[The Viking Funeral, Stephen J. Cannell](#) , 2002, 1587241692, 9781587241697. If Detective Shane Scully's best friend, Jody Dean, committed suicide three years ago, then who did Shane just see for one fleeting moment on the Ventura Freeway? He's convinced it was his former colleague. Or was his mind playing tricks? Shane's lover, Alexa Hamilton, herself a lauded LAPD officer, happens to think so. But Shane knows what he saw. And for a rogue cop with nothing left to lose, the search for Dean has become more than an investigation. It's become an obsession. The first clue to Dean's secret life--and suspicious death--is murder. The victim is Dean's former commanding officer. The connection taps into a corrupt, high-level conspiracy among L.A.'s finest that will put Shane and everyone he loves in harm's way. It will cut deep into the heart of betrayal and the meaning of friendship. And it will dare one cop already on the brink of madness to take one step further into darkness...

[Roadside geology of Wisconsin, Robert H. Dott, John W. Attig](#) , 2004, 087842492X, 9780878424924. Robert H. Dott, Jr. and John W. Attig wrote Roadside Geology of Wisconsin to help residents and visitors alike "envision mastodons roaming in front of glaciers 12,000 years ago, feel storm waves pounding sea cliffs 500 million years ago, and hear volcanoes exploding 1,900 million years ago." With lively prose, detailed maps, black-and-white photographs, and shaded-relief images, the authors succeed in their goal, unraveling the 2,800 million years of geologic history recorded in Wisconsin's rocks. Introductory sections describe the geology of each region, and thirty-five road guides locate and interpret the rocks, sediments, and landforms visible from the state's highways, including the Great River Road in the Mississippi Valley. Roadside Geology of Wisconsin delves further into the geologic history of specific sites such as Apostle Islands National Lakeshore, the Wisconsin Dells, the geologically renowned Baraboo Hills, and more than twenty-five state parks. Features of and access points to the Ice Age National Scenic Trail are noted.

[Life Swap, Jane Green](#) , 2006, 0141902795, 9780141902791. From the outside Vicky Townsley would appear to have it all. Features Director of the hugely successful Poise! magazine, she lives alone in London, is single, solvent, and seriously successful. But she'd give it all up in a heartbeat for marriage, children, and a house in the country. Amber Winslow on

the other hand, has exactly what Vicky Townsley wants; a huge stone mansion in Highfield Connecticut, children and a busy charitable commitment for the local Women's League. But Amber isn't happy either. She hasn't found quite the fulfillment she had expected from being a full-time wife and mother, so when she spots a double page spread in Poise! magazine asking married readers to life swap with a glamorous, single journalist in London, she sits down and writes a letter. But she never expects to be picked... Life Swap is the story of what really happens when two women decide to walk in one another's shoes for one month. It's the story of the grass not being as green as you might think, and of discovering that happiness is not always where you expect it to be.

[Jewish Sci-Fi Stories for Kids](#), , 1999, 0943706742, 9780943706740. Here are science fiction stories that bend and twist the limits of imagination. Best of all they have a yiddishe taam, a taste of the Jewish supernatural.

[Sicilian Feasts, Giovanna Bellia La Marca](#) , 2003, 0781809673, 9780781809672. Sicilian Feasts offers more than 160 recipes, along with menus for holidays, notes on ingredients, list of suppliers, an introduction to the Sicilian language, and a glossary of food terms in Sicilian, Italian, and English. Illustrations demonstrate special techniques. Giovanna Bellia La Marca uses simple methods and readily available ingredients to teach the straightforward and delectable everyday cooking of Sicily. She features examples of elaborate dishes developed by the monzu, a class of eighteenth-and nineteenth-century professional cooks, now effortlessly recreated with modern appliances. La Marca also introduces her readers to the practice of transforming almond paste into beautiful and realistic marzipan fruits, a traditional Sicilian art form.

[Be Comforted \(Isaiah\), Warren W. Wiersbe](#) , 2010, 0781400988, 9780781400985. For anyone who thinks that comfort is equivalent to pity and that it is only pricelss for those who need an emotional crutch, best-selling author Warren Wiersbe applies the words of the prophet Isaiah to prove that God's comfort is no such thing. With definitions and insights, the "pastor of pastors" and phenomenal author Warren W. Wiersbe continues to enliven the Scriptures as he weaves the words of Isaiah with historical explanations and thought-provoking questions for every chapter, creating a study guide that can be used in personal Bible study or with a group.

[The Student's Guide to Writing: Grammar, Punctuation and Spelling, Dr John Peck, Martin Coyle](#) , 2005, 0230365280, 9780230365285. John Peck and Martin Coyle's The Student's Guide to Writing became a firm favourite amongst lecturers

when it published in 1999. Aimed at students wishing to perfect their writing skills, it shows them how to construct a sentence, a paragraph and an essay and carefully explains grammar, punctuation and spelling. For this second edition, the authors have made their explanations even clearer, included a 'Spot the Mistake' section, and added an index for easier navigation.

[Prosecuting Crime in the Renaissance: England, Germany, France, John H. Langbein](#) , 2013, 1584775777, 9781584775775. Our present system of criminal prosecution originated in England in the sixteenth century. Langbein traces its development, which was at its most intense during the reign of Queen Mary. He shows how the common law developed a system of official investigation and prosecution that incorporated the medieval institution of the jury trial. He places equal emphasis on the role of the justices of the peace as public prosecutors. The second half of the book compares the English system with those of the Holy Roman Empire (Germany) and France. He concludes by refuting the popular opinion that the English were strongly indebted to continental models. "This is an excellent work of scholarship, exhibiting wide research, erudition and analytical ability." --Joseph H. Smith, Harvard Law Review 88 (1974-1975) 485 JOHN LANGBEIN is Sterling Professor of Law and Legal History at Yale Law School. He has held academic positions at Stanford University, Oxford University, the Max-Planck-Institut fur Europaische Rechtsgeschichte and the Max-Planck-Institut fur Auslandsches und Internationales Strafrecht. Langbein is a member of the American Academy of Arts and Sciences, the International Academy of Comparative Law, the International Association of Procedure Law, and other organizations in the fields of legal history and comparative law. Some of his most distinguished publications and articles include History of the Common Law: The Development of Anglo-American Legal Institutions (2009), Torture and the Law of Proof: Europe and England in the Ancient Regime (1977), and "The Supreme Court Flunks Trusts," Supreme Court Review (1991).

[Cool Clive and the Bubble Trouble: Level 12, Michaela Morgan](#) , 2000, 0199193169, 9780199193165. A further six Treetops titles in Oxford Reading Tree's series of fiction with built-in progression for pupils aged 7-11. Specially written for children who need the support of carefully-monitored language levels, the stories are accessible, motivating and humorous. The series is organised into Oxford Reading Tree Stages (from Stage 10 to Stage 16), with each stage introducing more complex narrative forms, including flashbacks and changes in viewpoint; descriptive writing; extended reading vocabulary; and more pages, more text, and fewer illustrations. Ideal for both guided reading group work and independent reading. Phase F features: Six new stories including the latest adventures of established favourites Cool Clive, Scrapman and Kid Wonder. Stage 12+ has the same reading level as Stage 12 but the stories are longer, to develop children's reading stamina.

