[Irvin D. Yalom: On Psychotherapy and the Human Condition, Ruthellen Josselson](#) , 2007, 0979557615, 9780979557613.

Irvin Yalom is one of the best known, most widely-read and most influential psychiatrists in the contemporary world. Through his many books, which are accessible to ordinary readers as well as illuminating for psychotherapists, he has provided a guide for living in a perplexing world. A recent poll of American psychotherapists voted him to be one of the three most important living therapists, but the worldwide success of his books suggests that his prominence is international Rather than positioning himself as a representative of one of the hundreds of "schools" or approaches to psychotherapy, Yalom offers a message that goes to the heart of psychotherapy. Taking up the central existential concerns of human life, Yalom's work engages the problems of finding meaning in life and confronting death, concerns that had lain beyond the scope of psychiatry. Writing in a literary style that reviewers have compared to Freud, Yalom details what actually happens in the intimate human encounter that is psychotherapy. Yalom does not shrink from exposing his own thoughts and feelings about what occurs; he, too, is a vulnerable and searching human being. He makes his thinking about his patients, and his efforts to treat them, transparent, exposing his doubts, reservations and struggles as well as his insights. He has written two textbooks, two volumes of case history stories, three novels about therapy, a guide for therapists and one book of counsel for the masses confronting death. Across all of this work, he explores the limitless and complex possibilities of the healing inherent in genuine human connection and authentic awareness of the dilemmas of human existence. This book Irvin Yalom: On Psychotherapy and the Human Condition traces the genesis and evolution of his thinking and presents some of the seminal ideas of his writings. AUTHOR: Ruthellen Josselson, Ph.D. is a Professor of Psychology at The Fielding Graduate University and was formerly a Professor

at The Hebrew University of Jerusalem and Harvard University. She is the author of *Playing Pygmalion: How People Create One Another*; *Revising Herself: The Story of Women's Identity from College to Midlife* and *The Space Between Us: Exploring the Dimensions of Human Relationships*. She has been, for many years, Co-editor of the Annual, *The Narrative Study of Lives*. Recipient of the Henry A. Murray Award from the American Psychological Association and a Fulbright Fellowship, she is also a practicing psychotherapist and holds a diplomate in Group Psychotherapy.

This edition has hundreds of new photographs and much new information not included in the first edition. Chapters include the 'big ten' companies, miscellaneous companies, metal lures, handmade lures, and finally the seldom seen experimental lures. Concerned primarily with the most collectible antique fishing lures made before 1940, this deluxe hardbound book contains well over 1,300 lures beautifully reproduced in full color. Research and identification will be simple yet effective with these descriptions, sizes, dates, 2001 values, and quick comparisons of similar features of lures... AUTHORBIO: Dudley Murphy decided to become a lifelong collector of fishing lures at the age of 13, when his grandfather presented him with a gift of old Heddon, Jamison, and Clark lures. As one of the three founders of the National Fishing Lure Collector's Club, Dudley is an active collector with a variety of interest, including fishing.

AUTHORBIO: Rick Edmisten was introduced to fishing at age 12 by his father, and by the time he was 18 had developed a keen interest in collecting old lures and tackle. He has hosted a successful fishing tackle collectible show from 1990 to the present, and is recognized as an authority on old tackle. He often appraises estates and collections. REVIEW: This book focuses on the "big ten" companies, metal lures, handmade lures, and the seldom seen experimental lures, and emphasizes antique lures made before 1940. Each section begins with a short introduction about the company, followed by vivid, representative color photographs that the company made. Each photo lists the name of the lure, number, date manufactured, length, collector value, and any important notes or details about the lure.

