[Real Vampires Don't Wear Size Six, Gerry Bartlett](#) , 2011, 1101517425, 9781101517420. For a vampire, losing weight can be hellish-from the national bestselling author of Real Vampires Hate Their Thighs. After Glory St. Clair kicked out the demon that had set up shop in her body, she had a serious fallout with longtime lover Jeremy Blade. But before Glory can win him back, she has some issues of the hellish variety to deal with. When Lucifer himself offers Glory the ultimate temptation-work for the devil and he'll make her a size six-the curvy vampire's not sure if she can resist. But what Glory does know is that somehow, she's going to get back the man she loves and show everyone that real vampires always have more to love.

[Lovatt's colossus.](#) , , .

[Foodservice Profitability: A Control Approach, Volume 1, , Edward E. Sanders, Timothy H. Hill](#) , 2001, 0130321826, 9780130321824. This book is the guide to how to maximize revenues, control expenses, and optimize financial objectives. Its practical hands-on approach facilitates immediate application to all types of foodservice operations. Used for illustrative purposes, the included forms can be reproduced and implemented. Chapter topics cover the control process; food cost/food cost percentage; inventory management; requisitions and transfers; purchasing functions; receiving merchandise and processing invoices; quality standards, specifications, yield analysis, and plate cost; food production control; menu sales analysis; beverage cost/beverage cost percentage; bar and inventory control; beverage production control and service; controlling payroll costs and the cost of employee turnover; measuring staff performance and productivity; control practices applied to human resources issues, gratuities, wage laws, and working conditions; monitoring the sales process; pricing and sales forecasts; and self-inspections, customer feedback and nonfood inventories. For management personnel in the foodservice industry.

[The Greedy Shopkeeper.](#) , 1980, 0152325522, 9780152325527. When Ivo returns a money pouch to the wealthy merchant who lost it, he is accused of stealing one of the gold coins in the pouch.

[Language Complexity as an Evolving Variable, Geoffrey Sampson, David Gil, Peter Trudgill](#) , 2009, 0199545227, 9780199545223. This book presents a challenge to the widely-held assumption that human languages are both similar and constant in their degree of complexity. For a hundred years or more the universal equality of languages has been a tenet of faith among most anthropologists and linguists. It has been frequently advanced as a corrective to the idea that

some languages are at a later stage of evolution than others. It also appears to be an inevitable outcome of one of the central axioms of generative linguistic theory: that the mental architecture of language is fixed and is thus identical in all languages and that whereas genes evolve languages do not. *Language Complexity as an Evolving Variable* reopens the debate. Geoffrey Sampson's introductory chapter re-examines and clarifies the notion and theoretical importance of complexity in language, linguistics, cognitive science, and evolution. Eighteen distinguished scholars from all over the world then look at evidence gleaned from their own research in order to reconsider whether languages do or do not exhibit the same degrees and kinds of complexity. They examine data from a wide range of times and places. They consider the links between linguistic structure and social complexity and relate their findings to the causes and processes of language change. Their arguments are frequently controversial and provocative; their conclusions add up to an important challenge to conventional ideas about the nature of language. The authors write readably and accessibly with no recourse to unnecessary jargon. This fascinating book will appeal to all those interested in the interrelations between human nature, culture, and language.

[Kezzie, Theresa Breslin](#) , 2002, 140520110X, 9781405201100. During the 1930s depression in Scotland, Kezzie and her young sister Lucy are orphaned following their father's death in a pit accident. Left to live with their grandfather, they manage to survive on the little work he and Kezzie can find. But life turns sour when Lucy goes missing and is taken up by an adoption agency who send her to Canada. Without hesitation Kezzie sets off to find her little sister, and after a frantic countrywide search discovers Lucy working for an uncaring couple. Having been badly treated, she is weak and seriously ill. Kezzie bravely snatches her young charge back and with the help of a local doctor and his wife nurses her to a full recovery, before making the decision to settle for life in Canada or Scotland.

[The Gods of the Celts, Miranda Green](#) , 2011, 0750934794, 9780750934794. This fascinating overview of Celts and their religion covers all aspects of the gods, ritual customs, cult-objects, and sacred places of the ancient Celtic peoples. Covering 500 BC to AD 400, and embracing the whole of the Celtic world from Ireland to Australia, this rewarding overview of the evidence for Celtic religions, beliefs, and practices uses modern scholarship to bring an obscure, but captivating part of European history to life. First, this introduces the Celts and the evidence they have left behind, and places them in their geographical and chronological context. It then covers the various cults of the sun and the sky; the mother-goddesses and fertility; war, death and the underworld; water gods and healers; animals and animism; and symbolism and imagery.

Of sonic and imaginative exuberance. Of emotional and grammatical restlessness"--Bob Hicok .

[Ramesside Inscriptions: Historical and Biographical, Volume 6, Kenneth Anderson Kitchen](#) , 1983, .

[Comprehensive Handbook of Iodine: Nutritional, Biochemical, Pathological and Therapeutic Aspects, Victor R. Preedy, Gerard N. Burrow, Ronald Ross Watson](#) , 2009, 0123741351, 9780123741356. Over two billion people worldwide are at risk for the spectrum of disorders known as "The Iodine Deficiency Disorders." 1-10% will suffer cretinism; 5-30% will have some sort of brain damage or neurological impairment and 30-70% will be hypothyroid. The causes of iodine deficiencies can be considered from both simplistic and more complex perspectives: From the leaching of iodine from soil

resulting in crops with low iodine content to malnutrition resulting in impaired iodine absorption. Poor dietary diversification and impoverished socio-economic development can also lead to iodine deficiencies. Although it is possible to diagnose and treat deficiencies, there is still an ongoing dialogue regarding the detailed molecular pathology of iodine homeostasis, how hypothyroidism impacts the body tissues, and efficient diagnosis and treatment of the Iodine Deficiency Disorders. This Handbook provides a resource of information on the various pathways and processes based on different countries or diseases. Because there is a constant flow of new information on iodine and related disorders, the goal of this Handbook is to provide a base of scientific information upon which additional knowledge can be applied. Key Features: \*Provides important information on one of the most common micro-nutrient deficiencies in the world, the most important "single nutrient-multiple consequences" paradigm today \*Includes information on iodine-related diseases, including those that are common, preventable and treatable \*Provides insight from a broad perspective of viewpoints -- from subcellular transports to economic impact

[Parkett 78, Issue 78; Issue 2006,](#) , 2006, 3907582381, 9783907582381. Parkett 78 features the artists Ernesto Neto, Olaf Nicolai and Rebecca Warren. Neto's drooping, opaque lycra installations envelop the viewer in a fog of fabric, a

cushion for the gaze, their milky skins leaving children ecstatic and adults in a Fredric Jamesonian "Hyperspace." Olaf Nicolai's concept-driven art, like much of the avant-garde work of the last half-century, remains set on integrating art with daily life. We experience this "blurring" in his randomly arranged pre-fabricated Pantone colors, ornamental stones taken from a 1960s Dresden shopping mall and wall text reading, "A short catalogue of things that you think you want " Rebecca Warren makes vulgar, lumpy plasticine figures that show the influence of Giacometti and R. Crumb alike. As Neal Brown writes, her figures are, "fingered and improperly squeezed into something that is compulsively-chaotic-masturbatory-fat-ugly-disfigured-repressed-incontinent-excretory-bestial-bulimic " The issue also features Erwin Wurm, Andro Wekua and Vito Acconci, with texts by Yuko Hasegawa, Paulo Herkenhoff, Charles Esche, Vincent P coil, Catherine Lampert, Marjorie Perloff and Kate Fowle, among others.

[The 10% Solution for a Healthy Life: How to Reduce Fat in Your Diet and Eliminate Virtually All Risk of Heart Disease and Cancer, Raymond Kurzweil](#) , 1994, 0517883015, 9780517883013. Reducing the level of fat in your diet to 10% can save your life, and this book gives you all the tools you need to do just that. Everything you need to know about is in this book: recipes, conversion charts, pantry staples, dining-out tips, progress tables, an exercise program, and detailed appendixes.