[The Just, Paul Ricoeur](#) , 2003, 0226713407, 9780226713403. The essays in this book contain some of Paul Ricoeur's most fascinating ruminations on the nature of justice and the law. His thoughts ranging across a number of topics and engaging the work of thinkers both classical and contemporary, Ricoeur offers a series of important reflections on the juridical and the philosophical concepts of right and the space between moral theory and politics.

[Crown of Vengeance, Stephen Zimmer](#) , 2009, 0982565690, 9780982565698. On a night that begins no different from any other, strange mists engulf Janus Roland, Erika Laesig, Mershad Shahab, and several others going about their lives in a quiet midwestern town. When the mist dissipates, they all find themselves looking up into the bright skies of a new, incredible world. Without explanation of why it has happened, or any notion of where they are, they embark upon a grand adventure within the fantastical world of Ave. Some find themselves in the lands of the Saxan Kingdom, while others have emerged within the lands of the Onan, one of the tribes in the Five Realms confederation. Storms of war loom over both Saxany and the Five Realms, as invasion forces mass under the inspiration of The Unifier, a mysterious, captivating figure whose influence has swept across the surface of Ave ever since His rise to power in the Gallean duchy of Avonor. It is a war that will be fought in the skies, upon the seas, on land, and even in places non-physical in nature. A majestic, epic fantasy that begins many adventures and journeys across a diverse and enthralling world, filled with races and creatures both familiar and new, Crown of Vengeance lights the flame of the Fires in Eden series, bringing to life a bold, far-ranging, and grand new venture within the realms of fantasy literature.

[Si Dios Es Todo Poderoso!: Por Qu Permite el Sufrimiento de la Humanidad?, Jose Basora](#) , 2007, . Es indiscutible que hoy vivimos en un mundo en donde los terremotos y otras catstrofes naturales que siegan miles de vidas parecen estar a la orden del d a. Mientras que las guerras y los atentados terroristas no parecen ser noticias. Las enfermedades, y los cr menes, los accidentes, el odio, la violencia; etc. son parte de la vida cotidiana de la gente, por eso muchos opinan que

si Dios es un ser supremo, entonces Por qu l no ha destruido desde hace mucho tiempo a los imp os, la opresi n, la injusticia, etc.' Es cierto que la tierra est llena de injusticia, sufrimiento y dolor, pero se est acercando el momento cuando pronto Dios eliminar a los inicuos, a los opresores, y a todos aquellos que son responsables de sembrar el dolor, la tristeza y la desolaci n. La prueba visible, demuestra que los preparativos para que el justo gobierno de Dios asuma el poder sobre la tierra est n casi completos. Es cierto que mucha gente no entiende el origen de la desgracia del hombre y la raz n del sufrimiento humano, pero aunque no entendamos la fuente real del dolor de la gente, la verdad es que en ning n modo nadie podr encontrar base para responsabilizar a Dios del sufrir humano, sino como la soluci n a este.

[Middle Grades Math 2010 Spanish Assessment Resources Blackline Masters Algebra Readiness,](#) , 2009, 0133722295, 9780133722291. Algebra Readiness is designed for the middle school learner and provides a smooth transition from Course 1 and Course 2 Math. Students of all levels benefit from the structured leveled set of exercises in the homework sections. First, students practice by example. Next, they apply the skills they have learned, and finally, students are challenged with problems that require them to apply concepts on an accelerated level. The Go For Help icon refers students back to examples for help on similar problems previously introduced in the chapter. Topics covered include algebraic expressions and integers, solving one-step equations and inequalities, area and volume, and linear functions.

[Northland Stories, Jack London](#) , 2010, 1410428346, 9781410428349. After his return from the Klondike goldfields in 1898 Jack London wrote a collection of tales exploring the unique codes of behavior adopted by men when faced with the unforgiving lawless wilderness of the frozen north and the impact of the influx of whites into the Native American culture. The stories include "An Odyssey of the North" "The White Silence" "The Law of Life" "The League of the Old

Men" and the universal classic "To Build a Fire."

[Colonialism and Welfare: Social Policy and the British Imperial Legacy, James Midgley, David Piachaud](#) , 2011, 184980849X, 9781849808491. The British Empire is part covered three centuries, five continents and onequarter of the world's population. Its legacy continues, shaping the societies and welfare policies of much of the modern world. In this book, for the first time, this legacy is explored and analysed. Colonialism and Welfare reveals that social welfare policies, often discriminatory, and challenging to those colonised were introduced and imposed by the 'mother country.' It highlights that there was great diversity in rationales and impacts across the empire, but past developments had a major impact on the development of much of the world's population. Contributions from every continent explore both the diversity and the common themes in the imperial experience. They examine the legacy of colonial welfare - a subject largely neglected by both historians of empire and social policy analysts. This original book shows that social welfare today cannot be understood without understanding the legacy of the British Empire. Academics, specialised students with an interest in comparative social policy, history of social policy, imperial history, colonialism, and contemporary third world social policy will find this book invaluable to their studies.

[The Unknown Ajax, Georgette Heyer](#) , 2011, 1402238827, 9781402238826. "Wonderful entertainment from first page to last." Chicago Sunday TribuneA past dispute . . . When the irascible Lord Darracott's eldest son dies unexpectedly, the noble family must accept their estranged Yorkshire cousin as heir apparent. They are convinced he will prove to be a sadly vulgar person, but nothing could have prepared the beleaguered family for the arrival of Major Hugo Darracott . . . A present deception . . . His clever and beautiful cousin Anthea is sure there's more to the gentle giant than Hugo's innocent blue eyes and broad Yorkshire brogue would lead one to believe. But even she doesn't guess what he's capable

of, until a family crisis arises and only Hugo can preserve the family's honor, leading everybody on a merry chase in the process . . . What Readers Say:"What Heyer does best: comedy, engaging characters, and excellent writing." "A very enjoyable romp with a positively masterly denouement." "Georgette Heyer reaches the pinnacle of her skill with this book." "Among the best of Heyer's Regency novels very, very funny." "The pitch-perfect comedy, as the Ajax takes the reins of the family, is fantastic." Georgette Heyer wrote over fifty novels, including Regency romances, mysteries, and historical fiction. She was known as the Queen of Regency romance, and was legendary for her research, historical accuracy, and her extraordinary plots and characterizations.

[Back Roads, Tawni O'Dell](#) , 2001, 1101209275, 9781101209271. "One day you're that guy who's happy he managed to survive high school and get that almighty piece of paper, and you're thinking you might try to get a job at Redi-Mix

concrete where your dad's worked since the beginning of time. And at least you've got a family you can stand even if they are all sisters. One day you're that guy, and the next day you're assigned to a social worker and a therapist and given the choice of either being a LEGAL ADULT with three DEPENDENTS or an ORPHAN with NOBODY." --From Back Roads Harley Altmyer should be in college drinking Rolling Rock and chasing girls. He should be freed from his closed-minded, stricken coal town, with its lack of jobs and no sense of humor. Instead, he's constantly reminded of just how messed up his life is. With his mother in jail for killing his abusive father, Harley is an orphan with the responsibilities of an adult and the fiery, aggressive libido of a teenager. Just nineteen years old, he's marooned in the Pennsylvania backwoods caring for his three younger sisters, whose feelings about him range from stifling dependence to loathing. And once he develops an obsession with the sexy, melancholic mother of two living down the road, those Victoria's Secret catalogs just won't do the trick anymore. He wants Callie Mercer so badly he fears he will explode. But it's the family secrets, the lies, and the unspoken truths that light the fuse and erupt into a series of staggering surprises, leaving what's left of his family in tatters. Through every ordeal, the unforgettable Harley could never know that his endearing humor, his love for his sisters, and his bumbling heroics would redeem them all. Funny and heartbreaking, Tawni O'Dell's pitch-perfect characters capture the maddening confusion of adolescence and the prickly nature of family with irony and unerring honesty. Back Roads is a riveting novel by a formidable new talent.

