[Fix 'em Up, Rent 'em Out: How to Start Your Own House Fix-Up & Rental Business in Your Spare Time, Terry Sprouse](#) , 2007, 0979856612, 9780979856617. This book how to get started repairing houses and renting them out in your spare time. It covers various aspects such as house selection, what to repair, handling tenants, managing the books, and taxes. The book describes the two safest ways to make money in real estate, and one chapter is devoted the the "Zen of Repairing Property." The author uses examples from his own experiences, humor and motivational examples to encourage the reader down a path that will be both financially rewarding and deeply satisfying.

[High Octane Recruiting: For People Who Need to Get It Right the First Time, Bob Graham](#) , 2004, 0973263903, 9780973263909. High Octane Recruiting is a "must have" for business managers who recognize the value of hiring the right employee the first time, every time. In a fast-moving conversational style, Bob Graham uses anecdotes to set the stage for a wide variety of recruiting scenarios -- then reinforces the key points in a series of checks which become a step-by-step guide to successful recruiting. The result -- High Octane Recruiting is an easy to use, easy to read resource manual that should be on the desk of anyone who wants to build or find a winning organization. With over 30 years in Human Resources and over 20,000 one on one interviews, Bob Graham has a level of expertise that few can match. He shares that experience with his readers in High Octane Recruiting.

[Freedom's odyssey: African American history essays from Phylon, Alexa Benson Henderson, Janice Sumler-Edmond](#) , 1999, 0966855507, 9780966855500. This anthology brings together for the first time twenty-nine of the most significant

essays on African American History from the rich legacy of scholarship published originally by Phylon: the Atlanta University Review of Race and Culture from 1940 through 1987. Arranged both by chronology and theme, collectively they provide a vivid, detailed mosaic of African American history and a structural frame for the study of the African American journey from the earliest days of slavery through the Civil Rights Era. A comprehensive editorial introduction as well as specific, contextual introductions position each essay in the study of history and in relation to contemporary scholarship. Beyond its significance as a reference work of rich archival value, Freedom's Odyssey will be of interest to current scholars, teachers, and students in various fields. Book jacket.

Maggie Swanson, attractive and accomplished manager of a medical clinic in Southern Ohio, has had a lifelong dream of becoming a successful fulltime artist, but can't see that happening in her small town. She also has a dream of regaining

ownership of her old family home and small farm and turning it into an artist's retreat. Disillusioned after a failed romance, Maggie vacations at an ocean-side hotel in Jupiter, Florida in an attempt to make sense of her life and questionable future. Instead of sorting out her conflicting emotions, she meets the charming Dr. Brad Newsome, a Virginia gentleman fresh out of his medical residency and searching for a place to practice. But Brad has unresolved romantic interests. Maggie ends her vacation believing Brad has no place in her future. She leaves her job and her hometown to pursue her artistic dream. She moves to New Orleans to live in her Uncle Tom's antebellum home for a year of art study. While there she soaks up the flora, fauna and food of the crescent city, as well as the endless banquet of subject matter for painting. Free of romantic entanglement, she succeeds beyond her wildest dream in the famous and exciting city. Will Maggie's long-lived dream of regaining the family home and farm come true? Will the paths of Maggie and Brad again merge and bring true happiness, or will their long separation doom any future entanglements? The answers may surprise you.

[Marine Pollution, R. Robert Bernard Clark](#) , 1997, 0198500696, 9780198500698. This new edition of a highly successful textbook gives a clear, balanced account of what wastes are discharged into the sea or get there accidentally, what happens to them when they get there, the effect they have on the marine environment, and the threats they present to human health. As well as being completely updated, case histories have been replaced by more recent ones, and the whole book has been given a greater international emphasis. This new edition has a new chapter to explain techniques for measuring change in the marine environment, extended further reading, and more emphasis on tropical seas. As in previous editions, the problems of pollution in the seas worldwide are explained clearly, unemotionally, and authoritatively. It is designed as an introductory text but no particular knowledge is demanded of the reader; it can be used by engineers, economists, lawyers, or environmentalists who need to be informed about the effects of materials that are deliberately or accidentally discharged into the sea.