[Scrapbook: Faith for Life2 Course Three, , Jean Lersch, Logos System Associates](#) , 2003, . In this 30-session study, children will meet Abraham and Sarah, Isaac and Rebecca, Joseph and his family, Moses, Joshua, Deborah, Saul, David, Elijah, and Jeremiah and explore the ways each person faithfully served God.

[Bloomfield Avenue: A Jewish-Catholic Jersey Girl's Spiritual Journey, Linda Mercadante](#) , 2006, 146173309X, 9781461733096. In this memoir, Mercadante tells of her quest for religious identity, a real home, good work, and a one-faith family. Born just after World War II to a mixed-religion family, she tries Catholicism, a WASP sorority, atheism, Eastern mysticism, and vegetarianism. She works as an airline stewardess and as a journalist. She earns a doctorate and becomes a seminary professor. Her story holds key lessons for people from mixed backgrounds, those who long for the ideal family, and those who shun religion as a dead-end.

[The Last Thing I Expected--: An Anthology of Selected Short Stories by Aberdeen City Secondary Pupils, Aberdeen \(Scotland\). Arts Education Team](#) , 2006, 0955010829, 9780955010828.

[Cuckoo for Kokopelli, Dave Walker](#) , 1998, 0873587324, 9780873587327. The image of Kokopelli, born centuries ago among the native tribes of the American Southwest, is as vivid today as ever. To Native Americans, Kokopelli appears to be many things: a symbol of fertility, the spirit of celebration and music, or, possibly, a traveling salesman. In this hilarious and informative book, author Dave Walker explores the story of the hunch-backed crooner. We learn the factual

history behind Kokopelli, and explore the recent popularity and resulting commercialization of the image. Sprinkled throughout are photographs of the common as well as the most unusual places Kokopelli can be found. Cuckoo for Kokopelli unleashes the secrets behind the phenomenon and pokes fun at our obsession with this misunderstood ancient icon. Like the people before us, it appears the world is still cuckoo for Kokopelli!

[Subversion of Trust, William T. Close, M.D.](#) , 2002, 0970337132, 9780970337139. Subversion of Trust is the story of Alex McKinnon, an older rural doctor who challenges an aggressive for-profit HMO for the sake of his patients and his integrity. With the advent of spring in a Montana ranching community, the stakes are raised and the community's clinic, with its unforgettable cast of characters, is pitted against a regional medical center. Doc's protigi, Dr. Jenny Morgan, is the center's feisty chief of staff and head of emergency services. At the heart of this story is Waynona, pregnant and penniless, a heroine in her own right. Other memorable characters in this well-crafted narrative are Peggy, Doc's office nurse and the love of his life; Stan, a strapping cowboy and Jenny's high school sweetheart; and Hugh Drummel, the ambitious self-important hospital administrator. This is a tale of dedication and daring, of power abused, and of the difficult choices to be made in health care. How Doc and Jenny finally solve their dilemmas is a spirited story that will give the medical profession courage and patients hope.

[Got Spirit?: Practical Wisdom for the School of Life, IAM Spirit Publishing, Rebecca H Allen, David Alexander](#) , 2001, 0967878098, 9780967878096. A hardback, collection of essays and prayers on metaphysical spiritual healing.

[Natural Theology, William Paley](#) , 2006, 0191604763, 9780191604768. In Natural Theology William Paley set out to prove the existence of God from the evidence of the beauty and order of the natural world. This edition reprints the original text of 1802, and sets the book in the context of the theological, philosophical, and scientific debates of the nineteenth century. - ;'The consciousness of knowing little, need not beget a distrust of that which he does not know.' In Natural Theology William Paley set out to prove the existence of God from the evidence of the beauty and order of the natural world. Famously beginning by comparing the world to a watch, whose design is self-evident, he goes on to provide examples from biology, anatomy, and astronomy in order to demonstrate the intricacy and ingenuity of design that could only come from a wise and benevolent deity. Paley's legalistic approach and skilful use of metaphor and analogy were hugely successful, and equally controversial. Charles Darwin, whose investigations led to very different conclusions in the Origin of Species, was greatly influenced by the book's cumulative structure and accessible style. This edition reprints the original text of 1802, and sets the book in the context of the theological, philosophical, and scientific debates of the nineteenth century. - ;This is an astonishing book, made all the more accessible by some excellent modern footnotes - John Habgood, Church Times

[Silent Heroes: A Tribute to the Saints who Walk Among Us, Jack Campbell](#) , 1987, 0942761421, 9780942761429.

[It's a Bad Thing Whisky, Especially Bad Whisky, Edward Burns](#) , 1995, 0951202022, 9780951202029. This volume

provides an insight into the Victorian scandal which raged at the turn of the century, concerning the adulteration of whisky in public houses throughout the UK. Returning to contemporary press reports and Hansard, the author unravels the events which eventually resulted in laws being passed which created safeguards for what is now known throughout the world as Scotch. The extent of adulteration was widespread with additives such as meths, shellac gum, sulphuric acid and boot polish. The North British Daily Mail took up the fight against the practice when, out of 30 samples of whisky taken from public houses, only two were found to be whisky. With some of the most prominent figures in Scottish public life joining the fray, the battle was on to clear up Scotch.

[Breaking Up: A Self-Help Guide to the Courts and the Law, Robert Larkins](#) , 2011, 0857963112, 9780857963116. The break-up of a relationship is one of the hardest things you can go through. And during the confusion that accompanies it, you're supposed to make sensible decisions about the fair division of money, and possibly the future of your children. Breaking Up gives you a behind-the-scenes look at the family law system so you'll know your legal rights. It will arm you with information on: how to choose a lawyer to represent you how to represent yourself, including preparing your own documents and how to cross-examine how to get the most favourable division of property and a good result for your kids how to save costs and/or access alternative ways to resolve your dispute You'll also learn about important new laws, such as those dealing with financial rights for de facto couples, pre-nups, shared parenting and much more. You'll even find a section on lawyers' negotiating tricks. Breaking Up will equip you to get the result you want at the right cost.

[A Liaden Universe Constellation: Volume Two, , , Sharon Lee, Steve Miller](#) , 2014, 1451639449, 9781451639445. BOOK 2 in The First Liaden Universe Collection. Fifteen short tales of the Liaden Universe brought together for the first time. Space opera and romance on a grand scale in a galaxy full of interstellar trading clans. Thirty-three shorter tales of the Liaden Universe brought together for the first time in two mega-volumes. Fifteen tales complete Volume Two! The nationally best-selling Liaden Universe novels are treasured by space opera aficionados for their wit, world-building, strong characterizations, tender romance, and edge-of-the-chair action. Since 1995, Sharon Lee and Steve Miller also created shorter tales, illuminating additional facets of the Liaden experience. Here is a vast tapestry of tales of the scouts, artists, traders, priestesses, sleight of hand magicians, and pilots who fill the Liaden Universe with the excitement, action, and romance that readers of the hit series have come to adore. Celebrating 25 Years of the Liaden Universe About A Liaden Universe Constellation : Volume 1:. . . adds a bit of sparkle to ordinary life. . . . This series [is] . . . the premier place to find good romantic SF adventure. . . . strong characters finding their own way (and, often, each other) in an action-packed galaxy of worlds. . . . Every story stands on its own; readers don't have to be familiar with the