[Wilderness: A Novel, Lance Weller](#) , 2012, 1608199371, 9781608199372. Thirty years after the Civil War's Battle of the Wilderness left him maimed, Abel Truman has found his way to the edge of the continent, the rugged, majestic coast of Washington State, where he lives alone in a driftwood shack with his beloved dog. Wilderness is the story of Abel, now an old and ailing man, and his heroic final journey over the snowbound Olympic Mountains. It's a quest he has little hope of completing but still must undertake to settle matters of the heart that predate even the horrors of the war. As Abel makes his way into the foothills, the violence he endures at the hands of two thugs who are after his dog is crosscut with his memories of the horrors of the war, the friends he lost, and the savagery he took part in and witnessed. And yet, darkness is cut by light, especially in the people who have touched his life—from Jane Dao-Ming Poole, the daughter of murdered Chinese immigrants, to Hypatia, an escaped slave who nursed him back to life, and finally to the unbearable memory of the wife and child he lost as a young man. Haunted by tragedy, loss, and unspeakable brutality, Abel has somehow managed to hold on to his humanity, finding way stations of kindness along his tortured and ultimately redemptive path. In its contrasts of light and dark, wild and tame, brutal and tender, and its attempts to reconcile a horrific war with the great evil it ended, Wilderness tells not only the moving tale of an unforgettable character, but a story about who we are as human beings, a people, and a nation. Lance Weller's immensely impressive debut immediately places him among our most talented writers.

[Whispers from the Dead, Joan Lowery Nixon](#) , 2008, 143955692X, 9781439556924. A strange voice crying for help in Spanish greets young Sarah and her family when they first set foot in their new home, and soon Sarah is struggling to find out who is trying so desperately to reach her

[Light, moving, Carolyn Miller](#) , 2009, 0976764296, 9780976764298. Poetry. In her second full-length poetry collection, Carolyn Miller visits light in each season of nature and of life, revealing shifting states of joy and grief, aging and beauty. Her unpretentious voice is as richly textured as the landscape she invokes, a remarkable landscape of the remembered and the present that she rediscovers in the gardens of San Francisco, the woods of Missouri, in each place she visits as she travels farther from home and from childhood. From the holiness of dishwater and the worship of dirt, through storms in the world and the body, from the irreversible parting of Persephone from her mother to the repair of the spirit in the suddenness of a downpour or the landing of a plane, Miller gives us "Each moment palpable / as a berry, life and

death joined at the core, / the flower against the bone."

[TeX Unbound: LaTeX and TeX Strategies for Fonts, Graphics, and More, Alan Hoenig](#) , 1998, 0195096851, 9780195096859. LaTeX is the premiere software system used for formatting technical information. It is considered the system of choice for writers in mathematics, the sciences, computer science, and engineering who need to present formulas and technical information in a clear and elegant manner. It is also increasingly used by nontechnical writers interested in superior printing and document presentation. However, users of this ubiquitous software need to know much more than how to use basic style files or LaTeX commands. They need to know how to integrate TeX--the original version of LaTeX--with other commercially available software and hardware. People also need clear, accurate and brief instructions and solutions to many common problems. This unique book is intended to provide these valuable aids. It also tells how to use LaTeX or TeX with files prepared with everyday office software such as Lotus or Wordperfect, and how to set up software links with Acrobat and hyper-text using LaTeX for internet communication.

They tear ligaments, blacken eyes, and crash headfirst into hard floors. They spend hours at practice, drawing both admiration and ridicule for their efforts. They've won nine national championships, and endured

heartbreaking losses. And they do it -- almost always -- with a smile. They are the Greenup County High cheerleading team, known to ESPN viewers as fierce athletic competitors and in northeastern Kentucky as full-fledged celebrities. Now, an award-winning journalist, James McElroy, gives us an insider's look at a squad of unlikely teenage heroines who are taking center court and raising a cheer for themselves.

[Information Protection Playbook, Greg Kane, Lorna Koppel](#) , 2013, 0124172423, 9780124172425. The primary goal of the Information Protection Playbook is to serve as a comprehensive resource for information protection (IP) professionals who must provide adequate information security at a reasonable cost. It emphasizes a holistic view of IP: one that protects the applications, systems, and networks that deliver business information from failures of confidentiality, integrity, availability, trust and accountability, and privacy. Using the guidelines provided in the Information Protection Playbook, security and information technology (IT) managers will learn how to implement the five functions of an IP framework: governance, program planning, risk management, incident response management, and program administration. These functions are based on a model promoted by the Information Systems Audit and Control Association (ISACA) and validated by thousands of Certified Information Security Managers. The five functions are further broken down into a series of objectives or milestones to be achieved in order to implement an IP framework. The extensive appendices included at the end of the book make for an excellent resource for the security or IT manager building an IP program from the ground up. They include, for example, a board of directors presentation complete with sample slides; an IP policy document checklist; a risk prioritization procedure matrix, which illustrates how to classify a threat based on a scale of high, medium, and low; a facility management self-assessment questionnaire; and a list of representative job descriptions for roles in IP. The Information Protection Playbook is a part of Elsevier's Security Executive Council Risk Management Portfolio, a collection of real world solutions and "how-to" guidelines that equip executives, practitioners, and educators with proven information for successful security and risk management programs. Emphasizes information protection guidelines that are driven by business objectives, laws, regulations, and industry standards. Draws from successful practices in global organizations, benchmarking, advice from a variety of subject-matter experts, and feedback from the organizations involved with the Security Executive Council. Includes 11 appendices full of the sample checklists, matrices, and forms that are discussed in the book.

[Style and Time: Essays on the Politics of Appearance, Andrew Benjamin](#) , 2006, 0810123347, 9780810123342.

Interruption is often read as the foundational gesture of modernity - the means through which modernity asserts its existence by claiming its discontinuity with the past. Exposing the limitations of such an understanding, this book offers a very different approach: here, modernity is the site that poses the question of how we are to continue when every attempt to think and understand the present is marked by the necessity of an interruption. Through a reading of Walter Benjamin's writings - particularly on interruption, fashion, and Jugendstil (or Art Nouveau) - Andrew Benjamin in this

work offers a sustained meditation on the role of interruption in modernity. His book departs from and elaborates an important but overlooked dimension of Benjamin's discourse: the question of style as it bears upon temporality and spatiality. of cosmopolitanism, immigration, and the graphically pornographic, for instance - the author is able to translate Benjamin's multifaceted formulations on style, the dialectical image, awakening, temporality, and spatiality into lucid and highly intelligent stylistics underscoring the philosophical notions of Schein and Erscheining, the interruptions of modernity, and the politics of sameness and otherness. Nothing less than a rethinking of the conditions of Western art as it relates to politics, architecture, and time, this study of Walter Benjamin's modernity in temporal and spatial terms is a provocative and original work of philosophy in its own right - a work that suggests that the time has come to revise existing paradigms.

