

[A Historical Introduction to the Philosophy of Science, John Losee](#) , 1993, 0192892479, 9780192892478. This new edition brings up to date this accessible study of the philosophy of science. Since the time of Plato and Aristotle, scientists and philosophers have raised questions about the proper evaluation of scientific interpretations. A Historical Introduction to the Philosophy of Science is an exposition of differing viewpoints on issues such as the distinction between scientific inquiry and other types of interpretation, the relationship between theories and observation reports; the evaluation of competing theories; and the nature of progress in science. The author makes accessible the philosophy of science to readers who may not have extensive knowledge of formal logic or the history of the several sciences. The third edition incorporates an extended discussion of recent developments. Historicist critics of Logical Empiricism have established that evaluative standards and cognitive aims have changed within the history of science. This edition examines these changes, the recent controversies over scientific realism, causal theories of explanation, Bayesian theories of confirmation, and the search for a non-prescriptive philosophy of science. philosophers have raised questions about the proper evaluation of scientific interpretations. This is a lucid and accessible introduction to the philosophy of science, ideal for readers who may not have the extensive knowledge of formal logic or the history of the several sciences. This new edition includes an extended discussion of such recent developments and controversies as new approaches to evaluative standards and cognitive aims, scientific realism, causal theories of explanation, Bayesian theories of confirmation, and the search for a non-prescriptive philosophy of science.

[The Political Animal, Jeremy Paxman](#) , 2007, 0141032960, 9780141032962. Jeremy Paxman knows every manoeuvre a politician will make to avoid answering a difficult question, but here he seeks an answer to just one: What makes politicians tick? Embarking on a journey in which he encounters movers and shakers past and present, he discovers: that Prime Ministers have often lost a parent in childhood why Trollope is the politicians novelist of choice that Lloyd George once hunted Jack the Ripper how an Admirals speech in parliament helped win WWII Where do politicians come from? How do they get elected? What do they do all day? And why do they seek power? All these questions and many more are addressed in Paxmans thrilling dissection of that strange and elusive breed the political animal.

[Unemployment and Macroeconomics, Assar Lindbeck](#) , 1993, 0262121751, 9780262121750. Assar Lindbeck demonstrates how macroeconomic analysis can incorporate a labor market characterized by unemployment. Balancing theoretical insights with lessons drawn from the experience of many countries, Lindbeck examines employment and unemployment against the background of developed market economies during the past century. Using the insider-

outsider model of unemployment and incorporating discussions of other approaches for comparison, Lindbeck addresses such questions as why unemployment exists, and how aggregate employment and unemployment are determined; what initial impulses or "shocks" precipitate changes in the levels of aggregate employment and unemployment, and how these are transmitted to the labor market; and how the apparent persistence of unemployment can be explained even when the initial shocks are reversed. Lindbeck draws policy conclusions from this analysis that include power-reducing and enfranchising policies as well as other institutional reforms. While Lindbeck's approach is primarily macroeconomic, it is based on microfoundations, including an analysis of the microeconomic incentives and opportunities for unemployed workers. He also raises issues of hiring and firing, the market power of incumbent workers, the design of unemployment benefit systems, the organization of wage bargaining, labor market training, and exchange systems, and public sector employment programs. Assar Lindbeck is Professor and Director of the Institute for International Economic Studies at the University of Stockholm in Sweden. He is coauthor, with Dennis Snower, of

[Mosaic, Soheir Khashoggi](#) , 2007, 1429912979, 9781429912976. Set against the bustling backdrop of New York City and the exotic splendor of Jordan, Mosaic is a story of love and betrayal, of a clash of cultures and traditions---and one woman's struggle to rebuild her life. Like many working mothers, Dina Ahmed has become adept at juggling her family and her work. She's the owner of Mosaic, a thriving floral design business, and has been blessed with success, beauty, and, most important, a happy family. But when she returns home one day to discover that her six-year-old twins have vanished, Dina is forced to admit that her life and her marriage were not as perfect as she'd once believed. After many desperate phone calls---and anxious hours spent piecing the puzzle together---Dina accepts the terrible truth: Her husband, Karim, has taken the twins to his homeland of Jordan to raise the children with his family there. The authorities can do nothing to bring Dina's children back, and even her father's contacts in the U.S. State Department are of little help. Karim's family is wealthy and powerful, and even though Dina is half Arab herself, her options are limited. Distraught, but determined to fight, Dina travels to Jordan to confront her husband and to enact a desperate plan to get her children back---but at what risk? At the publisher's request, this title is being sold without Digital Rights Management software (DRM) applied.

[Marketing Plans: How to Prepare Them, How to Use Them, Malcolm McDonald, Hugh Wilson](#) , 2011, 0470670126, 9780470670125. Now in its 7th edition, Marketing Plans is a highly renowned international bestseller. The book has been thoroughly revised, and every chapter has been carefully updated with special attention to the latest developments in

marketing. To accomplish this, Professor Malcolm McDonald has been joined in this edition by Professor Hugh Wilson, a leading expert on CRM and multichannel strategy as well as marketing planning. Major changes to this edition include new chapters based on the very latest research on: Planning for integrated marketing communications and digital marketing Developing multichannel strategy Developing the CRM plan Marketing effectiveness and accountability Marketing Plans is designed as a tool and a user-friendly learning, resource. Every point illustrated by powerful practical examples and made actionable through simple, step-by-step templates and exercises. The book is established as essential reading for all serious professional marketers and students of marketing, from undergraduate and postgraduate to professional courses for bodies such as CIM. Above all it provides a practical, hands-on guide to implementing every single concept included in the text. "It is clearly and powerfully written and is probably the best book on the theory and practice of marketing planning ever written. It is a best-seller in Europe and I strongly recommend the book to anyone with an interest in marketing planning." Warren J. Keegan, Professor of International Business and Marketing Director, Institute for Global Business Strategy, Pace University, New York "I am extremely impressed by the step lucidity of what is presented." Dr D. H. Eaton, North Carolina University "A book reaching the quantities sold of Marketing Plans must be a book that is really used. It is not difficult to see why. Malcolm McDonald writes about what to do in marketing and how to do it. Unlike many academic marketing writers, he will never let you forget that marketing ends with ing." Kenneth Simmonds, Professor of Marketing and International Business, London Business School "Malcolm McDonald is clearly one of the most respected Professors of Marketing in Europe and the author of a number of outstanding books. The fact that Marketing Plans has been such a massive seller offers testimony of this. McDonald writes with clarity and insight that is becoming increasingly rare today. It is powerful, up to date and has proved that it works. I recommend it to you!" John D. Ryans, Jr, Bridgestone Professor of International and Professor of International Marketing, Kent State University, Ohio

[Rules of Civility, Moncure Daniel Conway, George Washington](#) , 2007, 1604241330, 9781604241334. Among the manuscript books of George Washington, preserved in the State Archives at Washington City, the earliest bears the date,

written in it by himself, 1745. Washington was born February 11, 1731 O. S., so that while writing in this book he was either near the close of his fourteenth, or in his fifteenth, year. It is entitled "Forms of Writing", has thirty folio pages, and the contents, all in his boyish handwriting, are sufficiently curious. Amid copied forms of exchange, bonds, receipts, sales, and similar exercises, occasionally, in ornate penmanship, there are poetic selections, among them lines of a religious tone on "True Happiness". But the great interest of the book centres in the pages headed : "Rules of Civility and Decent Behaviour in Company and Conversation". The book had been gnawed at the bottom by Mount Vernon mice, before it reached the State Archives, and nine of the 110 Rules have thus suffered, the sense of several being lost...