Liaden universe. Those who have had the pleasure, though, will find many connections to existing tales. Analog on A Liaden Universe Constellation: Volume 1. About the Liaden Universe series:Every now and then you come across an author, or in this case, a pair, who write exactly what you want to read, the characters and personalities that make you enjoy meeting them. . . . I rarely rave on and on about stories, but I am devoted to Lee and Miller novels and stories. Anne McCaffreyThese authors consistently deliver stories with a rich, textured setting, intricate plotting, and vivid, interesting characters from fully-realized cultures, both human and alien, and each book gets better.Elizabeth Moon[A] recommended, powerful pick. . . a fast-paced military and political thriller.Midwest Book Review on Ghost Ship[D]elightful stories of adventure and romance set in a far future. . .space opera milieu. Its all a rather heady mix of Gordon R. Dickson, the Forsythe Saga, and Victoria Holt, with Lee and Milliers own unique touches making it all sparkle and sizzle. Anyone whose taste runs toward SF in the true romantic tradition cant help but like the Liaden Universe.Analog[T]he many fans of the Liad universe will welcome the latestcontinuing young pilot Theo Waitleysadventures. Booklist on Saltation[A]ficionados of intelligent space opera will be thoroughly entertained. . .[T]he authors' craftsmanship is top-notch. [How Invention Begins: Echoes of Old Voices in the Rise of New Machines, John H. Lienhard](#) , 2008, 0195341201, 9780195341201. In How Invention Begins, Lienhard reconciles the ends of invention with the individual leaps upon which they are built, illuminating the vast web of individual inspirations that lie behind whole technologies. He traces, for instance, the way in which thousands of people applied their combinedinventive genius to airplanes, railroad engines, and automobiles. As he does so, it becomes clear that a collective desire, an upwelling of fascination, a spirit of the times--a Zeitgeist--laid its hold upon inventors. The thing they all sought to create was speed itself. Likewise, Lienhard showsthat when we trace the astonishingly complex technology of printing books, we come at last to that which we desire from books--the knowledge, the learning, that they provide. Can we speak of speed or education as inventions? To do so, he concludes, is certainly no greater a stretch than it is tocall radio or the telephone an "invention." Throughout this marvelous volume, Lienhard illuminates these webs of insight or inspiration by weaving a fabric of anecdote, history, and technical detail--all of which come together to provide a full and satisfying portrait of the true nature of invention. "Lienhard is enthralled with invention, how it happens and how inventions both shape and are shaped by culture.... The author's personality permeates his writing, and it's impossible not to admire his optimism, his far-reaching knowledge and

his enthusiasm for learning." --Publishers Weekly "Lienhard is a first-rate storyteller with a passion and talent for the byways of history. His stories build around two broad themes. The real motivation for invention, he argues, is not necessity but desire and pleasure. Second, taking aim at the deeply ingrained, and often deceitful concept of priority, he asks us to heed the echo of old voices in new machines." --Arthur P. Molella, Technology and Culture

[Ancient Egypt's Wildlife: An AUC Press Nature Foldout, Dominique Navarro](#) , 2013, 9774165950, 9789774165955. Carved reverently in the walls of the temples and tombs of ancient Egypt, hieroglyphs and sculpted reliefs depict lions and jackals, hawks and owls, cobras and scarabs. This unique new guide explores the hieroglyphs and fauna of the ancient world-species that were idolized and mummified, and those that have since become extinct. From the date palm and the blue lotus to the griffon vulture and the hoopoe, the plants and animals on ancient Egyptian tomb walls spring to life in this lively and useful guide. Water-resistant and compact, filled with gorgeous illustrations and photographs, comprehensive text, diagrams, and maps, this foldout guide is the perfect travel companion. - 55 species - Depictions of hieroglyphs with their true animal counterparts - Map of Egypt's most sacred animal temples

[Beginning C# Objects: From Concepts to Code, Jacquie Barker, Grant Palmer](#) , 2004, 159059360X, 9781590593608.

Beginning C# Objects: From Concepts to Code is a comprehensive, yet approachable guide for anyone interested in learning the C# language, beginning with the basics. To begin, this book addresses the two fundamental concepts that programmers must grasp in order to write a professional object-oriented C# application: the nature and characteristics of objects, and the structure that allows you to take best advantage of C#'s object-oriented makeup. In addition to the

basics of C# syntax, this book introduces object terminology teaching you how to think in terms of objects and provides an introduction of object modeling, illustrating how to translate an object model into C# code with ease. For folks who have already attempted to learn C# but are still having trouble mastering C#'s object-oriented nature, the case study format of this book will be invaluable in showing you how to translate a UML model into a fully-functional C# application. An overwhelming number of programmers are now moving to C# as their language of choice for developing powerful, maintainable, scalable software applications. Whether you're learning C# as your first programming language, moving to C# from a non-object-oriented language, or have previously programmed with C# but still feel unsure when it comes to object aspects, this book is a perfect fit for you.

[The Velvet Monkey Wrench: Millennial Edition, John Muir](#) , 1999, 0943734398, 9780943734392. Humankind must learn to progress without contention. HERE WE ARE at the beginning of a new millennium and many of our social systems and ways of governing seem to fit like clothes from the back of the closet -- too tight and out of date. It's time to try something different, something more practical, fair and fun. The Velvet Monkey Wrench presents a way for humankind to exist on this planet, in balance, sensibly using what Earth has to offer. It explains a way to create a modern governmental structure, which gives the People, finally, the right to choose their present and future: a blueprint for a consensual society. Complete directions enclosed! This book first appeared in the dark days of the nuclear arms race, the bombing of Cambodia, Kent State, Watergate, and Wounded Knee. Today, exhausted by consumerism, dog-eat-dog competition, and more wars, we're still asking, "How-do-we-get-out-of-this-mess?" It's time to give John Muir's ideas a fresh look. Dead-on or off-the-wall, his prescient concepts will challenge your imagination. Here is a no-holds-barred practical plan, infused with satirical audacity and a warm, caring humanity.

[Law School Exams: Preparing and Writing to Win, Charles R. Calleros](#) , 2007, 073556356X, 9780735563568. Well written and highly accessible, this concise paperback guides law students, step-by-step, through procedures that will help them take exams successfully: - the author's style is accessible and reassuring; recognizing that law students operate under severe time constraints, he makes his points clearly and concisely - starting with creative examples and illustrations in familiar, nonlegal contexts, the author introduces students to new concepts by analogy and then advances to more complex legal examples - exercises and practice exams, with a focus on essay questions and model answers, help students identify their strengths and weaknesses, plan strategies, and organize their efforts - the author addresses techniques for maximizing scores on several types of essay questions, as well as on multiple-choice and other objective questions - the author helps students understand why the typical law school essay question requires a balanced analysis with arguments for both sides, rather than identification of a clear answer - assignments and exercises facilitate active learning In addition to teaching students analysis and exam-taking skills, Law School Exams, Preparing and Writing to Win, addresses exam anxiety with a helpful, positive perspective. The author: - helps students understand that a small degree of anxiety can serve as a productive motivator - helps students learn how to reduce anxiety to a productive level by placing exams into proper perspective, by preparing thoroughly, and by adopting stress-management techniques, such as stretching, meditation, or motivational music

[The Phonological Enterprise, Mark Hale, Charles Reiss](#), , 2008, 0199533970, 9780199533978. This book scrutinizes recent work in phonological theory from the perspective of Chomskyan generative linguistics and argues that progress in the field depends on taking seriously the idea that phonology is best studied as a mental computational system derived from an innate base, phonological Universal Grammar. Two simple problems of phonological analysis provide a frame for a variety of topics throughout the book. The competence-performance distinction and markedness theory are both addressed in some detail, especially with reference to phonological acquisition. Several aspects of Optimality Theory, including the use of Output-Output Correspondence, functionalist argumentation and dependence on typological justification are critiqued. The authors draw on their expertise in historical linguistics to argue that diachronic evidence is often mis-used to bolster phonological arguments, and they present a vision of the proper use of such evidence. Issues of general interest for cognitive scientists, such as whether categories are discrete and whether mental computation is probabilistic are also addressed. The book ends with concrete proposals to guide future phonological research. The breadth and depth of the discussion, ranging from details of current analyses to the philosophical underpinnings of linguistic science, is presented in a direct style with as little recourse to technical language as possible.

[The Sugar Fix: The High-Fructose Fallout That Is Making You Fat and Sick, Richard Johnson, M.D.](#) , 2008, 1594866651, 9781594866654. In The Sugar Fix, Dr. Richard Johnson, who oversees a pioneering research program, reports on discoveries about how fructose impacts the body and directly connects the American obesity epidemic to a frightening escalation in our fructose consumption. It comes as no surprise that the sugar is found in processed foods like candy, baked goods, canned foods, and frozen meals in the form of high-fructose corn syrup, but it is also hidden in less obvious foods like peanut butter, egg products, and soups. Many fruits and vegetables contain high levels of it naturally. Dr. Johnson shows how to cut way back on the sweetener by making effective substitutions. The daily meal plans included here contain no more than 25 grams of fructose, one-quarter of the amount the average American now ingests. Rather than the low-carb approach of so many recent diets, Dr. Johnson recommends a much easier to enjoy and stick to formula: 50% carbs, 25% fat, and 25% protein. The immediate benefit of this diet is to help anyone shed excess weight. The additional benefits are even more impressive reduced risk for such serious health problems as high blood pressure, elevated blood fats, and insulin resistance, conditions directly linked to heart disease, diabetes, kidney disease, and stroke.