[Boy land & other poems, Dawn Potter](#) , 2004, 0971248834, 9780971248830. Poetry. "One of the most difficult things in poetry is to control the 'I,' to let it stay innocent, to let it act and be acted upon freshly in the poem. Dawn Potter manages this difficult trick with ease. In her poems, no matter where she is, the consciousness is always fresh, the perceptions always immediate and the human connections always moving, moving us, as we are by the moments of life coming into focus, newly seen and absolutely clear"--Howard Levy.

[Mensa Challenge Your Brain Math and Logic Puzzles, Dave Tuller, Michael Rios](#) , 2005, 1402714491, 9781402714498. Give your brain a workout on the type of brainteasers that challenge the best solvers at the World Puzzle Championships. They're tough, but fun, and the feeling of satisfaction you get when you succeed is simply unbeatable. Some of the puzzles are oldies but goodies, like battleships--and its many variants--where you search for a fleet hidden within a grid. In "Eminent Domain," try to determine which blanks cells are owned by the numbered ones. For "Hex Loops," locate a path that travels through adjacent hexagons: the trick is, it has to end where it started, and the lines can't touch or cross. From Snaky Tiles to Spiral Galaxies, these Mensa-level conundrums will get your mind in shape.

[Charm School: Five Women of the Odyssey : a Poetic Drama in Five Parts, Randall VanderMey](#) , 2006, 0978847520, 9780978847524. Homer's Odyssey springs to life in comically witty, psychologically rich poetry full of epic resonance in Randall J. VanderMey's Charm School: Five Women of the Odyssey (Artamo Press, 2007). In dramatic monologues and dialogues, the drama of Odysseus's long-delayed homecoming from the Trojan War is told as a series of encounters with five strong women: Circe, Calypso, Nausicaa, Athena, and Penelope. The famed encounters are there--the Cyclops, the Lotus Eaters, the Clashing Rocks, the descent into the Underworld--but the real story here is one of seduction, faithfulness, devotion to duty, and the ultimate testing of love. Who is the greater hero in the end: tardy Odysseus or long-suffering Penelope? Though full of contemporary references, Charm School is true to its Homeric source; it will make a thought-provoking addition to any course in Greek mythology.

[Understanding depression: a complete guide to its diagnosis and treatment, Donald F. Klein, Paul H. Wender](#) , 1993, 0195072790, 9780195072792. Recent studies have found that one woman in five, and one man in ten, will suffer from depression or manic depression sometime during the course of their lives. This is a disturbing statistic, but there is hope, because more and more evidence has surfaced to indicate that many psychiatric disorders are biological diseases that can be successfully treated with medication. Most people, however, know little about these recent findings. They don't know how to tell if the depression they are suffering from is biological or not, nor what they can do to recover from it if it is. In Understanding Depression, eminent psychiatrists Donald Klein and Paul Wender offer a definitive guide to depressive illness--its causes, course, and symptoms. They clarify the difference between depression (which is a normal emotion) and biological depression (which is an illness), and include several self-rating tests with which readers can determine whether or not they should seek psychiatric evaluation to determine if they have a biological depressive illness. They describe the symptoms of biological depression, among them loss of energy, changes in eating habits, sleep disturbances, decreased sex drive, restlessness, poor concentration and indecisiveness, and increased use of intoxicants and drugs. And they paint a clear picture of how depressive illness can affect people's lives, using excerpts from patient

histories to show the progress of each patient from the onset of depression to treatment and recovery. The authors also discuss the different types of treatment available, including antidepressant drugs, electroconvulsive therapy, and psychotherapy, and they examine the benefits and side effects of psychopharmacological drugs (including the new antidepressants, lithium, and the controversial Prozac), related disorders (such as panic attacks, atypical depression, seasonal affective disorder, and PMS), and how to get the right kind of help. Most victims of biological depression often fail to seek help, whether out of guilt or ignorance, and many are often misdiagnosed by physicians or psychotherapists who fail to recognize the symptoms of the illness. *Understanding Depression* seeks to make the public (both lay and medical) aware of the issues of biological depression, providing a highly informed and readable guide to this much misunderstood disease.

[Life on Purpose: Six Passages to an Inspired Life, Bradford W. Swift, W. Bradford Swift](#) , 2007, 1600700241, 9781600700248. Does the road to self-discovery really have to be so long and torturous? Not at all! Cut decades off the process and take a major shortcut on the road to clarifying your true purpose, says Dr. Brad Swift: Just follow the six steps, or passages, that he outlines-and infuse purpose into every aspect of your life. Twenty years ago, Dr. Brad Swift appeared successful from the outside, but inside, he was burned out, wracked with emotional pain, and ready to end it all-because he was living at odds with his true purpose. But then he turned his life around to follow his true life calling-and in the process, invented this six-step method to determining one's life purpose. He has since made a difference in the lives of hundreds of clients who've gone on to clarify their own purpose, and in many cases, teach this life-changing work. Have you clarified your life's purpose? Don't wait until your whole life has slipped by! This book can help you make a profound difference with your life.

[Merleau-Ponty and Derrida: Intertwining Embodiment and Alterity, Jack Reynolds](#) , 2004, 0821415921, 9780821415924.

While There Have Been Many Essays devoted to comparing the work of Maurice Merleau-Ponty with that of Jacques Derrida, there has been no sustained book-length treatment of these two French philosophers. Additionally, many of the essays presuppose an oppositional relationship between them, and between phenomenology and deconstruction more generally. Jack Reynolds systematically explores their relationship by analyzing each philosopher in terms of two important and related issues - embodiment and alterity. Focusing on areas with which they are not commonly associated (e.g., Derrida on the body and Merleau-Ponty on alterity) makes clear that their work cannot be adequately characterized in a strictly oppositional way. *Merleau-Ponty and Derrida: Intertwining Embodiment and Alterity* proposes the possibility of a Merleau-Ponty-inspired philosophy that does not so avowedly seek to extricate itself from phenomenology, but that also cannot easily be dismissed as simply another instantiation of the metaphysics of presence. Reynolds argues that there are salient ethico-political reasons for choosing an alternative that accords greater attention to our embodied situation. As the first full-length

[An Introduction to Differential Geometry, Krishna S. Amur, D. J. Shetty, C. S. Bagewadi](#) , 2010, 1842656090,

9781842656099. The concept of a differentiable manifold is introduced in a simple manner without going into its topological structure. Subsequently the reader is led to the same conceptual details as are found in other texts on the subjects. Since calculus on a differentiable manifold is done via the calculus on  $R^n$ , a preliminary chapter on the calculus on  $R^n$  is added. While introducing concepts such as tangent and cotangent bundles, tensor algebra and calculus, Riemannian geometry etc., enough care is taken to provide many details which enable the reader to grasp them easily. The material of the book has been tried in class-room successfully. Queries raised by the students have helped us to improve the presentation.