[New England Novel #02: Sugar Creek Inn, Sharon Snow Sirois](#) , 2002, 0967905281, 9780967905280. "...here on Eagle Lake ...the Miller family runs the Sugar Creek Inn. There is never a dull moment between the four spirited sisters, the two elderly brothers who are permanent house guests, the boyfriend whom everyone loves, the boyfriend whom nobody likes, the regular house guests, and the Miller's two rowdy dogs."-- p. Many black adventurers havepassed unsung into history, and yet they played vital roles in innumerable explorations. Renowned author Jim Haskins describes the feats of those whose imagination and courage led them to new worlds, against all opposition.

[House of Illusions, Pauline Gedge](#) , 2010, 014316743X, 9780143167433. Pauline Gedge is a master at recreating the golden age in Egypt. Her heroin, Thu, a peasant girl from the village of Aswat, possesses both beauty and intelligence. To her good fortune Thu is found and brought to the center of society. She is chosen and trained for the court of Pharaoh Ramses. Her talent and guile win her a post in the harem.]] Thu rises in favor, is betrayed in a court intrigue that threatens her life and falls from grace. Pharaoh spares her life but banishes her to serve the priests at the lowly temple of Wepwawet near the first cataract.]] House of Illusions opens on Gedges vividly recreated Egypt, sixteen years after Thus banishment. During her exile she writes an account of her court life and the betrayal for which she seeks revenge. These events took place three thousand years ago. Daily life and custom are woven into the story. In a world without soap and little water, natron serves quite well. Gedge is able to get into the mind of the courtiers and their attitudes to their servants. While beneath them, these inferior beings are very much a part of the family of the house.]] The mysterious Hathor, Thoth, Amun and Maat are part of the Egyptian pantheon. They enter the daily life of the characters and the mystery begins to make sense. Never again will the reader scoff at these queer religious notions. The harmony and truth Maat embodies is the guiding principal Thu believes in seeking her revenge.

[Tours of Vietnam: War, Travel Guides, and Memory, Scott Laderman](#) , 2008, 0822392356, 9780822392354. DIVIn Tours of Vietnam, Scott Laderman demonstrates how tourist literature has shaped Americans understanding of Vietnam and projections of United States power since the mid-twentieth century. Laderman analyzes portrayals of Vietnams land, history, culture, economy, and people in travel narratives, U.S. military guides, and tourist guidebooks, pamphlets, and brochures. Whether implying that Vietnamese women were in need of saving by manly American military power or celebrating the neoliberal reforms Vietnam implemented in the 1980s, ostensibly neutral guides have repeatedly represented events, particularly those related to the Vietnam War, in ways that favor the global ambitions of the United States. Tracing a history of ideological assertions embedded in travel discourse, Laderman analyzes the use of tourism in the Republic of Vietnam as a form of Cold War cultural diplomacy by a fledgling state that, according to one pamphlet

published by the Vietnamese tourism authorities, was joining the family of free nations. He chronicles the evolution of the Defense Department pocket guides to Vietnam, the first of which, published in 1963, promoted military service in Southeast Asia by touting the exciting opportunities offered by Vietnam to sightsee, swim, hunt, and water-ski. Laderman points out that, despite historians ongoing and well-documented uncertainty about the facts of the 1968 Hue Massacre during the National Liberation Fronts occupation of the former imperial capital, the incident often appears in English-language guidebooks as a settled narrative of revolutionary Vietnamese atrocity. And turning to the War Remnants Museum in Ho Chi Minh City, he notes that, while most contemporary accounts concede that the United States perpetrated gruesome acts of violence in Vietnam, many tourists and travel writers still dismiss the museums display of that record as little more than propaganda./div

[Optical Code Division Multiple Access Communication Networks: Theory and Applications, Hongxi Yin, David J. Richardson](#) , 2009, 3540684689, 9783540684688. Optical code division multiple access (OCDMA) communication network technology will play an important role in future optical networks, such as optical access and metropolitan area networks. OCDMA technology can also be applied to implement optical signal multiplexing and label switching on backbone networks. Optical Code Division Multiple Access Communication Networks - Theory and Applications introduces the code theory of OCDMA, the methods and technologies of OCDMA encoding and decoding, the theory and methods of analyzing OCDMA systems with various receiver models and realizing multiple-class services with different bit rates and QoS. In addition, OCDMA network architectures, protocols and applications are discussed in detail. The up-to-date theoretical and experimental results on OCDMA systems and networks are also reported. A large number of encoding/decoding examples and many analysis and simulation results of code and system performances are given. It is a valuable text and/or reference book for postgraduates majoring in telecommunication and photonics to obtain a well-knit theoretical foundation and for engineers in R&D and management of optical communications. Dr. Yin is an Associate Professor of the School of Electronics Engineering and Computer Science at Peking University, China, and was a Visiting Research Fellow of Optoelectronics Research Centre (ORC) at University of Southampton, UK. Dr. Richardson is a Professor for optical communications and Deputy Director of ORC at University of Southampton, UK, and is responsible for much of the ORC's fiber related activities.

[Always the Fat Kid: The Truth About the Enduring Effects of Childhood Obesity, Jacob Warren, K. Bryant Smalley](#) , 2013, 0230341772, 9780230341777. Childhood obesity in the United States has tripled in a generation. But while debates continue over the content of school lunches and the dangers of fast food, we are just beginning to recognize the full extent of the long-term physical, psychological, and social problems that overweight children will endure throughout their lives. Most dramatically, children today have a shorter life expectancy than their parents, something never beforeseen in

the course of human history. They will face more chronic illnesses such as heart disease and diabetes that will further burden our healthcare system. Here, authors Jacob Warren and K. Bryant Smalley examine the full effects of childhood obesity and offer the provocative message that being overweight in youth is not a disease but the result of poor lifestyle choices. There is a clarion call for parents to have "the talk" with their kids, which medical professionals say is a harder topic to address than sex or drugs. Urgent, timely, and authoritative, *Always the Fat Kid* delivers a message our society can no longer ignore.

[The Secret Lives of Somerset Maugham: A Biography, Selina Hastings](#) , 2010, 0679603719, 9780679603719. He was a brilliant teller of tales, one of the most widely read authors of the twentieth century, and at one time the most famous writer in the world, yet W. Somerset Maugham's own true story has never been fully told. At last, the fascinating truth is revealed in a landmark biography by the award-winning writer Selina Hastings. Granted unprecedented access to Maugham's personal correspondence and to newly uncovered interviews with his only child, Hastings portrays the secret loves, betrayals, integrity, and passion that inspired Maugham to create such classics as *The Razor's Edge* and *Of Human Bondage*. Hastings vividly presents Maugham's lonely childhood spent with unloving relatives after the death of his parents, a trauma that resulted in shyness, a stammer, and for the rest of his life an urgent need for physical tenderness. Here, too, are his adult triumphs on the stage and page, works that allowed him a glittering social life in which he befriended and sometimes fell out with such luminaries as Dorothy Parker, Charlie Chaplin, D. H. Lawrence, and Winston Churchill. *The Secret Lives of Somerset Maugham* portrays in full for the first time Maugham's disastrous marriage to Syrie Wellcome, a manipulative society woman of dubious morality who trapped Maugham with a pregnancy and an attempted suicide. Hastings also explores Maugham's many affairs with men, including his great love, Gerald Haxton, an alcoholic charmer and a cad. Maugham's courageous work in secret intelligence during two world wars is described in fascinating detail. Experiences that provided the inspiration for the groundbreaking *Ashenden* stories. From the West End to Broadway, from China to the South Pacific, Maugham's restless and remarkably productive life is thrillingly recounted as Hastings uncovers the real stories behind such classics as *Rain*, *The Painted Veil*, *Cakes & Ale*, and other well-known tales. An epic biography of a hugely talented and hugely conflicted man, *The Secret Lives of Somerset Maugham* is the definitive account of Maugham's extraordinary life. From the Hardcover edition.

