[Merciless, Mary Burton](#) , 2011, 1420122541, 9781420122541. No PityEach skeleton is flawless--gleaming white and perfectly preserved, a testament to his skill. Every scrap of flesh has been removed to reveal the glistening bone beneath. And the collection is growing. . . No CompassionWhen bleached human bones are identified as belonging to a former patient of Dr. James Dixon, Detective Malcolm Kier suspects the worst. Dixon was recently acquitted of attempted murder, thanks to defense attorney Angie Carlson. But as the body count rises, Kier is convinced that Angie is now the target of a brutal, brilliant psychopath. No Escape Angie is no stranger to the dark side of human nature. But nothing has prepared her for the decades-long legacy of madness and murder about to be revealed--or a killer ready to claim her as his ultimate trophy. . . Praise for the novels of Mary Burton"A twisted tale. . .I couldn't put it down!" --Lisa Jackson on Dying Scream "Taut, compelling. . .delivers a page-turner." --Carla Neggers on I'm Watching You"A chilling thriller." --Beverly Barton on Dead Ringer

[Henry Keeps Score, Daphne Skinner](#) , 2001, 0606207023, 9780606207027. Henry wants to make sure his older sister Harriet never gets more of anything than he does. So he keeps score--until Harriet gets a cavity and he gets none. This title teaches the math concept of comparing. Full-color illustrations.

[Non-Stop Reader, Maurice Pope](#) , 1997, .

[My Childhood, Maxim Gorky](#) , 1966, 0140182853, 9780140182859. Coloured by poverty and horrifying brutality, Gorky's childhood equipped him to understand - in a way denied to a Tolstoy or a Turgenev - the life of the ordinary Russian. After his father, a paperhanger and upholsterer, died of cholera, five-year-old Gorky was taken to live with his grandfather, a polecat-faced tyrant who would regularly beat him unconscious, and with his grandmother, a tender mountain of a woman and a wonderful storyteller, who would kneel beside their bed (with Gorky inside it pretending to be asleep) and give God her views on the day's happenings, down to the last fascinating details. She was, in fact, Gorky's closest friend and the epic heroine of a book swarming with characters and with the sensations of a curious and often frightened little boy. My Childhood, the first volume of Gorky's autobiographical trilogy, was in part an act of exorcism. It describes a life begun in the raw, remembered with extraordinary charm and poignancy and without bitterness. Of all Gorky's books this is the one that made him 'the father of Russian literature'.

[Alexandria, Virginia, Pamela J. Cressey, Margaret J. Anderson](#) , 2006, 0195173341, 9780195173345. "In the 1960s, across the United States, old buildings were being demolished to make room for new developments. A race began to save Alexandria's past. Volunteers stayed one step ahead of the builders to reconstruct a Civil War fort. When bulldozers began to tear down parts of historic Alexandria, they uncovered abandoned wells and outdoor privies full of buried history. Luckily for archaeologists, the moist environment of the wells and privies had preserved the trash that residents had thrown into them. Dishes, combs, and even a musket have all been rescued and used to piece together how Alexandrians lived over hundreds of years. Pamela J. Cressey, Alexandria's City Archaeologist, and Margaret J. Anderson explore not only the history of Alexandria, but also how it changed from a city rescuing its artifacts to a community preserving its past."--Jacket.

BE SAFE, NOT SORRY Even guys have second thoughts about having sex. Whether you are concerned about getting a STD, your religious values, or what your partner will say about you afterwards, Virgin Sex for Guysteaches you the physical, emotional, and social consequences of having (and not having) sex. This guys guide to safe and healthy sex uncovers the real truths on how to have sex without getting hurtthe first time and every time. Get the real story on: *Sex for the first timewho, what, when, why, and how *How to treat a girl right before, during, and after your relationship *Preparing for sexall about pregnancy, STDs, and your emotions *Same-sex sexhow to know if you are gay or bisexual *What to do when you or your girlfriend is not ready for sex This is the real talk about sex, beyond the talk from your

mom and dad, or the talk your friends gave you. It's the truth from a real, live sex therapist. I wrote this book for YOU. Dr. Darcy Visit Dr. Darcy online at www.noregretsguide.com for her advice blog and free video of real teens telling real stories and get answers to your own sex questions, too!

[The Sweetest and the Meanest, Tom Kimmel](#) , 2006, 0977267911, 9780977267910. Singer/songwriter Tom Kimmel has written and recorded songs that have touched millions of people around the world. Featured in film, in television and on albums by dozens of artists, including Johnny Cash, Joe Cocker, Randy Travis and Linda Ronstadt, his compositions have achieved gold and platinum sales in many countries. The Sweetest and the Meanest is drawn from the author's colorful life experiences of growing up in the Deep South, traveling the world, and exploring spiritual practices. Its poems are artful yet unadorned, portals leading to worlds just below the surface of everyday life. In the words of his critically acclaimed peer, Pierce Pettis: "Tom does with poems what Eudora Welty did with short stories... sweet (but unsentimental), understated little slices of actual human life as experienced here in the South-or anywhere, for that matter. He puts you so close to those beauty/truth/goodness moments of the heart (the ones we've all known but defy description), that you're suddenly in them before you realize it. Like Eudora, he speaks softly, sneaks up on you-and then nails you. Wonderful stuff."

[Allen's Dictionary of English Phrases, Robert Allen](#) , 2008, 0141917687, 9780141917689. Allens Dictionary of English Phrases is the most comprehensive survey of this area of the English language ever undertaken. Taking over 6000 phrases, it explains their meaning, explores their development and gives citations that range from the Venerable Bede to Will Self. Crisply and wittily written, the book is packed with memorable and surprising detail, whether showing that 'salad days' comes from Antony and Cleopatra, that 'flavour of the month' originates in 1940s American ice cream marketing, or even that we've been 'calling a spade a spade' since the sixteenth century. Allens Dictionary of English Phrases is part of the Penguin Reference Library and draws on over 70 years of experience in bringing reliable, useful and clear information to millions of readers around the world making knowledge everybodys property.

[The Calabar Hoard - A Pictish Treasure, James Rankine](#) , 2010, 0953746631, 9780953746637. Pictish remains are still occasionally discovered in Scotland. This is the story of a triple find of major importance. A sculptured stone, a treasure trove and a preserved body realise the dreams of the archaeologists involved. The discoveries however are marred by

political in-fighting and the theft of the treasure. The sponsors of the archaeological dig responsible for the finds are two wealthy Scots. The two men mastermind the emergence of a grass roots political organisation called The Scottish Peoples Alliance. The Scottish Peoples Alliance sweeps the polls and becomes the elected Government. After initial success, however, the Alliance begins to disintegrate under pressure. To the dismay of the founders, they find, as other rich individuals had found before them, that wealth and celebrity status do not always ensure success in changing society. The climax of the novel is the severing of ties between England and Scotland and the eventual recovery of The Calabar Hoard.

[Historical and Philosophical Foundations of Education: A Biographical Introduction, Gerald Lee Gutek](#) , 2005, 013113809X, 9780131138094. For Historical Foundations of Education and Philosophical Foundations of Education courses. Structured around major movements in world history, the lives of leading educators, and the philosophies and ideologies that resulted from their ideas, this unique text provides a clear interdisciplinary exploration of the development of educational ideas. The author takes a global perspective on the history and philosophy of education, capturing the essence of educational evolution through the biographies of 23 theorists, philosophers, and educators. This biographical focus, combined with an introductory presentation of the inherent connections between education's major movements and its primary movers helps students better understand the social and historical conditions that have informed today's educational arena.

[Rebel Land: Unraveling the Riddle of History in a Turkish Town, Christopher de Bellaigue](#) , 2011, 0143118846, 9780143118848. "A finely written, brave, and very personal book." -Orhan Pamuk In 2001, Christopher de Bellaigue wrote a story for The New York Review of Books, in which he briefly discussed the killing and deportation of half a million Armenians from Turkey in 1915. These massacres, he suggested, were best understood as part of the struggles that attended the end of the Ottoman Empire. Upon publication, the Review was besieged with letters asserting that this was not war but genocide. How had he gotten it so wrong? De Bellaigue set out for Turkey's troubled southeast to discover what really happened. What emerged is both an intellectual detective story and a reckoning with memory and identity. Rebel Land unravels the enigma of the Turkish twentieth century-a time that contains the death of an empire, the founding of a nation, and the near extinction of a people.

[Ethical Canary: Science, Society, and the Human Spirit, Margaret Somerville](#) , 2004, 0773572201, 9780773572201. Every day we hear news about medical or scientific breakthroughs and the complex ethical issues they raise. Feats that were

never before possible, including cloning, genetically modifying food, mapping human chromosomes, and using animal organs for human transplants, have opened up a Pandora's box of ethical questions. Technology is advancing at such rate that the issue is not so much what we can do but rather whether we will do it. Margaret Somerville, a leading international authority on medicine, ethics, and the law, demonstrates that society must set ethically acceptable limits on scientific advances. In this controversial, and timely book Somerville sheds light on the urgent ethical and legal questions that vie for our attention. Along the way, she calls upon us to recognize the mysteries that lie at the heart of our lives and the metaphysical reality that gives meaning to life. The Ethical Canary is a major contribution to the debate about the hottest issues in ethics today, from one of the world's leading authorities.