[God Save the Child, Robert B. Parker](#) , 2011, 0307569551, 9780307569554. Appie Knoll is the kind of suburb where kids grow up right. But something is wrong. Fourteen-year-old Kevin Bartlett disappears. Everyone thinks he's run away -- until the comic strip ransom note arrives. It doesn't take Spenser long to get the picture -- an affluent family seething with rage, a desperate boy making strange friends...friends like Vic Harroway, body builder. Mr. Muscle is Spenser's only lead and he isn't talking...except with his fists. But when push comes to shove, when a boy's life is on the line, Spenser can speak that language too.From the Paperback edition.

for maximum performance Maximizing the performance of digital systems means optimizing their high-speed interconnections. Digital Signal Integrity gives engineers all the theory and practical methods they need to accurately model and simulate those interconnections and predict real-world performance. Whether you're modeling microprocessors, memories, DSPs, or ASICs, these techniques will get you to market faster with greater reliability. Coverage includes: In-depth reviews of inductance, capacitance, resistance, single and multiconductor transmission lines, generalized termination schemes, crosstalk, differential signaling, and other modeling/simulation issues Multiconductor interconnects: packages, sockets, connectors and buses Modal decomposition: understanding the outputs generated by commercial modeling software Layer peeling with time-domain reflectometry: its power and limitations Experimental techniques for characterizing interconnect parasitics In Digital Signal Integrity, Motorola senior engineer Brian Young presents broad coverage of modeling from data obtained through electromagnetic simulation, transmission line theory, frequency and time-domain modeling, analog circuit simulation, digital signaling, and architecture. Young offers a strong mathematical foundation for every technique, as well as over 100 end-of-chapter problems. If you're stretching the performance envelope, you must be able to rely on your models and simulations. With this book, you can.

[Neuroscience: Fundamentals for Rehabilitation, Laurie Lundy-Ekman](#) , 2012, 1455706434, 9781455706433. This practical guide connects the theory of neuroscience with real-world clinical application by utilizing first person accounts of neurological disorders and in-depth case studies. It also provides clear descriptions of a complete range of neurological disorders. Special features such as "at-a-glance" summaries, pathology boxes, and hundreds of full-color illustrations, enhance the learning experience and make it easy to master the fundamentals of neuroscience rehabilitation. Systems approach to neuroscience helps you develop a fuller understanding of concepts in the beginning of the text and apply them to new clinical disorders later in the text. Five sections: Cellular Level, Development, Systems, Regions, and Support Systems show how neural cells operate first, and then help you apply that knowledge while developing an understanding of systems neuroscience. UNIQUE! An emphasis on neuroscience issues critical for practice of physical rehabilitation such as abnormal muscle tone, chronic pain, and control of movement. Evidence-based content has been updated to reflect the most recent research. Patient experience boxes at the beginning of each chapter give insight from actual patients and the patients' experiences with disorders discussed in the text. Clinical notes case studies include bulleted information relevant to the clinician. NEW! Chapter on pain will help students understand the physiological origins of pain and how it can be treated. NEW! Color standardization in anatomy images will familiarize you with structures and their functions across systems.

[Babylonian Talmud: A Translation and Commentary, Jacob Neusner](#) , 2011, 1598565265, 9781598565263. The Hebrew Scriptures contain many hundreds of laws both religious and civil. They concern the Temple (in Exodus), the priesthood (in Leviticus), the Temple offerings and other rites (in Numbers), and the social order of Israel (in Deuteronomy). These may rightly be called the written law (Torah). The oral law is the extension of these precepts to cover all of life and its contingencies. The oral law (or Mishnah) was written down by rabbinic sages about 200 C.E. With the Talmud, Jewish sages systematized the laws in Scripture together with those of the oral tradition. While the Mishnah records rules governing the conduct of the holy life of Israel, the Talmud concerns itself with the details of the Mishnah. Israel's oral law found its definitive expression in the Talmud. The Talmud of Babylonia (a.k.a., the Bavli, or Babylonian Talmud), is a sustained commentary on the written and oral law of Israel. Compiled between 500-600 C.E., it offers a magnificent record of how Jewish scholars preserved a humane and enduring civilization. Representing the primary document of rabbinic Judaism, it throws considerable light on the New Testament as well. This monumental American translation was completed a decade ago--but was extraordinarily expensive and difficult to find--and features translations by Jacob Neusner, Tzvee Zahavy, Alan Avery-Peck, B. Barry Levy, Peter Haas, and Martin S. Jaffee, with commentary and new introductions by Jacob Neusner.

[The Stranger in the Manger: A Poetic Look at the Christ of Christmas, Thomas Whitmore](#) , 2007, 0980009626, 9780980009620. The Stranger In Manger contains an artful collection of essays, poems and Scripture that are both a primer for those unfamiliar with the Jesus of the Bible and a refresher for those who have walked with Him through the years. Dealing with such questions as: Who is Jesus? Where did He come from? Was His mission successful? What is the impact of His life on us today? Presenting a clear gospel message throughout, this book was designed as an evangelistic tool to reach the curious, the seeking and the unchurched. May God bless all those who take to heart its message and who become familiar with the Babe of Christmas Who so often is treated, and unnecessarily so, as The Stranger in the Manger today.

[A Unified Framework for Video Summarization, Browsing & Retrieval: with Applications to Consumer and Surveillance  
Video, Ziyou Xiong, Regunathan Radhakrishnan, Ajay Divakaran, Yong Rui, Thomas S. Huang](#) , 2006, 0080481531,  
9780080481531. Large volumes of video content can only be easily accessed by the use of rapid browsing and retrieval  
techniques. Constructing a video table of contents (ToC) and video highlights to enable end users to sift through all this  
data and find what they want, when they want are essential. This reference puts forth a unified framework to integrate  
these functions supporting efficient browsing and retrieval of video content. The authors have developed a cohesive way  
to create a video table of contents, video highlights, and video indices that serve to streamline the use of applications in  
consumer and surveillance video applications. The authors discuss the generation of table of contents, extraction of  
highlights, different techniques for audio and video marker recognition, and indexing with low-level features such as  
color, texture, and shape. Current applications including this summarization and browsing technology are also reviewed.  
Applications such as event detection in elevator surveillance, highlight extraction from sports video, and image and video  
database management are considered within the proposed framework. This book presents the latest in research and  
readers will find their search for knowledge completely satisfied by the breadth of the information covered in this  
volume.\* Offers the latest in cutting edge research and applications in surveillance and consumer video\* Presentation of  
a novel unified framework aimed at successfully sifting through the abundance of footage gathered daily at shopping

malls, airports, and other commercial facilities\* Concisely written by leading contributors in the signal processing industry with step-by-step instruction in building video ToC and indices

[German Verbs, William Rowlinson](#) , 1993, 0192116843, 9780192116840. The ideal companion to German Grammar, this comprehensive reference book offers quick and easy access to all the details needed to form a German verb and use it correctly. With 6,000 entries--three times the number included in any similar volume--this guide covers all the German verbs in common use today, and contains as well forty-one model verbs conjugated in full. In addition to details of a verb's meaning, infinitive, prefix, and preposition, there is information on its auxiliary verb (haben or sein), whether it is weak, strong, or mixed, what case is used, and which model verb it follows. From the student to the business person to travelers brushing up on their German for a coming trip abroad, this is an indispensable reference source for anyone who needs a handy, reliable guide to German verbs.

