[Imagining Characters: Six Conversations about Women Writers, Antonia Susan Byatt, Igns Sodr](#) , 1995, 0099591219, 9780099591214. In this innovative and wide-ranging book, Byatt and the psychoanalyst Ignes Sodre bring their different sensibilities to bear on six novels they have read and loved: Jane Austen's Mansfield Park, Bronte's Villette, George Elliot's Daniel Deronda, Willa Cather's The Professor's House, Iris Murdoch's An Unofficial Rose, and Toni Morrison's Beloved. The results are nothing less than an education in the ways literature grips its readers and, at times, transforms their lives. Imagining Characters is indispensable, a work of criticism that returns us to the books it discusses with renewed respect and wonder.

[Imperfect Pairings, Jackie Townsend](#) , 2013, 098379152X, 9780983791522. Smart, career driven Jamie had not intended to fall in love. And to a foreigner no less, an Italian who doesn't reveal his heritage at first. Jack is short for John, he tells her, but she soon discovers that John is short for Giovanni. Insanely handsome and intense but unreadable, Giovanni is a man of few words. When after two months together she accompanies him to his cousin's wedding in Italy, Jamie learns that he hasn't been back to the troubled family estate in ten years-but with one step upon the rich Italian soil covered in ancient vines, it's as if he never left. Suddenly his language is no longer her language, and Jamie is drawn inexplicably into an Italy that outsiders rarely see-a crumbling villa, an old family scandal, a tragic mother, an estranged father, and a host of spirited Italian cousins. Jack is finally forced to face the destiny he's been renouncing; and Jamie makes a rash decision, unaware that it will change her life forever.

[Expanding Our Vision: Insights for Language Teachers, David Mendelsohn](#) , 1999, 0195413989, 9780195413984. We need to expand our vision. The "information explosion" has forced us to continually narrow our focus in order to handle the enormous amount of material being published every year in our own field. This, in turn, has unwittingly tunneled our vision, resulting in us "missing out" on a wealth of wonderful ideas and materials found in the literature of other disciplines. *Expanding Our Vision* is intended to open a window onto a wealth of wonderful ideas and material that are extremely pertinent to us but are only available in the literature of other disciplines. The intent of this book is to expand the vision of teachers who read it. It is not intended as a "methods" book with "recipes" for the classroom for Monday morning, nor is it a teacher training book, but rather a teacher education book. The contributors to this volume are all inspirational teachers, researchers and speakers, highly regarded in the TESOL profession, and well known all over the world.

[The Internal Auditing of Management Systems, Graham W. Parker](#) , 1995, 0566075849, 9780566075841. This addition to the PARSEC Guides series examines the role of management systems and the corresponding audit process. The author explains in detail how to: plan and implement an effective audit programme; when an audit is or is not appropriate; develop the skills required; handle uncooperative auditees; deal with discrepancies; use checklists as a tool for auditing; report findings; to decide what records to keep.

This book synthesizes information on the physiological ecology of

arctic plants, discusses how physiological processes influence ecosystem processes, and explores how climate warming will affect arctic plants, plant communities, and ecosystem processes. Key Features\* Reviews the physiological ecology of arctic plants\* Explores biotic controls over community and ecosystems processes\* Provides physiological bases for predicting how the Arctic will respond to global climate change

[Diana's Nightmare: The Family, Chris Hutchins, Peter Thompson](#) , 2011, 0957020775, 9780957020771. Diana's Nightmare: THE FAMILY By Chris Hutchins and Peter Thompson Even before Lady Diana Spencer married into the most revered family on earth, she had her suspicions that the kith and kin of Prince Charles were not all they seemed-to-be. No sooner had she become the Princess of Wales and moved into Kensington Palace than her fears were confirmed: the House of Windsor constituted a flawed dynasty. Diana's Nightmare reveals the previously untold secrets Diana discovered about her royal relatives. This book exposes how intensely Charles and Camilla Parker Bowles contrived to exclude her, it reveals the Queen was angry and bitter at her family's indiscretions, how the Queen Mother's indifference was matched only by Prince Philip's blind rage over Diana's determination to find her own path, what really went on between the Duke and Duchess of York and how Prince Edward witnessed Diana's tantrums at Balmoral . . . Diana's own secret life. And much much more . . .

[The Sword of Antietam \(Webster's French Thesaurus Edition\), Joseph A. Altsheler](#) , 2008, 0497978903, 9780497978907. Webster's paperbacks take advantage of the fact that classics are frequently assigned readings in English courses. By using a running English-to-French thesaurus at the bottom of each page, this edition of The Sword of Antietam by Joseph A. Altsheler was edited for three audiences. The first includes French-speaking students enrolled in an English Language Program (ELP), an English as a Foreign Language (EFL) program, an English as a Second Language Program (ESL), or in a TOEFL or TOEIC preparation program. The second audience includes English-speaking students enrolled in bilingual education programs or French speakers enrolled in English-speaking schools. The third audience consists of students who are actively building their vocabularies in French in order to take foreign service, translation certification, Advanced Placement (AP) or similar examinations. By using the Webster's French Thesaurus Edition when assigned for an English course, the reader can enrich their vocabulary in anticipation of an examination in French or English. TOEFL, TOEIC, AP and Advanced Placement are trademarks of the Educational Testing Service which has neither reviewed nor endorsed this book. All rights reserved. Webster's edition of this classic is organized to expose the reader to a maximum number of difficult and potentially ambiguous English words. Rare or idiosyncratic words and expressions are given lower priority compared to difficult, yet commonly used words. Rather than supply a single translation, many words are translated for a variety of meanings in French, allowing readers to better grasp the ambiguity of English, and avoid them using the notes as a pure translation crutch. Having the reader decipher a word's meaning within context serves to improve vocabulary retention and understanding. Each page covers words not already highlighted on previous pages. If a diffic

[Death Came Knocking... But Life Answered the Door, Henry L. Knight](#) , 2006, 0978603206, 9780978603205. Henry L. Knight was at a loss for words. As a pastor, teacher, he rarely found himself in this condition. But he had just heard the most devastating news of his life—he had colorectal cancer. How could this have happened? He ate right, exercised, and got enough rest. How could his body turn on him like this? Pastor Knight chronicles his struggles to overcome this cancer. He came to terms with the fact that he became ill through no fault of his own, and began simultaneous chemo and radiation treatments. But it is God that he credits for his full healing. No matter what he saw when looking into the mirror, he never entertained death—only life. This book can serve as a blueprint for anyone with cancer who chose life over death.

[Bin Laden in the Suburbs: Criminalising the Arab Other](#), , 2004, 0975196707, 9780975196700. This book examines public worrying over "ethnic crime." How did the airborne terror attacks on the USA on September 11, 2001, exacerbate existing tendencies to stereotype Arabs and Muslims as backward, inassimilable, without respect for Western laws and values, and complicit with barbarism and terrorism? Bin Laden in the Suburbs argues that we are witnessing the emergence of the "Arab Other" as the pre-eminent "folk devil" of our time. This Arab Other functions in the national imagination to prop up the project of national belonging. It has little to do with the lived experiences of Arab, Middle Eastern, or Muslim Australians, and everything to do with a host of social anxieties which overlap in a series of moral panics. Bin Laden in the Suburbs analyses a decisive moment in the history of multiculturalism in Australia.

[Alger Hiss, Whittaker Chambers, and the schism in the American soul, Patrick Swan](#) , 2003, 1882926854, 9781882926855. In 1952, Random House published Whittaker Chambers's Witness. Not only did it immediately become a bestseller; it was recognized by many as one of the great spiritual autobiographies of the twentieth century. In Alger Hiss, Whittaker Chambers, and the Schism in the American Soul, editor Patrick Swan marks the fiftieth anniversary of Witness's publication by anthologizing 23 of the best essays ever written on Chambers, Hiss, or both. Essays by literary luminaries such as Leslie Fiedler, Arthur Koestler, Lionel Trilling, Rebecca West, Murray Kempton, and William F. Buckley Jr. tell the story of these two fascinating (and ultimately mysterious) men and of what they and their conflict represented. Sampling the entire spectrum of respectable thought on Hiss and Chambers, these pieces do not, as a rule, trouble themselves much with the facts of the case; Hiss's guilt was not so much in doubt then, and is certainly well documented by now. But the essayists' divergent opinions on the nature of communism (and anticommunism), liberalism, the proper relationship between religion and politics, and many other issues remain provocative -- perhaps even more so now than when they were written.

[My Teezer, Margaret M. Seiders-Metz](#) , 2007, 097962519X, 9780979625190. Love at First Sight! For Margaret there was no other dog like Teezer. From the first time she saw that little Shih-Tzu & Maltese mix she knew that was the puppy for her. Margaret and Bob shared good times when Teezer made them laugh. There were sad times when Teezer made

them cry. That little puppy seemed to fill an empty spot in their lives. Who could ever resist those big black eyes with that sad look and that tiny pink tongue just waiting to lick your cares away. They were so proud to walk with Teezer, everyone they met had to stop to pet her. With her head held high and her tail up like a feathery plume Teezer would strut from side to side as proud as a peacock when they walked her. A puppy that trained them well. Margaret lives in Burbank, Illinois with her husband Robert and their two adorable dogs. Rainy and Lady were adopted after the death of Teezer. Margaret keeps busy in her flower and vegetable gardens. She also spends time relaxing on their pontoon cruising Lake Freeman. Her spare time is spent enjoying the company of her three married children, their mates, and seven grandchildren. She likes to write poems, opinion pieces, and articles for some of the town newspapers. She enjoys writing stories about dogs that have given her so much enjoyment in life. She has written two other books: "The Dog Nobody Wanted" and "We Will Always Be Together."