[Joyful Soul Cleaning, Leanna Burns](#) , 2008, 0979544467, 9780979544460. "Joyful Soul Cleaning" is the much-anticipated second book of the Soul at Home Trilogy. In "Living the Soul Dolce Vita" the author showed readers how to clear out the clutter in their homes to make more room for their soul. Now the author takes readers on a soul cleaning journey to gain a cleaner home and more soul awareness. A clutter-free and clean home issues an invitation for huge soul participation. Let your soul R.S.V.P. NOW!

[Little Girl in Paris, Loralie Harris](#) , 2004, 0974995029, 9780974995021. With this book, fashion designer and first time

author, Loralie Harris has created a new genre, the "fashion fairy tale." It is the story of a magical shipping crate sealed for 200 years, filled with the precious treasures of Madame Juliette, an 18th century Parisian lady of substance and style. The crate is purchased sight unseen at auction in Paris and delivered to Grandma's Antique Shop in Charleston, South Carolina. Emerging from a beautiful portrait, Juliette escorts 11-year old twins, Charlotte and Colette on a magical adventure "back in time across the sea". Through each memory-evoking keepsake, Juliette shares with the girls her life in Paris growing up above her mother's shop, dressmaker to the Queen and Parisian "ladies of renown". It is filled with whimsical, charming characters and is generously illustrated. It is a poetic story containing elements of history, humor, and message. A delightful read-aloud book, it is a peek at history through the window of fashion. It's intended audience is girls 8-12 but it is a charming reading experience for women of all ages who have interests in creative activities such as fashion design, needlework, art, poetry, music, flowers, manners, and sweet relationships.

[Researching the Song:A Lexicon, Shirlee Emmons, Wilbur Watkins Lewis](#) , 2005, 0198034695, 9780198034698. Singers are faced with a unique challenge among musicians: they must express not just the music, but the lyrics too. To effectively communicate the meaning behind these words, singers must understand the many references embedded in the vast international repertoire of great art songs. They must deal with the meaning of the lyrics, frequently in a language not their own and of a culture unfamiliar to them. From Zelter and Schubert to Rorem and Musto, Researching

the Song serves as an invaluable guide for performers, teachers, and enthusiasts to the art song repertoire. Its more than 2,000 carefully researched entries supply information on most of the mythological, historical, geographical, and literary references contained in western art song. The authors explain the meaning of less familiar literary terms, figures, and authors referenced in song while placing songs in the context of larger literary sources. Readers will find entries dealing with art songs from the German, French, Italian, Russian, Spanish, South American, Greek, Finnish, Scandinavian, and both American and British English repertoires. Sources, narratives, and explanations of major song cycles are also given. Organized alphabetically, the lexicon includes brief biographies of poets, lists of composers who set each poet's work, bibliographic materials, and brief synopses of major works from which song texts were taken, including the plots of all Restoration theater works containing Purcell's vocal music. The more performers know and understand the literary elements of a song, the richer their communication will be. Researching the Song is a vital aid for singers and teachers in interpreting art songs and building song recital programs.

[The Making of a Confederate: Walter Lenoir's Civil War, William L. Barney](#) , 2008, 0195314344, 9780195314342. Despite the advances of the civil rights movement, many white southerners cling to the faded glory of a romanticized Confederate past. In *The Making of a Confederate*, William L. Barney focuses on the life of one man, Walter Lenoir of North Carolina, to examine the origins of southern white identity alongside its myriad ambiguities and complexities. Born into a wealthy slaveholding family, Lenoir abhorred the institution, opposed secession, and planned to leave his family to move to Minnesota, in the free North. But when the war erupted in 1860, Lenoir found another escape route--he joined

the Confederate army, an experience that would radically transform his ideals. After the war, Lenoir, like many others, embraced the cult of the Lost Cause, refashioning his memory and beliefs in an attempt to make sense of the war, its causes, and its consequences. While some Southerners sank into depression, aligned with the victors, or fiercely opposed the new order, Lenoir withdrew to his acreage in the North Carolina mountains. There, he pursued his own vision of the South's future, one that called for greater self-sufficiency and a more efficient use of the land. For Lenoir and many fellow Confederates, the war never really ended. As he tells this compelling story, Barney offers new insights into the ways that (selective) memory informs history; through Lenoir's life, readers learn how individual choices can transform abstract historical processes into concrete actions.

