant narratives and quotes that appear in each section/chapter... I also appreciated the provision of sauce and accompaniment recipes that would enhance the dish... While Betty and Carl both had input to the contents of chapters, a nice touch are a series of charming Illustrations, done by Betty, that corresponds with the recipes. Book review by Marc Savant, for the Food Reference Website. My wife loved the cookbook and I started reading it, what a fun book to read. Don, Arizona. The author's rule is no boring food. Available at Amazon.com, or 1 on 1 Consulting, PO. Box 30726, Mesa, AZ. 85275-0726. Phone: 480-964-4401, Email:

[Let Me Finish, Roger Angell](#) , 2007, 0547541376, 9780547541372. Widely known as an original and graceful writer, Roger Angell has developed a devoted following through his essays in the New Yorker. Now, in Let Me Finish, a deeply personal, fresh form of autobiography, he takes an unsentimental look at his early days as a boy growing up in Prohibition-era New York with a remarkable father; a mother, Katharine White, who was a founding editor of the New Yorker; and a famous stepfather, the writer E. B. White. Intimate, funny, and moving portraits form the books centerpiece as Angell remembers his surprising relatives, his early attraction to baseball in the time of Ruth and Gehrig and DiMaggio, and his vivid colleagues during a long career as a New Yorker writer and editor. Infused with pleasure and sadness, Angells disarming memoir also evokes an attachment to lifes better moments.

[When the Crosses Are Gone: Restoring Sanity to a World Gone Mad, Michael Youssef](#) , 2011, 0983745625, 9780983745624. The collapse of the Roman Empire occurred in a single generation and was not so much the result of invasions by their enemies, but the result of moral decay and internal corruption. Similar patterns are emerging in America and the elimination of the Christian cross is one of the most significant symbols of that cultural decay. Today, forces are at work to strip this "dangerous symbol" from public venues and to minimize its significance. Many Muslim leaders are convinced that when Christianity disintegrates it will create a spiritual vacuum in the West-and their extreme brand of Islam will rush in to fill that void. They believe that Western civilization will become so decadent that America

will collapse like a house of cards. Dr. Youssef writes that Christians must stand up against these attacks and defend the cross as a symbol of the love and grace of God, and he provides a diagnosis of the insanity of the current culture and a prescription for restoring sanity to a world gone mad.

[Without Sin: A Novel, David S. McCabe](#) , 2012, 1611390966, 9781611390964. As a U.S. Border Patrol Agent and a former Navy Seal, Garrett Harrison is intimately familiar with the notion of duty and the necessity of upholding the law. However, his world is forever changed when he discovers two women brutally murdered and one man clinging to life in the desert wilderness of Otay Mesa. At the same time, Angelina Marguerite, an ill-starred seventeen-year-old prostitute working in a brothel in Tecate, Mexico desperately clings to her faith in God. She hopes for deliverance from the cruel, ambitious drug dealer known as El Cacique who lured her to el norte with the promise of marriage and prosperity, only to force her into prostitution. Meanwhile, the director of a parochial school serving primarily children from migrant families accepts donations from a priest that she suspects molests children. Amidst this corruption and exploitation, Garrett and Angelina fall in love and soon discover that the pursuit of opportunity, liberty and true love comes with a price. DAVID McCABE is the Coordinator of the Teacher Preparation Program at Pasadena City College and has been an educator in Southern California for twenty years where he has worked closely with migrant children and their families. During his career he has had to confront such serious issues as child abuse, drug use and molestation as well as help families gain access to the services they needed while coping with fears surrounding their immigration status. He currently serves as the advisor for Students Beyond Boundaries, a student organization advocating for the rights of all people. David lives with his wife and son on their small ranch in Southern California.

