Analysis of Assets & Liabilities of Regional Parties – FY 2011-12 to 2015-16

Introduction

There are a set of **accounting standards** set for commercial, industrial and business enterprises and these accounting standards are issued by the **Institute of Chartered Accountant of India (ICAI)**. Political parties fall under the non-commercial, non-industrial or non-business entity. Thus, the **standard accounting formats** of the other entities are **not applicable** to political parties.

The **Election Commission of India (ECI)** requested for recommendations from the **ICAI** to bring **uniformity** in the accounting and auditing practices of political parties. Thus, the *“Guidance note on Accounting & Auditing of political parties”* or the *“Accounting guidelines”* were formulated in **February, 2012** by the ICAI on the request of the ECI, in order to **improve accounting** and auditing standards of political parties and **improve transparency** in their finances. These guidelines laid down **principles** of recognition, measurement and disclosure items of income, expenditure, assets and liabilities in the financial statements of political parties.

This report analyses the **assets** and **liabilities** declared by the **22 Regional Parties** between **FY 2011-12 and 2015-16** – AAP, AGP, AIADMK, AIFB, BPF, DMDK, DMK, JKPDP, JDS, JDU, JMM, JVM(P), LJP, MNS, RLD, SAD, SFD, Shiv Sena (SHS), SP, TDP, TRS, YSR-Congress.

Executive Summary

Frequently asked questions

- **What is a balance sheet?**

Balance sheet contains information on three main financial aspects of the entity, which is a political party in this case.

a) The **“Assets”** of the party are resources such as cash, their bank investments, moveable and immovable properties, vehicles, etc.; b) The **“Capital”** or **“Reserve Fund”** portion of the balance sheet is the accumulated wealth of the political party which is essentially assets minus any liabilities of the party; c) The **“Liabilities”** of a political party includes borrowings from banks, unsecured loans, access to overdraft facilities, etc.

- **What is special about assets and liabilities/ income & expenditure of political parties?**

The accounting standards were created keeping in mind the nature of activities of the entities, be it commercial, industrial or business. While political parties do not perform any commercial activities, the purpose of the accounting standard i.e. maintain uniformity in presentation, is kept intact by merely modifying the terminology such as *“Income and Expenditure”* in place of *“Profit and Loss”*.

- **What are ECI’s transparency guidelines?**

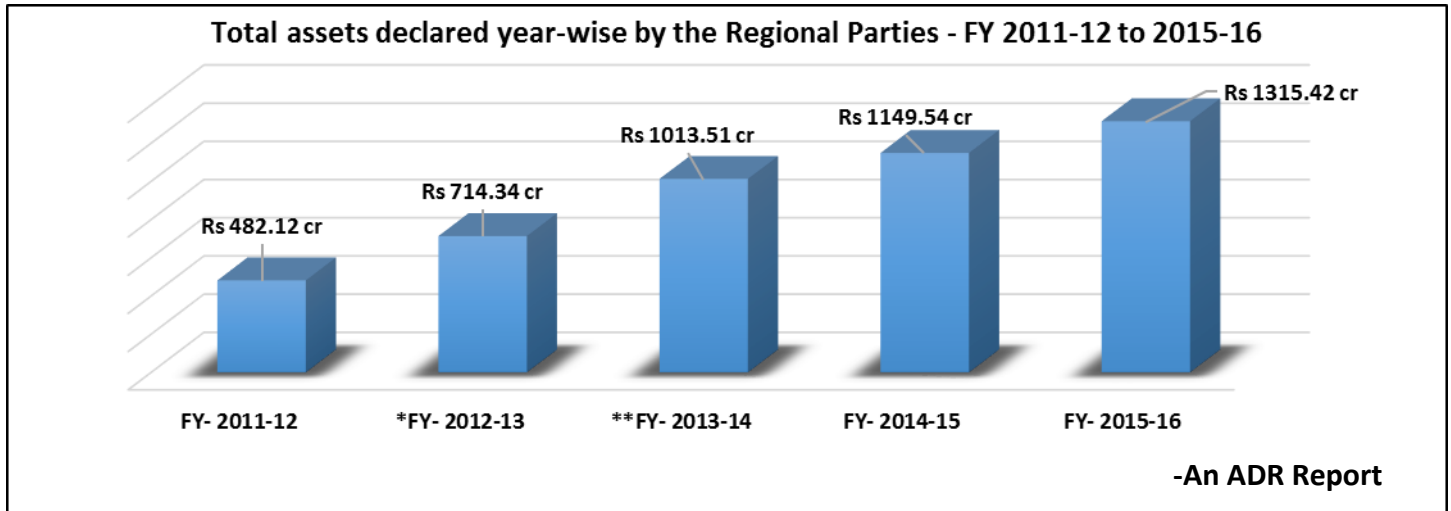

Article 324 of the Constitution empowers the ECI with **plenary powers** which was established in the **Supreme Court judgement** (AIR 1978 SC 851) by stating that the Commission has the **powers to fill any legal vacuum** so as to promote free and fair elections. The [transparency guidelines](#), circulated in 2014, were lawful instructions issued after consultation with all recognised parties and hence are binding. These guidelines were formulated to improve financial transparency in political parties and strongly advised the parties to follow the ICAI guidelines formulated and circulated in February, 2012.