[The Blitz: Fly Fishing the Atlantic Migration, Pete McDonald](#) , 2011, 0983385718, 9780983385714. Over the course of a year, Pete McDonald and Tosh Brown followed an immeasurable biomass of predators and prey on their annual oceanic migration from Maine to North Carolina. From Casco Bay to The Outer Banks, they shot photographs, burned video footage, and interviewed an eclectic cast of anglers, guides, merchants, and fly tiers. They filled rent cars with sand, they fought ill-mannered dogs in cheap motels, and they boosted convenience store profits in nine different states. Departure Publishing is proud to present The Blitz, Fly Fishing the Atlantic Migration. Through McDonald's turn of phrase, and

Brown's eye for imagery, they have created an engaging and comprehensive view of the beaches, tidal rips, birds, bait, and gamefish of the Eastern Seaboard. This is not a how-to-where-to guidebook; it's an offbeat celebration of the unique and vibrant fly-fishing culture of striped bass, bluefish, tuna, bonito, false albacore, redfish, and other nearshore pelagics. Joining McDonald and Brown in this collaboration are celebrated East Coast photographers, Dave Skok, Brian Horsley, Sarah Gardner, Jim Levison, Matt Boutet, Sam Talarico, Barry and Cathy Beck, and others. If you're partial to crashing surf, panicked baitfish, diving birds, and busting fish, this book is the perfect complement to your fly-fishing collection.

[After Tamerlane: The Rise and Fall of Global Empires, 1400-2000, John Darwin](#) , 2008, 0141010223, 9780141010229. Tamerlane was the last of the 'world conquerors': his armies looted and killed from the shores of the Mediterranean to the frontier of China. Nomad horsemen from the Steppes had been the terror of Europe and Asia for centuries, but with Tamerlane's death in 1405, an epoch of history came to an end. The future belonged to the great dynastic empires - Chinese, Mughal, Iranian and Ottoman - where most of Eurasia's culture and wealth was to be found, and to the oceanic voyagers from Eurasia's 'Far West', just beginning to venture across the dark seas. After Tamerlane is an immensely important and stimulating work. It takes a fresh look at our global past. Our idea of world history is still dominated by the view from the West: it is Europe's expansion that takes centre-stage. But for much of the six-hundred year span of this book. Asia's great empires seemed much more than a match for the intruders from Europe. It took a revolution in Eurasia to change this balance of power, although never completely. The Chinese empire, against all the odds, has survived to this day. The British empire came and went. The Nazi empire was crushed almost at once. The rise, fall and endurance of empires - and the causes behind them - remain one of the most fascinating puzzles in world history.

[State of Emergency: The Way We Were: Britain, 1970-1974, Dominic Sandbrook](#) , 2011, 0141032154, 9780141032153. In the early 1970s, Britain seemed to be tottering on the brink of the abyss. Under Edward Heath, the optimism of the Sixties had become a distant memory. Now the headlines were dominated by strikes and blackouts, unemployment and

inflation. As the world looked on in horrified fascination, Britain seemed to be tearing itself apart. And yet, amid the gloom, glittered a creativity and cultural dynamism that would influence our lives long after the nightmarish Seventies had been forgotten. In this brilliant new history, Dominic Sandbrook recreates the gaudy, schizophrenic atmosphere of the early Seventies: the world of Enoch Powell and Tony Benn, David Bowie and Brian Clough, Germaine Greer and Mary Whitehouse. An age when the unions were on the march and the socialist revolution seemed at hand, but also when feminism, permissiveness, pornography and environmentalism were transforming the lives of millions. It was an age of miners' strikes, tower blocks and IRA atrocities, but it also gave us celebrity footballers and high-street curry houses, organic foods and package holidays, gay rights and glam rock. For those who remember the days when you could buy a new colour television but power cuts stopped you from watching it, this book could hardly be more vivid. It is the perfect guide to a luridly colourful Seventies landscape that shaped our present from the financial boardroom to the suburban bedroom.

[Get Carter: Backstage in History from Jfk's Assassination to the Rolling Stones, William Neal Carter, Judi Turner](#) , 2006, 0977460401, 9780977460403. For most of his life, Bill Carter has been hearing two words that either struck fear in his heart or caused it to race for an entirely different reason: Get Carter. Early in his career, this Arkansas maverick established himself as the "go-to guy" in difficult situations. Whenever there was a tough job to do, the call went out to "Get Carter." A Secret Service agent when President John F. Kennedy was assassinated in Dallas on November 22, 1963, Carter quickly found himself thrust squarely into the forefront of history. As one of the agents investigating the president's murder, Carter found himself convicted of one truth: that Lee Harvey Oswald was the lone assassin in Dallas, and he acted alone. No other member of the Warren Commission investigating team has told the inside story, until now. As an attorney in private practice after leaving the Secret Service, the Arkansan found himself being called upon repeatedly by the powerful leader of the Arkansas Congressional delegation, Rep. Wilbur Mills. When the Rolling Stones needed help negotiating with the State Department when they were denied entry into the States to tour, Mills suggested