It disseminates research from experts around the world in the field of sex offender treatment, making this knowledge available to researchers and clinicians everywhere. Professionals struggling to find effective methods for treating their patients will find Sex Offender Treatment a valuable tool for their daily work. Chapters in Sex Offender Treatment cover a variety of topics. Authors examine such areas as psychodynamic and psychiatric disorders associated with the sex offender, findings on pharmacologic interventions, treatment techniques and the public perception of sex offender treatment, and cautionary notes for those who provide therapy for sex offenders. Within these areas, some specific themes addressed include: types of personality disorders and implications for more effective treatment the

effectiveness of antiandrogen treatment and the promising results of other pharmacotherapies techniques for developing insight in incest perpetrators a study of adult male incest offenders' perceptions of the treatment process an adolescent treatment program using a family communication approach hypotheses regarding sexual offenders and men who batter, using psychodynamic and feminist theory Full of practical strategies and useful information, *Sex Offender Treatment* is a book professionals will reach for again and again.

[Thinking for Understanding: A Practical Resource for Teaching and Learning and Curriculum Development, Melvin Freestone](#) , 2007, 0976267055, 9780976267058. A practical resource for teaching and learning and curriculum development.

[With Bowie at the Alamo, Frederick West](#) , 2009, 0982230354, 9780982230350. *With Bowie At The Alamo* is a coming-of-age account of young James Thomas, an innocent, naive and unlikely hero. He leaves his home in Kentucky under a cloud of suspicion, and with a heavy heart, determines to make his way to Texas and join Jim Bowie in his quest to free Texas from the repressive government of Mexico and its president, General Santa Anna. He gains passage on a flatboat and learns quick lessons in marksmanship and combating fierce Indians and when the captain is seriously injured, he learns what it takes to pilot a boat down the Ohio River. With his trusty horse, Tess, James joins the Texas Rangers and eventually meets up with Jim Bowie, Davie Crocket and the other brave men who give their lives at the battle of the Alamo. Charged to bring reinforcements to the besieged mission, he escapes certain death only to find himself in the middle of the battle for Goliad. West serves up this yarn with great realism and authenticity, giving us wonderful and memorable characters and true-to-life adventures that portray the settling of the American frontier of Texas.

[Mastering the Job Interview: Your Guide to Successful Business Interviews, 7th Edition, Alexander Chernev](#) , 2010, 0982512678, 9780982512678. Your ability to secure your dream job often hinges on how well you would do in your interview with the company of your choice. Being the best candidate for the job is not enough; you need to convince recruiters that you are the candidate they are looking for. To achieve that, you need to understand the basics of the interview process and to master your interview skills. This book gives you the tools to ace your job interview. It outlines the basic interview principles, reveals the core skill set most recruiters look for, and identifies strategies you can use to master the job interview.

[Dictionary of Gods and Goddesses, Michael Jordan](#) , 2004, 0965510255, 9780965510257. Praise for the previous edition: this reference represents the most comprehensive listing of deities of principal religions available. A worthwhile addition for academic libraries. (Library Journal) For more than 60,000 years, people have worshiped deities of the sun, sky, and sea, as well as creator gods, relying on the guidance of faith in the midst of the mysterious world around them. *Dictionary of Gods and Goddesses, Second Edition* provides access to more than 2,500 of these religious figures, from

ancient Sumerian gods through the modern Haitian deities. Providing a plethora of information from cultures as diverse as the Aztecs, Celts, and Japanese, this dictionary discusses lesser-known divinities as well as the contemporary gods of the major monotheistic religions Allah, God, and Yahweh, among others. New features, including cross-references and a comprehensive index, make this revised edition more accessible than ever. *Dictionary of Gods and Goddesses, Second Edition* is an indispensable resource perfect for general readers interested in mythology and religion, as well as scholars in religious studies, anthropology, history, and archaeology.

