

nfluence 2k11 Innovating the future..

PRESENTS

'INICIO' is a new beginning for building a new class of multidiscipline professionals having an expertise in both technical and entrepreneur skills. Being the first event of its kind to be organised in INDIA, 'INICIO', adds on, in golden letters, to the unparalleled list of events to be organised at CONFLUENCE 2KXI. At 'INICIO' we invite teams from all over India to submit an executive report on an innovative technical idea. After scrutiny of these reports by our panel of experts 30 teams will be shortlisted and mentors will be provided to them, and will be asked to submit a final review report on their idea. These 30 teams will then be invited to CONFLUENCE 2KXI, where the best technopreneur will be announced after various rounds, that will put their technical and entrepreneurial skills to test, who awaits a heavy cash prize, a lot of opportunities and who knows what else.

Being the spearhead of our nation's development, it is our duty of us youngsters to come up with ideas that can change the life of millions.