[Medical Statistics Made Easy 2, Volume 2, Michael Harris, Gordon Taylor](#) , 2008, 1904842550, 9781904842552. Medical Statistics Made Easy 2nd edition continues to provide the easiest possible explanations of the key statistical techniques used throughout the medical literature. Featuring a comprehensive updating of the 'Statistics at work' section, this new edition retains a consistent, concise, and user-friendly format. Each technique is graded for ease of use and frequency of appearance in the mainstream medical journals. Medical Statistics Made Easy 2nd edition is essential reading for anyone looking to understand: \* confidence intervals and probability values \* numbers needed to treat \* t tests and other parametric tests \* survival analysis If you need to understand the medical literature, then you need to read this book. Reviews: "This book helps medical students understand the basic concepts of medical statistics starting in a 'step-by-step approach'. The authors have designed the book assuming that the reader has no prior knowledge. It focuses on the most common statistical concepts that are likely to be faced in medical literature. All chapters are concise and simple to understand. Each chapter starts with an introduction which consists of how important that particular statistical concept is, using a 'star' system. A 'thumbs-up' system shows how easy the statistical concept is to understand. Both these systems indicate time-efficient learning allowing yourself to focus on areas you find most difficult. Following this, there are worked out examples with exam-tips at the end of some chapters. The last chapter, 'Statistics at Work', shows how medical statistics is put into practice using worked out examples from renowned journals. This helps in assessing the readers own knowledge and gives them confidence in analysis of statistics of a journal. In conclusion, we would recommend this book as an introduction into medical statistics before plunging into the deep 'statistical' waters! It gives confidence to the reader in taking up the challenge of understanding statistics and [being] able to apply knowledge in analysing medical literature." Stefanie Zhao Lin Lip & Louise Murchison, Scottish Medical Journal, June 2010 "If ever there was a book that completely lived up to its title, this is it...Perhaps above everything, it is the chapter layout and design that makes this book stand out head and shoulders above the crowd. At the beginning of each chapter two questions are posed how

important is the subject in question and how difficult is it to understand? The first is answered on the basis of how often the subject is mentioned / used in papers published in mainstream medical journals. A star rating is then given from one to five with five stars implying use in the majority of papers published. The second question is answered by means of a thumbs up grading system. The more thumbs, the easier the concept is to understand (maximum of five). This, of course, provides a route into statistics for even the most idle of uneducated individuals! Five stars and five thumbs must surely indicate time-efficient learning! At the end of each chapter exam tips (light bulb icon!) are given I doubt anyone could ask for more! The whole way in which the authors have written this book is commendable; the chapters are succinct, easy to follow and a pleasure to read...Is it value for money? a definite yes even at twice the price. Of course I never exaggerate but if you breathe, you should own this book!" Ian Pearce, Urology News, June 2010

Early Childhood Development: A Multicultural Perspective,6/e addresses both typical and atypical child development from birth through age eight. This text highlights the diversity of child development, preparing professionals to meet the unique needs of children from a wide variety of backgrounds. A new emphasis on neuroscience and brain research helps us to understand so much better how children think, learn, feel, and behave. Every chapter includes at least one new section on how the brain contributes to advances in physical, cognitive, linguistic, social, or emotional development across age groups. An extensive section on assessment has been added. Clinical and classroom-based methods for assessing learning and development of young children are presented. The use of assessment data in teaching and parenting are fully explored. A more extensive examination of toddlerhood, as a distinct period of development, is included. Newly-discovered advancements of children between the ages of 18 months and 3 years are profiled. The book contains discussions of more than 800 new research studies and articles on early childhood development that have been published since the last edition. Video-Enhanced Pearson eText. Included in this package is access to the new Video-Enhanced eText for Early Childhood Development: A Multicultural Perspective exclusively from Pearson. The Video-Enhanced Pearson eText is: Engaging. Full-color online chapters include dynamic videos that show what course concepts look like in real classrooms, model good teaching practice, and expand upon chapter concepts. [The Olive and the Dawn, Ian Orti](#) , 2009, 0981248802, 9780981248806. The Olive and the Dawn is a collection of short stories exploring with tenderness and hilarity the grey zones of life: the psychological non-space people find themselves once the reference points that shaped their existence suddenly become stripped away. This book contains a cast of characters who exploit glitches in the human design, who confront an equally fallible God, asserting, contrary to popular belief, that unwavering self-destruction is the very essence of humanity. Orti reveals a world where even good choices come with bad consequences, childhood sports heroes make more sense than Jesus, and God is no less of a bully than the month of November.

[Augustine's Invention of the Inner Self : The Legacy of a Christian Platonist: The Legacy of a Christian Platonist, St. David's Phillip Cary Director of the Philosophy Program Eastern College, Pennsylvania](#) , 2000, 0195343700, 9780195343700. In this book, Phillip Cary argues that Augustine invented the concept of the self as a private inner space—a space into which one can enter and in which one can find God. Although it has often been suggested that Augustine in some way inaugurated the Western tradition of inwardness, this is the first study to pinpoint what was new about Augustine's philosophy of inwardness and situate it within a narrative of his intellectual development and his relationship to the Platonist tradition. Augustine invents the inner self, Cary argues, in order to solve a particular conceptual problem. Augustine is attracted to the Neoplatonist inward turn, which located God within the soul, yet remains loyal to the orthodox Catholic teaching that the soul is not divine. He combines the two emphases by urging us to turn "in then up"—to enter the inner world of the self before gazing at the divine Light above the human mind. Cary situates Augustine's idea of the self historically in both the Platonist and the Christian traditions. The concept of private inner self, he shows, is a development within the history of the Platonist concept of intelligibility or intellectual vision, which establishes a kind of kinship between the human intellect and the divine things it sees. Though not the only Platonist in the Christian tradition, Augustine stands out for his devotion to this concept of intelligibility and his willingness to apply it even to God. This leads him to downplay the doctrine that God is incomprehensible, as he is convinced that it is natural for the mind's eye, when cleansed of sin, to see and understand God. In describing Augustine's invention of the inner self, Cary's fascinating book sheds new light on Augustine's life and thought, and shows how Augustine's position developed into the more orthodox Augustine we know from his later writings.

[Why Do Snakes Hiss?: And Other Questions about Snakes, Lizards, and Turtles, Joan Holub](#) , 2004, 0142401056, 9780142401057. Many people like snakes, lizards, and turtles, and there's so much to find out about all of these scaly-skinned animals. Are all snakes poisonous? Why do snakes shed their skin? What unusual things can lizards do? Do lizards ever lose their tails? Why do turtles have shells? Kids will find the answers and much more in this fun, fact-filled

introduction to reptiles. Filled with colorful photographs and illustrations, this is just right for any reptile lover.

[Iphigenia in Tauris: A Drama in Verse, Johann Wolfgang von Goethe](#) , 2014, 0946162794, 9780946162796. Excerpt:  
...by with triple sorrow fraught! ORESTES, returning. Dost thou for Pylades and for thyself Implore the gods, blend not my name with yours; Thou wilt not save the wretch whom thou wouldst join, But wilt participate his curse and woe.  
IPHIGENIA. My destiny is firmly bound to thine. ORESTES. No, say not so; alone and unattended Let me descend to Hades. Though thou shouldst In thine own veil enwrap the guilty one. Thou couldst not shroud him from his wakeful foes; And e'en thy sacred presence, heavenly maid, Drives them aside, but scares them not away. With brazen impious feet they dare not tread Within the precincts of this sacred grove: Yet in the distance, ever and anon, I hear their horrid laughter, like the howl Of famish'd wolves, beneath the tree wherein The traveller hides. Without, encamp'd they lie, And should I quit this consecrated grove, Shaking their serpent locks, they would arise, And, raising clouds of dust on every side, Ceaseless pursue their miserable prey. IPHIGENIA. Orestes, canst thou hear a friendly word? ORESTES. Reserve it for one favour'd by the gods. 34 IPHIGENIA. To thee they give anew the light of hope. ORESTES. Through clouds and smoke I see the feeble gleam Of the death-stream which lights me down to hell. IPHIGENIA. Hast thou one sister only, thy Electra? ORESTES. I knew but one: yet her kind destiny, Which seem'd to us so terrible, betimes Removed an elder sister from the woe That dogs the race of Pelops. Cease, oh cease Thy questions, maiden, nor thus league thyself With the Eumenides, who blow away, With fiendish joy, the ashes from my soul, Lest the last spark of horror's fiery brand Should be extinguish'd there. Must then the fire, Deliberately kindl'd and supplied With hellish sulphur, never cease to sear My tortur'd bosom? IPHIGENIA. In the flame I throw Sweet incense. Let the gentle breath of love, Low murmuring, cool thy bosom's fiery glow. Orestes, fondly lov'd,

[The Complete Wedding Organiser & Record, Carole Chapman](#) , 2009, 0572035756, 9780572035754. Regularly updated, this classic best-seller contains everything that the bride, her mother - or anyone involved in wedding organisation - needs to know to organise a dream wedding day. A thorough and detailed book, everything you need to know is here, from the big decisions to the little details that can add so much enjoyment to a wedding. Suitable for both the traditional white wedding or a civil ceremony in the Registry Office.

