September 2012

Dear All

Please find enclosed the latest newsletter, Christmas card order form and the details of the workshops being held by Dr George Carlo in January 2013.

We have produced an ES-UK sticker; please see below, they have been produced on a relatively short run until we can assess the demand for them. The cost is 3 pence each plus postage; please make cheques payable to ES-UK.

For those of you who showed an interest in the light bulb trial, there has been a delay and you will not expect to receive light bulbs until very possibly the New Year.

Yours sincerely

**Brian Stein
Trustee
Electro Sensitivity UK**