[Night Visitors](#), , 1995, 0399227318, 9780399227318. Young Ho Kuan believes that all living things have value. So when his father threatens to flood out the pesky ants that have invaded his storehouse, Ho Kuan pleads for their lives. He is given a month to find a solution, but black-armored night visitors interrupt his planning, and Ho Kuan is taken on a journey that reveals the answer he has been searching for. Full color.

[Chasing Unicorns, Roni Askey-Doran](#) , 2005, 0975760017, 9780975760017. Carl Rutherford is an award-winning businessman. He's a respected member of the community, a board member on a number of prominent construction companies. His friends include the mayor, the police commissioner and several high-profile senators. Carl is also a paedophile. Chasing Unicorns is the story of Carl's victims and how they endured their intense suffering. Each of them chooses the road to survival, while somehow managing to stay sane. The four women unite, and decide they will march together up the long winding path to redemption. Carl is arrested and brought before the courts. He is confronted by his victims, each of whom have struggled to come to terms with the abuse. During the judicial process, the women meet each other for the first time and form strong bonds and friendships. They join forces and fight their nemesis together. Can they win against such a rich and influential man?

[Fundamentals of Rock Mechanics, John Conrad Jaeger, Neville G. W. Cook, Robert Zimmerman](#) , 2009, 1444308912, 9781444308914. Widely regarded as the most authoritative and comprehensive book in its field, the fourth edition of Fundamentals of Rock Mechanics includes new and substantially updated chapters to this highly praised text. Extensively updated throughout, this new edition contains substantially expanded chapters on poroelasticity, wave propagation, and subsurface stresses. Features entirely new chapters on rock fractures and micromechanical models of rock behaviour. Discusses fundamental concepts such as stress and strain. Offers a thorough introduction to the subject before expertly delving into a fundamental, self-contained discussion of specific topics. Unavailable for many years, now back by popular demand. An Instructor manual CD-ROM for this title is available. Please contact our Higher Education team at HigherEducation@wiley.com for more information. Reviews: With this attention to detail, and rigorous adherence to clarity and exactness in description, this edition will consolidate the standing achieved by the earlier editions as a most authoritative and comprehensive book in its field. It will continue to serve as a leading reference work for geoscientists interested in structural geology, tectonics and petrophysics as well as for civil, mining and petroleum engineers. (Petroleum Geoscience) "...I consider this book to be an invaluable reference for studying and understanding the fundamental science at the base of rock mechanics. I believe this to be a must-have textbook and I strongly recommend it to anyone, student or professional, interested in the subject." (Rock Mechanics and Rock Engineering) "An excellent book, very well presented, and is a must for the shelves of serious engineers and scientists active or interested in the fields of rock mechanics and rock engineering.... Highly recommended." (South African Geographical Journal, 2008)

[After Tehran, Marina Nemat](#) , 2010, 0143178768, 9780143178767. Marina Nemats bestselling Prisoner of Tehran chronicled her arrest, torture, and two-year imprisonment in the notorious Evin prison as a teenager in 1980s revolutionary Iran. In her new book, Nemat provides a riveting account of her escape from Iran and her journey to Canada, via Hungary, with her husband and infant son in 1991. Settling into a new life as immigrants, she and her husband find jobs, raise their two children, and seemingly adapt. But inwardly, Nemat is struggling. Haunted by survivors guilt, she feels compelled to speak out about what happened to her in prison. Her account becomes a bestselling book; and again her life is changed. A story of courage and recovery, After Tehran chronicles Nemats confrontation with her past, how she re-engages with her distant father, and how ultimately she emerges from the emotional ravages of posttraumatic stress.

[Master Georgie, Beryl Bainbridge](#) , 2010, 0748125221, 9780748125227. When Master Georgie - George Hardy, surgeon and photographer - sets off from the cold squalor of Victorian Liverpool for the heat and glitter of the Bosphorus to offer his services in the Crimea, there straggles behind him a small caravan of devoted followers; Myrtle, his adoring adoptive sister; lapsed geologist Dr Potter; and photographer's assistant and sometime fire-eater Pompey Jones, all of them driven onwards through a rising tide of death and disease by a shared and mysterious guilt. Combining a breathtaking eye for beauty with a visceral understanding of mortality, Beryl Bainbridge exposes her enigmatic hero as tenderly and unsparingly as she reveals the filth and misery of war, and creates a novel of luminous depth and extraordinary intensity.

[Numerical Methods for Chemical Engineering: Applications in MATLAB, Kenneth J. Beers](#) , 2007, 0521859719, 9780521859714. Suitable for a first year graduate course, this textbook unites the applications of numerical mathematics and scientific computing to the practice of chemical engineering. Written in a pedagogic style, the book describes basic linear and nonlinear algebraic systems all the way through to stochastic methods, Bayesian statistics and parameter estimation. These subjects are developed at a level of mathematics suitable for graduate engineering study without the

exhaustive level of the theoretical mathematical detail. The implementation of numerical methods in MATLAB is integrated within each chapter and numerous examples in chemical engineering are provided, with a library of corresponding MATLAB programs. This book will provide the graduate student with essential tools required by industry and research alike. Supplementary material includes solutions to homework problems set in the text, MATLAB programs and tutorial, lecture slides, and complicated derivations for the more advanced reader. These are available online at www.cambridge.org/9780521859714.

[Remember Me: Civil War Letters Home from a Hospital Steward 1862-1864, Daniel McKinley Martin, Alan I. West](#) , 2010, 0984140042, 9780984140046. "In 1862, Daniel Martin was living in Pittsburgh with his young family when he volunteered to serve as hospital steward for the 2nd Virginia. His letters and diary speak of financial hardships, secessionists, medicine, diseases, generals, patriotism, the deaths of his two brothers, battles, politics, slavery, religion, and family squabbles. While there have been collections of Civil War letters previously published, few are from hospital stewards. With detailed descriptions of diseases and 19th century medical theories, these letters are presented in the context of American Civil War medicine and the political and social venues of southwestern Pennsylvania"--P. [4] of cover.

[Rural Commercial Capital: Agricultural Markets in West Bengal, Barbara Harriss-White](#) , 2008, 0195691598, 9780195691597. Agricultural performance is influenced by agricultural commodity markets. However, the importance of these markets has largely been ignored by agricultural policymakers and mainstream economists. This pioneering study, covering both the pre- and the post-liberalization periods, and WestBengal's transformation from a seriously deficit to a surplus state, conceives of the post-harvest sector as a system of markets. It shows how, while West Bengal enjoyed the results of a reformed agrarian system, the market system remained unreformed until recently. The book sheds light on the role and importance of distribution and commodity markets in shaping and spreading the benefits of higher productivity across society. An original analysis of the regulation of markets by institutions of collective action and social identity, as well as by the state, the book discusses a regulatory policy that could be adopted by any government, irrespective of its ideology. Barbara Harriss-White's quarter-century of field work inWest Bengal has yielded new insights into the political economy, where ethno-cultural networks and informal finance have led to a polarization of agro-commercial power on the one hand, and a proliferation of livelihoods for small traders in the post-harvest market system on the other. Challenging many of the claims of orthodox political economy, this well researched volume offers a new interpretation of rural development over three decades of communist rule.

[The Senses: Audition, , ISBN 0126394822, 9780126394825, , ISBN 0126394822, 9780126394825, , 2008, 0120885387, 9780120885381.](#) " ... provides the first up-to-date, cutting-edge, comprehensive reference work combining volumes on all major sensory modalities in one set in three decades. Under the guidance of a distinguished team of international experts, 6 volumes collected 300 articles from all the top scientists laying out our current knowledge on the anatomy, physiology, and molecular biology of sensory organs. Topics covered include the perception, psychophysics, and higher order processing of sensory information, as well as disorders and new diagnostic and treatment methods. Written for a wide audience, this reference work provides students, scholars, medical doctors, and anyone interested in neuroscience a comprehensive overview of the knowledge accumulated on the function of sense organs, sensory systems, and how the

brain processes sensory input. Leading scholars from around the world contributed articles, making *The Senses* a truly international portrait of sensory physiology. The set is the definitive reference on sensory neuroscience on the market, and will provide the ultimate entry point into the review and original literature in Sensory Neuroscience, and be a natural place for interested students and scientists to deepen their knowledge."--Publisher description.

[Marshmallows for Breakfast, Dorothy Koomson](#) , 2009, 0440338336, 9780440338338. Dorothy Koomson captivated readers with her international bestseller *My Best Friends Girl*. Now she dazzles us once again with a tale of love, friendship, and families—the choices that shatter them, the hope that saves them, and the little moments that happen in between. Kendra Tamale is looking for a fresh start and a simple life when she rents a room from Kyle Gadsborough. But against her better judgment Kendra soon finds herself drawn into her new landlords household: a young father in way over his head, a beautiful mother out the door, and six-year-old twins, Summer and Jaxon, with hearts full of hurt. Kendra has plenty of issues of her own, but this family seems to need her so desperately that she's soon falling in love with Summers constant chatter, Jaxons soulful eyes, and the sugar-laden Saturday breakfasts she invents. But when a secret from Kendras past resurfaces and the children are taken away by their mother, the only way to fix things is to confess to the terrible mistake she made many years ago and the choice she makes now could break more than one persons heart. From the Trade Paperback edition.