[The Return Match, E. W. Hornung](#) , 2010, 1169157904, 9781169157903. But listen to this; here's an account of the escape; with just the addition which puts the thing on a higher level. "The fugitive has been traced to Totnes, where he appears to have committed a peculiarly daring outrage in the early hours of this morning. He is reported to have entered the lodgings of the Rev A. H. Ellingworth, curate of the parish, who missed his clothes on rising at the usual hour; later in the morning those of the convict were discovered neatly folded at the bottom of a drawer.

[The Rat: A Study in Behavior, Samuel Anthony Barnett](#) , 2007, 0202368467, 9780202368467. The laws of animal behavior have been revised and revealed through research performed by zoologists, physiologists and experimental psychologists. Each has contributed much. Their main meeting ground has been the study of mammals, especially rats. This classic book is unique in bringing together the principal conclusions of these researchers in a compact, well illustrated, and lucid form. The author himself made important original contributions to wild rat behavior; his account of "white rat psychology" and of relevant work on other species is equally authoritative. Experience as a teacher enabled him to write an unusually logical and comprehensive text, suitable for students of zoology, psychology and medicine. This book belongs to no particular school of biology or psychology. Rather it admits the work of all schools and strict adherence to none. The principal topics covered include: movement in the living space; feeding behavior; social and reproductive behavior; the analysis of "instinct"; the analysis of learned behavior; "motivation" and "drive"; the brain and behavior. The book includes a full, carefully selected bibliography, current up to the time of original publication of the original edition. S. A. Barnett (1915-2003) was educated at Magdalen College, Oxford where he became Christopher Welch Scholar after taking a First in Zoology. He was a senior lecturer, and eventually was appointed chair at the Glasgow University Zoology Department in 1971. He has studied behavior, hybrid vigor and effects of breeding at a low temperature in rats and mice and wrote over 150 papers and nine books.

[Sugarcane House: And Other Stories about Mr. Fat, Adrienne Moore Bond](#) , 1997, 0152014470, 9780152014476. Ma Minnie tells her great-grandson, a first-grader, many stories about the antics of a trickster named Mr. Fat, a southerner who may or may not be real.

[Salaam Stanley Matthews, Subrata Dasgupta](#) , 2006, 1862078122, 9781862078123. The story of a unique encounter between England and India starts in 1950 when Subrata Dasgupta was six years old and his parents came to Britain from Calcutta. In his affectionate portrait of a Britain that seems as foreign to us now as it was to him then, he recalls what it was like growing up in Nottingham and Derby in the 1950s: holidays in Blackpool, the trials of the dreaded Eleven-Plus and the first stirrings of rock and roll. Above all it is the story of one small Indian boy's devotion to the greatest footballer of the day, Stanley Matthews who to Subrata Dasgupta represented all that was best about his new country.

[No Mean Soldier: The Story of the Ultimate Professional Soldier in the SAS and Other Forces, Peter McAleese](#) , 2000, 0304356840, 9780304356843. Absolutely incredible, and brutally honest, this amazing story recounts the adventures of a British SAS soldier turned mercenary. McAleese fought in some of the world's most dangerous places, from Aden to Rhodesia (against the guerrillas of Zanla), and he nearly lost his life trying to assassinate Colombian drug baron Pablo Escobar. Always in search of the "intense high" of battle, for 25 years he saw almost constant combat...putting him in a unique position to reveal the harsh realities of modern warfare.

[Curve and Surface Fitting: Avignon 2006, Albert Cohen, Jean-Louis Merrien, Larry L. Schumaker](#) , 2007, 0972848282, 9780972848282.

[Hell's Feast: The World of Bloodshadows Novel One, Greg Farshtey](#) , 2011, 0983256063, 9780983256069. Jack Deacon was just another average gumshoe on another average case. Until his client flashed a set of fangs, the sentinels came calling, and an out-of-town caster tossed a spell with his name on it. Now he has to track down a bizarre killer or take the ultimate fall.

[Ribbons of Grace, Maxine Alterio](#) , 2007, 0143006444, 9780143006442. Ribbons of Grace is set in Arrowtown, a frontier town with an explosive mix of inhabitants, during the Otago goldrush of the 1860s. It focuses on the love affair between

Ming Yuet, a young Chinese woman, and Conran, an Orcadian stonemason. Ming Yuet, an intelligent, resourceful young woman, has taken on the identity of her brother after he is killed by water pirates in China on his journey to New Zealand. She lives for several years as a miner, her secret known only to a few. Conran, a spirited, musical man, has escaped family tragedy to make a new life for himself in New Zealand. The two characters meet when Conran rescues Ming Yuet from a flood, setting in motion a magical love affair. The lovers must face prejudice and many challenges to allow their love to triumph. Will desire or deception win out? Ribbons of Grace has three storylines and three narrators - Ming Yuet, Conran, and Ida, an English nurse, with each telling their part of the narrative in a distinctive voice.

[The Marriages and Civil Partnerships \(Fees\) \(Scotland\) Regulations 2005, Scotland, Great Britain. General Register Office \(Scotland\), Scotland. [A Ghost at the Door, , Michael Dobbs](#) , 2013, 1471111520, 9781471111525. 'Tell me about your father.' Five short, razor-edged words that rip the world of Harry Jones to pieces. He barely knew his father Johnnie and hated what little he did know, yet no man is able to escape the shadows of the past. Harry has already lost almost everything - his seat in parliament, his reputation, his fortune. There is little left apart from his love for the headstrong Jemma, and now he must risk losing her and even his own life to uncover the truth about his dead father. What starts as a gentle enquiry uncovers a trail of murder and guilt-ridden love that dates back to Johnnie's student days. Harry's search leads from a burning house in Bermuda to a graveyard in Greece, from the croquet lawns of his father's Oxford college to the altar of one of Wren's finest London churches. At every turn Harry discovers that the childhood world he thought he knew, was false, along with almost everyone in it. Only when he confronts his own death does he realize that all along he's been used as a pawn in a far larger game.

[The Frankenfood Myth: How Protest and Politics Threaten the Biotech Revolution, Henry I. Miller, Gregory P. Conko](#) , 2004, 0275978796, 9780275978792. Few topics have inspired as much international furor and misinformation as the development and distribution of genetically altered foods. For thousands of years, farmers have bred crops for their resistance to disease, productivity, and nutritional value; and over the past century, scientists have used increasingly more sophisticated methods for modifying them at the genetic level. But only since the 1970s have advances in biotechnology (or gene-splicing to be more precise) upped the ante, with the promise of dramatically improved agricultural products--and public resistance far out of synch with the potential risks. In this provocative and meticulously researched book, Henry Miller and Gregory Conko trace the origins of gene-splicing, its applications, and the backlash from consumer groups and government agencies against so-called "Frankenfoods"--from America to Zimbabwe. They explain how a "happy conspiracy" of anti-technology activism, bureaucratic over-reach, and business lobbying has resulted in a regulatory framework in which there is an inverse relationship between the degree of product risk and

degree of regulatory scrutiny. The net result, they argue, is a combination of public confusion, political manipulation, ill-conceived regulation (from such agencies as the USDA, EPA, and FDA), and ultimately, the obstruction of one of the safest and most promising technologies ever developed--with profoundly negative consequences for the environment and starving people around the world. The authors go on to suggest a way to emerge from this morass, proposing a variety of business and policy reforms that can unlock the potential of this cutting-edge science, while ensuring appropriate safeguards and moving environmentally friendly products into the hands of farmers and consumers. This book is guaranteed to fuel the ongoing debate over the future of biotech and its cultural, economic, and political implications.

[The Existence of God: A Philosophical Introduction, Yujin Nagasawa](#) , 2011, 1136737464, 9781136737466. Does God

exist? What are the various arguments that seek to prove the existence of God? Can atheists refute these arguments?

The Existence of God: A Philosophical Introduction assesses classical and contemporary arguments concerning the existence of God: the ontological argument, introducing the nature of existence, possible worlds, parody objections, and the evolutionary origin of the concept of God the cosmological argument, discussing metaphysical paradoxes of infinity, scientific models of the universe, and philosophers' discussions about ultimate reality and the meaning of life the design argument, addressing Aquinas's Fifth Way, Darwin's theory of evolution, the concept of irreducible complexity, and the current controversy over intelligent design and school education. Bringing the subject fully up to date, Yujin Nagasawa explains these arguments in relation to recent research in cognitive science, the mathematics of infinity, big bang cosmology, and debates about ethics and morality in light of contemporary political and social events. The book also includes fascinating insights into the passions, beliefs and struggles of the philosophers and scientists who have tackled the challenge of proving the existence of God, including Thomas Aquinas, and Kurt Godel - who at the end of his career as a famous mathematician worked on a secret project to prove the existence of God. The Existence of God: A Philosophical Introduction is an ideal gateway to the philosophy of religion and an excellent starting point for anyone interested in arguments about the existence of God.

