

JIIT Linux Users Group

Venue: CL4

Time: 11 am - 4 pm

Day: 8th November

***Avoid the
Gates of Hell.
Use Linux***

Never trust an
operating system
you don't have
sources for. ;-)

INSTALL FEST + WORKSHOP

An InstallFest is an opportunity to get hands on help in installing and/or configuring Linux on your computer. At the install fest you can *bring your linux-related problems* to your peers and ask for help. It is also about getting to know your peers in LUG, and being able to share expertise and knowledge.

WORKSHOP AGENDA: There will be a workshop on QT Programming in Linux by Shantanu from Sarai (ILUG-Delhi)

What to bring: Bring your CPU or Laptop & Any piece of hardware which isn't working

Keyboards, mice and monitors will be provided.

Latest copies of Major distros will be available. If you wish you may bring in your own CD's.

Contact: Prakhar Agarwal (9868023860), Aditya Sharma (9818622713), Angad Singh (9910800112)