[A Step-by-step Guide to Intuitive Wellness: Create Wellness in Your Body, Mind and Soul by Utilizing Your Intuitive Power, Laura Alden Kamm](#) , 1999, 0967560802, 9780967560809. Intuitive Wellness goes beyond the theories of intuition and of medical intuition, moving right into the application of it within the context of everyday life. Intuitive Wellness will bring you into greater awareness of your innate wisdom -- your intuition. Through the experiential exercises included in Intuitive Wellness, you will be given tools with which you will discover, explore and put into use, based on your intuitive learning preference (seeing, knowing, hearing, and feeling), this most natural ability. The methods shared with you are

time-tested and if you fully commit to yourself and your homework, you will hone your intuitive skills and gifts to the point to which you can, most assuredly, use your intuition for your life and wellness.-- The basic premises behind how to develop your intuition, energy and energetic structure(s).-- To discover your intuitive learning preference through which you can most easily access your intuitive wisdom.-- To learn to commit to your intuitive wisdom, building trust and confidence.-- To feel more balanced, calmer and able to handle daily and sudden stress with more ease and greater intuitively-driven clarity.-- To listen more attentively to your body, mind and soul, via your intuition, through which you will discover, more deeply, the relationship between energy, emotions, and physiological wellness and how to intuitively manage it all. Intuitive Wellness is not a substitute for appropriate medical treatment. It is a educational guide from which you can learn to access your own innate wisdom; therefore, assist you in gaining deeper understanding of yourself and your situation.

[September 12th: We Knew We Would Be All Right,](#) , 2003, 0439531225, 9780439531221. Heartfelt and touching book

by 1st graders at Masterson Elementary School in Kennet, Missouri, about the day after the tragic events of September 11th. On September 11th horrific events occurred, yet through the simple text and vibrant art of first graders, we are reminded that the world continued the next day. On each page, children experience the comforts of ordinary routines, such as their teacher reading books to them, having homework and recess, and knowing that 2 + 2 still equals 4. This is a poignant message of hope that reassures us all that even after bad things happen, tomorrow always brings a new day.

[Shark Shock, Andy Baxter](#) , 2008, 1405239360, 9781405239363. Max Murphy thinks his mum and dad are weird. They're zoologists, so they're always flying off to different countries to study exotic creatures in their natural habitats. And, as if that didn't make life strange enough, Max has to live in his Uncle Herbert's house with his annoying twin sister, Molly, while their parents are away. Sometimes, the twins go with their parents on their travels. On one trip, Max develops a strange fever after he drinks from a stream in a village in Africa, and everything changes - especially his attitude to animals. When he's better, the village healer tells him he has special powers: he's now at one with the animals. But Max doesn't believe a word of it - not until the first time he begins to transform... Luckily, the effects never last more than a few hours, but that's plenty of time for Max to experience animal instincts first hand. And as if that didn't make life difficult enough, his parents' sinister colleague Preston Slynk knows all about Max, and is always trying to capture and perform tests on him. Slynk's miniature insect-robot spies are never far away. For a boy who wants nothing more than a challenging computer game and a chocolate bar, life is about to get a whole lot more complicated...

[Prayer: A History, Philip Zaleski, Carol Zaleski](#) , 2006, 0618773606, 9780618773602. "This is the most stunning book on prayer that I have ever read. It will become the benchmark for every other work on the subject, present or future. The Zaleskis' massive scholarship, catholicity of interests, and clarity of presentation make this a volume to hold close to both the heart and the head." -- Phyllis Tickle, author of The Divine HoursThis landmark book presents prayer in all its richness and variety throughout history, across traditions, and around the globe. Focusing on extraordinary stories of lives changed by prayer and on great works of literature and art inspired by it, Philip and Carol Zaleski map the vast world of prayer from the sacred pipe to the rosary, from Paleolithic cave art to Pentecostal revivals. They reveal the fascinating experiences of such great and sometimes surprising figures as Emily Dickinson, Bill W., Teresa of vila, Mohandas K. Gandhi, Samuel Johnson, and J.R.R. Tolkien.Examining prayer as petition, thanksgiving, adoration, contemplation, ecstasy, magic, and sacrifice, the Zaleskis probe the language of prayer, the fruits of prayer, its controversies, and its prospects for the future.Prayer is an informative, accessible, and entertaining narrative that will appeal to an audience of all faiths. The Zaleskis have created a work that will be the standard for years to come. Philip Zaleski is the editor of the Best American Spiritual Writing series, author of The Recollected Heart, and coeditor, with Carol Zaleski, of The Book of Heaven. He is a senior editor at Parabola and a research associate in religion at Smith College.Carol Zaleski is the author of Otherworld Journeys and The Life of the World to Come, and coeditor of The Book of Heaven. She contributes a monthly column to Christian Century and is a professor of religion at Smith College."Prayer: A History is not only a fabulous, very readable, immensely informative and (I would even say) 'inspirational' volume. It is, to my mind, simply unmatched in the vast literature on what lies, after all, at the heart of the religious life. The Zaleskis range over history (even prehistory), art, literature, theology, and comparative religion -- a real tour de force. But throughout, they engage any reader -- specialist or not -- and never flaunt their impressive learning. They help us understand the unending human quest for meaning at its deepest level." -- Harvey Cox"Prayer is simply a wonderful book -- intelligent, beautifully written, important, inclusive, and completely useful. I wish every world leader would read it word for word today. We'd all be better for it. Carol and Philip Zaleski have been making extraordinary contributions to religion and spirituality for many years, and now they have outdone themselves." -- Thomas Moore, author of Care of the Soul"Everybody prays. Whether with faith-filled discipline or in the unanticipated aspiration, prompted by despair or ecstasy, calling out to the Unknown, everybody prays. Everybody who is serious about prayer will be grateful to the Zaleskis for this inspired and inspiring book." -- Reverend Richard John Neuhaus, editor in chief of First Things