Use it as a style guide for all your data entry, and as a reference manual for your

family research." -- p. 9.

[Beijing Welcomes You: Unveiling the Capital City of the Future, Tom Scocca](#) , 2011, 1594487847, 9781594487842. A FASCINATING INSIDE LOOK AT THE ENIGMATIC CAPITAL OF THE FUTURE-BEIJING, CHINA Can an ancient city rule the twenty-first century? The People's Republic of China is ascendant as a global power, and Beijing is the seat and the symbol of Chinese culture and Chinese might. For centuries, Beijing was closed off to the world, turned inward and literally built around the imperial Forbidden City, the emblem of all that was unknowable about China. But now the capital is reinventing itself to reflect China's global influence, its progress and prosperity. When Tom Scocca arrived in 2004, an American curious about encountering a new country, he found Beijing officially eager to greet him-rebuilding itself to host the Olympics in 2008, by which time the modernized megalopolis meant to be a shining and (relatively) open gateway to the world. Scocca discovered a city with avant-garde towers and the rubble of ancient neighborhoods, a city bedecked with friendly cartoon mascots and monitored by a wary public security force-a city bold enough to try to control the weather, and insecure enough to arrest old ladies who applied to protest the government. Moving behind the scenes and in front of them, he talked to weather-changing scientists; interviewed designers and architects and media handlers; documented the planting of trees, the rerouting of traffic, the demolition of the old city, and the construction of a new metropolis. At the same time, he was one more inhabitant in a city of 22 million, and when his son was born there, Beijing became more daunting and more intimate. Beijing Welcomes You is a broad yet close record of an urban place we don't yet fully comprehend, and of the superpower it is essential we get to know better.

[Logic Made Easy: How to Know When Language Deceives You, Deborah J. Bennett](#) , 2005, 0393326926, 9780393326925. "The best introduction to logic you will find."Martin Gardner "Professor Bennett entertains as she instructs," writes Publishers Weekly about the penetrating yet practical Logic Made Easy. This brilliantly clear and

gratifyingly concise treatment of the ancient Greek discipline identifies the illogical in everything from street signs to tax forms. Complete with puzzles you can try yourself, *Logic Made Easy* invites readers to identify and ultimately remedy logical slips in everyday life. Designed with dozens of visual examples, the book guides you through those hair-raising times when logic is at odds with our language and common sense. *Logic Made Easy* is indeed one of those rare books that will actually make you a more logical human being.

[Resurrection, graf Leo Tolstoy](#) , 1994, 0192831119, 9780192831118. *Resurrection*, the last of Tolstoy's major novels, tells the story of a nobleman's attempt to redeem himself for the suffering his youthful philandering caused a peasant girl. Tolstoy's vision of redemption achieved through loving forgiveness, and his condemnation of violence dominate the novel. An intimate, psychological tale of guilt, anger, and forgiveness, *Resurrection* is at the same time a panoramic description of social life in Russia at the end of the nineteenth century, reflecting Tolstoy's outrage at the social injustices of the world in which he lived.

[Environmental Economics: Concepts, Methods, and Policies, Dodo J. Thampapillai](#) , 2002, 0195535774, 9780195535778. This book provides comprehensive treatment of environmental economics. This innovative work illustrates a novel approach to the formulation of environmental policy by developing the pertinent concepts and methods of economics by establishing links between the environment and the economy by recourse to the laws of thermodynamics.

[Water Must Flow Uphill Adventures in University Administration, Roger Makanjuola](#) , 2012, 0976694182, 9780976694182. *Water Must Flow Uphill Adventures in University Administration* Roger Makanjuola This is a riveting story of triumph against great odds and tragedies in the ivory tower. The author, once the Chief Medical Director of the Obafemi Awolowo University Teaching Hospitals Complex and the Vice-Chancellor of the Obafemi Awolowo University, Ile-Ife has told a gripping story in his compelling memoirs. The style and honesty in which it is told makes it a revelatory and poignant read. The story is set against a determination to succeed. Spanning a period of about 15 years, the book gives an incisive insight into the challenges of managing tertiary institutions in Nigeria, most of which are still relevant today. It is an account of enormous energy, sincere and creative efforts, unalloyed commitment and love. They say every person has a book in him. This is mine. The book covers a major part of my working life; the period when I was the Chief Executive of the Teaching Hospital at Ile-Ife, Nigeria, and then the period when I was the Vice-Chancellor of the University in the same town. The Book includes many harrowing tales as well as happier times. However, this is essentially an account of the love I have for Great Ife, the hospital as well as the University. It is a love story; a tale of true love -Roger Makanjuola (Author) Roger Makanjuola is a Professor of Psychiatry. He was the Chief Medical Director of the Obafemi Awolowo University Teaching Hospitals Complex, Ile-Ife, Nigeria from 1989 to 1997 and Vice-Chancellor of

the Obafemi Awolowo University from 1999 to 2006. He was subsequently appointed President of the West African College of Physicians from 2007 to 2008 and Chairman of the Medical and Dental Council of Nigeria from 2010 to 2011. ISBNs: 0-9766941-8-2 (10-digit) --- 978-0-9766941-8-2 (13-digit) Trim size: 6 X 9 ins Autobiography, Health Education, Political History/AFRICA

[When Mom's Cancer Doesn't Go Away: Helping Children Cope with Loss and Beyond, Maryann Makekau](#) , 2010, 0982660111, 9780982660119. "This Little Pink Book(tm) series explores cancer through the eyes of a child, using whimsical stick characters and an unpretentious storyline. "When Mom's Cancer Doesn't Go Away" is perhaps the most difficult of this Little Pink Book series. Death and loss are not easily talked about, yet they are events that all of us must eventually face. The love and prayers of family and friends have the ability to transcend all circumstance - imparting hope in place of darkness during times of loss and beyond."--amazon.com.

The final chapter contains practice exercises in Word and Excel. The book includes an extensive glossary and a comprehensive index.

[Calcutta: Two Years in the City, Amit Chaudhuri](#) , 2013, 0307962172, 9780307962171. The award-winning author Amit Chaudhuri has been widely praised for the beauty and subtle power of his writing and for the ways in which he makes place as complex a character as his men and women. Now he brings these gifts to a spellbinding amalgam of memoir, reportage, and history in this intimate, luminous portrait of Calcutta. Chaudhuri guides us through the city where he was born, the home he loved as a child, the setting of his acclaimed novels a place he now finds captivating for all the ways it

has, and, perhaps more powerfully, has not, changed. He shows us a city relatively untouched by the currents of globalization but possessed of a self-renewing way of seeing, of inhabiting space, of apprehending life. He takes us along vibrant avenues and derelict alleyways; introduces us to intellectuals, Marxists, members of the declining haute bourgeoisie, street vendors, domestic workers; brings to life the city's sounds and smells, its architecture, its traditional shops and restaurants, new malls and hotels. And, using the historic elections of 2011 as a fulcrum, Chaudhuri looks back to the nineteenth century, when the city burst with a new vitality, and toward the politics of the present, finding a city still not recovered from history yet possessed of a singular modernity. Chaudhuri observes and writes about Calcutta with rare candor and clarity, making graspable the complex, ultimately ineluctable reasons for his passionate attachment to the place and its people.

[Balthazar](#), , ISBN 0140153179, 9780140153170, Lawrence Durrell , 1991, 0140153217, 9780140153217. The dazzling second volume of "The Alexandria Quartet" - and enthralling and deeply disturbing work of gorgeous surfaces and endless deceptions. In Alexandria in the years before the Second World War, an exiled Irish school teacher seeks to unravel his sexual obsession with two women: the tubercular cafe dancer, Melissa, and Justine, the alluring Jewish wife of a wealthy Coptic Christian. What emerges in his sessions with the psychiatrist Balthazar, however, is something far more complex - and unfathomably more sinister - than neurosis. Lawrence Durrell's kaleidoscopic narrative ushers us into a world in which no perception is reliable - and love itself is always an act of treachery.

[Houseboat Chronicles: Notes from a Life in Shield Country, Jake MacDonald](#) , 2004, 0771054041, 9780771054044. This is the story of Jake MacDonalds discovery of some of the last wild places in North America. The Precambrian Shield extends from the Arctic, across much of eastern Canada, and south into the United States. When Jake was still a boy, his father built a cottage in Manitoba. It was here that Jake developed a hankering to live in wild places, and why he decided to quit his graduate studies and explore the distant corners of the continent in a second-hand van. First he worked as a guide, then as an odd-job person, and ultimately, as a kind of hunter-gatherer of stories. He met Inuit hunters who had been mauled by polar bears and Native trappers who walked routinely across thousands of miles of roadless wilderness. He came to know the cops, the tourists, and the Native people. He made friends with the hardy individuals who made a life for themselves in the wilderness: a German soldier imprisoned in northern Ontario in the Second World War who fell in love with the land; a guide who built an extraordinary houseboat out of exotic wood; and a bachelor known as the Prince who lived in a trailer behind a towns community centre. In telling their stories, Jake MacDonald tells us something about the Shield Country, and something about ourselves. MacDonald argues that the heart and soul of Canada are to be found in Shield country. On its countless cold lakes, under its impossibly starry skies, we come to know ourselves. Its vastness and indifference show us our limitations and help to define us. This exploration of Shield country is, finally, an exploration of Canada itself. From the Hardcover edition.