[Microsensors, MEMS, and Smart Devices, Julian W. Gardner, Vijay K. Varadan, Osama O. Awadelkarim](#) , 2001, 047186109X, 9780471861096. Microsensors and MEMS (micro-electro-mechanical systems) are revolutionising the semiconductor industry. A microsystem or the so-called "system-on-a-chip" combines microelectronic circuitry with microsensors and microactuators. This emergent field has seen the development of applications ranging from the electronic nose and intelligent ear to micro-tweezers and the modern ink-jet nozzle. Providing a complete overview of microsensor technologies, this unique reference addresses vital integration issues for the successful application of

microsensors, MEMS and smart devices. Features include: \* Review of traditional and emerging fabrication processes including bulk and silicon micromachining, microstereolithography and polymer processing methods. \* Focus on the use of IDT (interdigital transducer) microsensors in the development of low energy budget, wireless MEMS or micromachines. \* Coverage of the latest applications in smart devices including the electronic nose, tongue and finger, along with smart sensors and structures such as smart skin. \* An overview of the development of intelligent sensing devices through the use of sensor arrays, parametric compensation of sensor signals and ASIC technology. \* Comprehensive appendices outlining vital MEMS material properties, relevant web sites and a guide to key institutions active in the field. *Microsensors, MEMS and Smart Devices* presents readers with the means to understand and evaluate microsystems. Advanced students and researchers in microelectronics, engineers and developers of microsensor systems will find this comprehensive treatment essential reading. Detailed coverage of material properties makes this an important reference work for mechanical engineers, physicists and material scientists working in the field.

[Touched By Love, Tracy Garrett](#) , 2008, 1420107909, 9781420107906. A Texas Promise. . . Texas, 1847. Jaret Walker is a loner, a gun for hire with a heart of ice. He's never had anyone to call his own, and he likes it that way. But when a promise made to a friend leads him on a ride through the desert and to remote Two Roses Ranch where he meets Isabel Bennett, the woman he's supposed to protect, all he can think of is making her his. She's the kind of woman a rough-riding cowboy like him can never have. But her hot gaze tempts him like no other woman has before... A Scorching Desire. . . The moment Isabel Bennett lays eyes on Jaret Walker, she remembers the dreams she's denied for so long. She's sworn never to marry. It's the only way to protect her ranch. But when Walker rides into her life, she decides to let herself taste what she's giving up--a passion that burns through her with each kiss--and a desire that won't be denied... Praise for Touch of Texas. . . "Suspenseful, heart-warming, and. . . unforgettable." --New York Times bestselling author Lorraine Heath "Well-written, entertaining Western. A tender story about two people who find out that belonging to each other is all they need." --Romantic Times, 4 star review Tracy Garrett is a Western history buff and an accomplished musician who performs and also conducts a youth choir. She and her husband live near Dallas, Texas.

[Bound Feet & Western Dress: A Memoir, Pang-Mei Chang](#) , 2011, 0307792242, 9780307792242. "In China, a woman is nothing." Thus begins the saga of a woman born at the turn of the century to a well-to-do, highly respected Chinese family, a woman who continually defied the expectations of her family and the traditions of her culture. Growing up in

the perilous years between the fall of the last emperor and the Communist Revolution, Chang Yu-i's life is marked by a series of rebellions: her refusal as a child to let her mother bind her feet, her scandalous divorce, and her rise to Vice President of China's first women's bank in her later years. In the alternating voices of two generations, this dual memoir brings together a deeply textured portrait of a woman's life in China with the very American story of Yu-i's brilliant and assimilated grandniece, struggling with her own search for identity and belonging. Written in pitch-perfect prose and alive with detail, *Bound Feet and Western Dress* is the story of independent women struggling to emerge from centuries of customs and duty. From the Trade Paperback edition.

[Kinship With the Land: Regionalist Thought in Iowa, 1894-1942, E. Bradford Burns](#) , 1996, 0877455341, 9780877455349. Pioneers moving into Iowa in the nineteenth century created a distinctly rural culture: family, farm, church, and school were its dominant institutions. After decades of settlement, however, several lively and perceptive generations interpreted their political, economic, and cultural environment - their Iowa - much more imaginatively; they offered such an abundant insight, understanding, meaning, and mission that they mentally and spiritually recreated Iowa. In *Kinship with the Land* historian Brad Burns celebrates this intense period of intellectual and cultural development. Through their novels, short stories, poems, essays, drawings, and paintings, Iowa's regionalists expressed a rich abstraction of people and place. They conferred meaning, imparted understanding, defined the soil and the folk, conveyed a sense of place. Grant Wood in his overalls - the quintessential symbol of sophisticated talent and rural values - clearly represented regionalism's spiritual solidarity with the land and the people who worked it. Burns lets these Iowans speak for themselves, then interprets their distinctive voices to present a cogent case for and an understanding of the rural in an overwhelmingly urban America. *Kinship with the Land* emphasizes the importance of Iowa's intellectual and cultural history and reaffirms the state's identity at the very moment that standardization threatens to eradicate it. By endowing Iowa with vibrant, independent art and literature, regionalists made refreshing sense of their environment. Readers from every state will appreciate their generous legacy.

[Modelling the Middle Ages: The History and Theory of England's Economic Development, John Hatcher, Mark Bailey](#) , 2001, 019924412X, 9780199244126. Most of what has been written on the economy of the middle ages is deeply influenced by abstract concepts and theories. The most powerful and popular of these guiding beliefs are derived from intellectual foundations laid down in the eighteenth and nineteenth centuries by Adam Smith, Johan von Thunen, Thomas Malthus, David Ricardo, and Karl Marx. In the hands of twentieth-century historians and social scientists these venerable ideas have been moulded into three grand explanatory ideas which continue to dominate interpretations of economic development. These trumpet in turn the claims of 'commercialization', 'population and resources', or 'class power and property relations' as the prime movers of historical change. In this highly original book John Hatcher and Mark Bailey examine the structure and test the validity of these conflicting models from a variety of perspectives. In the course of their investigations they provide not only detailed reconstructions of the economic history of England in the middle ages and sustained critical commentaries on the work of leading historians, but also discussions of the philosophy and methods of history and the social sciences. The result is a short and readily intelligible introduction to medieval economic history, an up-to-date critique of established models, and a succinct treatise on historiographical method.

[Balancing Liberty and Security: An Ethical Study of U.s. Foreign Intelligence Surveillance, 2001-2009, Michelle Louise Atkin](#) , 2013, 1442219092, 9781442219090. This work examines the philosophical foundations of information ethics and their potential for application to contemporary problems in U.S. foreign intelligence surveillance. Questions concerning the limits of government intrusion on protected Fourth Amendment rights are examined against the backdrop of the post-9/11 period. Changes to U.S. foreign intelligence surveillance law and policy are analyzed by applying the traditional ethical theories commonly used to support or discount these changes, namely utilitarian and contractarian ethical theories. The resulting research combines both theoretical elements, through its use of analytic philosophy, and qualitative research methods, through its use of legislation, court cases, news media, and scholarship surrounding U.S. foreign intelligence surveillance. Using the U.S.A. PATRIOT Act, the Foreign Intelligence Surveillance Act (FISA) and the Terrorist Surveillance Program as case examples, the author develops and applies a normative ethical framework based on a legal proportionality test that can be applied to future cases involving U.S. foreign intelligence surveillance. The proportionality test developed in this research, which is based on a modified version of the Canadian Oakes Test, seeks to balance legitimate concerns about collective security against the rights of the individual. As a new synthesis of utilitarian and contractarian ethical principles, the proportionality test laid out in this book has potential for application beyond U.S. foreign intelligence surveillance. It could act as a guide to future research in other applied areas in information policy research where there is a clear tension between individual civil liberties and the collective good of society. Problems such as passenger screening, racial and ethnic profiling, data mining, and access to information could

be examined using the framework developed in this study.

