

# PLEASE READ THIS TO PROTECT YOUR VEHICLE

There have been several break-ins to vehicles in this neighborhood & surrounding streets in the recent weeks. They smash a passenger or driver's window and look for anything valuable in the glove box or front seats. Please protect your vehicle and property by not leaving any valuables in your car. An additional step to stop theft is to post the note below to the inside of one of your windows. This should help deter any crime especially if they know there is nothing to steal. If the neighborhood unites by placing the notes in our windows, in addition to keeping our eyes and ears open, these robberies should cease to exist.