[Breast & Nipple Care, ,](#) , 2002, 0949637734, 9780949637734. " Written and approved by Australian Breastfeeding Association and approved by the Australian Breastfeeding Association Advisory Panel, each of these booklets deals with specific topics related to breastfeeding. Drawing on current medical and technical information and the vast counselling experience of Australian Breastfeeding Association Breastfeeding Counsellors these easy to read booklets contain practical suggestions and reflect Australian Breastfeeding Association policies on the management of lactation." -- Australian Breastfeeding Association.

[The Detectives: Their Toughest Cases in Their Own Words, Peter A. Micheels](#) , 2004, 0743497600, 9780743497602.

From rape to murder, from bombings to hostage-taking, the world of the New York City Police Department's detectives is full of danger -and full of opportunities for heroism. These accounts from top investigators tell how it REALLY goes down: never have detectives spoken so openly and in such detail. Here are stories of what it takes: going underground to catch a dangerous and seemingly untouchable drug dealer, defusing a bomb factory located in an apartment building with over three hundred people in it, investigating a brutal and elusive rapist who poses as a gypsy cab driver. With clear-ringing authenticity, Peter Micheels captures the action of the street, the politics of the precinct, and the drama of the courtroom.

[The Strategy Bridge: Theory for Practice, Colin S. Gray](#) , 2010, 0199579660, 9780199579662. The Strategy Bridge: Theory for Practice is an original contribution to the general theory of strategy. While heavily indebted to Carl von Clausewitz, Sun Tzu, and the very few other classic authors, this book presents the theory, rather than merely comments on the theory as developed by others. The author explains that the purpose of strategy is to connect purposefully politics and policy with the instruments they must use. The primary focus of attention is on military strategy, but this focus is well nested in discussion of grand strategy, for which military strategy is only one strand. The book presents the general theory of strategy comprehensively and explains the utility of this general theory for the particular strategies that strategists need to develop in order to meet their historically unique challenges. The book argues that strategy's general

theory provides essential education for practicing strategists at all times and in all circumstances. As general theory, The Strategy Bridge is as relevant to understanding strategic behaviour in the Peloponnesian War as it is for the conflicts of the twenty-first century. The book proceeds from exposition of general strategic theory, to address three basic issue areas that are not at all well explained, let alone understood with a view to advancing better practice, in the extant literature. Specifically, the book tackles the problems that harass and imperil strategic performance; it probes deeply into the hugely underexamined subject of just what it is that the strategist produces-strategic effect; and it 'joins up the dots' from theory through practice to consequences by means of a close examination of command performance. The author takes a holistic view of strategy, and it is rigorously attentive to the significance of the contexts within which and for which strategies are developed and applied. The book regards the strategist as a hero, charged with the feasible, but awesomely difficult, task of converting the threat and use of force (for military strategy) into desired political consequences. He seeks some control over the rival or enemy via strategic effect, the instrumental produce of his instrumental labours. In order to maximise his prospects for success, the practicing strategist requires all the educational assistance that strategic theory can provide.

[The German Army 1939-45 \(3\): Eastern Front 1941-43, Nigel Thomas](#) , 2012, 1782002197, 9781782002192. Operation Barbarossa, the attack on the Soviet Union, commenced on 22 June 1941. It became the biggest conflict in military history, with some three million German troops and about 900,000 allies facing almost 4.7 million Soviet troops. The effects would colour postwar European history for the next 50 years. This book examines the history of the conflict, and the organisation, uniforms and insignia of the German Army on the Eastern Front from 1941-43. The book contains numerous illustrations and photographs throughout, including eight fine full-page colour plates by Stephen Andrew.

[Protein metabolism in farm animals: evaluation, digestion, absorption, and metabolism, Hans-Dietrich Bock](#) , 1989, 0198542518, 9780198542513. Farm animals are grown mainly to provide high quality proteins for human use, in the form of meat, milk, eggs, skin and wool. These products are usually formed from lower-quality proteins in complex processes that involve losses through digestion, absorption, and transport. Because proteins are the most expensive major component of the animal diet per unit of weight, the efficiency with which they are used is of great importance biologically and economically. This book begins with a description of the dietary proteins and methods for their measurement. This is followed by detailed accounts of their digestion in ruminants, pigs, poultry and fish. The physiological basis of adsorption of amino acids is discussed in detail. This is followed by reviews of the processes of protein synthesis and degradation and the hormonal and energetic regulation of these processes. Written by a group of experienced scientists, this is the first book in which all of these topics are discussed in detail at a fundamental level. For advanced students and research workers in animal science and agriculture.

[F. I. T. H. ; What Happens; When Bullying Goes Too Far!, Antwan 'ANT ' Bank\\$](#) , 2012, 0988642816, 9780988642812.

Every School, City and County Library should have F.I.T.H (Fear Influences Thine Heart) on their shelves. It is a must read for any Parent, Teacher or Kid. F.I.T.H. is a Social Drama about a High School Freshman and a Bully. The situation becomes very intense when the bully does not let up. Although the victim tries his best to have tolerance and handle him accordingly, no matter what he tries, nothing seems to work. After several run ins and close calls, the victim is forced to become the Bully's favorite mark, influenced by an ever presence of fear, his life as he knew it; changed.

[Frustration Theory: An Analysis of Dispositional Learning and Memory, ISSN 0955-3150, Abram Amsel](#) , 1992,

0521247845, 9780521247849. We live in a world in which inconsistency is the rule rather than the exception and this is particularly true with regard to rewards and frustrations. In some cases, rewards and frustrative nonrewards appear to occur randomly for what seems to be the same behavior; in others a sequence of rewards is suddenly followed by nonrewards, or there are large rewards followed by small rewards. Sometimes we are rewarded for responding quickly, other times for responding slowly. The important common factor in these and other cases is frustration, how we learn about it and how we respond to it. Without our awareness, our long-term dispositions are shaped from infancy and early childhood by inconsistency of reward and by our reactions to discrepancy, and they are marked by changes in arousal, suppression, persistence and regression. The explanatory domain of Frustration Theory includes an area of experimental research that has evolved over some forty years. Although most of the work is with animals, it constitutes an animal model of many of the myriad human manifestations of nonreward, thwarting of purpose, and reactions to physical and emotional insult that are regarded as frustrations. This book, by the originator of the theory and the first book to be devoted solely to Frustration Theory, gives a detailed account of the theory and its ramifications and it examines the relationship between frustration symptoms and the limbic system that is thought to be the region of the brain responsible for generating these symptoms.

[Ruskin and Oxford: The Art of Education, Robert Hewison](#) , 1996, 0198174039, 9780198174035. John Ruskin (1819-1900) was considered the greatest critic of art, culture, and society of the nineteenth century. This lavishly illustrated volume, based on an exhibition at the Ashmolean Museum, explains Ruskin's true intentions in founding the Ruskin School of Drawing at Oxford and describes his lifelong commitment to drawing and its use as a teaching school.

[Postphenomenology: Essays in the Postmodern Context, Don Ihde](#) , 1995, 0810112752, 9780810112759.

Postphenomenology is a fascinating investigation of the relationships between global culture and technology. The impressive range of subjects to which Don Ihde applies his skill as a phenomenologist is unified by what he describes as "a concern which arises with respect to one of the now major trends of Euro-American philosophy--its textism." He adds, "I show my worries to be less about the loss of subjects or authors, than I do about [there] not being bodies or perceivers."

← . . .

[A Transaction of Free Men: The Birth and Course of the Declaration of Independence, David Freeman Hawke](#) , 1989, 0306803526, 9780306803529. The story of the Declaration of Independence - its genesis, drafting, ratification, and influence - is as complex as any great vision and realization. Did it merely sum up the prevailing thought of its day, or was it an advanced expression of uniquely American ideals? Were its signers aware of the Declaration's full revolutionary significance, or did they see it as the rationale for an economic dispute? Such questions face any historian of the period

and require an extraordinary control of materials, a sensitive reading of character and text, and a lucid gift for recreating a time more than two centuries ago for scholars and general readers alike.

[Preharvest and Postharvest Food Safety: Contemporary Issues and Future Directions, Ross C. Beier, Suresh D. Pillai, Timothy D. Phillips](#) , 2008, 0470752564, 9780470752562. While presenting the latest scientific research on the major pathogens associated with meat, poultry, produce, and other foods, Pre-Harvest and Post-Harvest Food Safety: Contemporary Issues and Future Directions goes beyond other professional reference books by identifying the research needed to assure food safety in the future. The editors and authors not only review the current, cutting-edge literature in each of their areas, but provide insights and forward thinking into the development of new and innovative approaches and research strategies. Scientists and researchers from academia, government, and industry have collaborated to examine the high-priority food safety areas recognized by the federal government: pathogen/host interactions; ecology, distribution and spread of foodborne hazards; antibiotic resistance; verification tests; decontamination and prevention strategies; and risk analysis. A worthy new edition to the IFT Press series of food science and technology titles, Pre-Harvest and Post-Harvest Food Safety describes what we now know in food safety and provides a framework and focus for future research to improve diagnostic capabilities and intervention strategies for enteropathogens.