[The Sex Lives of Saints: An Erotics of Ancient Hagiography, Virginia Burrus](#) , 2011, 0812200721, 9780812200720. Has a repressive morality been the primary contribution of Christianity to the history of sexuality? The ascetic concerns that

pervade ancient Christian texts would seem to support such a common assumption. Focusing on hagiographical literature, Virginia Burrus pursues a fresh path of interpretation, arguing that the early accounts of the lives of saints are not antierotic but rather convey a sublimely transgressive "countereroticism" that resists the marital, procreative ethic of sexuality found in other strands of Christian tradition. Without reducing the erotics of ancient hagiography to a single formula, *The Sex Lives of Saints* frames the broad historical, theological, and theoretical issues at stake in such a revisionist interpretation of ascetic eroticism, with particular reference to the work of Michel Foucault and Georges Bataille, David Halperin and Geoffrey Harpham, Leo Bersani and Jean Baudrillard. Burrus subsequently proceeds through close, performative readings of the earliest Lives of Saints, mostly dating to the late fourth and early fifth centuries: Jerome's Lives of Paul, Malchus, Hilarion, and Paula; Gregory of Nyssa's Life of Macrina; Augustine's portrait of Monica; Sulpicius Severus's Life of Martin; and the slightly later Lives of so-called harlot saints. Queer, s/m, and postcolonial theories are among the contemporary discourses that prove intriguingly resonant with an ancient art of "saintly" loving that remains, in Burrus's reading, promisingly mobile, diverse, and open-ended.

[Two Evils, P. J. Tracy](#) , 2013, 071815276X, 9780718152765. Two Evils is the latest Gino and Magozzi thriller from bestseller PJ Tracy. As the nights draw in so the killings begin . . . A missing girl is found dead in a parking lot, her throat cut. Two young immigrants are gunned down in their apartment. And with each passing day the body count rises . . . For Minneapolis homicide detectives Gino and Magozzi it seems that this autumn the bodies are falling faster than the leaves. With few leads to go on, yet evidence that these killings are linked to others taking place in other cities, the pair turn to Grace McBride, maverick computer analyst. What Grace uncovers forces Gino and Magozzi to make a dreadful and fateful choice: down which twisted path does the lesser of two evils lie . . . PJ Tracy fans will not be disappointed with Two Evils. Like *Dead Run*, *Live Bait* and *Play to Kill* before it, *Two Evils* sparks with crackling dialogue and an ingenious plot, as Grace MacBride, Gino and Magozzi are reunited. Fans of Tess Gerritsen, Karen Rose and Lisa Gardiner should sit up and pay attention. Praise for PJ Tracy: 'Outrageously suspenseful' Harlan Coben 'A fast-paced gripping read with thrills and devilish twists' Guardian 'A powerful thriller and an ingenious plot' Observer P.J. Tracy is the pseudonym for the mother-and-daughter writing team of P.J. and Traci Lambrecht. They are the authors of the award-winning and bestselling thrillers *Live Bait*, *Dead Run*, *Snow Blind*, *Play to Kill* and the Richard and Judy Book Club pick *Want to Play?* All five books feature detectives Gino and Magozzi and maverick computer hacker Grace McBride. P.J. and Traci both live near Minneapolis, Minnesota. www.pjtracy.net

[Review of Working Practices: House of Lords Papers 2003-04,162, Great Britain: Parliament: House of Lords: Leader's Group](#) , 2004, . In July 2002, the House of Lords agreed to implement a package of new working practices recommended by the Procedure Committee (HLP 148, session 2001-02; ISBN 0104117028), for an experimental period of two sessions. As this period will come to an end with the current 2003-04 session, this report by the Leader's Group reviews these procedural changes and makes recommendations on their possible retention, modification or reversal. Following a consultation of members of the House of Lords, the recommendations seek to achieve a balance which reflects widely held views in the House, whilst also taking practical implications into account. Recommendations include: retention of pre-legislative scrutiny of bills on a case-by-case basis; continuation of arrangements for carry-over of bills from one session to another where there is general agreement in the House; and that the arrangements for a target rising time of 10pm on Monday to Wednesday should continue.

With this coloring book, children can bring Lady's world to life as seen through their eyes. Illustrated by a group of former Disney Animators with classic detail and expression, this coloring book is sure to be a favorite.

[Progress in combat identification: Ministry of Defence, Great Britain: National Audit Office](#) , 2006, 0102937168, 9780102937169. Combat identification is the way military personnel distinguish friend from foe and non-combatants during operations; it is complex and spans all the military environments (land, maritime and air). The NAO was asked by

the chairman of the Committee of Public Accounts to review progress made in combat identification capability, and lessons learned from recent operations, following the NAO 2002 report (HC 661, session 2001-02, ISBN 0102914362) and the Committee of Public Account's (PAC) recommendations (56th report, HC 759, session 2001-02, reproduced in an appendix here). The review finds that the Ministry of Defence has made progress in developing policy and tactics, techniques and procedures, improving data collection, giving greater recognition to human factors through, for example, new training courses, and developing solutions with some new equipment fielded for Operation TELIC (Iraq). Specific recommendations for further progress are: full implementation of the PAC recommendations; develop a strategy for introducing a revised policy; continue to focus on gaining agreement between principal allies on compatible technology and tactics, techniques and procedures to improve future coalition combat identification capability; improvement in management of the collation and analysis of fratricide data.

[Truth as One and Many, Michael P. Lynch](#) , 2009, 0191615765, 9780191615764. What is truth? Michael Lynch defends a bold new answer to this question. Traditional theories of truth hold that truth has only a single uniform nature. All truths are true in the same way. More recent deflationary theories claim that truth has no nature at all; the concept of truth is of no real philosophical importance. In this concise and clearly written book, Lynch argues that we should reject both these extremes and hold that truth is a functional property. To understand truth we must understand what it does, its function in our cognitive economy. Once we understand that, we'll see that this function can be performed in more than one way. And that in turn opens the door to an appealing pluralism: beliefs about the concrete physical world needn't be true in the same way as our thoughts about matters -- like morality -- where the human stain is deepest.

[Right Here with You: Bringing Mindful Awareness Into Our Relationships, Andrea Miller](#) , 2011, 1590309049, 9781590309049. In recent years scientists have discovered that mindfulness can reduce stress, improve mood, and enhance our sense of well-being. In this book, readers learn how mindfulness can be brought to bear in our relationships to increase intimacy, strengthen communication, and help us to find greater fulfillment. Topics in this collection include how to open your heart and develop lovingkindness for yourself and others, how to improve communication through mindful speech and deep listening, noticing and counteracting destructive patterns, and discovering how intimate relationships can become a rich form of spiritual practice. Chapters and contributors include: *Zen teacher Thich Nhat Hanh on what mindfulness is and why it lies at the heart real love *Psychotherapist David Richo on finding a partner *Psychotherapist and meditation teacher Tara Brach on the power of forgiveness * Rabbi Harold Kushner on striving to give love rather than get it *Novelist Jane Hamilton on a marital meltdown--and recovery *Meditation teacher Susan Piver on the value of heartbreak *Psychologist John Welwood on relationships as a path of personal and spiritual growth

[The Andrews bailiwick: a geographic study of migration to and settlement of northern Macomb County, Michigan, 1810-1850, as perceived by selected participants, Mary True Dooley](#) , 2007, 0971316864, 9780971316867. The author discovered a crude old wooden box in the attic of her family home in rural Armada, Michigan. Inside were several hundred letters written in the 1880s and saved by her ancestor, Elisha Deming Andrews. The letters tell the story of the Andrews family who were part of a typical migration pattern for many families that pushed into newly acquired territory following the opening of the Erie Canal. Elisha Andrews bought undeveloped land in SE Michigan from the government and supervised the transformation from forest to farm.