[Naval wives & mistresses, Margarette Lincoln](#) , 2007, 0948065923, 9780948065927. An innovative study of naval women who stayed at home while their men went to sea, this book focuses on the second half of the 18th century a period when Britain was almost continuously at war and looks at different social groups, from the aristocratic elite to the laboring and criminal poor, from prostitutes to petty thieves. Drawing on a range of material that includes personal letters, trial reports, popular prints, and love tokens, it exposes the personal cost of warfare and imperial ambition. It also reveals the opportunities for greater self-determination that some women were able to grasp, as the responsibility for maintaining the home and bringing up children fell squarely on them in their husbands absence. The text includes many voices from the past and throws fresh light on an under-researched aspect of womens history.

[Youth Ministry in the 21st Century: The Encyclopedia of Practical Ideas, Group Publishing](#) , 2005, 0764430769, 9780764430763. [Cannabis Cultivator: A Step-by-Step Guide to Growing Marijuana, Jeff Ditchfield](#) , 2009, 1931160678, 9781931160674. Cannabis Cultivator demystifies the subject of growing pot by treating it as though it were conventional gardening. Clear, step-by-step instructions guide readers through everything from setting up the garden to the supplies needed to which systems work best. Whether growing indoors or out, starting with seedlings or clones, using hydroponic or organic systems, Jeff Ditchfields lively, jargon-free writing provides all the answers budding growers need. Lavish photography brings the entire process to life, from propagation to curing a harvest.

[Oedipus, Lowell Edmunds](#) , 2006, 0203391357, 9780203391358. An indispensable guide to the myth of Oedipus this book is the first to analyze its long and varied history from ancient times to the modern day, and presented with an authoritative survey that considers Oedipus in art and music as well as in literature. Lowell Edmunds accepts this variation as the driving force in its longevity and popularity. Refraining from seeking for an original form of the myth,

Edmunds relates the changes in content in the myth to changes in meaning, eschewing the notion that one particular version can be set as standard.

[The Global Political Economy of Israel: From War Profits to Peace Dividends, Jonathan Nitzan, Shimshon Bichler](#) , 2002, 0745316751, 9780745316758. Over the past century, Israel has been transformed from an agricultural colony, to a welfare-warfare state, to a globally integrated "market economy" characterised by great income disparities. What lies behind this transformation? In order to understand capitalist development, argue Bichler and Nitzan, we need to break the artificial separation between "economics" and "politics", and think of accumulation itself as "capitalisation of power". Applying this concept to Israel, they reveal the big picture that never makes it to the news. Diverse processes such as regional conflicts and energy crises, ruling class formation and dominant ideology, militarism and dependency, inflation and recession, the politics of high-technology and the transnationalisation of ownership are all woven into a single story. The result is a fascinating account of one of the worlds most volatile regions.

[Oxford Reading Tree: Stage 16A: TreeTops Classics: Wuthering Heights, Emily Bronte, Shirley Isherwood](#) , 2006, 0199184801, 9780199184804. These children's classics have been sensitively adapted to enrich your junior pupils' reading. They are part of a structured reading programme for juniors from Oxford Reading Tree, Stages 9-16. They have

masses of boy and girl appeal and will introduce your readers to significant authors from the past - a key part of the Literacy Strategy. Each book features two author biographies - one for the original author and one for the TreeTops author. In addition each book includes comprehension questions and teaching notes to help draw out and practice difficult comprehension strategies such as inference, empathy and deduction. There are also notes to help with historical and social context and any challenging vocabulary, ensuring the books are easily accessible. This book is also available as part of a mixed pack of 6 different books or a class pack of 36 books of the same ORT stage. Each book pack comes with a free copy of up-to-date and invaluable teaching notes.

[Power English 2: Basic Language Skills for Adults, , Dorothy Rubin](#) , 1989, 013688458X, 9780136884583. Power English encourages the rapid acquisition of fundamental writing skills. The program is based on sound learning principles and is designed to keep the learners actively engaged throughout. Power English is grounded in the principle of overlearning, which occurs when students continue practicing a skill even after it is learned. Power English consists of the Locator Test, nine worktexts, and a series review book. The Locator Test is used to place students in the appropriate text in the program. Each of the nine worktexts has five chapters that cover a variety of writing skills: usage, sentence structure, mechanics, and composition. Answers are in a special perforated section at the end of each book. The section can be left in the book or removed. The series review book, Power English 9, contains eight review tests. They can be administered individually at any time during the use of this program or as a battery at the completion of the program.

[Aratus: Phaenomena, ISSN 0068-6638, Aratus](#) , 1997, 052158230X, 9780521582308. Aratus of Soli was a highly original poet of the early third century BC, famous throughout antiquity for his didactic epic on constellations and weather signs, and imitated by later Greek and Latin poets. Modelled on Hesiod's Works and Days the poem is cleverly updated to appeal to the interests of contemporary Greek readers. This volume presents for the first time in English an edition of the poem with a full introduction, facing translation and a line-by-line commentary. The introduction explains the literary and scientific background, the characteristic features of Aratus's language, style and metre, and the transmission of the text to the end of the Middle Ages. The commentary gives help with the content of the poem and aims to resolve the many problems of text and interpretation. The text is based on a new reading of the manuscripts, including one not used before.

[Destroy, She Said](#), , 1986, 080215154X, 9780802151544. In this classic novel by the best-selling author of The Lover,

erotic intrigue masks a chillingly deceptive form of madness. Elisabeth Alione is convalescing in a hotel in rural France when she meets two men and another woman. The sophisticated dalliance among the four serves to obscure an underlying violence, which, when the curtain of civilization is drawn aside, reveals in her fellow guests a very contemporary, perhaps even new, form of insanity. Like many of Duras's novels, *Destroy, She Said* owes much to cinema, displaying a skillful interplay of dialogue and description. There are recurring moods and motifs from the Duras repertoire: eroticism, lassitude, stifled desire, a beautiful woman, a mysterious forest, a desolate provincial hotel. Included in this volume is an in-depth interview with Duras by Jacques Rivette and Jean Narboni.