[The Bacchae and Other Plays, Euripides](#) , 1972, 0140440445, 9780140440447. The Bacchae - Ion - The women of Troy - Helen ; Ion is concerned with the problem of reconciling religious faith with the facts of human life. The women of Troy is a plain denunciation of the ruthlessness of war. In Helen, Euripides light-heartedly parodied himself. In his last and probably greatest tragedy, The Bacchae, he dealt with mob violence and mass hysteria.ia_____

[The Wonky Donkey, Jonathan Long, Korky Paul](#) , 2000, 0099263963, 9780099263968. Poor old donkey, worked for ten years for the same owner without any thanks and for very little food but one day he goes lame and the owner decides that he does not want a wonky donkey and kicks him out, literally. The donkey goes to a farm and a beach looking for work and eventually he arrives at a big house with lots of windows. Fortunately for him the little girl of the house is looking for a new pet and she loves his floppy ears and sad eyes and it doesn't matter one bit that he's wonky. The donkey gives her rides and she loves and cares for him in return, until one day the girl doesn't come home and her father is thrown into panic. The wonky donkey wastes no time in going to find her but the final rescue of the little girl who has fallen in the river is too much for him and he breathes his last on the river bank. The villagers erect a statue to the wonky donkey and those who were cruel to him say sorry - a touching end to a delightful and poignant story, illustrated with Korky Paul's exuberant charm.

[Postmodernism: Jameson Critique, Douglas Kellner](#) , 1989, 0944624065, 9780944624067. New theories about the radical break with the traditions of modernism in literature, architecture, cinema, mass media, and consumer culture began emerging in the late 70s from writers as diverse as Baudrillard, Lyotard, Kroker, Jencks, and importantly Fredric Jameson who leads the effort to bring Marxist cultural critique forward into the postmodernism debate. This volume appraises Jameson's work and Marxism as a conceptual framework for theorizing postmodernism.

[A Most Fortunate Ship: A Narrative History of Old Ironsides, Tyrone G. Martin](#) , 2003, 1591145139, 9781591145134.

Called a definitive account when first published in 1980 and the winner of several book awards, this revised and expanded edition is available now for the first time in paperback. Tyrone G. Martin, the author, was captain of the USS Constitution during the nation's bicentennial celebrations. After decades of research and study, Martin was able to confirm that the innovative diagonal riders which ensured the frigate's long life were present at the ship's launching. He also provides details about the famous ship's participation in battles that have long been ignored or glossed over in official reports. Pictorial battle diagrams are included. The book not only tells Constitution's complete story, but also presents a picture of life in the U.S. Navy during the nineteenth century--its proud moments as well as its concerns, attitudes, and tensions. Fascinating details are presented on the organization, care, feeding, and disciplining of the crew, and on events that involved such famous names in early American naval history as Edward Preble and Stephen Decatur. Just as previous editions were sought-after as sources of pleasure and information, this new edition will appeal to everyone who enjoys a good sea story and to serious students and sailing ship buffs seeking a reliable reference.

[Writers of the Purple Sage, Barbara Burnett Smith](#) , 1994, 0312113528, 9780312113520. Judge Volney Osler was a respected, well-liked resident of Purple Sage, Texas - or at least that's what most people thought, right up to the day he was murdered. Unfortunately for aspiring writer Jolie Wyatt, the murder was an exact copy of one she had outlined in her novel-in-progress. And who should have fought with the judge right in the middle of town the day before but Jolie? Eager to deflect suspicion from herself, Jolie, a relative newcomer to the small town, begins to investigate, focusing reluctantly on the members of her writing group and the assistant chief of police, all of whom had access to her manuscript and

knew about her unusual murder method. In the meantime, she still has to contend with a typically contrary teenaged son, her continuing job search, and confusion over her relationship with her ex-husband, rancher Matt Wyatt. A small town keeps its secrets close, but Jolie perseveres in digging, only to discover more than a few people with reason to kill the judge - and maybe herself as well. With humor and flair, first-time novelist Barbara Burnett Smith has introduced an engaging new sleuth, and readers will applaud the appearance of smart, sassy Jolie Wyatt.

[A Place Called Sweet Apple: Country Living and Southern Recipes, Celestine Sibley](#) , 1985, 093194872X, 9780931948725. A Place Called Sweet Apple is your personal invitation to a cozy retreat in a very special spot. Sweet Apple-the very name evokes a rural charm. That's what Celestine Sibley discovered on her initial visit to the primitive log cabin built in 1844. And that's what she continued to find after many years living in the house, lovingly restores and filled with the memories of her own family's life there. "How an old abandoned house can take hold of a reasonably sane woman's heart, fill her mind, lap up her energy and change her life is still something of a mystery to me," Sibley muses. By the time you have savored her tale of restoring the old house, Sweet Apple's charm will no longer be a mystery. The dilapidated ruin into which Sibley invested her heart and energy became a community project and Sibley and her family grew to love the colorful and interesting lifestyle of their neighborhood. This is far more, however, than a story about breathing new life into an old house and moving from the city to the country. It is a story of personal discovery and fulfillment laced with wry humor and good common sense. Sibley's vision of living and loving is so clear, so pure, that no reader can put down this book without feeling enriched. The sampling of Southern recipes that she has collected here are also certain to delight.