[The Gerson Therapy: The Amazing Nutritional Program for Cancer and Other Illnesses, Charlotte Gerson, Morton Walker](#) , 2003, 0007156081, 9780007156085. An up-to-date and accessible account of one of the first alternative cancer therapies for both patients and professionals, this text is a guide to healing the body through nutrition for people with cancer, AIDS, allergies, obesity, high blood pressure, lupus and other chronic conditions that has been used successfully for over 60 years.

[Dominoes: Quick Starter: Zombie Attack!, Lesley Thompson](#) , 2013, 0194249867, 9780194249867. 'Professor Clark's work usually helps people. But this is something new.' Clark's helper - Tasha Kiara - is telling Chaz - a local TV reporter about the Professor's new serum. Then an earthquake hits Clark's California lab, and his serum brings dead bodies in the cemetery alive. Soon the zombies attack! What happens to Professor Clark? How can Tasha and Chaz stop the zombies? Who lives and who dies? Read this story and see.

[A Chat Amongst Friends: An Insight and Explanation of Spiritualism and the Spirit World, Donald Coe](#) , 2011, 0957065701, 9780957065703. What is spiritualism? It's not about people dressed in strange robes who sit around talking to the dead, it's a belief that a lot of ordinary people have, a belief that there is life after life. Wouldn't you like to know that your long departed loved ones are still here, still looking after you? You have this ability to communicate with them and, believe me; they don't show themselves as spooky spectres who frighten everyone. Take the time to learn what your ancestors knew and life will never seem the same.

[The Theory of the Leisure Class, Thorstein Veblen](#) , 2007, 0191604933, 9780191604935. Veblen's landmark study of affluent American society exposes the 'pecuniary culture' and 'conspicuous consumption' that results when unessential goods are exploited at the expense of production of true value. This new edition examines Veblen's still pertinent arguments. - ;'Conspicuous consumption of valuable goods is a means of reputability to the gentleman of leisure.' In The Theory of the Leisure Class Thorstein Veblen sets out 'to discuss the place and value of the leisure class as an economic factor in modern life'. In so doing he produced a landmark study of affluent American society that exposes, with brilliant ruthlessness, the habits of production and waste that link invidious business tactics and barbaric social behaviour. Veblen's analysis of the evolutionary process sees greed as the overriding motive in the modern economy; with an impartial gaze he examines the human cost paid when social institutions exploit the consumption of unessential goods for the sake of personal profit. Fashion, beauty, animals, sports, the home, the clergy, scholars - all are assessed for their true usefulness and found wanting. The targets of Veblen's coruscating satire are as evident today as they were a century ago, and his book still has the power to shock and enlighten. Veblen's uncompromising arguments and the influential literary force of his writing are assessed in Martha Banta's Introduction. -

Experience real human body structures and movements with this indispensable guide to the the digital expression of anatomical mechanisms. Impressive graphic details, along with clear explanations, explore the character animation of each body part and movement as illustrated for art directors, designers, and animators. Packed with 650 full-color computer-graphic visuals, and covering more than 280 useful topics, with commentaries on every body part, bone, and muscular movement, this comprehensive body-animation graphic manual is a must have for every digital artist and designer!

[A conspiracy of silence: alcoholism, Leo P. Hennigan, Joe Sutliff, John Marshall](#) , 1989, 0962638226, 9780962638220.

FINALLY, a book on alcoholism which gives answers, not just information. The author, a Psychiatrist & recovered alcoholic, has been active in A.A. since 1963. A.A. the most effective treatment for "our number one disease" has existed for 56 years, yet only 5% of the victims are receiving the treatment. One in four hospitalized patients is alcoholic yet this is ignored during his hospitalization. A study of medical schools in the United States & Canada show some schools do not have a course on alcoholism & most others teach inadequately about alcoholism. The most important concept in medicine is EARLY DIAGNOSIS, yet alcoholism is practically never diagnosed in its early stages. Alcoholism is the only disease in which the patient is expected to make his own diagnosis & ADMIT his illness as if he were a criminal. A new technique of diagnosing alcoholism with one question is demonstrated. All these problems & more are dealt with simply & effectively in this book. The author proves alcoholism is not a complicated disease but a SIMPLE DISEASE WHICH WE HAVE COMPLICATED. Mythologies about alcoholism are debunked. If you have an alcoholic in your life, this book is must reading.

[To Kill a Mockingbird, Harper Lee](#) , 2003, 0099466260, 9780099466260. Shoot all the Bluejays you want, if you can hit 'em, but remember it's a sin to kill a Mockingbird.' A lawyer's advice to his children as he defends the real mockingbird of Harper Lee's classic novel - a black man charged with the rape of a white girl. Through the young eyes of Scout and Jem Finch, Harper Lee explores with exuberant humour the irrationality of adult attitudes to race and class in the Deep South of the thirties. The conscience of a town steeped in prejudice, violence and hypocrisy is pricked by the stamina of one man's struggle for justice. But the weight of history will only tolerate so much-

[Battle for the Castle : The Myth of Czechoslovakia in Europe, 1914-1948: The Myth of Czechoslovakia in Europe, 1914-1948, Andrea Orzoff Associate Professor of History New Mexico State University](#) , 2009, 0199709955, 9780199709953. After World War I, diplomats and leaders at the Paris Peace Talks redrew the map of Europe, carving up ancient empires and transforming Europe's eastern half into new nation-states. Drawing heavily on the past, the leaders of these young countries crafted national mythologies and deployed them at home and abroad. Domestically, myths were a tool for legitimating the new state with fractious electorates. In Great Power capitals, they were used to curry favor and to compete with the mythologies and propaganda of other insecure postwar states. The new postwar state of Czechoslovakia forged a reputation as Europe's democratic outpost in the East, an island of enlightened tolerance amid an increasingly fascist Central and Eastern Europe. In Battle for the Castle, Andrea Orzoff traces the myth of Czechoslovakia as an ideal democracy. The architects of the myth were two academics who had fled Austria-Hungary in the Great War's early years. Tomaas Garrigue Masaryk, who became Czechoslovakia's first president, and Edvard Benes, its longtime foreign minister and later president, propagated the idea of the Czechs as a tolerant, prosperous, and cosmopolitan people, devoted to European ideals, and Czechoslovakia as a Western ally capable of containing both

German aggression and Bolshevik radicalism. Deeply distrustful of Czech political parties and Parliamentary leaders, Benes and Masaryk created an informal political organization known as the Hrad or "Castle." This powerful coalition of intellectuals, journalists, businessmen, religious leaders, and Great War veterans struggled with Parliamentary leaders to set the country's political agenda and advance the myth. Abroad, the Castle wielded the national myth to claim the attention and defense of the West against its increasingly hungry neighbors. When Hitler occupied the country, the mythic Czechoslovakia gained power as its leaders went into wartime exile. Once Czechoslovakia regained its independence after 1945, the Castle myth reappeared. After the Communist coup of 1948, many Castle politicians went into exile in America, where they wrote the Castle myth of an idealized Czechoslovakia into academic and political discourse. Battle for the Castle demonstrates how this founding myth became enshrined in Czechoslovak and European history. It powerfully articulates the centrality of propaganda and the mass media to interwar European cultural diplomacy and politics, and the tense, combative atmosphere of European international relations from the beginning of the First World War well past the end of the Second.

[When in Doubt, Make Belief: An OCD-Inspired Approach to Living with Uncertainty, Jeff Bell](#) , 2011, 1577319095, 9781577319092. When in doubt, make belief. For author and news anchor Jeff Bell, these are words to live by. Literally. As someone who has spent much of his life battling severe obsessive compulsive disorder (OCD), Bell has had to overcome crippling uncertainty few people can imagine. In this powerful follow-up to his critically acclaimed memoir, *Rewind, Replay, Repeat*, Bell expounds on the principles of applied belief that allowed him to make such a remarkable recovery from this doubting disease and the lessons he s learned while traveling the country talking about doubt. With the help of more than a dozen leading experts, Bell offers readers practical techniques for pushing through the discomfort of uncertainty whether it stems from OCD or just everyday worries and demonstrates how a shift from decisions based on fear and doubt to ones based on purpose and service can transform any life. Featuring interviews with Sylvia Boorstein, Patty Duke, Dan Millman, Leon Panetta, Tom Sullivan, and others

[Abingdon Old Testament Commentaries | Hosea, Joel, Amos, Obadiah, Jonah, Micah: Minor Prophets, Daniel J.](#)

[Simundson](#) , 2011, 1426750560, 9781426750564. The Abingdon Old Testament Commentaries provide compact, critical commentaries on the books of the Old Testament for the use of theological students and pastors. The commentaries are also useful for upper-level college or university students and for those responsible for teaching in congregational settings. In addition to providing basic information and insights into the Old Testament writings, these commentaries exemplify the tasks and procedures of careful interpretation to assist students of the Old Testament in coming to an informed and critical engagement with the biblical texts themselves. The prophetic books gathered together in the book of the Twelve are sometimes called the "minor" prophets because of their relatively small size when compared with Isaiah, Jeremiah, and Ezekiel. They are often neglected, at least partly because their words of judgment make the reader uncomfortable. Yet they have considerable theological and ethical value--for their call for social justice (especially Amos and Micah), their insights about the passionate love of God (in Hosea), God's grace and forgiveness (Jonah, Hosea, and elsewhere), and the finality of hope, even in the face of terrible catastrophes.