[Plant Cell Biology: From Astronomy to Zoology, Randy O. Wayne](#) , 2009, 0080921272, 9780080921273. Plant Cell Biology is a semester long course for undergraduates and graduate students which integrates mathematics and physics, two years of chemistry, genetics, biochemistry and evolution disciplines. Having taught this course for over ten years, the author uses his expertise to relate the background established in plant anatomy, plant physiology, plant growth and development, plant taxonomy, plant biochemistry, and plant molecular biology courses to plant cell biology. This integration attempts to break down the barrier so plant cell biology is seen as an entre into higher science. Distinguishing this book from papers that are often used for teaching the subject which use a single plant to demonstrate the techniques of molecular biology, this book covers all aspects of plant cell biology without emphasizing any one plant, organelle, molecule, or technique. Although most examples are biased towards plants, basic similarities between all living eukaryotic cells (animal and plant) are recognized and used to best illustrate for students cell processes. Thoroughly explains the physiological underpinnings of biological processes to bring original insight related to plants. Includes examples throughout from physics, chemistry, geology, and biology to bring understanding to plant cell development, growth, chemistry and diseases. Provides the essential tools for students to be able to evaluate and assess the mechanisms involved in cell growth, chromosome motion, membrane trafficking, and energy exchange. Companion Web site provides support for all plant cell biology courses

[What Do I Say to Mormon Friends and Missionaries?, Donna Morley](#) , 2011, 0984150129, 9780984150120. Have you ever wondered what to say to Mormon missionaries who come to your door? Do you feel uncomfortable about sharing your Christian faith with a Mormon friend, coworker, or neighbor? Have you wished for a clearer understanding of the differences between Mormonism and Christianity? If you've ever wanted a friendly, easy-to-use guide for talking with your Mormon friend or acquaintance, you'll find this book an ideal help. In her warm, personal style, Donna Morley will equip you with the basic essentials for pointing Mormons to Christ and biblical truth. In this expanded edition, of what use to be A Christian Woman's Guide to Understanding Mormonism, Morley provides many practical illustrations and step-by-step guidelines along with study questions and a simple yet powerful tool called a Fact Sheet will build your confidence in sharing your faith with Mormons. Also Included: LDS Photo Album Morley includes an LDS Photo Album, which would be of interest to anyone interested in Mormon history or to just put a face in the reader's mind of the many characters in the Mormon story. A Gift to Mormons Morley has not only written this book to assist Christians, but if the

Christian feels led, this book can be given as a gift to a Mormon. Throughout this book are "boxed notes" that say, "Mormon Friend, Please Consider." Again, this will help the Christian converse with Mormons, but too, it's made personal enough (with much politeness) that if you feel led to give it to a Mormon friend, he or she will feel that, with much love, it was written for just for him or her. Endorsements This book has been endorsed by many, such as Today s Books giving Morley accolades from this book's first printing: "!!! EXCEPTIONAL." Others have also endorsed this book, such as Bill McKeever (Founder of Mormonism Research); Duane Magnani (Director of Witness, Inc); Angela Goedelman (Personal Freedom Outreach); Fritz Ridenour, Author of the Best Seller, What s the Difference?; Dr. Ed Hindson (Assistant Chancellor, Liberty University); Christine D. Anderson (Editor, Lifeway Church Resources); and more.

[Emotional Rollercoaster, Claudia Hammond](#) , 2005, 0007164661, 9780007164660. Why do we feel better after a good cry? What might the length of your earlobes have to do with jealousy? These and other questions can be answered by looking at the research of emotions. Claudia Hammond takes nine universal emotions in turn and looks at the science behind them, combining the latest theories and discoveries from neuroscientists and psychologists with everyday human experience. In a highly entertaining and thought-provoking journey through the science of feelings, the book asks how the brain and body interact to produce emotions, and what, if anything, we can do to harness them. With the help of

scientists, artists, therapists, and philosophers, the author examines the physiological and sociological origins of emotions.

[Administration of Wills, Trusts, and Estate, Gordon Brown, Scott Myers](#) , 2008, 1428321764, 9781428321762.

Administration of Wills, Trusts, and Estates, fourth edition, has proven to be a highly successful text for paralegal students, marrying dense content with a reader friendly style that utilizes extensive examples. The use of celebrity wills and estates as illustrations provides access for students into complicated legal topics. Legal vocabulary is defined immediately for students. This new version has more case studies so that students become more familiar with the legal process and have real examples of how legal concepts are applied by courts. The text narrative material is national in scope, with charts and graphs that focus on state-by-state information. The text balances narrative material and visual

presentations to accommodate a variety of student learning styles. Students have extensive and varied practice materials at the end of each chapter so that the text material can be re-enforced and expanded. The material in this revision has been updated to include the current state of the law. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[Living the College Life: Real Students, Real Experiences, Real Advice, Kenneth J Paulsen](#) , 2007, 0544187148, 9780544187146. Living the College Life helps you overcome the Freshman Fear Factor! College will be one of the most exciting and intimidating times of your life, and you're going to have questions as you head into this new experience. Living the College Life gives you real answers to common questions--answers from students who have "been there, done that." More than 100 upperclassmen and recent graduates from colleges all over the country candidly discuss what worked--and what didn't work--for them. Topics include what to take with you (this book, for example), academics, social and campus life, relationships, and money. Questions cut to the chase: \* How should I handle alcohol issues? \* How can I deal with the roommate from hell? \* Should I take advantage of that great-sounding credit card? \* Should I withdraw from that class I'm having trouble in? \* Should I join a sorority or fraternity? \* Should I take a computer? Laptop or desktop? \* How often should I go home? (Don't ask your mother that question!) Issues are discussed in a quick, painless question/answer format. With this book, you'll have the tools you need to think through the tough questions and make the best decisions for you! With Living the College Life, CliffsNotes--the resource that helps millions get to and through college--now helps you get off to a good start on campus.

[The Prodigal Son; From Dope Dealer to Hope Dealer... a True Story of Redemption, Restoration, and Forgiveness, Sr. Thomas](#) , 2010, 0976302624, 9780976302629. This powerfully gripping autobiography is a must read for anyone who personally struggles with or knows someone with addictions and lifestyles that are defeating and out of God's will. Be it alcohol, drugs, gambling, pornography or violence. This book will be a helpful resource for pastor's counselors, youth workers, teachers and laymen that seek to help those caught in the grips of Satan's influences. Prodigal Son can be read and shared with those that feel there is no hope of coming out of a life of bondage. It can also be used to help deter

young people who are experimenting with addictive behavior by showing them the dangers they face if they continue. Many look upon the homeless, hopeless, and the helpless as the dredge of society, while God looks upon them as his children that are lost. I have personally overcome each of my addictions and have been able to maintain my deliverance through Jesus Christ. My prayer is that by honestly exposing some of the darkest areas of my life, others will turn from their ungodly lifestyles and look to Jesus Christ as the answer, after reading this book. -Ricardo

[What Is Common Core?, Darcy Pattison](#) , 2013, 0985213442, 9780985213442. WHAT IS COMMON CORE? A Critique Cutting through the hype from supporters and defenders of the CCSS, this book documents the process for the adoption and implementation of the Common Core, which was developed as the result of politicians and business men deciding to create change in the education community so the U.S. could compete better in the global marketplace. This insightful critique focus on these issues: Is the CCSS a "national curriculum?" The CCSS relies on a national student database: the pros and cons of keeping tabs on students. Constructivism Mathematics is the basis of Common Core math. What does that mean for instruction, student homework and fluency with multiplication tables. New Criticism Literary Analysis is the basis of Common Core ELA. Explore this theory of reading that underlies all language arts activities. Explore reasons why the CCSS, a public policy document, is privately copyrighted and can't be changed, modified, or corrected.