[Hidden World: Under the Sea, Claude Delafosse](#) , 1998, 0590109928, 9780590109925. Traveling deeper and deeper into the ocean with each page, children can use the special paper lamp to find colorful coral reef fish, eels, sharks, squid, jellyfish, octopus, catfish, and other underwater animals.

[Spot's Christmas,](#) , 2004, 0399243208, 9780399243202. The Christmas season is a very busy time, and Spot knows that as well as anyone else. Everyone in Spot's house has something to do: there's the tree to put up and decorate, presents to make and wrap, and Mom needs Spot's help in the kitchen. Spot is so excited, keeping a sharp eye out for any flying reindeer, he almost forgets to leave milk and cookies for Santa!

[America's Blind Spot: Chavez, Oil, and U.S. Security, Michael J. Economides, Andrs Cala](#) , 2012, 1441186697, 9781441186690. High oil prices are bound to undermine the U.S. economic recovery, unless global supplies increase significantly. Latin America holds the world's biggest oil reserves after the Middle East, but politics are hindering its potential, especially in Venezuela. Global U.S. security would benefit from a revamping of outdated and misguided idealism-driven policies toward Latin America, which, in fact, strengthen anti-American forces led by President Hugo Chvez. This is a blind spot in American politics, one that threatens U.S. geopolitical and economic interests. At stake, ultimately, is the U.S.'s ability to navigate a shifting world and protect its way of life. Washington needs a new regional policy not only to neutralize Chvez, but also to secure long term access to Latin America's oil, improve global security, and counter the rising influence of regional players. America's Blind Spot offers a fascinating and thorough analysis of key geopolitical and economic threats to the U.S., highlighting the need for a new Latin American policy doctrine based on military and strategic priorities.

[Differentiated Instructional Strategies for Science, Grades K-8, Gayle H. Gregory, Elizabeth Hammerman](#) , 2008, 1412916518, 9781412916516. Science learning has not always kept pace with demands for improvement in reading and math test scores, but adaptable thinking and learning in science are essential competencies for learners who will need to keep up with accelerating demands in high school, college, and the workplace for technological knowledge and skills. Using the accessible and proven instructional strategies introduced in Differentiated Instructional Strategies: One Size

Doesn't Fit All (Corwin, 2002), authors Gayle Gregory and Elizabeth Hammerman provide an expanded approach to creating science classrooms where learners thrive and succeed. Topics include: - Encouraging inquiry, trust, and relaxed alertness for learners- Creating hands-on performance tasks and rubrics applicable to real life settings- Using data to assess learner knowledge and achievement gaps against grade-level standards-Continuous assessment before, during, and after learning- Methods for engaging emerging learners, developing learners, and fluent learners at all stages of development- Ready-to-use strategies for inquiry-based learning, inexpensive hands-on learning, problem-based learning, cooperative learning, focus and sponge activities, graphic organizers, choice boards, and more- Management and pacing strategies for the differentiated science classroom. A generous collection of templates, planners, checklists, rubrics, and graphic organizers will be included in the text. Standards-based sample lessons will be offered for grades K-8.