[A Story of Days Gone by: A Translation of Bt Kahn : an Autobiography of Princess Shahr Bano Begam of Pataudi, Shahr Bno Begam](#) , 2012, 0199060126, 9780199060122. This book is based upon an edited English translation of a manuscript, written in Urdu by Shahr Bano Begam, daughter of Nawwab Akbar Ali Khan (1813-1862), of Pataudi and daughter-in-law of Nawwab Abdur Rahman Khan of Jhajjar. The Begum wrote her life story in 1885, and two years later, in 1887, added a short introduction to it, which makes the writing the first autobiographical work by a Muslim woman of South Asia as well as one of the earliest autobiographies in Urdu literature. This story is not just a personal narrative; it is a complete, comprehensive, and tragically fascinating account, documenting for the first time the life of South Asian women during and after the tumultuous events of 1857. Indeed this narrative's contribution to the 'mutiny' historiography is unique as thus far this is the only piece of writing that vividly paints its effects on the lives of the Indians. This small but highly fascinating writing of Shahr Bano deepens our understanding of many other facets of history that usually remain hidden in works by male historians. Nineteenth- century South Asian scholarship produced commendable works providing significant insight on matters connected with the ultimate loss of political autonomy. The majority of these works, however, portray an incomplete image of the society, as they remain limited to 'public space' only. Shahr Bano, despite being a pardah-observing woman, in a highly fascinating manner connects the 'public' to the 'private' space, and thus presents a document of immense historical significance. What is more surprising than the art of story-telling in a simple, easy-to understand style is that Shahr Bano, a novice in the art of writing, handles her pen with superb dexterity and displays the craft of a historian with precision and objectivity.

Her work has been published in Calyx, Sojourners, Mars Hill, and Christianity and the Arts. Poet Jean Janzen says "These are shimmering poems, full of motion and luminous life. Gretchen Sousa dares to dive deeply into self and memory, and emerges with surprising and evocative images. Her gaze is wide and unflinching as she sings our riches and losses in this broken world. These poems of ripe awareness are gifts that reinforce one's faith in the power of poetry to evoke the mystery and hope of our existence."

[To Rebuild a Life, Nancy Feldbush](#) , 2005, 0976631512, 9780976631514. Set during the upswing of Michigan's furniture

industry, *To Rebuild a Life* depicts the story of Peter Leighton--a man struggling to rebuild his business, and his life, after a devastating tragedy. This novel continues the suspenseful and inspirational story line introduced in *To Repay a Debt* and revolves around a diverse and passionate group of people experiencing the joys and sorrows of life in the late 1880s. Original.

[Study Guide & Working Papers to accompany Advanced Accounting, Joe Ben Hoyle, Thomas Schaefer, Timothy Doupnik](#) , 2010, 0077268040, 9780077268046. While many texts characterize themselves as having either a user approach or a preparer approach, Williams Financial Accounting is written for faculty who want to strike a balance between these approaches. Business majors will find relevance in the Ethics, Fraud & Corporate Governance, Your Turn and Case in Point boxes throughout the chapters while accounting majors will receive a firm grounding in accounting basics that will prepare them for their intermediate course. A unique feature is the multimedia companion, My Mentor. This text-specific technology resource (available free on the books website) uses video clips, animated graphics, PowerPoints and Excel templates to demonstrate accounting concepts visually. This allows students to link concepts and numbers together in an interactive rather than print environment.

[A Modest Proposal and Other Writings, Jonathan Swift](#) , 2009, 0140436421, 9780140436426. The Penguin Classics edition of Jonathan Swift's savagely satirical *A Modest Proposal and Other Writings* is edited with an introduction and notes by Carol Fabricant. To ease poverty in Ireland by eating the children of the poor was the satirical 'solution' suggested by Jonathan Swift in his essay 'A Modest Proposal' (1729). Here Swift unleashes the full power of his ironic armoury and corrosive wit, finding his targets - the British ruling class and avaricious landlords, and the brutalized Irish, complicit in their own oppression - with deadly precision. His masterly essay is accompanied by a generous selection of prose works, among them pamphlets attacking British rule in his native Ireland, periodical essays critiquing the new capitalist and military classes, a journal detailing his political activities in London, a loving tribute to his beloved 'Stella' after her death and pieces on such diverse subjects as the absurdities of astrology, the joys of punning and comical rules for servants. Ingenious and unconventional, Swift is revealed here as one of the greatest satirists in the English language. In her introduction to this new edition, Carol Fabricant discusses Swift's life and turbulent times, his political views and his powers as a writer of complex irony and intricate word play. This volume also includes a chronology, further reading, a glossary, notes and a biographical dictionary. Jonathan Swift (1667-1745) was born in Dublin. Sent to Kilkenny Grammar School when he was six, Swift later attended Trinity College, Dublin, where he received his BA degree in 1686. He is considered the foremost prose satirist in the English language, which stemmed from his criticism of Britain's repressive colonial policies in Ireland. Among Swift's best known works are his ironic masterpiece, 'A Modest Proposal' (1729), and his novel, *Gulliver's Travels* (1726). If you enjoyed *A Modest Proposal*, you might like Alexander Pope's *The Rape of the Lock and Other Major Writings*, also available in Penguin Classics.

[Torn, Amber Lehman](#) , 2010, 0979593360, 9780979593369. It was different this time; we weren't acting on a dare. I knew our motive; we were practicing the act, hoping to impress the right boy when it came time. But then something happened in the mix of the moment, in the mix of the alcohol. It wasn't planned, but somehow our kissing experiment turned into something else. Things went further . . . and once they had, once I returned to earth from the euphoria . . . I wrestled with my feelings at that frank realization, questioning whether our said objective was entirely true. When fourteen-year old Krista McKinley transfers from Catholic school in Ohio to California's public Crestmount High, she discovers she has a lot to learn. Luckily, she is befriended by Carrie and Brandon and things start to look up. But when a simple dare tests Krista's values, it sends her entire world spiraling into a confusing series of events that leaves her questioning her identity as well as the people around her.

[Architect?: A Candid Guide to the Profession, Roger K. Lewis](#) , 1998, 0262621215, 9780262621212. The first edition of Architect?, published in 1985, quickly became known as the best basic guide to the architectural profession. More than a decade later, it is a standard text for introductory courses on architecture and recommended reading on the application forms of many schools of architecture. This revised edition includes new information pertinent to current education and practice and addresses issues and concerns of great interest to students choosing among different types of programs, schools, firms, and architectural career paths. Roger K. Lewis, a practicing architect and educator, takes a hard look at the education of the architect as he covers such topics as curriculum content, pedagogical theories and methods, program and faculty types, the admission process, internship, compensation, computer-aided design, and the culture of small and large firms. He tells how an architect works and gets work, and explains all aspects of architectural services, from initial client contact to construction oversight. The author describes the benefits of becoming an architect, including the opportunity to express oneself creatively, to improve the environment, and to achieve notoriety. But he doesn't hesitate to show the other side--the lack of steady work and appropriate compensation, the intensity of competition, the restrictions imposed by clients, and the high degree of anxiety and disillusionment among young architects. Written in a clear, accessible style, the book is accompanied by the author's often-humorous illustrations and a valuable appendix.

[Besos de animales, Barney Saltzberg](#) , 2004, 0152054480, 9780152054489. Do you like scratchy gato kisses or sticky perro kisses? How about a fuzzy oso kiss? It's time to pucker up for this new Spanish-language edition of Barney Saltzberg's hugely popular Animal Kisses. Children everywhere will adore the colorful menagerie of cuddly animals--and the velvety, squeaky, furry besos that make this sweet touch-and-feel book simply irresistible.