- **What information is captured in this report?**

The **assets**, **liabilities** and **capital** declared by the **22 Regional Parties (Annexure-1)** between **FY 2011-12 and 2015-16** have been taken up for analysis in this report. The **assets** include fixed assets, loans & advances, deposits made, investments, etc. while the **liabilities** include bank borrowings, sundry creditors, overdrafts, other liabilities, etc. The **capital/ reserve fund** is the amount set aside by the parties after subtracting liabilities from the total assets, every year, for party expenditure.

Declaration of assets by the Regional Parties – FY 2011 to 2015-16

Observations & Recommendations of ADR

Observations

1. According to the ICAI guidelines, parties are directed to **declare details** of the financial institutions, banks or **agencies from whom loans** were taken. The guidelines specify that the parties should state the *“terms of repayment of term loans”* on the basis of due date such as a year, 1-5 years or payable after 5 years – **not declared by the Regional Parties**.
2. Details of loans given by the parties in cash/ kind should be specified and if it constitutes more than 10% of the total loans, **nature and amount of such loans** should be declared specifically by the parties - **not declared by the Regional Parties**.
3. **ICAI guidelines** on auditing of political parties which were also **endorsed by the ECI** in order to improve transparency in the finances of political parties, **remain guidelines only** and have not been actively taken up by the political parties as a mandatory procedure to disclose details of their income. These guidelines were

meant to **standardize the format** of financial statements of parties apart from **improving disclosure** of income, expenditure, assets and liabilities of the unique association, political parties. Details of disclosure included:

- a. Classification and disclosure of details of donors (individuals, companies, institutions and others) – **classification not declared by the Regional Parties.**
- b. Revenue from **issuance of coupons** of different **denominations** to be disclosed separately – **not declared by the Regional Parties.**

Recommendations

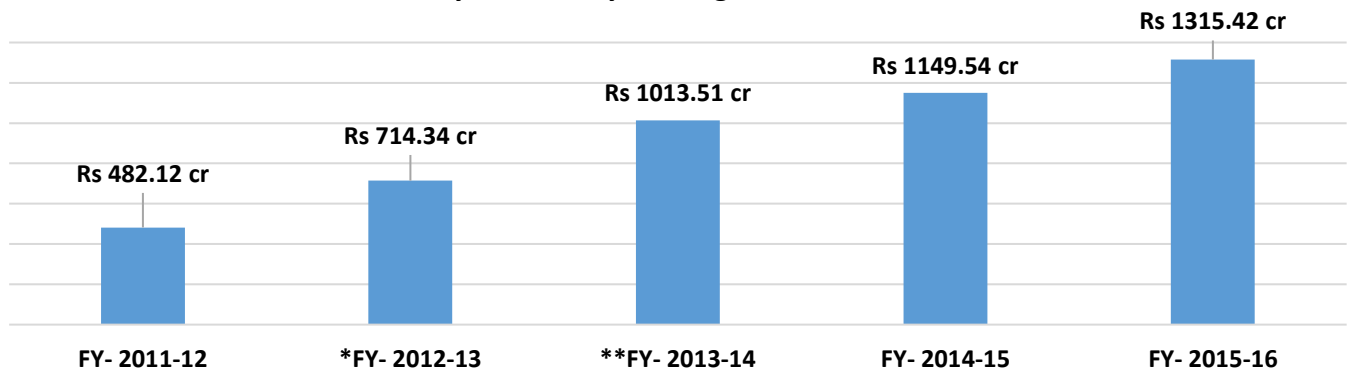

1. **Changing of auditors** every three years:
 - a. The amended [Companies Act, 2013](#), which came into force on 29th Aug, 2013, stated that **no Company** shall have an auditor for **more than 5 years** but this rule was **not applied** for political parties. Hence, designating a firm/person for auditing of accounts of parties for long durations is not desirable as there is a feasibility of making finances of parties **as opaque as possible.**
 - b. Indian laws do not permit **foreign auditing firms** to operate directly in India but they might have a **tie-up with domestic auditing firms** which may enable **foreign companies** to have **access to** the parties' internal accounting.
 - c. The 255th Law Commission report has recommended that the accounts of political parties be "audited by a qualified and practicing Chartered Accountant **from a panel** of such accountants maintained for the purpose by the **Comptroller and Auditor General.**" However as per the current practice, political parties **choose their auditors** entirely on their own. This needs to change.
2. As the income-expenditure statements of political parties are **assessed rarely** (even those of National Parties), authenticity of the accounts submitted **remains doubtful.** When the authenticity is not verified, the auditors who might be **under-reporting** the accounts, remain **out of purview of punishment.** With online submission of IT Returns, political parties do not submit details of income, expenditure and assets and liabilities as attachments. Thus, the IT department too does not have enough information on the finances of political parties! **Annual scrutiny of documents submitted by political parties is recommended.**
3. The 170th Law Commission report recommended introduction of **Section 78A** in the RPA and proposed penalties for political parties defaulting in the maintenance of accounts. This needs to be introduced and implemented.
4. **Section 276CC of the IT Act** penalizes individuals who fail to submit their IT returns. Similar **legal provisions** should be applicable to political parties too. Supreme Court judgement in Common Cause vs. Union of India & ors. had stated that when parties default in filing their returns, prima facie they violate provision of IT Act.