[Where Snowflakes Dance and Swear: Inside the Land of Ballet, Stephen Manes](#) , 2012, 0983562830, 9780983562832.

The internationally acclaimed new book that takes you behind the scenes to reveal how ballet really happens: In a scuffed-up studio, a veteran dancer transmits the magic of an eighty-year-old ballet to a performer barely past drinking age. In a converted barn, an indomitable teacher creates ballerinas as she has for more than half a century. In a monastic mirrored room, dancers from as near as New Jersey and as far as Mongolia learn works as old as the nineteenth century and as new as this morning. Snowflakes "zooms in on an intimate view of one full season in the life of one of America's top ballet companies and schools: Seattle's Pacific Northwest Ballet. But it also tracks the Land of Ballet to venues as celebrated as New York and Monte Carlo and as seemingly ordinary as Bellingham, Washington and small-town Pennsylvania. Never before has a book taken readers backstage for such a wide-ranging view of the ballet world from the wildly diverse perspectives of dancers, choreographers, stagers, teachers, conductors, musicians, rehearsal pianists, lighting directors, costumers, stage managers, scenic artists, marketers, fundraisers, students, and even pointe shoe fitters--often in their own remarkably candid words. The book follows characters as colorful as they are talented. Versatile dancers from around the globe team up with novice choreographers and those as renowned as Susan Stroman, Christopher Wheeldon, and Twyla Tharp to create art on deadline. At the book's center is Peter Boal, a former New York City Ballet star in his third year as PNB's artistic director, as he manages conflicting constituencies with charm, tact, rationality and diplomacy. Readers look over Boal's shoulder as he makes tough decisions about programming, casting, scheduling and budgeting that eventually lead the calm, low-key leader to declare that in his job, "You have to be willing

to be hated." "Snowflakes" shows how ballet is made, funded, and sold. It escorts you front and center to the kick zone of studio rehearsals. It takes you to the costume shop where elegant tutus and gowns are created from scratch. It brings you backstage to see sets and lighting come alive while stagehands get lovingly snarky and obscene on their headsets. It sits you down in meetings where budgets get slashed and dreams get funded--and axed. It shows you the inner workings of "Nutcracker," from kids' charming auditions to no-nonsense marketing meetings, from snow bags in the flies to dancing snowflakes who curse salty flurries that land on their tongues. It follows the tempestuous assembly of a version of "Romeo and Juliet" that runs afoul of so much pressure, disease, injury, and blood that the dancers begin to call it cursed. "Snowflakes" uncovers the astounding way ballets, with no common form of written preservation, are handed down from generation to generation through the prodigious memories of brilliant athletes who also happen to be artists. It visits cattle-call auditions and rigorous classes, tells the stories of dancers whose parents sacrificed for them and dancers whose parents refused to. It meets the resolute woman who created a dance school more than fifty years ago in a Carlisle, Pennsylvania barn and grew it into one of America's most reliable ballerina factories. It shows ballet's appeal to kids from low-income neighborhoods and board members who live in mansions. Shattering longstanding die-for-your-art cliches, this book uncovers the real drama in the daily lives of fiercely dedicated artists in slippers and pointe shoes-and the musicians, stagehands, costumers, donors and administrators who support them. "Where Snowflakes Dance and Swear: Inside the Land of Ballet" brings readers the exciting truth of how ballet actually happens.

[Listening Tasks: For Intermediate Students of American English. Student`s Book \(Prloha K 57\), Volume 1, ,](#) , 1984, 0521278988, 9780521278980. Listening Tasks is for low-intermediate and intermediate level students who need to understand authentic American English spoken at normal speed in everyday situations. Practical topics, such as calling about an apartment, catching a plane, and finding out what's going on in town, make the material interesting and motivating for students. The cassette consists of public address announcements, telephone exchanges, dialogues, and other short recordings of people speaking naturally with the normal pauses, hesitations, and interruptions that occur in authentic spoken language. Students listen to the tape, then perform simple tasks, such as labelling a diagram or map and filling in a form or chart. The emphasis is on sifting out the important information and getting the gist of what is heard rather than on trying to understand every word. Reading and writing exercises related to the theme of the listening task are included in each unit.