[Embrace the Wind, Chelley Kitzmiller](#) , 1997, 0451407156, 9780451407153. A beautiful woman and her father move to Tucson, Arizona, to stake their claim as publishers of the town's newspaper. Upon their arrival, she is immediately drawn to a dark and mysterious half breed Apache. The discrimination of the townspeople will keep them apart until they share a sudden embrace when he rescues her from a violent skirmish. Now, they must decide whether their heartfelt passion can transcend prejudice, and fulfill a promise of eternal love. Online promo ([www.penguin.com](http://www.penguin.com)).

[The Capricious Critic: Essays and Dispatches, Ari Martin Samsky](#) , 2010, 0979617766, 9780979617768. Fiction. THE CAPRICIOUS CRITIC is a satirical look at our society through the distorted lens of the absurd. Chronicling the author's forays into bizarre worlds, Samsky is part cultural anthropologist, part reluctant wayfarer. Originally under assignment for the web museum Smyles & Fish, Samsky rates and reviews fantastic places, products, and activities that reflect upon

current society. He spares no detail. With wit and humor, Samsky leaves no exhortatory stone unturned, from reviewing fountain pens to describing the various subsets of Hell. Iris Smyles's provocative afterword concludes this collection of critical essays. *THE CAPRICIOUS CRITIC* is the newest addition to the canon of cult literature.

[Whitewater of the Southern Rockies: The New Testament to Class I-V+](#), Kyle McCutchen, Evan Stafford , 2007, 0979264405, 9780979264405. Whitewater of the Southern Rockies covers 400 runs in Colorado, New Mexico, Arizona, Utah, and Wyoming. This is the most comprehensive catalog of class I-V+ kayaking and rafting sections ever compiled. Three hundred full-page color photos, a user-friendly design, succinct river descriptions, and precise beta-boxes make this the whitewater guidebook of choice. At once a rediculously well researched and layed-out guide and a coffee table style book complete with the most stunning collection of whitewater photography ever compiled into book form, this is a must have for anyone living in the West and serious about whitewater kayaking and rafting. Each section is complete with maps, detailed information about the runs and access to them, as well as logistics, and complete with color photos and pertinent beta regarding flow rates and seasons.

[Introductory Management Science: Decision Modeling with Spreadsheets, Volume 2,](#) , 1998, 0139064397, 9780139064395. Divided into four parts, this work deals with general modelling issues; deterministic models; probabalistic (stochastic) models; and implementation issues for applying models in organizations. It offers coverage of linear programming, as well as real-world problems and examples.

[Even Such Is Time, Elizabeth Bartel](#) , 2002, 1553696859, 9781553696858. Anna is only fifteen when she is sent away from her family's drought-stricken farm to work for a wealthy family in the city. A recent immigrant from the ravages of Bolshevik Russia, Anna struggles to understand her place, first in the home of her proud English employers, and later in a community composed almost entirely of recent immigrants, where subtle differences of language and religion mark one just as indelibly. Through marriage, children, a world war, and a shocking family tragedy, Anna chronicles with gentle insight her own family's coming of age in a new land. What they choose to keep and what they discard decide who they will become-both as a family and as a people.

[Tap!: The Greatest Tap Dance Stars and Their Stories, 1900-1955, Rusty E. Frank](#) , 1994, 0306806355, 9780306806353.

From the vaudeville era, through the Astaire-Rogers movies, to the intricate artistry of bebop, tap has dominated American dance with its rhythm, originality, and humor. This book collects the voices and memories of thirty of America's best-loved tap-dance stars and two hundred rare theater, film, and publicity photographs. Here Shirley Temple recalls her magical duo with Bill "Bojangles" Robinson; Fayard Nicholas describes his days at Harlem's Cotton Club performing with Cab Calloway; Fred Kelly visits his and his brother Gene's Pittsburgh dance studio; Hermes Pan reminisces about his work with George Gershwin, Ginger Rogers, and Fred Astaire; and, in a chapter new to this edition, Toy and Wing tell about their days as the world's leading Asian tap duo. Appended with the most comprehensive listing of tap acts, recordings, and films ever compiled newly updated for this paperback edition Tap! brings to life the legends of one of America's most cherished and enduring art forms.

[A Way in the Wilderness, Paula L. Silici](#) , 2011, 0982758529, 9780982758526. Left by a buffalo hunter at a brothel at age fourteen after her parents' massacre by Indians, Meg Finn grows up to loathe her life as the cleaning woman at Dodge City's infamous Black Boots Inn. When she is tricked by the madam into thinking she's been sold for one night's pleasure to mysterious rancher Nathan Barris, her world is turned upside down. So begins Meg's adventure farther west to search for her Uncle Sean. Little does she know that fate will bring her face to face with Nate Barris again. Will the secrets she harbors keep her from finding love and acceptance in his arms at last, or will those secrets completely destroy them both? The storyline in this novel takes many twists and turns as good people and bad are introduced. Secrets are revealed, and situations become life threatening as the past meets the present for more than one character in this wonderful read. Indians, slave traders, cowhands, townspeople, friends and foes, all merge together to bring to a pinnacle the exciting conclusion. This is a wonderful romantic read laced with adventure, mystery, and western flair. Recommended. Shirley Johnson, Senior Reviewer, MidWest Book Review.

[Oxford Wordpower: angol-magyar sztr nyelvtanulknak, Janet Phillips](#) , 2002, 0194315312, 9780194315319. This is an English-Hungarian dictionary specially designed for Hungarian students of English. It has over 31 000 references and contains words and expressions widely used in contemporary English, with Hungarian translations. There is a vast number of examples showing typical usage and a wealth of idioms and phrasal verbs. Usage notes in Hungarian explain difficult grammar points, how to avoid confusing similar words and give cultural background; and notes in English show

key collocations and related vocabulary. Pronunciation is shown using the IPA system. There are over 50 illustrations. There are also special pages and appendices on a wide range of topics, including false friends, phrasal verbs, number expressions and computers.

[The Lost Memoirs of Jane Austen LP, Syrie James](#) , 2010, 0061992844, 9780061992841. Many rumors abound about a mysterious gentleman said to be the love of Jane's lifefinally, the truth may have been found. . . . What if, hidden in an old attic chest, Jane Austen's memoirs were discovered after hundreds of years? What if those pages revealed the untold story of a life-changing love affair? That's the premise behind this spellbinding novel, which delves into the secrets of Jane Austen's life, giving us untold insights into her mind and heart. Jane Austen has given up her writing when, on a fateful trip to Lyme, she meets the well-read and charming Mr. Ashford, a man who is her equal in intellect and temperament. Inspired by the people and places around her, and encouraged by his faith in her, Jane begins revising Sense and Sensibility, a book she began years earlier, hoping to be published at last. Deft and witty, written in a style that echoes Austen's own, this unforgettable novel offers a delightfully possible scenario for the inspiration behind this

beloved author's romantic tales. It's a remarkable book, irresistible to anyone who loves Jane Austen and to anyone who loves a great story.

[Christology: A Biblical, Historical, and Systematic Study of Jesus, Gerald O'Collins, SJ](#) , 2009, 019160965X, 9780191609657. In this fully revised and updated second edition of his accessible account of systematic Christology, Gerald O'Collins continues to challenge the contemporary publishing trend for sensationalist books on Jesus that are supported neither by the New Testament witness nor by mainline Christian beliefs. This book critically examines the best biblical and historical scholarship before tackling head-on some of the key questions of systematic Christology: does orthodox faith present Jesus the man as deficient and depersonalized? Is his sinlessness compatible with the exercise of a free human will? Does up-to-date exegesis challenge his virginal conception and personal resurrection? Can one reconcile Jesus' role as universal Saviour with the truth and values to be found in other religions? What should the feminist movement highlight in presenting Jesus? This integral Christology is built around the resurrection of the crucified Jesus, highlights love as the key to redemption, and proposes a synthesis of the divine presence through Jesus. Clear, balanced, and accessible, this book should be valued by any student reading systematic theology, anyone training for the ministry in all denominations, as well as interested general readers.

[The Naked Contract: A Business Owner's Guide to Business Disputes, Frederick W. Gaston](#) , 2011, 0982933339, 9780982933336. The Naked Contract: A Business Owners Guide to Disputes written by Frederick Gaston, a business attorney in San Diego, California, offers todays small businessman a valuable tool for avoiding and resolving the disputes that inevitably arise in every business enterprise. A careful and thorough study of business disputes that have mushroomed into costly legal battles over the past 30 years explains why it is so essential to learn how to identify potential disputes before they occur, how best to prevent them from becoming full-blown legal battles, and how best to informally resolve those disputes when they threaten to get out of control.