[Waskesiu: Canada's First Frigate, R. L. Duane Duff](#) , 2010, 0981078486, 9780981078489. Waskesiu--a Cree word for 'red deer'--was an anti-submarine warship named after the townsite in Prince Albert National Park. She was Canada's first frigate, the first of her class to sink a German submarine, and one of the first Canadian warships to visit the Soviet Union during World War II. Several veterans share some of their most memorable experiences aboard HMCS Waskesiu: witnessing a sister ship sink, near misses by live torpedoes, frigid seas above the Arctic Circle, the battle with the U-boat, and a friendship that developed with a German survivor of the sunken submarine that lasted into the 21st century.

[Ideology and the Irish question: Ulster unionism and Irish nationalism, 1912-1916, Paul Bew](#) , 1994, 0198202024, 9780198202028. Going right to the heart of the Irish Question, Paul Bew offers a reinterpretation of Irish politics in the critical 1912-16 period. He looks again at the issues at stake in the home rule crisis of 1912-14, arguing that John Redmond, the leader of constitutional nationalism in the period, possessed a plausible political strategy. Redmond's reputation has suffered from the critiques of those who argue either that he failed to conciliate Unionists, or that he lacked the requisite fighting spirit of militant nationalism. This book contains much that is a sympathetic reconstruction of Redmond's vision but it also acknowledges the seriousness of the Ulster Unionist case. Bew offers a full treatment of the debate concerning land, economy, religion, language, and national identity in the period, and ends with a discussion of the Easter Rising of 1916 which destroyed Redmond's party. The political, cultural, and economic implications of this development are drawn out, and Bew examines their continuing effect on Irish history.

[The Advice Business: Essential Tools and Models for Management Consulting, Charles J. Fombrun, Mark D. Nevins](#) , 2004, 0130303739, 9780130303738. The dramatic growth of the consulting industry in the last 20 years can, in part, be traced to rapid changes in technology that have provoked dramatic changes in the ways companies compete. Consultants provide companies facing such rapidly changing environments with an important means of developing, acquiring, and processing much-needed know-how. Increasingly, consultants have proved to be a vital strategic weapon that companies rely on to improve their competitiveness in a world characterized by technological convergences, strategic consolidations, and growing interdependence. The Advice Business introduces readers to the art, the practice, and the problems that consultants face. The book sheds light on the complex roles that consultants and consulting firms play in enhancing the effectiveness of their clients. Contributions of both academics and practitioners to this emerging field include original case descriptions based on real consulting assignments, and career advice. For consultants in varying areas of expertise, and for the clients and potential clients in need of their services.

[Uninhibited, Robust, and Wide-Open: A Free Press for a New Century, Lee C. Bollinger](#) , 2009, 0199745889,

9780199745883. Lee Bollinger is one of our foremost experts on the First Amendment--both an erudite scholar and

elegant advocate. In this sweeping account, he explores the troubled history of a free press in America and looks toward the challenges ahead. The first amendment guaranteed freedom of the press in seemingly clear terms. However, over the course of American history, Bollinger notes, the idea of press freedom has evolved, in response to social, political, technological, and legal changes. It was not until the twentieth century that freedom of the press came to be understood as guaranteeing an "uninhibited, robust and wide-open" public discourse. But even during the twentieth century, government continually tried to erect barriers: the sedition laws of World War One, the use of libel law, the Pentagon Papers case, and efforts to limit press access to information. Bollinger utilizes this history to explore the meaning of freedom of the press in our globalized, internet-dominated era. As he shows, we have now entered uncharted territory. What does press freedom mean when our news outlets can instantaneously disseminate information throughout the world? When foreign media have immediate access to the American market? Bollinger stresses that even though the law will surely evolve in the coming years, we must maintain our commitment to a press that is "uninhibited, robust, and wide-open," not only in America but everywhere. Given the new ability of foreign media to reach the United States via the Internet and vice versa, it is in America's national interest for press freedoms to expand overseas. While protecting the freedom of the press at home remains a crucial task, the next challenge is to help create a global public forum suitable for an increasingly interconnected world. Part of Oxford's landmark Inalienable Rights series, this book will set the agenda for how we think about the press in the twenty-first century.