[Union Infantryman Vs Confederate Infantryman: Eastern Theatre, 1861-65, Ron Field](#) , 2013, 1780969279, 9781780969275. This book provides analysis and first-hand accounts of three major Civil War battles: 1st Bull Run/1st Manassas, Gettysburg and Chaffin's Farm from two perspectives. The enthusiastic but largely inexperienced soldiers on both sides in the Civil War had to adapt quickly to the appalling realities of warfare in the industrial age. In this fully illustrated study, an authority on the Civil War investigates three clashes that illustrate the changing realities of infantry combat in America's bloodiest conflict. The appalling slaughter at 1st Bull Run/1st Manassas on July 21, 1861 brought home the realities of war to both sides. In the final bloody stages the 11th New York (1st Fire Zouaves) clashed with the

33rd Virginia Infantry. The 11th New York had first clashed with the "Black Horse Cavalry" and then re-captured the guns of Rickett's battery, only to be forced backwards several times before being crushed into retreat by a final Confederate charge which very much involved the 2nd South Carolina. Pickett's charge at Gettysburg on July 3, 1863 saw the Confederate veterans of Pickett's division, including the 56th Virginia Infantry, decimated in a set-piece attack on Union positions held by regiments including the 71st Pennsylvania Infantry. Having seen extensive fighting on the previous day, the men of the 71st played a key role in the Union defense, refusing to break and keeping their positions at "the Angle" of the stone wall that marked the Union line, even though their sister regiments broke and retreated. The Union soldiers' staunch defense threw the Confederate front line into confusion, forcing them to withdraw. On September 29, 1864, at the battle of Chaffin's Farm, the African-American troops of Brigadier General Charles J. Paine's 3rd Division, including the 4th US Colored Infantry under Major A.S. Boernstein, took part in the Union assault on formidable Confederate positions held by Brigadier General John Gregg's veterans of the Texas-Arkansas Brigade, including Lieutenant Colonel Clinton M. Winkler's 4th Texas Infantry. Alongside the 6th USCI, Boernstein's men were ordered to attack at 5.30am unsupported by any Union artillery fire; deployed in a 200yd skirmish line and hampered by a swampy ravine, the two regiments struggled through two lines of defensive emplacements before being riddled by deadly accurate small-arms fire from the Texan defenders. Although a few men actually broke into the Confederate lines, they were soon killed or captured, and the remnants retired. Between them, the 4th and 6th USCI lost 350 of their 700 effectives; fully 14 Medals of Honor were awarded to the regiments that stormed New Market Heights, including Sergeant Christian Fleetwood and Sergeant Alfred B. Hilton of the 4th USCI. The four regiments of Lee's "Grenadier Guards" had inflicted 850 casualties on their attackers while sustaining only 50 themselves. Featuring specially commissioned artwork, expert analysis and carefully chosen first-hand accounts, this absorbing study traces the evolution of infantry tactics in the crucible of the Civil War by examining three key clashes at unit level.

[The Tragedy of American Diplomacy, William Appleman Williams](#) , 2009, 0393334740, 9780393334746. This incisive interpretation of American foreign policy ranks as a classic in American thought. First published in 1959, the book offered an analysis of the wellsprings of American foreign policy that shed light on the tensions of the Cold War and the deeper impulses leading to the American intervention in Vietnam. William Appleman Williams brilliantly explores the ways in which ideology and political economy intertwined over time to propel American expansion and empire in the nineteenth and twentieth centuries. The powerful relevance of Williams's interpretation to world politics has only been strengthened by recent events in Central Asia and the Persian Gulf. Williams allows us to see that the interests and beliefs that once sent American troops into Texas and California, or Latin America and East Asia, also propelled American forces into Iraq.

[The Outsiders, S. E. Hinton](#) , 2007, 0141189118, 9780141189116. Adapted into an award-winning film by Francis Ford Coppola, and starring Patrick Swayze, Rob Lowe and Tom Cruise, S.E. Hinton's The Outsiders is a young adult novel of enduring power. This Penguin Modern Classics edition is published with an introduction by Jodi Picoult, author of My Sister's Keeper. The Greasers and the rich-kid Socs are at war on the Tulsa streets. Ponyboy, a fourteen-year-old brawler, chain smoker and dreamer, is a fiercely loyal greaser. But a single, murderous catastrophe is to wrench him from his old life and overturn everything he thinks he knows. The Outsiders was an audacious debut written when S.E. Hinton was only seventeen, laying bare the hopes and terrors between teenage bravado in a world of drive-ins, drag races and switchblades. It confronted America with a new breed of anti-hero from the wrong side of the class divide, and became a bestselling classic of youthful rebellion. Susan Eloise Hinton (b. 1950) wrote her first book, The Outsiders, in 1967, when she was seventeen years old. Hinton is also the author of That Was When, This Is Now (1971), adapted into a film starring Emilio Estevez and Morgan Freeman; Rumble Fish (1975), also adapted into a film by Francis Ford Coppola, starring Mickey Rourke, Nicholas Cage and Dennis Hopper; Tex (1979); Taming the Star Runner (1988), and many others. Hinton lives in Oklahoma. If you enjoyed The Outsiders, you might like Jack Kerouac's On the Road, also available in Penguin Modern Classics. [The USA Patriot Act: The Decline of Legitimacy in the Age of Terrorism,](#) , 2013, 0195370392, 9780195370393. The issue of post-9/11 government surveillance has pervaded the news media for several years, and the debate spawned by this controversy has left several important questions unanswered: what are the Constitutional and statutory underpinnings of U.S. surveillance law? How exactly has the Patriot Act changed that statutory law? How exactly does the government's use of the Patriot Act run counter to Constitutional rights? Has the Bush Administration roamed beyond even the wide parameters provided by that Act? Can the FBI be reined-in at this point? In *The Patriot Act: The Decline of Legitimacy in the Age of Terrorism*, Professor Tim Casey speaks from his dual experience as a criminal lawyer and professor of law to address these vital questions. By explaining both the history of surveillance law and the ways in which the three branches of government are currently implementing that law, Casey elucidates a subject far too complex to be adequately summarized in a newspaper or magazine article. By writing about this challenging issue with an accessibility unusual in legal scholarship, Casey has produced a book equally useful to educated citizens wishing to know their rights and to criminal lawyers seeking to navigate a quickly changing and somewhat obscure realm of regulations, statutes, and case law. In anticipation of a new Executive Branch administration in Washington, Casey offers an eloquent argument for

why the current practices of the DOJ and FBI should be reformed and replaced with constitutionally sound policy. To be successful, such change will require a concerted effort between Congressional committees, law enforcement agencies, courts, and politically active citizens. In this brief but comprehensive new book, Tim Casey provides the legal template for realizing that change.

