MONTHLY MEETING OUTLINE:

- 1-110 Library doors open, get situated, set-up remote meeting equipment
110-120 Room and Zoom Walk Around – quick introduction of people attending and a mention for any agenda item for the Member Forum section
120-135 Meeting – designed to be an annual business meeting with discussions related to 2022 year in review, election of officers, and 2023 activities and calendar review.

JIM’S NOTE: The 2022 review is designed to review how, a year ago, we opted to organize our meetings. My thought is that we will be doing the EV world better if we incorporate more “Drive and Dines” socials at local businesses (other chapters rotate meetings between a Sonic-ish or a local craft brewery). This would also parallel the Electrify Heartland (<https://electrifyheartland.org>) or the Drive Electric USA (<https://www.driveelectricusa.org>) efforts. I will have more information for our meeting Sunday.

- 135-145 Q&A
Social media update
145-2 Member Forum Roundtable – an opportunity for those in attendance to share their agenda item and/or EV related activities in their lives
2 to 3pm Meeting Room and zoom session is the clubs for use as it sees fit, an opportune time for social discussions with like-minded individuals

We look forward to seeing you all Sunday.