[Open Friendship in a Closed Society: Mission Mississippi and a Theology of Friendship, Peter Slade](#) , 2009, 0199888213, 9780199888214. Mission Mississippi is the largest interracial ecumenical church-based racial reconciliation group in the United States. Peter Slade offers a sustained examination of whether the Mission's model of racial reconciliation (which stresses one-on-one, individual friendships among religious people of different races) can effectively address the issue of social justice. Slade argues that Mission Mississippi's goal of "changing Mississippi one relationship at a time" is both a pragmatic strategy and a theological statement of hope for social and economic change in Mississippi. Carefully tracing the organization's strategies of biracial church partnerships and sponsorships of large civic events, and intercessory prayer breakfast groups, he concludes that they do indeed offer hope for not only for racial reconciliation but for enabling the mobilization of white economic and social power to benefit broad-based community development. At the same time, he honestly conveys the considerable obstacles to the success of these strategies. Slade's work comes out of the vibrant Lived Theology movement, which looks at the ways theologies go beyond philosophical writings to an embodiment in the grassroots lives of religious people. Drawing on extensive interviews and observations of Mission Mississippi activities, church sources, and theological texts, this book is important not only for scholars of theology and race relations but also Southern studies and religious studies.

[Hotel Front Office Simulation: A Workbook and Software Package, Sheryl F. Kline, William Sullivan](#) , 2002, 0471203319, 9780471203315. An easy, learn-by-doing introduction to hotel front office operationsHotel Front Office Simulation: A Workbook and Software Package offers a direct, experience-based approach to learning hotel front office operations. An extremely practical and easy-to-use learning tool, it works equally well on its own or in conjunction with virtually any front office operations or hotel management textbook. As an invaluable source of virtual on-the-job training, it is an outstanding resource to help prepare students to meet the fast-paced challenges of a hotel front office.How It WorksThe workbook and software move step by step through each part of the guest cycle, from the reservation process to the night audit. Exercises at the end of each workbook chapter help students apply and reinforce what they've learned. The CD-ROM and data disk feature front office simulation software adapted from INNSTAR, the hotel property management system used by hundreds of hotels. The software features a 25-room virtual hotel that helps users practice and hone their front office skills in a remarkably true-to-life setting.What It Covers* Taking, changing, and canceling reservations (for individuals and groups)* Checking in/registering walk-ins and guests with reservations* Handling posting and folio management * Performing tasks that involve housekeeping, maintenance, and other departments* Running a full night audit and reading the reports

[A Guide to Antiaging Drugs, Thomas Donaldson](#) , 1994, 096421900X, 9780964219007. This book describes 14 drugs for which at least one controlled experiment shows a lifespan increase in healthy mammals (generally rats or mice). Each Chapter examines one such drug for human use, accurately describing both good & bad features & includes discussion of doses at which the drug will increase lifespans of any humans using it. Among the drugs discussed: Coenzyme Q10, Selegiline, GH-3, melatonin, chromium picolinate. An appendix gives a list of suppliers. Although the GUIDE takes no overt political position against the FDA, it clearly discusses use of these drugs for FDA-unapproved purposes. While explicitly leaving any decision to use a drug to readers, it gives readers what they need to know to decide for themselves. In a short Introduction, it also briefly describes why readers might decide to use such drugs: controlled tests of any effect on lifespan of human beings would take so long that no one living now could use them. The science is well done; the moral & political issues receive almost no mention, by deliberate choice of the author. To order, contact PERIASTRON: 415- 726-2251.

[The Art of Beadwork: Historic Inspiration, Contemporary Design, Valerie Hector](#) , 2005, 0823003078, 9780823003075. Written by renowned jewelry designer Valerie Hector, this book introduces readers to the quality, diversity, and artistry of beadwork from around the world, from ancient to modern. Rather than providing instructions for simply copying designs, this book teaches beaders to translate one or more of a piece's characteristicscolor, design, technique, and

dimensionality into innovative contemporary jewelry designs. This book guides readers through 24 exquisite projects: necklaces, earrings, pendants, pins, bracelets, hair ornaments, and bags inspired by museum-quality beadworks from cultures in four geographic regions: Asia, Africa, Europe, and the Americas. According to Craft Trends, one in three crafters in the US engages in beading. Beadworkers and bead and jewelry enthusiasts are hungry for inspirational images of beadwork from other cultures. Contributors include beading luminaries Flora Book, David Chatt, Sharon Donovan, and Kathryn Harris.

[Using BusyBox \(Digital Short Cut\), Christopher Hallinan](#) , 2006, 0132715872, 9780132715874. This is the eBook version of the printed book. This digital Short Cut delivered in Adobe PDF format for quick and easy access, is an introduction to BusyBox, widely regarded as The Swiss Army Knife of Embedded Linux. After a brief introduction, we walk you through the BusyBox configuration utility. This is used to tailor BusyBox to your particular requirements. You will next learn about the requirements for cross-compiling the BusyBox package. Then we look at BusyBox operational issues, including how it is used in an embedded system. Next you will examine the BusyBox initialization sequence, and how this departs from more traditional Linux systems. You will also study a sample initialization script. After reading the steps for installing BusyBox on a target system, you will learn about some of the BusyBox commands and their limitations. This Short Cut is Chapter 11 from the book Embedded Linux Primer by Christopher Hallinan (0-13-167984-8) available September 2007. As such, it contains references to earlier and later chapters that are not included in this Short Cut. Apart from these references, the Short Cut is fully self-contained and is an excellent choice for embedded Linux developers interested in understanding how to use the BusyBox utility. Table of Contents 11.1Introduction to BusyBox 11.1.1BusyBox is Easy 11.2BusyBox Configuration 11.2.1Cross-Compiling BusyBox 11.3BusyBox Operation 11.3.1BusyBox Init 11.3.2Example rcS Initialization Script 11.3.3BusyBox Target Installation 11.3.4BusyBox Commands 11.4Chapter Summary 11.4.1Suggestions for Additional Reading

[The Pig in the Spigot, Richard Wilbur](#) , 2004, . A PIG in a spigot? An AX in a taxi? An ELF in a belfry? Richard Wilbur has been playing with his words again! Aided and abetted by illustrator J.otto Seibold, he reveals that you must choose your words carefully--because you never know what you'll find in them!

[Pan-Islam in British Indian Politics: The Politics of the Khilafat Movement, 1918-1924, M. Naeem Qureshi](#) , 2009, 0195979044, 9780195979046. A correct perspective on the origins and development of pan-Islam in British India had eluded writers for years. The author treats the subject comprehensively and highlights links between pan-Islam and nationalist movements in the nineteenth and twentieth centuries. In focus is the Khilafat movement (1918-1924) which, with its distinct religio-political dynamics, aimed at saving Ottoman Turkey from dismemberment as well as securing self-government for India. Extensively utilizing a variety of archival and other source materials, the author unfolds the fascinating story of how, in concert with secular forces, the pan-Islamic appeal was mobilized for political gains in the broader context of the British policy towards Turkey and India. The book also examines the gradual transition of Muslim politics from pan-Islam to territorial nationalism, especially after the Turks abolished the caliphate and the Indians plunged back into communal strife.

[The Oxford Treasury of Classic Poems, Michael Harrison, Christopher Stuart-Clark](#) , 1998, 0192761870, 9780192761873. Oxford's Treasury of Classic Poems, all kinds of poems are collected together: old and new, short and long, funny and sad. Many of the poems are very famous and well-loved, but there are also some surprises and a few "classics-in-the-

making." "Isabel met an enormous bear, Isabel, Isabel, didn't care..." Nonsense verse by Lear and Carroll, story poems by Tennyson and Keats, and funny poems by Belloc and Betjeman are joined by poems from modern poets such as Charles Causely, Ted Hughes, and e. e. cummings. The illustrations, in color and black and white, have been specially commissioned from a variety of artists, with each artist bringing a fresh interpretation to the poems.

[Angels - for Hire, Ranjini Woodhouse](#) , 2012, 0957025114, 9780957025110. You are surrounded by a host of heavenly beings who are powerful thought forms of God's unconditional love. They act as intermediaries between heaven and earth and are your personal spiritual support system. This guidebook is for those who would like to become more aware of the presence of these heavenly beings referred to as angels. It also gives you helpful suggestions for communicating with the angelic beings and develop your intuitive skills. Angels are waiting for your call to help you overcome your fears and phobias and guide you on your spiritual path of unconditional love, compassion and joy.

[Knight's Fee, Rosemary Sutcliff](#) , 1973, 0192720384, 9780192720382. A story set in Sussex after the Norman Conquest. Randal, an orphan of a Breton soldier and a Saxon lady is taken into the service of an enlightened knight who looks forward to the emergence of the English race from the partnership of Norman and Saxon. Under his guidance Randal comes to battle; to knighthood; and to his inheritance.