[JUDGING SCHOOL DISCIPLINE, Richard Arum](#) , 2005, 0674018141, 9780674018143. Reprimand a class comic, restrain a bully, dismiss a student for brazen attire--and you may be facing a lawsuit, costly regardless of the result. This reality for today's teachers and administrators has made the issue of school discipline more difficult than ever before--and public education thus more precarious. This is the troubling message delivered in Judging School Discipline, a powerfully reasoned account of how decades of mostly well-intended litigation have eroded the moral authority of teachers and

principals and degraded the quality of American education. Judging School Discipline casts a backward glance at the roots of this dilemma to show how a laudable concern for civil liberties forty years ago has resulted in oppressive abnegation of adult responsibility now. In a rigorous analysis enriched by vivid descriptions of individual cases, the book explores 1,200 cases in which a school's right to control students was contested. Richard Arum and his colleagues also examine several decades of data on schools to show striking and widespread relationships among court leanings, disciplinary practices, and student outcomes; they argue that the threat of lawsuits restrains teachers and administrators from taking control of disorderly and even dangerous situations in ways the public would support. Table of Contents: Preface 1. Questioning School Authority 2. Student Rights versus School Rules With Irene R. Beattie 3. How Judges Rule With Irene R. Beattie 4. From the Bench to the Paddle With Richard Pitt and Jennifer Thompson 5. School Discipline and Youth Socialization With Sandra Way 6. Restoring Moral Authority in American Schools Appendix: Tables Notes Index

Reviews of this book: This interesting study casts a critical eye on the American legal system, which [Arum] sees as having undermined the ability of teachers and administrators to socialize teenagers...Arum, it must be pointed out, is adamantly opposed to such measures as zero tolerance, which, he insists, often results in unfair and excessive punishment. What he wisely calls for is not authoritarianism, but for school folks to regain a sense of moral authority so that they can act decisively in matters of school discipline without having to look over their shoulders.--David Ruenzel, Teacher Magazine

Reviews of this book: Arum's book should be compulsory reading for the legal profession; they need to recognise the long-term effects of their judgments on the climate of schools and the way in which judgments in favour of individual rights can reduce the moral authority of schools in disciplining errant students. But the author is no copybook conservative, and he is as critical of the Right's get-tough, zero-tolerance authoritarianism as he is of what he eloquently describes as the 'marshmallow effect' of liberal reformers, pushing the rules to their limits and tolerating increased misconduct.--John Dunford, Times Educational Supplement [UK]

Reviews of this book: [Arum] argues that discipline is often ineffective because schools' legitimacy and moral authority have been eroded. He holds the courts responsible, because they have challenged schools' legal and moral authority, supporting this claim by examining over 6,200 state and federal appellate court decisions from 1960 to 1992. In describing the structure of these decisions, Arum provides interesting insights into school disciplinary practices and the law.--P. M. Socoski, Choice

Reviews of this book: Arum's careful analysis of school discipline becomes so focused and revealing that the ideological boundaries of the debate seem almost to have been suspended. The result is a rich and original book, bold, important, useful, and--as this combination of attributes might suggest--surprising...Many years in the making, Judging School Discipline weds historical, theoretical, and statistical research within the problem-solving stance of a teacher working to piece together solutions in the interest of his students. The result is a book that promises to shape research as well as practice through its demonstration that students are liberated, as well as oppressed, by school discipline.--Steven L. VanderStaay, Urban Education

Reviews of

this book: [Arum's] break with education-school dogma on student rights is powerful and goes far toward explaining why so many teachers dread their students--when they are not actually fighting them off.--Heather MacDonald, Wall Street Journal

[The Oxford Encyclopedia of the Modern Islamic World, John L. Esposito](#) , 2001, 0195148037, 9780195148039. This unique reference is a comprehensive encyclopedia dedicated to the institutions, religion, politics, and culture in Muslim societies throughout the world. Placing particular emphasis on the nineteenth and twentieth centuries, The Oxford Encyclopedia of the Modern Islamic World contains over 750 articles in four volumes on Muslims in the Arab heartland as well as South and Southeast Asia, Europe, and the Americas. An invaluable resource, the Encyclopedia offers extensive comparative and systematic analyses of Islamic beliefs, institutions, movements, practices, and peoples on an international scale. The alphabetically arranged articles range from brief 500-word essays to major interpretive and synthetic treatment of topics such as the Islamic state, pilgrimage, law, marriage, and foreign relations. Related entries cover areas of general interest such as social and political movements, women, Muslim minorities, human rights, Islam in the West, and interreligious affairs. And prominent figures that had a lasting impact on Islam are explored including Muhammad, Aga Khan, Malcolm X, Muhammad Iqbal, 'Ali Shari 'ati, Ayatollah Khomeini, and Hasan al-Turabi. Truly multidisciplinary, this work reflects the breadth and depth of contemporary scholarship in Islamic studies. Combining the tools of the humanities and social sciences to examine the interrelationship of religion, politics, and culture in Muslim societies, it explains the changing realities of Muslim life. Its unique focus makes The Oxford Encyclopedia of the Modern Islamic World an invaluable reference for scholars and students of many disciplines, government and media analysts, and anyone interested in increasing their understanding of Islamic politics and culture.

[Psychology, Christine Brain](#) , 2008, 0340966831, 9780340966839. Edexcel AS Psychology covers Units 1 and 2 of the A-level specification. The AS course is made up of five approaches in psychology. Each chapter in this book covers one of these and includes: an introduction, with definitions; methodology; content; detailed studies; key issues; a worked practical; a chapter summary; and definitions of key terms. An important feature of the Edexcel course is that although there is specified material, there are also many areas where choices are available. These include choices of study in each approach, and of key issues. This textbook covers all the specified material and all the suggested examples where choices are offered. Within each chapter there are features to improve students skills, including: Explore a advice on how students can further their interest in an area Practicea allowing students to try out what they have learnt Study hinta advice on how to prepare for examinations Practical relevance a linking studentsa learning of theory to their practical work Key terms a definitions of important terms Homework questions and extension essays (to stretch and challenge students) are given at the end of each chapter. An accompanying online resource offers guidance on exam technique and sample examination-style questions, together with model answers and detailed commentaries. It also includes additional material on selected studies and key issues. Links to this material are indicated in the textbook. A Teacher Guide containing answers to all questions and exercises in the book, plus PowerPoint presentations and worksheets to assist the teacher, is available for separate purchase.

[The Patriot's Handbook: A Citizenship Primer for a New Generation of Americans, George Grant](#) , 2003, 1581824033, 9781581824032. British philosopher G. K. Chesterton once quipped that America is the only nation ever founded on a creed. While other nations find their identity in geography, culture, ideology, or ethnic origin, America was founded on certain ideas about freedom, human dignity, and social responsibility. Early in the nineteenth century, American educators began to realize that if this great experiment in liberty was to be maintained, then an informed patriotism would have to be instilled in the young. The ideals that produced the nation needed to pass from one generation to the next; thus, these educators presented rising new citizens with a small handbook containing the essential elements of the American creed. The Patriot's Handbook is a twenty-first century version of that tradition. A concise introduction to the ideas, events, and personalities of American freedom, it is a valuable resource for anyone who wishes to understand the nation's identity as it has developed from its founding until now. Included are key documents: The Mayflower Compact

The Declaration of Independence The Federalist Papers Speeches, poems, song lyrics, and profiles of the presidents and many of the leaders who have shaped the nation's history

Nothing prepared Tyler Blake for the fast paced living of New York City--she was a small town girl who quickly got caught up in the glamorous entertainment industry. In her quest for stardom, she was sidetracked by dysfunctional relationships; while true love eluded her, the abusive Ian Addison, star basketball player, didn't. When Tyler finally believes she has found her ideal man, hip hop music producer Brian McCall, her world spirals out of control. Original.