[The Gospel of Corax, Paul Park](#) , 1997, . As seen through the eyes of Corax, a runaway Roman slave skilled in the healing arts, Jeshua is a burly Essene falsely accused of betraying his fellow rebels. Forced to flee Palestine, Jeshua encounters Corax, the real betrayer, on the perilous road east, and the two become unlikely traveling companions. Corax is headed for the source of the sacred Ganges River, whose purifying waters flow through the country of his father's birth. Jeshua is on a different kind of journey altogether—one of spiritual growth and self-discovery. As they cross the chaotic remnants of Alexander's empire, eluding violent Scythians and Huns, encountering Zoroastrian magi and Buddhist sages, Jeshua undergoes a gradual metamorphosis from rebel into mystic. And by the the time the two reach the foothills of the Himalayas, Jeshua is ready to return to Palestine and take up his mission.

[The Brightest Stars: Discovering the Universe through the Sky's Most Brilliant Stars, Fred Schaaf](#) , 2008, 047024917X, 9780470249178. "Fred Schaaf is one of the most experienced astronomical observers of our time. For more than two decades, his view of the sky—what will be visible, when it will be visible, and what it will look like—has encouraged tens of thousands of people to turn their eyes skyward."David H. Levy, Science Editor, Parade magazine, discoverer of twenty-one comets, and author of *Starry Night* and *Cosmic Discoveries*"Fred Schaaf is a poet of the stars. He brings the sky into people's lives in a way that is compelling and his descriptions have all the impact of witnessing the stars on a crystal-clear dark night."William Sheehan, coauthor of *Mars: The Lure of the Red Planet* and *The Transits of Venus*In this book, you'll meet the twenty-one brightest stars visible from Earth. You'll learn how to find these stars and discover the best ways to see them. Each star is profiled in a separate chapter, with detailed guidance on what to look for while observing it. Suitable for beginners as well as experienced amateur astronomers, the book shares fascinating information about the lore and legends connected with each star through history, as well as what the science of astronomy has to teach us about the stars physical nature.

Whether new or a veteran in real estate sales, this book must be read. Wouldn't you like to take the guesswork out of what it takes to make a lot of money and have a great life? This manual and system is your complete reference guide for selling homes as an agent and becoming the envy of the rest. This system can be used by any sales and marketing business. From it, you will discover how easy it is to: -Research a target area and capture it -List and sell all your homes without ever seeing them -Brand yourself and become the top agent in your area -Set up a great, proven system and use it like a machine -Spend only 3%-5% of income on advertising -Learn how to have a balanced and successful life while working only 125 days a year -No cold calling! -Have a small productive team and make more than 1 million a year -Follow your heart and understand the Law of Attraction -Learn the secrets of a top producing real estate agent!

[Security: a management perspective, Harvey Burstein](#) , 1996, 0131506579, 9780131506572. This book presents an overview of the security opportunities and management operations and discusses integrating security as part of the overall business operation. Burstein offers advice to security and business managers on integrating security into the business operation. He also provides hands-on information for developing proposals to justify the need to enhance security in the organization.

[Central America, a nation divided, Ralph Lee Woodward](#) , 1985, 0195035933, 9780195035933. This popular text surveys the history of the Central American region, covering Guatemala, Belize, Honduras, El Salvador, Nicaragua, Costa Rica, and Panama, from pre-Columbian times to the present. It emphasizes the common characteristics of the Central American states as well as their potential for political union. Now completely updated, the third edition of Central America: A Nation Divided encompasses the significant new research and tumultuous events that have taken place since the last edition was published. The text now includes coverage of the civil wars in Guatemala, El Salvador, and Nicaragua, as well as the restoration of peace to the region under the Central American peace accords. It also recounts and analyzes the substantial changes that have occurred in the economic and social arenas as Central American states have turned increasingly to neoliberal policies that emphasize the private sector and the development of exports while reducing government entitlement programs. Students will find this text enormously helpful for sorting through the vast amounts of significant research that has been written and compiled in the past decade. In addition, the Selective Guide to the Literature section has been completely revised to reflect the great increase in research and writing on Central

America. Comprehensive and incisively written, *Central America: A Nation Divided* is an essential text for Latin American History courses.

[Ajax on Java, Steven Douglas Olson](#) , 2007, 0596553641, 9780596553647. This practical guide shows you how to make your Java web applications more responsive and dynamic by incorporating new Ajaxian features, including suggestion lists, drag-and-drop, and more. Java developers can choose between many different ways of incorporating Ajax, from building JavaScript into your applications "by hand" to using the new Google Web Toolkit (GWT). Ajax on Java starts with an introduction to Ajax, showing you how to write some basic applications that use client-side JavaScript to request information from a Java servlet and display it without doing a full page reload. It also presents several strategies for communicating between the client and the server, including sending raw data, and using XML or JSON (JavaScript Object Notation) for sending more complex collections of data. The book then branches out into different approaches for incorporating Ajax, which include: The Prototype and script.aculo.us Javascript libraries, the Dojo and Rico libraries, and

DWRIntegrating Ajax into Java ServerPages (JSP) applicationsUsing Ajax with StrutsIntegrating Ajax into Java ServerFaces (JSF) applicationsUsing Google's GWT, which offers a pure Java approach to developing web applications: your client-side components are written in Java, and compiled into HTML and JavaScriptAjax gives web developers the ability to build applications that are more interactive, more dynamic, more exciting and enjoyable for your users. If you're a Java developer and haven't tried Ajax, but would like to get started, this book is essential. Your users will be grateful.

[The Heart of a Hero, , Janet Chapman](#) , 2013, 0515153206, 9780515153200. New York Times bestselling author Janet Chapman welcomes her fans back to Spellbound Falls, where no one is immune to the magical powers of love Originally from the ancient mythical island of Atlantis, Nicholas has spent the last year deep in the mountains of Maine, serving as Director of Security for the Nova Mare and Inglenook resorts. Fully embracing his life in the twenty-first century, he finds himself irresistibly drawn to a trouble-prone employee, and is determined to keep her safe. The last thing Julia Campbell needs is a man with a hero complex, especially one as handsome and imposing as Nicholas. All she has to do is keep it

together until her younger sister turns eighteen, and then she can focus on her own life. But strange things have been happening at the resort and it's Nicholas who keeps coming to her rescue. When Nicholas is suddenly the one in trouble, Julia realizes he's not quite what he seems and that she'll do anything to help the man who's stolen her heart.

[Extraordinary Measures: Disability in Music, Joseph N. Straus](#) , 2011, 0199766452, 9780199766451. Approaching disability as a cultural construction rather than a medical pathology, this book studies the impact of disability and concepts of disability on composers, performers, and listeners with disabilities, as well as on discourse about music and works of music themselves. For composers with disabilities like Beethoven, Delius, and Schumann awareness of the disability sharply inflects critical reception. For performers with disabilities such as Itzhak Perlman and Evelyn Glennie the performance of disability and the performance of music are deeply intertwined. For listeners with disabilities, extraordinary bodies and minds may give rise to new ways of making sense of music. In the stories that people tell about music, and in the stories that music itself tells, disability has long played a central but unrecognized role. Some of these stories are narratives of overcoming—the triumph of the human spirit over adversity—but others are more nuanced tales of accommodation and acceptance of life with a non-normative body or mind. In all of these ways, music both reflects and constructs disability.

[Doing Oral History: A Practical Guide, Donald A. Ritchie](#) , 2003, 0195154347, 9780195154344. Oral history is vital to our understanding of the cultures and experiences of the past. Unlike written history, oral history forever captures people's feelings, expressions, and nuances of language. But what exactly is oral history? How reliable is the information gathered by oral history? And what does it take to become an oral historian? Donald A. Ritchie, a leading expert in the field, answers these questions and in particular, explains the principles and guidelines created by the Oral History Association to ensure the professional standards of oral historians. *Doing Oral History* has become one of the premier resources in oral history. It explores all aspects of the field, from starting an oral history project, including funding, staffing, and equipment to conducting interviews; publishing; videotaping; preserving materials; teaching oral history; and using oral history in museums and on the radio. In this second edition, the author has incorporated new trends and scholarship, updated and expanded the bibliography and appendices, and added a new focus on digital technology and the Internet. Appendices include sample legal release forms and information on oral history organizations. *Doing Oral History* is a definitive step-by-step guide that provides advice and explanations on how to create recordings that illuminate human experience for generations to come. Illustrated with examples from a wide range of fascinating projects, this authoritative guide offers clear, practical, and detailed advice for students, teachers, researchers, and amateur genealogists who wish to record the history of their own families and communities.