[A Journalist's Guide to the Law, John Frederick Burrows, New Zealand Journalists Training Organisation](#) , 2006, 0958205868, 9780958205863. Canterbury University's Professor John Burrows QC is known to every journalist in New Zealand. His books on media law are in every editor's office and newsroom; his knowledge of media law has long been the foundation of journalism teaching and the industry's standards. When he first wrote this easy-reference, shorter version of his media law 'bible' in 1982, he was fulfilling a long-standing need for a basic law manual for working

journalists. This new and completely revised fifth edition has, as always, been eagerly anticipated by those teaching the topic in journalism schools. Media law is constantly changing and there have been significant developments - in privacy law, especially - since the fourth edition was published in 2000.

[Immunity to Change: How to Overcome It and Unlock the Potential in Yourself and Your Organization, Robert Kegan, Lisa Laskow Lahey](#) , 2013, 1422129470, 9781422129470. A recent study showed that when doctors tell heart patients they will die if they don't change their habits, only one in seven will be able to follow through successfully. Desire and motivation aren't enough: even when it's literally a matter of life or death, the ability to change remains maddeningly elusive. Given that the status quo is so potent, how can we change ourselves and our organizations? In Immunity to Change, authors Robert Kegan and Lisa Lahey show how our individual beliefs--along with the collective mind-sets in our organizations--combine to create a natural but powerful immunity to change. By revealing how this mechanism holds us back, Kegan and Lahey give us the keys to unlock our potential and finally move forward. And by pinpointing and uprooting our own immunities to change, we can bring our organizations forward with us. This persuasive and practical book, filled with hands-on diagnostics and compelling case studies, delivers the tools you need to overcome the forces of inertia and transform your life and your work.

[Healthcare Strategic Planning, Alan M. Zuckerman](#) , 2012, 156793434X, 9781567934342. Strategic planning is an important management tool, especially in an era of uncertainty. A sound strategic plan helps healthcare organizations cope with the variety of contingencies that arise in a dynamic environment. This new edition of Healthcare Strategic Planning provides the reader with practical guidance for planning to address near-term pressures as well as achieving long-term goals. Descriptions, examples, and guidelines lead the reader step-by-step through a proven strategic planning process. Strategic planning in the healthcare environment has evolved since the previous editions of this book were published. This edition reinvigorates the discussion with many new ideas and additional information. This book is ideal for classes in strategic planning and management.

The third edition of Research Paper Handbook is a step-by-step guide to writing effective research papers while avoiding common pitfalls. You'll learn how to: Establish a research topic Gather information Search sources ranging from the Internet and television programs to books and newspapers Take notes and draft outlines Write using an academic style Create Bibliographies and citations Use MLA and APA styles Take advantage of technological support

[Organizing for Life: Declutter Your Mind to Declutter Your World, Sandra Felton](#) , 2007, 1441215697, 9781441215697.

Somehow, no matter how hard some people try to change their messy habits, they just can't seem to keep their homes in any kind of order. Magazines and books and television shows offer all kinds of advice and tactics for keeping a house organized and neat and livable. But what some people need is not more advice but a change in their mindsets. Organizing for Life helps readers understand why they seem to be inherently messy people, exposing the lies they tell themselves and introducing the truth about how they really can have a clean, inviting home. Felton helps readers focus on overcoming the roadblocks that keep them in a permanently messy state in order to change their habits for good.

[Grammar Express Basic with Answer Key, Margaret Bonner, Marjorie Fuchs](#) , 2004, 0131523589, 9780131523586. Now there's a Grammar Express designed just for beginning and low-intermediate students! Appropriate for self-study or classroom use, Grammar Express Basic uses highly controlled vocabulary, abundant illustrations, and slower pacing to quickly bring students up to speed. The program's concise, four-page units present and practice grammar points in context, using topics of interest and relevance to learners. Clear grammar charts with explanations, examples, and usage

notes illustrate how English speakers use each grammar point. A variety of contextualized exercises progress from simple to more challenging, while frequent opportunities for assessment keep readers on track for success. Additional support includes Appendices with helpful lists and information, an Answer Key, and a Glossary of grammar terms. Interactive CD-ROM provides additional practice including listening and speaking. Workbook extends the Student Book practice with two pages of additional exercises per unit. This two-volume series combines a concise, easy-to-follow format- two pages of presentation followed by two pages to practice to quickly bring English language learners up to speed.

[Rembrandt Sings, Michael Johnston](#) , 2012, 0954290119, 9780954290115. Ambitious art historian Bill Maguire searches Paris for a subject for his doctoral thesis and follows up faint clues about once famous abstract painter Alexander Golden. He finds himself in Carmel listening to the death-bed confessions of Joe Rembrandt, an art forger on an industrial scale, and meets beautiful Anna Glover whose life seems somehow connected with the dying man. But when Anna's lawyer boss completely debunks Rembrandt's story, he decides it's time to get out and write his thesis. Unable, however, to get out of his mind Joe's assertion that he found where Golden disappeared to with his mistress and a cache of his never-foreseen canvases that could be worth millions, Bill searches around Arles for Golden's farmhouse hideaway that probably never existed outside Rembrandt's imagination. He finds Anna there before him and hears yet another version of Joe's story. Together, they make the discovery that adds love, greed, insanity, academic dishonesty and very likely murder into the mix before leading to a completely unforeseen outcome.

[Christ in His Mysteries, Blessed Columba Marmion](#) , 2009, 0852447353, 9780852447352. Each year, the Church celebrates the Mysteries of Christ's birth, life, death and Resurrection. These are the seasons of Advent, Christmas, Lent, Holy Week, and Easter - and each is the source of a particular grace, each has its own special gift for us. Christ in His Mysteries is Blessed Columba Marmion's great meditation on the treasure-house of grace Christ offers to us in the Church's liturgical year. In the clear inspiring language that made him a favourite of Popes and lay faithful alike he explains: How the Mysteries of Jesus are now our mysteries - springs of living water we are meant to drink from. How Christ's wisdom, His Holiness, His strength, are now our wisdom, our holiness, our strength. How to acquire special graces during each liturgical season. "Writings of deep insight and great value ... An authentic treasury of spiritual truth" Pope John Paul II "The works of Marmion are outstanding in the ... depth and richness of their thought." Pope Pius XII Born in Ireland, Blessed Columba Marmion served for several years as a priest in Dublin before finding a vocation to the monastery. He eventually became Abbot of Maredsous Abbey, Belgium. One of the foremost spiritual masters of the 20th century, his books were translated into eleven languages and sold some 1.5 million copies. Alan Bancroft's new translation is meticulously faithful to the French original.

[Singapore: Wealth, Power and the Culture of Control, Carl A. Trocki](#) , 2006, 0415263867, 9780415263863. This volume examines Singapore's culture of control, exploring the city-state's colonial heritage as well as the forces that have helped to mould its current social landscape. Taking a comparative approach, Trocki demonstrates the links between Singapore's colonial past and independent present, focusing on the development of indigenous social and political movements. In particular, the book examines the efforts of Lee Yew Kuan, leader of the People's Action Party from 1959 until 1990, to produce major economic and social transformation. Trocki discusses how Singapore became a workers paradise, but what the city gained in material advancement it paid for in intellectual and cultural sterility. Based on the latest research, Singapore addresses the question of control in one of the most prosperous and dynamic economies in the world, providing a compelling history of post-colonial Singapore.

[Seven Chinese Brothers, Margaret Mahy](#) , 2008, 1439504563, 9781439504567. "Once upon a time in China there lived seven brothers who walked, talked, and looked alike. Each one possessed an amazing power all his own. But it is only when the brothers combine their special powers that they fool Ch'in Shih Huang, the cruel first emperor of all China, and save each others lives"--P. [4] of cover.

[Collecting Chinese Art, Sam Bernstein](#) , 2000, 0963893262, 9780963893260. Much of what we know about early Chinese art is undergoing change in light of recent archaeological discoveries. This entertaining and informative volume by a leading specialist in the field illustrates and documents 120 outstanding Chinese works of art. Each example in jade, glass, sculpture and metalwork is illustrated in full color and described in light of the latest information. The author explores in detail a methodology for the study, appreciation and collecting of Chinese art. Sam Bernstein, an internationally recognized authority, shares his commanding knowledge and keen eye for significant examples of art from China's 7,000 year history. Anyone interested in Asia, Asian art history and the collecting of great art will find this volume fascinating, informative and useful.

[The Piper, S. L. Partington](#) , 2010, 0982929528, 9780982929520. It is agreed then. The piper will enter Duntrune and spy out their garrison... With those words, a man's fate is decided. It is the year 1642. Colla Coitach, Chieftan of Clan Donald of Colonsay, seeks to wrest his ancestral home from his enemy, the Campbells and Duncan MacArthur, Colla's personal piper, is sent to spy out the enemy garrison in advance of Colla's impending raid. Young and inexperienced,

tossed out into a dangerous world where every word from his mouth is either a complete or a mangled half truth, Duncan strives to keep suspicious Campbell eyes from his true purpose while he seeks to do his master's will. Aided by Eileen Murdoch, the lovely highland woman who pretends to be his love, Duncan must overcome his fear and self-doubt and find the courage the information Colla has asked him to retrieve. Sent to accomplish an impossible task, Duncan finds himself torn between his love for Eileen and the knowledge that oaths, once spoken, are binding forever. Duty. Honor. Love. Sometimes a man must choose the harder road...