[A Recipe for Disaster, John Henry](#) , 2012, 1937004708, 9781937004705. Joe Henry and his wife Susan began their rollercoaster ride through life despite the objections of both sets of parents. Add their mismatched social and religious differences into the mix and you have A Recipe for Disaster. Their life is a journey filled with joy and laughter, with a side order of misfortune and tears. Joe has a definitive talent for getting himself into difficult situations, whether at home or at work. Susan is a long-suffering wife and mother who can put up with many things, but even she has her limits. & ; Joe's antics as he avoids responsibility and glibly tries to talk his way out of trouble are laughable; or at least he thinks so. Cry with Susan as she deals with the messes made by her husband and attempts to keep the family on track. Set mostly in the Ireland of the 1960s and onwards, the Henrys are a unique and entertaining family that will provide you with hours of hearty laughter.

[Duelo del lenguaje/Language Duel, Rosario Ferre](#) , 2002, 0375713840, 9780375713842. "English and Spanish have been at war since Queen Elisabeth sank King Felipe's Spanish Armada in 1588," Rosario Ferr writes in the title poem of Language Duel; "Language carries with it all their fire and power." Ferr explores this tension throughout this explosive collection, which plays with the sensual differences between the languages and lays bare many of the complications facing an increasingly bilingual America. In these poems, Miami is celebrated as a modern Tower of Babel and a place where the layers of history are particularly palpable. Wave after wave of conquerors wash across the Americas. A well-dressed Latino businessman inadvertently reveals his roots at the Ritz when someone steps on his foot, eliciting a profanity--in Spanish. Intimate snapshots capture the nameless heroism of homeless men, the exuberance of a child's affection for her hometown, and memories of lovers. El español y el inglés han estado en guerra desde que la Reina Isabel hundió la Armada Invencible en el 1588, escribe Rosario Ferr en Duelo del lenguaje, el poema que da título a esta colección; los lenguajes llevan consigo todo su fuego y poder. Ferr explora las tensiones entre lenguas y culturas a través de esta colección de carácter controversial, que señala muchos de los dilemas a los que se enfrenta hoy una América cada vez más bilingüe. Estos poemas celebran tanto la antiquísima ciudad San Juan como las metrópolis más modernas: Miami, Nueva York, WDC. Pasado y presente, historia y sociedad se mezclan con una inmediatez sorprendente. Ola tras ola de conquistadores estalla sobre Norte América; un hombre de negocios bien vestido inesperadamente revela sus raíces cuando alguien le da un pisotón en el elevador del Ritz y suelta una maldición. Fotos instantáneas de los deambulantes que se desplazan por las calles de la capital, el cario exuberante que siente un niño por su ciudad natal, los amantes cuya memoria perdura en el recuerdo, el rumor de la lluvia en el patio de atrás, que lava el remordimiento: he aquí algunos de los temas a la vez poéticos y cotidianos que se recogen en este libro.

[Position Location Techniques and Applications,](#) , 2009, 0123743532, 9780123743534. This book is the definitive guide to the techniques and applications of position location, covering both terrestrial and satellite systems. It gives all the techniques, theoretical models, and algorithms that engineers need to improve their current location schemes and to develop future location algorithms and systems. Comprehensive coverage is given to system design trade-offs, complexity issues, and the design of efficient positioning algorithms to enable the creation of high-performance location positioning systems. Traditional methods are also reexamined in the context of the challenges posed by reconfigurable and multihop networks. Applications discussed include wireless networks (WiFi, ZigBee, UMTS, and DVB networks),