[Exquisite Mixture: The Virtues of Impurity in Early Modern England, Wolfram Schmidgen](#) , 2012, 0812207181, 9780812207187. The culture of late seventeenth- and early eighteenth-century Britain is rarely credited with tolerance of diversity; this period saw a rising pride in national identity, the expansion of colonialism, and glorification of the Anglo-Saxon roots of the country. Yet at the same time, Wolfram Schmidgen observes, the concept of mixture became a critical element of Britons' belief in their own superiority. While the scientific, political, and religious establishment of the early 1600s could not imagine that anything truly formed, virtuous, or durable could be produced by mixing unlike kinds or

merging absolute forms, intellectuals at the end of the century asserted that mixture could produce superior languages, new species, flawless ideas, and resilient civil societies. Exquisite Mixture examines the writing of Robert Boyle, John Locke, Daniel Defoe, and others who challenged the primacy of the one over the many, the whole over the parts, and form over matter. Schmidgen traces the emergence of the valuation of mixture to the political and scientific revolutions of the seventeenth century. The recurrent threat of absolutism in this period helped foster alliances within a broad range of writers and fields of inquiry, from geography, embryology, and chemistry to political science and philosophy. By retrieving early modern arguments for the civilizing effects of mixture, Schmidgen invites us to rethink the stories we tell about the development of modern society. Not merely the fruit of postmodernism, the theorization and valuation of hybridity have their roots in centuries past.

[Bedside Book of Famous French Stories, Belle Becker, Robert Newton Linscott](#) , 1945, .

[Rockne: The Coach, the Man, the Legend, Jerry Brondfield](#) , 2009, 0803226799, 9780803226791. On April 1, 1931, newspapers in all parts of the country announced in giant headlines that Knute Rockne had died in a plane crash in Kansas. Who was Rockne, age forty-three, to receive all this attention? As head coach of the Notre Dame football team, he was a celebrity whose face and voice were familiar to millions through magazines, newspapers, and radio. At Notre Dame, he himself had been a great football player. After graduation, he remained to teach chemistry and coach track and football. At thirty, he was named head football coach for the Fighting Irish, and over the next thirteen years, his team went undefeated five times. Rockne coached stars such as George Gipp, one of the most talented men ever to play the game, and the Four Horsemen, the most famous backfield in football history. He raised the status of the coaching profession and helped develop Notre Dames nationwide following of millions of Irish and other Catholics, many of whom had never even entered a college classroom. In Rockne Jerry Brondfield has recaptured the magnetism that made Rockne great. In this dramatic and peculiarly American story, he shows how a Norwegian immigrant could gain lasting fame as the coach of an American game at a university founded by Frenchmen and associated with the Irish.

[Exxon: Transforming Energy, 19732005, Joseph A. Pratt](#) , 2013, 0976669781, 9780976669784. The Dolph Briscoe Center for American History at the University of Texas at Austin, which houses the extensive ExxonMobil Historical Collection, is honored to publish the fifth volume of Exxons corporate history, which extends the history of Exxon and its predecessors to more than 125 years, the longest in-depth account of a private company in existence. ExxonMobils history stretches from the time of kerosene lamps to the era of jet travel, from the days of finding oil by searching for surface indications to the days of 3-D seismic, which uses powerful computers to create images of oil deep underground. Its learning curve was particularly steep in the years covered by this book, 19732005, when the company adapted to new realities that confronted it at every turn. ExxonMobil has remained among the most profitable concerns in the history of modern capitalism by showing flexibility when faced with the need to adapt to changing conditions. As the company responded to sweeping changes in global markets, its decisions reflected a deeply held corporate culture that rested on the key operating values of engineering efficiency and financial discipline. This extensively researched volume demonstrates how Exxons core values and management enabled the company to adapt and succeed during a period of dramatic changes for the energy industry. Pratt and Hale provide readers a historical perspective from inside one of the most powerful corporations in the world.

[Useful Knowledge: The Victorians, Morality, and the March of Intellect, Alan Rauch](#) , 2001, 0822383152, 9780822383154. DIVNineteenth-century England witnessed an unprecedented increase in the number of publications and institutions devoted to the creation and the dissemination of knowledge: encyclopedias, scientific periodicals, instruction manuals, scientific societies, childrens literature, mechanics institutes, museums of natural history, and lending libraries.

In *Useful Knowledge* Alan Rauch presents a social, cultural, and literary history of this new knowledge industry and traces its relationships within nineteenth-century literature, ending with its eventual confrontation with Charles Darwin's *Origin of Species*. Rauch discusses both the influence and the ideology of knowledge in terms of how it affected nineteenth-century anxieties about moral responsibility and religious beliefs. Drawing on a wide array of literary, scientific, and popular works of the period, the book focusses on the growing importance of scientific knowledge and its impact on Victorian culture. From discussions of Jane Webb Loudon's *The Mummy!* and Mary Shelley's *Frankenstein*, to Charlotte Brontë's *The Professor*, Charles Kingsley's *Alton Locke*, and George Eliot's *Mill on the Floss*, Rauch paints a fascinating picture of nineteenth-century culture and addresses issues related to the proliferation of knowledge and the moral issues of this time period. *Useful Knowledge* touches on social and cultural anxieties that offer both historical and contemporary insights on our ongoing preoccupation with knowledge. *Useful Knowledge* will appeal to readers interested in nineteenth century history, literature, culture, the mediation of knowledge, and the history of science./div

[TopGear Portfolio: The World's Greatest Cars, Top Gear Magazine](#) , 2011, 1849902984, 9781849902984. World-class car photography from *TopGear Magazine*. For the petrolheads at *TopGear Magazine*, car photography is about more than just a car on a stretch of tarmac. It's about ultimate escapism. For *TopGear*, a truly great photograph should instantly transport you to the location and behind the wheel, delivering the speed, power and atmosphere of the moment in one shot. In this collection of *TopGear's* finest car photography, we get up close and personal with the hottest cars of recent years in some of the most stunning locations. You'll see the world reflected in gleaming bodywork, raindrops on windscreens at 90mph, and the blur of wheels against a backdrop of epic vistas. Portfolio is the perfect coupling of automotive masterpieces of design and world-class photography. If the speed, power and craftsmanship of the world's finest, fastest cars can be captured in a moment, this is it.

[Income Tax Law, Christopher Enright](#) , 2006, 0949609358, 9780949609359. "This workbook is intended to assist students in studying taxation law. To this end it contains the following ; An explanation of the principles of taxation law, Revision questions within chapters, Discussion questions at the end of chapters, Legislation. It has extracts from ; Income Tax Assessments Act 1936 (Cth), Income Tax Assessments Act 1997 (Cth), Income Tax Rates Act 1986 (Cth), Taxation Administration Act 1953 (Cth)." -- Cover.