[Understanding Jihad, David Cook](#) , 2005, 0520931874, 9780520931879. Jihad is one of the most loaded and misunderstood terms in the news today. Contrary to popular understanding, the term does not mean "holy war." Nor does it simply refer to the inner spiritual struggle. This book, judiciously balanced, accessibly written, and highly relevant to today's events, unravels the tangled historical, intellectual, and political meanings of jihad. Looking closely at a range of sources from sacred Islamic texts to modern interpretations, Understanding Jihad opens a critically important perspective on the role of Islam in the contemporary world. As David Cook traces the practical and theoretical meanings of jihad, he cites from scriptural, legal, and newly translated texts to give readers a taste of the often ambiguous information that is used to construct Islamic doctrine. He looks closely at the life and teaching of the Prophet Muhammad and at the ramifications of the great Islamic conquests in 634 to 732 A.D. He sheds light on legal developments relevant to fighting and warfare, and places the internal, spiritual jihad within the larger context of Islamic religion. He describes some of the conflicts that occur in radical groups and shows how the more mainstream supporters of these groups have come to understand and justify violence. He has also included a special appendix of relevant documents including materials related to the September 11 attacks and published manifestoes issued by Osama bin Laden and Palestinian suicide-martyrs.

[Dial 911 ... and Die, Richard W. Stevens](#) , 1999, 0964230445, 9780964230446. Do the police owe a duty to protect citizens from criminal attack? This book explains why, in most of the United States, the answer is "no." In most cases the law does not even require the police to respond to emergency 911 calls. This compact paperback devotes one short chapter to each of the 50 states, Puerto Rico, the Virgin Islands, the District of Columbia and Canada, to show how statutes and court decisions consistently hold that the police generally have "no duty" to protect individual citizens. Most chapters reveal the true stories, taken from published court opinions, that describe the plight of citizens who relied solely upon their telephone and police response for emergency help against a violent criminal. Not only did those crime victims not get help, the local government and police escaped legal responsibility for failing to help those victims. Highlighting the importance of personal and family defense, the book also retells 45 stories about people who successfully defended themselves long before any police could help. Footnotes provide full citations to primary and secondary legal sources for all laws and case decisions. 271 pages; footnotes.

BENEFIT: Written for individuals who have little or no knowledge of the arts, "Perceiving the Arts" has a specific and

limited purpose: to provide an introductory, technical, and respondent-related reference to the arts and literature. KEY

TOPICS: Intended to give basic information about each of the arts disciplines-drawing, painting, printmaking, photography, sculpture, architecture, music, theatre, dance, cinema, landscape architecture, and literature-the book seeks to give its readers touchstones concerning what to look and listen for in works of art and literature. MARKET: For arts and humanities instructors and enthusiasts.

[People Have More Fun Than Anybody: A Centennial Celebration of Drawings and Writings by James Thurber, James Thurber](#) , 1995, 0156002353, 9780156002356. In this centennial volume of previously uncollected work, James Thurber continues to flourish. Here is the pleasure of recognizing this comic genius at work again, with his suspicious, civilized, unsettling wit. Included are eighteen prose pieces and over seventy-five drawings by the only cartoonist who could claim to draw "abstract things like despair, disillusion, despondency, sorrow, lapse of memory, exile . . . sometimes in a shape that might be called Man or Woman." Here are drawings with such contemporary smarts that they still sting, including dozens of reports from the front line in that cold war between the sexes. This is Thurber at his most entertaining, praising things canine in two marvelous tributes, musing over the promises of mail sweepstakes, confessing his aversion to anything mechanical, puzzling over the animal kingdom's curious uprisings, reconsidering the value of Byrd's claiming of the icy lands of Antarctica ("Are we landowners or ice dealers? Are we men or penguins?"), and observing the fate of sex. For good measure, Michael Rosen offers the recipe for Thurber's favorite birthday cake, the Never-Fail Devil's Food.