cognitive radio, sensor networks and multihop networks. Features Contains a complete guide to models, techniques, and applications of position location Includes applications to wireless networks, demonstrating the relevance of location positioning to these "hot" areas in research and development Covers system design trade-offs and the design of efficient positioning algorithms, enabling the creation of future location positioning systems Provides a theoretical underpinning for understanding current position location algorithms, giving researchers a foundation to develop future algorithms David Muoz is Director and Csar Vargas is a member of the Center for Electronics and Telecommunications, Tecnolgico de Monterrey, Mexico. Frantz Bouchereau is a senior communications software developer at The MathWorks Inc. in Natick, MA. [Savoring the Day: Recipes And Remedies To Enhance Your Natural Rhyth, Judith B. Hurley](#), 1997, 0688142923, 9780688142926. MODERN SCIENCE has confirmed what the ancients knew centuries ago: The subtle daily changes in our bodies dramatically affect how we work, play, sleep, feel, and heal. In Savoring The Day, food and health authority Judith Benn Hurley combines ancient wisdom with cutting-edge science and great culinary taste--bringing it all home to our contemporary kitchens and busy lives. She shares more than 250 delicious recipes and a treasury of natural remedies designed to complement your body's rhythms and help you be at your best through out the day. PART ONE: RECIPES FOR SAVORING THE DAY is divided into the six different times of the day and is filled with recipes (including seasonal variations) and remedies herbal teas, yoga postures, self-massage tips, and aromatherapy ideas-to help you feel energized, de-stress, stay healthy, and sleep soundly. Try Pear and Buckwheat Pancakes or Cherry-Vanilla Granola for wide-awake mornings, Grilled Chicken Sandwiches with Sesame and Chives and lemon balm tea to beat the afternoon blahs; Penne with Roasted Garlic and Artichokes or Soft Tacos with Spicy Summer Vegetables for nutrient-rich dinners; and Strawberry-Rhubarb Crisp or Cool Melon Ice for immune enhancing desserts. PART TWO: REMEDIES FOR SAVORING THE DAY provides remedies to alleviate common ailments-many are linked to the seasons or to the body's cycles-including arthritis, colds, headache, hay fever, jet lag, depression, dry skin, and more. Enjoy a few drops of eucalyptus oil in the bottom of your morning shower to relieve congestion, a two-minute self-massage technique to banish anxiety, or

cooling hibiscus and peppermint tea to soothe irritability. Filled with stories of Hurley's exotic travels in search of new tastes and healing ideas, *Savoring the Day* will let you discover the delights of a more attuned way of life.

[A Guide to the Law on Shechita in Great Britain: With Halachic and Historical Annotations, Neville Kesselman](#) , 1995, 0952642107, 9780952642107.

[Nature's Chemicals: The Natural Products that Shaped Our World, Richard Finn](#) , 2010, 0199566836, 9780199566839.

Natural Products (NPs) is the term used to describe the hundreds of thousands of chemical compounds or substances that are continually produced by living organisms (plants and microbes). Hundreds of millions of tons of these chemicals are generated annually, and the trade in just a few of these has dominated human economic activity for thousands of years. Indeed the current world geopolitical map has been shaped by attempts to control the supply of a few of these compounds. Every day of our lives each human spends time and money trying to procure the NPs of their choice.

However, despite their overwhelming influence on human culture, they remain poorly understood. Yet a knowledge of NPs can help in our search for new drugs, further the debate about GM manipulation, help us address environmental pollution, and enable a better understanding of drug trafficking. *Nature's Chemicals* is the first book to describe Natural Products (NPs) in an evolutionary context, distilling the few simple principles that govern the way in which organisms (including humans) have evolved to produce, cope with, or respond to NPs. It neatly synthesizes a widely dispersed literature and provides a general picture of NPs, encompassing evolution, history, ecology, and environmental issues (along with some deeper theory relevant to biochemistry), with the goal of enabling a wider section of the scientific community to fully appreciate the crucial importance of Natural Products to human culture and future survival.

[Mark Whalen: Human Development, Shana Nys Dambrot](#) , 2011, 1937222004, 9781937222000. Mark Whalen, also known as Kill Pixie, is a Los Angeles artist with devoted fans all over the world. His followers gravitate toward his unique color palette and surreal geometric precision, and have succeeded in selling out his gallery exhibitions from London to Australia. Whalens imagery resonates with a strange beauty all its own, with unexpected and often disturbing tableaux floating across gridded fields in the alternate universe he has created. Whalens skill as a painter contributes to the strength of the socially satirical worlds he creates and then upends worlds composed of strange hooded figures engaged in dubious acts, shimmering trees, and textural beads of color. Whalen uses sly oppositions to reflect life's puzzling duality; evoking dark humor through luminous color, chaos through controlled detail, the sublime through the specific. The full range of existence emerges through these controlled spaces; Whalen describes the action in his paintings as sexuality, invention, playing, fighting, experimenting, cultivating, dreaming, destroying, and ideologies confronting each other.