[Blackout,](#) , 2009, 0982065302, 9780982065303. Its August, 2003. All of the Northeast is sweltering, but no place is hotter than Brooklyn, especially the gritty neighborhood known as East Flatbush. Then, in the midst of the heat wave, the unthinkable happens: the power goes out. And stays out. And the longer its out, the edgier people get, until finally, edginess gives way to anger. For 48 hours, the community is in chaos. Looters are everywhere. No one is safe. Violence erupts suddenly, randomly, scarring the innocents as well as the agitators, until Flatbush finally explodes into deadly conflict. Based on actual events that occurred during the Northeast Blackout of August 14-15, 2003, this riveting novel tells the little-known story of a neighborhood thrown not only into darkness, but utter mayhem. Illustrated throughout with scenes from the film, Blackout is a heart-stopping, page-turning drama that keeps readers unable to put it down.

[The A-Z of Food Safety, Jeremy W. Stranks](#) , 2007, 1854183834, 9781854183835. We currently live in an increasingly litigious society, and the legal and practical risks associated with food safety are becoming complex and significant areas of concern for health officers and food business owners. This book is a detailed and comprehensive guide to the field of

study, fully up-to-date with all the latest developments in UK and European legislation. With an extensive topic-by-topic index format, this book will prove an accessible source of reference for all food-related queries. The author explains how best to conform to regulations and offers relevant practical advice under each topic heading.

[Shakespeare and the drama of his time, Martin Wiggins](#) , 2000, 0198711611, 9780198711612. Oxford Shakespeare Topics provides students, teachers, and interested readers with short books on important aspects of Shakespeare criticism and scholarship. Each book is written by an authority in its field, and combines accessible style with original discussion of its subject. Notes and a critical guide to further reading equip the interested reader with the means to broaden research. William Shakespeare lived and worked during an extraordinary quarter-century in the history of English drama, which saw the development of new kinds of tragedy and comedy, and the birth of the entirely new genre of tragicomedy. Beginning with the institutional foundations that were laid with the emergence of the commercial theater business in 1570s London, Shakespeare and the Drama of His Time describes the principal audience fashions, artistic conventions, and professional circumstances which defined, and enabled, his remarkable plays and those of his colleagues. Throughout, Shakespeare's plays are shown to be intimately associated with those of his contemporaries, notably Christopher Marlowe, Thomas Kyd, George Chapman, Ben Jonson, John Marston, and John Fletcher.

[Crystal Reports Encyclopedia: The Tutorials, Volume 1, Brian Bischof](#) , 2005, 0974953679, 9780974953670. Based on the latest version of Crystal Reports (version 11) these guides make it easy for report designers to get current with this ubiquitous tool. By covering every aspect of report design and programming that a user needs, these two volumes will help both beginners and advanced users understand the many new features and enhancements of the software, including improved methods of connecting to databases, designing and displaying parameters, linking parameters, and integrating with Business Objects software products for enterprise development. Users are also introduced to the various methods of designing reports using Visual Studio IDE and will learn to add charts, crosstab reports, perform sorting and grouping, and use the formula editor with Basic syntax and Crystal syntax. Advanced programming techniques are also addressed, such as building enterprise caliber reporting solutions. All code listings are in both VB.NET and C# so that all programmers can benefit from this resource.

[Probability and Random Processes: With Applications to Signal Processing and Communications, Scott Miller, Donald](#)

[Childers](#) , 2012, 0123870135, 9780123870131. Miller and Childers have focused on creating a clear presentation of foundational concepts with specific applications to signal processing and communications, clearly the two areas of most interest to students and instructors in this course. It is aimed at graduate students as well as practicing engineers, and includes unique chapters on narrowband random processes and simulation techniques. The appendices provide a refresher in such areas as linear algebra, set theory, random variables, and more. Probability and Random Processes also includes applications in digital communications, information theory, coding theory, image processing, speech analysis, synthesis and recognition, and other fields.* Exceptional exposition and numerous worked out problems make the book extremely readable and accessible* The authors connect the applications discussed in class to the textbook* The new edition contains more real world signal processing and communications applications* Includes an entire chapter devoted to simulation techniques

[Managing the China Challenge: Global Perspectives, Quansheng Zhao, Guoli Liu](#) , 2011, 041560947X, 9780415609470.

This edited volume addresses one of the most significant issues in international strategic studies today: how to meet the challenge of a rising China? The contributors take a global view of the topic, offering unique and often controversial perspectives on the nature of the China challenge. The book approaches the subject from a variety of angles, including realist, offensive realist, institutional, power transition, interdependence, and constructivist perspectives. Chapters explore such issues as the US response to the China challenge, Japan's shifting strategy toward a rising China, EU-China relations, China's strategic partnership with Russia and India, and the implications of "unipolarity" for China, the US and the world. In doing so, the volume offers insights into some of the key questions surrounding China's grand strategy and its potential effects on the existing international order.

[Medieval Women, Eileen Power](#) , 2012, 1107650151, 9781107650152. Throughout her career as a medieval historian, Eileen Power was engaged on a book on women in the Middle Ages. She did not live to write the book but some of the material she collected found its way into her popular lectures on medieval women. These lectures were brought together and edited by M. M. Postan. They reveal the world in which women lived, were educated, worked, and worshipped. Power gives a vivid account of the worlds of the lady, the peasant, the townswoman, and the nun. The result is a historical yet intimate picture of a period gone by yet with resonances for today. An intimate portrait of the writer and social historian, by Maxine Berg, is also included.

[Charity and Power in Early Modern Italy: Benefactors and Their Motives in Turin, 1541-1789, ISSN 1358-9849, Sandra Cavallo](#) , 1995, 0521483336, 9780521483339. Through its examination of a city marginal to the Italian tradition of communes and city-states during the post-Renaissance period, the book offers an extended reassessment of what has been regarded as the typical Italian model of welfare. Acts of charity have often been interpreted either within a functionalist framework or merely as responses to the needs of the poor by reference to the elusive field of changing mentalities. This book seeks instead to illuminate the reasons for individuals' involvement in charity. Analysis of the relationships of power, and conflict within the actors' personal and political milieu, reveals that tensions within the social elites were a crucial factor in motivating charitable giving and even in shaping perceptions of the deserving poor. Special attention is paid to the symbolic and direct aims of charity, rather than to its explicit interventions. This focus on subjectivity also throws new light on the link between gender and charitable activity.

[Cry of the Taniwha, Des Hunt](#) , 2010, 0730400212, 9780730400219. Sitting on the dark earth and staring up at him was a skull, the lower jaw below ground so Matt didn't have to cope with the thing grinning up at him. The empty eye sockets were scary enough . . . Matt Logan isn't looking forward to spending the school holidays with his grandmother and her new husband. He has to fly to Rotorua, where he doesn't know anybody, and he's a bit wary of his new step-grandfather. All Matt knows is that he's Maori and a bus driver. Along with his worries, Matt packs his pride and joy - a homemade metal detector, because, you never know, he might find something interesting. What he finds is Jezza, who lives over the back fence and wants to join a local gang. When the boys unearth a handcuffed skeleton, a chain of events begins to coil around them. Together they are thrown into a deadly search for treasure when the local gang boss decides to exploit their find for himself.

[All I Ever Did Was Love a Man, Sharon Denise Allison-Ottey](#) , 2006, 0976444348, 9780976444343. No one said being a single mother was easy, but, after some difficult years, Sabrena Collins seemed to finally have it together. She had a

good-paying job, two beautiful daughters who were growing up with love and security, and a wonderful friend who was more like the sister she never had. She even had a man in her life who was everything her ex-husband was not: kind, generous and caring. Everything seemed perfect except for one thing. Steve said he loved her, but he was unreliable. There was more than one night when Sabrena would lie in bed, waiting for the phone to ring alone and crying silent tears. But when Sabrena was in his arms and he looked at her with his melt-on-the-spot chocolate brown eyes, all the problems, the sleepless nights, the cold dinners, all of that was forgotten. And then, suddenly, Sabrena's world was turned upside down by a simple visit that led her on a frightening and unfamiliar path, that led her to a truth passion and words of love could not erase, a truth that would change her life forever. A truth that would test her faith, her courage, her strength, and above all else, her love

[Conditional Offer: Stewart Realty, , Liz Crowe](#) , 2012, 0985991135, 9780985991135. Craig Robinson and Suzanne Baxter had no reason to meet, no real excuse to be friends. But when heart calls to heart...blood to blood...should two people who seem destined to be together heed the spin of Fate's wheel? Craig spent years floating through life on cruise control, using directionless jobs, his rock band, swimming, and a string of older women in his bed to smother feelings of loneliness and loss. He finally thought he had found his true love in one Sara Thornton -- A sexy, beautiful, fellow real estate agent and mentor. But his self-doubt and innate sense of failure is only reinforced when he realizes her heart belongs to another man. When Sara introduces him to Suzanne, a woman fighting her own demons from an abusive marriage and subsequent feelings of inadequacy and deep unhappiness, that simple, chance moment snaps Craig's hazy existence into crystal-clear focus. A bond of instant physical attraction, nurtured by time and shared experience, and plenty of erotic energy, is born. As Suzanne's past continues to haunt her, making her push Craig away just as he thinks he's getting closer, each of them must come to terms with their true selves and face their ultimate realities.