[Complete Leatherwork: Easy Techniques and Over 20 Great Projects, Katherine Pogson](#) , 2009, 1843404842, 9781843404842. Boasting countless benefits and applications, hand-made leather ware is a durable and time-worn material that can be used for fashion and home projects. With Complete Leatherwork, any crafter can learn the art of creating contemporary designs with minimum fuss. This exciting new book covers all aspects of leatherworking, from simple techniques covering all the basic materials, threads, dyes and adhesives, as well as designing and pattern making, paring or skiving, splitting or channelling, and some slightly more advanced techniques such as moulding and surface decoration. Each technique is carefully explained in detail with step-by-step instructions and accompanied by several projects to keep you constantly inspired. From a cheerful hide belt and purse to an everlasting passport holder and folding top bag, this spirited primer offers a range of projects for beginner and advanced leatherworker. Once the crafter has become comfortable with basic techniques, she/he can graduate to more complex leatherworking techniques in the advanced chapter. This book includes everything you need to bring the highly sought after handcrafted leather to your wardrobe and your home. (20,000 words) Collins & Brown is proud to expand on this ever-popular series with this new title that will surely win over young and trendy crafters. Other titles in this series include: Creative Embellishing (9781843404613), Complete Feltmaking (9781843403692), Complete Origami (9781843403975), Complete Ceramics (9781843404828) and Complete Jewellery (9781843404590). A comprehensive guide to all aspects of leatherworking Includes dyeing, finishing and hand stitching Step-by-step techniques & a range of exciting projects Includes more advanced techniques to extend your skills

[Welch: an American icon, Janet Lowe](#) , 2001, 0471413356, 9780471413356. A rare perspective on the personal philosophy, business savvy, and future of the chairman of the most admired company in the world Jack Welch, chairman

of General Electric, is due to retire this spring. Welch has transported GE into the new economy with his management style, his forward-thinking approach to new technology, and by encouraging creativity among his employees. This book provides a look at what the innovative powerhouse executive has brought to American business and what will ultimately be his legacy. Thorough, authoritative, and absorbing, *Welch: An American Icon* includes interviews with CEOs at other leading companies who have worked under Welch and been trained by him, as well as interviews with other GE executives. Janet Lowe (Del Mar, CA) is an investment writer and author who has written sixteen business and biographical works, including the recent *Damn Right!: Behind the Scenes with Berkshire-Hathaway Billionaire Charlie Munger* (0-471-24473-2). Ms. Lowe is past editor of the San Diego Daily Transcript and Financial Editor of the San Diego Tribune. More than 200 of her business articles have appeared in such publications as Newsweek, the Christian Science Monitor, Los Angeles Times, and the San Francisco Chronicle.

[Superconnect: Harnessing the Power of Networks and the Strength of Weak Links, Richard Koch, Greg Lockwood](#) , 2010, 0771095945, 9780771095948. For readers of Outliers or The Wisdom of Crowds or internationally bestselling author Richard Koch's many followers this entertaining book draws on the latest in network science research to show how any of us can increase the chances of success in our personal and work lives. What's so special about the rich and famous? Unusually successful people often think they've done well because of their talent or luck or simple grit and hard work. But individual characteristics matter far less than the social connections we exploit. And counterintuitively, it's our weak links your neighbour's landscaper or that ad agency guy you happened to meet at your sister's birthday party last year that matter most of all. Drawing on research from the fields of sociology, math, and physics, internationally bestselling author and entrepreneur Richard Koch and his co-author Greg Lockwood show how networks impact our everyday lives. Rich with entertaining anecdotes and written in Richard Koch's trademark conversational style, Superconnect reveals the hidden patterns behind everyday events. Most importantly, it shows how any of us can increase the chances of happy outcomes in our own lives, careers, or businesses. From the Hardcover edition.

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the United States Federal Government.

[When Spirits Touch the Red Path, Patrick Quirk](#) , 2006, 0978666402, 9780978666408. When the times that are on you are filled with confusion and uncertainty, you will have need of great truths. When the times that are on you no longer show you the path to travel as clearly as you could once see it, you need the light of the spirit to guide you. When you can no longer find the friend you once knew within you and you feel the loneliness that comes to you each night, then you need to find the path you were meant to travel. When you do this, those things will be put back into balance for you. - These are the sayings of our people. Grandfather, a Spirit Caller of the Isletta Pueblo, used to teach much of the wisdom of our people to Cheeway and me. Not all of it can be contained in this book, but this book is filled with a very important page of our people's history. - Speaking Wind

[Dogs Life 2010 Diary, Universal Magazines](#) , 2009, 0980682320, 9780980682328.

[Knights of the Cross: A Novel of the Crusades, Tom Harper](#) , 2006, 0312338708, 9780312338701. Knights of the Cross follows Tom Harper's critically acclaimed debut, *The Mosaic of Shadows*, 1098. Two years prior, the legions of armies of the First Crusade were called upon by the Byzantine emperor to reinforce his position as the mightiest power in Christendom. Fighting as mercenaries, and claiming no particular allegiance, their presence was strained within the city walls of Byzantium. But with their differences now settled, the armies of the First Crusade leave the emperor---racing across the vast stretch of Asia Minor, chasing the Turkish armies of the East. As they continue to route the Turks and reclaim the stolen land for Christendom, the powerful armies are quickly halted. On the Syrian border, their advance is blocked before the impregnable walls of Antioch. As winter draws on, they are forced to suffer a fruitless, interminable siege---gnawed upon by famine, and tormented by the Turkish defenders. The perilous season leaves the entire crusade on a precarious verge of collapse. In the midst of this freezing misery, rivalries, and divisions appear. Lines are drawn between the ruling princes; the lords and the men they command; and between the Byzantines fighting alongside the Western crusaders. So when the Norman knight, Drago, is found murdered, his lord, the ruthlessly ambitious Bohemond, charges Demetrios Askiates, unweaver of mysteries, with finding the murderer. As Demetrios investigates further, the trail seems to lead ever deeper into the vipers' nest of jealousy, betrayal, and fanaticism that lies at the heart of the crusade. A separate army of Turkish infidels is sent to relieve Antioch. With danger looming within the crusader ranks, and impending battles headed their direction, time is running out, and Demetrios is forced to work with Bohemond to uncover the killer. And still the walls of Antioch are locked, with no key in sight---and no assurance that once the crusaders are inside, the battles will end. The extraordinary story of the crisis of the First Crusade---a powerful novel of intrigue, sacrifice, savagery, and holy war. An amazing sequel to the acclaimed debut, *The Mosaic of Shadows*. "Gripping for its portrayal of the crusader leaders . . . this is a great example from a trustworthy historian." ---Independent

[In God's Image and Likeness: Ancient and Modern Perspectives on the Book of Moses, Jeffrey M. Bradshaw](#) , 2010, 0982808216, 9780982808214. The stories of the Grand Councils in Heaven, the Creation, the Fall, and the revelation of the Plan of Salvation to mankind are foundational to LDS doctrine. As it turns out, they are also the focus of a vast ancient literature by Jewish commentators, Islamic scholars, and early Christians, as well as the nexus of perennial controversies about science and religion. This volume contains the most comprehensive commentary ever published on the beautiful and doctrinally rich early chapters of the book of Moses, combining prophetic insights, excerpts from ancient texts, current scientific perspectives, and up-to-date biblical scholarship-all presented from a perspective of faith. Each section of the book is prefaced by an overview illuminating major themes and issues. This is followed by the text of each chapter of scripture, accompanied by a detailed phrase-by-phrase commentary designed to give the modern reader both an understanding of the plain sense of the words as well as their significance in context. Based on the first complete transcriptions of the original manuscripts of the Joseph Smith Translation, significant textual variants are identified and discussed. Of special interest to LDS readers is the light that the book of Moses sheds on temple worship. A detailed study of this book of scripture in conjunction with ancient and modern sources suggests striking parallels with temple themes. Insights on these topics from LDS scripture and prophets, as well as relevant extracts from the works of Hugh Nibley and other religious scholars, historians, philosophers, scientists, literary specialists, playwrights, musicians, and artists are found on nearly every page of the book.

[Microeconomics: Principles and Tools, ActiveBook 1. 0, Arthur O'Sullivan, Steven M. Sheffrin](#) , 2002, 0130471321, 9780130471321. This modern book has a strong foundation in demand and supply. Its thoughtful coverage of change in demand vs. change in quantity demanded (also in supply coverage) enables learners to better visualize and truly understand the difference between these two fundamental concepts. Early coverage of comparative advantage and externalities reflects a more modern approach to teaching and understanding the underpinnings of microeconomics. A six-part organization covers an introduction and key principles, a closer look at supply and demand, market structures and pricing, spillovers and information, the labor market and economic challenges, and the international economy. For a thorough understanding of the principles of macroeconomics.