[State Control over Private Military and Security Companies in Armed Conflict, Hannah Tonkin](#) , 2011, 1139499459, 9781139499453. The past two decades have witnessed the rapid proliferation of private military and security companies (PMSCs) in armed conflicts around the world, with PMSCs participating in, for example, offensive combat, prisoner

interrogation and the provision of advice and training. The extensive outsourcing of military and security activities has challenged conventional conceptions of the state as the primary holder of coercive power and raised concerns about the reduction in state control over the use of violence. Hannah Tonkin critically analyses the international obligations on three key states - the hiring state, the home state and the host state of a PMSC - and identifies the circumstances in which PMSC misconduct may give rise to state responsibility. This analysis will facilitate the assessment of state responsibility in cases of PMSC misconduct and set standards to guide states in developing their domestic laws and policies on private security.

[Obstetric Anaesthesia for Developing Countries](#), Paul Clyburn, Rachel Collis, Sarah Harries , 2010, 0199572143, 9780199572144. Anaesthesia services in developing countries are often limited due to a shortage of basic facilities, equipment and drugs, as well as a lack of personnel and proper training. Anaesthesia services for obstetric procedures pose a particular problem in developing countries, where high rates of anaesthesia-related complications and fetal/maternal mortality are seen in connection with otherwise common procedures such as caesarean section. This concise and practical pocketbook covers the basic principles of obstetric anaesthesia with a special emphasis on the unique challenges of service delivery in the developing world. The book will be useful for a range of practitioners in developing countries including anaesthetists, trainees, nurse anaesthetists, and district hospital doctors.

[Cognitive Surplus: How Technology Makes Consumers Into Collaborators](#), Clay Shirky , 2011, 0143119583, 9780143119586. The author of the breakout hit *Here Comes Everybody* reveals how new technology is changing us for the better. In his bestselling *Here Comes Everybody*, Internet guru Clay Shirky provided readers with a much-needed primer for the digital age. Now, with *Cognitive Surplus*, he reveals how new digital technology is unleashing a torrent of creative production that will transform our world. For the first time, people are embracing new media that allow them to pool their efforts at vanishingly low cost. The results of this aggregated effort range from mind-expanding reference tools like Wikipedia to life-saving Web sites like Ushahidi.com, which allows Kenyans to report acts of violence in real time. *Cognitive Surplus* explores what's possible when people unite to use their intellect, energy, and time for the greater good.

[God's Others: Non-Israelites' Encounters with God In the Hebrew Bible, David Perlstein](#) , 2010, 1450222803, 9781450222808. God's Others: Non-Israelites' Encounters with God in the Hebrew Bible reveals the stories of two-dozen of the "best-kept secrets" in what is often referred to as the Old Testament-the foundation text for the three Abrahamic faiths. Often overlooked or misunderstood, these non-Israelite individuals and groups encounter God through personal or historic revelations. They include: Melchizedek, King of Salem Lot, Abraham's nephew Hagar, Abraham's concubine Laban, Jacob's brother-in-law The Pharaoh of the Exodus Jethro, Moses' father-in-law Rahab, harlot of Jericho The Queen of Sheba Ruth Nebuchadnezzar, king of Babylon The Gentiles of Jonah Job "God's others" demonstrate that people may approach God by many paths. They show that claims to exclusive religious truth, which often have pitted Jews, Christians and Muslims against each other, represent a misreading of the Hebrew Bible and the Jewish position of respect for others. Traditional and modern commentary add depth to these biblical stories, making them as accessible as they are fascinating.

[The Girl from Charnelle, K. L. Cook](#) , 2009, 0061979767, 9780061979767. It's 1960 in the Panhandle town of Charnelle, Texas a year and a half since sixteen-year-old Laura Tate's mother boarded a bus and mysteriously disappeared.

Assuming responsibility for the Tate household, Laura cares for her father and three brothers and outwardly maintains a sense of calm. But her balance is upset and the repercussions of her family's struggles are revealed when a chance encounter with a married man leads Laura into a complicated relationship for which she is unprepared. As Kennedy battles Nixon for the White House, Laura must navigate complex emotional terrain and choose whether she, too, will flee Charnelle. A heartfelt portrait of a young woman's reckoning with the paradoxes of love eloquent, tender, and heart-wrenching. K. L. Cook's unforgettable debut novel marks the arrival of a significant new voice in American fiction.

[Various Pets Alive and Dead, Marina Lewycka](#) , 2013, 0141044942, 9780141044941. Lentils, free love, radical politics and family truths . . . Various Pets Alive and Dead is the wonderfully funny fourth novel from Marina Lewycka, author of the bestselling A Short History of Tractors in Ukrainian. For twenty years Doro and Marcus lived in a commune, convinced lentils and free love would change the world. They didn't. What they did do was give their children a terror of radicalism, dirt, cooking rotas and poverty. Their daughter Clara wants nothing less conformist than her own, clean bathroom. Their son Serge hides the awkward fact that he's a banker earning loadsamoney. So when Doro and Marcus spring a surprise on their kids - just as the world is rocked in ways they always wished for - the family is forced to confront some thorny truths about themselves . . . 'Wonderfully funny . . . a dizzy, eye-watering treat . . . Lewycka is somewhere between Hilary Mantel in her satirical mode and Sue Townsend' Independent' Thank heavens for Marina Lewycka whose Various Pets Alive and Dead me laugh at least once in every chapter . . . The warmth of its tone, its zest, its blend of quirky, humane comedy and intellectual seriousness make this a novel to treasure' New Statesman' Marina Lewycka's latest novel is wonderfully funny with moments of pure farce in the best tradition of social satire . . . this inventive and witty book fizzles along from beginning to end' Daily Express Marina Lewycka was born in Kiel, Germany, after the war, grew up in England and lives in Sheffield. Her first novel, A Short History of Tractors in Ukrainian, was shortlisted for the Orange

Prize, longlisted for the Man Booker and won the Bollinger Everyman Prize for Comic Fiction and the Waverton Good Read Award. Her second novel, *Two Caravans*, was shortlisted for the Orwell Prize. *A Short History of Tractors in Ukrainian*, *Two Caravans* and Marina's third novel, *We Are All Made of Glue*, are all available in Penguin

[Yours Truly, Goldilocks, Alma Flor Ada](#) , 1998, 1416908374, 9781416908371. Stories To Go! Everyone's been invited to the Three Little Pigs' housewarming party. Goldilocks and Little Red Riding Hood have already marked it on their calendars. Unfortunately, so have the Wolves -- the Big Bad kind who forced the Pigs to build their house of bricks in the first place! As the Pigs' friends write one another about the party, and the Wolves correspond about their plans for revenge, their letters give picture book readers a fresh, funny take on some familiar characters.

Building Online Learning Communities further explores the development of virtual classroom environments that foster a sense of community and empower students to take charge of their learning to successfully achieve learning outcomes. This is the second edition of the groundbreaking book by Rena Palloff and Keith Pratt and has been completely updated and expanded to include the most current information on effective online course development and delivery. A practical, hands-on guide, this resource is filled with illustrative case studies, vignettes, and examples from a wide variety of successful online courses. The authors offer proven strategies for handling challenges that include: Engaging students in the formation of an online learning community. Establishing a sense of presence online. Maximizing participation. Developing effective courses that include collaboration and reflection. Assessing student performance. Written for faculty in any distance learning environment, this revised edition is based on the authors many years of work in faculty development for online teaching as well as their extensive personal experience as faculty in online distance education. Rena M. Palloff and Keith Pratt share insights designed to guide readers through the steps of online course design and delivery.