[The Accidental Adventurer: Memoirs of the First Woman to Climb Mount McKinley, Barbara Washburn](#) , 2001, 0945397917, 9780945397915. Barbara Washburn was the first woman to climb Alaska's Mount McKinley, at 20,320 feet the highest peak in North America. The ascent in 1947 was but a single feat of a woman who, by ordinary standards, has lived several lifetimes' worth of adventure. THE ACCIDENTAL ADVENTURER chronicles the life journey of a Massachusetts girl through college to a job at Harvard; her romance with a handsome, irrepressible young scientist and explorer named

Bradford Washburn; and her emergence as an Alaskan mountaineering pioneer. Soon after she and Brad Washburn exchanged vows, she found herself a member of a climbing team led by her husband making an ascent of Alaska's Mount Bertha. A first ascent of Mount Hayes followed. Then came her historic climb of Mount McKinley (Danali). The decades that followed brought adventure in many forms as she raised three children, helped map the Grand Canyon, became an award-winning teacher, and traveled the world. In an era when a woman's place was in the home, she climbed - literally - beyond the limitations of her gender, becoming a role model for successive generations of young women who learned anything is possible. Barbara Washburn never set out to become a mountaineering pioneer, but she wasn't content to be a stay-at-home wife, either. In 1947, defying social convention, Washburn became the first woman to climb Alaska's Mt. McKinley. She accompanied her husband, Bradford Washburn, on other expeditions to Alaska, the Grand Canyon, and Mt. Everest, while raising three children at their home near Boston.

[A Good Neighbor: Benedict's Guide to Community, Robert Benson](#) , 2009, 1557255822, 9781557255822. If you long for more meaningful connections to other people... We've never needed this book more than we do right now. Most of us are involved with people all day long, every day, but rarely do we feel a part of real community in our lives. In A Good Neighbour Robert Benson takes an intimate look at how others are defining, discovering, nurturing and sustaining life and love right where they are. Facing the confusing confictions of modern life head on, Benson shows what it means to live in our neighborhoods, work at our jobs, be family, and friends, in ways that build places of relationship, love and mutual support. Praise for Robert Benson: "Robert Benson's writing reminds us of things we have half forgotten. It opens our eyes to things we have only half seen." -Frederick Buechner "Benson's writing is spare, simple, understated, always faintly humorous, and very forceful without seeming to be." -Paula D'Arcy

[Data and Reality, William Kent](#) , 2000, 1420898884, 9781420898880. First published over twenty years ago, this little classic addresses timeless questions about how we as human beings perceive and process information about the world we operate in, and how we struggle to impose that view on our data processing machines. The concerns at this level are the same whether we use hierarchical, relational, or object-oriented information structures; whether we process data via punched-card machines or interactive graphic interfaces; whether we correspond by paper mail or e-mail; whether we shop from paper-based catalogs or the web. No matter what the technology, these underlying issues have to be understood. You can read this book for insights into the basis of computer data processing. You can also read it for insights into the way we perceive reality, and the constructs and tactics we use to cope with complexity, ambiguity, incomplete information, mismatched viewpoints, and conflicting objectives. This new edition preserves the original content with minor cleanup and a new preface. The format, though, has been thoroughly modernized. That ugly typewriter font is gone! It's now a pleasure for the eyes as well as the mind. And it's still as relevant as ever.

9780199731091. The Constitution in 2020 is a powerful blueprint for implementing a more progressive vision of constitutional law in the years ahead. Edited by two of America's leading constitutional scholars, the book provides a new framework for addressing the most important constitutional issues of the future in clear, accessible language. Featuring some of America's finest legal minds--Cass Sunstein, Bruce Ackerman, Robert Post, Harold Koh, Larry Kramer, Noah Feldman, Pam Karlan, William Eskridge, Mark Tushnet, Yochai Benkler and Richard Ford, among others--the book tackles a wide range of issues, including the challenge of new technologies, presidential power, international human rights, religious liberty, freedom of speech, voting, reproductive rights, and economic rights. The Constitution in 2020 calls on liberals to articulate their constitutional vision in a way that can command the confidence of ordinary Americans.

[The Market Economy: A Reader, James Doti, Dwight Lee](#) , 1991, 019533258X, 9780195332582. The Market Economy: A Reader outlines the characteristics and philosophical underpinnings of the market economy and its usefulness in the allocation of resources. This anthology offers a comprehensive set of authentic, primary source selections that demonstrate how the tenets of classical economic liberalism provide the foundation for an efficient economic system while also maximizing individual freedom. The readings also provide a structure for analyzing economic and philosophical issues. The book includes selections from several authors who are not economists but whose work is important in terms of their contribution to economic thought, such as Henry David Thoreau and Ayn Rand. It also features classic readings such as Adam Smith's invisible hand from his Wealth of Nations, David Ricardo's original explanation of comparative advantage from Principles of Political Economy and Taxation, and John Stuart Mill's eloquent expression of the limits of government in On Liberty. Latter day proponents of private enterprise include Friedrich Hayek, Ludwig von Mises, and Milton Friedman. These authors and others address how the market economy responds to such topical issues as the environment, income distribution, and free trade.

[Lady of Valor, Tina St. John](#) , 2000, 0449004244, 9780449004241. In Lady of Valor, Tina St. John spins a dazzling tale of romantic adventure in magnificent medieval England, where battles of love and war are fought with equal passion. . . . Left a widow by her cruel husband's death, Lady Emmalyn of Fallonmour is determined to control her own destiny, until her hard-won vows of independence are threatened by the mysterious warrior sent by the king to protect her castle.

Emmalyn is now at the mercy of Sir Cabal, a feared knight known as Blackheart. Skilled at war and hiding a tormented past, Cabal swears allegiance to no one but himself and his country. But once he meets Emmalyn, he finds his strength tested by this proud beauty who stirs his blood with desire, tempting him to defy his king and surrender his heart. . . .

[Guide to Self: The Beginner's Guide to Managing Emotion and Thought, John Schinnerer](#) , 2006, 1425953883, 9781425953881. "Guide To Self" will show you step-by-step how to manage your thoughts and feelings to realize your potential and bring out your best using the latest research in psychology, physiology and psychoneuroimmunology. "Guide To Self" takes a holistic approach to life, incorporating the physical, spiritual, and relational as well as the mental and emotional. The goal of this book is to show you how to become an exceptional human being and inspire you to take charge of your own feelings, thoughts and actions, ultimately resulting in less suffering and more happiness. Find out about the four types of anger, the five types of forgiveness, dozens of powerful ways to manage your emotions and thoughts and much, much more. This book will help you to expertly maneuver through the internal landscape which is your mind. While seemingly revolutionary, Dr. John's message is clear: You are far more powerful than you ever dared to dream. You can have a profound impact on your happiness.

[The Concise Oxford Companion to English Literature, Dinah Birch, Katy Hooper](#) , 2012, 0199608210, 9780199608218.

Based on the bestselling Oxford Companion to English Literature, this is an indispensable, compact guide to all aspects of English literature. Over 5,500 new and revised A to Z entries give unrivalled coverage of writers, works, historical context, literary theory, allusions, characters, and plot summaries. Discursive feature entries supply a wealth of information about important genres in literature. For this fourth edition, the dictionary has been fully revised and updated to include expanded coverage of postcolonial, African, black British, and children's literature, as well as improved representation in the areas of science fiction, biography, travel literature, women's writing, gay and lesbian writing, and American literature. The appendices listing literary prize winners, including the Nobel, Man Booker, and Pulitzer prizes, have all been updated and there is also a timeline, chronicling the development of English literature from c. 1000 to the present

day. Many entries feature recommended web links, which are listed and regularly updated on a dedicated companion website. Written originally by a team of more than 140 distinguished authors and extensively updated for this new edition, this book provides an essential point of reference for English students, teachers, and all other readers of literature in English.

[Crime, Punishment, and Responsibility: The Jurisprudence of Antony Duff, Rowan Cruft, Matthew H. Kramer, Mark R.](#)

[Reiff](#) , 2011, 0199592810, 9780199592814. For many years, Antony Duff has been one of the world's foremost philosophers of criminal law. This volume collects essays by leading criminal law theorists to explore the principal themes in his work. In a response to the essays, Duff clarifies and develops his position on central problems in criminal law theory. Some of the essays concentrate on the topic of criminalization. That is, they examine what forms of conduct (including attempts, offensiveness, and negligence) can aptly qualify as criminal offences, and what principled limits, if any, should be placed on the reach of the criminal law. Several of the other essays assess the thesis that punishment is justifiable as a form of communication between offenders and their community. Those essays examine the presuppositions (about the nature and function of community, and about the moral structure of atonement) that must be embraced if communication is to be a primary role for punishment. The remaining essays examine the nature and limits of responsibility in the law, as they engage with philosophical debates over 'moral luck' by investigating the ways in which the law can legitimately hold people responsible for events that were not within their control. These chapters tie the first and third parts of the book together, as they explore the relationship between the principles that determine a person's responsibility and the principles that determine which types of actions can appropriately be criminalized. Finally, Duff responds with comments that seek to defend and clarify his views while also acknowledging the correctness of some of the critics' objections.