If you see it as a roadblock, it will obstruct your way. However, if you see it as an expressway, you can use it to learn and grow." "The gospel of Jesus Christ is the plan whereby we can become what God wants us to become. In fact, we become great people because of our trials, not in spite of them." This booklet reviews the nature, origins, and purposes of adversity and includes suggestions on how to patiently trust in the Lord and His eternal plan and how to use these trials to learn and grow stronger. You can benefit from your trials if you: Develop a relationship with God Let others help you Let God carry your burdens Trust that the Lord is in control and allow His will to be done Remember that everyone has challenges Let adversity make you a better person Live with integrity Be patient Make the best of your situation Serve others Keep a positive attitude Keep an eternal perspective

[System Identification, Environmental Modelling, and Control System Design, Liuping Wang, Hugues Garnier](#) , 2011, 0857299735, 9780857299734. This book is dedicated to Prof. Peter Young on his 70th birthday. Professor Young has been a pioneer in systems and control, and over the past 45 years he has influenced many developments in this field. This volume comprises a collection of contributions by leading experts in system identification, time-series analysis, environmetric modelling and control system design modern research in topics that reflect important areas of interest in Professor Youngs research career. Recent theoretical developments in and relevant applications of these areas are explored treating the various subjects broadly and in depth. The authoritative and up-to-date research presented here will be of interest to academic researcher in control and disciplines related to environmental research, particularly those to with water systems. The tutorial style in which many of the contributions are composed also makes the book suitable as a source of study material for graduate students in those areas.

[Buffalo Gals and Other Animal Presences, Ursula K. Le Guin](#) , 1990, 0451450493, 9780451450494. "A spirited, gracefully polemical introduction and the final story, "She Unnames Them, " frame this collection of fiction and poetry, placing it in a natural but unsentimental light. These are not really "talking animal" stories: they are about human apprehension of natural creation (including rocks and plants) and the relations this apprehension governs; or, how communication makes communities. Seven of ten stories and seven of 19 poems having already been published, while a couple of pieces read like working drafts. Among the best pieces is the title story; like many of the others, it works its effect through a reversal of the usual (human) point of view."--Library Journal

[Flag, Nation and Symbolism in Europe and America, Thomas Hylland Eriksen, Richard Jenkins](#) , 2007, 1134066961, 9781134066964. Although the symbolic and political importance of flags has often been mentioned by scholars of nationalism, there are few in-depth studies of the significance of flags for national identities. This multi-disciplinary collection offers case studies and comparisons of flag history, uses and controversies.

[The First Bite: A Comprehensive Guide to Establishing and Growing Your Career in Veterinary Medicine, John Tait, Brian Ausman](#) , 2006, 0978252500, 9780978252502. A one-stop resource for all entry-level and early career issues, including establishing and running a veterinary practice, addressing financial, legal and ethical issues, finding alternative career paths and achieving a work-life balance. Also addresses some non-clinical aspects of running a practice, from business and litigation issues to stress management and compassion fatigue.

[Inner-course: A Plea for Real Love, Toni Blackman](#) , 2003, 0375509143, 9780375509148. Toni Blackman is an international champion of hip-hop culture, known for her irresistible, contagious performances and alluring female presence. She's all heart, all rhythm, all song, all power-- a one-woman revolution of poetry and microphone. Like

Ntozake Shange, Blackman and her cool, musical poetry and prose weave a magical spell around you, daring you to break her hypnotic hold. Toni's themes are: the paradoxes of love; the inspirations and hypocrisies of brothers who rhyme; quiet internal wisdom versus the incessant necessity to have her life saved by a DJ. She explodes at the mic and blooms on the page. In the poem "inner-course," Toni challenges the crass commercial culture of love and guides us into her version of real love: the love of self. In another poem, called "well . . .," she illuminates the pain of a shallow romance in the face of a world tragedy and tries to find meaning in her heartache. In "Getting Open," a prose piece, Toni teaches us how to free ourselves from fear-- hip-hop style. Toni Blackman is your guide into the heart and soul of her creative-- and very human-- "Inner-course."

[We Will Survive: In and Out of the Wilderness, Anthony John La Mothe](#) , 1998, 0953580008, 9780953580002.

[From the Closet to the Courts: The Lesbian Transition, Ruth Simpson](#) , 2007, 0980059003, 9780980059007. Ruth Simpson's pioneering work examines the intersections of lesbianism, feminism and other civil rights movements. From the Closet to the Courts chronicles the gay rights movement of the 70's and Simpson's founding of the first lesbian community center in New York. Through this lens, No segment of society that embraces bigotry is too sacrosanct to escape her insightful scrutiny.

[The Black Christ, Kelly Brown Douglas](#) , 1994, 0883449390, 9780883449394. This compelling portrait of who Jesus is for the black community surveys the history of the Black Christ from the early slave testimonies to the writings of prominent religious and literary figures through the Civil Rights and Black Power movements.

[Charlotte Temple, Susanna Rowson](#) , 1987, 0199840393, 9780199840397. The sentimental novels of the early national period were considered a danger to society and were criticized for the corrupting influence they had on the minds of their mostly young and female audience. They told tales of vice and intrigue that purported to be "based on fact" and also advocated the need for better female education that would prepare young women against sweet-talking seducers. Extremely popular in America after the Revolution and throughout the nineteenth century, Charlotte Temple and The Coquette were two of the most successful novels of the period. Reprinted here in their entirety, with Introductions by the literary scholar Cathy N. Davidson, they offer the modern student a glimpse at the earliest American popular fiction. Charlotte Temple, the most popular novel in America until Harriet Beecher Stowe's Uncle Tom's Cabin, went through over 200 editions. It tells of a beautiful English girl who at the age of 15 is courted by and runs away with a British lieutenant named Montraville. Susanna Rowson, the daughter of a British naval officer, was one of the most accomplished women of the early national period. Actress, song-writer, novelist, poet, dramatist, and essayist, she was also the founder of one of the most progressive academies for young women of her day. She remained best-known, however, for Charlotte Temple, a novel that promised to be "of service to [the]...young and unprotected woman in her first entrance into life." In her Introduction, Cathy Davidson discusses the enormous popularity of the book and the life of Susanna Rowson,

which was even more sensational than those of the characters depicted in the novel.

[Dynamic Read-Aloud Strategies for English Learners: Building Language and Literacy in the Primary Grades, Peggy Hickman, Sharolyn D. Pollard-Durodola](#) , 2009, 0872075966, 9780872075962. The read-aloud activities you use in your classroom every day can help second-language learners develop listening comprehension and oral language proficiency in English in a culturally and linguistically appropriate way. This book provides teachers with both the theoretical knowledge they need to understand the process of second-language development and a collection of proven strategies that will help them effectively apply that knowledge to their work with ELLs.

[The Rules of Seduction, Madeline Hunter](#) , 2006, 055390311X, 9780553903119. Dangerous. Sensual. Handsome as sin. Meet Hayden Rothwell, the shamelessly erotic hero of *The Rules of Seduction* and author Madeline Hunter's most irresistible alpha male yet: a man of extraordinary passion and power, a man who can bring out the seductress in any woman. He enters her home without warning or invitation a stranger of shadowy motives and commanding sensuality. Within hours, Alexia Welbourne is penniless, without any hope of marriage. Until Hayden Rothwell takes her to bed. When one impulsive act of passion forces Alexia to marry the very man who has ruined her, Hayden's seduction of Alexia is nearly complete. What Alexia doesn't know is that her irresistible new husband is driven by a secret purpose and a debt of honor he will risk everything to repay. Alexia is the wild card. Reluctant to give up their nightly pleasures, Hayden must find a way to keep Alexia by his side...only to be utterly, thoroughly seduced by a woman who is now playing by her own rules. From the Paperback edition.

[Big Pants: The Truth about Diets, Honor K. Beard](#) , 2003, 0954646703, 9780954646707.

[Gods at War: Shotgun Takeovers, Government by Deal, and the Private Equity Implosion, Steven M. Davidoff](#) , 2009, 0470543302, 9780470543306. An engaging exploration of modern-day deals and deal-making *Gods at War* details the recent deals and events that have forever changed the world of billion-dollar deal-making. This book is a whirlwind tour of the players determining the destiny of corporate America, including the government, private equity, strategic buyers, hedge funds, and sovereign wealth funds. It not only examines many of the game-changing takeover events that have occurred in the past years, but also puts them into context and exposes what is really going on behind the scenes on Wall Street. *Gods at War* completely covers the strategic issues that guide the modern-day deal, and since they unfold under the shadow of the law, it also focuses on the legal aspects of deal-making and takeovers. Each chapter unfolds through the lens of a recent transaction, from the battle between Yahoo! and Microsoft to the United Rental/Cerberus dispute. Provides in-depth explanations and analysis of the events and actors that have shaped this fast-moving field. Examines the federal government's regulation by deal approach to saving the financial system and explains the

government's biggest "deals", including its bail-outs of AIG, Bank of America, and Citigroup. Filled with in-depth insights that will enhance your understanding of this field, *Gods at War* offers an engaging look at deals and deal-makers in the context of recent historical events. It's a book for those who want to understand deals, takeovers, and the people and institutions who shape our world.