they get Carter. When Stones' guitarist Keith Richards found himself in legal trouble in Canada that could have meant the end of the powerful rock band, the command was issued, "Get Carter." Whether it was Jimmy Hoffa's pardon dilemma or Steve McQueen's body being held hostage in Mexico, Carter was the one to intervene. Get Carter is an insider's fascinating look at the mysterious world of politics, rock and roll and intelligence. Bill Carter is an attorney and television producer. He lives outside Nashville, Tennessee with his wife Marlow. Judi Turner is a freelance writer who lives in Nashville, Tennessee.

Ever since the 1950s, his name had been synonymous with mastery of the wild and Byzantine Grand Canyon back country. Here was someone who routinely stood at the rim of this mile-deep gorge and decided to find his own way to the bottom his greatest legacy was what he created for others -- 1079 typewritten pages in which he carefully recorded his treks -- a massive document that represents the fruits of nearly three year's worth of days spent indefatigably striding through the Canyon's unknown regions. Typed in a dense, meticulous voice, each page of Harvey's logbooks reveals a sharpened mind capable of photographically memorizing the minutiae of each side canyon, every turn in the Canyon's great form, each route he had found through its cliffs. Eventually Harvey's inveterate chronicling would become the basics for the first ever Grand Canyon back country guidebooks: Grand Canyon treks (1970), Grand Canyon treks II (1975) and Grand Canyon Treks III (1984)" -- Prologue.

She depicts the city as a place of constant motion, which has been translated into a culture of inveterate restlessness. First published in 1957, The Great Port is a vivid and entertaining portrait of a splendid old seaport whose purposes have gone awry.When The Great

Port appeared in New York, the Wall Street Journal called it _unique_, the New York Times said it discovered more than most New Yorkers had ever learnt, and the Publisher_s Weekly thought it perhaps the best book on New York since the classic work of E. B. White.

[Machiavelli - The First Century : Studies in Enthusiasm, Hostility, and Irrelevance: Studies in Enthusiasm, Hostility, and](#)

[Irrelevance, Sydney Anglo](#) , 2005, 0191556238, 9780191556234. Between 1513 and 1525 Niccol--ogrove--; Machiavelli wrote a series of works dealing with political, military, and historical matters. One of these (the 'Arte della guerra') was published in 1521, but the rest of his major writings were not published until 1531-2, nearly five years after his death. They continued to be reissued regularly, well into the early seventeenth century. The popularity of Machiavelli's books, the variety of his themes, the different contexts within which he was studied, the range of readers' interests, and the fact that his name entered the vocabulary of every European language - all make his early reception a fruitful field of enquiry. Historians of ideas have tended to tidy up the past in order to make it comprehensible but Sydney Anglo is concerned with heterogeneity, and with the often irrational and emotional aspects of sixteenth-century thought. Basing his research entirely upon primary sources he quotes extensively in the conviction that, in a battle of words, the words themselves and their tone convey more than summaries of intellectual abstractions. Authors - hostile, enthusiastic, and indifferent - are closely examined; and many different contexts, political and intellectual, are considered. Sometimes Machiavelli was influential, sometimes not, but in this history of his reception, silences often prove significant. Written in a lively and trenchant style, this new interpretation of the impact of Machievalli is an original contribution of high quality by a leading expert in the field of Renaissance studies.

The New York Times Book Review welcomed Joseph Tusiani's retelling of Dante's Inferno with these words: this is a book "whose subject matter should be among the building blocks of a youngster's education. Dante's Inferno as Told for Young People by Joseph Tusiani...combines summary, paraphrase, commentary, and on occasion translation of the lines. It is regrettable that Mr. Tusiani, a poet in his own right, did not offer more of the last..." In this volume, which includes Purgatory and Paradise, Professor Tusiani accompanies Dante on his timeless journey to redemption sharing insights gathered in his long acquaintance with the work. His role is similar to Virgil's, a guide and a teacher for today's young people.