[Imperfect Bliss: A Novel, Susan Fales-Hill](#), , 2012, 1451623844, 9781451623840. Reality TVJane Austen Style Meet the Harcourts of Chevy Chase, Maryland. A respectable middle-class, middle-age, mixed-race couple, Harold and Forsythia

have four eminently marriageable daughters so their mother believes. Forsythia named her girls after Windsor royals in the hopes that one day each would find her true prince. But princes are far from the mind of their second-born daughter, Elizabeth (AKA Bliss), who, in the aftermath of a messy divorce, has moved back home and thrown herself into earning her PhD. All that changes when a Bachelorette-style reality television show called *The Virgin* takes Bliss's younger sister Diana as its star. Though she fights it at first, Bliss can't help but be drawn into the romantic drama that ensues, forcing her to reconsider everything she thought she knew about love, her family, and herself. Fresh and engaging, *Imperfect Bliss* is a wickedly funny take on the ways that courtship and love have changed even as they've stayed the same.

[Accountability Politics: Power and Voice in Rural Mexico, Jonathan A. Fox](#) , 2007, 0191607266, 9780191607264. How can the seeds of accountability ever grow in authoritarian environments? Embedding accountability into the state is an inherently uneven, partial and contested process. Campaigns for public accountability often win limited concessions at best, but they can leave cracks in the system that serve as handholds for subsequent efforts to open up the state to public scrutiny. This book explores how civil society "thickens" by comparing two decades of rural citizens' struggles to hold the Mexican state accountable, exploring both change and continuity before, during, and after national electoral turning points. The book addresses how much power-sharing really happens in policy innovations that include participatory social and environmental councils, citizen oversight of elections, local government social investment funds, participation reforms in World Bank projects, community-managed food programs, as well as new social oversight and public information access reforms. Meanwhile, efforts to exercise voice unfold at the same time as rural citizens consider their exit options, as millions migrate to the US, where many have since come together in a new migrant civil society. Since explanations of electoral change do not account for how people actually experience the state, this book concludes that new analytical frameworks are needed to understand "transitions to accountability." This involves unpacking the interaction between participation, transparency and accountability. Oxford Studies in Democratization is a series for scholars and students of comparative politics and related disciplines. Volumes concentrate on the comparative study of the democratization process that accompanied the decline and termination of the cold war. The geographical focus of the series is primarily Latin America, the Caribbean, Southern and Eastern Europe, and relevant experiences in Africa and Asia. The series editor is Laurence Whitehead, Official Fellow, Nuffield College, University of Oxford.

[Of Mice and Men, John Steinbeck](#) , 1993, 0140177396, 9780140177398. A controversial tale of friendship and tragedy during the Great Depression They are an unlikely pair: George is "small and quick and dark of face"; Lennie, a man of tremendous size, has the mind of a young child. Yet they have formed a "family," clinging together in the face of loneliness and alienation. Laborers in California's dusty vegetable fields, they hustle work when they can, living a hand-to-mouth existence. For George and Lennie have a plan: to own an acre of land and a shack they can call their own. When they land jobs on a ranch in the Salinas Valley, the fulfillment of their dream seems to be within their grasp. But even George cannot guard Lennie from the provocations of a flirtatious woman, nor predict the consequences of Lennie's unswerving obedience to the things George taught him. "A thriller, a gripping tale . . . that you will not set down until it is finished. Steinbeck has touched the quick." The New York Times

[Western Civilization: A Social and Cultural History, Volume 1, , Margaret L. King](#) , 2005, 0131929577, 9780131929579.

This text explains why western civilization is worth knowing about. Taking a topical approach and stressing social and cultural themes, it asks, What is the West? and incorporates significant discussions of peoples and civilizations outside the boundaries of the West. Written by a single author, who understands the needs of typical college students, Western Civilization, 3/e is accompanied by rich visual images, numerous textual excerpts, provocative special features, and

timelines, charts and maps that make the narrative even more accessible.

[A Wonder Book for Girls & Boys, Nathaniel Hawthorne](#) , 1996, 0195107187, 9780195107180. Here are the stories of King Midas, Pandora, Medusa, Hercules, and the other inhabitants of Mount Olympus told by one of America's greatest writers. Written in 1851 as a money-maker for the struggling Hawthorne, A Wonder Book has become a favorite for generations of children everywhere. Hawthorne's mastery of adventure and his command of narrative and character open a child's mind to the wondrous landscapes of ancient mythology in stories such as "The Gorgon's Head" and "The Three Golden Apples." Oxford has created a beautiful and memorable edition of this classic children's text with illustrations by famed book artist Walter Crane, whose full-color plates and decorative art originally accompanied the text in the late 1800s. An introduction by Ola d'Aulaire, son of the creators of D'Aulaires' Book of Greek Myths, sets the stage for the young reader, and an afterword for adults by Hawthorne scholar Joel Pfister places A Wonder Book in Hawthorne's body of work and in historical context, conveying the strength of its romantic imagination in the face of the encroaching Industrial Revolution. Adults and collectors will find this major new edition a treasure and their children will happily enter a world of magic and imagination, led by one of the greatest American storytellers.

[Babylon: Myth and Reality, Irving L. Finkel, Michael J. Seymour](#) , 2008, 0714111708, 9780714111704. Over 2500 years after the city falls, Babylon is still an evocative name. The resonance of the Tower of Babel, the Hanging Gardens, Daniel in the Lions Den or the madness of Nebuchadnezzar continues today even without popular certainty that Babylon itself ever existed. Drawing on three of the most important collections of artefacts from the ancient city of Babylon, at the British Museum, the Louvre and the Vorderasiatisches Museum, Berlin, this book brings to life Nebuchadnezzar's magnificent state buildings with their famous glazed brick reliefs, and the great stepped tower or ziggurat that inspired the Biblical story of the Tower of Babel. Contemporary writings investigate the history, culture and religious life of the time, describing the Conquest of Jerusalem and the emergence of monotheism within Babylonian religion. Also included will be documents showing how ancient Babylon's legacy lives on today: tablets recording the signs of the zodiac, the appearance of Halley's Comet and the origins of modern calendars and clocks. While the real city remained lost under the sands of Iraq for 2000 years, a rich web of myths and associations gathered around the name. Babylon has inspired art, books, films, and music, and plays a powerful role in Rastafarian religion. This book explores how and why the magnificent ancient capital evolved into a universal symbol of the city of sin. The book brings together for the first time a wealth of art works from medieval manuscripts and major canvases to contemporary digital art, which have all been inspired by Babylon.

[The Nature of Sociology: Two Essays, Marcel Mauss](#) , 2005, 1571816593, 9781571816597. Having taken over the leadership of the French school of sociology after the death of his uncle, Emile Durkheim, in 1917, Mauss, celebrated author of *The Gift*, re-launched the flagship journal, the *Annales sociologiques*. Here are two of Mauss's most significant statements on the social sciences. The first, written with Fauconnet, outlines the methodological orientations of the school. The second examines the internal organization of sociology as a division of intellectual labor. The essays are of interest to anthropologists as well as sociologists for Mauss, like Durkheim, did not distinguish in detail the two disciplines.

[Well Adjusted Babies: A Chiropractic Guide for Holistic Parenting from Pregnancy Through to Early Childhood, Jennifer Barham-Floreani](#) , 2005, 0975786008, 9780975786000. Colorado's serene natural scenery is legendary---however, all is not calm in Colorado. Floods, wildfires, avalanches, and even earthquakes make living in the state an adventure! In this informative and engaging book written for young readers, Lisa Gardiner explains the history and science of Colorado's natural disasters with amazing photos and fun illustrations.

[The Oral OB/GYN Board Exam: How to Prepare for the Exam, how to Take the Exam, how to Pass the Exam, Anita Krishna Das](#) , 2002, 1560534869, 9781560534860. This concise, step-by-step guide to preparing for and taking the oral exam for board certification in Obstetrics/Gynecology has been completely updated to reflect recent changes in format

and topics. Since the advent of managed care, board certification has taken on greater importance. This text provides effective strategies for caselist collection, format and defense, along with other tips and advice for persuasively articulating one's knowledge of the field.