[Colonial Copyright: Intellectual Property in Mandate Palestine, Michael D. Birnhack](#) , 2012, 019163719X, 9780191637193.

When the British Empire enacted copyright law for its colonies and called it colonial, or Imperial, copyright, it had its own interests in mind. Deconstructing the imperial policy regarding copyright offers a startling glimpse into how this law was received in the colonies themselves. Offering the first in-depth study from the point of view of the colonized, this book suggests a general model of Colonial Copyright as it was understood as the intersection of legal transplants, colonial law, and the particular features of copyright, especially authorship. Taking as a case study the story of Mandate Palestine (1917-1948), the book details the untold history of the copyright law that became the basis of Israeli law, and still is the law in the Palestinian Authority. It queries the British motivation in enacting copyright law, traces their first, indifferent reaction, and continues with the gradual absorption into the local legal and cultural systems. In the modern era copyright law is at the forefront of globalization but this was no less true when colonial copyright first emerged. By shining a light on the introduction and reception of copyright law in Mandate Palestine, the book illuminates the broader themes of copyright law: the questions surrounding the concept of authorship; the relationship between copyright and the demands of progress; and the complications of globalization.

This book describes his experiences during this period, including numerous aviation adventures and encounters with

[Successful English, , Amanda Ford, Elizabeth Haywood, Marie Henley, Heather McIntosh](#) , 2006, 0195555392, 9780195555394. Successful writing covers the following skills: grammar, spelling, comprehension, writing.

[Marxism and Morality, Steven Lukes](#) , 1985, 0198761015, 9780198761013. It is reported that the moment anyone talked to Marx about morality, he would roar with laughter. Yet, plainly, he was fired by outrage and a burning desire for a better world. This paradox is the starting point for *Marxism and Morality*. Discussing the positions taken by Marx, Engels, and their descendents in relation to certain moral issues, Steven Lukes addresses the questions on which Marxist thinkers and actors have taken a number of characteristic stands as well as other questions--personal relations and the moral virtues of the individual, for example--on which Marxism falls silent. A provocative exploration of the gray area where Marxism and morality meet, this book argues that Marxism makes a number of major moral claims and that its appeal has always been, in large part, a moral one.

[Latin America & the Caribbean: Lands and Peoples, David L. Clawson](#) , 2011, 0199759243, 9780199759248. Respected by scholars for its currency, clarity, authority, and rich visual and map program, *Latin America and the Caribbean: Lands and Peoples*, Fifth Edition, elucidates the commonalities in this highly diverse, rapidly changing region, making it more comprehensive than ever for students and instructors.

[Hope for Today, Promises for Tomorrow: Finding Light Beyond the Shadow of Miscarriage Or Infant Loss, Teske Drake](#) , 2012, 0825442184, 9780825442186. No mother ever expects to grieve the death of her child before or immediately after the child is born. But the National Institute of Environmental Health Sciences reports that as many as 31 percent of all pregnancies end in miscarriage, stillbirth, or infant loss. When the unthinkable happens, where do women turn for help? Written from the perspective of one grieving mommy to another, Hope for Today, Promises for Tomorrow is a ten-week study that will encourage and challenge women to delve into a deeper understanding of God's Word. As women engage in biblical teaching, they will learn to embrace God's promises of love, goodness, purpose, comfort, peace, refinement, restoration, hope, and eternity. Hope for Today verses peppered throughout each chapter, journaling cues, prayers, and the stories of other women who have experienced loss will help readers move from grieving in silent solitude to living life in the richness of God's love. While other books suggest a one-size-fits-all method for grief management or focus on understanding specific causes of child loss, Hope for Today, Promises for Tomorrow offers comfort for the reader, whatever her situation, by helping her focus on the light of the ultimate Promise, the hope of a Savior, Jesus Christ.