An Invisible Thread tells of the life-long friendship between a busy sales executive and a disadvantaged young boy, and how both of their lives were changed by what began as one small gesture of kindness. When Laura Schroff brushed by a young panhandler on a New York City corner one rainy afternoon, something made her stop and turn back. She took the boy to lunch at the McDonalds across the street that day. And she continued to go back, again and again for the next four years until both their lives had changed dramatically. Nearly thirty years later, that young boy, Maurice, is married and has his own family. Now he works to change the lives of disadvantaged kids, just like the boy he used to be. An Invisible Thread is the true story of the bond between a harried sales executive and an eleven-year-old boy who seemed destined for a life of poverty. It is the heartwarming story of a friendship that has spanned three decades and brought meaning to an over-scheduled professional and hope to a hungry and desperate boy living on the streets.

[Painkiller Addict: From wreckage to redemption - my true story, Cathryn Kemp](#) , 2012, 1405515155, 9781405515153.

Cathryn Kemp was a successful travel journalist who was struck down by a life-threatening illness. After four years of operations and mis-diagnoses she left hospital with a repeat prescription for fentanyl, a painkiller 100 times stronger than heroin. Within two years she was taking more than ten times the NHS maximum, all on prescription. Her family struggled to understand; her boyfriend left her, she hit rock bottom. Discovering she had only six months to live if she didn't give up the drugs she sold everything she owned and checked into rehab. In the treatment centre she was told that she was unlikely to recover from 'the highest level of opiate-abuse in the clinic's history'. To everyone's amazement, she proved them wrong. This is an extraordinarily poignant, vivid and honest memoir. Based on the twenty-four diaries that the author kept during this period, we travel with Cathryn through her hospital agony, descend with her into the hell of addiction and cheer her as she pulls herself out and upwards. It is a love story, a horror story, a survival story, and one that shows only too clearly the very real dangers of the over-prescription of painkillers and tranquillisers. There will also be a resource section for sufferers and their loved ones.

[What If God... ?: Finding Freedom and Joy in the Desert Places of Life, Bobi Naukam](#) , 2003, 0974920908, 9780974920900. What if God... ? portrays one woman's journey from an insecure, manipulative person to a content, confident woman of God. It reveals the truth behind the lies of a 33-year marriage troubled by low self-esteem, co-dependency, and a husband trapped in a 40-year addiction to pornography. The book is brutally honest and transparent as Bobi Naukam describes the struggles of living in a dysfunctional marriage. However, What if God... ? is not another

book about marriage or even one about pornography addiction. It demonstrates that the Truth that healed her inadequacies and broken heart as well as her husband's addiction works for any person who desires to grow closer to Christ. What if no problem is too big or too small for God? She shares this Truth and the steps of the process that brought her freedom and joy in the desert places of her life. Surrender was the key to peace when she prayed, "God, whatever it takes to make me the woman of God that You want me to be, do it." Her "What if?" thinking will challenge you to see your world from God's perspective. For more information, please go to www.whatifministries.com.

And what makes a good story better is that something extra to embellish it - clever line drawings that follow the plot; a collection of nesting dolls, one for each character; a cat's cradle of string symbolizing the action. Here is the unusual collection of stories, each of which requires the storyteller to use string, nesting dolls, sand painting, drawings, or musical instruments. A piece of string can be manipulated into shapes to illustrate the story of an old weaver bothered by a mosquito, while a series of lines on a black-board make the tale of "The Wild Bird" come alive. Chosen from all over the world - Africa, Japan, America, Australia, central Europe - each story is accompanied by clear, step-by-step instructions as well as line illustrations, so even a beginner can become a skilled storyteller. THE STORY VINE is an ideal and unique source book for librarians, teachers, storytellers, parents and grandparents - anyone who wants to captivate listeners with a well-told tale.