[The Royal Navy Officer's Pocket-book, 1944, Brian Lavery](#) , 2007, 184486054X, 9781844860548. "The art of command isto be the complete master, and yet the complete friend of every man on board; the temporal lord and yet the spiritual brother of every rating; to be detached and yet not dissociated.'A Seaman's Pocket-Book, 1943', has found huge appeal with the British public. Presented in the same format, the Officer's Handbook gathers together useful advice and instruction for those naval officers fighting the Second World War on all aspects of their job, expressed in the benevolent language of the day, when authority was respected.The Handbook has been compiled and edited by Brian Lavery, who provides commentary and an introduction. Sections include: the Officer's Aid Memoire containing notes of the training course at one of the officer training schools; Notes for medical officers and treatment of battle casualties afloat; Notes for captains on taking command of their first ship; Notes for commanding officers; Notes on the handling and safety of ships and notes on dealing with disobedience and mutiny.While suffused with nostalgia and charm, the various contents of this book are an authentic presentation of matters of training, authority and deportment in the wartime navy. The book is sure to appeal not only to those who served in the war or had a relative who was in the officer class, but also to anyone who wants to gain a greater understanding of the day-to-day administration of the wartime navy.'..this is an important document, significant for its sense of time and place'. Good Book Guide'Pure undiluted nostalgia!'. Ships Monthly magazine'..an authentic presentation of life in the wartime Navy and issues of leadership, discipline and initiative'. Best of British magazine'..this book has enough illustrations, layouts, definitions and first hand information to keep any naval enthusiast fascinated for hours'. Family History Monthly'..exceptional value in every respect'. Navy News'...very highly recommended - another 'little gem' to go alongside the Seaman's Pocket Book on your yacht bookshelf'. Molecular Basis of Human Nutrition focuses on the metabolic basis of human nutrition, detailing recent knowledge and research in this field. It explains the biochemical functions of the essential nutrients and the physiological consequences of deficient and excessive intakes. These are described within the context of normal human diets and requirements for health. Although this book is about human nutrition, in some instances there are comparisons with and examples of other mammalian species to facilitate understanding of the principles. Molecular Basis of Human Nutrition is the only book to cover this particular subject and will prove very popular with both students and lecturers alike.

[Motorola ATRIX For Dummies, Dan Gookin, Bill Loguidice](#) , 2011, 1118142861, 9781118142868. Welcome to the next generation of Androids the Motorola ATRIX is here!The revolutionary Motorola ATRIX has been hailed as the king of the Androids and puts the power of mobile computing right in your pocket. The new ATRIX smartphone can be docked in a number of devices to extend its functionality to a laptop, multimedia hub, and even a GPS device making the ATRIX a full-fledged mobile computing device in a pint-sized package.Expert For Dummies author Dan Gookin starts you out with the smartphone basics, then walks you through the long list of amazing ATRIX features. From getting connected and going online to taking fantastic photos and videos, finding your way with Google Maps and GPS, filling your ATRIX with music, movies, cool Android apps, and everything in between, your smartphone skills will be off the hook by the time you're finished with this book!Helps you get up to speed quickly on how to use the Motorola ATRIXCovers everything you need to know, including setup and configuration, texting, e-mailing, accessing the Internet, maps, navigation, camera, video, and synching with a PCFilled with fast and easy how-tos, tricks, features, and techniques all in full colorExplains how to use the ATRIX's webtop application to connect to the Lapdock, Vehicle Dock, and HD Multimedia Dock and extend the smartphone experience to other devicesIncludes information on troubleshooting, maintenance, and keeping your ATRIX in tip-top conditionWhether you choose to pocket or dock it, you'll have the world at your fingertips with your ATRIX smartphone and Motorola ATRIX For Dummies!

[Standard industrial classification of economic activities, 1992, Great Britain. Central Statistical Office](#) , 1992, 0116205504, 9780116205506.

[The Moon is Down, John Steinbeck](#) , 2000, 0141185538, 9780141185538. In this remarkable novel of human courage and defiance, Steinbeck celebrates democracy and the power of the individual against tyranny. A North European country has been invaded. In one small town the people's initial confusion crystallizes into a silent, sullen anger that gradually undermines the conquerors until they too come to know what fear means. The Moon is Down had extraordinary impact as Allied propaganda in Nazi-occupied Europe. Despite Axis attempts to suppress it (in Fascist Italy, mere possession of a copy of the book was punishable by death) thousands of copies circulated throughout Europe, bearing witness to the

power of ideas in the face of terror and brutality.

[Keeping Good Lawyers: Best Practices to Create Career Satisfaction, M. Diane Vogt, Lori-Ann Rickard](#) , 2000, 1570737932, 9781570737930. Based on the strong correlation between job satisfaction and lawyer retention, this book explains how firms can continually engage and motivate lawyers. Discussions include why associate retention is an economic necessity for any firm, what it means to clients when lawyers leave, why so many lawyers express interest in pursuing other job fields, and the value of loyalty in today's practices. Provided are methods to establish trust between management and lawyers, common characteristics of the best lawyers, and seven ways to create an engaging environment.

[Hitler's War: The War That Came Early, Book One, Harry Turtledove](#) , 2009, 034551565X, 9780345515650. BONUS: This edition contains an excerpt from Harry Turtledove's The War that Came Early: West and East. A stroke of the pen and history is changed. In 1938, British prime minister Neville Chamberlain, determined to avoid war, signed the Munich Accord, ceding part of Czechoslovakia to Hitler. But the following spring, Hitler snatched the rest of that country, and England, after a fatal act of appeasement, was fighting a war for which it was not prepared. Now, in this thrilling alternate history, another scenario is played out: What if Chamberlain had not signed the accord? In this action-packed chronicle of the war that might have been, Harry Turtledove uses dozens of points of view to tell the story: from American marines serving in Japanese-occupied China and ragtag volunteers fighting in the Abraham Lincoln Battalion in Spain to an American woman desperately trying to escape Nazi-occupied territory and witnessing the war from within the belly of the beast. A tale of powerful leaders and ordinary people, at once brilliantly imaginative and hugely entertaining, Hitler's War captures the beginning of a very different World War II with a very different fate for our world today.

[Tails of Recovery: Addicts and the Pets that Love Them, Nancy A. Schenck](#) , 2009, 0979986966, 9780979986963. For the past twenty-five years, professionals have been making amazing discoveries concerning pets, animals, and the treatment of disease. They have found that while a pet can be a good friend, a close partner, and a comforting companion, it can also lower your blood pressure and heart rate, ease anxiety and stress, lessen depression, and have an impact on other illnesses in myriad ways. When used therapeutically, pets have been shown to help many people, including recovering addicts, with issues of honesty, control, anger, hostility, trust, and self-esteem, as well as experiencing the healing power of unconditional love. Tails of Recovery is a narrative examination of the disease of addiction, its effects on the pets in addicts' lives before and after recovery, and how pets aid the recovery and healing process.

[Escape from Terror, Lee Pauley](#) , 2005, 0964958422, 9780964958425. ESCAPE FROM TERROR by Lee Pauley Resort Timesharing in Myrtle Beach, South Carolina in 1979 Mark Lighter and his partner Hank Pirt are marketing a unique concept in resort living, Tradewind Villas International. The phenomenal success of their business has received the attention of the national media, and has also attracted the interest of an international drug cartel. When Lighter and Pirt turn down a lucrative offer from a Baltimore Realty firm to buy a controlling interest in their company, a reign of terror from an unknown source is directed at them and their families. Bizarre things begin to happen, including murder, kidnapping and coercion. In the suspense-filled drama that follows, the action moves from the Carolinas to New Orleans, rural Georgia, and eventually to the skies over the Atlantic Ocean. In this fast-paced story, the action remains intense right up to the surprising climax.

[Singapore architecture, Robert Powell, Patrick Bingham-Hall](#) , 2004, . Singapore Architecture captures the architectural heritage of Asia's crossroads city. The early temples, chopouses and colonial monuments hold historical significance,

while the modern skyline reflects Singapore's role as a 21st-century powerhouse. The recent work of local architects represents a unique and dynamic mix of cross-cultural influences, combining traditional Asian style with a thorough knowledge of modern architecture. Filled with full-color photographs of private houses, public buildings, shrines, mosques and office towers, this book reflects the broad spectrum of Singapore's buildings.

[Yellow Pig Goes to School: Imagine, Sodad](#) , 2011, 0983233543, 9780983233541. With clear illustrations and simple text, the journey of the lovable character going off for his first day of school has been captured very well by Sodad. This early reading book begins with the Yellow Pig stressing on a good appearance and a healthy breakfast before setting off on his journey to school. From then on begins the imagination process if the Yellow Pig and the young minds reading the book. Encouraging children to develop happy thoughts about school by referring to it as a 'special place' where 'special people' are waiting to meet Yellow Pig and where he shall make 'new friends' helps to lay a positive foundation in the minds of the little readers.

[Illegally Dead, David Wishart](#) , 2011, 1444717421, 9781444717426. When Corvinus receives a letter, with a tantalising PS, from his adopted daughter, Marilla, mentioning there might have been a murder, he hot-foots it to Castrimoenium at once. Not that everyone agrees that Lucius Hostilius was murdered. Poison was apparently the means of death, but

Lucius was terminally ill: it was only a matter of time. Although he hasn't any official investigative status, Corvinus can't resist doing a little amateur sleuthing. And he has barely begun when two other corpses turn up and he is formally on the case. Lucius had been suffering something of a personality change because of his illness, so there is no shortage of suspects among friends and family whom he had antagonised. But Corvinus goes up many a blind alley before arriving at the heart of the mystery. As we follow Marcus Corvinus, clue by clue, on his twelfth case, we allow ourselves to be pleasurably diverted by rumours of Meton's love life - and by an authentic recipe for fish pickle sauce . . .