[According to Helen, Florence Wallin](#) , 1997, 0965594807, 9780965594806. Archaeological discoveries point to a surprising new interpretation of Greek mythology's most beautiful woman. After more than three thousand years Helen of Troy has her chance to tell her story of loyal queen's struggle amid clashing cultures and her compelling relationship with Paris in Florence Wallin's novel. All of this is set against the drama of the Trojan War and the clash of the Olympian gods

with the original worship of the earth mother goddess. ..."the attention to the detail of settings and other aspects of Bronze Age Aegean culture are especially impressive. But most of all the characters are engaging and the story captivating..." Jean Marty, Research Professor of Classics, University of North Carolina-Asheville. ..."The novel is astonishing, so evocative and exciting, bringing Helen to life as a complex and appealing human being as well as the mythical ideal of a beautiful and intelligent woman." P.B. Parris. ..."it is a novel based on archaeology. As such it can be regarded as a hypothesis, an imaginative arrangement of the material at hand now, and the current interpretations of the material...The writing rings true." Robert L. Horn, professor of Philosophy, Emeritus, Earlham College. ..."Helen's story has always been told from the point of view of kings who needed an excuse for war, blaming it on Helen's love affair with Paris. How wonderful to hear her point of view." Elizabeth Daniels Squire, award winning author of Peaches Dann mystery series.

[Management by values: towards cultural congruence, S. K. Chakraborty](#) , 1991, 0195632184, 9780195632187. This original work is based on the premise that values are as relevant as skills for the effectiveness of managers in industrial and commercial organizations, and that these values are unique to every society. Chakraborty argues that Indian managers, who have long imported value systems from countries that have no roots in India and thus lack the philosophical foundations of the ages-old Indian values system, have created organizations strong on skills and weak in values to the detriment of efficient functioning. Looking at the Japanese, Chinese, and American systems, as well as Indian classical texts in philosophy and psychology, he develops a new theory of values for Indian managers and a systematic training regime for putting his theory in practice

[The Book of Matchbox Labels, Roger Fennings](#) , 2001, 1872727247, 9781872727240. The history of the matchbox label provides a fascinating pictorial guide and reference to social history. This book takes the reader from the beginnings of the industry - with its associated hazards - through its golden age in the years leadinf up to the First World War and on to more modern times. The huge range of illustrations shows just how effective the images used on the matchboxes were. The matchbox became a source of advertising revenue, and this attempt to beautify mundane objects included the depiction of topical and seasonal subjects, historical events, nature, and personalities of the time; models, film stars and musicians proved particularly popular. Each country had its own trends, and so some subjects covered such as children's games, humour and folklore, gave great insight into national characters and opinions. Even today, the matchbox label remains a barometer of social activity and a source of information. 187272728X

[The Smart Patient's Handbook, David Filip](#) , 2008, 0979869242, 9780979869242. It isn't easy to be a patient. Aside from the worry about having an illness or injury, there are doctors to visit, tests to be performed, drugs to be taken, and the recovery process. All of these steps can take a lot of time and money, and the best course of action is not always clear. Wouldn't it be great to know exactly how to deal with all the biggest hurdles ahead of time? Now you can be prepared. The Smart Patient's Handbook was specifically designed to help you navigate the health care landscape like a seasoned pro. Get the information the doctors know so you can make informed health care decisions, learn about the latest

research on immune system boosting foods and supplements, get simple strategies to decrease the cost of prescription drugs, learn how to find a doctor you can work with, and more. These tips are also important for caretakers or even for people who must take care of their pets. Whether dealing with a potentially fatal disease or the common cold, everyone wants the best medical care they can get. From doctors' advice and the experience of thousands of patients who had been given the wrong tests, visited the wrong doctor, received the wrong prescription, or just needed to recover, their combined knowledge will be in your hands when you read *The Smart Patient's Handbook*.

[Q & A Revision Guide: International Law 2011 and 2012, Susan Breau](#) , 2011, 0199599947, 9780199599943. No matter how good your research and study skills, the ultimate test for the law student is the exam. This book explains how to tackle problem and essay questions typically found in exam papers, and how to draft successful answers. The author clearly guides students through the process of planning and structuring answers, providing essential advice on what to include and what to leave out. The book's 50 questions and model answers are divided into chapters covering all major topics. Each question is supported by clear commentary indicating exactly what examiners are looking for, followed by an answer plan listing key points to cover. Chapters begin with an introduction focusing on important points, and end with suggestions for further reading. Online Resource Centre An Online Resource Centre accompanies the book, providing revision and exam advice, links to useful websites, and a glossary to develop students' understanding of subject-specific terms.

