

COLLABORATIVE ECONOMY CONVERGENCE

a think in

Cultivate and WeCreate Workspace are hosting a 'think-in' for people and organisations working, researching or interested in a more collaborative approach to economic, social and governance issues.

We will explore areas such as...

- **The potential of FabLabs and 3D printing for sustainability**
- **P2P Networks**
- **Social enterprises that facilitate new livelihoods**
- **Community Resilience and Permaculture**
- **Co-working, Co-housing and Community Supported Agriculture**
- **Digital and Complementary Currencies**
- **Open Source and Appropriate Technologies**
- **Managing the Commons for the benefit of all**
- **Collaboration and sharing in urban and rural environments**

Saturday November 16th | 11:00-17:00 | WeCreate Workspace | Cloughjordan Ecovillage