[Long-Term Management of Contaminated Sites,](#) , 2006, 0080467113, 9780080467115. Even today, many people think of "social problems" as involving poor and powerless individuals in society. Research in Social Problems and Public Policy seeks to improve the balance by adding a focus on important and powerful institutions. Such organizations often play key roles in managing, and mismanaging, the ways in which some of today's most important social problems are handled by the public policy system. Research in Social Problems and Public Policy is now available online at ScienceDirect - full-text online of volumes 8 onwards. Elsevier book series on ScienceDirect gives multiple users throughout an institution simultaneous online access to an important compliment to primary research. Digital delivery ensures users reliable, 24-hour access to the latest peer-reviewed content. The Elsevier book series are compiled and written by the most highly regarded authors in their fields and are selected from across the globe using Elsevier's extensive researcher network. [Aircraft Communications and Navigation Systems, David Wyatt, Mike Tooley](#) , 2013, 1136079025, 9781136079023.

Butterworth-Heinemanns Aircraft Engineering Principles and Practice Series provides students, apprentices and practicing aerospace professionals with the definitive resources to advance their aircraft engineering maintenance studies and career. This book provides an introduction to the principles of communications and navigation systems. It is written for anyone pursuing a career in aircraft maintenance engineering or a related aerospace engineering discipline, and in particular will be suitable for those studying for licensed aircraft maintenance engineer status. The book systematically addresses the relevant sections (ATA chapters 23/34) of modules 11 and 13 of part-66 of the EASA syllabus. It is ideal for anyone studying as part of an EASA and FAR-147 approved course in aerospace engineering.

[The Oxford Handbook of Comparative Cognition, Thomas R. Zentall, Edward A. Wasserman](#) , 2012, 0195392663,

9780195392661. In the past decade, the field of comparative cognition has grown and thrived. No less rigorous than purely behavioristic investigations, examinations of animal intelligence are useful for scientists and psychologists alike in their quest to understand the nature and mechanisms of intelligence. Extensive field research of various species has yielded exciting new areas of research, integrating findings from psychology, behavioral ecology, and ethology in a unique and wide-ranging synthesis of theory and research on animal cognition. This updated edition of The Oxford Handbook of Comparative Cognition contains sections on perception and illusion, attention and search, memory processes, spatial cognition, conceptualization and categorization, problem solving and behavioral flexibility, and social cognition processes. The authors have incorporated new findings and new theoretical approaches that reflect the current

state of the field, including findings in primate tool usage, pattern learning, and counting. This comprehensive volume will be a must-read for students and scientists who are curious about the state the modern science of comparative cognition.

[Fiber Optic Networks, Paul Eliot Green](#) , 1993, 0133194922, 9780133194920. This text provides a unified, cross disciplinary treatment of fiber optic networks. Rather than focusing on point-to-point fibre optic links, this reference looks at the more modern issues of fibre optic network links. Figures, problems, pictures of real devices, and diagrams of real systems supplement the text. The book is designed for communications research and development professionals, especially those involved with fibre optics.

[Storm in Chandigarh, Nayantara Sahgal](#) , 2011, 0143102761, 9780143102762. 'India, Once A Uniform Piece Of Territory To Administer, Was Now A Welter Of Separate, Sensitive Identities, Resurrected After Independence; As The Quarrel Over Boundaries, Water And Electric Power Between Punjab And The Newly Created Haryana Intensifies, Gyan Singh, The Chief Minister Of Punjab, Threatens To Launch A Crippling Strike That Will Affect Both States. With The Chief Minister Of Haryana, Harpal Singh, Refusing To Concede Any Advantages, The Stage Is Set For A Confrontation. It Is At This Point That Vishal Dubey, The Centre'S Most Able Bureaucrat, Is Sent To Chandigarh To Alleviate The Situation. As He Tries To Resolve The Chaos In The Common Capital, Vishal Finds Himself Drawn Into The Lives Of Two Couples—Jit And Mara And Inder And Saroj—And The Small Dramas And Casual Betrayals That Are A Universal Feature Of Human Relationships. Storm In Chandigarh Demonstrates Nayantara Sahgal'S Keen

Understanding Of Individual Relationships And Her Remarkable Ability To Tell Stories That Continue To Enthrall Readers Over The Years.

[Beggarmen, Spy, David Chacko, Alexander Kulcsar](#) , 2010, 1936154447, 9781936154449. The biography of Israel Potter created a sensation when it was first published. Potter's tale was so strange and compelling that Herman Melville later made it his own in fiction. But no one has ever known Potter's true-life tale, which was hidden for more than two hundred years. Beggarmen, Spy brings the truth out of the shadows of history with grace and vengeance. It makes a great adventure into an even greater story.

[Physiology and Pathophysiology of Leukocyte Adhesion, D. Neil Granger, G. W. Schmid-Schnbein](#) , 1995, 0195081021, 9780195081022. Leukocytes play an integral role in the pathogenesis of different inflammatory disorders. Recent results indicate that leukocytes are also involved in conditions that had not formerly been associated with a cytotoxic effect by leukocytes. In 27 chapters by leading investigators, this book reviews recent research on leukocyte adhesion and microvascular kinetics. Detailed descriptions of adhesive glycoproteins expressed on the surface of leukocytes and endothelial cells are given together with summaries of the current state of leukocyte rheology, kinetics and entrapment in microvessels. Since leukocytes reach all organs, the mechanisms described in this volume may apply to a wide range of cardiovascular disorders. A variety of important inflammatory and circulatory disorders are discussed including cerebral and coronary ischemia, shock, atherogenesis, chronic venous insufficiency, gastric ulcer and diabetic retinopathy. New concepts about the etiology of cardiovascular complications are presented, with emphasis on molecular, cellular, and microvascular mechanisms. The current state of endogenous anti-adhesive and pro-adhesive mediators is summarized, including interventions against leukocyte activation and adhesion.

[Tales of the Greek Heroes \(Film Tie-in\), Roger Lancelyn Green](#) , 2010, 014133147X, 9780141331478. Explore the real Greek myths behind Percy Jackson s story he s not the first Perseus to have run into trouble with the gods . . . These are the mysterious and exciting legends of the gods and heroes in Ancient Greece, from the adventures of Perseus, the labours of Heracles, the voyage of Jason and the Argonauts, to Odysseus and the Trojan wars. Introduced with wit and humour by Rick Riordan, creator of the highly successful Percy Jackson series.

[Undercover: The Men and Women of the Special Operations Executive, Patrick Howarth](#) , 1990, 0099668203, 9780099668206.

[Indio, Sherry Garland](#) , 1995, 0152000216, 9780152000219. An Indian girl struggles to survive a brutal time of change as Spaniards begin their conquest of indigenous cultures. In this beautifully written novel, Sherry Garland brings the late 1500s to life, chronicling the virtual extinction of the native Indio and the birth of the Mexican people.

[Wisdom and Wonder, Priest-Monk Silouan](#) , 2011, 0983586721, 9780983586722. 'Wisdom and Wonder' is a book of wisdom chapters in two 'Centuries,' an ancient monastic wisdom genre much loved by the desert fathers. For these elders, wonder is the root and crown of wisdom, not only its origin. In these meditations, the mysteries of glorification and deification are explored from within the Orthodox tradition of wisdom and wonder. Priest-monk Silouan lives in the Monastery of St Antony and St Cuthbert, a hermitage within the Romanian jurisdiction of the Orthodox Church, high up in the south-west Shropshire hills. Fr. Silouan lives alone under the Shepherd's rock on the eastern slopes of the Stiperstones, in an old miner's cottage on a small-holding of twenty acres of pasture and woodland. He lives a life of prayer, silence, liturgy and work in the ancient tradition of orthodox monasticism.

[Environmental Economics: Theory and Policy,](#) , 2011, 1107002141, 9781107002142. This intermediate-level undergraduate textbook in environmental economics builds on the microeconomics courses students take in their first year. It intentionally does not survey the whole field or present every possible topic. Instead, there is a clear focus on the theory of environmental policy and its practical applications. Most of the applied parts of the book deal with the economics of environmental policy in the European Union and in the United States. The book combines basic environmental economic analysis, such as the internalization of externalities, with recent developments in this field, including induced technical change and coalition theory. Moreover, topics from daily policy debates such as global warming are put into economic perspective. This is done in an intelligible form for advanced undergraduate students of economics, business administration, and related fields. Each part of the book contains a set of exercises and suggested solutions.

[Speak English!, Mike Palecek](#) , 2009, 0978818644, 9780978818647. Mike Palecek's new novel Speak English tells what happened when some rowdy teenagers encountered an alien, somewhere around 1970. Why did they shoot it? What were the consequences? Was it really an alien, or maybe a mental patient? How did this incident affect these three when they grew up? Did they ever meet another alien? To find out, read Speak English. Buy it here or get the ebook at <https://www.smashwords.com/books/view/5416>