[Principles of Frontal Lobe Function, Donald T. Stuss, Robert T. Knight](#) , 2002, 0195134974, 9780195134971. Principles of Frontal Lobe Function provides a comprehensive review of historical and current research on the functions of the frontal lobes and frontal systems of the brain. The content covers frontal lobe functions from birth to old age, from biochemistry and anatomy to rehabilitation, from normal to disrupted function. Two introductory chapters guide, in different ways, reading of subsequent chapters. Following are a number of chapters dealing with basic science- neuroanatomy and neurochemistry. The various theoretical positions proposed reflect the diversity of approaches to the same fundamental question about the role of the frontal lobes. Some chapters deal with broad, salient issues such as functional heterogeneity versus homogeneity, while others narrow their focus on specific functions like motor control, language, memory and attention, executive functioning, and emotional and social behavior. The book concludes with chapters on applied clinical research such as frontal lobe pathology in neurological diseases and disorders, stroke, and traumatic brain injury, as well as strategies for neurorehabilitation. This book is intended to be a standard reference work on the frontal lobes for researchers, clinicians, and students in the fields of neurology, neuroscience, psychiatry, psychology, and health care.

[The Yellow Cab,](#) , 2013, 073584111X, 9780735841116. Jack, the little yellow taxi, used to be the fastest, brightest taxi around and traveled the city as if he had wings. If only he could fly. But something magical happens when Jack sees a bus that says, Come to Brazil. Before Jack knows it, hes flying over the Brazilian rainforest and his new customers are

macaws and howler monkeys! Jack couldn't be happier, playing pass-the-coconut. But their fun comes to a halt when big bulldozers and cranky cranes start chopping down the rainforest. Why don't you come back to the city and leave the forest alone? With a blink of an eye, Jack is back in the city. Could those be the same bulldozers he saw in the rainforest? Jack isn't sure until he spies a coconut on the park bench and smiles to himself anything is still possible.

[On The Wings Of Autumn, Stephanie Roberts](#) , 2012, . Stephanie, a successful entrepreneur in Australia, who has been married to Robert for ten years, returns to her homeland of India. There she becomes embroiled in a unique love triangle. There is an unexpected re-union with Tics, once the love of her life, who resurfaces and emerges as the healing force for her dog. In addition, she has to grapple with her conflicted love for her ailing husband, Robert, and her deep and abiding love for her beloved dog Truman who is dying of liver cancer. What will become of Truman's fragile life in an effort to save his human father? Truman's life is in jeopardy. To compound matters, Stephanie finds that she must go back to Australia to care for her sick husband, Robert. Can she leave Tics? What will become of their rekindled love?

[Henry and Edsel: the creation of the Ford Empire, Richard Bak](#) , 2003, 0471234877, 9780471234876. The epic struggle between a father and son and the building of a worldwide business empire In this retelling of the story of the rise of Ford Motors, journalist Richard Bak offers a daring new perspective on the human drama that helped shape one of the world's great business empires. No dry corporate history, Henry and Edsel focuses on the epic battle of wills between the unyielding Henry Ford, his gifted son Edsel, and his "second son," the brutal and insidious Harry Bennet who rose from barroom brawler to become Henry's heir apparent. Bak dispels the common misperception of Edsel Ford as a weak and ineffectual manager, and explains that it was in fact Edsel's level-headedness and imaginative business solutions and that allowed the company to survive the many challenges to its survival in the first half of the twentieth century. Timed to coincide with the 100th anniversary celebration of Ford Motor Company, Henry and Edsel is sure to be warmly received by history buffs and business readers. Richard Bak (Detroit, MI) is a veteran journalist who has written widely on the Fords and the automobile industry.

[Zanzibar Zella's Last Big Hunt, Hall F. Duncan](#) , 2002, 0967784433, 9780967784434. Sir Angus saves his African animal friends from big game hunter Zanzibar Zella.

[31 Songs, Nick Hornby](#) , 2003, 0141013400, 9780141013404. 31 Songs is best-selling author Nicky Hornby's ultimate desert island disks Through thirty-one songs that he either loves or has loved, Nick Hornby tells us what music means to his life. These personal and passionate pieces - refreshingly free of pretension - are a celebration of the joy that certain songs have given him. Together with additional writings on music from his column in the New Yorker - seen in the UK for the first time - 31 Songs is for Hornby what many of us have always wanted: a soundtrack to accompany life. Winner of

The National Book Critics Circle award, this funny and touchingly personal book, from the author of the million-copy number one bestseller *About A Boy*, is a must for music fans everywhere. 'Original, well written and wholly lacking in pretension...as good a book about pop music as I have read in many years and the most accomplished of Hornby's books so far' *Spectator* 'Funny, provocative, immensely readable. It is not simply about music...it is about Hornby, and us, and about being alive. His enthusiasm is such that he makes me want to be a better listener - and I can offer no better compliment. A triumph' *Tim Lott, Evening Standard* 'Refreshing, candid, very moving. Reminds you why you loved music before you knew enough to explain your love away' *Uncut* Nick Hornby has captivated readers and achieved widespread critical acclaim for his brilliantly observed comic books *High Fidelity*, *How to be Good*, *A Long Way Down* (shortlisted for the Whitbread Award), *Slam*, *Juliet, Naked* and his autobiographical *Fever Pitch* (winner of the William Hill Sports Book of the Year Award). Also available from Penguin is *The Complete Polysyllabic Spree*, which shares his thoughts on books and writing.

[Reflections, Cindy Carroll](#) , 2013, 0988120321, 9780988120327. This is a short story of approximately 7,800 words. When a cursed inn replaces her friends with evil reflections a woman fights to get the genuine articles back before the doubles kill her. A road trip goes wrong for a group of friends trying to help one of them get over a break up. They find an inn where the mirrors are cursed. They realize they don't know each other as well as they thought they did.

[The Oxford Handbook of Clinical Psychology, David H. Barlow](#) , 2010, 0199710481, 9780199710485. The exponential growth of clinical psychology since the late 1960s can be measured in part by the extensive-perhaps exhaustive-literature

on the subject. This proliferation of writing has continued into the new century, and the field has come to be defined as much by its many topics as its many voices. The Oxford Handbook of Clinical Psychology synthesizes these decades of literature in one extraordinary volume. Comprising chapters from the foremost scholars in clinical psychology, the handbook provides even and authoritative coverage of the research, practice, and policy factors that combine to form today's clinical psychology landscape. In addition to core sections on topics such as training, assessment, diagnosis, and intervention, the handbook includes valuable chapters devoted to new and emerging issues in the clinical field, including health care reforms, cultural factors, and technological innovations and challenges. Each chapter offers a review of the most pertinent literature, outlining current issues and identifying possibilities for future research. Featuring two chapters by Editor David H. Barlow -- one on changes during his own 40-year odyssey in the field, the other projecting ten themes for the future of clinical psychology -- The Oxford Handbook of Clinical Psychology is a landmark publication that is sure to serve as the field's benchmark reference publication for years to come. It is an essential resource for students, clinicians, and researchers across the ever-growing clinical psychology community.

[101 Punctuation Tips, Deborah Wright](#) , 2000, 0968812007, 9780968812006.

[Chaplin: His Life and Art, David Robinson](#) , 2013, 0141977507, 9780141977508. The greatest icon in the history of cinema, Charlie Chaplin lived one of the most dramatic rags to riches stories ever told. His life was marked by extraordinary contrasts: the child of London slums who became a multimillionaire; the on-screen clown who was a driven perfectionist behind the cameras;; the adulated star who publicly fell from grace after personal and political scandal. This engrossing and definitive work, the only biography written with full access to Chaplin's archives, tells the whole story of a brilliant, complex man. Now fully updated with added pictures and an extended filmography, it includes revelatory new material on Chaplin's marriages, his affair with movie star Louise Brooks, his persecution by the FBI during anti-Communist witch hunts - exposing their role in the 'white slavery' case against him - and the significance of Richard Attenborough's film Chaplin. 'I cannot imagine how anyone could write a better book on the great complex subject... movingly entertaining, awesomely thorough and profoundly respectful.' Sunday Telegraph 'In all, one of the great cinema books; a labour of love, and a splendid achievement.' Variety 'The Life ... that we've long needed ... a combination of warmth towards its subject and judicious setting straight of the records.' Observer 'One of those addictive biographies in which you start by looking in the index for items that interest you ... and as dawn breaks you're reading the book from cover to cover.' Financial Times 'It is a massive work and reflects a massive talent.' The New York Times Book Review