[Julie the Rockhound, Gail Karwoski](#) , 2007, 097649437X, 9780976494379. When a young girl finds a sparkly rock buried in the dirt and discovers that it cleans to a beautiful quartz crystal, she is fascinated and becomes Julie the Rockhound. Join Julie as her dad shows her how to dig for minerals and explains the wonders of crystal formation. Combining clever wordplay with earth science, young readers learn about Earth's most abundant mineral "treasure." All Sylvan Dell titles feature free educational resources at www.SylvanDellPublishing.com, including the "For Creative Minds" sections and additional teaching activities. The "For Creative Minds" Section of Julie the Rockhound features the following activities:

Plant, animal, or mineral? A matching activity
Sorting it all out: classifying minerals
Three types of rocks and how they are made
Edible "Rocks" Become your own rockhound

[French Polishing: Finishing and Restoring Using Traditional Techniques, Derek Jones](#) , 2012, 1861089252, 9781861089250. French polishing is virtually unique in that polish applied today will adhere to polish first applied a hundred years ago. This guide to the process of applying layers of shellac to create a high-gloss surface includes all you need to know from choosing materials and setting up your workshop to preparing the surface and applying the finish.

[Progress in Nucleic Acid Research and Molecular Biology, Volume 37, ISSN 0079-6603, Waldo E. Cohn, Kivie Moldave](#) , 1989, 0125400373, 9780125400374. Praise for the Series: "Full of interest not only for the molecular biologist - for whom the numerous references will be invaluable - but will also appeal to a much wider circle of biologists, and in fact to all those who are concerned with the living cell."--British Medical Journal
Key Features* Provides a forum for discussion of new discoveries, approaches, and ideas in molecular biology * Contributions from leaders in their fields * Abundant references

[An Angel's Story, Max Lucado](#) , 2004, 1418512710, 9781418512712. Spiritual beings populate the stories of Scripture. Angels singing. Demons infecting. Heavenly hosts fighting . . . Ignore the armies of God and Satan and you ignore the heart of Scripture. Ever since the snake tempted Eve in Eden, we've known: there is more to this world than meets the eye. In this classic Christmas novella, best-selling author Max Lucado imagines the spiritual conflict that surrounded the coming of Christ. Surely there was much. If Satan could pre-empt Christ in the cradle, there'd be no Christ on the cross. Journey back in time to the very throne of God ... and witness firsthand the glory, the wonder, and the battle that took place on the very first Christmas.

[Coffee with Oscar Wilde, Merlin Holland](#) , 2007, 184483512X, 9781844835126. Oscar Wildes own grandson, with the help of actor and author Simon Callow who has performed Wildes work on stage capture the essence of this wittiest of all playwrights. Set in Paris, where he fled after the scandalous trial that revealed his homosexuality, Wilde chats about language, his mother (an esteemed Irish folklorist), transforming his life into a work of art (My great tragedy is that I put my genius into my life and only my talent into my work), his time in prison, his concept of morality, and why he thinks in life, style, not sincerity, is the essential.

[Fairyville, Emma Holly](#) , 2008, 0425224767, 9780425224762. Sexy, contemporary fun from the USA Today bestselling author of All U Can Eat. Meet Zoe Clare, a medium who has no trouble communicating with the dead. If only she could get her feelings across to Fairyville's most eligible bachelor, Magnus Monroe. Fortunately, a tryst with an old flame sparks jealousy in Magnus, which gives Zoe satisfaction in so many naughty ways.

[Petitions to the Crown from English Religious Houses: C. 1272-c. 1485, Gwilym Dodd, Alison K. McHardy](#) , 2012, 0907239765, 9780907239765. Through the petitions which they addressed to the crown the people of medieval England speak to us directly: the human interest stories they reveal are perhaps the nearest thing to local newspapers which the middle ages have left us. Petitions were the subject's last resort when normal channels of law and government had failed, and offered kings the opportunity to exercise qualities of generosity, compassion, and sound judgment. However, despite their importance, they have not hitherto been recognized as a source for ecclesiastical history, a gap which this volume rectifies. A selection of over 200 cases shows the religious of medieval England taking full advantage of this mechanism, petitioning as landowners, neighbours, citizens, individuals, and religious orders. The subjects covered range from requests for tax rebates, and complaints about royal officials, to disputes with tenants, with townsmen, monastic rivals, and ecclesiastical superiors. National politics and international warfare are also represented, as are coastal erosion, and higher education. English summaries, explanatory notes and an extensive introduction enhance the reader's

appreciation of this rich and remarkable resource. Dr Gwilym Dodd is Lecturer in History at the University of Nottingham, where Dr Alison K. McHardy also taught until her retirement.

[The Team, Dawson Perkins](#) , 2004, 0972456279, 9780972456272. Gwen Fagan is a driven young black professional, living in Atlanta, who doesn't much care that her social life is nearly nonexistent. To the rest of the world, she's formidable, imperious, and utterly focused on professional success. But this is a carefully cultivated front designed to hide the vulnerability and pain that stem from her troubled past, one marked by personal trauma and family tragedy. Gwen's ordered world is upended when she learns that a figure from her past - ex-basketball star Xavier Dean - is joining her firm. The two are forced into intimate proximity when Gwen's unwitting supervisor assigns Xavier to work on a project that Gwen is leading. Distrustful of Xavier, Gwen is guarded to the point of hostility, but she's continually struck by the courtesy and respect he extends her - and by his good looks. Xavier is unaware of their shared past, but as he develops an attraction to Gwen (an attraction to which she gradually warms in response), she steadfastly hides their past connection - how in college, ten years before, Gwen was brutally raped by NBA star Terry Stuart, Xavier's friend and teammate, a memory she has tried desperately to repress. As her relationship with Xavier deepens, Gwen finds it harder and harder to cope with having buried so much of the unresolved pain that resulted from her rape. When Terry Stuart reenters Gwen's life, returning to Atlanta with his NBA team, events build to an explosive pitch that will change all three of their lives forever.

[I Thought That I Could Change Him, Mary A. Epps](#) , 2008, 1605636584, 9781605636580. I Thought That I Could Change Him is the sequel to The Other Woman. The story takes place as Terry and Andre are engaged to be married and Terry catches Andre cheating. She confronts him with a pistol pointed at his head. See what happens as Andre tries to weasel his way out of yet another situation.

[The Fly: And Other Horror Stories,](#) , 2003, 0194230872, 9780194230872. Flies are a nuisance. They are annoying when they buzz around you, but you can brush them away with your hand. After all, a fly is only about half the size of your fingernail. But suppose it wasn't. Catch a fly and look at it closely and at its head, its eyes, its legs. Now imagine that this thing was the size of a human being... These eight stories offer horror in many shapes and forms, in worlds full of monsters and evil spirits, where terror lies waiting in the shadows, and where the living and the dead dance hand in hand.

[Designing Social Interfaces: Principles, Patterns, and Practices for Improving the User Experience, Christian Crumlish, Erin Malone](#) , 2009, 1449391737, 9781449391737. From the creators of Yahoo!'s Design Pattern Library, *Designing Social Interfaces* provides you with more than 100 patterns, principles, and best practices, along with salient advice for many of the common challenges you'll face when starting a social website. Designing sites that foster user interaction and community-building is a valuable skill for web developers and designers today, but it's not that easy to understand the nuances of the social web. Now you have help. Christian Crumlish and Erin Malone share hard-won insights into what works, what doesn't, and why. You'll learn how to balance opposing factions and grow healthy online communities by co-creating them with your users. Understand the overarching principles you need to consider for every website you create

Learn basic design patterns for adding social components to an existing site
Rein in misbehaving users on an active community site
Build a social experience around a product or service and invite people to join
Develop a social utility without having to build an entirely new infrastructure
Enable users of your site's content to interact with one another
Offer your members the opportunity to connect in the real world
Learn to recognize and avoid antipatterns: emergent bad practices in the social network and social media space