[Armenian Organization and Ideology under Ottoman Rule: 1908-1914, Dikran Mesrob Kaligian](#) , 2011, 1412848342, 9781412848343. This book provides a comprehensive picture of Armeno-Turkish relations for the brief period of Ottoman Constitutional rule between 1908 and 1914. Kaligian integrates internal documents of the Armenian Revolutionary Federation, and existing research on the last years of the empire, as well as the archives of the British, American, and German diplomatic corps. By reducing the overemphasis on central government policies and by describing unofficial contacts, political relations, and provincial administration and conditions, Kaligian provides a unified account of this key period in Ottoman history. Kaligian sets out to resolve many of the conflicting conclusions in the current historiographyincluding the most central issue, the Armenian Revolutionary Federation relations with the Turkish Committee of Union and Progress. It is impossible to obtain a true picture of Armeno-Turkish relations without an accurate analysis of their two leading parties. This study finds that the ARF was torn between maintaining relations with

a CUP that had failed to implement promised reforms and was doing little to prevent increasing attacks on the Armenian population, or break off relations thus ending any realistic chance for the constitutional system to succeed. The party continued to stake its reputation and resources on the success of constitutional government even after the trauma of the 1909 Adana massacres. The decisive issue was the failure of land restitution. This book sets the record straight in terms of understanding Armeno-Turkish relations during this short but pivotal period. Kaligians study, the first of its kind, shows that the partys internal deliberations support the conclusion that it did remain loyal and contradicts the view that the partys only aim was to incite a rebellion against Ottoman rule. The author has done an excellent job of leading the reader through this rich history, using primary source information to bridge the gaps from theory, to analysis, to evidence.

[Physical and chemical hydrogeology, Volume 1, Patrick A. Domenico, Franklin W. Schwartz](#) , 1998, 0471597627, 9780471597629. Hydrogeology is the study of the laws governing the movement of subterranean water and its interaction with other components of the hydrological cycle, the mechanical, chemical, and thermal interaction of this water with the porous solid, and the transport of energy, mass, and particulate matter by the flow. This book shows readers how to apply hydrogeology principles to a host of problems related to water supply, contamination, and energy resources. It discusses hydraulic testing, modeling of contaminant transport, process and parameter determination, and remediation. It also addresses porosity, permeability, and flow for continental environments, marine environments, and the borders between them. Updated coverage in areas that have progressed significantly, including multiphase flow, chemical topics, and new remedial technologies.-- Additional chapters covering development of groundwater resources, groundwater in the Earth's crust, solute and particle transport, and principles of aqueous geochemistry.-- New coverage of contaminant hydrogeology.

[A Blue Poetry Paintbox,](#) , 1994, 0199167206, 9780199167203. A collection of poems on a wide variety of topics, including castles, dragons, monsters, monkeys, magicians and foxes. Suggested level: junior, primary.

[The Seducer's Diary, Sren Kierkegaard](#) , 2007, 014103484X, 9780141034843. Love can be surprising. Love can be heartbreak. Love can be an art. But love is the singular emotion that all humans rely on most . . . and crave endlessly, no matter what the cost. United by this theme of love, the nine titles in the Penguin Great Loves collection include tales

of blissful and all-encompassing, doomed and tragic, erotic and absurd, seductive and adulterous, innocent and murderous love. A deeply moving addition to the Penguin Great Ideas and Great Journeys series, each gorgeously packaged book will challenge all expectations of love while celebrating the beauty of its existence. All books in this series:

Cures for Love
Doomed Love
The Eaten Heart
First Love
Forbidden Fruit
The Kreutzer Sonata
A Mere Interlude Of
Mistresses, Tigresses and Other Conquests
The Seducer's Diary

[The Mesrine Conclusion - Revised and Updated International Edition, David Cullen](#) , 2009, 0955991110, 9780955991110.

1978. Only two people still alive know the dark secret of the British Royal House of Windsor. One lies in her dotage in France, the other continues to rule the royal household in Britain as she has done for 40 years. A robbery in Paris. The secret is stolen. It must be found at all costs. Police enquiries draw a blank. They need help. There is only one man with the skills to locate the secret - Jacques Mesrine, France's Public Enemy Number One. But there are those that want the secret for themselves and others who will stop at nothing to ensure the secret remains hidden. Can Mesrine find the secret before the hunters find him? Death, treachery and double-cross all lead to THE MESRINE CONCLUSION.
